

Recreation Minutes

November 5, 2020

Attendance: Ryan Blass, Laurie Boyle, Andy Fox, Tim McIlvaine, Chris Morris, Michael Razze, Amy Rudley, Carl Scutt, Steven Snyder

Current programs and events:

-Micro mini soccer ended on Halloween with a theme day. The eight-week program had over 80 kids this year. Despite going to just once a week, the program was successful and received positive feedback.

-Healthy Kids Running will have its final meeting this Sunday (11/8) at Alcyon Lake Park. So far, there have been large turnouts and hopefully that will continue for the last one of the fall session.

-Baseball and softball at the youth and senior league levels will have one week left for their fall seasons. These are mostly consisting of make-up days.

-Youth soccer is still ongoing for the fall season, up until the weekend before Thanksgiving.

-At Shertel Park, the tennis courts are going to be resurfaced in the Spring. Currently, bids are being gathered for the project. There is some money already allocated from grants, with more possibly from the USTA.

Upcoming programs and events:

-Unfortunately, basketball programs for the winter season have officially been cancelled. The In-House and Young Gunners programs will be revisited after Thanksgiving, with the hopes of possibly making it available once a week without spectators. There is an option for Middle Schools teams at Total Turf, led by Joe Crispin (as mentioned last month). The downside to this would be price, as it is more expensive than the programs in town.

-Amy and Andy have met about the ongoing discussions about a potential location for a dog park. This location would be at Shertel, near the pump track and behind the basketball courts. As of now, this is the preferred spot among the discussed locations.

Next Meeting: Thursday December 3 at 6:30 at Borough Hall
