Express Scripts
By EVERNORTH

Express Scripts can help you save time and up to 33% compared to other pharmacies. They have an App if you want to make new orders or review order status. They have auto-order and auto-pay options. Also, you can receive text notifications.

SIGN IN with user name and password: https://myplan.medica.com/partners/Medications_Pharmacies_CMD

Click on: **Go to Express Scripts**

Log in with Two-Step Verification, so press **Send Email**

Get verification code from email, then press **Enter code** to type in the number, and press VERIFY. Express Scripts automatically takes you to MY MEDICATIONS.

Look to the TOP of the PAGE, it lists:

Home   Prescriptions ∨   Benefits ∨   Account ∨   Help ∨

Choose: HOME. Then scroll to the BOTTOM of the PAGE.

Click on: **How to Get Started with Home Delivery ＞**

Follow the directions:
1. Go to My Medications.
2. Check to see if we already have your prescription on file.
3. Add that medication to the cart and checkout.
4. We'll reach out to your doctor to confirm your prescription and start processing your order.

If you don't see your prescriptions, go to Request an Rx. We'll work with your doctor to make sure the medication is delivered in a timely matter.
For help with your medication, please Contact Us. We're available 24/7.

My medications were listed and shown to be set-up with a different pharmacy, so that needed to be changed.
- Click on: Request an Rx. Express Scripts works with your doctor to ensure medication is delivered in a timely matter.
- Enter medication. As you type, a drop-down list will show medication and amount/strength options.
- Fill in the circle that best fits your situation. I chose, "YES, I talked to a doctor about this medication."
- Then clicked START PRESCRIPTION REQUEST. Enter doctor. As you type, a drop-down list will appear showing doctors you have seen.
- Chose auto renewal, if you want.
- Added medication to MY CART. If you need to add another prescription, you can.
- When finished, go to MY CART and review medication purchase(s).
- Click on PROCEED TO CHECKOUT.
- Verify/change shipping address.
- Choose shipping method: one-day, two-day, or standard. Each has a price, but standard = FREE!
- Choose/update payment method with Credit Card or Pay Pal.

- Press SUBMIT ORDER.
- Print receipt.
- Wait for Express Scripts to reach out to your doctor, fill your prescription, and send you the medication.
