

The Nashua Regional Planning Commission (NRPC) develops and implements innovative planning strategies that preserve and improve the quality of life in Southern New Hampshire. Serving 13 member communities, the NRPC is a **resource** to support and enhance local planning, provides a **forum** for communities to share information, and coordinate transportation, land use, economic development, and energy and environmental planning at the regional level, and offers a **voice** for the region at the State and Federal levels.

The FY22 NRPC budget is comprised of 61% federal transportation funding sub-allocated by the State of NH, 10% local dues, 14% Household Hazardous Waste program support, 5% local contracts, 3% State of NH grants, 7% Federal grants, and <1% from special services and miscellaneous revenue.

Highlights of 2021 regional initiatives of benefit to all NRPC communities include:

- **Inter-Regional Transit Expansion Study:** 2021 marked the completion of an inter-regional study to determine the feasibility of operating shuttle services from Nashua to the University of Massachusetts Lowell and the MBTA Lowell terminal connecting with rail and fixed-route bus service. The project included extensive data compilation, ridership estimates are underway, and the full transit expansion feasibility analysis.
- **Nashua Regional Bicycle, Pedestrian, and Active Transportation Plan:** In September, NRPC Commissioners voted to approve the Regional Bicycle, Pedestrian, & Active Transportation Plan for the Greater Nashua Region, which guides the planning, development, and implementation of safe, usable facilities for active transportation in the Nashua region. A priority of the Nashua Metropolitan Planning Organization (MPO) is to encourage a shift from motorized to human-powered travel. This plan builds off goals from the previous regional Bicycle and Pedestrian plans and the 2021-2045 Nashua Metropolitan Transportation Plan (MTP).
- **Nashua MPO Transportation Project Planning Process:** As the transportation policy-making organization for the region, the MPO administers the federal transportation process to acquire and spend Federal money on transportation improvements. In 2021, the MPO prepared the FY 2021-2024 Transportation Improvement Program and three subsequent amendments, as well as a minor update of the Metropolitan Transportation Plan's (MTP) future recommended project lists and fiscal constraint. NRPC continued participation in the Ten-Year Plan (TYP) development process as it proceeded through the GACIT hearing phase. A major update of the Congestion Management Process is underway. In 2021, the Nashua MPO also developed and adopted performance targets for highway safety.
- **Nashua Regional Coordinating Council (RCC) for Community Transportation:** The Nashua RCC's member organizations coordinate strategies to improve transportation services for all residents in need of assistance. Committee activities in 2021 included collaboration with the Statewide Coordination Council (SCC) to create a blueprint for a Statewide Mobility Management Network, continued support of the Souhegan Valley Rides demand response bus service, and initial efforts to develop a regional Volunteer Driver Program feasibility study.

- **CommuteSmart:** As part of the CommuteSmart New Hampshire workgroup, NRPC participated in the statewide, October 2021, “Buses, Bikes & Brooms Challenge” which utilized new trip-planning software. NRPC is now surveying employers in the region about their employees’ current commuting needs.
- **Nashua Complete Streets Advisory Committee:** NRPC collaborates with communities throughout the region who are working to develop local bicycle and pedestrian infrastructure, complete streets, and multi-use trail projects. Activities in 2021 include finalization of the Nashua Region Pedestrian & Bicycle plan, the NHDOT Statewide Pedestrian & Bicycle plan update, Souhegan Valley rail-with-trail advocacy and planning, Amherst Village – Milford Oval side path along Amherst St, and the regional bike/ped counting initiative.
- **Household Hazardous Waste (HHW) Collection:** On behalf of the Nashua Regional Solid Waste Management District (NRSWMD), NRPC held six HHW Collection events in 2021 for residents to properly dispose of hazardous household products such as oil-based paints, solvents, auto products, antifreeze, pesticides, and cleaners. In 2021, the District collected 133,960 pounds of waste from participants.
- **Brownfields Assessment Program:** NRPC’s Brownfields Assessment program provides funding to conduct environmental assessments on sites with known or suspected contamination to safeguard public health and encourage the redevelopment of sites into economically viable uses. Since 2019, assessments have been conducted on five sites including a former junkyard, a vacant gas station, a hazardous materials disposal site, and two vacant industrial buildings.
- **COVID-19 Regional Economic Development Recovery Plan:** With support from the Economic Development Administration (EDA), NRPC has begun a comprehensive economic development recovery plan for the greater Nashua region which will address the impacts of COVID-19 on the region’s economy including job losses, business closures, workforce challenges and the disparate impacts on traditionally disadvantaged or underserved businesses.
- **Regional Housing Needs Assessment:** Under a grant from the Coronavirus State and Local Fiscal Recovery Fund, NRPC has begun an assessment of the regional need for housing for persons and families at all levels of income. The assessment will include characterization of existing conditions, a Fair Housing and Equity Assessment, as well as strategies and future recommendations. The assessment will be based on a consistent data and analysis methodology developed in partnership with all New Hampshire regional planning commissions.
- **NH GeoData Portal:** In 2021, NRPC continued an initiative of UNH/Granit and the nine NH regional planning commissions to establish a new regional GIS Hub which will seamlessly integrate with a new and modern statewide GIS portal housed at UNH. In 2021, NRPC lead the development of a regional portfolio of showcase GIS applications that are available on the New Hampshire Association of Regional Planning Commissions website.
- **NH Lower Merrimack Valley Stormwater Coalition:** NRPC continues to serve as the fiscal agent of the Coalition’s municipal pooled funds, as well as the physical and virtual meeting host for the Coalition’s monthly meetings.

Nashua Regional Planning Commission 2021 Annual Report | Hudson, NH

NRPC provides comprehensive transportation, land use, environmental, and economic development planning services and delivers extensive mapping and data assistance. As an NRPC member, the Town of Hudson accessed a wide range of benefits in 2020, including:

Energy Supply Aggregation: nashuarpc.org/e-agg NRPC facilitates a bid process among licensed electricity suppliers. By serving the aggregate electric demand across NRPC member towns and schools, suppliers can offer a better rate than the typical default rates offered to individual customers. In this past year, unfortunately, a savings wasn't realized however Hudson's **cumulative savings** since joining the aggregation is **\$557,354**.

Discounted New Hampshire Planning and Land Use Regulation Books: In conjunction with the NH Office of Strategic Initiatives, NRPC offers the annual New Hampshire Planning and Land Use Regulation Book to communities at a sizable discount over the retail price.

- Hudson's **Total Cost Savings** in 2021: **\$2,025**

Tax Mapping: nashuarpc.org/TaxMapHud NRPC maintains Hudson's tax maps which are legally-required under NH RSA 31:95-a. NRPC provides all corresponding tax map data for incorporation into the Town's public-facing GIS viewer.

Household Hazardous Waste (HHW) Collection: nashuarpc.org/hhw NRPC held six HHW Collection events in 2021 for residents to properly dispose of hazardous household. **151 Hudson households** participated in these events in 2021.

Traffic Counting: arcg.is/Ovm8q Under contract with the New Hampshire Department of Transportation or by local request, NRPC conducted **13 vehicular traffic volume counts** in Hudson to support travel demand modeling and prediction and to assist local and regional planning decision-making.

Development Review and Planning Services: Part of NRPC's comprehensive services is to offer direct local land use planning assistance under our "Circuit Rider" program. The Town of Hudson utilizes Circuit Rider services to assist the Town Planning Department. Services include assistance to applicants in submitting subdivision or site plan applications, written reviews of submissions to the Planning Board, and support to the Board and Town staff in preparing notices, draft amendments, and warrants for Town Meeting.

Robinson Pond Water Quality Protection Plan: NRPC has secured a \$39,160 grant from NH Dept. of Environmental Services to create a Water Quality Protection Plan for Robinson Pond. The plan, drafted with the help of an environmental consultant, will recommend specific projects designed to improve the pond's water quality and address current MS4 permit requirements. The anticipated completion date is in late 2023.

Land Use Planning Regulatory Audit: Hudson engaged the services of NRPC to perform an audit of the town's land use planning regulations to identify any inconsistencies, redundancies or conflicts between sections, state statutes, and current best practices and make recommendations for changes to increase legibility and clarity.

NRPC extends heartfelt thanks to citizens and staff who support regional planning, including:

Commissioners: James Battis, Dillon Dumont, Kara Roy

Transportation Technical Advisory Committee: Brian Groth, Elvis Dhima

Nashua Regional Solid Waste Management District rep: Jess Forrence
