

# Roll-Out of the COVID-19 Vaccine to the Community

## Phase 1 - Specific Populations

December 2020-Spring 2021

## Phase 2

Spring 2021-Summer 2021

## Phase 3

Summer 2021-Beyond

### 1A

Health Care Workers

Long-Term Care Staff & Residents

Includes individuals who provide direct patient service or engage in activities that may place them in contact with infected persons or materials.

### 1B

Law Enforcement & Fire

Essential Workers & Older Populations

This definition is yet to be determined, but may include public health & safety, transportation, communications, financial, food & agriculture, information technology & other critical infrastructure services, along with older populations.

### 1C

Residents 65+ Years

Individuals with Underlying Health Conditions

Includes individuals who are considered a higher risk for severe illness based on age and/or health history.

### Remainder of Phase 1

Critical Populations

General Populations

An announcement will be made when vaccine supplies reach a point that allows partners to begin taking appointments and providing COVID-19 vaccinations to community members.

### Remainder of Phase 1 & Phase 2

Critical Populations

General Populations

Vaccine distribution will be widespread and will be incorporated into preventative care.

## Have COVID-19 vaccine questions?

Email the WI Department of Health Services at

[DHSCOVIDVACCINEPUBLIC@wi.gov](mailto:DHSCOVIDVACCINEPUBLIC@wi.gov)

**Note: It is expected that vaccines will not become widely available to community members until Summer 2021 or later. Distribution groups and timelines of phases shown are tentative. This information is subject to change due to future vaccine distribution guidance recommendations, FDA approval of vaccines, and vaccine allocation/availability.**
