Minutes from the above meeting.

Meeting was called to order by Chairman, Tim Bates at 8:00PM. Motion to approve the agenda was made by Matt Holcomb, seconded by Chris Thibado, motion carried.

The lengthy discussion on our future road needs, trying to set them in order of priority, and estimating the costs was continued from the July 20th meeting. There were a few projects added to the list during the meeting with cost estimates figured using 2022 pricing. It is a struggle to prioritize so many needs with an already thin budget.

It would be great to be able to let our residents know the economic impact of adjusting our levy on the township portion of their property taxes. Monica Robey will work with the Pierce County Treasurer to estimate this based on each \$100,000 of property value.

The process of a levy increase involve many steps and public meetings will be a big part of it. Please watch for postings and publications for dates and times. We appreciate everyone's input as these are tough decisions.

Public Input

Dave Bechel told of recent well plumbing issues at the town shop. Pelke Plumbing was called and repaired the problems by replumbing some of the pipe and fittings. Dave also stated that when he was mowing in Elmwood he caught something on the underside of the tractor, it affected a hydraulic line and PTO. Dave has since fashioned a protective plate and will be installing it on the tractor. Dave has located 2 Michilin tires for the dump truck at Bauer Tire in Durand. The price would be \$1000 each.

Motion to adjourn made by Chris Thibado, seconded by Matt Holcomb, motion carried and meeting adjourned at 9:25 PM.

Attendance was: Tim Bates, Matt Holcomb, Chris Thibado, Monica Robey and Dave Bechel
