

Recreation Minutes

November 4 2021

Attendance: Ryan Blass, Laurie Boyle, Andy Fox, Vanessa James, Jack Kostiuk, Tim McIlvaine, Chris Morris, Althea Sanders

Current programs and events:

-Micro mini soccer ended last weekend (10/30). It was another successful season, with over 80 kids participating in the program.

-As of right now, the High School Open Gym nights are done, with a possible three-week extension in the works.

-Fall baseball has one remaining game on the road this weekend, then that program will be ending for the season. Additionally, youth football is also finished for the season.

-Registrations for all basketball programs are underway. In fact, evaluations for the 5-6th grade girls team took place this week; 7-8th grade girls team evaluations will take place next week. Practices will start after Thanksgiving, and games in January.

Upcoming programs and events:

-Parks and Rec will be assisting Pitman Police with their Food Truck event that is taking place this weekend (11/6).

-Next week, there will be a meeting with those regarding Glen Lake and preparing it for the upcoming winter months.

-The idea of a winter field hockey program is still being worked out. The plan would be to have it at the Methodist Church since it would be better suited for field hockey. Alison Rue would run the program, and it would be open to 5th-8th grade girls, possibly with opening it up to Glassboro as well.

-Repairs are going to be taking place at Alcyon Lake Park. These will include: the lighting around the parking lot- some lights work, while some won't; the overlook deck by the

wildflower meadow- hopefully with in-house repairs; brick work around the concession area; bringing in a plumber to fix the bathrooms; and renovations for the baseball and softball fields- particularly draining issues.

Next Meeting: Thursday December 2 at 6:30 at Borough Hall
