

Antifreeze, Batteries, CRTs, Bulbs, & Mercury Containing Devices

Follow these steps for proper disposal:

1. Do not put these items in your household trash. They contain mercury, lead, cadmium, and other substances that are hazardous to human healthy and the environment.
2. Check with your transfer station first. In many cases it is less expensive to dispose of them through your municipality than it is to bring them to a household hazardous waste (HHW) collection. Help keep HHW disposal costs down.
3. CRT monitors and TVs are NOT accepted at HHW collections. All other items can be brought to a HHW collection if they cannot be disposed of through your municipality.

For more info visit www.nashuarpc.org/hhw or call 603-417-6570.

Municipality	Antifreeze	Batteries (all types)	Batteries (rechargeable only)	CRT Monitors and TVs	Lamps	Mercury Containing Devices
Amherst	✓	✓		✓	✓	
Brookline		✓			✓	✓
Hollis		✓		✓	✓	✓
Hudson				Collection day only		
Litchfield	✓		✓	✓	✓	✓
Merrimack	✓	✓	✓	✓	✓	Thermostats only
Milford		✓	✓		✓	
Mont Vernon	✓	Auto & household			✓	
Nashua	✓	Non-hazardous and auto	✓	✓	✓	Thermostats only
Pelham	✓	✓	✓	✓	✓	✓
Windham					✓	✓

IMPORTANT—please call your transfer station. There may be special instructions about how and when these items can be disposed of. The information contained here is accurate to the best of our knowledge, however, information from your municipality is final.
