Staffing Options:

Pierce County has a psychiatrist, 3.5 mental health therapists, and 2 alcohol/drug counselors. We have no psychologists on staff. Priority is given to court-ordered individuals and those with no insurance. For attention-deficit disorder medication, we need a recent psychological evaluation from another agency.

Additional Information:

Pierce County is NOT able to make specific recommendations, but these are some of the other resources in the area. Please check with your insurance provider or Medical Assistance to verify coverage for services. Places that accept Badgercare may NOT accept certain HMOs. Call first.
