### GENERAL STIPULATIONS

*A Property Survey is required with this application indicating location of proposed fence.*

- No portion of the fence shall project beyond the property line.
- No fence shall extend toward the front of the lot farther than the front building line.
- Fences containing barbed wire, razor wire, spikes, nails, sharp points, or electric current or charge are prohibited
- No fence shall be erected in excess of six feet (unless otherwise required by city ordinance), or less than three feet in height above the grade of the surrounding land. No chain link fence shall be erected in excess of four feet, or less than 30 inches
- It is the responsibility of the property owner of which the fence is located to repair, upkeep, maintenance, and reconstruction of any such fence and any area adjacent thereto. Routine maintenance and repair must be able to be completed from the property on which the fence is located.
- The finished appearance of the fence must face away from the owner's property. The fence must be designed or located so as to permit the cutting of vegetation which grows between the lot line and the fence or between the existing fence and the new fence.

Sec. 1702. - Visibility.

- A. *Walls, fences, and hedges.* No wall, fence, hedge or other planting shall be permitted within any required front yard which materially impedes or obstructs vision between a height of 30 inches and six feet across such yard.
- B. *Residential driveway clear vision area.*
- (1) Nothing shall be erected, placed or allowed to grow in such a manner that impedes or obstructs vision between a height of 30 inches and six feet within the clear vision area next to a residential driveway with the exception of a chain link fence that is less than 50 percent opaque.
  - (2) The residential driveway clear vision area next to a residential driveway is the triangular area formed at the corner intersection of a property line adjoining a public street and a residential driveway, one side of the triangular area being six feet in length measured along the property line adjoining a public street and starting at the residential driveway, the second side five feet in length measured along the side of the residential driveway starting at the property line, and the third side being a line connecting the end points of the first two sides.

*Residential Driveway Clear Vision Area*
