Or that continued use of the existing premises requires that a holding tank be installed on the property for the purpose of proper containment of sewage. Also, the property cannot be served by a municipal sewer or any other type of private sewage system as permitted under Ch. SPS 383, Wis. Adm. Code, Ch. 145 Wisconsin Statutes, and Ch. 191 Pierce County Sewage Disposal Code.

As an inducement to the County of Pierce to issue a sanitary permit for the above described property, we agree to do the following:

The County may enter upon the property to investigate the condition of the holding tank when pumping reports and meter readings may indicate that the holding tank is not being properly maintained.
5. This agreement will remain in effect only until the County certifies that the property is served by either a municipal sewer or a soil absorption system that complies with Ch. SPS 383, Wis. Adm. Code. In addition, this agreement may be canceled by executing and recording said certification with reference to this agreement in such manner which will permit the existence of the certification to be determined by reference to the property.
6. This agreement shall be binding upon the owner, the heirs of the owner, and assignees of the owner. The owner shall submit the agreement to the register of deeds, and the agreement shall be recorded by the register of deeds in a manner which will permit the existence of the agreement to be determined by reference to the property where the holding tank is installed.
