Fully Vaccinated People Can

In a private setting, gather with fully vaccinated people indoors without wearing masks or physical distancing.

In a private setting, visit with unvaccinated people from a single household that are at low risk for severe COVID-19 disease indoors without wearing masks or physical distancing.

Not quarantine or test following a known exposure if symptoms are not present.

*Replaces previous 90 day guidance

Those that are fully vaccinated must continue to:

- **Take precautions in public** and when visiting unvaccinated people
(Wear masks, practice physical distancing, and adhere to other prevention measures)
- Avoid **medium to large** in-person gatherings
- Get **tested** if experiencing COVID-19 symptoms
- Follow **employer guidance**
- Follow CDC, and local health department's **travel requirements and recommendations**
