PURPOSE & INTENT

The general purpose of this Agreement is to set forth terms and conditions of employment, and to promote orderly and peaceful labor relations between the City and the Association.

The parties mutually recognize that the responsibilities of both the employees and the City to the public requires that all disputes arising between the employees and the City be adjusted and settled in an orderly manner without interruption of service to the public as is provided by law.

The Association further recognizes the essential public service here involved and the general health, welfare and safety of the community and agrees to encourage increased efficiency on the part of its members.

To these ends, the City and the Association encourage to the fullest degree, friendly and cooperative relations between their respective representatives on all levels and among all employees.

NOW, THEREFORE, for and in consideration of the promises and agreements herein contained, it is agreed that:

This shall hold in all cases except for probationary employees who have no recourse for any matters involving discipline or discharge during the probationary period.
- 1.2 The City agrees not to negotiate with any organization other than the Association concerning wages, hours or other terms and conditions of employment of members of the bargaining unit for the duration of this Agreement.

ARTICLE 2 DEFINITIONS

- 2.2 The term Director refers to the Director of Public Safety and when used hereinafter shall include his or her authorized designee.

- 2.3 The term "widow" wherever used in this Agreement shall be deemed to include the term "widower."
- 2.5 The term "City Manager" when used hereinafter shall include his or her authorized designee.
- 2.6 Retirement Eligibility for Defined Contribution Participants: The term "retirement" in various articles regarding payouts at the time of retirement shall mean that members in the Defined Contribution Program shall be eligible to receive payment at separation, upon achieving retirement eligibility as outlined in Section 55-60, upon attainment of age 55, or a completion of 25 years of credited service, regardless of age.

ARTICLE 3

Employees are limited to purchasing a combined municipal and military buy-back of 5 years.

If income information from municipal time or military time is unavailable, then the current annual salary for the employee times the current pension contribution rate shall be used to determine the buy-back cost for 1 year of prior municipal time.

- B. In the event a retiree shall live in a state which does not provide identical health benefits for the same premium, the City's obligation hereunder shall be discharged by the furnishing of the policy, and the City shall not be obligated to supplement the policy by any other payments.
- C. Effective July 1, 2014, should prescription drug coverage for active employees change in the life of this contract and future contracts, then prescription coverage provided for retirees shall also be changed to the same provided to active employees. BCBSM Preferred RX Program

This is intended as an easy-to-read summary and provides only a general overview of your benefits. It is not a contract. Additional limitations and exclusions may apply. Payment amounts are based on BCBSM's approved amount, less any applicable deductible and/or copay/coinsurance. For a complete description of benefits please see the applicable BCBSM certificates and riders, if your group is underwritten or any other plan documents your group uses, if your group is self-funded. If there is a discrepancy between this Benefits-at-a-Glance and any applicable plan document, the plan document will control.

Specialty Pharmaceutical Drugs - The mail order pharmacy for **specialty drugs** is AllianceRx Walgreens Prime, an independent company. Specialty prescription drugs (such as Enbrel® and Humira®) are used to treat complex conditions such as rheumatoid arthritis, multiple sclerosis and cancer. These drugs require special handling, administration or monitoring. AllianceRx Walgreens Prime will handle mail order prescriptions only for specialty drugs while many in-network retail pharmacies will continue to dispense specialty drugs (check with your local pharmacy for availability). Other mail order prescription medications can continue to be sent to Express Scripts. (Express Scripts is an independent company providing pharmacy benefit services for Blues members.) A list of specialty drugs is available on our Web site at bcbsm.com/pharmacy. If you have any questions, please call AllianceRx Walgreens Prime customer service at 1-866-515-1355.

We will not pay for more than a 30-day supply of a covered prescription drug that BCBSM defines as a "specialty pharmaceutical" whether or not the drug is obtained from a 90-Day Retail Network provider or mail-order provider. We may make exceptions if a member requires more than a 30-day supply. BCBSM reserves the right to limit the quantity of select specialty drugs to no more than a 15-day supply for each fill. Your copay/coinsurance will be reduced by one-half for each fill once applicable deductibles have been met.

Select Controlled Substance Drugs - BCBSM will limit the initial fill of select controlled substances to a 5-day supply. Additional fills for these medications will be limited to no more than a 30-day supply. The controlled substances affected by this prescription drug requirement are available online at bcbsm.com/pharmacy.

Member's responsibility (copays and coinsurance amounts)

Note: Your prescription drug copays and coinsurance amounts, including mail order copay and coinsurance amounts, are subject to the **same** annual out-of-pocket maximum required under your medical coverage. The following prescription drug expenses will not apply to your annual out-of-pocket maximum.

- any difference between the Maximum Allowable Cost and BCBSM's approved amount for a covered brand-name drug

Features of your prescription drug plan

Custom Drug List	<p>A continually updated list of FDA-approved medications that represent each therapeutic class. The drugs on the list are chosen by the BCBSM Pharmacy and Therapeutics Committee for their effectiveness, safety, uniqueness and cost efficiency. The goal of the drug list is to provide members with the greatest therapeutic value at the lowest possible cost.</p> <ul style="list-style-type: none"> • Tier 1 (generic) - Tier 1 includes generic drugs made with the same active ingredients, available in the same strengths and dosage forms, and administered in the same way as equivalent brand-name drugs. They also require the lowest copay/coinsurance, making them the most cost-effective option for the treatment. • Tier 2 (preferred brand) - Tier 2 includes brand-name drugs from the Custom Drug List. Preferred brand name drugs are also safe and effective, but require a higher copay/coinsurance. • Tier 3 (nonpreferred brand) - Tier 3 contains brand-name drugs not included in Tier 2. These drugs may not have a proven record for safety or as high of a clinical value as Tier 1 or Tier 2 drugs. Members pay the highest copay/coinsurance for these drugs.
Mandatory preauthorization	<p>A process that requires a physician to obtain approval from BCBSM before select prescription drugs (drugs identified by BCBSM as requiring preauthorization) will be covered. Step Therapy, an initial step in the "Prior Authorization" process, applies criteria to select drugs to determine if a less costly prescription drug may be used for the same drug therapy. Some over-the-counter medications may be covered under step therapy guidelines. This also applies to mail order drugs. Claims that do not meet Step Therapy criteria require preauthorization. Details about which drugs require preauthorization or step therapy are available online site at bcbsm.com/pharmacy.</p>
Mandatory maximum allowable cost drugs	<p>If your prescription is filled by any type of network pharmacy, and the pharmacist fills it with a brand-name drug for which a generic equivalent is available, you MUST pay the difference in cost between the BCBSM approved amount for the brand-name drug dispensed and the maximum allowable cost for the generic drug plus your applicable copay regardless of whether you or your physician requests the brand name drug. Exception: If your physician requests and receives authorization for a nonformulary brand-name drug with a generic equivalent from BCBSM and writes "Dispense as Written" or "DAW" on the prescription order, you pay only your applicable copay. Note: This MAC difference will not be applied toward your annual in-network deductible, nor your annual coinsurance/copay maximum.</p>
Quantity limits	<p>To stay consistent with FDA approved labeling for drugs, some medications may have quantity limits.</p>

APPENDIX D

APPENDIX D
SUBROGATION

1. Where the injury or occupational disease for which compensation is payable under the provision of the contract was caused under circumstances creating a legal liability in some person other than a neutral person in the same employ of the Employer to pay damages in respect thereof, the acceptance of benefits or the taking of proceedings to enforce payments shall not act as an election of remedies, but such injured employee or his dependents or their personal representative may also proceed to enforce the liability of such third party for damages in accordance with the provisions of this section. If the injured employee or his dependents or personal representative does not commence such action within one (1) year after the occurrence of the personal injury or occupational disease, then the Employer or its Worker's Compensation insurance carrier or other insurance carrier may, within the period of time for the commencement of actions prescribed by statute, enforce the liability of such other person in the name of that person.

2. Not less than thirty (30) days before the commencement of suit by any party under this section, such party shall notify, by registered mail at their last known address, the injured employee or, in the event of his death, his known dependents or personal representative or his known next of kin and his Employer. Any party in interest shall have a right to join in said suit.

3. Prior to the entry of judgment, either the Employer or their insurance carrier or the employee or his personal representative may settle their claims as their interest shall appear and may execute releases therefore. Such settlement and release by the employee shall not be a bar to action by the Employer or its compensation insurance carrier to proceed against said third party for any interest or claim it might have.

4. In the event the injured employee or his dependents or personal representative shall settle their claim for injury or death, or commence proceeding thereon against the third party before the payment of benefits, such recovery or commencement of proceedings shall not act as an election of remedies and any monies so recovered shall be applied as herein provided.

5. In an action to enforce the liability of a third party, the plaintiff may recover any amount, which the employee or his dependents or personal representative would be entitled to recover in an action in tort. Any recovery against the third party for damages resulting from personal injuries or death only, after deducting expenses of recovery, shall first reimburse the Employer or its insurance carrier for any amounts paid or payable under the provisions of this Article to the date of recovery and the balance shall be forthwith paid to the employee or his dependents or his personal representative and shall

be treated as an advance payment by the Employer on account of any future payment of benefits.

6. Expenses of recovery shall be the reasonable expenditures, including attorney fees, incurred in effecting such recovery. Attorney fees, unless otherwise agreed upon, shall be divided among the attorneys for the plaintiff as directed by the Court. The expenses of recovery abovementioned shall be apportioned by the Court between the parties as their interests appear at the time of said recovery
