SECTION I

RIO GRANDE CITY

Hill Country of the Valley

September 23, 2009

The Honorable Ruben O. Villarreal City of Rio Grande City 101 South Washington Street Rio Grande City, Texas 78582

Dear Mayor Villarreal:

In fulfillment of requirements of state law and the City charter it is my pleasure to submit the proposed City of Rio Grande City Municipal Budget for Fiscal Year 2010. This budget takes effect October 1, 2009.

Reflecting on the 2008-2009 fiscal year that is just ending, we had some good news from an economic perspective. We had originally projected very modest net revenues of \$1,700 and \$7,600 for the General Fund and Enterprise Fund, respectively. However, it now appears that we will see net revenues at the close of the year closer to \$300,000 and \$400,000 for the General Fund and Enterprise Fund, respectively. This comes as a result of good stewardship by the City Commission and by staff.

The following are highlights of the revenues, expenditures, capital outlay and long-term obligations reflected in the 2009-2010 budget.

Revenues

- ° General Fund In keeping with our usual conservative stance, we have elected to project a moderate 3% increase in sales tax. The proposed 2010 tax rate is \$0.35 per \$100 in value, an increase of about 19% from last year's tax rate. This increase was seen as necessary to cover the projected inflationary increases in expenditures that are necessary to continue to provide our citizens with the level of services that they need.
- ° Enterprise Fund In keeping with our commitment to implement the results of last year's rate study, we are continuing to the second phase of the five-year plan. This will result in moderate increases to water and sewer rates.

Expenditures

Most departments will see moderate increases in budgeted operating expenditures to account for inflation.

- ° There is very little new staff being added in the 2009 budget. We are, however, proposing adjustments in salaries of \$750 across the board as a cost of living adjustment for all employees.
- ° The operating transfers into the General Fund from the Public Utilities Department and the EDC Fund will remain the same as last year.

Capital Outlays

- ° There are a few items budgeted in the General Fund, such as a new truck for the Fire Department, some heavy equipment for Public Works, and a dog kennel for Animal Control in the Planning Department. Other major capital improvements, such as street paving and a new Public Safety building, are still being considered with possible funding by Certificates of Obligation.
- o In the Enterprise Fund, the new Water Treatment Plant and Wastewater Treatment Plant upgrade are still in the design phases. We hope to begin construction by the middle of the fiscal year.

Long-Term Obligations

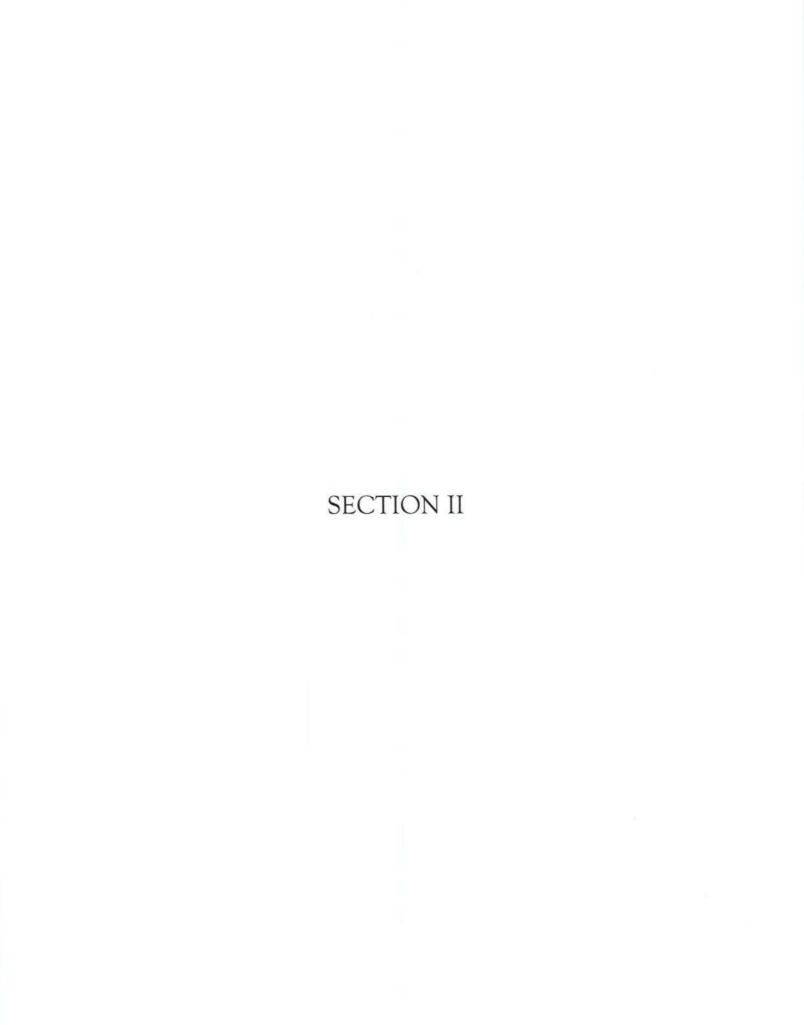

° As stated, a Capital Improvement Program is still in the discussion stages with funding from Certificates of Obligation to be repaid through ad valorem taxes for debt service. We hope to continue the discussion of the possible projects to be undertaken in this program.

The FY 2010 Budget is not only a balanced budget, but provides for sufficient net revenue to increase the fund balance of the General Fund and the Enterprise Fund. It will continue to maintain a sufficient level of municipal services to the citizens of Rio Grande City, as well as provide a minimal market adjustment of wages for our employees.

Sincerely,

Juan F. Zuniga City Manager

C: Ruben D. Saenz, Mayor Pro Tem Arcadio Salinas, Jr., Commissioner Rey Ramirez, Commissioner Hernan R. Garza III, Commissioner

A "Fund" is an accounting device that is used to classify city activities for management purposes. Each fund is a separate accounting entity with a self-balancing set of accounts. A fund can be thought of as a bank account into which revenues are deposited and from which expenditures are paid for a specific purpose.

The general fund is used to account for all financial resources not covered under another fund. Examples of activities under this fund are general administration, police and fire protection, and public works. Its revenues are generally unrestricted which means that they may be used for any approved governmental purpose.
