STUDY SESSION

General Plan Update Presentation

RECOMMENDATION

- Receive the presentation from the City's General Plan consultant, MIG, and provide feedback as desired.

BACKGROUND

The Santa Fe Springs General Plan establishes a long-range vision for how the community will grow and a legal foundation for all land-use decisions in the community. The General Plan is the City's "blue print" because it establishes goals and policies to guide growth, land development, traffic, circulation, housing, conservation, fiscal sustainability, economic development, environmental justice, and other important topics over the next 20 years.

On February 13, 2020, the City Council awarded a contract to the consultant firm, MIG, to embark on the City's first comprehensive General Plan update since 1993. The almost two-year-long General Plan update process is nearing completion. Therefore, city staff and the consultant's team are conducting a series of study sessions with the Planning Commission, the Traffic Commission, and the City Council before circulating the draft documents (General Plan and Environmental Impact Report) for public review. Once both draft documents are circulated, Staff and the consulting team will hold a Community Workshop to provide an opportunity for the community to ask questions and provide feedback and input on the Draft General Plan and EIR. The Community workshop will be an in-person meeting, held at Town Center Hall on November 17, 2021 from 5:00pm to 6:30pm. Both documents, along with the public's comments, will later be presented to the Planning Commission and the City Council for review and consideration during the formal adoption hearings in early 2022.

This Study Session with the City Council will include a thorough review of the General Plan update, including the process timeline and previous engagement efforts. At the conclusion of the presentation by the City's General Plan consultant, the City Council will have an opportunity to discuss the contents or otherwise provide initial feedback as desired.
