Message from the Chief

On behalf of the men and women of the Red Bluff Police Department, we are pleased to present our 2015 Annual Report. This report provides comprehensive information and statistics on a wide variety of subjects including crime, staffing, and units within the Department. We hope this report provides insight into the invaluable personnel we have along with the variety and volumes of work they dealt with during 2015.

A year of transition is the best way to describe Red Bluff Police Department during the past year. With the retirements of Chief Nanfita (May 15, 2015) and Lieutenant Dan Flowerdew (December 21, 2015), the end of 2015 saw an entirely new administrative team being formed. Kyle Sanders vacated the Captain's role and became Chief on June 2, 2015. Quintan Ortega promoted from Sergeant to Captain on September 15, 2015 and Matt Hansen promoted from Sergeant to Lieutenant on December 22, 2015. The new administrative team comprises a total of 43 years of service to the City of Red Bluff and looks forward to giving many more in the years to come.

Your police department employs some of the finest sworn and civilian staff in law enforcement today; men and women who serve our community with pride and integrity each and every day. These personnel are devoted public servants who constantly strive to make Red Bluff a great place to live. They are fully committed to providing a high level of quality service to the citizens of Red Bluff as well as those who visit our City.

As you explore this report, I would encourage you to take a moment to examine our "10 Year Statistical Comparison" section that will provide a snapshot of the crime in our City as well as insight into our agency and some of the statistical data associated with our work. As you read through these pages, it will reflect a high level of activity and multitude of challenges as well as demonstrate the quality and professionalism of the members of the Red Bluff Police Department.

As you examine the report and statistical data, you may notice a sharp spike in certain crime classifications during 2015. While a number of crime categories remained relatively flat, simple assaults increased by 28% and larceny increased by 17.6%. These two crimes were primarily responsible for the overall 12.6% increase in our Part 1 Crimes. California as a whole is experiencing rising crime, particularly in property related crimes. It is believed, and research appears to be validating, that these increases in crime can be correlated to laws such as Assembly Bill 109 (enacted 10/1/2011) and Proposition 47 (enacted 11/4/2014) that have changed the way we address crime and the consequences for criminal behavior. These laws have led to thousands of individuals remaining on our streets who formerly would have been incarcerated for the crimes they commit.

Despite these statistics, your police department is filled with honorable members who are motivated to work with you to combat crime and disorder. We look forward to working together in partnership with the members of our community to truly make Red Bluff a great place to live.

OPERATIONS DIVISION

CAPTAIN QUINTAN ORTEGA

The Operations Division is predominately comprised of patrol officers and supervisors whose primary function is to deliver initial police services to the community 24 hours a day. These uniformed personnel provide police response to calls for service as well as the initial response to an emergency or the report of a crime.

Other personnel within the Operations Division include two fulltime School Resource Officers (SRO), one traffic officer, and two full-time and one part-time Community Service Officer. The Volunteers in Police Services (VIPS) also fall within the Operations Division. All of these fine professionals deliver initial and follow up police services to the community seven days a week.

The Operations Division accounts for most of the Department's measurable workload and is the most visible in the community as they are usually the primary contact for persons seeking police services. All personnel within the Operations Division worked persistently throughout 2015 to address a year filled with challenges. These men and women routinely made sacrifices for the betterment of the Department and to improve the quality of life within the City of Red Bluff.

The following charts represent a small snapshot of some statistical data involving Operations Division personnel.

TRAFFIC OFFICER PROGRAM

Due to staff shortages facing the Red Bluff Police Department, Traffic Officer Murgia was re-assigned to the Patrol Division during the majority of 2015. The goal of the Red Bluff Police Department is to assign Officer Murgia back to his traffic duties once some police officer vacancies are filled.

Even with Officer Murgia working a rotating patrol schedule, he still participated in several traffic related events during the year.

- April 25, 2016: Officer Murgia assisted the Tehama County Public Health with a bicycle safety event and bicycle rodeo.
- May 27, 2015 & June 24, 2015: Officer Murgia assisted the Tehama County Public Health with a car seat inspection.
- October 22, 2015: Officer Murgia rode his patrol motorcycle to Bend Elementary School and participated in Read Across America.
- During 2015, Officer Murgia and other RBPD staff provided approximately 100 bicycle helmets to children who needed them.
- Officer Murgia also completed a comprehensive collision investigation manual for newly hired police officers.

K9 PROGRAM

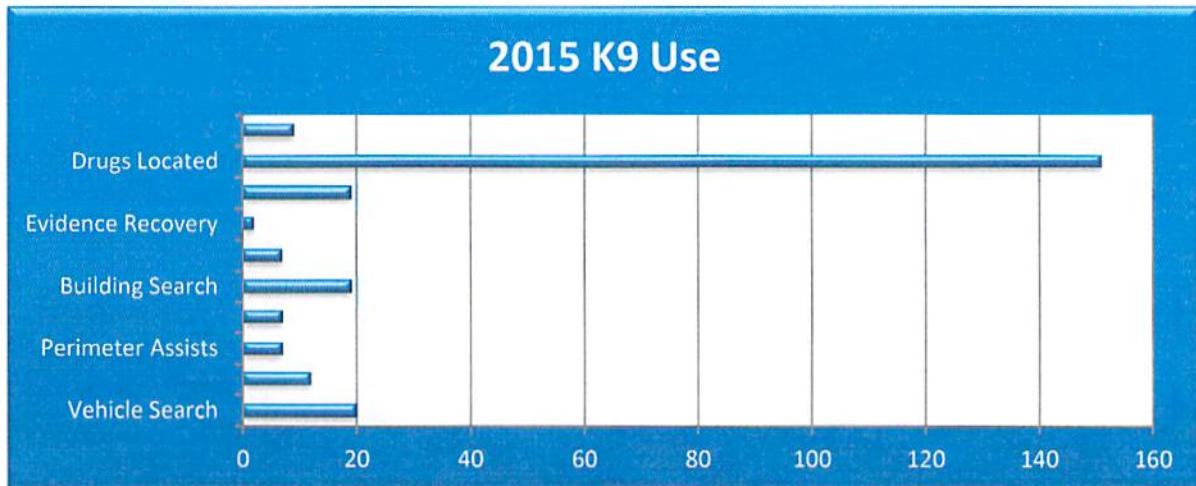

2015 marked the fourth year of having a dual trained K-9 capable of protecting officers as well as sniffing out drugs. Sergeant Mike Brown and his partner "Many" continued to produce positive results in the field and through community demonstrations. The following are several key occasions, events, or milestones involved in our K9 program during 2015:

Participation in 3 Community K-9 Demonstrations:

- Bark for Life – March 7, 2015
- Bidwell School 3rd Grade Class Demo – Oct. 9, 2015
- Bidwell School Harvest Festival – Oct. 22, 2015

Many was used in numerous situations during 2015 for a variety of incident types. This chart shows some of his activity:

The K9 Steering Committee and Red Bluff Police Department continue to remain grateful to all who donated their time and or money to establish the K9 Program and to keep it going. As a program completely funded through donations, the K9 team continued to prosper during 2015 as a result of the collective efforts of our community. We sincerely thank all who have helped as we could not have accomplished this without the incredible community support.

VOLUNTEERS IN POLICE SERVICE (VIPS)

The RBPB VIPS program was established in 2013. Since then, the volunteers have donated over 5200 hours of service to the Red Bluff Police Department and the community. Bill Conrad was recognized as the VIPS of the year for 2015.

COMMUNITY ORIENTED POLICING PROGRAMS

The Police Department divides the City of Red Bluff into five different geographical regions (Areas of Responsibility) and designates each area with a sergeant and one or two officers for community oriented policing purposes. Each Area of Responsibility participates in Neighborhood Watch meetings and the Random Citizen Contact (RCC) program. The RCC program consists of an officer contacting a citizen randomly for no other reason than to connect with them and interact positively outside of a call for service.

While 2015 saw an increase in costs during a few individual special events in comparison to 2014, the total comparison is still below previous years. This was accomplished in large part due to our ability to staff some events with volunteers from the Department's Volunteer in Police Service (VIPS) Program.

Red Bluff Police Department Support / Special Services Division

SUPPORT / SPECIAL SERVICES DIVISION

LIEUTENANT MATT HANSEN

The Support/Special Services Division is comprised of several units that include Investigations (Detectives), Records, Community Service Officers (CSO), and Dispatch. While each of these units vary greatly in the scope of work performed, all are vital to the mission and goals of the Red Bluff Police Department.

There have been many changes in the Red Bluff Police Department in 2015 and the Support Services Division is no exception. A transition in management of this Division occurred in December when Lt. Dan Flowerdew retired and Sgt. Matt Hansen was promoted to Lieutenant and assigned to the Division.

INVESTIGATIONS

During 2015 Detective Curtis and Detective Murray tested for Sergeant. Detective Curtis was promoted to Sergeant in May and Detective Murray in December. Sgt. Curtis was immediately assigned to the patrol unit and Sgt. Murray remains RBPD's only detective until staffing increases and a suitable replacement is selected.

During the calendar year of 2015, Detective Murray was assigned 95 cases to investigate. When the cases were more complex Detective Murray utilized the help of senior patrol officers. Of these 95 cases:

- 25 were sex crimes
- 38 were missing persons investigations
- 14 were property crimes
- 2 stolen vehicle investigations
- 6 violent crimes

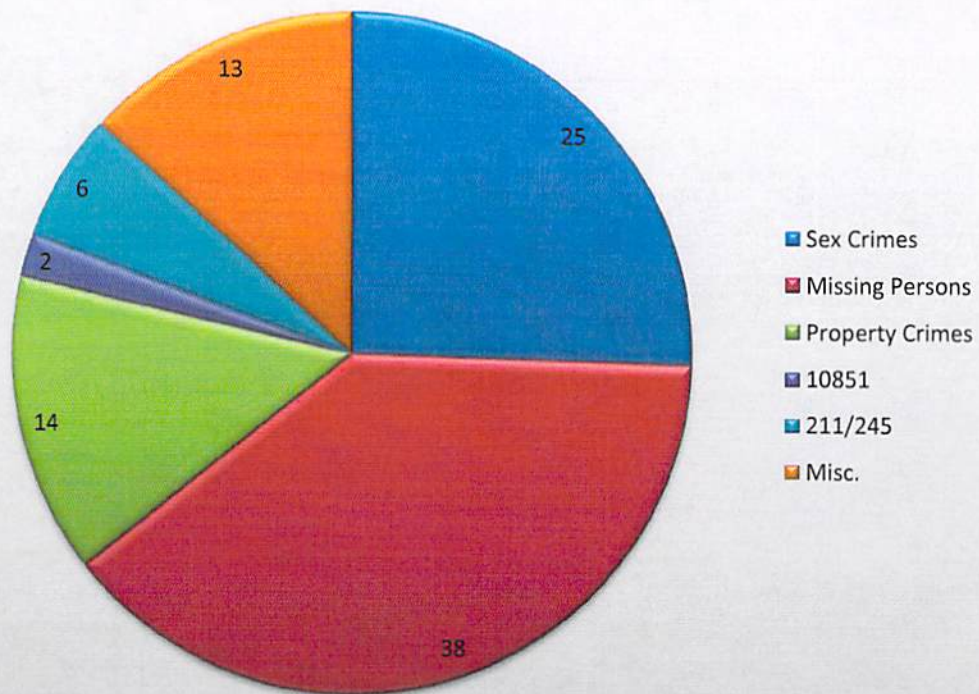

Detective Murray assumed the responsibility of coordinating and scheduling the Red Bluff Police Department sexual offender program sex registration compliance checks. This program is funded by the Shasta County SAFE Grant and is now overseen by Lt. Hansen in regards to Red Bluff Police Department's overall activity and equipment acquisitions.

The Red Bluff Police Department investigative unit participates in the Northern California Regional Child Abduction Response Team. This specialized team of experts can be called upon to respond to help investigate and locate missing children. The team performed a mock exercise in December in Red Bluff in preparation for a second exercise, which upon completion, will certify the team as the first of its kind in California.

COMMUNICATIONS CENTER

RECORDS / COMMUNICATIONS MANAGER CINDEE SPURGEON

The Communications Center is the primary PSAP (Public Safety Answering Point) for the City of Red Bluff. This means that all 911 calls originating in the city are routed to the center, including wireless calls. The dispatcher's primary responsibilities include answering seven 911 emergency telephone lines, 4 business telephone lines and several other inter-department telephone lines that must be routed properly. They keep track of all on-duty police officers, detectives, sergeants, community service officers, and other miscellaneous personnel. They monitor Red

Bluff PD's primary radio channel along with other radio channels such as the Tehama County Sheriff's Department, the Red Bluff Fire Department and Public Works so they are aware of incidents that may require police assistance. They use a Computer Aided Dispatch system to input calls for service and to keep track of on duty units. They prioritize these calls for service and dispatch appropriate unit(s) to in progress or cold calls.
