COMMUNITY SERVICES DEPARTMENT & PROGRAM UPDATES

RECOMMENDATION

Staff recommends that the Advisory Committee:

- Receive and file.

a. Adaptive Recreation

Adaptive recreation programs provide an opportunity for individuals with a disability to lead healthy and active lifestyles as independently as possible. Adaptive recreation means making changes to equipment or services so that persons with specific disabilities or special health care needs may actively participate in recreational opportunities. One of those adaptive recreation programs is Thursday Club, a program that is specially designed for teens and adults with developmental, physical, and/or learning disabilities. A collaborative between Parks & Recreation and Library staff, participants are encouraged to maximize their abilities through recreation activities with a social emphasis. Thursday Club meets weekly every Thursday at Town Center Hall from 10 a.m. to 12 p.m. The program is partially funded in part by the U. S. Institute of Museum and Library Services under the provisions of the Library Services and Technology Act. This program is free and registration is required. Thursday Club continually reaches maximum capacity each week.
