RE: **Mercer County 2020 Bicycle Master Plan Element**

I am pleased to send this final copy of the Mercer County Bicycle Master Plan Element to you in accordance with the New Jersey County Planning Act, NJSA 40:27-4(a). Please find enclosed an attested copy of new Bicycle Master Plan Element addition the Mercer County Master Plan, adopted by the Mercer County Planning Board on March 11th, 2020. A public hearing was held on March 11th, 2020. The 2020 Bicycle Master Plan Element, a complementary plan to the Mobility Element, intends to plan for the inclusion of bicycle facilities into the County Highway network as envisioned per the Mercer County Complete Streets Policy (Resolution No. 2012-249).

The Bicycle Master Plan Element is being sent out via flash drive due to logistical considerations for both the County and our Municipalities. As more meetings, activities and responsibilities move online, electronic distribution was determined to be the most viable option. If you still have questions about the origin and security of these flash drives, please feel free to contact our office to verify.

Additional copies of this plan and its elements can also be found on the Mercer County Planning Department website under: <http://www.mercercounty.org/departments/planning/>
