<input type="text"/>	Culvert length	<input type="text"/>	Culvert diameter
----------------------	----------------	----------------------	------------------

The township will determine the size of the culvert and end walls. The construction and maintenance of the driveway shall be the responsibility of the applicant. It is understood and agreed that approval is subject to the applicant's full compliance with the pertinent Statutes, as well as any codes, rules, regulations and permit requirements of other jurisdictional agencies. The driveway must be 200 feet from intersections or other driveways with a safe pull out distance of 7 seconds. It must be constructed so that water runs off the driveway before it hits the road. It must have 4 inches of crushed rock surface. Seeding and mulching must be done on disturbed soil.
