Greetings Salem neighbors,

I hope you and your families have had a great start to 2018. I know this winter weather has been challenging and I am looking forward to a long-awaited Spring here in Michigan. I am grateful to those of you who have gone above and beyond to help others who needed it during our winter storms. It has been encouraging to see Salem residents looking out for each other.

In our last addition of the Messenger, we talked about a \$10 million grant that was a legislative appropriation earmarked specifically for Salem Township. It will be administrated through the Michigan Economic Development Corporation (MECD). This grant will be for the purpose of design and construction of the infrastructure for development in the USD for water and sanitary sewer utilities. In the February Board of Trustees meeting, the board finalized the paperwork for the grant. Our engineers will be starting the design work for the infrastructure which will take approximately 6 to 8 months. The estimated total cost will be 23 million dollars. We maintain our position that the cost of this infrastructure will be the sole responsibility of the developers. They must fund this project with no burden on the taxpayers of Salem Township.

Second in the February the Board of Trustees meeting we voted and passed the streetscape project in the Salem Hamlet. This project will include engineering, streetlights, trees, sidewalks and signage. It will be a nice makeover for our downtown, historical Hamlet area. The estimated cost is \$500,000.

Once again, I want to sincerely thank many of you who have reached out to me concerning any issues or questions that you have had. Unfortunately, some have heard rumors that have been spread. Should you hear anything that is cause for concern, I would count it a privilege to speak with you and provide you with facts that will help our community understand what is before us. Please don't hesitate to reach out to me on my personal cell phone.

Take good care,

248-909-3200

CLERK'S COMMENTARY: FROM THE DESK OF DEL WENSLEY

May 8, 2018: Ann Arbor School Election – Precinct Consolidated with Northfield Township

For the upcoming May 8, 2018 Ann Arbor School election, in an effort to save taxpayer dollars, we have consolidated the precinct for this election only due to the small number of electors in this school precinct. Citizens who reside in the Ann Arbor school system will vote at the Salem Township Hall at 9600 Six Mile Rd. More details will follow for voters in Precinct 3.

Inside Michigan Politics – 2017 Public Acts

The Michigan Legislature introduced many new issues that were signed into law during the end of 2017. The following is a partial list of 2017 public acts that may impact townships throughout Michigan.

- **PA 37: Emergency Vehicles:** Eliminates requirement that emergency lights must be mounted on the roof of an authorized vehicle.
- **PA 61: Unattended Running Vehicles:** Allows unattended running vehicles under certain circumstances with subject to violation.
- **PA 112: Roadway Solicitations:** Allows solicitation of contributions in public roadways during daylight hours by certain charitable or veterans organizations subject to compliance with local regulations.
- **PA 147: Water treatment project grants:** Increase the amount of grants that a municipality may receive to help finance certain sewage & water treatment projects.

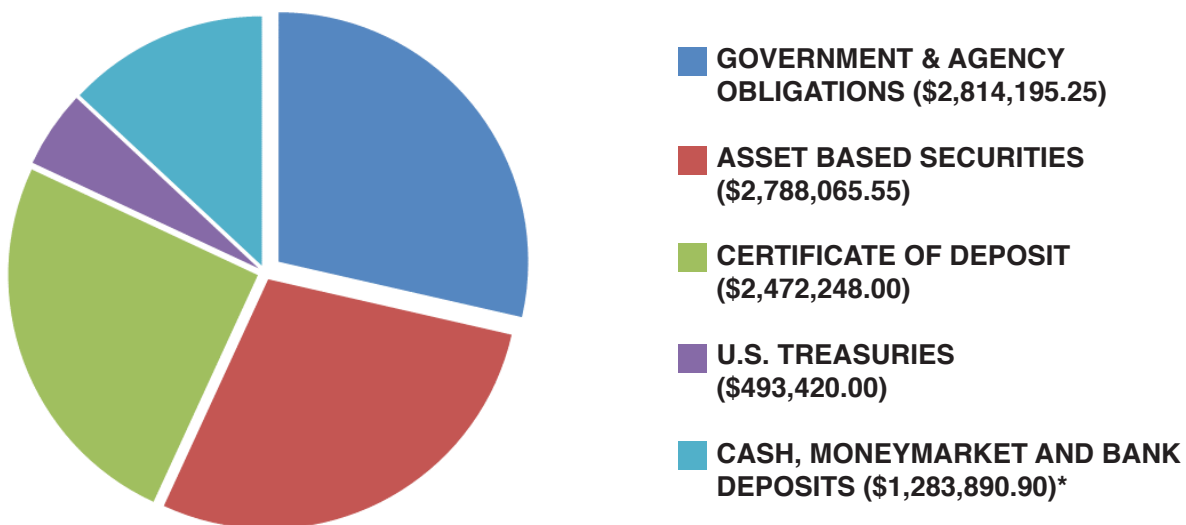

TREASURER'S UPDATE

Residents in the Hamlet that were paying for their sewer tap and/or debt service fee received their final bill for those charges this past February. The bond that financed the Hamlet sewer system is now paid in full. The sewer billing for the Hamlet going forward will only be \$49.50 per month which will be used to cover the operation and maintenance of the sewer plant. The Township still has an obligation for the bond that funded the sewer expansion that runs along Chubb Road between Five and Six Mile Roads until 2022. Billing for the Expansion will remain the same.

The status of the work to fulfill the SAW grant has not changed from my last communication. Inspection of the sewer collection system has been completed, but the assessment of the pumping stations, manholes, and waste disposal plant still need to be completed. Once all the different components are inspected a formal review will be completed and a final report issued. This process is expected to take at least two to three years to complete.

Looking ahead, Salem Township will be incurring major expenses for the road paving project, upcoming purchase of a fire truck/pumper, and other future major capital improvement projects. These expenditures will require the Township to use some of the capital held in our reserve / investment account. The Treasurer's office has been aware for past several years of the upcoming capital outlay that will be necessary and has directed all investments in the investment portfolio into investment that can be liquidated without major penalties. CD's, Treasuries, and interest-bearing accounts have and will be utilized in the future so that we do not incur penalties from a volatile bond market once those funds are required. The Treasurer's office has been using a liquid MI CLASS savings account that presently bears a 15 bases point disadvantage to a one-year CD. However, the Federal Reserve has indicated that they plan on having at least 3 maybe 4 rate increases in 2018. Given this information, I am confident that it is prudent to invest in this account where interest rate is tied to the FED Fund Rate verses a CD that is locked when it is purchased. The "CASH MONEYMARKET AND BANK DEPOSITS" in the chart below now includes the MI CLASS savings account instead of being reported separately as in the past.

SALEM TOWNSHIP FIRE DEPARTMENT

Dear Salem Township Residents,

The year of 2017 was a busy year for our fire department. Listed below is a percentage breakdown for the calls of service we received. For the over 500 calls for service in 2017, over half of them fell into two categories, medicals and car accidents. It is also worth noting that our average response times to these calls were well under the accepted national average.

In an effort to continue to improve service to our community, we are seeking bids to replace our 23-year engine. The new engine, if purchased as designed, would greatly enhance our firefighting capability by adding the ability to attack a fire with foam as well as increased the vehicle dependability.

WASHTENAW COUNTY SHERIFF'S DEPT.

We have had several scams in the last couple months. There have been 4 scams total and 2 of the 4 have given a considerable amount of money (\$1,500 and \$3,000).

- Victims receive a call from someone claiming to be with the Washtenaw County Sheriff's Office.
- Scammer leaves a message telling the victim that they have an issue that needs to be taken care of.
- Victims call back to a number that is set up to mimic our official phone service voicemail. After selecting the appropriate option, they are connected to a real person.
- From here there are several variations
 - The scammer informs them that they have missed jury duty and now have a warrant. In order to clear the warrant, they are told that they need to get a money card and call back. Upon calling back they are instructed to give the money card number and the scammers then have access to the funds. Two of the four have had this happen and it sounds like a 3rd may have had this same scam just today.
 - The other variation is that a grandparent is told that their grandchild is in jail and needs bond money. To do so the victim is asked to get a money card and call back and the same thing happens with the card numbers.

Although scams are nothing new, it is not normal to have so many in close proximity. We also heard the voice mail system and it sounds very official and may cause confusion. However, we would never call demanding money. We are hoping to get this information out as much as possible so that citizens will be prepared if they are contacted by one of these scammers.

SALEM COMMUNITY EVENTS

Salem Community Events held its annual Children's Christmas party in December. We would like to thank all those who helped make it such a success. Santa arrived 15 minutes after the party started and stayed, listening to the children's Christmas wishes for about an hour. The kids also enjoyed Christmas bingo, face painting, balloon creations and crafts. Salem Hills Golf Course graciously hosts this event for us each year.

We have begun planning for the 2018 Salem Flag Day Celebration held June 2nd. Leonard Bourgoïn will be the 2018 Grand Marshal. He grew up in Garden City and moved to South Lyon in 1979. He used to drive to Redford for work along Seven and Eight Mile Roads. One day he was detoured to Six Mile and saw a sign advertising a building for lease. Along with a partner he moved his business, Salem Tool, to that building. Leonard worked with his brother, Mike for 30 years until Mike's death. Mike lived just down the street from Leonard in Salem. Leonard manufactures a soil density tester developed by with the US Army Corp of Engineers and a company in Plymouth with whom he did business. The device was on loan and Leonard was involved in the redesign and manufacturing of the improved device. The device is used for road work to determine bearing capacity. The device is shipped for use all over the world.

Leonard's granddaughter lives with him and he is active in various volunteer opportunities at her school. Leonard shared that his dream was to work in the community in which he lived manufacturing a unique product. Leonard's dream has become a reality in Salem!

Please consider becoming involved in this community event. We need people to help during the actual event. Vendors are welcome to set up tables to sell their wares. We are looking for a band to perform before the fireworks. If you would like to be part of the "longest parade on the shortest route" join the line up at Salem Elementary School at 10:00 am Saturday morning, June 2nd. Dan Jenkinson and helpers will be on site to tell you what you need to do. Fireworks will be shot that evening. (Rain date is June 9th.) Donors are needed to underwrite the fireworks and other expenses. Give Theresa (248.808.0870) or Linda (248.380.7017) a call if you want to help. Checks should be mailed to Salem Community Events, PO Box 75041, Salem, MI 48175. You can also help us by shopping at Kroger or Amazon -

THE SALEM PROMISE

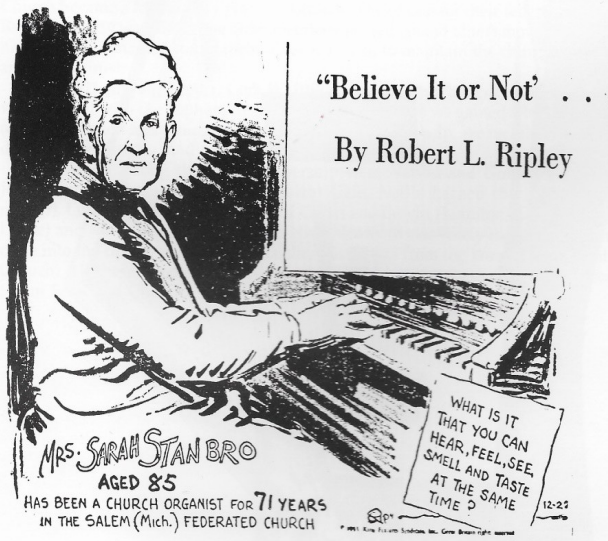

By the time you read this the scholarship applications will be at the schools and posted online. Students may either get a copy from their Counselor's office or go to our website: TheSalemPromise.org. Just scroll down to the application section and click the download button for either the printable version or the online version, your choice.

The deadline for submitting the application this year is April 21, 2018. It's a little earlier than in the past but will give the Awards Committee a little more time to meet and review them. All Salem Township graduating high school seniors are eligible, and to qualify, an applicant only has to have a 2.0 GPA. Remember, this scholarship isn't just for the straight "A" kids, it's open to everyone, even if you want to go to a Trade school.

As always, a copy can be picked up at the Township office or call me at 248-437-0012.

Thank you,
Pat Curley

MEMENTO MORI

On December 20, 1931, Salem Federated Church (now Salem Bible Church) celebrated its Centennial. At that celebration special recognition was given to Mrs. Sarah Stanbro for her faithful service as the church organist. Mrs. Stanbro had served in that capacity for the congregation for 71 years. Ripley's Believe It or Not picked up on the feat and published a clip in her honor in their regular daily column. To the left is a copy of that clip from a December 1931 copy of the Detroit News.

Mrs. Stanbro is interred in the Salem-Walker Cemetery.
