

Daniel S. Wolf
Highway Superintendent
Commissioner of Public Works

TOWN OF
Ogden
HIGHWAY DEPARTMENT

Doug Case
Deputy Highway Superintendent

HEAVY FILL DIRT REQUEST FORM

Our heavy fill is not screened topsoil and can include, but not be limited to, the following materials: rocks, concrete, blacktop, sticks, roots. This type of fill is primarily used to raise the elevation of a site, fill in a removed pool, fill in a hole, but it is not usually used as a top layer or for an aesthetic finish due to the content in the fill.

The following requirements must be met before any fill is delivered:

- Engineers approval through the building department is required to ensure that the dumping of the fill in the location requested does not hinder drainage or impact neighboring properties negatively.
- A completed and approved fill permit from the building department is required.
- Final approval of the Highway Superintendent is required before any fill is delivered and dumped on resident's property.

Know ye that the undersigned hereby releases and forever discharges the TOWN OF OGDEN from all manner of actions, causes of action: and lawsuits of every name and nature which the undersigned may have had, now has, or which might accrue in the future, arising out of or by reason of delivery:
