# 2021 ANNUAL REPORT OF ACTIVITIES BY THE PLANNING COMMISSION

Planning Commission · Charter Township of Plymouth, Michigan

## Introduction & Purpose

As required per the Michigan Planning Enabling Act (MPEA) PA 33 of 2008, as amended, the Planning Commission shall submit a report of its 2021 activities:

**“A planning commission shall make an annual written report to the legislative body concerning its operations and the status of planning activities, including recommendations regarding actions by the legislative body related to planning and development.”**

In addition to fulfilling this requirement, the Annual Report increases information-sharing between staff, boards, commissions, and the governing body and allows for the anticipation of upcoming priorities. The Commission's Annual Report is a summary and status report of planning activities over the past year and is a communication tool to share recent achievements and plans for future community goals.

## 2021 Meetings

The Planning Commission met a total of fifteen (15) times in 2021. The meetings are typically scheduled for the third Wednesday of the month, at 7:00 PM, at Township Hall, unless otherwise required by the State. Due to the COVID-19 pandemic, some of the meetings in 2021 were held virtually (via Zoom Video Conferencing) in accordance with the Governor's Orders and the Open Meetings Act, PA 267 of 1976.

The public is welcome to attend all Planning Commission meetings and an opportunity for "public comment" is an agenda item at every meeting.

## Membership, as of December 2021

We thank the following Commission members for their time commitment and contributions:

- Dennis Cebulski, Chairperson
- Kendra Barberena, Secretary and Vice-Chairperson
- Tim Boyd
- Robert Doroshewitz, Trustee
- John Itsell
- Keith Postell
- Gail Grieger

## Other Membership Recognition

Thank you to Bob Ostendorf, former Commissioner, for his service on the Commission (January - August, 2021).

Special thanks and gratitude to Bill Pratt who the Commission sadly lost in September, 2021. Commissioner Pratt served the Plymouth Community for over 20 years on the Planning Commission, and for the past four years, also served on the Zoning Board of Appeals and acted as the liaison between the boards.

## Zoning Ordinance Text Amendments and Other Accomplishments

**Residential Rear Yard Setbacks.** Amendment to Article 20.2: Schedule of Regulations – The amendment was originally brought to the Commissions at the direction of the Zoning Board of Appeals (ZBA) as this body was considering the homeowners variance request to allow for a reduction of the rear setback. In a memorandum to the Planning Commission dated February 10, 2021, it is noted that the minimum rear yard setbacks for all four single-family residential districts is 50-feet and the ZBA has historically granted dimensional variances to this rear yard setback to as low as 35-feet. Modifications to footnote (bb) in the Schedule of Regulations (Article 20) gave the ZBA greater flexibility in granting variances for rear yard setbacks.

**Tree Ordinance.** The Board of Trustees adopted Tree Ordinance #1016 as Amendment #25 to the Township's General Code of Ordinances in the summer of 2021. Though not an amendment to the Zoning Ordinance, its provisions have a future impact on planning and zoning matters, as related to redevelopment and the tree canopy.

**Updated Master Plan.** The Planning Commission initiated a review and update to the 2015 Master Plan; the draft Plan is out for public comment and is scheduled to be adopted in 2022.

# LOOKING AHEAD: PLANNING & ZONING IN 2022

The Planning Commission and Community Development Department are responsible for the long-range planning projects and programs of the Township. The following projects, plans, and studies are recommended for the Planning Commission's workplan throughout 2022 to continue to build on the community's character and promote a viable business environment and high quality of life.

## Modernization of the Zoning Ordinance

The following text amendments can better position the Township for quality development and continue to foster a unique sense of place:

- Revise Article 26, Landscape Standards: this includes a review of the plantings that Wayne County requires for stormwater facilities; it's recommended this expansive list of plantings is evaluated and the most desired species selected for future development in the Township.
- Review the Ann Arbor Road Corridor (ARC) District and the C-2, General Commercial District and consider updates to sections that would encourage redevelopment, such as maximum building heights, right-sizing parking, range of uses, etc.
- Consider standards for subdivision gates.
- Consider design standards for residential housing.
- Review provisions for lighting and illumination levels (dark sky ordinance).
- Review the industrial districts for up-and-coming uses.
- Rezone Shearer Cemetery to the Public Lands District.

## Master Plan Implementation

The following projects are identified in the draft 2025 Master Plan and are recommended for implementation:

- Develop and adopt a Complete Streets policy (in partnership with the Environmental Leadership Commission ELC).
- In partnership with the ELC, develop informational material on desired landscape materials, including pollinator gardens and LID (low impact design) standards for future developers to utilize.
- Develop standards for missing-middle housing and incorporate these uses into appropriate zoning districts.
- Create and adopt access management standards for all roadways.

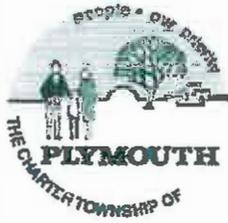

## Professional Training / Joint Meeting

Continual training ensures a culture of highest standards. Every couple years, especially with the addition of new members, we find that a joint training seminar between the Planning Commission, the Zoning Board Appeals (ZBA) and the Board of Trustees is an extremely positive and rewarding process.

Such a training session is designed to highlight the fundamental roles and responsibilities of the Boards, discuss the need and the importance of the Zoning Ordinance and Master Plan, reiterate the fundamentals of making sound planning and development decisions (reviewing recent decisions) and highlight ways in which the bodies can become more effective and efficient in decision making together. Joint meetings allow all parties to discuss various Township development projects, past and future, and ensure collaboration.

A joint meeting with the Board of Trustees and the Planning Commission was held on August 24, 2021; it is recommended that another joint meeting be held in spring of 2022 to further discuss planning related items, such as the vision for Cluster Housing Options.

# CHARTER TOWNSHIP OF PLYMOUTH REQUEST FOR BOARD ACTION

**MEETING DATE:** March 8, 2022

**ITEM: Adoption by Reference of 2021 International Fire Code - Second Reading**

**PRESENTERS:** Dan Phillips, Fire Chief; Kevin Bennett, Attorney

**BACKGROUND:** The Township’s current Fire Prevention Code is the 2012 International Fire Code. The International Code Council has updated the Code several times since 2012, and the most recent version is the 2021 International Fire Code. We recommend that the Board adopt by reference the most recent version of the Code. This is the second of two readings to adopt by reference the 2021 International Fire Code.

**PROPOSED RESOLUTION:** I move that the Board adopt Resolution 2022-03-08-12. This will constitute the second reading of the Ordinance to adopt by reference the 2021 International Fire Code.

**RESOLUTION NUMBER 2022-03-08-12**

At a regular meeting of the Charter Township of Plymouth Board of Trustees, Wayne County, Michigan, held at the Township Hall located at 9955 N. Haggerty Road, Plymouth, Michigan on March 8, 2022 at 7:00 p.m., the following resolution was offered:

**WHEREAS**, MCL 42.15 provides that a charter township may enact such ordinances as may be deemed necessary to provide for the public peace and health and for the safety of persons and property therein; and,

**WHEREAS**, MCL 42.23 provides that a charter township may adopt any detailed technical regulations as a township ordinance or code by reference to any recognized standard code; and,

**WHEREAS**, the Board of Trustees of the Charter Township of Plymouth has determined that the public health, safety and general welfare is best served by adopting by reference the 2021 International Fire Code with Appendixes as an ordinance of the Township; and,

**WHEREAS**, MCL 42.21(5) provides that punishment for a violation of an ordinance (except when a state law is punishable by imprisonment for 93 days) shall not exceed a fine of \$500.00 or imprisonment for 90 days, or both; and

**WHEREAS**, MCL 42.20 provides that an ordinance shall not be finally passed by the township board at the same meeting at which it is introduced, meaning that enacting an ordinance requires readings at two different Board meetings;

**NOW, THEREFORE, BE IT RESOLVED THAT** the Charter Township of Plymouth Board of Trustees does the second reading of Ordinance No. \_\_\_\_\_.

CHAPTER 94

ADOPTION BY REFERENCE OF 2021 INTERNATIONAL FIRE CODE WITH  
APPENDIXES

AN ORDINANCE AMENDING CHAPTER 94, FIRE PREVENTION, OF THE CODE OF ORDINANCES OF THE CHARTER TOWNSHIP OF PLYMOUTH, PROVIDING FOR ADOPTION BY REFERENCE OF THE 2021 EDITION OF THE INTERNATIONAL FIRE CODE WITH APPENDIXES; PROVIDING FOR CHANGES IN THE CODE; PROVIDING FOR PENALTY FOR VIOLATION HEREOF; PROVIDING FOR SAVINGS CLAUSE; PROVIDING FOR SEVERABILITY; PROVIDING FOR THE REPEAL OF INCONSISTENT ORDINANCES; PROVIDING FOR PUBLICATION; AND PROVIDING FOR THE EFFECTIVE DATE OF THE ORDINANCE.

THE CHARTER TOWNSHIP OF PLYMOUTH ORDAINS:

**SECTION 1. FIRE PREVENTION CODE**

Chapter 94, the Charter Township of Plymouth Fire Prevention Code is hereby amended to read as follows:

**§ 94.20. Code Adopted by Reference.**

The 2021 Edition of the *International Fire Code* with Appendixes is adopted by reference, as modified in this article, as the Fire Prevention Code of the Charter Township of Plymouth subject to the additions, deletions and amendments to the 2021 Edition of the *International Fire Code* as listed in Section 24.020 of this Chapter.

**§ 94.21. Changes in the Code.**

The following sections and subsections of the 2021 Edition of the *International Fire Code* are hereby amended or deleted as set forth and additional sections and subsections are added as indicated. Subsequent section numbers used in this Chapter shall refer to the like numbered sections of the 2021 Edition of the *International Fire Code*.

**101.1 Title.**

These regulations shall be known as the Fire Prevention Enforcement Ordinance of the Charter Township of Plymouth and are hereby referred to as such or as the "Code".

**103.1 Fire Code Official.**

The Fire Inspector is the official in charge of enforcing this Code and shall be known as the Fire Code Official.

**112.4 Violation Penalties.**

Persons who shall violate a provision of this code or shall fail to comply with any of the requirements thereof or who shall erect, install, alter, repair or do work in violation of the approved construction documents or directive of the code official, or of a permit or certificate used under the provisions of this code, shall be guilty of a misdemeanor punishable by a fine of not more than five hundred dollars (\$500.00) or by imprisonment not exceeding ninety (90) days, or both such fine and imprisonment. Each day that a violation continues after due notice has been served shall be deemed a separate offense.

**113.4 Failure to Comply.**

Any person who shall continue any work after having been served with a stop work order, except such work as that person is directed to perform to remove a violation or unsafe condition, shall be liable for a fine of not less than one hundred dollars (\$100.00) or more than five hundred dollars (\$500.00). Each day that a violation continues shall be deemed a separate offense.

**SECTION 2. VIOLATION AND PENALTY**

Any person, corporation, partnership or other legal entity who violates the provisions of this Ordinance shall be guilty of a misdemeanor and may be fined not more than Five Hundred (\$500.00) Dollars or imprisoned not more than ninety (90) days, or both, at the discretion of the Court. Each day that the violation continues after due notice has been served in accordance with the terms and provisions hereof shall be deemed a separate offense.

**SECTION 3. SAVINGS CLAUSE**

## CHARTER TOWNSHIP OF PLYMOUTH REQUEST FOR BOARD ACTION

**MEETING DATE:** 03-08-2022

**ITEM:** Police Department Purchase and upfit of Four (4) 2022 Model Year Vehicles.  
**Resolution #2022-03-08-13**

**PRESENTER:** Assistant Chief Daniel Kudra

**BACKGROUND:**

The Police Department is seeking board approval to purchase four (4) new vehicles. We are planning to purchase three (3) 2022 Ford Police Interceptor Utilities and one (1) 2022 Ford Edge. Three (3) of these vehicles will also need to be upfitted. All vehicles will be purchased and upfitted with Federal Forfeiture Funds from account 262-310-970.000. The total cost for the purchase and upfit of these vehicles not to exceed \$194,700. Pricing on these vehicles is via state bid.

**ACTION REQUESTED:**

Approve the enclosed resolution authorizing the Police Department to purchase and upfit four (4) new vehicles for a total cost not to exceed \$194,700 from the Federal Forfeiture Fund and to cancel FY2022 adopted budget in the State Drug Law Enforcement fund of \$179,700 for said purchases, as adopted on November 9,2021.

**RECOMMENDATION:**

Approve

**PROPOSED MOTION:** I move to approve Resolution #2022-03-08-13 authorizing the Plymouth Township Police Department to purchase and upfit four new vehicles, not to exceed \$194,700 out of the Federal Forfeiture Fund Capital Outlay and authorizing the Finance Director to appropriate fund balance to 262-310-970.000 Capital Outlay account for anticipated upfit costs and to cancel budget in the amount of \$179,700 in the State Drug Law Enforcement fund in capital outlay account 265-311-970.000.

BOARD OF TRUSTEES**

**RESOLUTION # 2022-03-08-13  
PURCHASE OF 2022 MODEL YEAR POLICE DEPARTMENT VEHICLES**

At a regular meeting of the Board of Trustees for the Charter Township of Plymouth (the "Board"), held at Township Hall, located at 9955 N. Haggerty Road, Plymouth, on March 08, 2022, the following resolution was offered:

**WHEREAS**, The Charter Township of Plymouth Police has requested approval to purchase four (4) 2022 model year Police Department vehicles in accordance with the attached specifications;

**WHEREAS**, The Charter Township of Plymouth Police has requested approval to cancel FY2022 adopted budget requested for four (4) 2022 model year Police Department vehicles from the State Drug Law Enforcement Fund Capital Account 265-311-970.000 in the amount of \$179,700;

**WHEREAS**, The Charter Township of Plymouth Police has requested approval for all four (4) 2022 model year Police Department vehicles to be purchased and upfitted from the Federal Forfeiture Funds Capital Account 262-310-970.000 not to exceed \$194,700;

**WHEREAS**, Pricing on these four vehicles is via a state bid, for a total cost of \$143,248 and in addition to upfitting of \$51,452;

**NOW THEREFORE BE IT RESOLVED**, that the Charter Township of Plymouth Board of Trustees does hereby approve **Resolution #2022-03-08-13**, authorizing the purchase of four (4) police vehicles as specified from the Federal Forfeiture fund's capital outlay account by authorizing the Finance Director to appropriate \$194,700 of fund balance to make the above budget amendment to the 2022 Federal Forfeiture Fund and to cancel FY2022 adopted budget in the State Drug Law Enforcement fund capital outlay account in the amount of \$179,700.

## 2022 Budget Request

### New Capital Item

<b>Department:</b> Police	<b>Capital Item:</b> 2022 Police Department Vehicles and Upfit Costs
------------------------------	---

<b>Quantity:</b> 4(Four)	<b>Useful Life:</b> 3-4 years (Interceptor Utilities) and 5-7 Years (DB Ford Edge)	<b>Cost:</b> \$143,248 (Vehicles) \$51,452.00 (Upfit Costs)
-----------------------------	---	---

**Check One:**  **Equipment**       **Project**

**Description and Function of new capital item**

The 2022 Ford Police Interceptor Utility turned in one of the fastest 0-60 acceleration times, 0-100 acceleration times, along with the fastest lap, fastest average lap, and fastest quarter mile time during the Michigan State Police Model Year 2022 Police Vehicle Evaluation. The 2022 Model is unchanged from the 2021 version.

The interior is upholstered in heavy-duty cloth with a 6-way power driver's seat. Slim seat bolsters make getting in and out of the vehicle quick and provide ample room for a duty belt. Rear seat access is enhanced with wide opening rear doors. The total interior volume is 170.0 cubic feet.

The Ford Police Interceptor Utility is made in America specifically for police duty. Several components specific to this police model are produced in Plymouth Township at Troy Design and Manufacturing on Sheldon Road. The vehicle comes standard with all-wheel drive, a heavy-duty alternator, engine oil cooler, electronic stability control, rearview camera and front, side, and curtain airbags.

Signature Ford quoted a state bid price of \$111,418 for the three 2022 Police Interceptors and \$31,830.00 for the 2022 Ford Edge SEL AWD. The vehicles will be purchased with Federal Drug Forfeiture dollars (\$143,248).

Three of the four vehicles that are being purchased will require upfitting (the purchase and installation of police specific equipment required to convert the vehicle into a fully functioning patrol car). The cost to upfit these vehicles is estimated to be a total of \$51,452. We will pay to upfit the three vehicles with Federal Drug Forfeiture dollars (\$50,700).

**Explain new or improved service that will result from new item**

The three new Ford Police Interceptor Utilities that we are requesting will replace three old patrol cars that are currently in our fleet. The new vehicles will likely require less time at the dealership for maintenance than the old ones, thus allowing the department to devote more time and resources to patrolling and less time and resources to vehicle maintenance.

The new Ford Edge that we are requesting will replace an old detective bureau vehicle that is currently in our fleet. The new vehicle will likely require less time at the dealership for maintenance than the old one, thus allowing our detective to devote more time and resources to their investigative work and less time and resources to vehicle maintenance.

**Why is this new item needed? Why does the Township need to provide this service?**

The 2022 Interceptor Utilities are needed to replace three existing patrol cars. These patrol cars (Unit 18-1, Unit 18-2, and Unit 18-3) were purchased in 2018. The three patrol vehicles are the oldest patrol cars in our fleet. Unit 18-1 has over 90,511 miles, Unit 18-2 has over 92,000 miles, and Unit 18-3 currently has over 80,000 miles. These vehicles will continue to accrue mileage and become more costly to maintain.

Unit 18-1 was originally scheduled to be taken out of service in 2021. However, Unit 19-1 was involved in a traffic crash last year and was declared a total loss by MMRMA. We were unable to purchase a vehicle to replace Unit #19-1 in 2021. As

such, unit #18-1 was retained a year longer than initially planned so that we could maintain a fleet of 10 patrol cars.

The 2022 Ford Edge is needed to replace an existing detective bureau vehicle. This vehicle is a 2011 Ford Explorer that was acquired in 2011 and currently has over 132,000 miles. This vehicle is exhibiting reliability issues and has a rusting body.

**How will any current services be affected or changed if approved? What will happen if this item is Not approved?**

No services will be changed by making this purchase. If approved, we will be equipping our patrol officers and detective with modern and reliable vehicles that feature the most current safety technology. Additionally, the new vehicles will function more reliably and benefit from having full warranty coverage.

If not approved, we will continue using the above listed vehicles. These vehicles will continue to accrue mileage and become more costly to maintain.

**How do you anticipate providing this service?**

If this expenditure is approved, these vehicles will be ordered immediately. I anticipate that they would be delivered sometime in the spring or early summer. The Detective Bureau vehicle will be put into service immediately. The patrol vehicles will need to be upfitted before they can be put into service. I anticipate that they should be ready to be put into service in mid to late 2022. The work of installing our police-specific equipment into the patrol vehicles will be done by our vehicle up-fitter (Winder Police Equipment).

**What will be the operating budget impact? (personnel, supplies, other charges)**

The purchase of these vehicles will have a positive impact on the operating budget. These new vehicles will be under warranty, which will reduce our maintenance costs as compared to the vehicles that will be rotated out-of-service. The Police Interceptor Utilities come with a 3 year/36,000 mile bumper to bumper and 5 year/100,000 mile powertrain warranty. The Ford Edge comes with a 3 year/36,000 mile bumper to bumper and 5 year / 60,000 mile powertrain warranty.

<sup>1</sup>This is actually a count for the inspection type. A single inspection with two types will total as two not one.

<sup>2</sup>Cleared violations from re-inspections outside the date range ARE included if initial inspection falls within date range.

<sup>3</sup>One re-inspection can encompass multiple inspection types - this is why the re-inspection type-specific total is frequently greater than the # of inspections.

<sup>FS</sup>Fire Safety Inspection.

<sup>5</sup>Filtering out portal inspections can cause violations cited to be less than violations cleared (violation cited count comes from both department and portal inspections, while violations cleared only come from department inspections).

# Monthly Planning & Zoning Report

for February 2022

McKenna provides day-to-day assistance to the Townships, applicants, and public regarding zoning, planning and economic development matters, including on-site office hours every morning and as-needed

## PLANNING, ZONING, DESIGN & ECONOMIC DEVELOPMENT ACTIVITY

As part of our services to the Township, McKenna reviews Planning Commission applications and provides recommendations on long range planning, land use, zoning, and design. The following is a summary of active developments; yellow highlighting indicates new updates for the month.

### MISCELLANEOUS ON-GOING PROJECTS

**Former Denny's Establishment.** Construction for the Quick Pass Car Wash continues; the former Denny's building has since been demolished and the building foundation is going up. Construction is expected to be completed this year.

**I-275 Landscaping / Screening.** The Township met with MDOT regarding the I-275 interchange (as part of the larger I-275 roadway project) to create several berms within the cloverleaf to offer additional noise buffers for the surrounding neighborhoods. These areas would be further landscaped, and the Township is interested in exploring signage to create more of a gateway into the community.

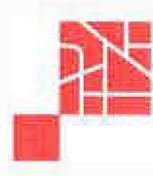

**Former Steak & Ale Site.** The Township has met with a developer regarding the redevelopment of this site (±3 acres) for a hotel, day care center, and potentially a commercial use (ex: coffee shop). No formal plans have been submitted; discussions on this challenging site continue to evolve. One major obstacle for redevelopment is the volume of Ann Arbor Road traffic and the proximity to the freeway exchange; this has created issues in ensuring safe access from Massey Drive (without a traffic light, which MDOT has stated is not possible).

**Suburban Cadillac Remodel.** The façade remodel and new landscaping to the Suburban Cadillac facility is almost complete.

**Ann Arbor Road Traffic Signal Improvements.** The Township has been working with MDOT on the traffic flow and signalization along Ann Arbor Road, from I-275 to the CSX bridge, to improve safety and access. Discussions continue to as to whether a new traffic light would be installed at the entrance to the Henry Ford Health System facility, or at the existing street: Kolb-Massey Drive.

**Henry Ford Health System.** The outbuilding at the corner has been constructed and will be occupied by the following three tenants: Chipotle, AT&T, and the Henry Ford OptimEyes Vision Center. Construction on the healthcare facility itself continues to progress.

**Amazon Facility.** Amazon has moved into the existing warehouse facility at 9075 Haggerty Road. Final landscaping and other site improvements will be constructed this spring.

**EV Charging at Township Hall.** The Township is engaged with DTE on a potential grant to install an EV charging station for the public's use at Township Hall.

**CSX Improvements.** Progress continues to be made for the planned pedestrian and landscaping improvements to the CSX overpass on Ann Arbor Road; on January 25, 2022, the Board of Trustees entered into an agreement with MDOT regarding easements and maintenance (as Ann Arbor Road is a state roadway).

**Bank of Ann Arbor.** The former one-story office building adjacent to the bank has been demolished and new landscaping and signage will be finalized this spring.

### **RECOMMENDATIONS / NEXT MONTH'S OUTLOOK**

**Joint Board of Trustees and Planning Commission meeting.** A joint meeting was held on August 24, 2021; it was recommended that the Board of Trustees and Planning Commission have another joint meeting in February of 2022 and further discuss planning related items, including the vision for Cluster Housing Options (CHO).

Dear Plymouth Township Trustee,

I am honored to provide to you this inaugural copy of the Historic Sites of Plymouth Township Brochure, which is fresh off the press. The Historic District Commission worked very hard on this publication over a number of meetings in order to ensure its accuracy, historical integrity, and readability. The brochure is designed as a community-building initiative that can help benefit the Township's economic development efforts by demonstrating our rich and unique heritage.

In addition to your copies, and those being made available to the public at Township Hall, members of the Commission are distributing a limited number of copies to the Plymouth Chamber of Commerce, Plymouth District Library, City of Plymouth DDA offices, and the Plymouth Historical Museum.

If you have any questions, comments or suggestions for improvement, please let me know. I'd be pleased to provide any input to the Commission.

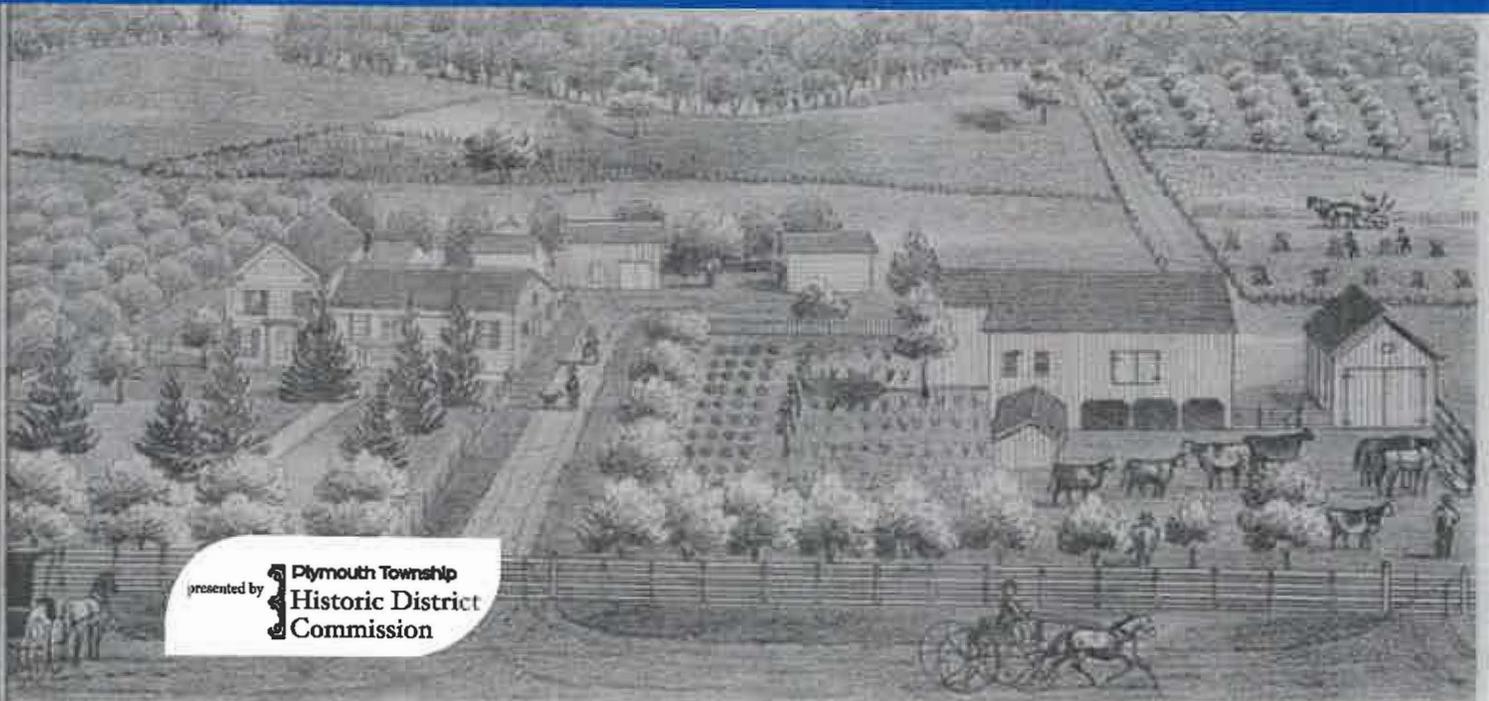

Thank you for your service to this community.

Best regards,

A handwritten signature in cursive script that reads "Wendy".

## The people of Plymouth Township have the privilege of enjoying a rich heritage with deep roots.

A principal tributary of the Rouge River runs through it, named after a Potowatomi chieftain. It is listed as "Tonquish Creek" in an 1849 Gazetteer. An 1827 treaty refers to "Tonquish's village, near the river Rouge." Indigenous people made their homes in this area years before European-affiliated settlers came.

When settlement began in the 1820s, early inhabitants found a territory full of woods and wildlife. Plymouth is one of Michigan's oldest townships, established by the Legislative Council of the Territory of Michigan in 1827 – ten years before Michigan became a state.

The first settlers of European origin, Allen and William Tibbits among them, arrived in the area in 1824, and by 1825 enough people made up a small settlement. Early village meetings were held in Tibbits's barn, which still exists – a landmark of grass roots democracy.

An 1876 Atlas illustrates a largely rural township characterized by farms and agricultural pursuits. It remained largely so into the 20th century.

*The Moses Allen House (depicted on the back cover of this publication, from the 1876 Atlas of Wayne County Michigan) was saved when Township Park was created from the Allen Farm, and still stands today.*

In the post-World War II era, residential growth was concentrated in the area bordering the city of Plymouth. In 1960, the city's population was slightly greater than the township's; since then, and the change to a charter township in 1979, Plymouth Township's growth and larger land size has outstripped the city's. Private homes across the township date from the various periods of the 20th century, and their styles include farmhouse, arts and crafts, mid-century modern, and by famed architects Frank Lloyd Wright and Tivadar Balogh, whose self-designed home in a wooded area along Joy Road is on the National Register of Historic Places.

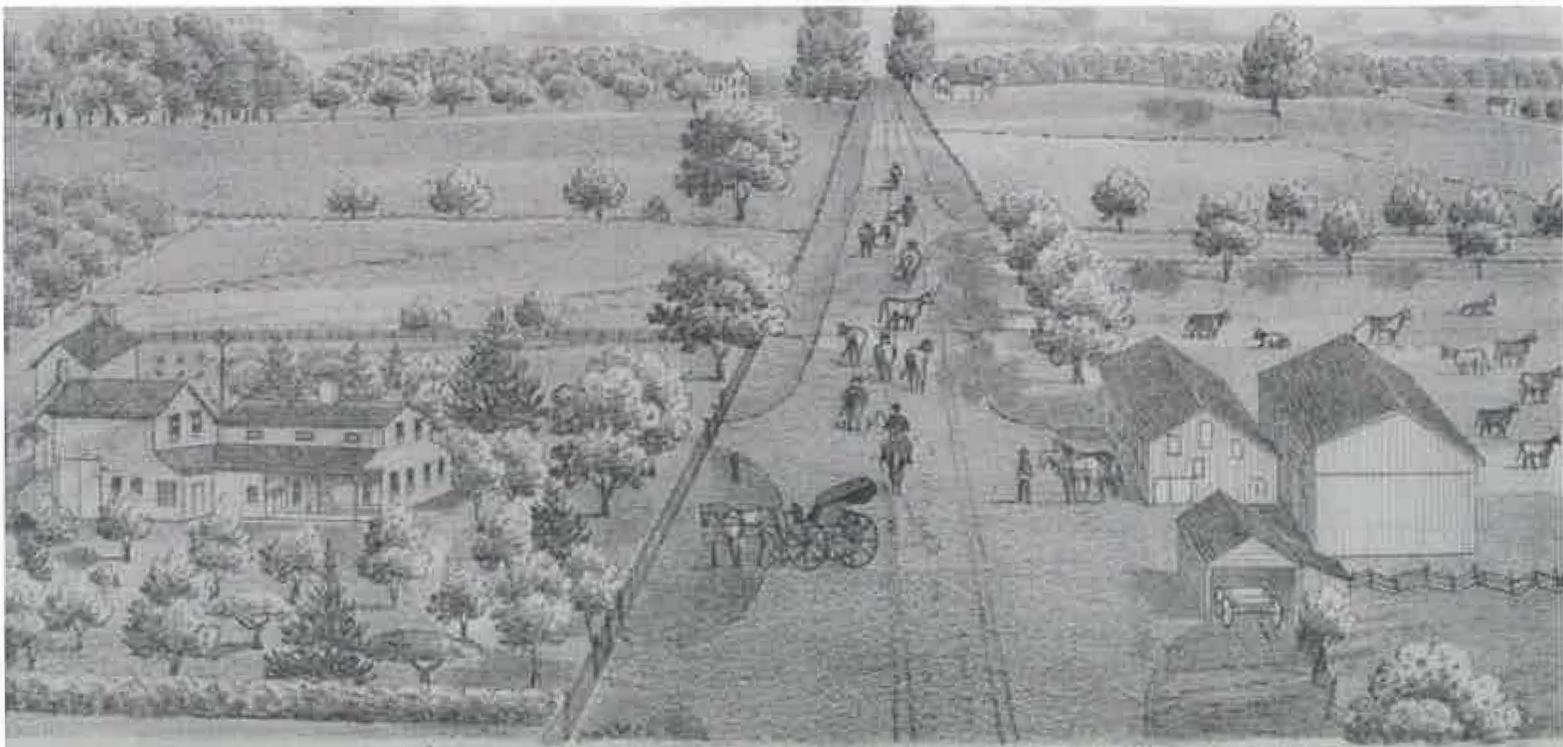

The Plymouth District Library at 223 S. Main in the city is a source for local history, including

its website featuring a Plymouth Local History page providing online resources.

The Plymouth Historical Museum in the Dunning Memorial Building at 155 S. Main is a principal depository for artifacts and material regarding the Plymouth community's heritage.

The township is home to sites affiliated with the National Park Service's Motor Cities National Heritage Area. Several sites are listed in the national and State historic registers. A Michigan Historical Marker dedicated in 2020 at Township Hall, 9955 N. Haggerty Road, succinctly portrays the community's heritage.

***From the 1876 Atlas of Wayne County, the farm of Andrew E. Pardee was located in what is today known as the "Lake Pointe" area of Plymouth, just east, across the lake from Phoenix Mill.***

## How to Use this Guide

This booklet is designed to provide self-guided tours for walking, bicycling, and driving.

It is organized to follow, location by location and page by page, a driving tour. Bicycle and walking routes are subsets of the larger tour route. Please use caution while following this guide.

The I-275 Metro Trail provides a biking route through portions of the township. A portion of the Lakeview Trail on the south side of Newburgh Lake is also within its boundary. Biking is also popular in Hines Park.

You will find recreation facilities and sites in or adjacent to several of the locations.

Please respect the private property nature of several sites listed, especially personal residences which are marked with an \*. Observe them from a publicly accessible vantage point.

Letter designations on the map correspond to the site descriptions that follow. For example, the first – site “A” – is Township Hall. The # designation reflects a Motor Cities National Heritage site.

Be sure to explore the many shops, restaurants, and commercial establishments throughout the community.

This tour guide is published by the Charter Township of Plymouth Historic District Commission.

The Commission was created in 2019 by Ordinance No. 1016, Amendment #23. The purpose of this ordinance is to foster the preservation of historic structures and places within Plymouth Township by enabling owners to voluntarily seek the creation of historic districts for their properties under applicable laws of the State of Michigan.

### Mission Statement

The mission of the Plymouth Township Historic District Commission is:

- Safeguard the heritage of Plymouth Township by preserving districts which reflect elements of its history, architecture, archeology, engineering or culture;
- Stabilize and improve property values in each district and the surrounding areas;
- Foster civic beauty;
- Strengthen the local economy; and
- Promote the use of historic districts for the education, pleasure and welfare of the citizens.

## A. Township Hall

9955 N. Haggerty Rd

Installed at the entrance is one of Michigan's iconic green-and-gold State Historical Markers, telling the story of one of the earliest political subdivisions in either peninsula dating back before statehood. A half-century earlier, the Northwest Ordinance of 1787 declared that Michigan would always be "free" – non-slavery – and the opening of the Erie Canal in 1821 began the flow of settlers. In 1824, the U.S. Government sold off the first piece of property for settlement within the eventual boundaries. The lobby in the building houses a beautiful mosaic noting sites and features of distinction. The Town Hall meeting room is marked by a sign inscribed to the power of local democracy.

## B. Farwell House \*

39505 E. Ann Arbor Trail

Once a 150-acre farm, the house dates from the early 1850's. Three sons of farmer Leroy Farwell served during the Civil War in the 2nd Michigan Infantry and 1st and 4th Michigan Cavalry regiments.

*Above: the Farwell house in 2021.*

One of them, wounded in action, became a friend of famed poet Walt Whitman while convalescing in a medical ward where the National Mall is today in Washington, D.C. This property was known later as Hope Farm. The "bones" of the early structure remain within this house of heroes.

## C. Hines Park & Drive

between Newburgh and Five Mile Roads

The Drive is a 17-mile parkway paralleling the middle branch of the Rouge River from Dearborn into the township. The road was built in 1949 in places on land donated by industrialist Henry Ford, and it was named after a head of the Wayne County Road Commission. Along the way are original sites of historic mills, some of which Ford converted into facilities for the manufacture of automobile parts. The Hines Park Greenway connects to the statewide Iron Belle Trail as part of a comprehensive nonmotorized trail network.

## D. Burroughs Buildings #

41000 Plymouth Road

*Above: the Burroughs building today.*

*Right: historic photo of the Burroughs building courtesy of the Plymouth Historical Museum.*

Designed by the internationally famed architectural firm of Albert Kahn & Associates and dedicated in 1938, the main building was the headquarters and manufacturing facility for the Burroughs Adding Machine Company. A coal-burning powerhouse on the east side of the property provided electricity to the complex. During World War II, the famed Norden bombsight was mass-produced by Burroughs. The company later became an early maker of computers. The complex has been repurposed as office space and is home to a major developer of electric-based vehicles.

## E. Haggerty and Gunsolly Comfort Stations #

41181 Edward N. Hines Drive, and further west

Built in 1937, the Haggerty Comfort Station was one of the early public motor vehicle comfort rest stops and a prototype for roadside development as part of the "Good Roads Movement." Some twenty rest stops like this were built along the parkway as part of a program of the Works Progress Administration during the Great Depression. Haggerty features a distinctive architectural style that includes corbeling brick, limestone keystones and quoins, steeply pitched slate roofs, and leaded windows, reminiscent of the Tudor style. When originally constructed, the station had a full-time attendant, an information booth, and a concession stand. The symmetric Gunsolly building features copper gutters, copper roof flashing, and copper snow guards. Plymouth resident Jesse Merle Bennett, Wayne County superintendent of parks and forestry in the 1920s-1930s and author of the landmark 1936 *Roadsides: The Front Yard of the Nation*, was a key advocate of such stations "for the purpose of providing sanitary toilet facilities, safe drinking water, rest rooms and a source of highway information for the traveling public."

## F. Gunsolly Mills #

Gunsolly Drive, in Hines Park

Located just north of the Plymouth Road overpass is the site of this historic mill. The building is preserved and now located in historic Greenfield Village at The Henry Ford in Dearborn. John Gunsolly operated a water-powered carding mill as well as a saw and cider mill here on the Middle Rouge beginning in the 1850s. Area farmers brought their wool to this mill to have it carded (combed) so it could be spun into thread. The comfort station is historic (see E).

## G. Phoenix Mill #

14977 Northville Road

Just north of the M-14 highway overpass, this historic property was the site for a dam and mill constructed in the 1830s and a gristmill built around 1840. Industrialist Henry Ford acquired the site in 1920 and arranged for design and construction of a new manufacturing building by the Dearborn Realty and Construction Company; its corporate leadership included his wife Clara and son Edsel. The building opened in 1922 as part of Ford's village industry initiative. The internationally famed architectural firm of Albert Kahn & Associates designed modifications to the original structure. It was repurposed during World War II to provide aircraft parts as a component of the Arsenal of Democracy, and a metallic curtain was added to the building for protection during hostilities – the rail can still be seen from which the curtain was suspended. Saved just before collapse and renovated after years of neglect, it now provides office and banquet space.

## H. Inn at St. John's

44045 Five Mile Road

This structure is the original 1940's provincial seminary building that provided a training and education center for clergy and religious purposes. The architecture is Romanesque, and the building features artwork by famed sculptor Corrado Giuseppe Parducci. In 2000, the main buildings were repurposed into an inn with culinary, hotel, corporate, special event, and conference uses. A golf course is also part of the facility.

*Top: St. John's Inn today. Above: historic photo of St. John's courtesy of the Plymouth Historical Museum.*

## I. Shearer Cemetery

45456 N. Territorial Road

This oldest community cemetery dates to 1826 when established by pioneer John Tibbits here on a wooded hillside one-half mile west of Sheldon Road. Tibbits, his spouse, and one of their children were buried here. In 2005, a local high-school teacher and his students began to restore the site and undertake an annual practice of caring for this historic burial ground. In addition to early settlers, the cemetery became the site for interment of a member of the Angell family associated with the University of Michigan, 19th century political figures, and others until the last burial occurred in the early 20th century. Adjacent North Territorial Road is the route of pre-statehood transportation westward.

## **J. Carl Duane Pursell Homesite**

46200 N. Territorial Road

This property once was home to long-time resident, graduate of Plymouth High School, and the township's longest serving Member of Congress. Carl D. Pursell (1932-2009), military veteran, teacher, and public official, served as State Senator, Wayne County Commissioner, and Eastern Michigan University Regent. He was elected from Michigan's 2nd congressional district to the U.S. House of Representatives in 1976.

He served in the 95th Congress and in the seven succeeding Congresses, from January 3, 1977, until his retirement on January 3, 1993. A legislative tribute hailed him as "a gentleman of strong commitment and service who compiled an exemplary record in public life and strengthened his community, state, and nation.

This man of loyalty and unselfishness demonstrated the highest standards of leadership."

## **K. Tibbitts House and Barn \***

46225 N. Territorial Road

Behind the circa 1826 house is the historic barn also built by the Tibbitts family. In 1827, the people of the area met at this farmstead, gathered together in the barn, and made the first decisions on local governance. After considering various possible names for the community, the meeting settled on "LeRoy," but if that name was already in use then the choice was "Plymouth" after the community in Massachusetts. John Tibbitts was laid to rest in Shearer Cemetery nearby.

*Left: the Tibbitts barn in 1983. Photo courtesy of the Plymouth Historical Museum.*

### **L. Peacock House \***

47420 W. Ann Arbor Trail

Built in 1928, this Cotswold-style home is roofed with cedar shakes and has walls of masonry. The informal name of the house was derived from the peacocks that roamed the yard and the image of the bird painted on the outside. The uniquely designed house is a landmark in the township at a key intersection near the golf course and central township parks, and it forms a part of the community's heritage.

### **M. Township Park**

46640 W. Ann Arbor Trail

Formerly a farm acquired in 1829 with a house constructed by Moses Allen in 1842, crops and produce were once planted, grown, and harvested here. Also known as "McClumpha Park," given its location at the intersection of Ann Arbor Trail and McClumpha Road, the main park is 80 acres of well-maintained walking paths, gathering spaces, and recreational opportunities including a summer sprayscape and fishing pond. In 1986, famed sculptor Peter Rockwell led a community engagement to fashion gargoyles-themed sculptures attractive to children; some remain here, with others at the Plymouth Community Arts Council campus on Sheldon Rd. Other heritage features are present here and at the greenspace to the west, south of Hilltop Golf Course – another attractive recreation amenity.

### **N. Miller Woods**

Powell Road, west of Beck Road

Norman and Cornelia Miller purchased over 1,100 acres of this land in 1902; they farmed it until his death in 1958. Remaining family members sold 40 acres to the Plymouth-Canton Community School District in 1968. It was stipulated by the Miller family that this 10-acre plot be preserved, as no harvesting of the trees had ever occurred. Many of the trees now are over 350 years old. It was designated a nature preserve by Plymouth Township in 1991.

## O. Colony Farm

Colony Farms Drive

In the early 1940s, an investor acquired the acreage that now forms the subdivision to establish agricultural pursuits. The original barn – preserved and painted a classic red – can be seen off of Colony Farms Drive. The entryway down a lane featuring willow trees, next to “Walden Pond” through which Willow Creek flows, is viewable off of Thoreau Drive.

At least one of the original residential structures remains. The milkhouse is located on the adjacent Bradford Court.

*Above right: the barn at Colony Farms today.

## P. Burd House \*

47566 Joy Road

Built circa 1828, this home is one of the earliest in the Plymouth community. The property was originally deeded to James Taft in 1825 and sold to Zenas Burd in 1828. Although the structure has seen modifications through its existence, it retains the original stone foundation and original hand-hewed structural timbers.

*Above: the Burd house today.  
Left: historic photo of the Burd House.*

## Q. McClumpha/Hulce House \*

9275 McClumpha Road

Built circa 1869, this was once the home of Elizabeth McClumpha, the daughter of Thomas McClumpha who owned and farmed much of the land in this area.

Elizabeth was the eldest of her siblings, was well-known in the community, and was remembered for her extreme kindness and love of children. More recently, it was the childhood home of actor-director Tom Hulce after being acquired by his parents in 1953. Joanne (Winkleman) Hulce became a leading community arts supporter, after whom the Center for the Arts on Sheldon Road was named. In the nearby New England Corners development, address 9460 McClumpha Road, is the home of Thomas McClumpha built circa 1858.

*Above: the McClumpha house today. Left: historic photo courtesy of the Plymouth Historical Museum.*

## R. Graye's Greenhouse

8820 N. Lilley Road

Alex Wnuk built the greenhouse in 1928, and his initials still mark the chimney attached on the north side of the glass houses. In 1945, one of his children, Sylvia, acquired the business with her husband, Joseph Graye, establishing Graye's Greenhouse. The family continued to run the operation until 2019, when they sold the business to a young female entrepreneur who is dedicated to ensuring the greenhouse's preservation and growth. Representative of the township's rich heritage in growing things, the house, greenhouse, and barn all evoke the bucolic past in this beautiful community.

# Plymouth Township Historic District Commission

The Plymouth Township Historic District Commission was created in 2019 by Ordinance No. 1016, Amendment #23. The purpose of this ordinance is to foster the preservation of historic structures and places within Plymouth Township by enabling owners to voluntarily seek the creation of historic districts for their properties under applicable laws of the State of Michigan.

Structures in Plymouth Township that are at least 50 years old or older and that have architectural or historical significance are eligible to be a historic district. A single building or structure can qualify to become a historic district.

Any property owner in Plymouth Township who wishes to nominate their structure(s) as an historic district should fill out a Historic Designation application and submit it to the Plymouth Township Community Development Department at [planning@plymouthtwp.org](mailto:planning@plymouthtwp.org). There is no fee to apply.

As historic preservation is a public purpose, the Commission is charged with the following:

- Safeguard the heritage of Plymouth Township by preserving districts which reflect elements of its history, architecture, archeology, engineering or culture;
- Stabilize and improve property values in each district and the surrounding areas;
- Foster civic beauty;
- Strengthen the local economy; and
- Promote the use of historic districts for the education, pleasure and welfare of the citizens.

Using the Secretary of the Interior's Standards for Rehabilitation as a guideline, the Historic District Commissioners are charged with reviewing and approving plans to exterior alterations and additions to resources that have been recognized with historic district status.

It is also the responsibility of the Historic District Commission to educate the community about the historic locations and structure that exist within the Charter Township of Plymouth. The Commissioners will accomplish this task by producing educational literature and recognizing historic locations and structures through the creation of historic markers and signage in the Township.

**CHARTER TOWNSHIP OF PLYMOUTH  
REQUEST FOR BOARD ACTION**

**MEETING DATE: March 8, 2022**

**ITEM: Discussion on ARPA Funding Options**

**PRESENTERS: Supervisor Heise**

**BACKGROUND: On Tuesday, March 8 at our Regular Board Meeting we will hold a formal Public Hearing to solicit opinion, comments, and ideas on the Township’s \$2.83 million ARPA funding grant. Following the Public Hearing the Board will discuss the funding options in more detail, as I will be seeking direction from you.**

**Attached are my recommendations. They are based on several key principles:**

- Projects benefitting the largest number of residents;
- Projects supported by an identifiable need, plan, survey or study;
- Projects promoting public recreation, wellness, safety, and quality of life;
- Projects that could be matched or leveraged with additional funds;
- Identifiable Projects that can be justified to the Federal Government.

Keep in mind that we cannot use ARPA funds to cut taxes, pay off bonds or debts, pay off judgements, or pay pension or OPEB obligations. We also cannot just push these funds into our GF budget and burn through them over the next four years; the Feds want to see these funds used for identifiable projects.

**PROPOSED MOTION: No formal votes proposed**
