Bond Repayment

The City budget includes sufficient appropriations and adequate revenues are expected to be collected to meet the debt service obligations associated with the 2005 Water Revenue Bonds.

The former Community Development Commission (CDC) issued a number of tax allocation bonds before it was dissolved by State law effective February 1, 2012 and is administered by the City acting as Successor Agency under the oversight of the appointed Oversight Board. The Successor Agency no longer receives tax increment. Instead distributions from the Redevelopment Property Tax Trust Fund (RPTTF) are received based on approved obligations. It is anticipated that sufficient allocations from the RPTTF will continue to be made to the Successor Agency to meet ongoing debt service obligations.

Unspent Bond Proceeds

Under an approved Bond Expenditure Agreement, unspent bond proceeds of the former CDC in the amount of approximately \$19 million were transferred to the City in July 2014. The funds are to be spent in accordance with the original bond documents. The unspent proceeds continue to be a source of funding within the City's capital improvement program (CIP).

The funds were restricted for use on water system improvements. In August 2013 the Water Utility Authority Board appropriated the proceeds for the Equipping Water Well No. 12 Project and all proceeds were since used on this project.

Resolution SA-2016-004 – Confirming the Issuance of 2016 Tax Allocation Refunding Bonds and Approving Preliminary and Final Official Statements and a Bond Purchase Agreement Relating Thereto

RECOMMENDATION

That the Successor Agency adopt Resolution No. SA-2016-004 confirming the issuance of 2016 Tax Allocation Refunding Bonds and approving preliminary and final Official Statements and a Bond Purchase Agreement relating thereto.

BACKGROUND

The Successor Agency to the Santa Fe Springs Community Development Commission (the "Successor Agency") has assumed responsibility for repayment of all the outstanding bonds from the former Santa Fe Springs Community Development Commission ("CDC"). Per Assembly Bill (AB) 1484, the Successor Agency may refund existing bonds, with approval of the Oversight Board and the State Department of Finance, for the purpose of creating debt service savings.

Prior to dissolution, the CDC issued the following tax allocation bonds (the "Outstanding Bonds"):

- In 2001, \$28,845,000 of Series A Bonds (the "2001A Bonds"), of which \$13,965,000 is currently outstanding;
- In 2002, \$50,915,000 of Series A Bonds (the "2002A Bonds"), of which \$5,150,000 is currently outstanding;
- In 2003, \$6,530,000 of Series A Housing Taxable Revenue Bonds (the "2003A Bonds"), of which \$2,775,000 is currently outstanding;
- In 2006, \$4,710,000 of Series A Current Interest Bonds (the "2006A CIBs"), of which \$2,875,000 is currently outstanding;
- In 2006, \$22,948,493 of Series A Capital Appreciation Bonds (the "2006A CABs"), of which \$22,948,493 is currently outstanding;
- In 2006, \$18,760,000 of Series B Current Interest Bonds (the "2006B Bonds"), of which \$7,085,000 is currently outstanding; and
- In 2007, \$43,015,000 of Series A Bonds (the "2007A Bonds"), of which \$33,395,000 is currently outstanding.

On April 14, 2016, the Successor Agency adopted Resolution No. SA-2016-003, and on April 20, 2016, the Oversight Board adopted Resolution No. OB-2016-005. Both Resolutions authorized the issuance of 2016 Tax Allocation Refunding Bonds (the "2016 Bonds") by the Successor Agency.

City of Santa Fe Springs

Successor Agency Meeting

June 23, 2016

On June 6, 2016, the State Dept. of Finance issued a letter approving the issuance of the 2016 Bonds by the Successor Agency.

With current municipal bond interest rates at historic lows, an opportunity exists to refund eligible outstanding bonds with lower interest bonds and realize future year savings. Of the above-listed bonds, the 2001A Bonds, 2002A Bonds, 2003A Bonds, 2006A CIBs, and the 2006B Bonds (the "Refunded Bonds") are eligible to be refunded with new tax allocation bonds (Proposed "2016 Bonds") in a principal amount not to exceed \$31.8 million, resulting in future year debt service savings of approximately \$3.55 million (or a present value savings of \$3.25 million based on current market conditions and rates at roughly 2.5% for this type of bond issue). The final repayment or maturity date (2024) of the Refunded Bonds would be matched by the 2016 Bonds. Certainly, the final savings depend upon market interest rates at the time the 2016 Bonds are priced.

Estimated annual savings amounts would be allocated to the various taxing entities, including the county, school districts, and the City's General Fund. It is important to note that the City's anticipated portion of the savings is very modest, totaling about \$227,500 or \$25,275 per year through 2024. This is consistent with the City's relatively low property tax share of seven percent (7%).

exempt bonds), they would allow for more time flexibility in the expenditure of currently available bond proceeds that the City has earmarked for Capital Improvement Projects (CIPs).

The 2001A, 2002A, and 2003A Bonds are all currently callable (eligible for refunding) on any date with no premium to be paid. The 2006A CIBs and 2006B Bonds are eligible to be called on September 1, 2016, also with no premium. The 2006A CABs are non-callable (not eligible for refunding) and the 2007A Bonds cannot be refinanced until 2017.

At the time of this writing, the City Council Finance Subcommittee (consisting of Mayor Moore and Councilmember Sarno) are scheduled to convene prior to the City Council meeting to review the proposed refunding and make a recommendation to the City Council.

Based on a preliminary schedule, it is anticipated that the Proposed 2016 Bonds would close by the third week of July 2016, at which time a redemption notice would be issued to fully redeem the refunded bonds.

The Successor Agency's financing team of Urban Futures, Inc. as municipal advisor and fiscal consultants ("Financial Advisor"), Jones Hall, a Professional Corporation, as bond and disclosure counsel (Bond Counsel/Disclosure Counsel"), Stifel, Nicolaus & Company, Incorporated, as bond underwriter ("Underwriter"), and US Bank National Association, as trustee, are proposed ("Trustee"). The related fees for all firms are entirely contingent upon a completion of the financing.

The Successor Agency has, with the assistance of Bond Counsel/Disclosure Counsel and its Financial Advisor, caused to be prepared a form of the preliminary Official Statement describing the 2016 Bonds and containing material information relating to the redevelopment project areas and tax increment revenues. The Successor Agency is being asked to approve distribution of the preliminary Official Statement by the Underwriter. Counsel to the Underwriter has also prepared, and Bond Counsel has reviewed, the form of the Bond Purchase Agreement.

Documents to be Approved

Approval of Resolution SA-2016-004 confirming the issuance of 2016 Tax Allocation Refunding Bonds and approving preliminary and final Official Statements and a Bond Purchase Agreement relating thereto will authorize the execution of the following documents which are not included with the document due to their length, but are available for review in the City Clerk's Office:

City of Santa Fe Springs

Successor Agency Meeting

June 23, 2016

Preliminary Official Statement – The preliminary Official Statement will be provided to potential buyers of the 2016 Bonds, and contains information about the redevelopment project area, the form of the Continuing Disclosure Certificate, and a description of the security for repayment of principal and interest on the 2016 Bonds, consisting of a portion of the tax increment revenues that are deposited into the Successor Agency's Redevelopment Property Tax Trust Fund ("RPTTF") from the Consolidated Redevelopment Project Area. After the 2016 Bonds are priced, the final interest rates and terms will be inserted into a final Official Statement.

The attached preliminary Official Statement has been reviewed and approved for transmittal to the Successor Agency by staff and the Successor Agency's financing team. The distribution of the preliminary Official Statement by the Successor Agency is subject to federal securities laws, including the Securities Act of 1933 and the Securities Exchange Act of 1934. These laws require the preliminary Official Statement to include all facts that would be material to an investor in the 2016 Bonds. Material information is information that there is a substantial likelihood would have actual significance in the deliberations of the reasonable investor when deciding whether to buy or sell the 2016 Bonds. The proposed resolution authorizes staff to execute a certificate to the effect that the preliminary Official Statement has been "deemed final."

The key sections of the preliminary Official Statement are summarized below:

INSIDE COVER/"THE 2016 BONDS": These sections summarize the key terms of the bonds, including principal amount, interest rate and the Successor Agency's redemption/prepayment rights.

"SECURITY FOR THE 2016 BONDS": This section summarizes the key sources of security for the 2016 Bonds. The 2016 Bonds are payable from Tax Revenues, which consist of a portion of the revenues generated in the Consolidated Redevelopment Project; the 2016 Bonds are payable on a subordinate basis to two series of outstanding bonds:

- City of Santa Fe Springs Consolidated Redevelopment Project Tax Allocation Bonds, 2006 Series A
- \$43,015,000 original principal amount Community Development Commission of the City of Santa Fe Springs Consolidated Redevelopment Project Tax Allocation Refunding Bonds, 2007

"THE PROJECT AREA": This section provides financial and operating information about the Consolidated Redevelopment Project.

City of Santa Fe Springs

Successor Agency Meeting

June 23, 2016

"RISK FACTORS": This section summarizes the key risks associated with ownership of the Bonds, most of which relate to things that could impact assessed values in the Consolidated Redevelopment Project.

Bond Purchase Agreement - This document has been prepared in draft form, and describes the terms and conditions under which the Underwriter will purchase the 2016 Bonds from the Successor Agency. After the 2016 Bonds are priced, the Bond Purchase Agreement will be finalized with the interest rates and terms resulting from the bond sale.

FISCAL IMPACT

The Proposed 2016 Bonds will generate an estimated total debt service savings of \$3.55 million, net of all costs of issuance. The savings will result in increased allocations of RPTTF to the various taxing entities, including the City's General Fund. The term of the 2016 Bonds will not exceed the existing term of the Refunded Bonds, and overall debt service will be reduced in each year until 2024, when the 2016 Bonds will be completely repaid.

The source of repayment of the 2016 Bonds will not change and will continue to be limited to tax revenues of the Consolidated Redevelopment Project Area deposited by the County into the Successor Agency's RPTTF.

If approved, the 2016 Bonds will not be a debt of the City, but a special limited obligation of the Successor Agency in the same manner as the existing bonds.

Purpose. The above-captioned bonds (the “2016 Bonds”) are being issued by the Successor Agency to the Community Development Commission of the City of Santa Fe Springs (the “Successor Agency”), as successor to the former Community Development Commission of the City of Santa Fe Springs (the “Former Agency”), pursuant to an Indenture of Trust, dated as of July 1, 2016 (the “Indenture”), by and between the Successor Agency and U.S. Bank National Association, as trustee (the “Trustee”), to refund certain outstanding obligations of the Successor Agency as more particularly described in this Official Statement.

Book-Entry. The City and the Successor Agency

The City. The City of Santa Fe Springs (the "**City**") is located in Los Angeles County (the "**County**"). The City is a municipal corporation duly organized and existing under the Constitution and the laws of the State. The City was incorporated in 1957, and operates as a general law city. It maintains a council-manager form of government. The members of the City Council of the City (the "**City Council**") are elected at-large for alternating four-year terms with the Mayor selected annually among their number by the City Council. For certain information regarding the City, see "APPENDIX G – City of Santa Fe Springs and Los Angeles County General Information."

Former Agency. The Successor Agency is the successor entity to the Former Agency, which was dissolved under the Dissolution Act (described herein). The Former Agency was a redevelopment agency with all of the powers vested in such organizations under the Community Redevelopment Law (as amended or supplemented from time to time, the "**Redevelopment Law**"). The City Council was the governing board of the Former Agency.

Dissolution Act. On June 29, 2011, Assembly Bill No. 26 ("**AB X1 26**") was enacted, together with a companion bill, Assembly Bill No. 27 ("**AB X1 27**"). The provisions of AB X1 26 provided for the dissolution of all redevelopment agencies statewide as of February 1, 2012. The provisions of AB X1 27 permitted redevelopment agencies to avoid such dissolution by the payment of certain amounts. A lawsuit was brought in the California Supreme Court, *California Redevelopment Association, et al., v. Matosantos, et al.*, 53 Cal. 4th 231 (Cal. Dec. 29, 2011),

challenging the constitutionality of AB X1 26 and AB X1 27. The California Supreme Court largely upheld AB X1 26, invalidated AB X1 27, and held that AB X1 26 may be severed from AB X1 27 and enforced independently. As a result of AB X1 26 and the decision of the California Supreme Court in the *California Redevelopment Association* case, as of February 1, 2012, all redevelopment agencies in the State were dissolved, including the Former Agency, and successor agencies were designated as successor entities to the former redevelopment agencies to expeditiously wind down the affairs of the former redevelopment agencies.

The primary provisions enacted by AB X1 26 relating to the dissolution and wind down of former redevelopment agency affairs are found in Parts 1.8 (commencing with Section 34161) and 1.85 (commencing with Section 34170) of Division 24 of the California Health and Safety Code of the State, as amended on June 27, 2012 by Assembly Bill No. 1484 ("**AB 1484**"), enacted as Chapter 26, Statutes of 2012 and as further amended on September 22, 2015 by Senate Bill No. 107 ("**SB 107**"), enacted as Chapter 325, Statutes of 2015. The provisions of Part 1.85, as amended by AB 1484 and SB 107 are referred to in this Official Statement as the "**Dissolution Act**." The Redevelopment Law together with the Dissolution Act and the acts amendatory thereof and supplemental thereto are sometimes referred to in this Official Statement as, the "**Law**."

Successor Agency. Pursuant to Section 34173 of the Dissolution Act, the City made an election to act as the successor agency to the Former Agency. Subdivision (g) of Section 34173 of the Dissolution Act, added by AB 1484, expressly affirms that the Successor Agency is a separate public and legal entity from the City, that the two entities shall not merge, and that the liabilities of the Former Agency will not be transferred to the City nor will the assets of the Former Agency become assets of the City.

The Redevelopment Plan and the Project Area

Redevelopment Plan. The City Council established the Consolidated Redevelopment Project (the "**Original Project Area**"), and approved a redevelopment plan for the Original Project Area (the "**Original Redevelopment Plan**") pursuant to Ordinance No. 592, adopted by the City Council on November 13, 1980. The Original Redevelopment Plan has been amended several times since adoption, including pursuant to Ordinance No. 605 adopted on July 9, 1981 ("**Amendment No. I**") and pursuant to Ordinance No. 770 adopted on November 20, 1990 ("**Amendment No. III**") which collectively added approximately 1,359 acres on land to the Original Project Area as described below. The Original Redevelopment Plan as amended from time to time is hereinafter referred to as the "**Redevelopment Plan**."

See "THE PROJECT AREA – The Redevelopment Plan" for further information regarding the Redevelopment Plan.

Project Area. The Original Project Area was formed as a result of the merger of the following four formerly separate redevelopment project areas established by the Former Agency:

- Flood Ranch Project, initially formed on April 14, 1966 (the "**Flood Ranch Project**"),
- Pioneer-Telegraph Redevelopment Project, initially formed on June 8, 1972 (the "**Pioneer-Telegraph Project**"),

- Norwalk Boulevard Redevelopment Project, initially formed on July 31, 1972 (the "**Norwalk Boulevard Project**"), and
- Oil Field Redevelopment Project, initially formed on August 9, 1973 (the "**Oil Field Project**").

Immediately after the merger, the Original Project Area consisted of approximately 2,090 acres of land.

Since formation, the Original Project Area has been amended as follows:

- Pursuant to Amendment No. I which added approximately 1,337 acres of land (the "**Amendment No. I Area**") to the Original Project Area; and
- Pursuant to Amendment No. III which added approximately 22.6 acres of land (the "**Amendment No. III Area**").

The Original Project Area, as amended, consists approximately 3,450 acres of land, and is referred to in this Official Statement as the "**Project Area**."

In addition to the Project Area, the Former Agency established the Washington Boulevard Redevelopment Project (the "**Washington Boulevard Project Area**") on July 17, 1986. The Washington Boulevard Project Area consists of approximately 55 acres of commercial and light industrial zoned land. The 2016 Bonds are secured solely by an irrevocable pledge of, and are payable as to principal and interest from, Tax Revenues, including all of the Tax Revenues in the Redevelopment Obligation Retirement Fund, and moneys in certain funds and accounts established and held by the Trustee under the Indenture as described in this Official Statement. Tax Revenues consists primarily of tax increment revenues generated solely in the Project Area and therefore, the information set forth in this Official Statement regarding the Former Agency's redevelopment project areas is limited to the Project Area and does not include any information regarding the Washington Boulevard Project Area.

See "THE PROJECT AREA" for additional information on land use and property ownership within the Project Area. Set forth on the next page is a map of the Project Area.

Tax Allocation Financing

Prior to the enactment of AB X1 26, the Redevelopment Law authorized the financing of redevelopment projects through the use of tax increment revenues, and the Los Angeles County Auditor-Controller (the "**County Auditor-Controller**") apportioned tax increment revenue to all redevelopment agencies as described in the Redevelopment Law. This method provided that the taxable valuation of the property within a redevelopment project area on the property tax roll last equalized prior to the effective date of the ordinance which adopted the redevelopment plan became the base year valuation. Assuming the taxable valuation never dropped below the base year level, the taxing agencies receiving property taxes thereafter received only that portion of the taxes produced by applying then current tax rates to the base year valuation, and the redevelopment agency was allocated the remaining portion of property taxes produced by applying then current tax rates to the increase in valuation over the base year. Such incremental tax revenues allocated to a redevelopment agency were authorized to be pledged to the payment of redevelopment agency obligations.

Authority to Issue Refunding Bonds

Section 34177.5(a)(1) of the Dissolution Act authorizes the issuance of refunding bonds to provide debt service savings, provided that (i) the total interest cost to maturity on the refunding bonds or other indebtedness plus the principal amount of the refunding bonds or other indebtedness does not exceed the total remaining interest cost to maturity on the bonds or other indebtedness to be refunded plus the remaining principal of the bonds or other indebtedness to be refunded, and (ii) the principal amount of the refunding bonds or other indebtedness does not exceed the amount required to defease the refunded bonds or other indebtedness, to establish customary debt service reserves, and to pay related costs of issuance.

Successor agencies have no power to levy property taxes and must rely on the allocation of taxes as described above. See "RISK FACTORS."

Security for the 2016 Bonds

The 2016 Bonds are secured only by a pledge of, security interest in and lien on, all of the Tax Revenues, including all of the Tax Revenues in the Redevelopment Obligation Retirement Fund, and a first and exclusive pledge of, security interest in and lien upon all of the moneys in the certain funds and accounts established and held by the Trustee under the Indenture, as further described in this Official Statement. See "Limited Obligation" below.

The Dissolution Act requires the County Auditor-Controller to annually determine the amount of property taxes that would have been allocated to the Former Agency from the Project Area had the Former Agency not been dissolved pursuant to the operation of AB X1 26, using current assessed values on the last equalized roll on August 20 of each year, and to deposit that amount in the Redevelopment Property Tax Trust Fund for the Successor Agency established and held by the County Auditor-Controller (the "**Redevelopment Property Tax Trust Fund**") pursuant to the Dissolution Act. The Dissolution Act provides that any bonds authorized thereunder to be issued by the Successor Agency will be considered indebtedness incurred by the dissolved Former Agency, with the same lien priority and legal effect as if such bonds had been issued prior to the effective date of AB X1 26, in full conformity with the applicable provisions of the Law that existed prior to that date, and will be included in the Successor Agency's Recognized Obligation Payment Schedule (see "SECURITY FOR THE 2016 BONDS – Recognized Obligation Payment Schedules").

The Dissolution Act further provides that property tax revenues pledged to any bonds authorized under the Dissolution Act, such as the 2016 Bonds, are taxes allocated to the successor agency pursuant to the provisions of the Redevelopment Law and the State Constitution.

Under the Dissolution Act, property tax revenues are distributed to the Successor Agency on a semi-annual basis (on January 2 and June 1) based on a Recognized Obligation Payment Schedule submitted by the Successor Agency to an oversight board established for the Successor Agency (the "**Oversight Board**") and the State Department of Finance (the "**DOF**"). Pursuant to SB 107, the functions of the Oversight Board will be assumed by an oversight board established for all successor agencies within the County commencing on July 1, 2018. The County Auditor-Controller distributes funds from the Redevelopment Property Tax Trust Fund for each six-month period in the order specified in the Dissolution Act. See "SECURITY FOR THE 2016 BONDS – Recognized Obligation Payment Schedules."

In accordance with the Dissolution Act, the term "**Tax Revenues**" is defined under the Indenture to mean, for each Fiscal Year, all moneys derived from that portion of taxes levied upon assessable property within the Project Area deposited from time to time in the Redevelopment Property Tax Trust Fund, as provided in paragraph (2) of subdivision (a) of Section 34183 of the Law, excluding (i) for each Senior Obligation (as defined below), the amount pledged under the Senior Obligation Indenture (as defined below) to make payments on such Senior Obligation, but only to the extent required to make such payments and (ii) amounts, if any, payable by the Successor Agency pursuant to Sections 33676, 33607.5, 33607.7 and 34183(a)(1) of the Law, including amounts payable under the Pass-Through Agreements, except to the extent that such amounts are payable on a basis subordinate to the payment of Annual Debt Service on the 2016 Bonds or any Parity Debt pursuant to Sections 33607.5(e) and 34177.5(c) of the Law or pursuant to the terms of the Pass-Through Agreements, as applicable.

The Indenture defines "**Redevelopment Obligation Retirement Fund**" to mean the fund established and held by the Successor Agency pursuant to Section 34170.5(a) of the Law.

See "SECURITY FOR THE 2016 BONDS – Negotiated Pass-Through Agreements," "– Section 33676 Payments" and "– Statutory Pass-Through Payments" for information regarding the Successor Agency's negotiated and statutory pass-through obligations.

Existing Senior Debt

The payment of debt service on the 2016 Bonds is subordinate to the payment of debt service on the following bonds issued by the Former Agency (collectively, the "**Senior Obligations**"):

- \$22,948,493.15 original principal amount Community Development Commission of the City of Santa Fe Springs Consolidated Redevelopment Project Tax Allocation Bonds, 2006 Series A, issued as capital appreciation bonds (the "**2006A Capital Appreciation Bonds**"), which are outstanding in the aggregate principal amount of \$32,831,792 (as of March 1, 2016, including accreted value); and

\$43,015,000 original principal amount Community Development Commission of the City of Santa Fe Springs Consolidated Redevelopment Project Tax Allocation

The 2006A Capital Appreciation Bonds were issued pursuant to the Indenture of Trust, dated as of February 1, 1992 (the "**1992 Indenture**"), by and between the Former Agency and U.S. Bank National Association, as successor trustee, as supplemented and amended from time to time, up to and including, a Fifth Supplement to Indenture of Trust, dated as of August 1, 2006 (the "**Fifth Supplement**").

The 2007 Bonds were issued pursuant to the 1992 Indenture, as supplemented and amended from time to time, up to and including, a Seventh Supplement to Indenture of Trust, dated as of June 1, 2007 (the "**Seventh Supplement**").

The 1992 Indenture as supplemented and amended from time, including the Fifth Supplement and the Seventh Supplement, is referred to herein as, the "**Senior Obligation Indenture**."

See "THE 2016 BONDS – Existing Senior Debt."

No Future Senior Debt; Future Parity and Subordinate Debt

No Future Senior Debt. The Indenture prohibits the Successor Agency from encumbering, pledging or placing any charge or lien upon any of the Tax Revenues or other amounts pledged to the 2016 Bonds superior to the pledge and lien created for the benefit of the 2016 Bonds in the Indenture.

See "THE 2016 BONDS – No Future Senior Debt; Future Parity and Subordinate Debt."

Future Parity and Subordinated Debt. The Indenture authorizes the Successor to issue additional bonds, notes or other obligations payable from and secured by a lien on Tax Revenues that is on parity with the lien under the Indenture in favor 2016 Bonds (such bonds, notes or other obligations referred to herein as, "**Parity Debt**") to refund all or a portion of the 2016 Bonds or future bonds issued on a parity therewith subject to certain conditions. See "THE 2016 BONDS – No Future Senior Debt; Future Parity and Subordinate Debt."

The Indenture permits the Successor Agency to issue Subordinate Debt (as hereinafter defined).

See "THE 2016 BONDS – No Future Senior Debt; Future Parity and Subordinate Debt."

Limited Obligation

The 2016 Bonds are limited obligations of the Successor Agency and are secured by an irrevocable pledge of, and are payable as to principal and interest from, Tax Revenues, including all of the Tax Revenues in the Redevelopment Obligation Retirement Fund and moneys in certain funds and accounts established and held by the Trustee under the Indenture. The principal of and interest on the 2016 Bonds are not a debt of the City, the County, the State or any of their political subdivisions except the Successor Agency, and none of the City, the County, the State nor any of their political subdivisions except the Successor Agency are liable thereon. The principal of and interest on the 2016 Bonds are not payable out of any funds other than those set forth in the Indenture. No member, officer, agent or employee of the City, the County, the Successor Agency, the Oversight Board, the City Council, the Board of Supervisors

of the County or any person executing the 2016 Bonds is liable personally on the 2016 Bonds by reason of their issuance.

Debt Service Reserve Account

A portion of the proceeds of the 2016 Bonds will fund a deposit of \$_____ to satisfy the **"Reserve Requirement"** (as hereinafter defined); in the alternative, the Reserve Requirement may be met with the deposit of a debt service reserve policy. See "SECURITY FOR THE 2016 BONDS – Debt Service Reserve Account."

Application for Bond Insurance and Reserve Policy

The Successor Agency has applied for a municipal bond insurance policy for the 2016 Bonds and for a debt service reserve policy. Should the Successor Agency select a provider for any such policies, then the Successor Agency will supplement this Official Statement prior to the offering of the 2016 Bonds, to reflect the terms of any commitment to issue such policies.

REFUNDING PLAN

Redemption of the Refunded Bonds

Pursuant to the Escrow Agreement (the "**Escrow Agreement**"), by and between the Successor Agency and U.S. Bank National Association, as escrow agent (in such capacity, the "**Escrow Agent**"), the Successor Agency will deliver a portion of the proceeds of the 2016 Bonds, along with other available amounts, to the Escrow Agent for deposit in an escrow fund established under the Escrow Agreement (the "**Escrow Fund**").

The Escrow Agent will invest a portion of the funds in government securities and will hold the remainder in cash, uninvested. From the moneys on deposit in the Escrow Fund, the Escrow Agent will pay, within thirty days of delivery of the 2016 Bonds, the outstanding principal amount of all of the Refunded Bonds and the accrued interest thereon to the date of repayment.

Under the terms of the indentures relating to the Refunded Bonds, all of the outstanding Refunded Bonds will be deemed to be paid and discharged by irrevocably depositing with the trustee thereof, in trust, at or before maturity, money and certain federal securities permitted under the respective indentures relating to the Refunded Bonds, which, together with the available amounts then on deposit in the funds and accounts established pursuant to such indenture, is determined by independent account to be fully sufficient to pay all or such portion of such bonds outstanding, including all principal, interest and redemption premiums.

The amounts held by the Escrow Agent in the Escrow Fund are pledged solely to the amounts due and payable by the Successor Agency with respect to the Refunded Bonds. The funds deposited in the Escrow Fund will not be available for the payment of debt service with respect to the 2016 Bonds.

Verification of Mathematical Accuracy

_____ (the "**Verification Agent**"), will verify the sufficiency of the deposits in the Escrow Fund for the purposes described above. Assuming the accuracy of the Verification Agent's computations, as a result of the deposit and application of funds as provided in the Escrow Agreement, the Successor Agency's obligations with respect to the Refunded Bonds will be discharged.

The Verification Agent has restricted its procedures to examining the arithmetical accuracy of certain computations and has not made any study or evaluation of the assumptions and information upon which the computations are based and, accordingly, has not expressed an opinion on the data used, the reasonableness of the assumptions, or the achievability of the forecasted outcome.

THE 2016 BONDS

Authority for Issuance

The issuance of the 2016 Bonds and the execution and delivery of the Indenture were authorized by the Successor Agency pursuant to Resolution No. SA-2016-003 adopted on April 14, 2016 (the "**Resolution**"), and approved by the Oversight Board pursuant to Resolution No. OB 2016-005 adopted on April 21, 2016 (the "**Oversight Board Resolution**").

Pursuant to the Dissolution Act, written notice of the Oversight Board Resolution was provided to the DOF. On June 6, 2016, the DOF provided a letter to the Successor Agency stating that based on the DOF's review and application of the law, the Oversight Board Resolution approving the 2016 Bonds is approved by the DOF. See "APPENDIX F – State Department of Finance Approval Letter."

Section 34177.5(f) of the Dissolution Act provides that when, as in this case, a successor agency issues refunding bonds with the approval of the oversight board and the DOF, the oversight board may not unilaterally approve any amendments to or early termination of the 2016 Bonds, and the scheduled payments on the 2016 Bonds shall be listed in the Recognized Obligation Payment Schedule and are not subject to further review and approval by the DOF or the California State Controller.

Description of the 2016 Bonds

The 2016 Bonds will be issued and delivered in fully-registered form without coupons in integral multiples of \$5,000 for each maturity, initially in the name of Cede & Co., as nominee for The Depository Trust Company ("**DTC**"), New York, New York, as registered owner of all 2016 Bonds. The initially executed and delivered 2016 Bonds will be dated the date of delivery (the "**Closing Date**") and mature on September 1 in the years and in the amounts shown on the inside cover page of this Official Statement.

Interest on the 2016 Bonds (including the final interest payment upon maturity or earlier redemption) will be payable on March 1 and September 1 in each year commencing March 1, 2017 (each an, "**Interest Payment Date**") to the person whose name appears on the records maintained by the Trustee for the registration and transfer of ownership of the 2016 Bonds pursuant to the Indenture (the "**Registration Books**") as the owner thereof as of the Record Date immediately preceding each such Interest Payment Date, by check of the Trustee mailed by first class mail, postage prepaid, on the Interest Payment Date, to such owner at the address of such owner as it appears on the Registration Books as of such Record Date; provided however, that payment of interest may be by wire transfer to an account in the United States of America to any registered owner of 2016 Bonds in the aggregate principal amount of \$1,000,000 or more who shall furnish written wire instructions to the Trustee prior to the applicable Record Date. The Indenture defines the term "**Record Date**" to mean, with respect to any Interest Payment Date, the close of business on the fifteenth calendar day of the month preceding such Interest Payment Date, whether or not such fifteenth calendar day is a Business Day.

Each 2016 Bond will bear interest from the Interest Payment Date next preceding the date of authentication, unless (a) it is authenticated after a Record Date and on or before the following Interest Payment Date, in which event it shall bear interest from such Interest Payment Date; or (b) a 2016 Bond is authenticated on or before the first Record Date, in which event it

shall bear interest from the Closing Date; *provided, however*, that if, as of the date of authentication of any 2016 Bond, interest thereon is in default, such 2016 Bond shall bear interest from the Interest Payment Date to which interest has previously been paid or made available for payment thereon.

One fully-registered bond will be issued for each maturity of the 2016 Bonds, each in the aggregate principal amount of such maturity, and will be deposited with DTC. See "APPENDIX C – BOOK-ENTRY ONLY SYSTEM."

Redemption*

Optional Redemption. The 2016 Bonds maturing on or before September 1, 20__ are not subject to optional redemption prior to maturity. The 2016 Bonds maturing on and after September 1, 20__, are subject to redemption, at the option of the Successor Agency on any date on or after September 1, 20__, as a whole or in part, by such maturities as shall be determined by the Successor Agency, and by lot within a maturity, from any available source of funds, at a redemption price equal to the principal amount of the 2016 Bonds to be redeemed, together with accrued interest thereon to the date fixed for redemption, without premium.

Mandatory Sinking Account Redemption. The 2016 Bonds that are Term Bonds maturing September 1, 20__ and September 1, 20__ (the "Term Bonds") shall be subject to mandatory redemption in whole, or in part by lot, on September 1 in each year, commencing on September 1 in the years as set forth below, from sinking fund payments made by the Successor Agency, to the Principal Account pursuant to the Indenture, at a redemption price equal to the principal amount thereof to be redeemed, without premium, in the aggregate respective principal amounts and on September 1 in the respective years as set forth in the following tables; provided however, that (i) in lieu of redemption thereof such Term Bonds may be purchased by the Successor Agency pursuant to the Indenture, and (ii) if some but not all of such Term Bonds have been optionally redeemed, the total amount of all future sinking fund payments shall be reduced by the aggregate principal amount of such Term Bonds so redeemed, to be allocated among such sinking fund payments in integral multiples of \$5,000 as determined by the Successor Agency.

---	------------------------------------

Term Bonds Maturing September 1, 20__

Sinking Account Redemption Date (September 1)	Principal Amount To Be Redeemed
---	------------------------------------

* Preliminary, subject to change.

Purchase in Lieu of Redemption. In lieu of redemption of the Term Bonds as described above, amounts on deposit in the Special Fund or in the Principal Account or Sinking Account may also be used and withdrawn by the Successor Agency and the Trustee, respectively, at any time, upon the written request of the Successor Agency, for the purchase of the Term Bonds at public or private sale as and when and at such prices (including brokerage and other charges, but excluding accrued interest, which is payable from the Interest Account) as the Successor Agency may in its discretion determine. The par amount of any Term Bonds so purchased by the Successor Agency in any twelve-month period ending on June 15 in any year shall be credited towards and shall reduce the par amount of the Term Bonds required to be redeemed pursuant to partial redemption of the 2016 Bonds on September 1 in each year; provided that evidence satisfactory to the Trustee of such purchase has been delivered to the Trustee by said June 15. In no event shall the Successor Agency purchase any Term Bonds in lieu of redemption without canceling such Term Bonds.

Notice of Redemption. The Trustee on behalf and at the expense of the Successor Agency shall mail (by first class mail, postage prepaid) notice of any redemption at least twenty but not more than forty-five days prior to the redemption date, to (i) to the Owners of any 2016 Bonds designated for redemption at their respective addresses appearing on the Registration Books, and (ii) the Securities Depositories and to the Information Services; but such mailing shall not be a condition precedent to such redemption and neither failure to receive any such notice nor any defect therein shall affect the validity of the proceedings for the redemption of such 2016 Bonds or the cessation of the accrual of interest thereon. Such notice shall state the redemption date and the redemption price, shall state that optional redemption is conditioned upon the timely delivery of the redemption price by the Successor Agency to the Trustee for deposit in the Redemption Account, shall designate the CUSIP number of the 2016 Bonds to be redeemed, shall state the individual number of each 2016 Bond to be redeemed or shall state that all 2016 Bonds between two stated numbers (both inclusive) or all of the 2016 Bonds Outstanding are to be redeemed, and shall require that such 2016 Bonds be then surrendered at the Principal Corporate Trust Office of the Trustee for redemption at the redemption price, giving notice also that further interest on such 2016 Bonds will not accrue from and after the redemption date.

Right to Rescind Notice. The Successor Agency has the right to rescind any notice of the optional redemption of 2016 Bonds by written notice to the Trustee on or prior to the date fixed for redemption, and the redemption notice may provide that the proposed redemption is subject to the availability of sufficient funds on the scheduled redemption date. Any notice of optional redemption will be cancelled and annulled if for any reason funds will not be or are not available on the date fixed for redemption for the payment in full of the 2016 Bonds then called for redemption, and such cancellation will not constitute an Event of Default. The Successor Agency and the Trustee have no liability to the Owners or any other party related to or arising from such rescission of redemption. The Trustee will mail notice of such rescission of redemption in the same manner as the original notice of redemption was sent.

Upon the payment of the redemption price of Bonds being redeemed, each check or other transfer of funds issued for such purpose will, to the extent practicable, bear the CUSIP number identifying, by issue and maturity, the 2016 Bonds being redeemed with the proceeds of such check or other transfer.

Manner of Redemption. Whenever any 2016 Bonds or portions thereof are to be selected for redemption by lot within a maturity, the Trustee shall make such selection, in such manner as the Trustee shall deem appropriate, and shall notify the Successor Agency thereof to

the extent 2016 Bonds are no longer held in book-entry form. All 2016 Bonds redeemed or purchased pursuant to the Indenture shall be cancelled and destroyed.

Partial Redemption of 2016 Bonds. In the event only a portion of any 2016 Bond is called for redemption, then upon surrender of such 2016 Bond the Successor Agency will execute and the Trustee will authenticate and deliver to the Owner thereof, at the expense of the Successor Agency, a new 2016 Bond or 2016 Bonds of the same interest rate and maturity, of authorized denominations, in aggregate principal amount equal to the unredeemed portion of the 2016 Bond to be redeemed.

Effect of Redemption. From and after the date fixed for redemption, if funds available for the payment of the redemption price of and interest on the 2016 Bonds so called for redemption have been duly deposited with the Trustee, the 2016 Bonds so called will cease to be entitled to any benefit under the Indenture other than the right to receive payment of the redemption price and accrued interest to the redemption date, and no interest will accrue thereon from and after the redemption date specified in such notice.

Manner of Redemption. Whenever any 2016 Bonds or portions thereof are to be selected for redemption by lot within a maturity, the Trustee will make the selection, in such manner as the Trustee deems appropriate.

Existing Senior Debt

The payment of debt service on the 2016 Bonds is subordinate to the payment of debt service on the Senior Obligations. The Senior Obligations are currently outstanding in the aggregate principal amount of \$66,226,792 (including accreted value of the 2006A Capital Appreciation Bonds of \$32,831,792 as of March 1, 2016).

No Future Senior Debt; Future Parity and Subordinate Debt

No Future Senior Debt. The Indenture prohibits the Successor Agency from encumbering, pledging or placing any charge or lien upon any of the Tax Revenues or other amounts pledged to the 2016 Bonds superior to the pledge and lien created for the benefit of the 2016 Bonds in the Indenture.

Future Parity Debt. The Indenture authorizes the Successor Agency to issue Parity Debt to refund all or a portion of the 2016 Bonds or any Parity Debt provided that with respect to any such refunding:

- (i) annual debt service on such Parity Debt, as applicable, is lower than annual debt service on the obligations being refunded during every year the obligations would otherwise be outstanding,
- (ii) the final maturity of any such Parity Debt does not exceed the final maturity of the obligations being refunded,
- (iii) the interest rate on the Parity Debt shall be fixed on the date of issuance of the Parity Debt,
- (iv) principal payments shall be on September 1 and interest payments on September 1 and March 1, and

- (v) prior to the issuance of any Parity Debt, the Successor Agency shall use commercially reasonable efforts, to the extent permitted by law, to subordinate all amounts, if any, payable to a taxing entity pursuant to Section 33607.5 and 33607.7 or payable pursuant to the Pass-Through Agreements to the payment of debt service on such Parity Debt.

The 2016 Bonds and Parity Debt are sometimes referred to herein collectively as, the **"Bonds"**

Future Subordinate Debt. The Indenture permits the Successor Agency to issue and sell any loan, advances or indebtedness issued or incurred by the Successor Agency, which are either: (a) payable from, but not secured by a pledge of or lien upon, the Tax Revenues, including revenue bonds and other debts and obligations scheduled for payment pursuant to Section 34183(a)(2) of the Law; or (b) secured by a pledge of or lien upon the Tax Revenues which is subordinate to the pledge of and lien upon the Tax Revenues under the Indenture for the security of the 2016 Bonds (such loan, advances or indebtedness, **"Subordinate Debt"**).

THE DISSOLUTION ACT

The Dissolution Act requires the County Auditor-Controller to determine the amount of property taxes that would have been allocated to the Former Agency (pursuant to subdivision (b) of Section 16 of Article XVI of the State Constitution) had the Former Agency not been dissolved pursuant to the operation of AB X1 26, using current assessed values on the last equalized roll on August 20, and to deposit that amount in the Redevelopment Property Tax Trust Fund for the Successor Agency established and held by the County Auditor-Controller pursuant to the Dissolution Act.

The Dissolution Act provides that any bonds authorized thereunder to be issued by the Successor Agency will be considered indebtedness incurred by the Former Agency, with the same lien priority and legal effect as if the bonds had been issued prior to the effective date of AB X1 26, in full conformity with the applicable provisions of the Redevelopment Law that existed prior to that date, and will be included in the Successor Agency's Recognized Obligation Payment Schedule (see "SECURITY FOR THE 2016 BONDS – Recognized Obligation Payment Schedules").

The Dissolution Act further provides that bonds authorized by the Dissolution Act to be issued by the Successor Agency will be secured by a pledge of, and lien on, and will be repaid from moneys deposited from time to time in the Redevelopment Property Tax Trust Fund, and that property tax revenues pledged to any bonds authorized to be issued by the Successor Agency under the Dissolution Act, including the 2016 Bonds, are taxes allocated to the Successor Agency pursuant to subdivision (b) of Section 33670 of the Redevelopment Law and Section 16 of Article XVI of the State Constitution.

Pursuant to subdivision (b) of Section 33670 of the Redevelopment Law and Section 16 of Article XVI of the State Constitution and as provided in the Redevelopment Plan, taxes levied upon taxable property in the Project Area each year by or for the benefit of the State, any city, county, city and county, district, or other public corporation (herein sometimes collectively called "**taxing agencies**") after the effective date of the ordinance approving the Redevelopment Plan, or the respective effective dates of ordinances approving amendments to the Redevelopment Plan that added territory to the Project Area, if any, are to be divided as follows:

- (a) To Taxing Agencies: That portion of the taxes which would be produced by the rate upon which the tax is levied each year by or for each of the taxing agencies upon the total sum of the assessed value of the taxable property in the Project Area as shown upon the assessment roll used in connection with the taxation of such property by such taxing agency last equalized prior to the effective date of the ordinance adopting the Redevelopment Plan, or the respective effective dates of ordinances approving amendments to the Redevelopment Plan that added territory to the Project Area, if any (the "**base year valuation**"), will be allocated to, and when collected will be paid into, the funds of the respective taxing agencies as taxes by or for the taxing agencies on all other property are paid; and
- (b) To the Redevelopment Agency/Successor Agency: Except for that portion of the taxes in excess of the amount identified in (a) above which are attributable to a tax rate levied by a taxing agency for the purpose of producing revenues in an amount sufficient to make annual repayments of the principal of, and the interest on, any bonded indebtedness approved by

the voters of the taxing agency on or after January 1, 1989 for the acquisition or improvement of real property, which portion shall be allocated to, and when collected shall be paid into, the fund of that taxing agency, that portion of the levied taxes each year in excess of such amount, annually allocated within limitations established by the Redevelopment Plan, following the date of issuance of the 2016 Bonds, when collected will be paid into a special fund of the Successor Agency. Section 34172 of the Dissolution Act provides that, for purposes of Section 16 of Article XVI of the State Constitution, the Redevelopment Property Tax Trust Fund shall be deemed to be a special fund of the Successor Agency to pay the debt service on indebtedness incurred by the Former Agency or the Successor Agency to finance or refinance the redevelopment projects of the Former Agency.

That portion of the levied taxes described in paragraph (b) above, less amounts deducted pursuant to Section 34183(a) of the Dissolution Act for permitted administrative costs of the County Auditor-Controller, constitute the amounts required under the Dissolution Act to be deposited by the County Auditor-Controller into the Redevelopment Property Tax Trust Fund. In addition, Section 34183 of the Dissolution Act effectively eliminates the January 1, 1989 date from paragraph (b) above. Additionally, effective September 22, 2015, debt service override revenues approved by the voters for the purpose of supporting pension programs, capital projects, or programs related to the State Water Project, that are not pledged to or needed for debt service on successor agency obligations are allocated and paid to the entity that levies the override and will not be deposited into the Redevelopment Property Tax Trust Fund. See "PROPERTY TAXATION IN CALIFORNIA – Proposition 87" for further information regarding voter approved debt service overrides.

SECURITY FOR THE 2016 BONDS

The County Auditor-Controller will deposit property tax revenues into the Redevelopment Property Tax Trust Fund pursuant to the requirements of the Dissolution Act, including *inter alia* Health and Safety Code sections 34183 and 34170.5(b). The 2016 Bonds and any Parity Debt are equally secured by a pledge of, security interest in and lien on all of the Tax Revenues, including all of the Tax Revenues in the Redevelopment Obligation Retirement Fund or in the Special Fund (if applicable), and a first and exclusive pledge of, security interest in and lien upon moneys in certain funds and accounts established and held by the Trustee under the Indenture as described below.

Pledge Under the Indenture

Pursuant to the Indenture, the 2016 Bonds and any Parity Debt are equally secured by a pledge of, security interest in and lien on all of the Tax Revenues, including all of the Tax Revenues in the Redevelopment Obligation Retirement Fund, and by a first and exclusive pledge and lien upon all of the moneys in the Debt Service Fund (including the Interest Account, the Principal Account, the Sinking Account, and the Redemption Account) without preference or priority for series, issue, number, dated date, sale date, date of execution or date of delivery. The 2016 Bonds and any Parity Debt are additionally secured by a first and exclusive pledge of, security interest in and lien upon all of the moneys in the Reserve Account established under the Indenture. The 2016 Bonds and any Parity Debt are also equally secured by the pledge and lien created with respect to the 2016 Bonds and any Parity Debt by Section 34177.5(g) of the Law on the Tax Revenues deposited from time to time in the Redevelopment Property Tax Trust Fund. Except for the Tax Revenues and such moneys, no funds or properties of the Successor Agency shall be pledged to, or otherwise liable for, the payment of principal of or interest on the 2016 Bonds.

The Indenture further provides that, in consideration of the acceptance of the 2016 Bonds by those who shall hold the same from time to time, the Indenture shall be deemed to be and shall constitute a contract between the Successor Agency and the Owners from time to time of the 2016 Bonds, and the covenants and agreements therein set forth to be performed on behalf of the Successor Agency shall be for the equal and proportionate benefit, security and protection of all Owners of the 2016 Bonds without preference, priority or distinction as to security or otherwise of any of the 2016 Bonds over any of the others by reason of the number or date thereof or the time of sale, execution and delivery thereof, or otherwise for any cause whatsoever, except as expressly provided therein or in the Indenture.

Tax Revenues

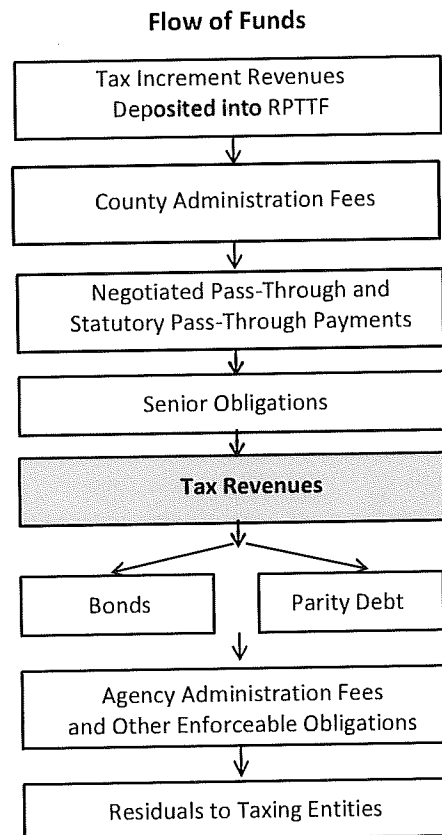

Definition. "Tax Revenues" is defined in the Indenture to mean, for each Fiscal Year, all moneys derived from that portion of taxes levied upon assessable property within the Project Area deposited from time to time in the Redevelopment Property Tax Trust Fund, as provided in paragraph (2) of subdivision (a) of Section 34183 of the Law, (i) for each Senior Obligation, the amount pledged under the Senior Obligation Indenture to make payments on such Senior Obligation, but only to the extent required to make such payments and (ii) excluding amounts if any, payable by the Successor Agency pursuant to Sections 33676, 33607.5, 33607.7 Section 34183(a)(1) of the including amounts payable under the Pass-Through Agreements, except to the extent that such amounts are payable on a basis subordinate to the payment of Annual Debt Service on the 2016 Bonds or any Parity Debt pursuant to Sections 33607.5(e) and 34177.5(c) of the Law or pursuant to the terms of the Pass-Through Agreements, as applicable.

Housing Set-Aside. Before it was amended by the Dissolution Act, the Redevelopment Law required the Former Agency to set aside not less than 20% of all tax increment generated in the Project Area into a low and moderate income housing fund to be used for the purpose of increasing, improving and/or preserving the supply of low and moderate income housing. These tax increment revenues were commonly referred to as "Housing Set-Aside."

The Dissolution Act eliminates the characterization of certain tax increment revenues as Housing Set-Aside. As a result, and because the Successor Agency has no obligations that will be payable from Housing Set-Aside after the issuance of the 2016 Bonds, the former Housing Set-Aside is available to pay debt service on the 2016 Bonds except to the extent the former Housing Set-Aside relates to tax increment revenues generated in the Amendment No. 1 Area excess of the Annual Amendment No. 1 Limit (as hereinafter defined) for a particular fiscal year or the Cumulative Amendment No. 1 Limit (as hereinafter defined and together with the Annual Amendment No. 1 Limit, the "**Amendment No. 1 Limits**"); the projection of tax increment revenues from the Project Area available to pay debt service prepared by the Fiscal Consultant and set forth in the section of this Official Statement entitled "THE PROJECT AREA – Projected Tax Increment Revenues and Estimated Debt Service Coverage," assumes the availability of the former Housing Set-Aside for this purpose taking into the Amendment No. 1 Limits. See "SECURITY FOR THE 2016 BONDS – Negotiated Pass-Through Agreements" for further discussion regarding the Amendment No. 1 Limits.

Flow of Funds Under the Indenture

General. The following diagram illustrates the application of tax increment funds from the Project Area under the Dissolution Act generally. The application of Tax Revenues to the payment of the 2016 Bonds and any Parity Debt is governed by the Indenture and is described below.

Deposit in Redevelopment Obligation Retirement Fund; Transfer to Debt Service Fund. The Indenture provides that the Successor Agency shall deposit all of the Tax Revenues into the Redevelopment Obligation Retirement Fund promptly upon receipt. All Tax Revenues received by the Successor Agency in excess of the amounts required to pay debt service on the 2016 Bonds during the applicable period or as additionally required pursuant to a Supplemental Indenture or authorizing document for Parity Debt, and except as may be provided to the contrary in any Senior Obligation Indenture or Parity Debt Instrument, shall be released from the pledge and lien under the Indenture and shall be applied in accordance with the Redevelopment Law, including but not limited to the payment of debt service on any Subordinate Debt. Prior to the payment in full of the principal of and interest and redemption premium (if any) on the 2016 Bonds and the payment in full of all other amounts payable under the Indenture and under any Supplemental Indentures, the Successor Agency shall not have any beneficial right or interest in the moneys on deposit in the Redevelopment Obligation Retirement Fund, except as may be provided in the Indenture and in any Supplemental Indenture.

Deposit of Amounts by Trustee. A trust fund to be known as the Debt Service Fund, will be established and held in trust by the Trustee under the Indenture. Concurrently with making transfers with respect to Parity Debt, moneys in the Redevelopment Obligation Retirement Fund shall be transferred by the Successor Agency to the Trustee in the following amounts, at the following times, and deposited by the Trustee in the following respective special accounts, which are hereby established in the Debt Service Fund, and in the following order of priority:

Interest Account. On or before the fifth Business Day preceding each Interest Payment Date, the Successor Agency shall withdraw from the Redevelopment Obligation Retirement Fund and transfer to the Trustee, for deposit in the Interest Account an amount which, when added to the amount contained in the Interest Account on that date, will be equal to the aggregate amount of the interest becoming due and payable on the Outstanding Bonds on such Interest Payment Date. No such deposit need be made to the Interest Account if the amount contained therein is at least equal to the interest to become due on the next succeeding Interest Payment Date upon all of the Outstanding Bonds. All moneys in the Interest Account shall be used and withdrawn by the Trustee solely for the purpose of paying the interest on the Bonds as it shall become due and payable.

Principal Account. On or before the fifth Business Day preceding each September 1 on which the principal of the Bonds (including any mandatory sinking account payment due with respect to a Term Bond) becomes due and payable, and at maturity, the Successor Agency shall withdraw from the Redevelopment Obligation Retirement Fund and transfer to the Trustee for deposit in the Principal Account an amount which, when added to the amount then on deposit in the Principal Account, will be equal to the amount of principal (including any mandatory sinking account payment due with respect to a Term Bond) coming due and payable on such date on the Bonds. No such deposit need be made to the Principal Account if the amount contained therein is at least equal to the principal (including any mandatory sinking account payment due with respect to a Term Bond) to become due on the next September 1 on all of the Outstanding Bonds and any Parity Debt. All moneys in the Principal Account shall be used and withdrawn by the Trustee solely for the purpose of paying the principal of the Bonds and any Parity Debt (including any mandatory sinking account payment due with respect to a Term Bond) as it shall become due and payable.

Reserve Account. Within the Debt Service Fund there will be established a separate account known as the "Reserve Account" solely as security for payments payable by the Successor Agency pursuant to the Indenture, which shall be held by the Trustee in trust for the benefit of the Owners of the 2016 Bonds. See "Debt Service Reserve Account" below.

[If the amount on deposit in the Reserve Account at any time becomes less than the Reserve Requirement, the Trustee shall promptly notify the Successor Agency of such fact. Upon receipt of any such notice and as promptly as is permitted by the Redevelopment Law, the Successor Agency shall transfer to the Trustee an amount sufficient to maintain the Reserve Requirement on deposit in the Reserve Account.]

Redemption Account. On or before the Business Day preceding any date on which Bonds are to be redeemed pursuant to the optional redemption provisions of the Indenture, other than mandatory sinking account redemption of Term Bonds, the Trustee will withdraw from the Debt Service Fund any amount transferred by the Successor Agency for deposit in the Redemption Account, such amount being the amount required to pay the principal of and premium, if any, on the Bonds to be redeemed on such date. All moneys in the Redemption Account will be used and withdrawn by the Trustee solely for the purpose of paying the principal of and premium, if any, on the Bonds to be redeemed pursuant to an optional redemption on the date set for such redemption, other than mandatory sinking account redemption of Term Bonds. Interest due on the Bonds to be redeemed on the date set for redemption will, if applicable, be paid from funds available therefor in the Interest Account.

Debt Service Reserve Account

Definition of Reserve Requirement. The Indenture defines "**Reserve Requirement**" to mean, with respect to the 2016 Bonds and any Parity Debt issued as Bonds pursuant to a Supplemental Indenture, the lesser of (i) 10% of the original aggregate principal amount of the 2016 Bonds and such Parity Debt (if there is more than a de minimis amount of original issue discount or premium (as defined in the Code), the issue price shall be used instead of principal amount) or (ii) 125% of the average Annual Debt Service with respect to the 2016 Bonds and such Parity Debt, as applicable or (iii) Maximum Annual Debt Service with respect to the 2016 Bonds and such Parity Debt, as applicable. The Supplemental Indenture for a Parity Debt issued as Bonds pursuant to a Supplemental Indenture may provide that the Successor Agency may meet all or a portion of the Reserve Requirement for such Parity Debt by depositing a Qualified Reserve Account Credit Instrument in a reserve account for the Parity Debt.

The Reserve Requirement for the 2016 Bonds may be met with the deposit of a debt service reserve policy.

All money in the Reserve Account shall be used and withdrawn by the Trustee solely for the purpose of making transfers to the Interest Account and the Principal Account, in the event of any deficiency at any time in any of such accounts or for the retirement of all the 2016 Bonds then Outstanding.

Recognized Obligation Payment Schedules

Submission of Recognized Obligation Payment Schedule. The Dissolution Act requires successor agencies to prepare, and submit to the successor agency's oversight board

and the DOF for approval, a Recognized Obligation Payment Schedule (the "**Recognized Obligation Payment Schedule**") pursuant to which enforceable obligations (as defined in the Dissolution Act) of the successor agency are listed, together with the source of funds to be used to pay for each enforceable obligation.

Commencing on February 1, 2016, successor agencies were transitioned to an annual Recognized Obligation Payment Schedule process pursuant to which successor agencies are required to file Recognized Obligation Payment Schedules with the DOF and the County Auditor-Controller for approval on or before each February 1 for the July 1 through June 30 period immediately following such February 1. For example, on February 1, 2016, the Successor Agency was required to file a Recognized Obligation Payment Schedule for the period commencing July 1, 2016 through June 30, 2017.

In addition, commencing on September 22, 2015, successor agencies that have received a Finding of Completion and the concurrence of the DOF as to the items that qualify for payment, among other conditions, may at their option, file a "Last and Final" Recognized Obligation Payment Schedule. If approved by the DOF, the Last and Final Recognized Obligation Payment Schedule will be binding on all parties, and the Successor Agency will no longer submit a Recognized Obligation Payment Schedule to the DOF or the Oversight Board. The county auditor-controller will remit the authorized funds to the Successor Agency in accordance with the approved Last and Final Recognized Obligation Payment Schedule until each remaining enforceable obligation has been fully paid. A Last and Final Recognized Obligation Payment Schedule may only be amended twice, and only with approval of the DOF and the County Auditor-Controller. [The Successor Agency currently has no plans to file a Last and Final Recognized Obligation Payment Schedule.]

Payment of Amounts Listed on the Recognized Obligation Payment Schedule. As defined in the Dissolution Act, "**enforceable obligation**" includes bonds, including the required debt service, reserve set-asides (including the Reserve Account), and any other payments required under the Indenture or similar documents governing the issuance of the outstanding bonds of the former redevelopment agency or the successor agency, as well as other obligations such as loans, judgments or settlements against the former redevelopment agency or the successor agency, any legally binding and enforceable agreement that is not otherwise void as violating the debt limit or public policy, contracts necessary for the administration or operation of the successor agency, and, under certain circumstances, amounts borrowed from the successor agency's low and moderate income housing fund.

A reserve may be included on the Recognized Obligation Payment Schedule and held by the successor agency when required by a bond indenture or when the next property tax allocation will be insufficient to pay all obligations due under the provisions of the bonds for the next payment due in the following half of the calendar year.

Order of Priority of Distributions from Redevelopment Property Tax Trust Fund. Typically, under the Redevelopment Property Tax Trust Fund distribution provisions of the Dissolution Act, a county auditor-controller is to distribute funds for each six-month period in the following order specified in Section 34183 of the Dissolution Act:

- (i) first, subject to certain adjustments (as described below) for subordinations to the extent permitted under the Dissolution Act and no later than each January 2 and June 1, to each local taxing agency and school entity, to the extent applicable, amounts required for pass-through payments such entity would have

received under provisions of the Redevelopment Law, as those provisions read on January 1, 2011, including negotiated pass-through agreements and statutory pass-through obligations (see “– Negotiated Pass-Through Agreements,” “– Section 33676 Payments” and “Statutory Pass-Through Payments” below);

(ii) second, on each January 2 and June 1, to the successor agency for payments listed in its Recognized Obligation Payment Schedule, with debt service payments (and amounts required to replenish the related reserve funds, if any) scheduled to be made for tax allocation bonds having the highest priority over payments scheduled for other debts and obligations listed on the Recognized Obligation Payment Schedule;

(iii) third, on each January 2 and June 1, to the successor agency for the administrative cost allowance, as defined in the Dissolution Act; and

(iv) fourth, on each January 2 and June 1, to taxing entities any moneys remaining in the Redevelopment Property Tax Trust Fund after the payments and transfers authorized by clauses (i) through (iii), in an amount proportionate to such taxing entity’s share of property tax revenues in the tax rate area in that fiscal year (without giving effect to any pass-through obligations that were established under the Redevelopment Law).

The Dissolution Act requires the County Auditor-Controller to distribute from the Redevelopment Property Tax Trust Fund amounts required to be distributed for statutory pass-through obligations to the taxing entities on each January 2 and June 1 before amounts are distributed by the County Auditor-Controller from the Redevelopment Property Tax Trust Fund to the Successor Agency’s Redevelopment Obligation Retirement Fund, unless: (i) pass-through payment obligations have been made subordinate to debt service payments for the bonded indebtedness of the Former Agency, as succeeded to by the Successor Agency; (ii) the Successor Agency has reported, no later than the December 1 and May 1 preceding the applicable January 2 or June 1 distribution date, that the total amount available to the Successor Agency from the Redevelopment Property Tax Trust Fund allocation to the Successor Agency’s Redevelopment Obligation Retirement Fund, from other funds transferred from the Former Agency and from funds that have or will become available through asset sales and all redevelopment operations, is insufficient to fund the Successor Agency’s enforceable obligations, pass-through payments and the Successor Agency’s administrative cost allowance for the applicable Recognized Obligation Payment Schedule period; and (iii) the State Controller has concurred with the Successor Agency that there are insufficient funds for such purposes.

If the requirements set forth in clauses (i) through (iii) of the foregoing paragraph have been met, the Dissolution Act provides for certain modifications in the distributions otherwise calculated to be distributed on the applicable January 2 or June 1 property tax distribution date (as adjusted for weekends and holidays). To provide for calculated shortages to be paid to the Successor Agency for enforceable obligations, the amount of the deficiency will first be deducted from the residual amount otherwise calculated to be distributed to the taxing entities under the Dissolution Act after payment of the Successor Agency’s enforceable obligations, pass-through payments and the Successor Agency’s administrative cost allowance. If such residual amount is exhausted, the amount of the remaining deficiency will be deducted from amounts available for distribution to the Successor Agency for administrative costs for the applicable Recognized Obligation Payment Schedule period in order to fund the enforceable obligations. Finally, funds required for servicing bond debt may be deducted from the amounts

to be distributed under subordinated negotiated pass-through agreements, if any, in order to be paid to the Successor Agency for enforceable obligations, but only after the amounts described in the previous two sentences have been exhausted. The Dissolution Act provides for a procedure by which the Successor Agency may make statutory pass-through payments subordinate to the 2016 Bonds. The Successor Agency has not undertaken the requisite procedures to obtain such subordination of statutory pass-through payments required to be made from tax increment revenues generated in the Project Area and, therefore, statutory pass-through payments are payable on a senior basis to the payment of the 2016 Bonds as described below. In addition, amounts payable under the Pass-Through Agreements (as hereinafter defined) are payable on a senior basis to the payment of the 2016 Bonds as described below. See "SECURITY FOR THE 2016 BONDS — Negotiated Pass-Through Agreements," "— Section 33676 Payments" and "— Statutory Pass-Through Payments."

Sources of Payments for Enforceable Obligations. Under the Dissolution Act, the categories of sources of payments for enforceable obligations listed on a Recognized Obligation Payment Schedule are the following: (i) the former low and moderate income housing fund, (ii) bond proceeds, (iii) reserve balances, (iv) administrative cost allowance (successor agencies are entitled to receive not less than \$250,000, unless that amount is reduced by the oversight board), (v) the Redevelopment Property Tax Trust Fund (but only to the extent no other funding source is available or when payment from property tax revenues is required by an enforceable obligation or otherwise required under the Dissolution Act), or (vi) other revenue sources (including rents, concessions, asset sale proceeds, interest earnings, and any other revenues derived from the redevelopment agency, as approved by the oversight board).

The Dissolution Act provides that only those payments listed in the Recognized Obligation Payment Schedule may be made by a successor agency and only from the funds specified in the Recognized Obligation Payment Schedule.

Relevant Covenant by the Successor Agency. In the Indenture, the Successor Agency covenants to comply with all of the requirements of the Law. In particular, the Successor Agency covenants in the Indenture to, pursuant to Section 34177 of the Law, not later than each date a Recognized Obligation Payment Schedule is due submit to the Oversight Board and the DOF, a Recognized Obligation Payment Schedule. The Successor Agency shall take all actions required under the Law to include in the Recognized Obligation Payment Schedule for each Semiannual Period (i) amounts due with respect to the Senior Obligations under the Senior Obligation Indenture, (ii) debt service on the Bonds and (iii) all amounts due and owing to the issuer of bond insurance policy and/or debt service reserve policy for the 2016 Bonds (the "**2016 Bond Insurer**") under the Indenture, so as to enable the County Auditor-Controller to distribute from the Redevelopment Property Tax Trust Fund for deposit in the Redevelopment Obligation Retirement Fund on each January 2 and June 1, as applicable, amounts required to enable the Successor Agency to pay timely principal of, and interest on, the Bonds on a timely basis, as such amounts of debt service are set forth in the Recognized Obligation Payment Schedule attached to the Indenture, or as such Schedule may be amended in the future, as well as all amounts due and owing to the 2016 Bond Insurer, if any, thereunder.

In order to ensure that amounts are available for the Trustee to pay debt service on all Outstanding Bonds and all amounts due and owing to the 2016 Bond Insurer, if any, under the Indenture on a timely basis, the Successor Agency shall, not later than February 1, 2017 (or at such earlier time as may be required by the Dissolution Act), submit an Oversight Board-approved Recognized Obligation Payment Schedule to the DOF and to the County Auditor-Controller that shall include (i) amounts required to be included on such Schedule pursuant to

the Senior Obligation Indenture, (ii) all of the debt service due on all Outstanding Bonds on September 1, 2017, which shall be distributed to the Successor Agency on June 1, 2017 (but only to the extent that there are not other amounts previously reserved therefor), and (iii) all of the interest due on the 2016 Bonds on March 1, 2018 and 50% of the principal due on the Outstanding Bonds on September 1, 2018, which shall be distributed to the Successor Agency on January 2, 2018. Thereafter, not later than each February 1 (or at such earlier time as may be required by the Dissolution Act), for so long as any Bonds are outstanding, the Successor Agency shall submit an Oversight Board-approved Recognized Obligation Payment Schedule to the DOF and to the County Auditor-Controller that shall include (a) amounts required to be included on such Schedule pursuant to the Senior Obligation Indenture, (b) interest on all Outstanding Bonds due on the immediately succeeding September 1 plus 50% of principal due on the Outstanding Bonds on such September 1, which amounts shall distributed to the Successor Agency on such June 1, (c) interest on all Outstanding Bonds due on the immediately succeeding March 1 plus 50% of principal due on all Outstanding Bonds on the September 1 in the following calendar year, which amounts shall distributed to the Successor Agency on the following January 2, and (d) any amount required to cure any deficiency in the Reserve Account pursuant to the Indenture (including any amounts required due to a draw on the Qualified Reserve Account Credit Instrument as well as all amounts due and owing to the 2016 Bond Insurer, if any, thereunder).

In the event the provisions set forth in the Dissolution Act as of the Closing Date of the 2016 Bonds that relate to the filing of Recognized Obligation Payment Schedules are amended or modified in any manner, the Successor Agency agrees to take all such actions as are necessary to comply with such amended or modified provisions so as to ensure the timely payment of debt service on the Bonds and, if the timing of distributions of the Redevelopment Property Tax Trust Fund is changed, the receipt of (i) not less than one of half of debt service due during each Bond Year on all Outstanding Bonds prior to March 1 of such Bond Year, and (ii) the remainder of debt service due during such Bond Year on all Outstanding Bonds prior to the next succeeding September 1.

History of Submission of the Recognized Obligation Payment Schedules. The Successor Agency has procedures in place to ensure full and timely compliance with the above-described covenant. Under the direction of the Director of Fiscal Services, the Successor Agency has submitted its Recognized Obligation Payment Schedules on a timely basis with exception of ROPS I as described in the table on the following page.

	<u>Funding Period</u>	<u>ROPS Approved by Oversight Board</u>	<u>Approved ROPS Submitted to DOF</u>	<u>Deadline to Submit ROPS to DOF</u>	<u>ROPS Submitted On Time?</u>

* Amended ROPS I and II were approved by the Oversight Board and submitted to DOF on 5/21/12 after the initial ROPS I and II were returned to the Successor Agency by the DOF for revision.

In addition, there are strong incentives for the Successor Agency to submit Recognized Obligation Payment Schedules on time. If the Successor Agency does not submit a Recognized Obligation Payment Schedule to the Oversight Board, the County Auditor-Controller and the DOF on or before each February 1 commencing February 1, 2016 (unless the Successor Agency submits and obtains approval from the DOF of a Last and Final Recognized Obligation Payment Schedule), then the Successor Agency will be subject to a \$10,000 per day civil penalty for every day the schedule is not submitted to the DOF. See "SECURITY FOR THE 2016 BONDS – Recognized Obligation Payment Schedules" for discussion regarding submission of Last and Final Recognized Obligation Payment Schedule. Additionally, if the Successor Agency does not submit a Recognized Obligation Payment Schedule to the Oversight Board and the DOF within 10 days of the deadline, then the Successor Agency's maximum administrative cost allowance may be reduced by up to 25%. For additional information regarding procedures under the Dissolution Act relating to late Recognized Obligation Payment Schedules and implications for the 2016 Bonds, see "RISK FACTORS – Recognized Obligation Payment Schedules."

Negotiated Pass-Through Agreements

The Redevelopment Law authorized the Former Agency to enter into negotiated pass-through agreements with taxing agencies whose territory was located within the Project Area to alleviate the financial burden or detriment caused by the Redevelopment Project.

As previously described, the Original Redevelopment Plan was amended pursuant to Amendment No. I and Amendment No. III to add the Amendment No. I Area (adding approximately 1,337 acres to the Original Project Area) and the Amendment No. III Area (adding approximately 22.6 acres to the Original Project Area), respectively, to the Original Project Area. The County and other affected taxing entities expressed concern over the fiscal impact of the proposed additions to the Original Project Area. This concern ultimately resulted in the negotiation of the following negotiated pass-through agreements (collectively, the "**Pass-Through Agreements**"):

- Agreement dated as of June 23, 1981, by and between the Former Agency, the City and the County (the "**County Agreement - Amendment No. I Area**");
- Agreement dated as of September 27, 1990, by and between the City, the Former Agency and the County (the "**County Agreement - Amendment No. III Area**");
- Agreement dated as of December 13, 1990, by and between the City, the Former Agency and the Little Lake City School District (the "**Little Lake City School District Agreement**"); and
- Agreement dated as of December 13, 1990, by and between the City, the Former Agency and the Whittier Union High School District (the "**Whittier UHS District Agreement**").

County Agreement- Amendment No. I Area. Pursuant to the County Agreement - Amendment No. I Area, the Successor Agency, as successor to the Former Agency, is required to annually reimburse the County and the County Flood Control District (i) 40 percent of the total tax increment dollars derived from the Amendment No. I Area (exclusive of those derived from

the area designated as Parcel #1 within the Amendment No. 1 Area) and (ii) 50 percent of the total tax increment dollars derived from the area designated as Parcel #1 within the Amendment No. 1 Area. The County Agreement - Amendment No. 1 further requires that the Successor Agency, as successor to the Former Agency, pay the County any increase in tax increments attributable to increases in the tax rate imposed by the County taxing entities within the Amendment No. 1 Area.

The County Agreement - Amendment No. 1 also provides that tax increment revenues derived from and allocated to the Former Agency, and the Successor Agency as successor thereto, from the Amendment No. 1 Area cannot exceed \$65 million in the aggregate (the "**Cumulative Amendment No. 1 Limit**") or \$3.5 million in any one fiscal year (the "**Annual Amendment No. 1 Limit**") in each case excluding (i) tax increment revenues necessary for the Former Agency to satisfy its Housing Set-Aside obligations and (ii) pass-through payments to the County and County Flood Control District. As discussed in "THE PROJECT AREA – The Redevelopment Plan," in accordance with the Redevelopment Law, redevelopment plans like the Redevelopment Plan were required to include certain limits on the financing of the redevelopment projects, including a limit on tax increment revenues from a particular project area that could be allocated to a redevelopment agency. SB 107 clarifies that former tax increment limits set forth in redevelopment plans such as the Redevelopment Plan no longer apply for purposes of paying approved enforceable obligations such as the 2016 Bonds. However, because SB 107 applies only to such limits contained in redevelopment plans, the Amendment No. 1 Limits survive SB 107 and continue in effect. See "THE PROJECT AREA – The Redevelopment Plan" for further discussion regarding effect of SB 107 on limits contained in the Redevelopment Plan.

According to the Fiscal Consultant, due to the passage of the Dissolution Act, the County began calculating the Annual Amendment No. 1 Limit in fiscal year 2013-14 without excluding tax increment revenues from the Amendment No. 1 Area representing the former Housing Set-Aside. See "SECURITY FOR THE 2016 BONDS – Tax Revenues – Housing Set-Aside" for discussion of the former Housing Set-Aside.

The Fiscal Consultant further reports that in fiscal year 2013-14, the County retroactively recalculated the Amendment No. 1 Limit for fiscal years 2011-12 and 2012-13 without excluding amounts representing former Housing Set-Aside revenues from the Amendment No. 1 Area. Based on such calculations, the County determined that the Successor Agency was allocated tax increment revenues in excess of such limit in fiscal year 2011-12 (after the passage of the Dissolution Act in 2012) and in fiscal year 2012-13. As a result, the County made a one-time adjustment to tax increment revenues allocated to the Successor Agency from the Project Area in fiscal year 2013-14 to account for such excess tax increment revenues. See "THE PROJECT AREA – Historical and Estimated Assessed Values and Tax Revenues."

The Fiscal Consultant further reports that the Annual Amendment No. 1 Limit has been reached for fiscal year 2015-16 and the Cumulative Amendment No. 1 Limit is anticipated to be reached by fiscal year 2019-20. In the event the Annual Amendment No. 1 Limit is reached in any fiscal year, tax increment revenues from the Amendment No. 1 Area for such fiscal year in excess of such limit will not be available to pay debt service on the 2016 Bonds. Once the Cumulative Amendment No. 1 Limit is reached, tax increment revenues from the Amendment No. 1 in excess of such limit for such fiscal year and all fiscal years thereafter will not be available to be pay debt service on the 2016 Bonds. The projections of tax increment revenues from the Project Area available to pay debt service prepared by the Fiscal Consultant and set forth in the section of this Official Statement entitled "THE PROJECT AREA – Projected Tax

Increment Revenues and Estimated Debt Service Coverage” take into account the Amendment No. I Limits.

Other Pass-Through Agreements. The County Agreement - Amendment No. III Area, the Little Lake City School District Agreement and the Whittier UHS District Agreement relate to tax increment revenues generated in the Amendment No. III Area. Such agreements require that the County, the Little Lake City School District and the Whittier Union High School District receive the tax increment revenues that each would have received in the absence of the Amendment No. III Area and the division of taxes pursuant to the Redevelopment Law, which is 16.83% of the basic levy tax increment revenues generated from the Amendment No. III Area for the Whittier Union High School District, 9.22% of such tax increment revenues for Little Lake City School District and 61.06% of such revenues for the County.

The Successor Agency’s obligations under the Pass-Through Agreements are payable on a senior basis to the 2016 Bonds.

Section 33676 Payments

General. Pursuant to former Health and Safety Code Section 33676(b)(2), local education agencies that were basic aid districts or offices at the time the ordinance amending a redevelopment plan, like the Original Redevelopment Plan, was adopted and received no state funding, other than pursuant to Section 6 of Article IX of the State Constitution, pursuant to Section 2558, 42238, or 84751, as appropriate, of the Education Code, are entitled to receive (A) if an agreement exists that requires payments to the basic aid district, the amount required to be paid by an agreement between the agency and the basic aid district entered into prior to January 1, 1994, or (B) if an agreement does not exist, the percentage share of the increase in property taxes from the project area allocated among all of the affected taxing entities during the fiscal year the funds in the project area are allocated, derived from 80 percent of the growth in assessed value that occurs within the portion of the district within the redevelopment project area from the year in which the amendment takes effect pursuant to subdivision (c) of Section 33607.7.

Effect of Section 33676. Any payments under Section 33676 reduce the amount of tax increment allocated to the Successor Agency and, therefore, the amount of Tax Revenues.

Relevance to the Project Area. School districts within the Project Area currently receive payments pursuant to Section 33676. No other payments consisting of tax revenues from the Project Area are being made to taxing entities pursuant to Section 33676. See “APPENDIX I – FISCAL CONSULTANT’S REPORT” for further information.

Statutory Pass-Through Payments

General. In certain circumstances, Sections 33607.5 and 33607.7 of the Redevelopment Law require redevelopment agencies and successor agencies to make statutory pass-through payments to taxing agencies whose territory is located within a redevelopment project area, to alleviate the financial burden or detriment caused by the redevelopment project.

Generally speaking, the County Auditor-Controller is required to deduct from the Successor Agency’s Redevelopment Property Tax Trust Fund to pay to the affected taxing agencies percentages of tax increment generated in a project area as follows:

Tier 1: throughout the period that the Successor Agency is eligible to receive property tax revenues from a project area, 25% of revenues in excess of revenues generated in such project area from the date the redevelopment plan for such project area was adopted, for post-1994 plans, and from the year in which one of several specified plan limitations would have been reached, in the absence of an amendment to a redevelopment plan extending or eliminating such limitation, for pre-1994 plans with such amendments, all computed as though housing set-aside is still in effect; plus,

Tier 2: for the 11th year of the receipt of tax increment and thereafter, 21% of revenues in excess of revenues based on assessed values in the project area for the 10th year of statutory pass-through payments; plus,

Tier 3: for the 31st year of the receipt of tax increment and thereafter, 14% of revenues in excess of revenues based on assessed values in the project area for the 30th year of statutory pass-through payments.

Statutory Pass-Through Obligations in the Project Area. In 1993, the State Legislature enacted Assembly Bill 1290 ("AB 1290"), which contained several significant changes in the Redevelopment Law. Among the changes made by AB 1290 was a provision that limits the period of time for incurring and repaying loans, advances and indebtedness payable from tax increment revenues. Under AB 1290, redevelopment agencies were required to commence making pass-through payments under Section 33607.7 of the Redevelopment Law to certain taxing entities with respect to project areas formed on or before 1993, upon amendment of the related redevelopment plans to eliminate the time during which the redevelopment agency could incur debt with respect to particular project areas as set for in such redevelopment plans, to extend the life of the redevelopment plan or to increase the tax increment limit.

Under AB 1290, statutory pass-through payments were required to commence in the first year following the year in which the first of the revised limits would otherwise have gone into effect. With respect to project areas formed or territory added to existing project areas after 1993, AB 1290 required redevelopment agencies to commence making pass-through payments under 33607.7 of the Redevelopment Law upon formation of such project areas.

Pursuant to Ordinance No. 936, adopted by the City Council on July 10, 2003, the Redevelopment Plan was amended to eliminate the limitation on the issuance of new indebtedness to be repaid with tax increment revenue. As a result, the Former Agency was required to make statutory pass-through payments with respect to the Project Area pursuant to AB 1290.

No Subordination of Statutory Pass-Through Payments. Statutory pass-through payments are payable on a senior basis to debt service on bonds under the Dissolution Act, unless the pass-through payments have been subordinated. The Redevelopment Law, as amended by the Dissolution Act, allows statutory pass-through payments to be subordinated to debt service on the Successor Agency's bonds. **However, the Successor Agency did not seek or obtain the consent from any taxing entities to subordinate their right to receive statutory payments to the payment of debt service on the 2016 Bonds. Accordingly, statutory pass-through payments from the Project Area are payable on a senior basis to debt service on the 2016 Bonds.**

See "APPENDIX H – FISCAL CONSULTANT'S REPORT" for information about the Former Agency's statutory pass-through obligations and the County's payment practices with regard to statutory pass-through payments.

PROPERTY TAXATION IN CALIFORNIA

Property Tax Collection Procedures

Classification. In the State, property which is subject to ad valorem taxes is classified as "secured" or "unsecured." Secured and unsecured property are entered on separate parts of the assessment roll maintained by the County assessor. The secured classification includes property on which any property tax levied by a county becomes a lien on that property. A tax levied on unsecured property does not become a lien against the taxed unsecured property, but may become a lien on certain other property owned by the taxpayer. Every tax which becomes a lien on secured property has priority over all other liens on the secured property arising pursuant to State law, regardless of the time of the creation of other liens.

Generally, ad valorem taxes are collected by a county (the "Taxing Authority") for the benefit of the various entities (e.g., cities, schools and special districts) that share in the ad valorem tax (each a taxing entity) and successor agencies eligible to receive distributions from the respective Redevelopment Property Tax Trust Funds.

Collections. Secured and unsecured property is entered separately on the assessment roll maintained by the county assessor. The method of collecting delinquent taxes is substantially different for the two classifications of property. The taxing authority has four ways of collecting unsecured personal property taxes: (i) initiating a civil action against the taxpayer, (ii) filing a certificate in the office of the county clerk specifying certain facts in order to obtain a judgment lien on certain property of the taxpayer, (iii) filing a certificate of delinquency for record in the county recorder's office to obtain a lien on certain property of the taxpayer, and (iv) seizing and selling personal property, improvements or possessory interests belonging or assessed to the assessee. The exclusive means of enforcing the payment of delinquent taxes with respect to property on the secured roll is the sale of the property securing the taxes for the amount of taxes which are delinquent.

Penalty. A 10% penalty is added to delinquent taxes which have been levied with respect to property on the secured roll. In addition, property on the secured roll on which taxes are delinquent is declared in default by operation of law and declaration of the tax collector on or about June 30 of each fiscal year. Such property may thereafter be redeemed by payment of the delinquent taxes and a delinquency penalty, plus a redemption penalty of 1.5% per month to the time of redemption. If taxes are unpaid for a period of five years or more, the property then is subject to sale by the county tax collector. A 10% penalty also applies to delinquent taxes with respect to property on the unsecured roll, and further, an additional penalty of 1.5% per month accrues with respect to such taxes beginning on varying dates related to the tax bill mailing date.

Delinquencies. The valuation of property is determined as of the January 1 lien date as equalized in August of each year and equal installments of taxes levied upon secured property become delinquent on the following December 10 and April 10. Taxes on unsecured property are due January 1 and become delinquent August 31.

Supplemental Assessments. California Revenue and Taxation Code Section 75.70 (Chapter 498 of the Statutes of 1983) provides for the reassessment and taxation of property as of the occurrence of a change of ownership or completion of new construction. Such reassessment is referred to as the Supplemental Assessment and is determined by applying the current year's tax rate to the amount of increase or decrease in a property's value and prorating

the resulting property taxes to reflect the portion of the tax year remaining as determined by the date of the change in ownership or completion of new construction. Supplemental Assessments become a lien against real property. Since fiscal year 1984-85, revenues derived from Supplemental Assessments have been allocated to redevelopment agencies and taxing entities in the same manner as regularly collected property taxes.

Prior to the enactment of this law, the assessment of such changes was permitted only as of the next tax lien date following the change, and this delayed the realization of increased or decreased property taxes from the new assessments for up to 14 months. This statute provides increased or decreased revenue to the Redevelopment Property Tax Trust Fund to the extent that Supplemental Assessments of new construction or changes of ownership occur within the boundaries of redevelopment projects subsequent to the January 1 lien date. To the extent such Supplemental Assessments occur within the Project Area, Tax Revenues may increase or decrease. The Fiscal Consultant has not included supplemental assessments in the projections of Tax Revenues.

Property Tax Administrative Costs. In 1990, the State Legislature enacted SB 2557 (Chapter 466, Statutes of 1990) which allows counties to recover charges for the cost of assessing, collecting and allocating property tax revenues to local government jurisdictions in proportion to the tax-derived revenues allocated to each, in an amount equal to the fiscal year 1989-90 property tax administration costs, as adjusted annually.

SB 1559 (Chapter 697, Statutes of 1992) explicitly includes redevelopment agencies among the jurisdictions which are subject to such charges. The portions of the reimbursement amount that are allocated to each taxing entity within the County are based on the percentage of the total assessed value in the County that each taxing entity's assessed value represents. The Fiscal Consultant reports that the SB 2557 charge for fiscal year 2014-15 was 1.59% of gross tax increment revenues from the Project Area.

In addition, Sections 34182(e) and 34183(a) of the Dissolution Act allow administrative costs of the County Auditor-Controller for the cost of administering the provisions of the Dissolution Act, as well as the foregoing SB 2557/SB 1559 amounts, to be deducted from property tax revenues before monies are deposited into the Redevelopment Property Tax Trust Fund.

The County's administrative charge relating to the dissolution of the Former Agency was \$653,596 and \$603,944 for fiscal years 2014-15 and 2015-16, respectively. **The County's administrative charges are payable on a senior basis to debt service on the 2016 Bonds.**

Recognized Obligation Payment Schedule. See "SECURITY FOR THE 2016 BONDS – Recognized Obligation Payment Schedules" and "RISK FACTORS – Recognized Obligation Payment Schedules."

Rate of Collections – No Teeter Plan

The County has not adopted the Alternative Method of Distribution of Tax Levies and Collections and of Tax Sale Proceeds with respect to property taxes (the "**Teeter Plan**"). Consequently, the amount of the levy of property tax revenue that can be allocated to the Successor Agency depends upon the actual collections of taxes within the Project Area.

Substantial delinquencies in the payment of property taxes could impair the timely receipt by the Successor Agency of Tax Revenues. See "THE PROJECT AREA – No Teeter Plan."

Unitary Property

Legislation enacted in 1986 and 1987 provided for a modification of the distribution of tax revenues derived from utility property assessed by the State Board of Equalization ("**SBE**"), other than railroads. Prior to fiscal year 1988-89, property assessed by the SBE was assessed statewide and was allocated according to the location of individual components of a utility in a tax rate area.

Assembly Bill ("**AB**") 2890 (Statutes of 1986, Chapter 1457) provides that, commencing with fiscal year 1988-89, assessed value derived from State-assessed unitary property (consisting mostly of operational property owned by utility companies) is to be allocated county-wide as follows: (i) each taxing entity will receive the same amount as in the previous year plus an increase for inflation of up to 2%; (ii) if utility tax revenues are insufficient to provide the same amount as in the previous year, each taxing entity's share would be reduced pro rata county wide; and (iii) any increase in revenue above 2% would be allocated in the same proportion as the taxing entity's local secured taxable values are to the local secured taxable values of the county. Additionally, the lien date on State-assessed property is changed from March 1 to January 1.

AB 454 (Statutes of 1987, Chapter 921) further modified Chapter 1457 regarding the distribution of tax revenues derived from property assessed by the SBE. Chapter 921 provides for the consolidation of all State-assessed property, except for regulated railroad property, into a single tax rate area in each county. Chapter 921 further provides for a new method of establishing tax rates on State-assessed property and distribution of property tax revenue derived from State-assessed property to taxing jurisdictions within each county in accordance with a new formula. Railroads will continue to be assessed and revenues allocated to all tax rate areas where railroad property is sited.

To administer the allocation of unitary tax revenues to redevelopment agencies, the County no longer includes the taxable value of utilities as part of the reported taxable values of a project area; therefore, the base year value of the Project Area has been reduced by the amount of utility value that existed originally in the base year.

The Fiscal Consultant reports that the Los Angeles County Controller estimates that the Successor Agency will receive \$220,743 in unitary revenue from the Project Area in fiscal year 2015-16.

Article XIII A of the State Constitution

Article XIII A limits the amount of ad valorem taxes on real property to 1% of "full cash value" of such property, as determined by the county assessor. Article XIII A defines "full cash value" to mean "the County Assessor's valuation of real property as shown on the 1975-76 tax bill under 'full cash value,' or, thereafter, the appraised value of real property when purchased, newly constructed, or a change in ownership has occurred after the 1975 assessment." Furthermore, the "full cash value" of all real property may be increased to reflect the rate of inflation, as shown by the consumer price index, not to exceed 2% per year, or may be reduced.

Article XIII A has subsequently been amended to permit reduction of the "full cash value" base in the event of declining property values caused by substantial damage, destruction or other factors, and to provide that there would be no increase in the "full cash value" base in the event of reconstruction of property damaged or destroyed in a disaster and in other special circumstances.

Article XIII A (i) exempts from the 1% tax limitation taxes to pay debt service on (a) indebtedness approved by the voters prior to July 1, 1978 or (b) bonded indebtedness for the acquisition or improvement of real property approved on or after July 1, 1978, by two-thirds of the votes cast by the voters voting on the proposition; (ii) requires a vote of two-thirds of the qualified electorate to impose special taxes, or certain additional ad valorem taxes; and (iii) requires the approval of two-thirds of all members of the State Legislature to change any State tax laws resulting in increased tax revenues.

The validity of Article XIII A has been upheld by both the California Supreme Court and the United States Supreme Court.

In the general election held November 4, 1986, voters of the State approved two measures, Propositions 58 and 60, which further amended Article XIII A. Proposition 58 amended Article XIII A to provide that the terms "purchase" and "change of ownership," for the purposes of determining full cash value of property under Article XIII A, do not include the purchase or transfer of (1) real property between spouses and (2) the principal residence and the first \$1,000,000 of other property between parents and children. This amendment to Article XIII A may reduce the rate of growth of local property tax revenues.

Proposition 60 amended Article XIII A to permit the State Legislature to allow persons over the age of 55 who sell their residence and buy or build another of equal or lesser value within two years in the same county, to transfer the old residence assessed value to the new residence. As a result of the State Legislature's action, the growth of property tax revenues may decline.

Legislation enacted by the State Legislature to implement Article XIII A provides that all taxable property is shown at full-assessed value as described above. In conformity with this procedure, all taxable property value included in this Official Statement is shown at 100% of assessed value and all general tax rates reflect the \$1 per \$100 of taxable value (except as noted). Tax rates for voter-approved bonded indebtedness and pension liabilities are also applied to 100% of assessed value.

Each year the SBE announces the applicable adjustment factor. Since the adoption of Proposition 13, inflation has, in most years, exceeded 2% and the announced factor has reflected the 2% cap. The changes in the California Consumer Price Index from October of one year and October of the next year are used to determine the adjustment factor for the January assessment date. During the ten previous fiscal years, the inflation factor has been less than 2% on five occasions. The table below reflects the inflation adjustment factors for the current fiscal year, the 9 prior fiscal years and the adjustment factor for fiscal year 2016-17.

Historical Inflation Adjustment Factors

<u>Fiscal Year</u>	<u>Inflation Adj. Factor</u>

2012-13	2.000

Appropriations Limitation – Article XIIB

Article XIIB limits the annual appropriations of the State and its political subdivisions to the level of appropriations for the prior fiscal year, as adjusted for changes in the cost of living, population and services rendered by the government entity. The “base year” for establishing such appropriations limit is the 1978/79 fiscal year, and the limit is to be adjusted annually to reflect changes in population, consumer prices and certain increases in the cost of services provided by these public agencies.

Section 33678 of the Redevelopment Law provides that the allocation of taxes to a redevelopment agency for the purpose of paying principal of, or interest on, loans, advances, or indebtedness shall not be deemed the receipt by a redevelopment agency of proceeds of taxes levied by or on behalf of a redevelopment agency within the meaning of Article XIIB, nor shall such portion of taxes be deemed receipt of proceeds of taxes by, or an appropriation subject to the limitation of, any other public body within the meaning or for the purpose of the Constitution and laws of the State, including Section 33678 of the Redevelopment Law. The constitutionality of Section 33678 has been upheld in two California appellate court decisions. On the basis of these decisions, the Successor Agency has not adopted an appropriations limit.

Proposition 87

On November 8, 1988, the voters of the State approved Proposition 87, which amended Article XVI, Section 16 of the State Constitution to provide that property tax revenue attributable to the imposition of taxes on property within a redevelopment project area for the purpose of paying debt service on certain bonded indebtedness issued by a taxing entity (other than the Former Agency or the Successor Agency) and approved by the voters of the taxing entity after January 1, 1989 will be allocated solely to the payment of such indebtedness and not to redevelopment agencies. Effective September 22, 2015, the Dissolution Act provides that such debt service override revenues approved by the voters for the purpose of supporting pension programs, capital projects, or programs related to the State Water Project that are not pledged to or not needed for debt service on successor agency obligations will be allocated and paid to the entity that levies the override.

Appeals of Assessed Values

Pursuant to State law, a property owner may apply for a reduction of the property tax assessment for such owner's property by filing a written application, in a form prescribed by the SBE, with the appropriate county board of equalization or assessment appeals board.

In the County, a property owner desiring to reduce the assessed value of such owner's property in any one year must submit an application to the County Assessment Appeals Board (the "**Appeals Board**"). Applications for any tax year must be submitted by September 15 of such tax year. Following a review of each application by the staff of the County Assessor's Office, the staff makes a recommendation to the Appeals Board on each application which has not been rejected for incompleteness or untimeliness or withdrawn. The Appeals Board holds a hearing and either reduces the assessment or confirms the assessment. The Appeals Board generally is required to determine the outcome of appeals within two years of each appeal's filing date. Any reduction in the assessment ultimately granted applies only to the year for which application is made and during which the written application is filed. The assessed value increases to its pre-reduction level for fiscal years following the year for which the reduction application is filed. However, if the taxpayer establishes through proof of comparable values that the property continues to be overvalued (known as "ongoing hardship"), the Assessor has the power to grant a reduction not only for the year for which application was originally made, but also for the then current year as well. Appeals for reduction in the "base year" value of an assessment, which generally must be made within four years of the date of change in ownership or completion of new construction that determined the base year, if successful, reduce the assessment for the year in which the appeal is taken and prospectively thereafter. Moreover, in the case of any reduction in any one year of assessed value granted for "ongoing hardship" in the then current year, and also in any cases involving stipulated appeals for prior years relating to base year and personal property assessments, the property tax revenues from which Tax Revenues are derived attributable to such properties will be reduced in the then current year. In practice, such a reduced assessment may remain in effect beyond the year in which it is granted.

See "THE PROJECT AREA – Appeals of Assessed Values" for information regarding historical and pending appeals of assessed valuations by property owners in the Project Area.

Proposition 8

Proposition 8, approved in 1978 (California Revenue and Taxation Code Section 51(b)), provides for the assessment of real property at the lesser of its originally determined (base year) full cash value compounded annually by the inflation factor, or its full cash value as of the lien date, taking into account reductions in value due to damage, destruction, obsolescence or other factors causing a decline in market value. Reductions under this code section may be initiated by the County Assessor or requested by the property owner.

After a roll reduction is granted under this code section, the property is reviewed on an annual basis to determine its full cash value and the valuation is adjusted accordingly. This may result in further reductions or in value increases. Such increases must be in accordance with the full cash value of the property and may exceed the maximum annual inflationary growth rate allowed on other properties under Article XIII A of the State Constitution. Once the property has regained its prior value, adjusted for inflation, it once again is subject to the annual inflationary factor growth rate allowed under Article XIII A.

The Fiscal Consultant reports that information regarding reductions and restorations of assessed values within the Project Area pursuant to Proposition 8 is not currently available from the County.

Propositions 218 and 26

On November 5, 1996, California voters approved Proposition 218—Voter Approval for Local Government Taxes—Limitation on Fees, Assessments, and Charges—Initiative Constitutional Amendment. Proposition 218 added Articles XIIC and XIID to the State Constitution, imposing certain vote requirements and other limitations on the imposition of new or increased taxes, assessments and property-related fees and charges. On November 2, 2010, California voters approved Proposition 26, the “Supermajority Vote to Pass New Taxes and Fees Act.” Proposition 26 amended Article XIIC of the State Constitution by adding an expansive definition for the term “tax,” which previously was not defined under the State Constitution.

Tax Revenues securing the 2016 Bonds are derived from property taxes that are outside the scope of taxes, assessments and property-related fees and charges which are limited by Proposition 218 and Proposition 26.

Future Initiatives

Article XIIA, Article XIIB, Article XIIC and Article XIID and certain other propositions affecting property tax levies were each adopted as measures which qualified for the ballot pursuant to the State’s initiative process. From time to time other initiative measures could be adopted, further affecting Successor Agency revenues or the Successor Agency’s ability to expend revenues.

THE SUCCESSOR AGENCY

As described in "INTRODUCTION," the Dissolution Act dissolved the Former Agency as of February 1, 2012. Thereafter, pursuant to Section 34173 of the Dissolution Act, the City became the Successor Agency to the Former Agency. Subdivision (g) of Section 34173 of the Dissolution Act, added by AB 1484, expressly affirms that the Successor Agency is a separate public entity from the City, that the two entities shall not merge, and that the liabilities of the Former Agency will not be transferred to the City nor will the assets of the Former Agency become assets of the City.

Successor Agency Powers

All powers of the Successor Agency are vested in its five members who are elected members of the City Council. Pursuant to the Dissolution Act, the Successor Agency is a separate public body from the City and succeeds to the organizational status of the Former Agency but without any legal authority to participate in redevelopment activities, except to complete any work related to an approved enforceable obligation. The Successor Agency is tasked with expeditiously winding down the affairs of the Former Agency, pursuant to the procedures and provisions of the Dissolution Act. Under the Dissolution Act, substantially all Successor Agency actions are subject to approval by the Oversight Board, as well as review by the DOF.

Status of Compliance with Dissolution Act

The Dissolution Act requires a due diligence review to determine the unobligated balances of each successor agency that are available for transfer to taxing entities. The due diligence review involves separate reviews of each successor agency's low and moderate income housing fund and of all other funds and accounts. Once a successor agency completes the due diligence review and any transfers to taxing entities, the DOF will issue a finding of completion that expands the authority of each successor agency in carrying out the wind down process. A finding of completion allows a successor agency to, among other things, retain real property assets of the dissolved redevelopment agency and utilize proceeds derived from bonds issued prior to January 1, 2011.

The Successor Agency completed the due diligence process and received its Finding of Completion on December 5, 2013.

After receiving a finding of completion, each successor agency is required to submit a Long Range Property Management Plan detailing what it intends to do with its inventory of properties. Successor agencies are not required to immediately dispose of their properties but are limited in terms of what they can do with the retained properties. Permissible uses include: sale of the property, use of the property to satisfy an enforceable obligation, retention of the property for future redevelopment, and retention of the property for governmental use. These plans must be filed by successor agencies within six months of receiving a finding of completion, and the DOF will review these plans as submitted on a rolling basis.

The DOF approved the Successor Agency's Long Range Property Management Plan on November 24, 2015.

THE PROJECT AREA

Project Description

General. The Project Area is one of two redevelopment project areas of the Successor Agency, along with the Washington Boulevard Project Area. Tax Revenues pledged to the payment of the 2016 Bonds are derived solely from tax increment revenues generated in the Project Area and therefore, the discussion in this Official Statement regarding the Successor Agency's project areas is limited to the Project Area.

The Project Area was formed as a result of the merger of four formerly separate redevelopment project areas established by the Former Agency: (i) the Flood Ranch Project; (ii) the Pioneer -Telegraph Project; (iii) the Norwalk Boulevard Project; and (iv) the Oil Field Project. After its formation, the Original Project Area was amended to add the Amendment No. I Area and the Amendment No. III Area. As so amended, the Project Area currently consists of approximately 3,450 acres of land.

Component Areas. Following are brief descriptions of the component areas of the Project Area:

- Flood Ranch Project. The land within the Project Area originally composing the former Flood Ranch Project. It consists of approximately 65 acres and is predominantly residential in nature.
- Pioneer-Telegraph Project. The land within the Project Area originally composing the former Pioneer-Telegraph Project. It consists of approximately 183 industrially zoned acres adjacent to a residential community, which includes the Town Center complex.
- Norwalk Boulevard Project. The land within the Project Area originally composing the former Norwalk Boulevard Project. It consists of approximately 879 acres of land and is predominantly residential and commercial in nature.
- Oil Field Project. The land within the Project Area originally composing the former Oil Field Project consists of approximately 964 acres of land. The Santa Fe Springs oil field underlies the former Oil Field Project, and approximately 35% of the surface lands are controlled by petroleum interests. Property ownership within the former Oil Field Project is highly fragmented which discourages land assembly for other uses by private interests. Petroleum production from the Santa Fe Springs field has been declining for several years. In effort to address idle wells and unused facilities and thereby permit more productive uses of surface rights, the City adopted its Oil and Gas Code in 1977. In 1987, the City's Oil and Gas Code was amended to reduce the number of idle wells in existence from one for every producing well to one for every two producing wells. During the five year phase-in period, about 80 idle wells were abandoned. Development within the former Oil Field Project is anticipated to be slow in the future because it is impacted by methane gas and crude oil contaminated soil.
- Amendment Areas. The Amendment No. I Area consists of approximately 1,337 acres of land, including 108 acres of freeway right-of-way for the San Gabriel River Freeway (I-605) and the Santa Ana Freeway (I-5). The Amendment No. I Area also

included the 265-acre former Golden West Refinery, which was redeveloped as a 30 building, 5 million square foot master planned industrial and commercial project completed in 2007. The Amendment No. III consists of approximately 22.6 acres.

Land Use

The following table summarizes the current land use in the Project Area by the number of parcels and by assessed value for fiscal year 2015-16. The assessed values shown have been reduced to reflect non-homeowner exemptions.

As shown in the table below, land within the Project Area is predominantly used for industrial purposes (approximately 79% in terms of secured assessed valuation).

The Redevelopment Plan

General. The Original Project Area was formally established with the adoption by the City Council of the Original Redevelopment Plan pursuant to Ordinance No. 592, adopted on November 13, 1980. Since adoption, the Original Redevelopment Plan has been amended several times, including in 1981 and 1982 to add the Amendment No. I Area and the Amendment No. III Area, respectively.

Plan Limits. In accordance with the Redevelopment Law, redevelopment plans like the Redevelopment Plan were required to include certain limits on the financing of the redevelopment projects. These limits could include a time limit on the life of the redevelopment plan, a time limit on the incurrence of indebtedness, a time limit on the receipt of property tax increment and the repayment of indebtedness and a limit on the amount of bonded

indebtedness outstanding at any time. SB 107 clarifies that former tax increment limits set forth in redevelopment plans such as the Redevelopment Plan no longer apply for purposes of paying approved enforceable obligations such as the 2016 Bonds. However, the Fiscal Consultant reports that, notwithstanding SB 107, the County continues to monitor the cumulative limit on receipt of tax increment revenues from the Project Area in the Redevelopment Plan of approximately \$9.993 billion. According to the Fiscal Consultant, in order for such limit to be reached prior to the final maturity of the 2016 Bonds on September 1, 2028, it is estimated that tax increment revenues would need to increase in excess of 43% in fiscal year 2016-17 and each fiscal year thereafter up and including fiscal year 2027-28. Therefore, the Successor Agency believes it is highly unlikely that such limit will be met prior to the maturity of the 2016 Bonds.

SB 107 does not apply to limits on the financing of the redevelopment projects included in pass-through agreements entered into with taxing agencies such as the County Agreement-Amendment Area No. I. Therefore, the Amendment No. I Limits remain in effect. See "SECURITY FOR THE 2016 BONDS – Negotiated Pass-Through Agreements" for further discussion regarding the Amendment No. I Limits. The projections of tax increment revenues from the Project Area available to pay debt service prepared by the Fiscal Consultant and set forth in the section of this Official Statement entitled "THE PROJECT AREA – Projected Tax Increment Revenues and Estimated Debt Service Coverage" take into account the Amendment No. I Limits.

Historical and Estimated Assessed Values and Tax Revenues

The table below shows the historical assessed valuations for the Project Area for fiscal years 2011-12 to 2015-16 based upon the County Auditor-Controller's equalized rolls. The table below also calculates available Tax Revenues from the Project Area for each of the past four fiscal years and an estimate for fiscal year 2015-16.

(6) Fiscal year 2014-15 gross tax revenues include a one-time payment of approximately \$4.9 million of secured defaulted revenues and penalty amounts. Source: County Assessor; Urban Futures, Inc.

As shown in the table above, total assessed values within the Project Area increased by approximately \$513 million or 14.7% from fiscal years 2011-12 through 2015-16. Such increase was due primarily to an increase in total secured assessed values within the Project Area of approximately \$459.3 million or 15.4% during such period with a majority of the increase (approximately \$188.7 million) occurring in fiscal year 2014-15. See "APPENDIX H – FISCAL CONSULTANT'S REPORT" for further information.

Unitary Property

As the result of the enactment of Assembly Bill 2890 (Chapter 1457, Statutes of 1986) and Assembly Bill 454 (Chapter 921, Statutes of 1987), a portion of the County-wide unitary values assigned to public utilities is allocated to the Project Area. Any substantial reduction in

the values of public utility properties, either because of deregulation of a utility industry or for any other reason, will have an adverse impact on the amount of tax increment revenues. However, any such impact with respect to utility properties within the Project Area will be lessened because the impact will be spread on a County-wide basis.

The Fiscal Consultant reports that the County Controller estimates that the Successor Agency will receive \$220,743 in unitary revenue fiscal year 2015-16.

Largest Taxable Property Owners

The following table lists the 10 largest payers of secured property taxes in the Project Area for fiscal year 2015-16. The total assessed valuation of the top 10 secured property taxpayers accounted for 21.30% of the total secured assessed valuation of the Project Area and 20.61% of the incremental assessed value of the Project Area for fiscal year 2015-16. The Fiscal Consultant reports that 3 of the 10 largest payers of property taxes in the Project Area had pending assessment appeals as of the date of this Official Statement.

A brief description of the top two largest payers of secured property taxes in the Project Area is set forth in the following paragraphs:

Largest Secured Property Taxpayer – Golden Springs Development. Golden Springs Development, the largest payer of secured property taxes in the Project Area, is a real estate development and property management company. Golden Springs Development owns and manages an area of land within the Project Area commonly known as the Golden Springs Business Center. The Golden Springs Business Center represents the redevelopment of the original Golden West Oil Refinery and is the City's largest and most successful brownfield redevelopment project to date. Golden Springs Business Center is a 264-acre master planned business park with 23 buildings and over 5 million square feet of Class A, mixed-use industrial and commercial building space and over 60,000 square feet for retail. A MetroRail station is located adjacent to the center.

Second Largest Secured Property Taxpayer – McMaster Carr Supply Company. McMaster Carr Supply Company, the second largest payer of secured property taxes in the Project Area, distributes and ships industrial products to business in the United States and internationally, including building products, fastening and joining equipment, hand tools and hardware products.

Tax Rates

Tax rates will vary from area to area within the State, as well as within a community and a redevelopment project area. The tax rate for any particular parcel is based upon the jurisdictions levying the tax rate for the area where the parcel is located. The tax rate consists of the general levy rate of \$1.00 per \$100 of taxable value and any over-ride tax rate. The over-ride rate is that portion of the tax rate that exceeds the general levy tax rate and is levied to pay voter approved indebtedness or contractual obligations that existed prior to the enactment of Proposition XIII.

As previously indicated, Section 34183(a)(1) of the Dissolution Act requires the County Auditor-Controller to allocate all revenues attributable to tax rates levied to make annual repayments of the principal of and interest on any bonded indebtedness for the acquisition or improvement of real property to the taxing entity levying the tax rate. In addition, effective September 22, 2015, debt service override revenues approved by the voters for the purpose of supporting pension programs, capital projects, or programs related to the State Water Project, that are not pledged to or needed for debt service on successor agency obligations are allocated and paid to the entity that levies the override and will not be deposited into the Redevelopment Property Tax Trust Fund.

The Fiscal Consultant reports that the Former Agency has not been allocated debt service override revenues. The Fiscal Consultant's projections of tax increment available to pay debt service on the 2016 Bonds are based only on revenue derived from the general levy tax rate.

No Teeter Plan

As previously indicated, the County has not adopted the Teeter Plan. Consequently, property tax payments are not adjusted for delinquencies, redemptions, penalties or interest, and property tax revenues from the Project Area reflect actual collections.

See "PROPERTY TAXATION IN CALIFORNIA – Rate of Collections – No Teeter Plan."

Appeals of Assessed Values

Pursuant to State law, property owners may apply for a reduction of their property tax assessment by filing a written application, in form prescribed by the SBE, with the appropriate county board of equalization or assessment appeals board.

After the applicant and the assessor have presented their arguments, the Appeals Board makes a final decision on the proper assessed value. The Appeals Board may rule in the assessor's favor, in the applicant's favor, or the Board may set their own opinion of the proper assessed value, which may be more or less than either the assessor's opinion or the applicant's opinion.

Any reduction in the assessment ultimately granted applies to the year for which the application is made and may also affect the values in subsequent years. Refunds for taxpayer overpayment of property taxes may include refunds for overpayment of taxes in years after that which was appealed. Current year values may also be adjusted as a result of a successful appeal of prior year values. Any taxpayer payment of property taxes that is based on a value that is subsequently adjusted downward will require a refund for overpayment.

Appeals for reduction in the "base year" value of an assessment, if successful, reduce the assessment for the year in which the appeal is taken and prospectively thereafter. The base year is determined by the completion date of new construction or the date of change of ownership. Any base year appeal must be made within four years of the change of ownership or new construction date.

Appeals may also be filed under Section 51 of the Revenue and Taxation Code, which requires that for each lien date the value of real property shall be the lesser of its base year value annually adjusted by the inflation factor pursuant to Article XIII A of the State Constitution or its full cash value, taking into account reductions in value due to damage, destruction, depreciation, obsolescence, removal of property or other factors causing a decline in value. Significant reductions have taken place in some counties due to declining real estate values. Reductions made under this code section may be initiated by the County Assessor or requested by the property owner. After a roll reduction is granted under this section, the property is reviewed on an annual basis to determine its full cash value and the valuation is adjusted accordingly. This may result in further reductions or in value increases. Such increases must be in accordance with the full cash value of the property and it may exceed the maximum annual inflationary growth rate allowed on other properties under Article XIII A of the State Constitution. Once the property has regained its prior value, adjusted for inflation, it once again is subject to the annual inflationary factor growth rate allowed under Article XIII A. See "PROPERTY TAXATION IN CALIFORNIA" above.

The Fiscal Consultant reviewed assessment appeals data from County for the Project Area for the period commencing January 1, 2010 through November 10, 2015 to determine the potential impact that pending appeals may have on projected tax increment revenues available to pay debt service on the 2016 Bonds. According to the Fiscal Consultant Report and based on information provided by the County Assessment Appeals Office, the Fiscal Consultant estimates that, assuming a 13.01% reduction in assessed value (based on actual reductions of assessed value for the period commencing January 1, 2010 through November 10, 2015 of 13.01%), the Successor Agency can expect to experience a further reduction in assessed value of the Project Area of approximately \$154.4 million thereby resulting in a reduction in Tax Revenues from the Project Area of approximately \$1.54 million. The projections of tax increment revenues from the

Project Area available to pay debt service prepared by the Fiscal Consultant and set forth in the section of this Official Statement entitled "THE PROJECT AREAS – Projected Tax Increment Revenues and Estimated Debt Service Coverage" do not take into account reductions in assessed value related to pending appeals.

The following table shows the number of appeals that are pending, the values under appeal and the property owners' opinion of value for the Project Area.

Projected Tax Increment Revenues and Estimated Debt Service Coverage

The Fiscal Consultant prepared projections of tax increment revenues available to pay debt service for the Project Area assuming 1.525% inflationary assessed value growth in fiscal year 2016-17 and 2% each fiscal year thereafter and they are shown in Table 5. Other assumptions made by the Fiscal Consultant in calculating the projected tax increment revenues available to pay debt service for the Project Area are described in the Fiscal Consultant's Report. See "APPENDIX H – FISCAL CONSULTANT'S REPORT." Housing Set-Aside is not shown as a separate category of revenues because the former Housing Set-Aside from the Project Area is included in tax increment revenues except to the extent such revenues exceed the Amendment No. I Limits. See "SECURITY FOR THE 2016 BONDS – Tax Revenues – Housing Set-Aside." See "SECURITY FOR THE 2016 BONDS – Negotiated Pass-Through Agreements" for further discussion regarding the Amendment No. I Limits.

Table 6 below shows the projected debt service coverage based on total debt service on the 2016 Bonds and the Senior Obligations assuming 1.525% inflationary assessed value

growth in fiscal year 2016-17 and 2% each fiscal year thereafter. Table 6 below also shows the projected debt service coverage based on total debt service on 2016 Bonds and the Senior Obligations.

RISK FACTORS

The following information should be considered by prospective investors in evaluating the 2016 Bonds. However, the following does not purport to be an exhaustive listing of risks and other considerations which may be relevant to investing in the 2016 Bonds. In addition, the order in which the following information is presented is not intended to reflect the relative importance of any such risks.

The various legal opinions to be delivered concurrently with the issuance of the 2016 Bonds will be qualified as to the enforceability of the various legal instruments by limitations imposed by State and federal laws, rulings and decisions affecting remedies, and by bankruptcy, reorganization or other laws of general application affecting the enforcement of creditors' rights, including equitable principles.

Recognized Obligation Payment Schedules

The Dissolution Act provides that only those payments listed in a Recognized Obligation Payment Schedule may be made by a successor agency from the funds specified in the Recognized Obligation Payment Schedule. Pursuant to Section 34177 of the Dissolution Act, on or before each February 1 commencing February 1, 2016, the Successor Agency shall submit to the Oversight Board and the DOF, a Recognized Obligation Payment Schedule unless, at the option of the Successor Agency and subject to DOF approval and satisfaction of certain other conditions, a Last and Final Recognized Obligation Payment Schedule is filed by the Successor Agency and is approved by the DOF in which event no such periodic filing requirements apply. In instances where a Last and Final Recognized Obligation Payment Schedule is not filed, for each semiannual or annual period, as applicable, the Dissolution Act requires each successor agency to prepare and approve, and submit to the successor agency's oversight board and the DOF for approval, a Recognized Obligation Payment Schedule pursuant to which enforceable obligations (as defined in the Dissolution Act) of the successor agency are listed, together with the source of funds to be used to pay for each enforceable obligation. Consequently, in instances where a Last and Final Recognized Obligation Payment Schedule is not filed, Tax Revenues will not be withdrawn from the Redevelopment Property Tax Trust Fund by the County Auditor-Controller and remitted to the Successor Agency without a duly approved and effective Recognized Obligation Payment Schedule to pay debt service on the 2016 Bonds and to pay other enforceable obligations for each applicable annual period. In the event the Successor Agency were to fail to file a Recognized Obligation Payment Schedule as required, the availability of Tax Revenues to the Successor Agency could be adversely affected for such period. See "SECURITY FOR THE 2016 BONDS – Recognized Obligation Payment Schedules."

In instances where a Last and Final Recognized Obligation Payment Schedule is not filed, if a successor agency does not submit a Recognized Obligation Payment Schedule within five business days of the date upon which the Recognized Obligation Payment Schedule is to be used to determine the amount of property tax allocations, the DOF may determine if any amount should be withheld by the county auditor-controller for payments for enforceable obligations from distribution to taxing entities, pending approval of a Recognized Obligation Payment Schedule. The county auditor-controller is then required to distribute the portion of any of the sums withheld as described above to the affected taxing entities in accordance with applicable provisions of the Dissolution Act upon notice by the DOF that a portion of the withheld balances are in excess of the amount of enforceable obligations. The Dissolution Act provides that the county auditor-controller shall distribute withheld funds to a successor agency

only in accordance with a Recognized Obligation Payment Schedule approved by the DOF. [Nothing in the Indenture limits the Successor Agency's ability to file a Last and Final Recognized Obligation Payment Schedule.]

AB 1484 also added provisions to the Dissolution Act implementing certain penalties in the event a successor agency does not timely submit a Recognized Obligation Payment Schedule as required. Specifically, an oversight board approved Recognized Obligation Payment Schedule must be submitted by the successor agency to the county auditor-controller and the DOF, no later than each February 1 for the subsequent annual period. If a successor agency does not submit a Recognized Obligation Payment Schedule by such deadlines, the city or county that established the redevelopment agency will be subject to a civil penalty equal to \$10,000 per day for every day the schedule is not submitted to the DOF. Additionally, a successor agency's administrative cost allowance is reduced by 25% if the successor agency does not submit an oversight board-approved Recognized Obligation Payment Schedule within 10 days of the February 1 deadline, with respect to the Recognized Obligation Payment Schedule for the subsequent annual period.

Challenges to Dissolution Act

Several successor agencies, cities and other entities have filed judicial actions challenging the legality of various provisions of the Dissolution Act. One such challenge is an action filed on August 1, 2012, by Syncora Guarantee Inc. and Syncora Capital Assurance Inc. (collectively, "**Syncora**") against the State, the State Controller, the State Director of Finance, and the Auditor-Controller of San Bernardino County on his own behalf and as the representative of all other County Auditors in the State (Superior Court of the State of California, County of Sacramento, Case No. 34-2012-80001215). Syncora are monoline financial guaranty insurers domiciled in the State of New York, and as such, provide credit enhancement on bonds issued by state and local governments and do not sell other kinds of insurance such as life, health, or property insurance. Syncora provided bond insurance and other related insurance policies for bonds issued by former California redevelopment agencies.

The complaint alleged that the Dissolution Act, and specifically the "Redistribution Provisions" thereof (i.e., California Health and Safety Code Sections 34172(d), 34174, 34177(d), 34183(a)(4), and 34188) violate the "contract clauses" of the United States and California Constitutions (U.S. Const. art. 1, §10, cl.1; Cal. Const. art. 1, §9) because they unconstitutionally impair the contracts among the former redevelopment agencies, bondholders and Syncora. The complaint also alleged that the Redistribution Provisions violate the "Takings Clauses" of the United States and California Constitutions (U.S. Const. amend. V; Cal Const. art. 1 § 19) because they unconstitutionally take and appropriate bondholders' and Syncora's contractual right to critical security mechanisms without just compensation.

After hearing by the Sacramento County Superior Court on May 3, 2013, the Superior Court ruled that Syncora's constitutional claims based on contractual impairment were premature. The Superior Court also held that Syncora's takings claims, to the extent based on the same arguments, were also premature. Pursuant to a Judgment stipulated to by the parties, the Superior Court on October 3, 2013, entered its order dismissing the action. The Judgment, however, provides that Syncora preserves its rights to reassert its challenges to the Dissolution Act in the future. The Successor Agency does not guarantee that any reassertion of challenges by Syncora or that the final results of any of the judicial actions brought by others challenging the Dissolution Act will not result in an outcome that may have a material adverse effect on the Successor Agency's ability to timely pay debt service on the 2016 Bonds.

Reduction in Taxable Value

Tax increment revenue available to pay principal of and interest on the 2016 Bonds are determined by the amount of incremental taxable value in the Project Area and the current rate or rates at which property in the Project Area is taxed. The reduction of taxable values of property in the Project Area caused by economic factors beyond the Successor Agency's control, such as relocation out of the Project Area by one or more major property owners, sale of property to a non-profit corporation exempt from property taxation, or the complete or partial destruction of such property caused by, among other eventualities, earthquake or other natural disaster, could cause a reduction in the tax increment available to pay debt service on the 2016 Bonds. Such reduction of tax increment available to pay debt service on the 2016 Bonds could have an adverse effect on the Successor Agency's ability to make timely payments of principal of and interest on the 2016 Bonds.

As described in greater detail under the heading "PROPERTY TAXATION IN CALIFORNIA – Article XIII A of the State Constitution," Article XIII A provides that the full cash value base of real property used in determining taxable value may be adjusted from year to year to reflect the inflation rate, not to exceed a two percent increase for any given year, or may be reduced to reflect a reduction in the consumer price index, comparable local data or any reduction in the event of declining property value caused by damage, destruction or other factors (as described above). Such measure is computed on a calendar year basis. Any resulting reduction in the full cash value base over the term of the 2016 Bonds could reduce tax increment available to pay debt service on the 2016 Bonds.

In addition to the other limitations on, and required application under the Dissolution Act of Tax Revenues on deposit in the Redevelopment Property Tax Trust Fund, the State electorate or State Legislature could adopt a constitutional or legislative property tax reduction with the effect of reducing Tax Revenues allocated to the Redevelopment Property Tax Trust Fund and available to the Successor Agency. Although the federal and State Constitutions include clauses generally prohibiting the California Legislature's impairment of contracts, there are also recognized exceptions to these prohibitions. There is no assurance that the State electorate or State Legislature will not at some future time approve additional limitations that could reduce the tax increment available to pay debt service on the 2016 Bonds and adversely affect the source of repayment and security of the 2016 Bonds.

Risks to Real Estate Market

The Successor Agency's ability to make payments on the 2016 Bonds will be dependent upon the economic strength of the Project Area. The general economy of the Project Area will be subject to all of the risks generally associated with urban real estate markets. Real estate prices and development may be adversely affected by changes in general economic conditions, fluctuations in the real estate market and interest rates, unexpected increases in development costs and by other similar factors. Further, real estate development within the Project Area could be adversely affected by limitations of infrastructure or future governmental policies, including governmental policies to restrict or control development. In addition, if there is a significant decline in the general economy of any Project Area, the owners of property within such Project Area may be less able or less willing to make timely payments of property taxes or may petition for reduced assessed valuation causing a delay or interruption in the receipt of Tax Revenues by the Successor Agency from the Project Area. See "THE PROJECT AREA – Projected Tax Increment Revenues and Estimated Debt Service Coverage" for a description of the debt service coverage on the 2016 Bonds.

Reduction in Inflationary Rate

As described in greater detail below, Article XIII A of the State Constitution provides that the full cash value of real property used in determining taxable value may be adjusted from year to year to reflect the inflationary rate, not to exceed a 2% increase for any given year, or may be reduced to reflect a reduction in the consumer price index or comparable local data. Such measure is computed on a calendar year basis. Because Article XIII A limits inflationary assessed value adjustments to the lesser of the actual inflationary rate or 2%, there have been years in which the assessed values were adjusted by actual inflationary rates, which were less than 2%. The Successor Agency is unable to predict if any further adjustments to the full cash value base of real property within the Project Area, whether an increase or a reduction, will be realized in the future.

Levy and Collection of Taxes

The Successor Agency has no independent power to levy or collect property taxes. Any reduction in the tax rate or the implementation of any constitutional or legislative property tax decrease could reduce the Tax Revenues, and accordingly, could have an adverse impact on the security for and the ability of the Successor Agency to repay the 2016 Bonds.

Although delinquencies in the payment of property taxes by the owners of land in the Project Area, and the impact of bankruptcy proceedings on the ability of taxing agencies to collect property taxes as described below, could have an adverse effect on the Successor Agency's ability to make timely payments on the 2016 Bonds, the Successor Agency believes any such adverse impact is unlikely in light of the debt service coverage provided by tax increment revenues from the Project Area. See "THE PROJECT AREA – Projected Tax Increment Revenues and Estimated Debt Service Coverage" for a description of the debt service coverage on the 2016 Bonds.

Bankruptcy and Foreclosure

The payment of the property taxes from which Tax Revenues are derived and the ability of the County to foreclose the lien of a delinquent unpaid tax may be limited by bankruptcy, insolvency, or other laws generally affecting creditors' rights or by the laws of the State relating to judicial foreclosure. The various legal opinions to be delivered concurrently with the delivery of the 2016 Bonds (including Bond Counsel's approving legal opinion) will be qualified as to the enforceability of the various legal instruments by bankruptcy, insolvency, reorganization, moratorium, or other similar laws affecting creditors' rights, by the application of equitable principles and by the exercise of judicial discretion in appropriate cases.

Although bankruptcy proceedings would not cause the liens to become extinguished, bankruptcy of a property owner could result in a delay in prosecuting superior court foreclosure proceedings. Such delay would increase the possibility of delinquent tax installments with respect to unsecured property taxes not being paid in full and thereby increase the likelihood of a delay or default in payment of the principal of and interest on the 2016 Bonds.

Estimated Revenues

In estimating that tax increment revenues from the Project Area will be sufficient to pay debt service on the 2016 Bonds, the Successor Agency and Fiscal Consultant have made certain assumptions with regard to present and future assessed valuation in the Project Area,

future tax rates and percentage of taxes collected. The Successor Agency believes these assumptions to be reasonable, but there is no assurance these assumptions will be realized and to the extent that the assessed valuation and the tax rates are less than expected, the tax increment revenues from the Project Area available to pay debt service on the 2016 Bonds will be less than those projected and such reduced tax increment revenues may be insufficient to provide for the payment of principal of, premium (if any) and interest on the 2016 Bonds.

See "THE PROJECT AREA – Projected Tax Increment Revenues and Estimated Debt Service Coverage" above.

Seismic and Flood Considerations

The value of the property in the Project Area in the future can be adversely affected by a variety of additional factors, particularly those which may affect infrastructure and other public improvements and private improvements on property and the continued habitability and enjoyment of such private improvements. Such additional factors include, without limitation, geologic conditions such as earthquakes, topographic conditions such as earth movements, landslides and floods and climatic conditions such as droughts. In the event that one or more of such conditions occur, such occurrence could cause damages of varying seriousness to the land and improvements and the value of property in the Project Area could be diminished in the aftermath of such events. A substantial reduction of the value of such properties could affect the ability or willingness of the property owners to pay their property taxes.

Seismic. The areas in and surrounding the Project Area, like those in much of California, may be subject to unpredictable seismic activity. There are no known major faults within the City's limits, however, there are several faults in the City that potentially could result in damage to buildings, roads, bridges, and property within the City in the event of an earthquake.

Historically, the State and the Los Angeles basin have always been seismically active. There are approximately ten faults which impact the seismic characteristics of the Los Angeles basin. Six of these faults have been classified as "active" faults by the California Division of Mines and Geology. The five "active" faults which have the most direct impact on the City are the following:

Whittier-Elsinore Fault is approximately two miles north of the City. This northwest trending fault continues eastward from the Alhambra area through the Santa Ana Mountains to the Mexican border. The fault has historically experienced moderate activity, having produced numerous magnitude 4 earthquakes and a few at magnitude 5. The largest historical earthquake on this fault occurred in 1976 and had a magnitude of 4.2. The maximum credible earthquake for this fault is estimated to be of magnitude 7.0

Norwalk Fault is generally known only from subsurface information and is approximately two miles south of the City. It is believed that a magnitude 4.7 earthquake occurred on the Norwalk Fault in 1929.

Newport-Inglewood Fault is approximately nine miles southwest of the City. The fault consists of an echelon series of northwest trending faults reaching from the southern edge of the Santa Monica mountains south-eastward to the offshore area near Newport Beach. High historic seismic activity is suggested by numerous shocks greater than magnitude 4 and by the historic magnitude 6.3 Long Beach earthquake centered off-shore near Newport Beach in 1933.

This fault is considered to be capable of generating a 7.0 magnitude earthquake within the next 50 to 100 years.

Sierra Madre Fault System is located approximately 25 miles north of the City, and forms a prominent 50-mile long east-west structural zone on the south side of the San Gabriel Mountains. A 5.8 magnitude earthquake occurred on the fault in 1991, seven miles north of the City of Monrovia. It is estimated that a 7.0 magnitude earthquake is credible on this fault system.

San Andreas Fault is widely recognized as the longest and most active fault in the State. The northwest to southeast-trending fault has been mapped continuously from Cape Mendocino to the Gulf of California, a distance, of over 700 miles. The south-central segment of the fault is approximately 37 miles east of the City. The San Andreas Fault has produced two 8 plus magnitude earthquakes: one in 1857 at Cajon pass, central segment and one in 1906 in northern California, the northern segment. The maximum credible earthquake is estimated to be magnitude 8.5.

Historically, a number of earthquakes have affected the Santa Fe Springs area. Since 1812, almost 20 earthquakes having Richter Magnitude between 4.7 and 7.9 have occurred in the Santa Fe Springs area. Earthquake insurance is available but many property owners elect not to purchase it.

If an earthquake were to substantially damage or destroy taxable property within the Project Area, the assessed valuation of such property would be reduced. Such reduction of assessed valuations could result in a reduction of the Tax Revenues that secure the 2016 Bonds and any Parity Bonds, which in turn could impair the ability of the Commission to make timely payments of debt service on the 2016 Bonds.

Flood. Although a portion of the Project Area originally lay within a 100-year flood plain, mitigation measures have been implemented with the result that no portion of the Project Area is considered to be part of the 100-year flood plain.

The Whittier Narrows Dam is located five miles northwest of the City and is an earth-filled structure constructed in 1956 by the U.S. Army Corps of Engineers. Under conditions of catastrophic failure, dam flows would follow a southerly path that cross through the City, including portions of the former Norwalk Boulevard Project. The City has identified a Flood Inundation Evacuation Plan that identifies six major evacuation routes.

If a flood were to substantially damage or destroy taxable property within the Project Area, the assessed valuation of such property would be reduced. Such reduction of assessed valuations could result in a reduction of tax increment available to pay debt service on the 2016 Bonds.

Hazardous Substances

An additional environmental condition that may result in the reduction in the assessed value of property would be the discovery of a hazardous substance that would limit the beneficial use of taxable property within the Project Area. In general, the owners and operators of property may be required by law to remedy conditions of the property relating to releases or threatened releases of hazardous substances. The owner or operator may be required to remedy a hazardous substance condition of property whether or not the owner or operator has anything to do with creating or handling the hazardous substance. The effect, therefore, should

any of the property within the Project Area be affected by a hazardous substance, could be to reduce the marketability and value of the property by the costs of remedying the condition.

Because of the exploitation of the large oil reservoir discovered beneath the City and the history of chemical production in the City, much of the land available for development in the Project Area was contaminated by hazardous materials.

Methane gas is associated with the underground oil reservoir. In addition, there is methane gas associated with the seven closed landfills in the City. All of the methane zones in the City are located in the Project Area and account for more than 50% of the acreage of the Project Area. Grading and construction create a risk of methane leakage. Methane gas is non-toxic, but highly explosive at certain concentrations. The City adopted a Methane Ordinance, which requires all new and existing buildings in methane zones to have either an underground barrier or a detection system to protect those living or working near methane gas. As a result, the Successor Agency believes the risk of methane leakage in the Project Area is insignificant.

If methane leakage were to substantially damage or destroy taxable property within the Project Area, the assessed valuation of such property would be reduced unless or until remedied (whether as a result of insurance coverage or otherwise). Similarly, the presence of hazardous materials could impact property owners' ability to develop their property, which would reduce the assessed valuation of such property. Such reduction of assessed valuations could result in a reduction of the Tax Revenues that secure the 2016 Bonds and any Parity Bonds.

Changes in the Law

There can be no assurance that the California electorate will not at some future time adopt initiatives or that the State Legislature will not enact legislation that will amend the Dissolution Act, the Redevelopment Law or other laws or the Constitution of the State resulting in a reduction of tax increment available to pay debt service on the 2016 Bonds.

Secondary Market

There can be no guarantee that there will be a secondary market for the 2016 Bonds, or, if a secondary market exists, that the 2016 Bonds can be sold for any particular price. Occasionally, because of general market conditions or because of adverse history or economic prospects connected with a particular issue, secondary marketing practices in connection with a particular issue are suspended or terminated. Additionally, prices of issues for which a market is being made will depend upon the then prevailing circumstances.

TAX MATTERS

Tax Status. The interest on the 2016 Bonds is not intended by the Successor Agency to be excluded from gross income for federal income tax purposes. However, in the opinion of Jones Hall, A Professional Law Corporation, San Francisco, California, Bond Counsel, interest on the 2016 Bonds is exempt from California personal income taxes. The proposed form of opinion of Bond Counsel with respect to the 2016 Bonds to be delivered on the date of issuance of the 2016 Bonds is set forth in Appendix B.

Owners of the 2016 Bonds should also be aware that the ownership or disposition of, or the accrual or receipt of interest on, the 2016 Bonds may have federal or state tax consequences other than as described above. Bond Counsel expresses no opinion regarding any federal or state tax consequences arising with respect to the 2016 Bonds other than as expressly described above.

Form of Bond Counsel Opinion. At the time of issuance of the 2016 Bonds, Bond Counsel expects to deliver an opinion for the 2016 Bonds in substantially the form set forth in Appendix B.

See, however, "RISK FACTORS – Challenges to Dissolution Act."

Rating

Standard and Poor's Ratings Services, a Standard & Poor's Financial Services LLC business ("S&P") has assigned its rating of "____" to the 2016 Bonds. Such rating reflects only the view of S&P, and any explanation of the significance of such rating should be obtained from S&P. There is no assurance that such rating will be retained for any given period of time or that a rating will not be revised downward or withdrawn entirely by S&P if, in the judgment of S&P,

circumstances so warrant. Any such downward revision or withdrawal of any rating obtained may have an adverse effect on the market price of the 2016 Bonds.

Continuing Disclosure

The Successor Agency will covenant for the benefit of owners of the 2016 Bonds to provide certain financial information and operating data relating to the Successor Agency by not later than March 31 after the end of each fiscal year of the Successor Agency (currently June 30th), commencing not later than March 31, 2017 with the report for the 2015-16 fiscal year (the "**Annual Report**"), and to provide notices of the occurrence of certain listed events. The Successor Agency's audited financial statements were audited by Lance, Soll & Lunghard, LLP (the "**Auditor**"). The Auditor has not been asked to consent to the inclusion of the Successor Agency's audited financial statements in this Official Statement and has not reviewed this Official Statement.

As described in "SECURITY FOR THE 2016 BONDS – Limited Obligation," the 2016 Bonds are payable from and secured by a pledge of Tax Revenues and the 2016 Bonds are not a debt of the City. FORM OF BOND COUNSEL OPINION

APPENDIX C

BOOK-ENTRY ONLY SYSTEM

The information in this Appendix C concerning The Depository Trust Company ("DTC"), New York, New York, and DTC's book-entry system has been obtained from DTC and the Successor Agency takes no responsibility for the completeness or accuracy thereof. The Successor Agency cannot and does not give any assurances that DTC, DTC Participants or Indirect Participants will distribute to the Beneficial Owners (a) payments of interest, principal or premium, if any, with respect to the 2016 Bonds, (b) certificates representing ownership interest in or other confirmation or ownership interest in the 2016 Bonds, or (c) redemption or other notices sent to DTC or Cede & Co., its nominee, as the registered owner of the 2016 Bonds, or that they will so do on a timely basis, or that DTC, DTC Participants or DTC Indirect Participants will act in the manner described in this Appendix. The current "Rules" applicable to DTC are on file with the Securities and Exchange Commission and the current "Procedures" of DTC to be followed in dealing with DTC Participants are on file with DTC.

DTC will act as securities depository for the 2016 Bonds. The 2016 Bonds will be issued as fully-registered securities registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered certificate will be issued for each maturity of the 2016 Bonds, each in the aggregate principal amount of such maturity, and will be deposited with DTC.

DTC, the world's largest securities depository, is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing Successor Agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC's participants ("Direct Participants") deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants"). DTC has a Standard & Poor's rating of AA+. The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com. The information set forth on such website is not incorporated herein by reference.

Purchases of Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the 2016 Bonds on DTC's records. The ownership interest of each actual purchaser of each Bond ("Beneficial Owner") is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written

confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the 2016 Bonds are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in Bonds, except in the event that use of the book-entry system for the 2016 Bonds is discontinued.

To facilitate subsequent transfers, all Bonds deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of Bonds with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the 2016 Bonds; DTC's records reflect only the identity of the Direct Participants to whose accounts such 2016 Bonds are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial Owners of Bonds may wish to take certain steps to augment the transmission to them of notices of significant events with respect to the 2016 Bonds, such as redemptions, tenders, defaults, and proposed amendments to the 2016 Bond documents. For example, Beneficial Owners of Bonds may wish to ascertain that the nominee holding the 2016 Bonds for their benefit has agreed to obtain and transmit notices to Beneficial Owners. In the alternative, Beneficial Owners may wish to provide their names and addresses to the registrar and request that copies of notices be provided directly to them.

Redemption notices shall be sent to DTC. If less than all of the 2016 Bonds within a maturity are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such maturity to be redeemed.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to Bonds unless authorized by a Direct Participant in accordance with DTC's MMI Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the Successor Agency as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Principal, premium (if any), and interest payments on the 2016 Bonds will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from the Successor Agency or the Trustee, on payable date in accordance with their respective holdings shown on DTC's records. Under such circumstances, in the event that a successor depository is not obtained, certificates representing the 2016 Bonds are required to be printed and delivered.

The Successor Agency may decide to discontinue use of the system of book-entry-only transfers through DTC (or a successor securities depository). In that event, representing the 2016 Bonds will be printed and delivered to DTC in accordance with the provisions of the Indenture.

The information in this section concerning DTC and DTC's book-entry system has been obtained from sources that the Successor Agency believes to be reliable, but the Successor Agency takes no responsibility for the accuracy thereof.

A default under this Disclosure Certificate shall not be deemed an Event of Default under the Indenture, and the sole remedy under this Disclosure Certificate in the event of any failure of the Successor Agency to comply with this Disclosure Certificate shall be an action to compel performance.

Section 12. Duties, Immunities and Liabilities of Dissemination Agent. (a) The Dissemination Agent shall have only such duties as are specifically set forth in this Disclosure Certificate, and the Successor Agency agrees to indemnify and save the Dissemination Agent, its officers, directors, employees and agents, harmless against any loss, expense and liabilities which they may incur arising out of or in the exercise or performance of its powers and duties hereunder, including the costs and expenses (including attorneys' fees) of defending against any claim of liability, but excluding liabilities due to the Dissemination Agent's negligence or willful misconduct. The Dissemination Agent shall have no duty or obligation to review any

information provided to it by the Successor Agency hereunder, and shall not be deemed to be acting in any fiduciary capacity for the Successor Agency, the Bond holders or any other party. The obligations of the Successor Agency under this Section shall survive resignation or removal of the Dissemination Agent and payment of the Bonds.

CITY OF SANTA FE SPRINGS AND LOS ANGELES COUNTY GENERAL INFORMATION

The following information in this section of the Official Statement concerning the City of Santa Fe Springs and surrounding areas is included only for the purpose of supplying general information regarding the community. The taxing power of the City of Santa Fe Springs, Los Angeles County, the State of California, and any political subdivision thereof is not pledged to the payment of the 2016 Bonds. The 2016 Bonds are not a debt of the City of Santa Fe Springs, Los Angeles County, the State of California, or any of its political subdivisions, and neither the City, the County, the State nor any of its political subdivisions is liable therefor.

General

The County. Located along the southern coast of California, Los Angeles County covers about 4,080 square miles. It measures approximately 75 miles from north to south and 70 miles from east to west. The county includes Santa Catalina and San Clemente Islands and is bordered by the Pacific Ocean and Ventura, San Bernardino and Orange Counties.

Almost half of the county is mountainous and some 14 percent is a coastal plain known as the Los Angeles Basin. The low Santa Monica Mountains and Hollywood Hills run east and west and form the northern boundary of the Basin and the southern boundary of the San Fernando Valley. The San Fernando Valley terminates at the base of the San Gabriel Mountains whose highest peak is over 10,000 feet. Beyond this mountain range the rest of the county is a semi-dry plateau, the beginning of the vast Mojave Desert.

According to the Los Angeles County Regional Planning Commission, the 86 incorporated cities in the county cover about 1,344 square miles or 27 percent of the total county. About 16 percent of the land in the County is devoted to residential use and over two thirds of the land is open space and vacant.

The City of Santa Fe Springs. Santa Fe Springs was incorporated on May 15, 1957, and encompasses about 9 square miles. The City is centrally located between Los Angeles, Long Beach and Orange County. It is a well-planned community with numerous park sites, and miles of landscaped medians and parkways. The area is highly developed and offers convenient access to transportation corridors and social and cultural amenities.

Median Effective Buying Income

"Effective Buying Income" is defined as personal income less personal tax and nontax payments, a number often referred to as "disposable" or "after-tax" income. Personal income is the aggregate of wages and salaries, other labor-related income (such as employer contributions to private pension funds), proprietor's income, rental income (which includes imputed rental income of owner-occupants of non-farm dwellings), dividends paid by corporations, interest income from all sources, and transfer payments (such as pensions and welfare assistance). Deducted from this total are personal taxes (federal, state and local), nontax payments (fines, fees, penalties, etc.) and personal contributions to social insurance. According to U.S. government definitions, the resultant figure is commonly known as "disposable personal income."

The following table summarizes the total effective buying income for the City of Santa Fe Springs, County of Los Angeles, the State and the United States for the period 2010 through 2014. Effective Buying Income data is not yet available for calendar year 2015.

_____, 2016

Successor Agency to the
Community Development Commission
of the City of Santa Fe Springs
11710 E. Telegraph Road
Santa Fe Springs, CA 90670

Ladies and Gentlemen:

The undersigned, Stifel, Nicolaus & Company, Incorporated (the "Underwriter"), acting in its capacity as a principal and not as an agent or fiduciary, offers to enter into this bond purchase agreement (the "Purchase Agreement") with the Successor Agency to the Community Development Commission of the City of Santa Fe Springs (the "Agency"), which will be binding upon the Agency and the Underwriter upon the acceptance hereof by the Agency. This offer is made subject to its acceptance by the Agency by execution of this Purchase Agreement and its delivery to the Underwriter on or before 6:00 p.m., California time, on the date hereof. All terms used herein and not otherwise defined shall have the respective meanings given to such terms in the Indenture (as hereinafter defined).

1. Purchase and Sale. Upon the terms and conditions and upon the basis of the representations, warranties and agreements hereinafter set forth, the Agency hereby agrees to sell to the Underwriter, and the Underwriter hereby agrees to purchase from the Agency, all (but not less than all) of the \$_____ aggregate principal amount of the Successor Agency to the Community Development Commission of the City of Santa Fe Springs 2016 Subordinate Tax Allocation Refunding Bonds (Federally Taxable) (the "Bonds"). The purchase price for the Bonds shall be as shown on Appendix A hereto.

The Agency acknowledges and agrees that: (i) the purchase and sale of the Bonds pursuant to this Purchase Agreement is an arm's-length commercial transaction between the Agency and the Underwriter; (ii) in connection therewith and with the discussions, undertakings and procedures leading up to the consummation of such transaction, the Underwriter is and has been acting solely as principal and is not acting as a Municipal Advisor (as defined in Section 15B of the Securities Exchange Act of 1934, as amended); (iii) the Underwriter has not assumed an advisory or fiduciary responsibility in favor of the Agency with respect to the offering contemplated hereby or the discussions, undertakings and procedures leading thereto (irrespective of whether the Underwriter

has provided other services or is currently providing other services to the Agency on other matters); and (iv) the Agency has consulted its own legal, financial and other advisors to the extent it has deemed appropriate.

2. Description of the Bonds. The Bonds shall be issued pursuant to an Indenture of Trust (the "Indenture"), dated as of July 1, 2016, by and between the Agency and U.S. Bank National Association, as trustee (the "Trustee"). The Bonds shall be issued pursuant to Part 1, Division 24 of the California Health and Safety Code (the "Law") and Article 11 of Chapter 3 of Part 1 of Division 2 of Title 5 of the California Government Code (the "Act"), and resolutions of the Agency adopted _____, 2016 and _____, 2016 (collectively, the "Agency Resolution"). The issuance of the Bonds was approved by the Oversight Board for the Agency (the "Oversight Board") by resolution on _____, 2016 (the "Oversight Board Resolution").

The Bonds shall be as described in the Indenture and the Official Statement, as defined herein, relating to the Bonds. The net proceeds of the Bonds will be used (i) to refund and defease all of the outstanding Refunded Bonds (as defined in the Official Statement defined below). In connection with such refunding, the Agency will enter into an Escrow Deposit and Trust Agreement (the "Escrow Agreement"), dated as of July 1, 2016, by and between the Agency and U.S. Bank National Association, as escrow bank (the "Escrow Bank").

3. Public Offering. The Underwriter agrees to make a bona fide public offering of all the Bonds initially at the public offering prices (or yields) set forth on Appendix A attached hereto and incorporated herein by reference. Subsequent to the initial public offering, the Underwriter reserves the right to change the public offering prices (or yields) as they deem necessary in connection with the marketing of the Bonds, provided that the Underwriter shall not change the interest rates set forth on Appendix A. The Bonds may be offered and sold to certain dealers at prices lower than such initial public offering prices.

4. Delivery of Official Statement. The Agency has delivered or caused to be delivered to the Underwriter prior to the execution of this Purchase Agreement copies of the Preliminary Official Statement relating to the Bonds (the "Preliminary Official Statement"). Such Preliminary Official Statement, except for omissions permitted under Rule 15c2-12 promulgated under the Securities Exchange Act of 1934 (the "Rule"), is the official statement deemed final by the Agency for purposes of the Rule and approved for distribution by resolution of the Agency.

The Agency hereby agrees to deliver or cause to be delivered to the Underwriter, not later than the earlier of: (i) the business day preceding the Closing Date (as defined herein); or (ii) the seventh (7th) business day following the date of this Purchase Agreement: (A) the form of the Official Statement relating to the Bonds in "designated electronic format" (as defined in Municipal Securities Rule Making Board ("MSRB") Rule G-32; and (B) copies of the Official Statement relating to the Bonds, dated the date hereof, in the form of the Preliminary Official Statement, with such changes thereto, as may be approved by the Underwriter (including the appendices thereto and any amendments or supplements approved by the Agency and the Underwriter, the "Official Statement"), in such quantity as the Underwriter shall reasonably request. The Agency hereby approves of the distribution and use by the Underwriter of the Official Statement in connection with the offer and sale of the Bonds. The Preliminary Official Statement and the Official Statement may be delivered in printed and/or electronic form to the extent permitted by applicable rules of the MSRB and as may be agreed by the Agency and the Underwriter. If the Official Statement is

prepared for distribution in electronic form, the Agency hereby confirms that it does not object to distributions of the Official Statement in electronic form.

5. The Closing. At 8:00 a.m., California time, on July ____, 2016 (the "Closing Date"), or at such other time or on such earlier or later business day as shall have been mutually agreed upon by the Agency and the Underwriter, the Agency will deliver: (i) the Bonds in book-entry form; and (ii) the closing documents hereinafter mentioned at the offices of Jones Hall, A Professional Law Corporation ("Bond Counsel"), in San Francisco, California, or another place to be mutually agreed upon by the Agency and the Underwriter. The Underwriter will accept such delivery and pay the purchase price of the Bonds as set forth in Section 1 hereof by federal wire transfer to the order of the Trustee on behalf of the Agency. This payment and delivery, together with the delivery of the aforementioned documents, is herein called the "Closing."

6. Agency Representations, Warranties and Covenants. The Agency represents, warrants and covenants to the Underwriter that:

(a) Due Organization, Existence and Authority. The Agency is a public entity validly existing under the laws of the State of California (the "State") with full right, power and authority to adopt the Agency Resolution, to issue the Bonds and to execute, deliver and perform its obligations under the Bonds, this Purchase Agreement, the Indenture, the Escrow Agreement and the Continuing Disclosure Certificate, dated as of the Closing Date (collectively, the "Agency Documents"), and to carry out and consummate the transactions contemplated by the Agency Documents and the Official Statement.

(b) Due Authorization and Approval. By all necessary official action, the Agency has duly adopted the Agency Resolution at a meeting properly noticed at which a quorum was present and acting throughout and has duly authorized and approved the execution and delivery of the Official Statement, and the execution and delivery of the performance by the Agency of the obligations contained in the Agency Documents, and as of the date hereof, such authorizations and approvals are in full force and effect and have not been amended, modified or rescinded. When executed and delivered by the Agency, and assuming due authorization and execution and delivery by the counterparties thereto, the Agency Documents will constitute the legally valid and binding obligations of the Agency enforceable in accordance with their respective terms, except as enforcement may be limited by bankruptcy, insolvency, reorganization, moratorium or similar laws or equitable principles relating to or affecting creditors' rights generally, or by the exercise of judicial discretion and the limitations on legal remedies against governmental agencies in the State of California. The Agency has complied, and will at the Closing be in compliance in all respects, with the terms of the Agency Documents.

(c) Official Statement, Accurate and Complete. The Preliminary Official Statement was as of its date, and the Official Statement is, and at all times subsequent to the date of the Official Statement up to and including the Closing will be, true and correct in all material respects, and the Preliminary Official Statement and the Official Statement do not contain and up to and including the Closing will not contain a misstatement of any material fact and do not, and up to and including the Closing will not omit any statement necessary to make the statements contained therein, in the light of the circumstances in which such statements were made, not misleading (except that this representation does not include statements under the caption "TAX MATTERS")

that summarize the State and federal tax law, and information relating to the Insurer, the Surety Bond, The Depository Trust Company or the book-entry only system).

(d) Underwriter's Consent to Amendments and Supplements to Official Statement. The Agency will advise the Underwriter promptly of any proposal to amend or supplement the Official Statement and will not effect or consent to any such amendment or supplement without the consent of the Underwriter, which consent will not be unreasonably withheld. The Agency will advise the Underwriter promptly of the institution of any proceedings known to it by any governmental agency prohibiting or otherwise affecting the use of the Official Statement in connection with the offering, sale or distribution of the Bonds.

(e) No Breach or Default. As of the time of acceptance hereof and as of the time of the Closing, except as otherwise disclosed in the Official Statement, the Agency is not and will not be in breach of or in default under any applicable constitutional provision, law or administrative rule or regulation of the State or the United States, or any applicable judgment or decree or any trust agreement, loan agreement, bond, note, resolution, ordinance, agreement or other instrument to which the Agency is a party or is otherwise subject which breach or default has or will have a material adverse effect on the Agency's ability to perform its obligations under the Agency Documents, and no event has occurred and is continuing which, with the passage of time or the giving of notice, or both, would constitute such a default or event of default under any such instrument; and, as of such times, except as disclosed in the Official Statement, the authorization, execution and delivery of the Agency Documents, and compliance with the provisions of each of such agreements or instruments do not and will not in any material respect conflict with or constitute a breach of or default under any applicable constitutional provision, law or administrative rule or regulation of the State or the United States or any applicable judgment, decree, license, permit, trust agreement, loan agreement, bond, note, resolution, ordinance agreement or other to which the Agency (or any of its officers in their respective capacities as such) is subject, or by which it or any of its properties is bound, nor will any such authorization, execution, delivery or compliance result in the creation or imposition of any lien, charge or other security interest or encumbrance of any nature whatsoever upon any of its assets or properties or under the terms of any such law, regulation or instrument, except as may be provided by the Agency Documents.

(f) No Litigation. As of the time of acceptance hereof and the Closing, except as disclosed in the Official Statement, there is no action, suit, proceeding, inquiry or investigation, at law or in equity, before or by any court, government agency, public board or body, pending and notice of which has been received by the Agency or to the best of the Agency's knowledge threatened: (i) in any way questioning the corporate existence of the Agency or the titles of the officers of the Agency to their respective offices; (ii) affecting, contesting or seeking to prohibit, restrain or enjoin the issuance or delivery of any of the Bonds, or the payment or collection of any amounts pledged or to be pledged to pay the principal of and interest on the Bonds, or in any way contesting or affecting the validity of the Bonds or the other Agency Documents or the consummation of the transactions contemplated thereby or hereby, or contesting the exclusion of the interest on the Bonds from taxation or contesting the powers of the Agency or its authority to issue the Bonds; (iii) which may result in any material adverse change relating to the Agency; (iv) contesting the completeness or accuracy of the Preliminary Official Statement or the Official Statement or any supplement or amendment thereto or asserting that the Preliminary Official Statement or the Official Statement contained any untrue statement of a material fact or omitted to state any material fact required to be stated therein or necessary to make the statements therein, in

the light of the circumstances under which they were made, not misleading; and (v) there is no basis for any action, suit, proceeding, inquiry or investigation of the nature described in clauses (i) through (iv) of this paragraph.

(g) Preliminary Official Statement. For purposes of the Rule, the Agency has heretofore deemed final the Preliminary Official Statement prior to its use and distribution by the Underwriter, except for the information specifically permitted to be omitted by paragraph (b)(l) of the Rule.

(h) End of Underwriting Period. Until the date which is twenty-five (25) days after the "end of the underwriting period" (as hereinafter defined), if any event shall occur of which the Agency is aware, as a result of which it may be necessary to supplement the Official Statement in order to make the statements in the Official Statement, in light of the circumstances existing at such time, not misleading, the Agency shall forthwith notify the Underwriter of any such event of which it has knowledge and shall cooperate fully in furnishing any information available to it for any supplement to the Official Statement necessary, in the Underwriter's opinion, so that the statements therein as so supplemented will not be misleading in light of the circumstances existing at such time, and the Agency shall promptly furnish to the Underwriter a reasonable number of copies of such supplement. As used herein, the term "end of the underwriting period" means the later of such time as: (i) the Agency delivers the Bonds to the Underwriter; or (ii) the Underwriter does not retain, directly or as a member of an underwriting syndicate, an unsold balance of the Bonds for sale to the public. Notwithstanding the foregoing, unless the Underwriter gives notice to the contrary, the "end of the underwriting period" shall be the Closing Date. Any notice delivered pursuant to this provision shall be written notice delivered to the Agency at or prior to the Closing Date and shall specify a date (other than the Closing Date) to be deemed the "end of the underwriting period."

(i) Tax Exemption. The Agency will refrain from taking any action with regard to which the Agency may exercise control that results in the inclusion in gross income for State of California income tax purposes of the interest on the Bonds.

(j) Prior Continuing Disclosure Undertaking. Except as disclosed in the Official Statement, neither the Agency nor the City of Santa Fe Springs has failed to comply with any prior continuing disclosure undertaking in any material respects during the last five years.

(k) Oversight Board Approval. The Oversight Board has duly adopted the Oversight Board Resolution approving the issuance of the Bonds and no further Oversight Board approval or consent is required for the issuing of the Bonds or the consummation of the transactions relating to the issuance of the Bonds described in the Preliminary Official Statement.

(l) Department of Finance Approval. No further Department of Finance approval or consent is required for the issuance of the Bonds or the consummation of the transactions described in the Preliminary Official Statement. Except as disclosed in the Preliminary Official Statement, the Agency is not aware of the Department of Finance directing or having any basis to direct the County Auditor-Controller to deduct unpaid unencumbered funds from future allocations of property tax to the Agency pursuant to Section 34183 of the Dissolution Act.

(m) Pledge. The defined terms used in this paragraph have the meaning given them in the Indenture. The Bonds will be secured by a pledge of Tax Revenues.

7. Closing Conditions. The Underwriter has entered into this Purchase Agreement in reliance upon the representations, warranties and covenants herein and the performance by the Agency of its obligations hereunder, both as of the date hereof and as of the date of the Closing. The Underwriter's obligations under this Purchase Agreement to purchase and pay for the Bonds shall be subject to the following additional conditions:

(a) Bring-Down Representation. The representations, warranties and covenants of the Agency contained herein shall be true, complete and correct at the date hereof and at the time of the Closing, as if made on the date of the Closing.

(b) Executed Agreements and Performance Thereunder. At the time of the Closing: (i) the Agency Documents shall be in full force and effect, and shall not have been amended, modified or supplemented except with the written consent of the Underwriter; and (ii) there shall be in full force and effect such resolutions as, in the opinion of Bond Counsel, shall be necessary in connection with the transactions contemplated by the Official Statement and the Agency Documents.

(c) Termination Events. The Underwriter shall have the right to terminate the Underwriter's obligations under this Purchase Agreement to purchase, to accept delivery of and to pay for the Bonds by notifying the Agency of its election to do so if, after the execution hereof and prior to the Closing, any of the following events occurs:

(i) the marketability of the Bonds or the market price thereof, in the opinion of the Underwriter, has been materially adversely affected by an amendment to the Constitution of the United States or by any legislation in or by the Congress of the United States or by the State of California, or the amendment of legislation pending as of the date of this Purchase Agreement in the Congress of the United States, or the recommendation to Congress or endorsement for passage (by press release, other form of notice or otherwise) of legislation by the President of the United States, the Treasury Department of the United States, the Internal Revenue Service or the Chairman or ranking minority member of the Committee on Finance of the United States Senate or the Committee on Ways and Means of the United States House of Representatives, or the proposal for consideration of legislation by either such Committee or by any member thereof, or the presentment of legislation by the staff of either such Committee, or by the staff of the Joint Committee on taxation of the Congress of the United States, or the favorable reporting for passage of legislation to either House of the Congress of the United States by a Committee of such House to which such legislation has been referred for consideration, or any decision of any federal or state court or any ruling or regulation (final, temporary or proposed) or official statement on behalf of the United States Treasury Department, the Internal Revenue Service or other federal or state authority affecting the state tax status of the Agency, or the interest on bonds or notes (including the Bonds); or

(ii) there shall exist any event which in the reasonable opinion of the Underwriter either: (i) makes untrue or incorrect in any material respect any statement or information contained in the Official Statement; or (ii) is not reflected in the Official Statement but should be reflected therein to make the statements and information contained therein not misleading in any material respect; or

(iii) there shall have occurred any new outbreak of hostilities or other national or international calamity or crisis or the escalation of any such outbreak, calamity or crisis, the effect of such outbreak, calamity, crisis or escalation on the financial markets of the United States being such as would make it impracticable, in the reasonable opinion of the Underwriter, for the Underwriter to sell the Bonds; or

(iv) there shall be in force a general suspension of trading on the New York Stock Exchange or minimum or maximum prices for trading shall have been fixed and be in force, or maximum ranges for prices for securities shall have been required and be in force on the New York Stock Exchange, whether by virtue of a determination by that Exchange or by orders of the Securities and Exchange Commission or any other governmental authority; or

(v) a general banking moratorium shall have been declared by either Federal, California or New York authorities having jurisdiction and be in force; or

(vi) there shall be established any new restrictions on transactions in securities materially affecting the free market for securities (including the imposition of any limitations on interest rates) or the extension of credit by, or the charge to the net capital requirements of, underwriters established by the New York Stock Exchange, the Securities and Exchange Commission, any other Federal or state agency or the Congress of the United States, or by Executive Order; or

(vii) an adverse event has occurred affecting the financial condition or operation of the Agency which, in the opinion of the Underwriter, requires or has required a supplement or amendment to the Official Statement and (i) the Agency refuses to prepare and furnish such disclosure material, or supplement or amendment to the Official Statement, or (ii) in the reasonable judgment of the Underwriter, the occurrence of such event materially and adversely affects the marketability of the Bonds or renders the enforcement of contracts for sale of the Bonds impracticable; or

(viii) any rating of the securities of the Agency shall have been downgraded, suspended or withdrawn by a national rating service, or there shall have been any official statement by a national rating service as to a possible downgrading (such as being placed on "credit watch" or "negative outlook" or any similar qualification), in either case which, in the Underwriter's reasonable opinion, materially adversely affects the marketability or market price of the Bonds; or

(ix) any legislation, ordinance, rule or regulation shall be introduced in, or be enacted by any governmental body, department or agency of the State, or a decision by any court of competent jurisdiction within the State or any court of the United States shall be rendered which, in the reasonable opinion of the Underwriter, materially adversely affects the market price of the Bonds; or

(x) legislation shall be enacted by the Congress of the United States, or a decision by a court of the United States shall be rendered, or a stop order, ruling, regulation or official statement by, or on behalf of, the Securities and Exchange Commission or any other governmental agency having jurisdiction of the subject matter shall be issued or made to the effect that the authentication, delivery, offering or sale of obligations of the general character of the Bonds,

or the authentication, delivery, offering or sale of the Bonds, including all underlying obligations, as contemplated hereby or by the Official Statement, is in violation or would be in violation of, or that obligations of the general character of the Bonds, or the Bonds, are not exempt from registration under, any provision of the federal securities laws, including the Securities Act of 1933, as amended and as then in effect, or that either Indenture needs to be qualified under the Trust Indenture Act of 1939, as amended and as then in effect; or

(xi) the commencement of any action, suit or proceeding, inquiry or investigation, at law or in equity, before or by any court, government agency, public board or body, is pending or, to the best knowledge of the Agency after due investigation, threatened: (i) in any way questioning the corporate existence of the Agency or the titles of the officers of the Agency to their respective offices; (ii) affecting, contesting or seeking to prohibit, restrain or enjoin the authentication or delivery of any of the Bonds, or in any way contesting or affecting the validity of the Bonds, the Agency Documents or the consummation of the transactions contemplated thereby or contesting the powers of the Agency to enter into the Agency Documents; (iii) which, except as described in the Official Statement, may result in any material adverse change to the financial condition of the Agency or to its ability to pay debt service on the Bonds when due; or (iv) contesting the completeness or accuracy of the Preliminary Official Statement or the Official Statement or any supplement or amendment thereto or asserting that the Preliminary Official Statement or the Official Statement contained any untrue statement of a material fact or omitted to state any material fact required to be stated therein or necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading, which, in the reasonable judgment of the Underwriter, materially adversely affects the market price of the Bonds.

(d) Closing Documents. At or prior to the Closing, the Underwriter shall receive with respect to the Bonds (unless the context otherwise indicates) the following documents; provided that the acceptance of the Bonds by the Underwriter on the Closing Date shall conclusively evidence the satisfaction of the requirements of this subsection (d) or the waiver by the Underwriter of any discrepancies in documents which are not in strict conformity with the requirements of this subsection (d):

(i) *Bond Opinion.* An approving opinion of Bond Counsel dated the date of the Closing and substantially in the form appended to the Official Statement, together with a letter from such counsel, dated the date of the Closing and addressed to the Underwriter, to the effect that the approving opinion may be relied upon by the Underwriter to the same extent as if such opinion were addressed to them;

(ii) *Supplemental Opinion.* A supplemental opinion or opinions of Bond Counsel addressed to the Underwriter and the Agency, in form and substance acceptable to the Underwriter and counsel to the Agency, and dated the date of the Closing substantially to the following effect:

(A) The Purchase Agreement has been duly authorized, executed and delivered by the Agency and is a valid and binding agreement of the Agency;

(B) The statements contained in the Official Statement pertaining to the Bonds under the captions "INTRODUCTION," "REFUNDING PLAN," "THE 2016 BONDS," "SECURITY FOR THE 2016 BONDS" and "TAX MATTERS," and in Appendices A

and B, excluding any material that may be treated as included under such captions and appendices by cross-reference, insofar as such statements expressly summarize certain provisions of the Bonds, the Indenture, the Escrow Agreement and such counsel's final opinion concerning certain federal and state tax matters relating to the Bonds, are accurate in all material respects;

(C) The Bonds are not subject to registration requirements of the Securities Act of 1933, as amended, and each Indenture is exempt from qualification as an indenture under the Trust Indenture Act of 1939, as amended; and

(D) The Refunded Bonds are no longer outstanding (which opinion may rely on a verification report of an independent certified public accountant);

(iii) *Oversight Board Documents.*

(A) A certified copy of the Oversight Board Resolution; and

(B) A certificate of the Clerk of the Oversight Board to the effect that the Oversight Board Resolution is in full force and effect and has not been modified, amended, rescinded or repealed since the date of its adoption;

(D) Except as otherwise disclosed in the Official Statement and to the best knowledge of such counsel, there is no litigation, proceeding, action, suit, or investigation at law or in equity before or by any court, governmental agency or body, pending and notice of which has been received by the Agency or threatened against the Agency, challenging the creation, organization or existence of the Agency, or the validity of the Agency Documents or seeking to restrain or enjoin the repayment of the Bonds or in any way contesting or affecting the validity of the Agency Documents or contesting the authority of the Agency to enter into or perform its obligations under any of the Agency Documents, or which, in any manner, questions the right of the Agency to

use the Tax Revenues for repayment of the Bonds or affects in any manner the right or ability of the Agency to collect or pledge the Tax Revenues from the Project Area (as defined in the Official Statement).

(v) *Underwriter's Counsel Opinion.* An opinion of Norton Rose Fulbright US LLP, as counsel to the Underwriter, dated the Closing Date and addressed to the Underwriter, to the effect that, based on the information made available to it in its role as counsel to the Underwriter, without having undertaken to determine independently the accuracy, completeness or fairness of the statements contained in the Official Statement, but on the basis of their participation in conferences with the Underwriter, Bond Counsel, the Agency, legal counsel to the Agency and others, and their examination of certain documents, no information has come to the attention of the attorneys in the firm rendering legal services in connection with the issuance of the Bonds which would lead them to believe that the Official Statement as of its date and as of the Closing Date contained any untrue statement of a material fact or omitted to state any material fact necessary to make the statements therein, in light of the circumstances under which they were made, not misleading (except that no opinion or belief need be expressed as to the Appendices to the Official Statement; financial, engineering, and demographic data or statistical forecasts, projections, estimates, assumptions and expressions of opinions; information about the book-entry only system and The Depository Trust Company; and statements relating to the treatment of the Bonds or the interest, discount or premium related thereto for tax purposes under the law of any jurisdiction contained in the Official Statement);

(vii) *Disclosure Counsel Letter.* A letter, dated the date of the Closing and addressed to the Agency and the Underwriter, of Jones Hall, A Professional Law Corporation, as disclosure counsel, to the effect that based upon its participation in the preparation of the Official Statement and without having undertaken to determine independently the accuracy or completeness of the statements in the Official Statement, the Official Statement as of its date or as of the date of Closing (excluding therefrom financial statements and other financial, engineering and statistical data; forecasts, projections, estimates, assumptions and expressions of opinions; information about the Depository Trust Company and book-entry only system; statements relating to the treatment of the Bonds or the interest, discount or premium related thereto for tax purposes under the law of any jurisdiction; and, without limiting the foregoing, the statements contained in the Official Statement under the captions "BOND INSURANCE," "TAX MATTERS" and Appendices thereto; as to all of which we express no view herein) does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading;

If the Agency shall be unable to satisfy the conditions contained in this Purchase Agreement, or if the obligations of the Underwriter shall be terminated for any reason permitted by the Purchase Agreement, the Purchase Agreement shall terminate and neither the Underwriter nor the Agency shall be under any further obligation hereunder.

UNFINISHED BUSINESS

Adoption of Two-Year (FY 2016-17 and FY 2017-18) City Budget Including Actions as Set Forth in the Recommendations Contained Herein

RECOMMENDATION

That the City Council adopt a Two-Year (FY 2016-17 and FY 2017-18) City Budget as proposed, including the actions as set forth herein.

BACKGROUND

On June 9, 2016, the Proposed Two-Year Budget for Fiscal Years FY 2016-17 and FY 2017-18 was formally introduced to the City Council. Subsequently, on June 16, 2016, the City Council held a Budget Study Session to review and discuss the proposed budgets for the City and Water Utility Authority (Please note that this report is being written on June 16, prior to the Study Session. A revised/substitute agenda report will be distributed to the City Council and added to the agenda on Monday, June 20 to include any comments/changes that come out of the June 16 Study Session.)

This budget is the result of many hours of work, including intense involvement with the various City Council Budget Sub-Committees. While the City has gone through its share of tough budget cycles in the recent past, and, even though this budget cycle is being considered through a more normalized lens, the FY 2016-17 and 2017-18 proposed budget was a particularly challenging undertaking. The past four years has seen the City confront and overcome the dual monumental fiscal challenges of the "Great Recession" and the elimination of Redevelopment.

Over the last year or so, due to the prudent fiscal guidance of the City Council, the City's fiscal wellbeing has indeed stabilized. That is not to say that we have or will ever return to the robust funding levels that were seen during the Redevelopment Era. However, we have adjusted to a "New Normal", and are now able to make adjustments that will bolster areas of the organization that were necessarily stripped back in order to get through the fiscal challenges of the recent past. These adjustments will provide for a more efficient and productive provision of services. That notwithstanding, the "New Normal" is also defined by increasing employee retirement costs and a necessarily conservative outlook on revenues, particularly because of the volatile nature of Sales Tax (i.e., hyper-sensitive to the ups/downs/whims of the economy), which is our largest revenue stream in the absence of Redevelopment.

City of Santa Fe Springs

City Council Meeting

June 23, 2016

With the above in mind, where we find ourselves is in a position to continue the work of the last two years in rebuilding our revenue base in a way that enhances our ability to sustain the level of service that we provide to the public on into the future. Key strategies in that regard are: 1) building the City's reserves to a level that will help lessen the impact of the next downturn in the economy; 2) continuing to reassess what the City's "Core Services" are, so as to ensure that the City's ability to provide those services that only the City can provide are not diminished as a result of "spreading ourselves to thin"; and, 3) looking at ways to broaden and diversify our revenue streams, so as to lessen our dependency on sales tax revenue.

The Proposed Budget for Fiscal Years 2016-17 and 2017-18, I believe, moves us closer to the above objectives. As well, the proposed budget provides an unwavering commitment to making Santa Fe Springs a safe and great place to live, work and play. It furthers the City's mission to deliver exemplary municipal services responsive to our entire community and consistent with our history, culture and unique character.

Following is a more detailed review of the budget specifics:

Two-Year Proposed Budget: FY 2016-17 and FY 2017-18

For the FY 2015-16 Final Estimate, it is anticipated that there will be a \$252,000 surplus at year's end. Likewise, we estimate that the FY 2016-17 General Fund sources will surpass uses by \$77,000. For FY 2017-18, however, we anticipate a "break even" budget with uses equaling sources. While revenues remain relatively strong, projected expenditures (largely fueled by CalPERS pension costs) continue to grow at a faster pace. Budgeted City-wide expenditures are offset by utilizing one-time sources (such as loan repayments) to "pre-fund" future year Capital Improvement Program needs.

* FY 2015-16 Final Estimate amount reflects the current year budgetary impact. In January 2016, the City Council set aside \$2,399,700 in FY 2014-15 General Fund Reserves towards various specific purposes as itemized (including \$1,226,000 of the \$5,626,000 in Capital Improvement Projects).

Revenues / Sources

During FY 2016-17 we are expecting City General Fund revenues (not including the Water Utility Fund) to total \$45.8 million. This does not include "applied" General Fund revenues that are derived from the operations of specific departments and allocated to offset those same departmental expenditures. FY 2016-17 General Fund revenues are projected to be about \$1.7 million greater than the current year estimate, largely due to \$1 million anticipated in interest from a one-time loan repayment (Washington Blvd.). Without the amount, the following year is projected to generate slightly less (\$145,000) in revenues despite sales tax revenues forecasted to increase about \$600,000 from the prior year. The graphs below illustrates an overall view of the City's revenues for each of the next two fiscal years.

FY 2016-17 City Revenues - \$45.8 Million

FY 2017-18 City Revenues - \$45.7 Million

Sales Tax Revenue – Historically, the City has benefitted greatly from the large business community and the sales tax revenue generated. Conversely, during the “Great Recession” the City’s revenues were disproportionately impacted by the downturn in the economy. Since then, modest gains have provided for a slow but steady rise. In the FY 2015-16 Final Estimate, we anticipate a decrease of \$1 million from the prior year, with a modest uptick in FY 2016-17 (\$478,000) and FY 2017-18 (\$636,000).

Sales Tax Revenue History FY 2000-01 through FY 2017-18

**Estimate*

Utility User's Tax - The City's Utility User's Tax (UUT) has continued to provide much-needed revenue diversification that reduces the City's reliance on Sales Tax Revenue and the disproportionate impact an economic downturn has on the City of Santa Fe Springs compared to other communities. The City anticipates receiving \$6.95 million and \$7.1 million during FY 2016-17 and FY 2017-18, respectively.

Other Revenues – The Proposed Budget includes anticipated revenues from new developments coming online in the next two years. The Universal Waste System Materials Recovery Facility is expected to be operational in FY 2017-18 and generate \$200,000 in annual revenues. Likewise, development and ongoing fees from the installation of billboard signs along newly constructed portions of the I-5 Freeway are expected to provide over \$300,000 in annual revenues to the City.

City of Santa Fe Springs

City Council Meeting

June 23, 2016

Other Sources – Included in the budget are loan repayments stemming from the dissolution of the former City of Santa Fe Springs Community Development Commission (Redevelopment Agency) to the City. Both are expected to be paid back through the Redevelopment Property Tax Trust Fund (RPTTF) distributions as recognized obligations of the former redevelopment agency. One is for the Washington Blvd. Redevelopment Project Area where \$3,148,800 in principal and \$245,600 in interest revenue were received during FY 2015-16. An additional \$1,016,000 in interest revenue is expected in FY 2016-17. The second is the repayment from the RPTTF of a loan made by the City's General Fund to the former redevelopment agency. Anticipated in FY 2017-18 are \$1.76 million in General Fund monies from the \$9.2 original loan.

Expenditures

General Fund expenditures and fund transfers are expected to total approximately \$45.7 million in FY 2016-17, or about \$1.3 million less than the current year. This is largely the result of depositing or "pre-funding" \$2 million in future year Capital Improvement Projects from the FY 2015-16 Budget. In FY 2017-18 we can expect total uses to be \$47.4 million or about \$1.7 million more than the prior year. The growth is almost exclusively in the operating departments and attributed to higher pension costs.

Departmental expenditures, net of applied revenues, are estimated at \$42.6 million in FY 2016-17 and \$44.6 million in FY 2017-18. The three largest department expenditure components (based on gross expenditures) are Fire, Police, and Public Works. Combined, the amounts spent on public safety (Police and Fire-Rescue Departments) account for slightly more than half of the City's operating expenditures.

The FY 2015-16 Final Estimate and the Two-Year Proposed Budget include earmarked funds for Capital Improvement Projects, Non-recurring expenditures, Citywide equipment replacement, and set-aside funds to stabilize labor costs, PERS pension rates, and insurance contributions.

Conclusion

As has been made clear over the last few years, the City has been in transition due to the hard-learned lessons of the "Great Recession" and the devastating loss of Redevelopment; the overall challenge of the last few years has been, how can the organization emulate the wonderful achievements and outcomes of the past in an environment where we have dramatically fewer fiscal resources and as a result, fewer human resources? Of course, achieving the same outcomes with fewer fiscal resources requires changing the way we do things in order to gain greater efficiencies. The proposed Fiscal Years 2016-17 and 2017-18 Budget does help build back up the City's organizational wherewithal while still maintaining a balanced budget. However, while the City has done much to build up our reserves in order to better withstand the inevitable downturn in the economy, an ongoing effort will be needed to achieve the 40% reserve level set by the City Council two years ago.

In closing, although we have entered a more stable environment, there still exists imminent and looming challenges. Over the years the strong partnerships we have developed with residents, businesses and employees has defined Santa Fe Springs as a resilient community that can overcome any and all obstacles that comes its way. I am confident that, working together, Santa Fe Springs will not only "get by", but flourish under this proposed Budget. Still, the need to remain prudent and vigilant from a cost containment standpoint, and the need to seek out new revenue streams should be front and center as we move on into the future.

Alcohol Sales Conditional Use Permit Case No. 66

Request for approval to allow the operation and maintenance of an alcoholic beverage use involving the sale of alcoholic beverages for on-site consumption at Salt and Pepper Restaurant located at 13225 Telegraph Road, in the Community Commercial (C-4) Zone and in the Telegraph Road Corridor Zone, within the Consolidated Redevelopment Project Area. (Salt and Pepper Restaurant)

RECOMMENDATIONS

That the City Council approve Alcohol Sales Conditional Use Permit (ASCUP) Case No. 66 subject to a compliance review in one (1) year, to ensure the use is still operating in strict compliance with the conditions of approval.

BACKGROUND

The subject site is located on the north side of Telegraph Road, east of Painter Avenue. The 1.25-acre site is currently developed with a single 7,710 sq. ft. building with an approved building addition placing the building at a total of 10,090 sq. ft. when fully completed.

Having been vacant for a number of years, the subject property was recently sold and is proposed to be occupied by Salt and Pepper Restaurant; a family dining establishment with a sports bar theme featuring a traditional menu. To maintain its consistency with the other Salt and Pepper franchises, the restaurant owner is proposing to provide alcoholic beverages to its adult customers for on-site consumption.

In accordance with Section 155.628 of the City's Zoning Regulations, the Applicant is requesting approval of Alcohol Sales Conditional Use Permit Case No. 66 to allow the sale of alcoholic beverages for on-site consumption. Concurrent with this request, the Applicant is also seeking approval for an alcohol license, Type 41, from the California Department of Alcohol Beverage Control (ABC), which is the state government authority overseeing alcohol sales. If the ABC license is denied to the Applicant during his filing, this Permit shall immediately become null and void.

STREETS AND HIGHWAYS

The subject site is located on the north side of Telegraph Road, east of Painter Avenue, with additional frontage on Los Nietos Road, a cul-de-sac (commonly known as the rear of the property). The main access road, Telegraph Road, is classified as a major highway with Painter Avenue and Los Nietos Road classified as a secondary

highway's within the circulation element of the City's General Plan.

ZONING AND LAND USE

The subject property, as well as the surrounding properties to the South, East and West are zoned C-4, Community Commercial and developed with various commercial-type uses, with property to the north located within the Los Angeles County area known as South Whittier and is occupied by Richard L. Graves Middle School.

LEGAL NOTICE OF PUBLIC HEARING

This matter was set for Public Hearing in accordance with the requirements of Sections 65090 and 65091 of the State Planning, Zoning and Development Laws and the requirements of Sections 155.860 through 155.864 of the City's Municipal Code.

Legal notice of the Public Hearing for the proposed Alcohol Sales Conditional Use Permit was sent by first class mail to all property owners whose names and addresses appear on the latest County Assessor's Roll within 500 feet of the exterior boundaries of the subject property on May 31, 2016. The legal notice was also posted in Santa Fe Springs City Hall, the City Library and Town Center as required by the State Zoning and Development Laws and by the City's Zoning Regulations. A Notice was also published on the Whittier Daily Newspaper on June 1, 2016. To date, Staff has not received any inquiries regarding the proposal.

ZONING ORDINANCE REQUIREMENTS

Section 155.628 (B), regarding the sale or service of alcoholic beverages, states the following:

"A Conditional Use Permit shall be required for the establishment, continuation or enlargement of any retail, commercial, wholesale, warehousing or manufacturing business engaged in the sale, storage or manufacture of any type of alcoholic beverage meant for on or off-site consumption. In establishing the requirements for such uses, the Planning Commission and City Council shall consider, among other criteria, the following:

- a. **Conformance with parking regulations.** *On October 12, 2105, the Planning Commission approved MOD 1256, a Modification of the Property Development Standards to not provide seven (7) required parking spaces and to allow six (6) on-site tandem stalls. The property does provide 94% of the required on-site parking stalls for a total of 106.*
- b. **Control of vehicle traffic and circulation.** *The subject property has on-site vehicle circulation with ingress and egress driveways on Telegraph Road and Los Nietos Road, the cul-de-sac to the rear of the property.*
- c. **Hours and days of operation.** *The restaurant will operate on a 24-hour*

schedule, however, the sale of alcoholic beverages will not be permitted for sale during the hours of 2:00 a.m. to 6:00 a.m. every day or as required by ABC.

- d. **Security and/or law enforcement plans.** *As part of the conditions of approval, the Applicant is required to submit and maintain an updated Security Plan.*
- e. **Proximity to sensitive and/or incompatible land uses, such as schools, religious facilities, recreational or other public facilities attended or utilized by minors.** *The proposed restaurant is within walking distance to schools, and a religious facility. The restaurant allows children into the premises because the restaurant is commonly known as a family establishment. The proposed conditions of approval and the ABC regulations are designed to mitigate any potential negative impacts related to the sale of alcoholic beverages.*
- f. **Proximity to other alcoholic beverage uses to prevent the incompatible and undesirable concentration of such uses in an area.** *The proposed restaurant is within walking distance to other retail uses and restaurants selling alcohol beverages. Each use within the City is regulated by their respective conditional use permit, the City's Municipal Code, and ABC's regulations; businesses outside of the City's boundary are regulated by the County and ABC. The established regulations minimize and/or mitigate any negative impacts usually associated with over-concentration of alcoholic beverage establishments.*
- g. **Control of noise, including noise mitigation measures.** *The subject site does not generate any audible noises out of character with other commercial and retail establishments in the area. The restaurant is subject to the City's allowable ambient noise regulations. The restaurant is also subject to an Entertainment Permit if its administration decides to provide music or other similar entertainment.*
- h. **Control of littering, including litter mitigation measures.** *As part of the conditions of approval, the Applicant, and/or his employees, is required to maintain the property free of trash and debris; moreover, the City's Property Maintenance Ordinance prohibits trash and debris on any property within the City.*
- i. **Property maintenance.** *As part of the conditions of approval, the Applicant is required to maintain the immediate area in compliance with the City's Property Maintenance Ordinance.*

- j. **Control of public nuisance activities, including, but not limited to, disturbance of the peace, illegal controlled substances activity, public drunkenness, drinking in public, harassment of passersby, gambling, prostitution, sale of stolen goods, public urination, theft, assaults, batteries, acts of vandalism, loitering, curfew violations, sale of alcoholic beverages to a minor, lewd conduct or excessive police incident responses resulting from the use.** *Staff has generated conditions of approval to mitigate or fully eliminate these negative impacts should they become a public nuisance. It should be noted that some of the listed activities are out of the control of the Applicant and/or his employees, but the Applicant is aware that he or his employees are to contact the Whittier Police whenever they see these activities take place.*

STAFF COMMENTS

As part of the permit review process, staff has conducted a review of the Applicant's proposed new site to ensure compliance with other regulatory ordinances and codes. The listed conditions of approval have been prepared to ensure the proper and lawful ongoing operation of the alcoholic beverage sales use.

Staff is recommending approval of the Alcohol Sales Conditional Use Permit request by the Applicant, subject to the conditions of approval set forth herein. Staff is also recommending a compliance review report of this Permit within one year from the approval date by the City Council.

RECOMMENDATIONS

That the City Council approve Alcohol Sales Conditional Use Permit (ASCUP) Case No. 67 subject to a compliance review in one (1) year, to ensure the use is still operating in strict compliance with the conditions of approval.

OB USA Inc., the Applicant, is a U.S. subsidiary of Oriental Brewery, a beer brewing operation founded in Korea after the Korean War. OB USA, Inc. is currently operating a warehouse/distribution operation in the City of Carson, but has entered into a new lease agreement and will relocate its operation into an 18,702 sq. ft. portion of a 35,460 sq. ft. building at 13152 Imperial Highway, within the Golden Springs Development.

City Ordinance No. 834 approved by the City Council on March 10, 1994, added Section 155.628 to the City Code requiring all businesses engaged in the sale, storage or manufacture of any type of alcoholic beverage meant for on or off-site consumption to apply for and be granted a valid Alcohol Sales Conditional Use Permit (ASCUP).

In accordance with Section 155.628, OB USA, Inc. is requesting approval of Alcohol Sales Conditional Use Permit Case No. 67 to allow the operation and maintenance of an alcoholic beverage warehouse/distribution facility. Concurrent with this request, the Applicant is also in the review process with the State Alcohol Beverage Commission ("ABC") to transfer their Type 17 Beer and Wine Wholesaler license to the Santa Fe Springs location. However, this Permit approval will be voided if the ABC denies the Applicant's requests. Moreover, the Applicant will not be permitted to import, store, distribute or sell any alcoholic beverage at the proposed site until both the ABC license and this Permit are approved.

STREETS AND HIGHWAYS

The subject site is located on the south side of Imperial Highway, west of Leffingwell Avenue, Imperial Highway is classified as a major highway with Leffingwell Avenue classified as a secondary highway's within the circulation element of the City's General Plan.

ZONING AND LAND USES

The warehouse facility is part of the Golden Springs Business Center and is located at 13152 Imperial Highway. The subject site, as well as the adjoining properties located to the south, east and west are within the M-2, Heavy Manufacturing, Zone, and are developed with office, industrial and warehouse-type uses. The properties to the north, across Imperial Highway, are within the unincorporated part of the Los Angeles County area, and developed with industrial/commercial type uses.

LEGAL NOTICE OF PUBLIC HEARING

This matter was set for Public Hearing in accordance with the requirements of Sections 65090 and 65091 of the State Planning, Zoning and Development Laws and the requirements of Sections 155.860 through 155.864 of the City's Municipal Code.

Legal notice of the Public Hearing for the proposed Alcohol Sales Conditional Use Permit was sent by first class mail to all property owners whose names and addresses appear on the latest County Assessor's Roll within 500 feet of the exterior boundaries of the subject property on May 31, 2016. The legal notice was also posted in Santa Fe Springs City Hall, the City Library and Town Center as required by the State Zoning and Development Laws and by the City's Zoning Regulations. A Notice was also published in the Whittier Daily Newspaper on June 1, 2016. To date, Staff has not received any inquiries regarding the proposal.

ZONING ORDINANCE REQUIREMENTS

Section 155.628 (B), regarding the sale or service of alcoholic beverages, states the following:

"A Conditional Use Permit shall be required for the establishment, continuation or enlargement of any retail, commercial, wholesale, warehousing or manufacturing business engaged in the sale, storage or manufacture of any type of alcoholic beverage meant for on or off-site consumption. In establishing the requirements for such uses, the City Planning Commission and City Council shall consider, among other criteria, the following:

- a. **Conformance with parking regulations.** *The Golden Springs Development was built under a Development Agreement that required a pre-agreed number of shared parking spaces throughout the business park. The required parking and the overall subject site currently conforms to that Development Agreement.*
- b. **Control of vehicle traffic and circulation.** *The subject property provides its own on-site vehicular circulation with two immediate driveways fronting on Imperial Highway, and a secondary common driveway with access to Leffingwell Avenue.*
- c. **Hours and days of operation.** *The Applicant has noted that the hours of operation will be conducted Monday through Friday from 8:00 a.m. to 6:00 p.m.*

- d. **Security and/or law enforcement plans.** *A surveillance camera plan will be required as part of the conditions of approval, however, no uniformed security is necessary at this time.*
- e. **Proximity to sensitive and/or incompatible land uses, such as schools, religious facilities, recreational or other public facilities attended or utilized by minors.** *The subject site is approximately one-mile away from a park (John Zimmerman Park) and a high school (John H. Glenn HS), however, the two public locations are separated from the subject site by a fenced rail road easement. The subject site is also surrounded by industrial type uses. With these two physical elements, Staff believes that the proposed alcoholic beverage use (storage) will have no impact to sensitive uses in the area.*
- f. **Proximity to other alcoholic beverage uses to prevent the incompatible and undesirable concentration of such uses in an area.** *The proposed alcoholic beverage use will not be permitted to have any on-site consumption. Moreover, majority of the visiting customers will be picking up large quantities of alcoholic beverages as a wholesale item to stock their respective shelves. As a result, Staff does not feel that there will be any impacts to other retail establishments or possibly create or contribute an undesirable concentration to the general area.*
- g. **Control of noise, including noise mitigation measures.** *The subject site will operate as a warehouse/distribution facility and all activities will be conducted indoors, at all times. Noise control measures or mitigation measures are not foreseen as a requirement at this time. It should be noted that the City Code has maximum allowable ambient noise requirements, all activities are required to operate under those requirements or be subject to citations with penalties of up to \$500 for each occurrence.*
- h. **Control of littering, including litter mitigation measures.** *As part of the Conditions of Approval, the Applicant is required to maintain the property free of all trash and debris. It should be noted that the business park also has its own maintenance crew that keep the property clean and orderly on a daily basis.*
- i. **Property maintenance.** *As part of the conditions of approval, the Applicant is required to maintain the immediate area in compliance with the City's Property Maintenance Ordinance.*
- j. **Control of public nuisance activities, including, but not limited to, disturbance of the peace, illegal controlled substances activity, public drunkenness, drinking in public, harassment of passersby, gambling, prostitution, sale of stolen goods, public urination, theft, assaults, batteries, acts of vandalism, loitering, curfew violations, sale of alcoholic**

beverages to a minor, lewd conduct or excessive police incident responses resulting from the use." *The subject proposed alcohol warehouse/distribution facility is a low-key operation catering to established businesses. Staff does not foresee that the business or its activities will generate any of the listed public nuisances. Nevertheless, a compliance review will be conducted within the first year from the approval of this permit, and five years thereafter. If any of these listed items occur, and if the Applicant is unresponsive to mitigate them, Staff has the authority to bring this matter back to the Commission with a request to revoke the Permit.*

STAFF COMMENTS

As part of the permit review process, staff has conducted a review of the Applicant's current operation in the City of Carson, and the proposed new site to ensure compliance with other regulatory ordinances and codes. The listed conditions of approval have been prepared to ensure the proper and lawful ongoing operation of the alcoholic beverage sales use.

Staff is recommending approval of the Alcohol Sales Conditional Use Permit request by the Applicant, subject to the conditions of approval set forth herein. Staff is also recommending a compliance review report of this Permit within one year from the approval date by the City Council.

Fire Station Headquarters and Police Services Center: Generator Replacement – Final Payment

RECOMMENDATION

That the City Council approve the Final Payment (less 5% Retention) to AG Engineering, Inc. of Rancho Cucamonga, California in the amount of \$21,379.35 for the subject project.

BACKGROUND

The City Council, at their meeting of November 10, 2015, awarded a contract to AG Engineering, Inc. of Rancho Cucamonga, California in the amount of \$128,911.50 for the above subject.

The new emergency generators will allow the Fire Station Headquarters and Police Services Center to remain operational in the event of power outage.

The following payment detail represent the Final Payment (less 5% Retention) due per terms of the contract for the work which has been completed and found to be satisfactory.

The final construction cost is \$141,263.08. The final project cost including the construction, engineering, inspection, overhead and contingency is within the budgeted amount of \$490,000. The savings for this project was a result of not having to upgrade the capacity of both generators. The instantaneous load measurement taken during the design stage from both facilities provided adequate power supply to the emergency panels.

FISCAL IMPACT

The Fire Station Headquarters and Police Services Center Generator Replacement is fully funded through the Bond Capital Improvement Project Fund.

Resolution Nos. 9512 and 9513 – Approval of Engineer's Report (FY 2016/17) in Conjunction with Annual Levy of Assessment for Heritage Springs Assessment District No. 2001-1 (Hawkins Street and Palm Drive)

RECOMMENDATION

That the City Council take the following actions:

1. Adopt Resolution 9512, approving the Engineer's Report (FY 2016/17) in conjunction with the annual levy of assessments for the Heritage Springs Assessment District No. 2001-01; and
2. Adopt Resolution No. 9513, declaring the City of Santa Fe Springs' intention to provide for an annual levy and collection of assessments for Heritage Springs Assessment District No. 2001-01, and setting the public hearing for the Council meeting of July 14, 2016.

BACKGROUND

The Heritage Springs Assessment District (Assessment District) No. 2001-1 was formed on June 28, 2001, pursuant to the provisions of the Municipal Improvement Act of 1913, Division 12. A map of the Assessment District is enclosed.

The District included a mechanism to provide funding on an annual basis for ongoing street maintenance which includes slurry sealing, street resurfacing and street reconstruction as needed. The requirement for a street maintenance district component was a condition of approval for the initial development. Staff annually inspects the condition of the streets to determine when improvements are needed. Currently the existing status of the street is in fair-to-good condition.

At their meeting of March 10, 2016 the City Council approved Resolution No. 9406 ordering the preparation of the Engineer's Report for FY 2016/17. A copy of the Engineer's Report for the Assessment District No. 2001-1 is attached for your review and approval. Resolution 9512 approves the Annual Engineer's Report.

Resolution No. 9513, declares the City's Intention to Levy Annual Assessments in the Heritage Springs Assessment District and sets the public hearing date for July 14, 2016.

FISCAL IMPACT

The District has a positive financial impact on the City because a benefit assessment district is used to fund the street maintenance costs attributable to such developments.

PART D – METHOD OF ASSESSMENT

The assessments are apportioned according to the special benefits received by the parcels of land within the Assessment District in accordance with the apportionment of costs at the time of formation. The assessment is necessary to maintain the level of special benefit from the construction of the improvements funded by the District. The proportionate special benefit derived by each parcel is determined in relationship to the entirety of the maintenance cost of the improvements. No assessment has been apportioned on any parcel that exceeds the reasonable cost of the proportional special benefit conferred on that parcel.

Only special benefits may be assessed and any general benefits shall be separated from the special benefits for purposes of this report. Based on the nature of the improvements to be funded herein, there are no general benefits.

Under this report, the assessment for the District are apportioned in accordance with the foregoing and using the following criteria:

The net acreage of each parcel of land is determined by excluding acreage which will not have direct access to the improvements from Hawkins Street or Palm Drive, and by excluding acreage to be dedicated as roadway, road rights-of-way, or sidewalk easement. Special benefit is determined based on the net acreage of each parcel relative to the total net acreage (the "Benefit Percentage").

The total annual cost for Fiscal Year 2016-17, as shown in Part B of this Report, is apportioned on a percentage basis using the Benefit Percentages, as shown below:

Asmt No.	Assessor's Parcel Number	Net Acreage	Benefit Percentage	FY 16-17 Maint. Asmt
1	8005-015-037	5.65	21.410%	\$8,174.55

4	8005-015-040	1.72	6.518%	\$2,488.64
5	8005-015-041	1.63	6.177%	\$2,358.44
6	8005-015-042	1.45	5.495%	\$2,098.05
7	8005-015-043	1.13	4.282%	\$1,634.91

Based on the preceding, Assessment No. 10 is not assessed as it's Benefit Percentage is zero percent.

PART E – ASSESSMENT DIAGRAM

A diagram showing the exterior boundaries of the District and the lines and dimensions of each lot or parcel of land within the District, entitled "Assessment Diagram, Heritage Springs Assessment District No. 2001-1", is on file in the office of the City Clerk of the City of Santa Fe Springs, and is incorporated herein by reference.

Resolution Nos. 9514 and 9515 – Approval of Engineer's Report (FY 2016/17) in Conjunction with Annual Levy of Assessments for Street Lighting District No. 1

RECOMMENDATION

That the City Council take the following actions:

1. Adopt Resolution No. 9514, approving the Engineer's Report (FY 2016/17) in conjunction with the annual levy of assessments for Street Lighting District No. 1; and
2. Adopt Resolution No. 9515, declaring the City of Santa Fe Springs' intention to provide for an annual levy and collection of assessments for Lighting District No. 1, and setting the public hearing for the Council meeting of July 14, 2016.

BACKGROUND

Santa Fe Springs Lighting District No. 1 (District) was formed May 26, 1982, pursuant to the provisions of the Landscaping and Lighting Act of 1972. A map of the District is shown on Page 16 of the Engineer's Report. The District does not include any residential properties and no residential properties, or any properties with a residential land code, are being assessed. The annual assessment rate for the District has not been increased since fiscal year 1992/1993, although the costs of providing the improvements that benefit the properties within the District continue to rise. In 2004, the City conducted an election to try to increase the annual assessment rate. However a majority protest existed and the proposed assessment increase was not imposed.

After the initial formation of the district, it is necessary for the City to annually update the Lighting District. This allows the City to continue levying annual assessments against the properties located within the Lighting District. The required documents to satisfy the legal requirements are outlined in Chapter 3 of the Landscaping and Lighting Act of 1972 as contained in the Streets and Highways Code.

The Council, at their meeting of March 10, 2016 approved Resolution No. 9405 ordering the preparation of plans, specifications, cost estimate, diagram, assessment, and report pursuant to the provisions of Division 15, Part 2 of the Streets and Highways Code of the State of California.

A copy of the Annual Engineer's Report for the City of Santa Fe Springs Lighting District No. 1 is attached for your review and approval. The Engineer's Report satisfies the legal requirements described previously. In summary, the Engineer's

Report Submitted By:

Noe Negrete, Director
Public Works

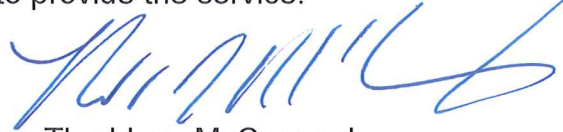

A handwritten signature in blue ink, appearing to be "N. Negrete", is written over the printed name.

Date of Report: June 16, 2016

ITEM NO. 14

Report addresses compliance with the state law, describes method of apportionment and presents a proposed budget for FY 2016/17. As noted on Page 15 of the Engineer's Report, the estimated total direct and administrative costs for providing street lights is \$718,700. The balance to levy is \$193,195, which takes into consideration a general fund contribution of \$315,303 to subsidize the District.

Lastly, in light of the ongoing deficit between the amount of the annual levy and the growing General Fund subsidy, the City Council may want to direct staff to bring back a report on the feasibility of conducting another Proposition 218 Election to possibly raise the levy in the future so that the amount collected either fully or more closely recoups the actual cost to provide the service.

I. Overview

A. INTRODUCTION

The City of Santa Fe Springs (hereafter referred to as “City”) annually levies and collects special assessments in order to provide and maintain the improvements within the Santa Fe Springs Lighting District No. 1 (hereafter referred to as “District”). The District was formed on May 26, 1982 and is annually levied pursuant to the *Landscaping and Lighting Act of 1972, Part 2 of Division 15 of the California Streets and Highways Code* (hereafter referred to as the “1972 Act”). The annual assessments levied on parcels within the District are based on the special benefits received, and partially fund the costs associated with the installation, maintenance, operation and administration of the public streetlight system within the District.

This Engineer's Report (hereafter referred to as the “Report”) has been prepared pursuant to the order of the City Council as required by the provisions *Chapter 3*, of the 1972 Act (*commencing with Section 22620*), which outlines the procedures for the annual levy of assessments. This Report provides an update of the District including the proposed expenses and revenues, any substantial change in the improvements or the District, and the proposed assessments to be levied on the County tax roll for Fiscal Year 2016/2017 and has been prepared pursuant to the requirements of *Article 4, Chapter 1*, of the 1972 Act (*inclusive of Sections 22565 through 22574*). In addition to the provisions of the 1972 Act, it has been determined that the existing annual assessments for this District have been previously levied in accordance with the provisions of the *California Constitution Article XIII D* which was enacted as a result of the passage of Proposition 218, approved by the California voters in November 1996.

The annual assessment rate for the District has not been increased since Fiscal Year 1992/1993, although the costs of providing the improvements that benefit the properties within the District have continued to rise. Initially, the rising costs to provide streetlights within the District were offset by the District fund balance and an assessment increase was not necessary. Eventually the District fund balance was exhausted and the City began making increasingly greater contributions each year to the District expenses, not only to cover the general benefit portion of the costs, but also to subsidize the special benefit costs not recovered by the annual assessments.

In 2004, the City performed an extensive review of the District including the boundaries of the District, the properties therein, the special benefit properties received from the improvements, the general benefit the improvements may provide to properties outside the District or to the public at large, as well as the current and long-term costs and expenses associated with providing the improvements. Based on this review and evaluation, the City Council determined that it was necessary and in the best interest of the property owners within the District to conduct a property owner protest ballot proceeding for an increase to the annual assessments for Fiscal Year 2004/2005 in accordance with the

provisions of the *California Constitution Article XIID*. Based on the ballot tabulation conducted on July 8, 2004, a majority protest existed, and the proposed assessment increase was not imposed.

The word “parcel”, for the purposes of this Report, refers to an individual property assigned its own Assessment Parcel Number by the Los Angeles County Assessor’s Office. The Los Angeles County Auditor/Controller uses Assessment Parcel Numbers and specific Fund Numbers to identify, on the tax roll, properties assessed for special district benefit assessments.

At a noticed annual Public Hearing the City Council will consider public testimony regarding the District. The City Council will review the Engineer’s Annual Report and may order amendments to the Report or confirm the Report as submitted. Following final approval of the Report and confirmation of the assessments, the Council will order the levy and collection of assessments for Fiscal Year 2016/2017 pursuant to the Act. In such case, the assessment information will be submitted to the County Auditor/Controller for inclusion on the property tax roll for each parcel in Fiscal Year 2016/2017. If any parcel submitted for collection is identified by the County Auditor/Controller to be an invalid parcel number for the current Fiscal Year, a corrected parcel number and/or new parcel numbers will be identified and resubmitted to the County. The assessment amount to be levied and collected for the resubmitted parcel or parcels shall be based on the method of apportionment and assessment rate approved by the City Council.

B. COMPLIANCE WITH THE CURRENT LEGISLATION

As a result of the passage of Proposition 218 in November 1996, *Articles XIIC and XIID* were added to the California Constitution. *Article XIID* specifically addressed both the substantive and procedural requirements to be followed for assessments. The procedural and approval process for assessments outlined in this article apply to assessment districts, with the exception of those existing assessments that met one or more of the exemptions set forth in *Section 5* of the Article. Specifically as it relates to Lighting District No. 1, the exemption provision set forth in *Section 5(a)* of *Article XIID* states:

“...assessments existing on the effective date of this Article shall be exempt from the procedures and approval process set forth in Section 4 [if they were] imposed exclusively to finance the capital costs or maintenance and operation expenses for sidewalks, streets, sewers, water, flood control, drainage systems or vector control.”

The District’s streetlight assessments were established in Fiscal Year 1982/1983 and have not been increased since Fiscal Year 1992/1993. These assessments have funded improvements that are classified as street improvements as defined herein based on the definitions provided by the Office of the Controller for the State of California in the “Guidelines Relating to Gas Tax Expenditures” published by the

Division of Local Government Fiscal Affairs. The state's gas tax program is administered in city agencies, but audited by the Office of the State Controller. The proceeds of the gas tax are statutorily limited to expenditures for streets and roads. Because the funds are restricted to street and road expenditures, the State Controller has developed the "Street Purpose Definitions and Guidelines" based on the "Manual of Uniform Highway Accounting and Financial Management Procedures" developed by the American Association of State Highway Officials. Street improvement, as it relates to this District, is defined as the construction, operation, or maintenance of facilities within the right of way used for street or road purposes including but not limited to the following:

- ◇ Installation or expansion of the streetlight system including replacement of old equipment with superior equipment, installation of traffic signals at intersections and railroad crossings, replacement of equipment as required for relocations for street purposes, and purchase and installation of traffic signal control equipment.
- ◇ Servicing lighting systems and street or road traffic control devices including, repainting and repairing traffic signals and lighting standards; and furnishing of power for street and road lighting and traffic control devices.

Therefore, the existing District assessments (assessment rates and method of apportionment) approved and levied prior to the passage of Proposition 218, are exempt from both the substantive and procedural approval process defined by *Article XIID, Section 4*, until such time the assessments are increased.

II. Description of the District and Services

A. BOUNDARIES OF THE DISTRICT

The boundary of the District is completely within the city limits of the City of Santa Fe Springs and is shown on the Assessment Diagram, which is on file in the office of the City Clerk at the City Hall of Santa Fe Springs, a depiction of which is shown in Exhibit A of this Report. The parcels of real property included within the District are identified by land use categories ("Use Codes"). A listing of the Use Codes that may be applicable to parcels within this District and typically utilized by the Los Angeles County Assessor's Office for identification of property land uses is provided in the Method of Apportionment section of this Report. Excluded from assessments are utility easements, rights-of-way, common areas, public schools, public streets, residential properties, and other public properties. The parcels within the District are described in detail on the assessor parcel maps on file in the Los Angeles County Assessor's Office, which by reference are made a part of this Report.

B. IMPROVEMENTS AUTHORIZED BY THE 1972 ACT

As applicable or may be applicable to this proposed District, the 1972 Act defines improvements to mean one or any combination of the following:

- The installation or construction of public lighting facilities.
- The installation or construction of any facilities which are appurtenant to any of the foregoing or which are necessary or convenient for the maintenance or servicing thereof, including, but not limited to, grading, clearing, removal of debris, the installation or construction of curbs, gutters, walls, sidewalks, or paving, or water, irrigation, drainage, or electrical facilities.
- The maintenance or servicing, or both, of any of the foregoing.
- The acquisition of any existing improvement otherwise authorized pursuant to this section.

Incidental expenses associated with the improvements including, but not limited to:

- The cost of preparation of the report, including plans, specifications, estimates, diagram, and assessment;
- The costs of printing, advertising, and the publishing, posting and mailing of notices;
- Compensation payable to the County for collection of assessments;
- Compensation of any engineer or attorney employed to render services;
- Any other expenses incidental to the construction, installation, or maintenance and servicing of the improvements;
- Any expenses incidental to the issuance of bonds or notes pursuant to Section 22662.5.
- Costs associated with any elections held for the approval of a new or increased assessment.

The 1972 Act defines "Maintain" or "maintenance" to mean furnishing of services and materials for the ordinary and usual maintenance, operation, and servicing of any improvement, including:

- Repair, removal, or replacement of all or any part of any improvement.
- Providing for the life, growth, health, and beauty of landscaping, including cultivation, irrigation, trimming, spraying, fertilizing, or treating for disease or injury.
- The removal of trimmings, rubbish, debris, and other solid waste.
- The cleaning, sandblasting, and painting of walls and other improvements to remove or cover graffiti.

C. IMPROVEMENTS, PLANS AND SPECIFICATIONS

The annual special benefit assessments levied on parcels within the District provide funding for a portion of the annual expenses related to the installation, maintenance, operation and administration of the streetlight system within the District boundaries. The costs associated with the improvements are equitably spread among benefiting parcels in proportion to their special benefits. Streetlight improvements within the City of Santa Fe Springs but not within the District boundaries and that portion of the District improvements determined to be general benefit are funded by other revenue sources. Only improvements, services and

incidental expenses permitted under provisions of the 1972 Act that are necessary for the ongoing maintenance, operation and administration of the District streetlight system that provides special benefits to the parcels within the District are included in the annual assessment.

Maintenance of the streetlight system within the District may include, but is not limited to removal, repair, replacement, modification, or relocation of the light standards, poles, bulbs, fixtures, and appurtenances. Servicing of the Southern California Edison Company-owned streetlights is furnished by the Southern California Edison Company or by its successors or assignees. The rates charged by the Edison Company include both the power and maintenance costs and are regulated and authorized by the Public Utilities Commission of the State of California. The City of Santa Fe Springs Public Works Department provides for the servicing of the City-owned streetlights. The energy rates charged for City-owned streetlights is also regulated and authorized by the Public Utilities Commission.

Approximately eleven percent (11%) of the streetlights within the District are owned and maintained by Southern California Edison Company. The remaining eighty-nine percent (89%) of the streetlights are owned by the City of Santa Fe Springs and are maintained by the City. The following table provides a summary of the streetlight inventory within the District for Fiscal Year 2016/2017:

The proposed improvements for Fiscal Year 2016/2017 are substantially unchanged from the previous Fiscal Year. Streetlight Inventory Maps showing the location of the various streetlights within the District are on file in the office of the City Clerk at the City Hall of the City of Santa Fe Springs and by reference are made part of this Report.

III. Method of Apportionment

A. GENERAL

The 1972 Act permits the establishment of assessment districts by agencies for the purpose of providing certain public improvements which include the construction, maintenance and servicing of streetlights and appurtenant facilities. The 1972 Act further requires that the cost of these improvements be levied according to benefit:

“The net amount to be assessed upon lands within an assessment district may be apportioned by any formula or method which fairly distributes the net amount among all assessable lots or parcels in proportion to the estimated benefits to be received by each such lot or parcel from the improvements.”

The formula used for calculating assessments in this District reflects the composition of the parcels, and the improvements and services provided, to fairly apportion the costs based on estimated benefit to each parcel.

In addition, pursuant to *Article XIID, Section 4*, a parcel's assessment may not exceed the reasonable cost of the proportional special benefit conferred on that parcel, only special benefits may be assessed and the costs associated with general benefit must separate from the special benefits. Therefore, in compliance with these requirements only the District costs that have been identified as “Special Benefit” are assessed, the costs of any improvements considered to be “General Benefit” have been eliminated from the net amount to be assessed.

B. BENEFIT ANALYSIS

The District's improvements, the associated costs and proposed assessments described in this Report, have been carefully reviewed and have been identified and allocated based on a benefit calculation that proportionally allocates the net cost to the benefiting properties pursuant to the provisions of *Article XIID* and the 1972 Act. The location and extent of the various streetlight improvements within the District and the associated costs have been identified as either “General Benefits” (not assessed) or “Special Benefits”.

Special Benefits

The method of apportionment (method of assessment) established for this District utilizes commonly accepted engineering practices and is based on the premise that each of the assessed parcels within the District receives special benefit from the improvements maintained and financed by District assessments. The desirability and security of properties within the District is enhanced by the presence of streetlights in close proximity to those properties.

The primary benefits of streetlights are for the convenience, safety and protection of people as well as the security and protection of property, property improvements

and goods. Specifically the benefits of adequate and well-maintained streetlights that benefit both the properties and property owners within the District include:

- ◇ Improves ingress and egress to property, provides customers, suppliers and employees an enhanced environment in which to access the properties.
- ◇ Enhanced deterrence of crime and the aid to police protection and security activities.
- ◇ Reduced vulnerability to criminal assault of employees, patrons and owners at night.
- ◇ The promotion of increased business activities during nighttime hours.
- ◇ Increased nighttime safety on roads and highways.
- ◇ Reduced vandalism and other criminal acts and damage to improvements or personal property.
- ◇ Improved traffic circulation and reduced nighttime accidents and personal property loss.
- ◇ Reduction of dumping, graffiti and loitering typically associated with poorly lighted areas.
- ◇ Enhances desirability of properties and the ability to conduct or expand business opportunities through association with an area that has sufficient streetlights.

The intensity or degree of illumination provided within the District can enhance these benefits and is a significant factor in determining the benefits properties receive from streetlights improvements. The number and intensity of the streetlights provided in this District are significantly greater than the residential areas of the City and are generally more extensive than the streetlights provided in similar commercial and industrial areas of other cities. For these reasons, it has been determined that the streetlight improvements provided by the District are a special benefit to the properties within the District.

General Benefit

Although the improvements clearly provide special benefits to properties within the District, it is recognized that some of these facilities by the nature of their location may also benefit properties outside the District that are not assessed and to a lesser extent may provide some benefit to the public at large. Therefore, a portion of the cost to operate, maintain, and service the streetlight improvements within the District are identified as general benefit and not included in the annual assessments as special benefit. In a detailed evaluation of the entire streetlight system within the City of Santa Fe Springs it was determined that, over eighty percent (80%) of the cost to maintain and service the City's streetlights is attributable to the streetlights within this District. The remaining twenty percent (20%) of the City's annual costs for streetlights is associated primarily with the residential areas of the City and these streetlights are currently funded by other revenues sources. Approximately seven percent (7%) of the streetlight improvement costs within the District itself are attributable to streetlight facilities

that benefit properties outside the District as well as properties within the District. Based on this evaluation, it has been determined that twenty-seven percent (27%) of the District's annual costs budgeted for Fiscal Year 2016/2017 is considered general benefit. This is a quantifiable percentage based on the current City streetlight system and expenditures. Although not as quantifiable, it is also reasonable to assume that the District improvements also provide some general benefit to the public at large and a reasonable percentage of this benefit should not exceed three percent (3%) for a total general benefit of thirty percent (30%) of the District's costs. The cost of providing the District improvements that are considered general benefit, benefits conferred on real property or to the public at large, shall not be included in the annual assessments and shall be funded by other revenue sources available to the City. These funds are shown in the annual budget of this Report as a General Fund contribution and the amount to be levied as assessments for the District represent only the special benefit portion of the District expenses.

C. ASSESSMENT METHODOLOGY

Pursuant to the Act, the costs of the District may be apportioned by any formula or method that fairly distributes the net amount to be assessed among assessable parcels in proportion to the estimated benefits to be received by each such parcel from the improvements. The apportionment of costs used should reflect the composition of the parcels and the improvements and services provided based on each parcel's estimated special benefit.

Benefit Assessment Unit

To assess benefits equitably, it is necessary to relate the different types of parcel improvements to each other. A value of one unit has been assigned as the basic benefit assessment unit. The benefit assessment unit consists of three classifications of benefit: people, security and intensity. The Benefit Factor for each property type is equal to the aggregate amount of benefit assessment units that a parcel receives.

The following table summarizes the various property types within the District by use code and the applicable benefit assessment units that are applied to those properties.

Special Use Codes

The following Use Codes have been listed separately because of their unique operations inherent to their classifications, the size of real property, and the high use as a result of their specific operation. The total benefit assessment unit assigned to each parcel is calculated based on the parcel's acreage and a specified weighting factor applied to that use code designation (formula). However, the minimum benefit units assigned to a parcel shall not be less than the Benefit Factor shown on the "Use Code and Benefit Assessment Units" table shown on the previous page unless the parcel fronts on a street without lights. In this case, the Benefit Factor may be reduced below this minimum. (Refer to the table for "Streets Without Lights").

Use Code 99 is a special use code not found in the Los Angeles County Assessor's listing and is assigned to distribution centers for this District only. Parcels of land in Use Code 99 typically run continual 24-hour operations and receive substantial benefit from the District's streetlight improvements.

Table 3 – Special Use Code

Use Code	Description	Formula
15	Neighborhood Shopping Center	6.32 benefit units / acre
16	Regional Shopping Center	8.71 benefit units / acre
32	Heavy Manufacturing	5.45 benefit units / acre
37	Mineral Processing	3.27 benefit units / acre
39	Open Storage	6.53 benefit units / acre
99	Distribution Center	9.80 benefit units / acre

Streets Without Lights

The total Benefit Assessment Units of any parcel identified on the "Use Code and Benefit Assessment Units" table shown on the previous page that front on a street without District streetlights shall be assessed for people-related benefits only. It has been determined that these parcels do not receive the same special benefits from security or intensity that other parcels in the District receive.

The Special Use Code parcels on streets with no District streetlight facilities are reduced by 1/3 to account for their reduced special benefits from security or intensity. The calculation of this reduced benefit is outlined in the following table for Special Use Codes:

Table 4 – Special Use Code (Streets Without Lights)

Use Code	Description	Formula
15	Neighborhood Shopping Center	2.11 benefit units / acre
16	Regional Shopping Center	2.90 benefit units / acre
32	Heavy Manufacturing	1.82 benefit units / acre
37	Mineral Processing	1.09 benefit units / acre
39	Open Storage	2.18 benefit units / acre
99	Distribution Center	3.27 benefit units / acre

D. BENEFIT FORMULA

The benefit formula applied to each parcel is based on the preceding Benefit Assessment Unit tables. Each parcel's Benefit Factor is equal to the aggregate amount of benefit assessment units that a parcel receives and correlates to the parcel's special benefit received as compared to other parcels in the District.

The following formulas are used to calculate each property's assessment:

$$\text{People Benefit Assessment Unit} + \text{Security Benefit Assessment Unit} + \text{Intensity Benefit Assessment Unit} = \text{Parcel's Benefit Factor}$$

$$\text{Total Balance to Levy / Aggregate of Benefit Factors} = \text{Levy per Benefit Factor (Assessment Rate)}$$

$$\text{Assessment Rate} \times \text{Parcel's Benefit Factor} = \text{Parcel Levy Amount}$$

The following table provides a summary, by Use Code, of the benefit units, proposed charge, and total count of assessable parcels in the District.

EXHIBIT A – DISTRICT ASSESSMENT DIAGRAM

An Assessment District Diagram has been prepared for the District in the format required by the 1972 Act and is on file in the Office of the City Clerk at the City Hall of Santa Fe Springs and is made part of this Report. The Assessment Diagram is available for inspection at the Office of the City Clerk during normal business hours.

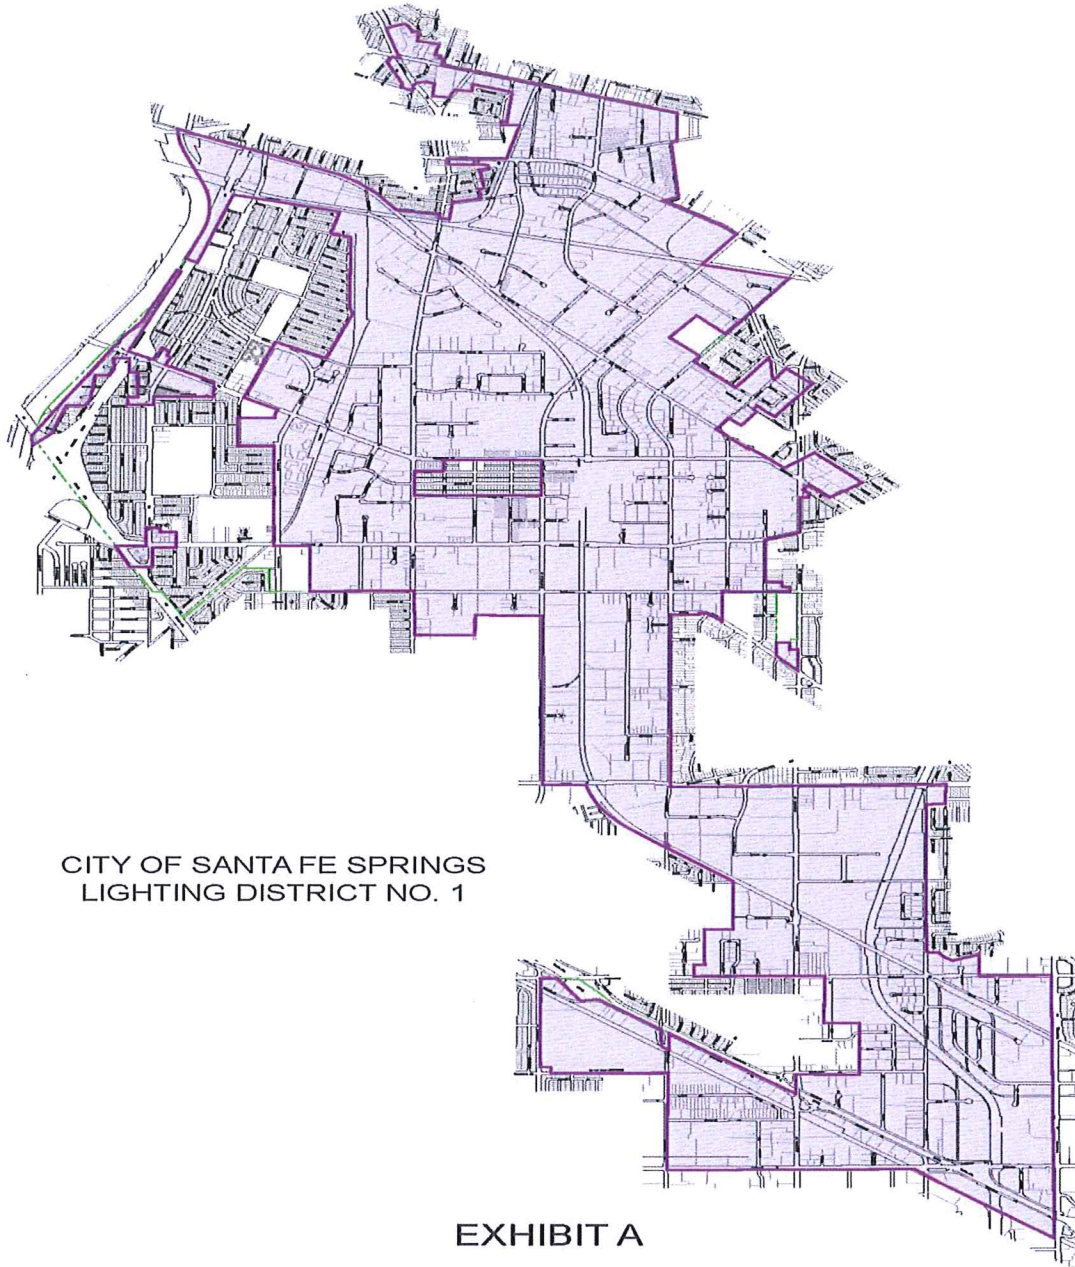

EXHIBIT B – 2016/2017 ASSESSMENT COLLECTION ROLL

Parcel identification for each lot or parcel within the District shall be the parcel as shown on the Los Angeles County Assessor's map for the year in which this Report is prepared.

The land use classification for each parcel has been based on the Los Angeles County Assessor's Roll. A listing of parcels assessed within this District, along with the proposed assessment amounts, has been submitted to the City Clerk and by reference is made part of this Report.

Approval of the Annual Engineer's Report (as submitted or as modified) confirms the method of apportionment and the assessment rate to be levied against each eligible parcel and thereby constitutes the approved levy and collection of assessments for Fiscal Year 2016/2017. The listing of parcels and the amount of assessment to be levied shall be submitted to the County Auditor/Controller and included on the property tax roll for each parcel in Fiscal Year 2016/2017.

If any parcel submitted for collection is identified by the County Auditor/Controller to be an invalid parcel number for the current Fiscal Year, a corrected parcel number and/or new parcel numbers will be identified and resubmitted to the County Auditor/Controller. The assessment amount to be levied and collected for the resubmitted parcel or parcels shall be based on the method of apportionment and assessment rate approved in this Report. Therefore, if a single parcel has changed to multiple parcels, the assessment amount applied to each of the new parcels shall be recalculated and applied according to the approved method of apportionment and assessment rate rather than a proportionate share of the original assessment.

Fire Station Headquarters-HVAC Improvements: Rejection of Bids and Authorization to Re-Advertise For Bids

RECOMMENDATION

That the City Council take the following actions:

1. Rejection of the bids submitted for the Fire Station Headquarters-HVAC Improvements; and
2. Authorize the City Engineer to re-advertise for bids on the subject project.

BACKGROUND

The City Council authorized the City Engineer to advertise for construction bids at its meeting of April 28, 2016 for the Fire Station Headquarters-HVAC Improvements. Construction bids were opened on June 7, 2016 and a total of two (2) bids was received as shown on attachment "A".

After reviewing the bids submitted, staff recommends the bids be rejected and that the project be re-advertised since the bids received were higher than the project budget amount of \$320,000 which includes construction, engineering, inspection, overhead and contingency. The project incurred additional costs as a result of design changes, which included addition of building automation controls (web based) and the addition of roof screen walls. While this action will delay completion of the project by approximately two months, staff believes that the rejection of the bid at this time is in the best interest of the City.

Page B-3 of the Contract Specifications allows the City Council to reject all bids for incomplete bids or irregularities of any kind. Further, State law allows a city to reject all bids for any reason whatsoever.

FISCAL IMPACT

There is no fiscal impact associated with this action.

18. INSURANCE

ORGANIZATION shall maintain insurance in conformance with the requirements set forth below. ORGANIZATION will use existing coverage to comply with these requirements. If that existing coverage does not meet the requirements set forth herein, ORGANIZATION agrees to amend, supplement or endorse the existing coverage to do so.

ORGANIZATION acknowledges that the insurance coverage and policy limits set forth in this section constitute the minimum amount of coverage required (\$2 million). Any insurance proceeds available to ORGANIZATION in excess of the limits and coverage identified in this AGREEMENT and which is applicable to a given loss, claim or demand, will be equally available to AGENCY.

ORGANIZATION shall provide the following types and amounts of insurance:

- A. Commercial General Liability Insurance: ORGANIZATION shall maintain commercial general liability insurance including coverage for premises, products and completed operations, independent contractors/vendors, personal injury and contractual obligations. The limits of ORGANIZATION's insurance shall apply to this Agreement as if set forth herein, but in no event shall provide combined single limits of coverage of not less than \$2,000,000 per occurrence, \$4,000,000 general aggregate. There shall be no cross liability exclusion for claims or suits by one insured against another.

ORGANIZATION and AGENCY agree to the following with respect to insurance provided by ORGANIZATION:

Insurance procured pursuant to these requirements shall be written by insurers that are admitted carriers in the state of California and with an A.M. Best's rating of A- or better and a minimum financial size VII.

1. ORGANIZATION agrees to have its insurer endorse the third party general liability coverage required herein to include as additional insured AGENCY, its officials, employees and agents, using standard ISO endorsement No. CG 2010 with an edition prior to 1992 or similarly worded endorsement. ORGANIZATION also agrees to require all contractors, and subcontractors to do likewise.
2. No liability insurance coverage provided to comply with this AGREEMENT shall prohibit ORGANIZATION, or ORGANIZATION's employees, or agents, from waiving the right of subrogation prior to a loss. ORGANIZATION agrees to waive subrogation rights against AGENCY regardless of the applicability of any insurance proceeds, and to require all contractors and subcontractors to do likewise.
3. All insurance coverage and limits provided by Contractor and available or applicable to this AGREEMENT are intended to apply to the full extent of the policies. Nothing contained in this AGREEMENT or any other agreement relating to AGENCY or its operations limits the application of such insurance coverage.
4. None of the coverage required herein will be in compliance with these requirements if they include any limiting endorsement of any kind that has not been first submitted to AGENCY and approved of in writing.
5. No liability policy shall contain any provision or definition that would serve to eliminate so-called "third party action over" claims, including any exclusion for bodily injury to an employee of the insured or of any contractor or subcontractor.
6. All coverage types and limits required are subject to approval, modification and additional requirements by AGENCY, as the need arises. ORGANIZATION shall not make any reductions in scope of coverage (e.g. elimination of contractual liability or reduction of discovery period) that may affect AGENCY's protection without AGENCY's prior written consent.
7. Proof of compliance with these insurance requirements, consisting of certificates of insurance evidencing all of the coverage required and an additional insured endorsement to ORGANIZATION's general liability policy, shall be delivered to AGENCY at or prior to the execution of this AGREEMENT. In the event such proof of any insurance is not delivered as required, or in the event such insurance is canceled at any time and no replacement coverage is provided, AGENCY has the right, but not the duty, to obtain any insurance it deems necessary to protect its interests under this or any other agreement and to pay the premium. Any premium so paid by AGENCY shall be charged to and promptly paid by ORGANIZATION or deducted from sums due ORGANIZATION, at AGENCY option.
8. Certificate(s) are to reflect that the insurer will provide 30 days' notice to AGENCY of any cancellation of coverage. ORGANIZATION agrees to require its insurer to modify such certificates to delete any exculpatory wording stating that failure of the insurer to

mail written notice of cancellation imposes no obligation, or that any party will “attempt” (as opposed to being required) to comply with the requirements of the certificate.

9. It is acknowledged by the parties of this AGREEMENT that all insurance coverage required to be provided by ORGANIZATION or any subcontractor, is intended to apply first and on a primary, non-contributing basis in relation to any other insurance or self-insurance available to AGENCY. ORGANIZATION shall ensure that each policy of insurance required herein reflects this AGREEMENT and is written into each policy.
10. ORGANIZATION agrees to ensure that its sub consultants, subcontractors, and any other party involved with the project who is brought onto or involved in the project by ORGANIZATION, provide the same minimum insurance coverage required of ORGANIZATION. ORGANIZATION agrees to monitor and review all such coverage and assumes all responsibility for ensuring that such coverage is provided in conformity with the requirements of this section.
11. ORGANIZATION agrees not to self-insure or to use any self-insured retentions or deductibles on any portion of the insurance required herein. If ORGANIZATION's existing coverage includes a deductible or self-insured retention, the deductible or self-insured retention must be declared to AGENCY. At that time AGENCY shall review options with ORGANIZATION, which may include reduction or elimination of the deductible or self-insured retention, substitution of other coverage, or other solutions. To the extent AGENCY agrees to any deductible or self-insured retention under any policy required under this AGREEMENT to which AGENCY is named as an additional insured, ORGANIZATION shall be required to modify the policy to permit AGENCY to satisfy the deductible or self-insured retention in the event ORGANIZATION is unable or unwilling to do so as a means to ensure AGENCY can avail itself to the coverage provided under each policy.
12. AGENCY reserves the right at any time during the term of the contract to change the amounts and types of insurance required by giving ORGANIZATION ninety (90) days advance written notice of such change. If such change results in substantial additional cost to ORGANIZATION, AGENCY will negotiate additional compensation proportional to the increased benefit to AGENCY.
13. For purposes of applying insurance coverage only, this AGREEMENT will be deemed to have been executed immediately upon any party hereto taking any steps that can be deemed to be in furtherance of or towards performance of this AGREEMENT.
14. ORGANIZATION acknowledges and agrees that any actual or alleged failure on the part of AGENCY to inform ORGANIZATION of non-compliance with any insurance requirement in no way imposes any additional obligations on AGENCY nor does it waive any rights hereunder in this or any other regard.
15. ORGANIZATION will renew the required coverage annually as long as AGENCY, or its employees or agents face an exposure from operations of any type pursuant to this AGREEMENT. This obligation applies whether or not the AGREEMENT is canceled or terminated for any reason. Termination of this obligation is not effective until AGENCY executes a written statement to that effect.

16. ORGANIZATION shall provide proof that policies of insurance required herein expiring during the term of this AGREEMENT have been renewed or replaced with other policies providing at least the same coverage and upon the same terms and conditions herein. Proof that such coverage has been ordered shall be submitted prior to expiration. A coverage binder or letter from ORGANIZATION's insurance agent to this effect is acceptable. Resolution No. 9516 – Adoption of Annual Appropriation (GANN) Limit for Fiscal Year 2016-17

RECOMMENDATION

That the City Council adopt Resolution No. 9516 setting the appropriation limit for Fiscal Year 2016-17 (roll call vote required).

BACKGROUND

As required by Article XIII B of the State Constitution, the City Council annually revises the appropriation limit for each upcoming fiscal year. The limit establishes the maximum amount of taxes the City is allowed to collect and appropriate. We recently received information regarding the various factors that we may use to adjust the appropriations limit for Fiscal Year 2016-17.

The limit is adjusted each year based on two categories of adjustments, changes in (1) cost of living and (2) population. Within each adjustment category there are two factors from which the City can choose in calculating the new limit.

For the cost of living adjustment, the law allows a choice between the following:

- The increase in California per capita income (5.37%)
- The percentage change in the local assessment roll due to the addition of non-residential new construction (-3.32%)

For the population growth adjustment, the law allows a choice between the following:

- Los Angeles County population increase (0.85%)
- The City of Santa Fe Springs' own population growth (3.29%).

Using the most advantageous factors above (percentage change in California per capita income and the change in population of Santa Fe Springs), the City's appropriation limit for Fiscal Year 2016-17 is calculated to be \$1,525,963,965. The City's Fiscal Year 2016-17 budget subject to this limit is calculated at \$39,754,500.

The majority of California cities report appropriation limits well in excess of actual appropriations subject to the limit. For the City of Santa Fe Springs, the large excess of the limit over subject appropriations is primarily a result of the fact that the change in local assessment roll due to the addition of non-residential new construction ranged from 10.76% to 33.15% between fiscal years 2006-07 and 2009-10.

City of Santa Fe Springs

Council Meeting

June 23, 2016

The appropriations limit, which seeks to cap increases in government spending, was established by the passage of Proposition 4 in 1979. The limit was put in place one year following the passage of Proposition 13 in 1978, which limited cities' ability to increase property tax revenue. Proposition 218, passed in November 1996, also limited cities' ability to implement or raise general-purpose taxes, assessments, and certain property-related fees without voter approval. Although the City has the capacity to increase spending under the appropriations limit restriction, the City's budget is constrained by limits on increasing revenues.

The appropriation limit calculation and appropriations subject to the limit are detailed in Exhibit A of Resolution No.9516.

May 2016

Dear Fiscal Officer:

Subject: Price Factor and Population Information

Appropriations Limit

The California Revenue and Taxation Code, section 2227, requires the Department of Finance (Finance) to transmit an estimate of the percentage change in population to local governments. Each local jurisdiction must use their percentage change in population factor for January 1, 2016, in conjunction with a change in the cost of living, or price factor, to calculate their appropriations limit for fiscal year 2016-17. Attachment A provides the change in California's per capita personal income and an example for utilizing the price factor and population percentage change factor to calculate the 2016-17 appropriations limit. Attachment B provides the city and unincorporated county population percentage change. Attachment C provides the population percentage change for counties and their summed incorporated areas. The population percentage change data excludes federal and state institutionalized populations and military populations.

Population Percent Change for Special Districts

Some special districts must establish an annual appropriations limit. The Revenue and Taxation Code, section 2228 provides additional information regarding the appropriations limit. Article XIII B, section 9(C) of the California Constitution exempts certain special districts from the appropriations limit calculation mandate. The Code and the California Constitution can be accessed at the following website: <http://leginfo.legislature.ca.gov/faces/codes.xhtml>.

Special districts required by law to calculate their appropriations limit must present the calculation as part of their annual audit. Any questions special districts have on this requirement should be directed to their county, district legal counsel, or the law itself. No state agency reviews the local appropriations limits.

Population Certification

The population certification program applies only to cities and counties. Revenue and Taxation Code section 11005.6 mandates Finance to automatically certify any population estimate that exceeds the current certified population with the State Controller's Office. **Finance will certify the higher estimate to the State Controller by June 1, 2016.**

Please Note: Prior year's city population estimates may be revised.

If you have any questions regarding this data, please contact the Demographic Research Unit at (916) 323-4086.

- A. **Price Factor:** Article XIII B specifies that local jurisdictions select their cost of living factor to compute their appropriation limit by a vote of their governing body. The cost of living factor provided here is per capita personal income. If the percentage change in per capita personal income is selected, the percentage change to be used in setting the fiscal year 2016-17 appropriation limit is:

Per Capita Personal Income

Fiscal Year (FY)	Percentage change over prior year
2016-17	5.37

- B. Following is an example using sample population change and the change in California per capita personal income as growth factors in computing a 2016-17 appropriation limit.

2016-17:

Per Capita Cost of Living Change = 5.37 percent
Population Change = 0.90 percent

Per Capita Cost of Living converted to a ratio: $\frac{5.37 + 100}{100} = 1.0537$

Population converted to a ratio: $\frac{0.90 + 100}{100} = 1.0090$

Calculation of factor for FY 2016-17: $1.0537 \times 1.0090 = 1.0632$

NEW BUSINESS

Adoption of the City's FY 2016-17 Investment Policy

RECOMMENDATION

That the City Council adopt the Investment Policy for FY 2016-17.

BACKGROUND

Prior to January 1, 2005, State statute required the City Treasurer to render to the City Council an annual Investment Policy (Policy). Although the law changed to eliminate this requirement, an annual review of the Policy for legal compliance and subsequent submittal to the City Council is a good fiscal practice.

Last year, Staff worked closely with the City Council Finance Subcommittee (consisting of Mayor Richard Moore and Councilmember Jay Sarno) and Ms. Sarah Meacham (Director with PFM Asset Management, LLC) in a comprehensive update of the Policy. Subsequently, the City Council approved the new policy on June 25, 2015.

At this time, after discussions with the City Council Investment Subcommittee and Ms. Meacham, there are no proposed changes to the Policy. There are no significant changes that warrant a recommended change in the Policy.

The current policy is modeled after the recommended language endorsed by the California Municipal Treasurer's Association (CMTA). It retains the existing overall investment objectives, in priority order, to be (1) safety (2) liquidity and (3) return on investment:

Safety — Safety of principal is the foremost objective of the investment program. Investments will be undertaken in a manner that seeks to ensure preservation of capital in the portfolio.

Liquidity — The investment portfolio will remain sufficiently liquid to enable the City to meet its cash flow requirements.

Return on Investment — The investment portfolio will be designed with the objective of attaining a market rate of return throughout budgetary and economic cycles, taking into consideration with the investment risk constraints of safety and liquidity needs.

Thaddeus McCormack
City Manager

City of Santa Fe Springs

Investment Policy

June 23, 2016

1. Policy

The intent of the Investment Policy of City of Santa Fe Springs is to define the parameters within which funds are to be managed. In methods, procedures and practices, the policy formalizes the framework for the City's investment activities that must be exercised to ensure effective and judicious fiscal and investment management of the City's funds. The guidelines are intended to be broad enough to allow the investment officer to function properly within the parameters of responsibility and authority, yet specific enough to adequately safeguard the investment assets.

The City will invest its funds in such a manner as to comply with applicable state laws (California Government Code Section 53600, et seq. and 53630, et seq.), ensure prudent money management, provide for daily cash flow needs, and meet the City's investment objectives.

2. Scope

The Investment Policy applies to all funds and investment activities of the City except for the investment of bond proceeds, which are governed by the appropriate bond documents, and any pension or other post-employment benefit funds held in a trust that has a separate investment policy.

Except for funds in certain restricted and special funds, the City commingles its funds to maximize investment earnings and to increase efficiencies with regard to investment pricing, safekeeping and administration.

3. Prudence

The standard of prudence to be used by those authorized to invest on behalf of the City will be the "prudent investor" standard and will be applied in the context of managing an overall portfolio. The "prudent investor" standard states that:

"When investing, reinvesting, purchasing, acquiring, exchanging, selling, or managing public funds, a trustee shall act with care, skill, prudence, and diligence under the circumstances then prevailing, including, but not limited to, the general economic conditions and the anticipated needs of the agency, that a prudent person acting in a like capacity and familiarity with those matters would use in the conduct of funds of a like character and with like aims, to safeguard the principal and maintain the liquidity needs of the agency."

4. Objectives

The primary objectives, in priority order, of the investment activities of the City are:

1. Safety — Safety of principal is the foremost objective of the investment program. Investments will be undertaken in a manner that seeks to ensure preservation of capital in the portfolio.
2. Liquidity — The investment portfolio will remain sufficiently liquid to enable the City to meet its cash flow requirements.
3. Return on Investment — The investment portfolio will be designed with the objective of attaining a market rate of return throughout budgetary and economic cycles, taking into consideration with the investment risk constraints of safety and liquidity needs.

5. Delegation of Authority

The City Council's management responsibility for the investment program is hereby delegated for a one-year period to the City Treasurer. Subject to review, the City Council may renew the delegation of authority pursuant to this section each year. The City Treasurer, and the Treasurer's designees, will monitor and review all investments for consistency with this Investment Policy. The City Treasurer may delegate day-to-day investment decision making and execution authority to an investment advisor. Eligible investment advisors must be registered with the Securities and Exchange Commission (SEC) under the Investment Advisors Act of 1940. The advisor will follow the Policy and such other written instructions as are provided.

6. Ethics and Conflict of Interest

Officers and employees involved in the investment process will refrain from personal business activities that could conflict with proper execution of the investment program, or which could impair their ability to make impartial decisions. Employees and investment officials will disclose to the City Manager any material financial interests in financial institutions that conduct business within their jurisdiction, and they will further disclose any large personal financial/investment positions that could be related to the performance of the City's portfolio.

7. Authorized Financial Dealers and Institutions

The City Treasurer will maintain a list of financial dealers and institutions qualified and authorized to transact business with the City.

The purchase by the City of any investment other than those purchased directly from the issuer, will be purchased either from an institution licensed by the State as a broker-dealer, as defined in Section 25004 of the Corporations Code, who is a member of Financial Industry Regulatory Authority (FINRA), or a member of a Federally regulated securities exchange, a National or State Chartered Bank a Federal or State Association (as defined by Section 5102 of the Financial Code), or a brokerage firm designated as a Primary Government Dealer by the Federal Reserve Bank.

The City Treasurer will investigate all institutions that wish to do business with the City, in order to determine if they are adequately capitalized, make markets in securities appropriate to the City's needs, and agree to abide by the conditions set forth in the City's Investment Policy and any other guidelines that may be provided. This will be done annually by having the financial institutions submit in writing that they have read and will abide by the City's Investment Policy and submit its most recent audited Financial Statement within 120 days of the institution's fiscal year end.

If the City has an investment advisor, the investment advisor may use its own list of authorized broker/dealers to conduct transactions on behalf of the City.

Purchase and sale of securities will be made on the basis of competitive bids and offers with a minimum of three quotes being obtained, whenever possible.

8. Authorized and Suitable Investment

The City will limit investments in any one issuer, except U.S. Treasuries, Federal Agencies, supranationals, and pooled funds (i.e., money market funds, local government investment pools, and LAIF), to no more than 5% regardless of security type.

Where this section specifies a percentage limitation for a particular security type, that percentage is applicable only at the date of purchase. Credit criteria listed in this section refers to the credit rating category (inclusive of modifiers) at the time the security is purchased. If an investment's credit rating falls below the minimum rating required at the time of purchase, the City Treasurer will perform a timely review and decide whether to sell or hold the investment.

PROCLAMATION

Proclaiming July 2016 as "Parks Make Life Better" Month in Santa Fe Springs

RECOMMENDATION

That the City Council proclaim July 2016 as "Parks Make Life Better" Month in Santa Fe Springs.

BACKGROUND

Since 1985, America has celebrated July as the nation's official Park and Recreation month. Cities across the country annually commemorate the month of July to kick off summer programming, and to unite communities together through many activities and special events focusing on cultural enrichment, and through programs of youth and adult sports, recreational classes, day camp programs, aquatic classes, and parks. Parks and Recreation professionals promote outdoor physical activities, and advocate for public parks and recreation programs.

This summer, the City of Santa Fe Springs will focus on the values of Parks & Recreation by providing outdoor space to play and exercise, to facilitate social connections, human development, arts, and lifelong learning.

As we observe the month of July as "Parks Make Life Better", we acknowledge the contributions of employees and volunteers throughout the country who assist public parks and recreation facilities. These dedicated supporters keep public parks clean and safe for visitors. They organize and coach youth sports teams, provide recreation and leisure activities to stimulate and create physical and emotional growth for all segments of the community, and advocate for open space preservation. They ensure that public parks and recreation facilities are safe and accessible places for all citizens to "play."

The Mayor may wish to call upon Community Services Supervisor Wayne Bergeron to assist with the presentation.
