"A great place to live, work, and play"

February 28, 2013

Honorable Mayor & City Council and
Residents of the City of Santa Fe Springs:

Introduction

It is our pleasure to submit for your information and consideration the Comprehensive Annual Financial Report (CAFR) of the City of Santa Fe Springs (City). The responsibility for both the accuracy of the presented data and the completeness and fairness of the presentation, including all disclosures, rests with the City's Department of Finance and Administrative Services. It is our opinion that the data as presented, is accurate in all material aspects; that it is presented in a manner designed to fairly set forth the financial position and results of operations of the City as measured by the financial activity of the various funds; and that all disclosures necessary to enable the reader to gain a full understanding of the financial activities have been included.

The enclosed financial statements are prepared in accordance with Generally Accepted Accounting Principles (GAAP) as recommended by the Governmental Accounting Standards Board (GASB) and include the report of the independent certified public accountants, Macias Gini & O'Connell LLP. The complete report is divided into distinct sections:

Introduction-	Letter of transmittal, an organizational chart, and prior year award for financial reporting.
Financial -	Independent auditor's report, Management's Discussion and Analysis (MD&A), basic financial statements, accompanying notes to the financial statements, required supplementary information, and supplementary information.
Statistical -	Pertinent financial and non-financial data that present historical trends and other information about the City.

Richard J. Moore, Mayor • Juanita Trujillo, Mayor Pro Tem
City Council
Louie González • Laurie M. Rios • William K. Rounds
City Manager
Thaddeus McCormack

**Introduction
(cont.)**

As a recipient of federal funds, the City of Santa Fe Springs is required to undergo an annual single audit. Information related to this single audit, including a schedule of expenditures of federal awards, the independent auditor's reports on internal controls and compliance with applicable laws and regulations, and a schedule of findings and questioned costs are included in a separately issued single audit report.

This report presents the financial status of the City and its component units, Community Development Commission, the Successor Agency to the Community Development Commission, the Public Financing Authority, and Water Utility Authority as a single reporting entity. Although these component units are legally separate from the City, the City maintains significant financial accountability. Financial accountability is defined as appointment of a voting majority of the component unit's board and either (A) the ability of the primary government to impose its will on the component unit, or (B) the possibility that the component unit will provide a financial benefit to or impose a financial burden on the primary government. For detailed information regarding the City and its component units, please refer to Notes to the Financial Statements section in this report.

**Accounting
System and
Budgetary
Control**

In developing and modifying the City's accounting system, consideration is given to the adequacy of internal accounting controls. Internal accounting controls are designed to provide reasonable, but not absolute assurance regarding:

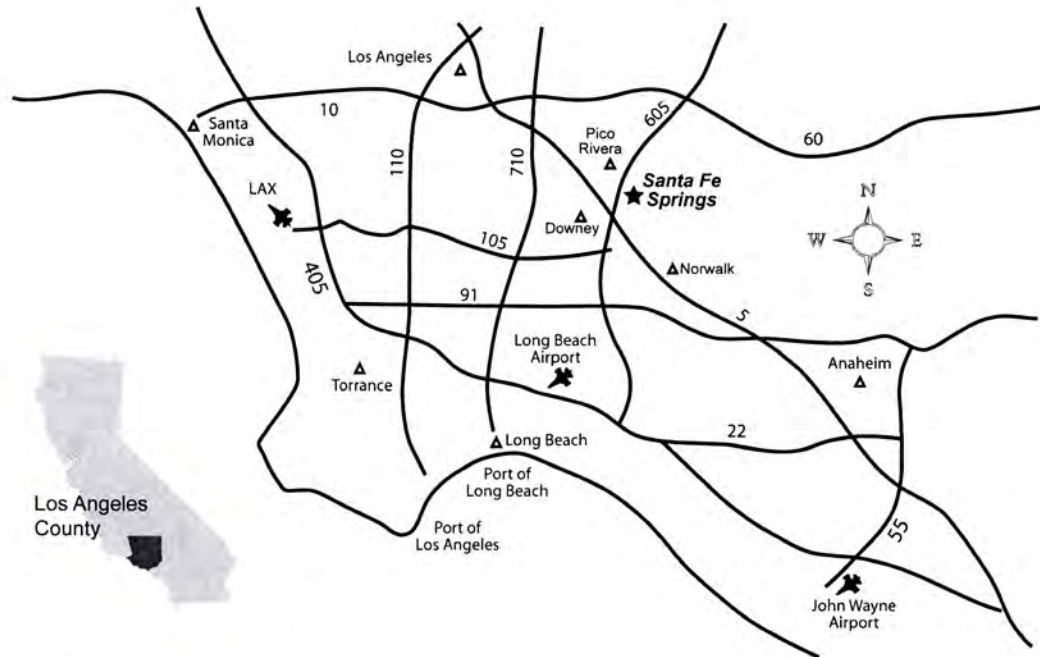

- (1) The safeguarding of assets against loss from unauthorized use or disposition; and
- (2) The reliability of financial records for preparing financial statements and maintaining accountability for assets.

The concept of reasonable assurance recognizes that the cost of a control should not exceed the benefits likely to be derived from it and that the evaluation of costs and benefits requires estimates and judgments by management. All internal control evaluations occur within the above framework. We believe that the City's internal accounting controls adequately safeguard assets and provide reasonable assurance of proper recording of financial transactions. The accounting system is maintained on a functional basis (activity/sub-activity) in order to reflect the services provided by the City.

The City maintains budgetary controls at the individual fund level to ensure compliance with the budget approved by the City Council. The budget includes estimated revenues and appropriations for the City's General Fund, certain Special Revenue Funds, and Debt Service Funds. Operating plans for the City's Water Utility Fund are also prepared as part of the budget.

Profile and Government Structure

The urban development of Santa Fe Springs began in the early 1950's as the result of a planned effort by a coalition of business community members and local residents. During the ensuing years, community pressures resulted in the incorporation of the City on May 15, 1957. The new City covered 4.9 square miles with a population of 11,787. The City of Santa Fe Springs now encompasses nine square miles, with about 84% of the land zoned for commercial and industrial use. The City's population is approximately 16,500; however, the daytime population is estimated at 95,000.

The City of Santa Fe Springs operates as a general law city under the council-manager form of government. Five City Council members are elected at-large for alternating four-year terms. The Mayor is selected annually from among the five members of the City Council. The City Council is responsible for the City's ordinances, operating resolutions, budget adoption and appointment of committee members. Overall, there are 14 standing committees, boards and commissions that provide input to the City Council. Among these are the Planning Commission and the Traffic Commission. The City Manager is responsible for administering the policies and directives approved by the City Council. The City Manager appoints the Executive Management Team, which is comprised of the Assistant City Manager/Director of Finance & Administrative Services, Fire Chief, Director of Community Services, Director of Planning, Director of Police Services, and Director of Public Works.

Local Economic Outlook

The City of Santa Fe Springs is strategically located in southeast Los Angeles County with access to major seaports, airports and transportation corridors. With the vast majority of the City zoned for commercial and industrial use, Santa Fe Springs has historically experienced strong development and redevelopment activity in the community. Economically, Fiscal Year 2011-12, witnessed a modest increase in sales tax revenue, local development and building activity.

The City's primary revenue source, sales and use taxes, rose for a second consecutive year after declining sharply during prior years. Historically, its impact has been notable as it accounts for the vast majority of the City's General Fund revenues. Despite largely positive indicators, the State's elimination of redevelopment greatly overshadowed other encouraging news during the fiscal year. It not only had an immediate and monumental impact on the City's finances and operations, but will also have a lasting effect as it greatly limits the City's ability to address economic development and infrastructure needs.

Going forward, the voter-approved addition of the Utility Users Tax (UUT) will take on a more prominent role. It will help diversify and significantly supplement the City's revenue stream into the future. The initial 3.5% UUT established by the City was increased to 5%, with the increment earmarked toward capital improvement projects.

Vision, Mission, and Guiding Values

The City has a vision statement that affirms: "The City of Santa Fe Springs is a great place to live, work and play," with the following mission statement: "The City of Santa Fe Springs is committed to enhancing the quality of life of its residents and businesses by providing: a safe environment, a thriving business community, quality family, youth, and senior services, and sound financial management of the community's resources." The guiding values are as follows:

- Personal integrity, honesty, and ethics
- Public service
- Compassion
- Responsibility, accessibility, and accountability
- Dedication

Accomplishments & Outlook

Historically, the City has utilized a two-year operating budget and a six-year Capital Improvement Program (CIP) as some of the most significant planning tools to achieve the City's vision and identified missions. The unprecedented events of recent years have necessitated more swift and short-term actions. In moving past the "Great Recession" and the elimination of redevelopment, the City is looking to re-establish the above long-range planning tools along with strategic goals that will better guide the City into the future. If approved by the State, this will include the ability to spend capital funding from previously-issued tax allocation

**Accomplishments
& Outlook (cont.)**

bonds. Public safety is the highest priority in the community as evidenced by the continued financial commitment provided to both Fire and Police Services.

The Fire-Rescue and Police Services Departments continue to combine their manpower to provide the resources and tools to deal with emergency and security issues that may arise in the community and region. The City continues to purchase specialized equipment with the use of grant funding. Departmentally, following are some of the highlights:

Fire-Rescue Department

The Fire-Rescue Department is comprised of 57 members working from four fire stations providing not only the traditional services of fire suppression, hazardous materials response, fire prevention and emergency medical services, but also a full-service Environmental Protection Division. The environmental protection and response components are considered model systems in the State of California. The City's status as a Certified Unified Program Agency (CUPA) makes Santa Fe Springs a "one stop shop" for administering all the hazardous materials, hazardous waste and tank programs in the City. The State has long held the City's CUPA as one of the best programs in the State. The Fire-Rescue Department currently staffs a Regional Urban Search and Rescue Team designated at the highest level as a "Heavy" team by OES. Fire-Rescue also staffs a Type I Hazardous Materials Response Team with all staff trained to Haz-Mat Specialist level. The City is one of only twenty Hazardous Material Teams in the state certified as a Type I Team and qualified to mitigate emergencies involving acts of terrorism and weapons of mass destruction. On January 19th, the Fire-Rescue Department, in partnership with Rio Hondo College, held the Grand Opening for the Regional Homeland Security Training Center located next to the Headquarters Fire Station. This state-of-the-art facility was built from grant funds for the purpose of local fire and police agencies to increase awareness and training regarding terrorist activity including building collapse, hazardous materials, rail car incidents, confined space, trench rescue, etc. In 2012, the Fire-Rescue Department applied for and has received over \$434,000 in Homeland Security grant funding. This funding supports the purchases of equipment and training for the Homeland Regional Training Center, the City's Type I Hazardous Materials Team and the City's Urban Search and Rescue Team. The department continues to provide vehicle maintenance to the Compton Fire Department and the Rio-Hondo Fire Academy.

Department of Police Services

The Department of Police Services oversees the City's community-based approach to law enforcement which blends contract Whittier Police Department officers and City public safety officers. Together, this team works out of the City-owned 8,000 square foot Police Services Center providing dedicated police and municipal code enforcement services. The

**Accomplishments
& Outlook (cont.)**

City's Department of Police Services is on the forefront of public safety issues, including crime prevention utilizing interdisciplinary strategies through an array of intervention programs provided by trained City staff, as well as collaborative efforts of numerous other professional public agencies.

The department's commitment to the Community Oriented Policing and Problem Solving (COPPS) philosophy was bolstered by the addition of the Family and Youth Intervention Program; a team of professionals that provides positive strategies and tools to families who are having difficulties with their children.

In addition, the City continued its partnership with the Whittier Union High School District to provide a uniformed and armed school resource police office at the local high school. The department continues to utilize the latest technology available to enhance and more efficiently deploy public safety personnel.

Department of Public Works

The City's Department of Public Works is responsible for efficiently developing, constructing and maintaining the City's infrastructure, including parks and facilities, in a safe and environmentally sensitive manner for the enhancement of the community. This encompasses routine maintenance items as well as responding to numerous citizen requests for service. The City prides itself in having functional and well-maintained infrastructure, parks and facilities. The Department also continues to provide traffic signal maintenance for five neighboring cities. Additionally, the Public Works Department administers the Capital Improvement Program through a combination of in-house engineering staff and professional engineering consultants. During Fiscal Year 2011-12, the Department coordinated a multitude of public works projects including residential resurfacing, park playground and City facility building improvements, median improvements and water system improvements.

Department of Planning and Development

The City's Department of Planning is responsible for the orderly development and redevelopment of the City. This is accomplished by utilizing high-quality standards for the preservation and development of residential, commercial and industrial areas of the City. Despite the national construction slowdown trend, in Fiscal Year 2011-12, the department issued 1,147 permits with a valuation of \$128,162,761, which is an increase of \$68,162,761 or 113.6 % from the prior fiscal year.

Staff also presented 80 entitlements to the Planning Commission for approval. Entitlements include, but are not limited to, development plan approval, conditional use permits, zone variances, general plan

Accomplishments & Outlook (cont.)	amendments, zone changes, modifications, tentative parcel maps and code amendments.
--	---

These entitlements included 999,959 square feet of industrial space, 7,340 square feet of commercial space and 107,384 square feet of residential space.

The State's dissolution of redevelopment, effective February 1, 2012, had a devastating effect on the City. As a result, the City terminated its housing division, and discontinued its Home Improvement Rebate program, Home Repair program and its Home Acquisition and Rehabilitation program (HARP). Prior to the termination, the Department of Planning, through its housing division, was still able to provide 110 rebates totaling approximately \$97,562 through the City's Home Improvement Rebate program. The rebate program leveraged the City's contribution of housing funds resulting in the investment by homeowners of approximately \$388,193 in new home improvements to preserve and improve the housing stock in the City. Under the City's Home Repair Program, benefitting low-income homeowners, over 149 homes were repaired.

Department of Community Services

One of the City departments that has the most direct impact upon the residents is the Department of Community Services. It includes the following divisions: Parks and Recreation Services, Library and Cultural Services, and Family and Human Services. Programs available to City residents, as well as business residents, range from social, recreational, cultural, and childcare services. During the year, there were several significant accomplishments:

- The Library had a very successful year. We added eBooks to our catalog and started circulating Nook eReaders. As a testament to the library's popularity in the community: over 140,000 people visited the library during the past fiscal year, and our patrons checked out 120,000 items. In addition, over 30,000 patrons used the public access computers. First Fridays, Novel Idea, Children's Story Time, Baby Boogie and the Summer Reading Program continue to resonate with patrons. The Library, since its renovation, has become a welcoming destination, beckoning residents to use and enjoy our many resources.
- The Library's afterschool reading tutorial (Reading Club), and ELLI (English Language and Literacy Intensive school outreach program) students received over 10,320 hours of instruction. More than 2,950 books were distributed to adults and children.
- The Art in Public Places program relocated and rededicated three pieces of artwork (*Dancing Gabrieleños*, *Water Trails* and *Fish Tails & Paint Pails*) and completed and dedicated the Karen Koblitz *Tribute to Cesar Chavez* in the Library Garden.

**Accomplishments
& Outlook (cont.)**

- The jewel of Santa Fe Springs, Heritage Park, entertained over 65,000 visitors.
- The City of Santa Fe Springs was recognized as a Playful City USA in May 2012, a national recognition program honoring cities and towns.
- Over 1,000 costumed participants enjoyed the Halloween Carnival, with over 3,000 participants entering the haunted house.
- Over 1,200 eager egg hunters participated in the Annual Easter Egg Hunt.
- The Santa's Float Program ventured throughout the neighborhoods spreading holiday cheer to families everywhere. This year Santa visited with over 6,000 visitors.
- The Aquatics Program was streamlined during the summer to reduce costs but continue providing high quality services. Over 8,000 participants visit the Aquatic Center throughout the summer.
- The Summer Day Camp Program attracted over 400 Kindergarten through 7th grade children over the summer. The program is designed to provide the children with well planned special events and activities. Some exciting adventures included rock climbing, kayak and sailing lessons, adventure parks, and water activities.
- The Youth Sports Program reached over 700 young children and teens over the course of the year. Children were exposed to the fundamentals of sports, team sportsmanship, and recreational games.
- The Adult Sports Program hosted 3 seasons of competitive Adult Men and Coed softball leagues. Over 120 teams participated over the course of the year.
- Recreational Class Program offers instruction and supervision for activities for youth and adults 4 times a year. Over 200 classes are offered with approximately 2,000 participants.
- The senior center at the Gus Velasco Neighborhood Center saw over 39,000 older adult visitors.
- The Case Management Services section provided needy families with over \$25,000 in rental and financial assistance. Case Management Services also provided over \$35,000 in utility assistance through the Edison Rate Relief Program and the Home Energy Assistance Program (HEAP). There are income eligibility requirements for this program.
- Case Workers provided an array of services to over 3,800 clients.
- The Family and Human Services (FHS) Division provided social work internships to both undergraduate and graduate students at local colleges who in turn provided case management services to community residents at no cost to the City.
- The FHS Division oversees the T.E.E.N.S. (Teens Empowered and Engaged in Neighborhood Service) program. This program recognizes and supports the achievements, successes and potential of our city's youth. This uniquely designed research based program model utilizes the power of the peer group to facilitate healthy relationships, pro-social behaviors and goal setting that elicit successful outcomes for the City's most vulnerable youth. This past year, our professionally trained

**Accomplishments
& Outlook (cont.)**

and educated social services staff coordinated a variety of mentoring and leadership opportunities as well as service oriented projects for over 450 of our City teenagers. The program encourages youth to give back to their community. Such events included the Easter Egg Hunt, Kids Day, Hawaiian Expo, Pow Wow, Art Camp, Las Posadas and summer concerts at the park.

- Fiestas Patrias, a well known community event attended by over 3,000 people, celebrated its 44th anniversary in 2011.
- The new Community Voicemail program (CVM), partnered with the Weingart Center Association, to provide 20 free voicemail services to clients who do not have a telephone.
- The FHS Division's annual Neighborly Elf Christmas Basket Program provided over 200 needy families an abundant food basket and toys during the holiday season. The FHS Division also provided over 100 food baskets to needy families during the Thanksgiving holiday.
- The Volunteer Income Tax Assistance (VITA) Program, offering free tax preparation to low income residents, prepared 290 income tax returns resulting in more than \$490,500 in tax refunds.
- The Preschool and Child Care Programs provided affordable, quality educational enrichment and child care services to over 225 City resident families and approximately 50 industrial resident families.

City Manager

The City's overall administrative function falls under the auspices of the City Manager, who also serves as the head of the City's economic development team. The City Manager's Office also encompasses: the City Clerk functions; Human Resources; Transportation Services; and, Solid Waste Management and Recycling programs.

Fiscal Year 2011-12 presented the City with monumental fiscal and organizational challenges, particularly stemming from the elimination of Redevelopment Agency. Much of the City Manager's Office time focused on developing and administering the budget modifications that were necessary to contend with significant impact that redevelopment's elimination had on the City's budgets.

The City's workforce was reduced significantly through retirements and layoffs, which necessitated tremendous involvement by our Human Resources staff. In addition, working with the various affected departments, the entire City Manager's Office dealt with the resultant organizational restructuring that the workforce reductions engendered.

Other areas of focus during Fiscal Year 2011-12 included:

- Led benefit/pension dialogue with employee groups and subsequent implementation of negotiated benefit modifications.
- Oversaw achievement of AB 939 Waste Diversion Goal.
- Worked with City Council to Begin City Strategic Planning Process.

**Accomplishments
& Outlook (cont.)**

- Worked with City Attorney to develop and implement strategy for dealing with unpermitted Medical Marijuana Dispensaries.

Department of Finance and Administrative Services

The multi-faceted Department of Finance and Administrative Services works very closely with the City Manager's office. The department is responsible for a number of activities, including managing and safeguarding financial resources in accordance with specific principles and practices, fostering a positive image of the City, and administering information technology and risk management functions. Among the department's activities during the year were preparing a balanced budget, working to modify the organization after the elimination of redevelopment, negotiating significant labor agreements, and developing and implementing pension reform measures. Additionally, the Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Santa Fe Springs for its comprehensive annual financial report for the prior fiscal year. This report must satisfy both generally accepted accounting principles and applicable legal requirements. The Certificate of Achievement is valid for a period of one year only. The current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements and is being submitted to the GFOA to determine its eligibility for another certificate. The City has consistently received the GFOA award over the last several decades.

**Long-Term
Financial
Planning**

The City has continued taking a number of steps to better position its long-term financial standing. In July 2012 the City entered into new two-year labor agreements with the three employee associations whereby existing employees will be further "cost sharing" in the City's pension and insurance obligations. Additionally, the Council approved further "tiering" benefits, providing future City employees with a reduced set of benefits and requiring that they pay a greater share of the costs. In conjunction with subsequent pension reform changes adopted by the State, the effect should be the stabilization of employee costs.

The City continues to prefund Other Postemployment Benefits (OPEBs) through CalPERS' California Employers' Retiree Benefit Trust Fund (CERBT). It recognizes the benefit of "prefunding" through a trust rather than using the "pay as you go" method.

Over the course of the next year staff will be looking to develop and formalize more long-term financial planning models. They should help provide a framework that helps identify future trends.

**Debt
Administration**

At June 30, 2012, the City of Santa Fe Springs oversees ten outstanding bond issues comprised of: five Consolidated Redevelopment Project tax-exempt tax allocation issues, one Consolidated Redevelopment Project taxable tax allocation bond issue, two City water revenue bonds, one taxable pension obligation bond, and a special assessment district bond. Included in the above are the three most recent bonds the Commission issued during FY 2006-07: \$27.7 million in Tax Allocation Bonds (2006 Series A), \$18.8 million in Taxable Tax Allocation Bonds (2006 Series B), and \$43 million in Tax Allocation Refunding Bonds (2007 Series A).

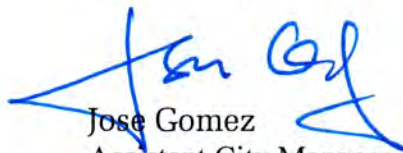

The City works closely with public financial professionals to monitor opportunities to effectively administer the outstanding debt in a fluid public finance market. More detailed information about the debt is contained in the Management's Discussion and Analysis and in the Notes to Financial Statements. Over the years, the City and Community Development Commission have worked well together in taking actions that are mutually beneficial.

Acknowledgements

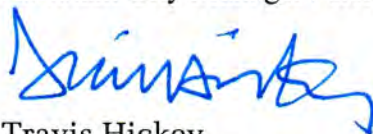

We would like to extend our appreciation to the City Council and various departments for their cooperation and support in planning and conducting the financial operations of the City during the past fiscal year. Specifically, we would like to thank the Department of Finance & Administrative Services for their consistent dedication and hard work.

Presented to

City of Santa Fe Springs
California

For its Comprehensive Annual
Financial Report
for the Fiscal Year Ended
June 30, 2011

A Certificate of Achievement for Excellence in Financial Reporting is presented by the Government Finance Officers Association of the United States and Canada to government units and public employee retirement systems whose comprehensive annual financial reports (CAFRs) achieve the highest standards in government accounting and financial reporting.

Christopher P. Moynell

President

Jeffrey R. Emer

Executive Director

City of Santa Fe Springs

Financial Section

The Honorable City Council of
the City of Santa Fe Springs, California

Independent Auditor's Report

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Santa Fe Springs, California (City), as of and for the fiscal year ended June 30, 2012, which collectively comprise the City's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the City's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to previously present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City as of June 30, 2012, and the respective changes in financial position, and, where applicable, cash flows thereof for the fiscal year then ended in conformity with accounting principles generally accepted in the United States of America.

As discussed in Notes 1 and 22 to the basic financial statements, the California State Legislature enacted legislation that dissolved redevelopment agencies in the State of California as of February 1, 2012. On February 1, 2012, the City, as the Successor Agency to the Community Development Commission of the City of Santa Fe Springs, became responsible for overseeing the dissolution process and the wind down of redevelopment activity.

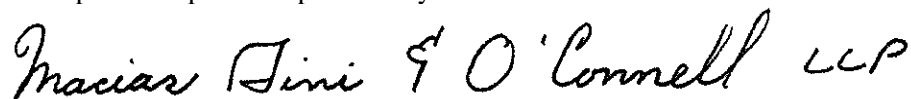

As discussed in Note 22 to the basic financial statements, loans of \$7.1 million due to the City from the Successor Agency are considered "interagency loans" and will only be considered eligible for repayment beginning in the fiscal year ending June 30, 2014, subject to annual limitations, once the California Department of Finance issues a "finding of completion". A finding of completion is issued once the Successor Agency has paid all required available balances to the Los Angeles County Auditor-Controller for distribution to various other taxing entities. Successor Agency management believes, in consultation with legal counsel, that the obligations of the former redevelopment agency are valid enforceable obligations payable by the Successor Agency trust under the requirements of the redevelopment dissolution law. The Successor Agency's position on this issue is not a position of settled law and there is considerable legal uncertainty regarding this issue. It is reasonably possible that a legal determination may be made at a later date by an appropriate judicial authority that would resolve this issue unfavorably to the City.

In accordance with *Government Auditing Standards*, we have also issued our report dated February 28, 2013, on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and other required supplementary information identified in the accompanying table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The combining and individual fund financial statements and schedules in the supplementary information section are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the basic financial statements as a whole.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The introductory section and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)

This is management's discussion and analysis (MD&A) of the financial performance of the City of Santa Fe Springs (City) for the fiscal year ended June 30, 2012. This should be read in conjunction with the transmittal letter that can be found in the introductory section of this report and with the City's financial statements, which follow this discussion.

Financial Highlights

- The City's total net assets increased over the course of the fiscal year by \$79,500,969 to \$188,771,828. The governmental net assets increased by \$78,444,686 or 80.9%, and the business-type net assets increased by \$1,056,283 or 8.5%.
- The City's redevelopment agency, along with all California redevelopment agencies, was dissolved as of February 1, 2012. The City assumed the role of Successor Agency to wind down the affairs of the redevelopment agency including payment of approved obligations and distribution of available balances to various taxing agencies. The balances of the former redevelopment agency are reported in a private-purpose trust fund (fiduciary fund), and are excluded from the government-wide statements. This resulted in a one-time extraordinary gain of \$76,845,362 in the governmental activities.
- The general fund, on the current financial resources basis, reported an increase in fund balance of \$6,413,414 resulting primarily from revenues exceeding budget estimates, containing costs, and conservative budgeting related to the impact of the dissolution of the redevelopment agency on the general fund.

Overview of the Financial Statements

This annual report consists of five parts: management's discussion and analysis, the basic financial statements, required supplementary information, supplementary information and a statistical section. The basic financial statements include two kinds of statements that present different views of the City: government-wide financial statements and fund financial statements.

Government-wide Financial Statements

The government-wide financial statements provide both short and long-term information about the City's overall financial status in a manner similar to a private sector business.

- The statement of net assets presents information on all of the City's assets and liabilities, with the difference between the two reported as net assets. In time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.
- The statement of activities presents information on how the City's net assets changed during the fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods.

The City's Water Utility operates as a proprietary fund and is reported as a business-type activity in the government-wide statements.

Fund Financial Statements

A fund is a group of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. Fund financial statements focus on individual parts of the City government, reporting the City's operations in more detail than the government-wide statements.

- Governmental funds statements tell how general government services such as public works, community services, police and fire were financed in the short term, as well as what remains for future spending. Because this information does not encompass the additional long-term focus of the government-wide statements, reconciliations that explain the relationship (or differences) between governmental funds and governmental activities follow each of the governmental funds statements.
- Proprietary fund statements offer short and long-term financial information about the City's Water Utility Enterprise fund.
- Fiduciary funds statements provide information about the financial relationships in which the City acts solely in a trustee or agency capacity for the benefit of others, to whom the resources belong. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are *not* available to support the City's own programs.

The financial statements also include notes that explain some of the information in the financial statements and provide more detailed data. The statements are followed by certain required supplementary information concerning the City's budgetary comparison schedules for its general fund and major special revenue funds and the City's progress in funding its obligation to provide pension and other postemployment benefits to its employees. In addition to these required elements, we have included supplementary statements and schedules that provide details about our nonmajor governmental funds.

Financial Analysis of the Government-wide Statements

The government-wide financial statements provide short and long-term information about the City's overall financial condition. This analysis addresses the financial statements of the City as a whole. The statement of net assets includes all of the City's assets and liabilities. All current year revenues and expenses are reported in the statement of activities, regardless of when cash is received or paid.

The two government-wide financial statements report the City's net assets and how they have changed during the fiscal year. Over time, increases and decreases in net assets may serve as a useful indicator of whether the financial health of the City is improving or deteriorating.

Summary of Net Assets

June 30, 2011 and 2012

(in millions)

	Governmental Activities		Business-type Activities		Total		Total Percentage Change
	2011	2012	2011	2012	2011	2012	
Current and other assets	\$ 109.4	\$ 59.5	\$ 3.7	\$ 4.8	\$ 113.1	\$ 64.3	-43.1%
Capital assets	144.3	142.7	17.2	17.6	161.5	160.3	-0.7%
Total assets	253.7	202.2	20.9	22.4	274.6	224.6	-18.2%
Long-term liabilities	146.5	15.9	7.5	7.2	154.0	23.1	-85.0%
Other liabilities	10.3	10.9	1.1	1.8	11.4	12.7	11.4%
Total liabilities	156.8	26.8	8.6	9.0	165.4	35.8	-78.4%
Net assets							
Investment in capital assets, net of related debt	73.5	141.9	11.9	12.3	85.4	154.2	80.6%
Restricted	10.4	9.1	-	-	10.4	9.1	-12.5%
Unrestricted	13.0	24.3	0.5	1.1	13.5	25.4	88.1%
Total	<u>\$ 96.9</u>	<u>\$ 175.3</u>	<u>\$ 12.4</u>	<u>\$ 13.4</u>	<u>\$ 109.3</u>	<u>\$ 188.7</u>	72.6%

As noted earlier, net assets may serve over time as a useful indicator of a government's financial position. In the case of the City of Santa Fe Springs, assets exceed liabilities by \$188.7 million at the close of the fiscal year. The largest portion of the City's net assets, 81.8%, is invested in capital assets, net of related debt. Approximately 13.4% of the City's net assets are unrestricted as to use.

During the fiscal year, the City's net assets increased by \$79,500,969. This was primarily the result of recording an extraordinary gain of \$76.8 million related to the dissolution of the former redevelopment agency and transfers of related assets and liabilities to the Successor Agency fiduciary fund.

Changes in Net Assets
For the Fiscal Years Ended June 30, 2011 and 2012

The City's total revenues were \$82.1 million for the fiscal year ended June 30, 2012. Revenues from governmental activities totaled \$69.5 million and revenues from business-type activities totaled \$12.6 million. Program revenues comprise 40.0% of total revenues with the largest portion of this, \$19.8 million, resulting from charges for services. Sales and use taxes comprise 27.9% of total revenues and 46.5% of general revenues. Property taxes decreased from 36.3% percent of total revenues to 13.9%. This is due to the reduction of redevelopment agency's related property tax increment. Total revenues decreased by 10.2%, driven by the reduction of tax increment to the redevelopment agency. Aside from

the reduction of tax increment, the City experienced increases in program revenues, sales and use taxes, and the utility users tax. FY 2011-12 was the first full year of revenue from the utility users tax.

Expenses of the City for the year totaled \$79.5 million. Governmental activity expenses totaled \$69.5 million, or 87.4% of total expenses. Significant increase from the prior year was noted in the area of general government. The increase in general government related to a drop in overhead recovery due to the elimination of redevelopment agencies. Significant decreases were noted in community development and in interest on long-term debt both related to the elimination of redevelopment agencies. Business-type activities, the Water Utility, incurred \$10.0 million of expenses during the year. The following table summarizes the total cost and net cost of the City's governmental activities by function type.

Net Cost of Governmental Activities
(in millions)

	<u>Total Cost of Services</u>		<u>Percentage Change</u>	<u>Net Cost of Services</u>		<u>Percentage Change</u>
	<u>2011</u>	<u>2012</u>		<u>2011</u>	<u>2012</u>	
General government	\$ 2.2	\$ 3.9	77.3%	\$ 1.2	\$ 3.0	150.0%
Public safety	26.4	27.3	3.4%	22.5	23.6	4.9%
Community development	20.7	13.8	-33.3%	16.6	8.4	-49.4%
Transportation	10.0	8.9	-11.0%	3.9	2.1	-46.2%
Culture and leisure	8.2	8.5	3.7%	6.1	6.5	6.6%
Human services	2.9	2.9	0.0%	1.4	1.5	7.1%
Interest on long-term debt	7.3	4.2	-42.5%	7.3	4.2	-42.5%
	<u>\$ 77.7</u>	<u>\$ 69.5</u>	-10.6%	<u>\$ 59.0</u>	<u>\$ 49.3</u>	-16.4%

Business-type Activities

Program revenues of the City's only business-type activity, the Water Utility, totaled \$12.6 million. Charges for services increased by 18.2% due to an increase in water consumption associated with a population increase in a new community and water rates increased approximately 7% from the prior year. Expenses of the Water Utility were \$10.0 million. Water rates include a factor to provide for a modest annual water infrastructure replacement program. Income before transfers was \$2.6 million. Transfers out totaled \$1.6 million. This entire amount was transferred to the City's general fund for use of the City's rights of way and maintenance of the City's extensive infrastructure. The cost of capital improvements is reported in the statement of net assets, rather than as expenses in the statement of activities. Capital assets of \$17.6 million (net of accumulated depreciation) increased by approximately \$0.4 million. During the fiscal year, the construction in progress increased approximately \$1.1 million. The increase consisted primarily of the I-5/Carmenita Water Rehab Project.

Financial Analysis of the Fund Statements

The City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The fund financial statements focus on individual parts of City government, reporting the City's operations in more detail than the government-wide statements.

The City's governmental funds provide information on near-term inflows, outflows and the balance of available resources. The City's governmental funds reported combined fund balances at June 30, 2012, of \$42.1 million, a decrease of approximately \$55.2 million from the previous fiscal year. This reflects the dissolution of the former redevelopment agency and transfer of all related balances to a private-purpose trust fund resulting in an extraordinary loss of \$52.5million.

The General Fund is the chief operating fund of the City. At June 30, 2012, the General Fund's unassigned fund balance was \$24.0 million. Additional General Fund balances were: nonspendable \$6.0 million, restricted \$0.2 million, and committed \$1.5 million. Specific details on components of fund balance are contained in Note 15 – Fund Balances. Both revenues and expenditures increased from the prior year. During the fiscal year ended June 30, 2012, the fund balance in the General Fund increased by \$6.4 million. This was mainly due to increases in sales tax and utility users tax revenue, as well as cost containment measures.

Within the governmental funds designation, the City has five other major funds: the Consolidated Redevelopment Project Debt Service Fund, the Consolidated Redevelopment Project Capital Projects Fund, the Washington Boulevard Redevelopment Project Debt Service Fund, the Low and Moderate Income Housing Assets Special Revenue Fund, and the Capital Improvement Capital Projects Fund.

The Consolidated Redevelopment Project and Washington Boulevard Debt Service Funds are used to account for the accumulation of resources and payment of principal and interest on all Community Development Commission (Commission) tax allocation bonds and other debt within the Consolidated Redevelopment and Washington Boulevard Project Areas. These funds were closed out and transferred to the Successor Agency private-purpose trust fund as of February 1, 2012. Both revenues and expenditures of the funds were significantly lower than prior years due to the elimination of redevelopment agencies and the transfer of all balances and activities as of February 1, 2012. An extraordinary loss of \$18.4 million was recorded in the Consolidated Redevelopment Project Debt Service Fund to transfer the balances to the private-purpose trust fund. An extraordinary gain of \$2.0 million is reflected in the Washington Boulevard Redevelopment Project Debt Service Fund for the same purpose.

The Consolidated Redevelopment Project Capital Projects Fund is used to account for financial resources segregated for the acquisition and rehabilitation of capital facilities within the Consolidated Redevelopment Project Area. As with the related debt service fund noted above, this fund was closed out and transferred to the Successor Agency private-purpose trust fund as of February 1, 2012. An extraordinary loss of \$33.3 million was recorded to transfer the balances to the private-purpose trust fund.

The Low and Moderate Income Housing Assets Special Revenue Fund was created during FY 2011-12 to account for the assets of the housing fund of the former redevelopment agency. Under the dissolution bills, the City will act as housing successor to the former redevelopment agency and will retain the rights and obligations to administer the assets of the fund. The assets of the fund total \$8.5 million consisting primarily of cash held with a fiscal agent, loans receivable from the City and Successor Agency, and land and buildings held for resale.

The Capital Improvement Capital Projects Fund is used to account for expenditures on various capital improvement projects and the related revenues to finance the projects. The revenues and expenditures of the fund may vary significantly from year to year depending on the activity each year.

General Fund Budgetary Highlights

The difference between the original budget and the final amended budget for expenditures was a \$4.2 million increase. The expenditure budget was increased by \$4.7 million in the general government function primarily to account for costs originally budgeted in the former Community Development Commission funds as well as lower overhead recovery due to cost saving measures.

Revenues exceeded their budget amount by \$3.5 million, primarily in the categories of taxes and charges for services. Sales tax revenue exceeded the budget amount by approximately \$2.5 million, the second year of increased revenue after three years of sharp declines and not meeting budget expectations. Additionally, the utility users tax, voted in during FY 2010-11, met budget expectations during the first full fiscal year of collection.

Expenditures exceeded their budget amount by \$1.6 million, primarily in the category of public safety. Public safety exceeded the budget amount by \$5.8 million due to a one-time payment to PERS of approximately \$7.0 million to pay off the pension plan's side fund obligation. The Note to the Required Supplementary Information provides more details regarding budgeting policies and practice.

Capital Assets

The City's investment in capital assets for its governmental activities as of June 30, 2012, amounts to \$142.7 million (net of accumulated depreciation), a decrease of approximately \$1.6 million from the previous year. This investment in capital assets includes land, construction in progress, buildings, improvements other than buildings, equipment and infrastructure. During the fiscal year, additions to construction in progress were approximately \$4.6 million. The increase consisted primarily of the Transportation Center Parking Lot Improvement and Valley View Grade Separation Projects. Note 8 – Changes in Capital Assets provides more detailed information on the capital assets. The redevelopment activities of the former Community Development Commission historically provided the resources to replace and improve the capital assets of the community. Although \$1.8 million of capital assets of the former redevelopment agency have been transferred to the Successor Agency private-purpose trust fund, the capital assets funded by the Commission remain with the City and have not been transferred. At June 30, 2012, the City has construction commitments of approximately \$40 million, consisting primarily of the Valley View Grade Separation Project related contracts.

The City's investment in capital assets for its business-type activities, the Water Utility Fund, as of June 30, 2012, amounts to \$17.6 million (net of accumulated depreciation), and increase of approximately \$0.4 million. During the fiscal year, additions to construction in progress were approximately \$1.1 million. The increase consisted primarily of the I-5/Carmenita Water Rehab Project. As mentioned earlier, the City has established a modest annual infrastructure replacement program through its water rate structure. Water Utility capital assets required for private development purposes are funded by capital contributions.

Long-term Liabilities

At June 30, 2012, the City had \$17.3 million in governmental activities long-term liabilities outstanding and \$7.4 million in business-type activities long-term liabilities outstanding. The long-term liabilities are summarized in the table below and more detailed information is included in Note 14 – Long-Term Liabilities.

During FY 2011-12, the City issued \$7.1 million in Pension Obligation Bonds to fund a side fund obligation of the Safety Plan with the California Public Employees Retirement System (PERS) for its transition from an agent multiple-employer plan to a cost-sharing plan in a prior year. Since the prior side fund obligation was being paid to PERS through the contribution rate structure, it was not reflected formally as a long-term liability. The City will realize savings by paying the bonds at a lower interest rate than was being applied by PERS to the existing obligation.

Outstanding Debt (in millions)

	<u>Governmental Activities</u>		<u>Business-type Activities</u>		<u>Total</u>		<u>Total Percentage Change</u>
	<u>2011</u>	<u>2012</u>	<u>2011</u>	<u>2012</u>	<u>2011</u>	<u>2012</u>

Tax allocation bonds	129.9	-	-	-	129.9	-	-100.0%
Pension obligation bonds	-	7.1	-	-	-	7.1	N/A
Compensated absences	2.9	2.7	-	-	2.9	2.7	-6.9%
OPEB obligation	4.9	6.1	0.4	0.5	5.3	6.6	24.5%
Tax increment loan from							
Los Angeles County	5.9	-	-	-	5.9	-	-100.0%
ERAF loan	1.9	-	-	-	1.9	-	-100.0%
Heritage Springs Village loan	-	-	-	-	-	-	N/A
Other loans/leases	1.0	1.4	-	-	1.0	1.4	40.0%
Total	\$ 146.5	\$ 17.3	\$ 7.5	\$ 7.4	\$ 154.0	\$ 24.7	-84.0%

As previously noted, all balances of the former redevelopment agency were transferred to the Successor Agency private-purpose trust fund. The tax allocation bonds, tax increment loan, and ERAF loan were all obligations of the former redevelopment agency and were transferred to the private-purpose trust fund.

All water revenue and pension obligation bonds are insured issues.

Economic Factors and Next Year's Budgets

The City of Santa Fe Springs faces significant financial challenges in the years ahead. Major factors expected to affect the budget include:

- State and local economies showing continued weaknesses, with particular concern for local businesses that are directly impacted by the slowdown in the housing industry.
- Funding capital improvements without the Community Development Commission, which historically funded the majority of capital projects prior to the dissolution of redevelopment.
- The City's funding policy to address the impact of implementing Governmental Accounting Standards Board (GASB) Statement No. 45 – *Accounting and Financial Reporting by Employers for Postemployment Benefits Other than Pensions*.

- Increasing demands for public services, including unfunded mandates by both federal and state governments.

All of these factors were considered in adopting the Fiscal Year 2012-13 operational budget.

Requests for Information

This financial report is designed to provide a general overview of the City of Santa Fe Springs finances. Questions concerning any of the information provided in this report, or requests for additional financial information, should be addressed to the Assistant City Manager/Director of Finance, City of Santa Fe Springs, 11710 Telegraph Road, Santa Fe Springs, California.

CITY OF SANTA FE SPRINGS
Reconciliation of the Balance Sheet of Governmental Funds
to the Statement of Net Assets
June 30, 2012

Amounts reported for governmental activities in the statement of net assets are different because:

Total fund balances, governmental funds	\$ 42,077,044
Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds.	142,737,956
Pension contributions in excess of actuarial required contributions are reported as expenditures in the funds but are deferred and reported as a net pension asset in the government-wide statements.	7,027,007
Long-term liabilities are not due and payable in the current period and, therefore, are not reported in the funds.	(17,198,294)
Certain revenues in the governmental funds are deferred because they are not collected within the prescribed time period after year-end. However, the revenues are included on the accrual basis used in the government-wide statements.	<u>714,342</u>
Net assets of governmental activities	<u><u>\$ 175,358,055</u></u>

This page left blank intentionally.

CITY OF SANTA FE SPRINGS
Reconciliation of the Statement of Revenues, Expenditures and
Changes in Fund Balances of Governmental Funds
to the Statement of Activities
For the Fiscal Year Ended June 30, 2012

Amounts reported for governmental activities in the statement of activities are different because:

Net change in fund balances - total governmental funds	\$ (55,183,587)
--	-----------------

Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which depreciation and extraordinary loss from transfer of Redevelopment Agency capital assets to the Successor Agency exceeded capital outlays in the current period.	(1,639,790)
---	-------------

Contributions to pension plans use current financial resources from government funds, but created a net pension asset.	7,027,007
--	-----------

The issuance of long-term liabilities provides current financial resources to governmental funds, while the repayment of the principal of long-term liabilities consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net assets. In addition, there was an extraordinary gain from the transfer of long-term debt of the Redevelopment Agency to the the Successor Agency. This amount is the net effect of these differences in the treatment of long-term liabilities and related items.	130,277,801
---	-------------

Governmental funds report the effect of issuance costs, premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. In addition, some expenses reported in the statement of activities do not require the use of current financial resources, and therefore, are not reported as expenditures in governmental funds.	(1,797,245)
---	-------------

Some revenues recognized in government funds in current year that were already recognized in governmental activities in prior year.	<div style="border-top: 1px solid black; display: inline-block;">(239,500)</div>
---	--

Change in net assets of governmental activities	<div style="border-top: 1px solid black; border-bottom: 3px double black; display: inline-block;">\$ 78,444,686</div>
---	---

CITY OF SANTA FE SPRINGS
Notes to Financial Statements
June 30, 2012

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Financial Reporting Entity

The City of Santa Fe Springs (City) was incorporated on May 15, 1957, under the general laws of the State of California and enjoys all the rights and privileges pertaining to such "General Law" cities and is governed by an elected five-member City council. As required by generally accepted accounting principles, these financial statements present the City (the primary government) and its component units. The component units discussed below are included in the City's reporting entity because of the significance of their operational or financial relationship with the City. These entities are legally separate from each other. However, the City elected officials have a continuing accountability for fiscal matters of the other entities. The financial reporting entity consists of: (1) the City (2) organizations for which the City is financially accountable and (3) organizations for which the nature and significance of their relationship with the City are such that exclusion would cause the City's financial statements to be misleading or incomplete.

An organization is fiscally dependent on the primary government if it is unable to adopt its budget, levy taxes or set rates or charges, or issue bonded debt without approval by the primary government. In a blended presentation, a component unit's balances and transactions are reported in a manner similar to the balances and transactions of the City. Component units are presented on a blended basis when the component unit's governing body is substantially the same as the City's or the component unit provides services almost entirely to the City.

Blended Component Units

- a. The Community Development Commission of the City of Santa Fe Springs (Commission) was established on November 7, 1992, pursuant to the State of California Health and Safety Code, Section 34114 entitled "Community Redevelopment Law." The City Council members are designated as Commissioners of the Commission. The purpose of the Commission is to coordinate the administration of the Redevelopment Agency of the City of Santa Fe Springs and the Housing Authority of the City of Santa Fe Springs. Both the Redevelopment Agency and the Housing Authority are separate legal entities and component units of the Commission. The Commission's financial data and transactions are reported in the debt service and capital projects funds.

However, on June 28, 2011, Assembly Bill X1 26 ("AB X1 26") was enacted and on December 29, 2011, the California Supreme Court upheld the constitutionality of AB X1 26, and all redevelopment agencies in California were dissolved by operation of law effective February 1, 2012 (the "Dissolution Act"). The legislation provides for successor agencies and oversight boards that are responsible for overseeing the dissolution process and the wind down of redevelopment activity. By operation of law, the City Council serves as the Successor Agency to the Community Development Commission for the City of Santa Fe Springs ("Successor Agency"), effective February 1, 2012. The Commission is a blended component unit of the City. Also, upon dissolution, the Santa Fe Springs Housing Authority elected to retain the housing assets, functions and powers previously performed by the former Agency (Housing Successor). See Note 22 for further detail regarding the dissolution.

CITY OF SANTA FE SPRINGS
Notes to Financial Statements
June 30, 2012 (Continued)

- b. The City of Santa Fe Springs Public Financing Authority (PFA) was organized under a joint exercise of power agreement on August 24, 1989. The purpose of this authority is to provide, through the issuance of debt, financing for public capital improvements. The Board of Directors is appointed by the City Council. The PFA's financial data and transactions are included with the enterprise fund type, as the only debt outstanding is related to the Water Utility fund and the Water Utility fund revenues are pledged to the payment of the debt.
- c. The Santa Fe Springs Water Utility Authority (WUA) was organized under a joint exercise of power agreement on July 1, 2009. The purpose of this authority is to provide an entity to assist in financing, leasing, owning, operating, and maintaining the water operation. The City Council members are designated as Board of Directors of the WUA.

Separate Commission, PFA, and WUA financial statements are not available.

Joint Ventures

1. Joint Fire Dispatching Center

The City is a participant in the Joint Fire Dispatching Center (Center). The Center is currently comprised of four member cities and is organized under a Joint Powers Agreement. Each member City provides an annually determined contribution towards the ongoing operation. The purpose of the Center is to provide centralized fire dispatching for the participating cities. The communication system is located in and operated by the City of Downey. The payments from the participating cities for the fiscal year ended June 30, 2012, were based on the following percentages:

Downey	35.41%
Santa Fe Springs	14.92%
Compton	40.01%
Vernon	9.66%

During the fiscal year ended June 30, 2012, the City contributed \$221,476 for the operation of the Center. Condensed, unaudited financial information (in thousands) as of and for the fiscal year ended June 30, 2012, is as follows:

Total Assets	\$ 69
Total Liabilities	-
Total Fund Balance	69
Total Revenue	1,530
Total Expenditures	1,461
Net change in fund balance	69

Financial information can be obtained from the City of Downey. City Hall is located at 11111 Brookshire Avenue, Downey, California.

CITY OF SANTA FE SPRINGS
Notes to Financial Statements
June 30, 2012 (Continued)

2. Southeast Water Coalition

The City is a participant in the Southeast Water Coalition (Coalition). The Coalition is currently comprised of several municipal entities in the County of Los Angeles and is organized under a Joint Powers Agreement. The purpose of the Center is to maintain groundwater quality within the Central and West Coast Basins (Basins), maintain secure groundwater supplies within the Basins, manage the use of groundwater within the Basins, coordinate efforts among Watermaster and entities proposing to store water within the Basins for future recovery, facilitate the implementation of a conjunctive use program by water purveyors, coordinate efforts among local entities and Watermaster to devise and implement strategies to safeguard groundwater quality, and work cooperatively with Watermaster, the Water Replenishment District of Southern California, and other entities to promote coordination of policies and activities throughout the region. Each member of the Coalition shares financial responsibility equally. Each member is required to make a contribution at the beginning of each year. The contribution requirement for the fiscal year ended 2012 was \$10,000.

Basis of Accounting and Measurement Focus

The basic financial statements of the City are composed of the following:

- Government-wide financial statements
- Fund financial statements
- Notes to the financial statements

Government-wide Financial Statements

The government-wide financial statements (i.e., the statement of net assets and the statement of activities) report information about the primary government and component units as a whole, except for its fiduciary activities. These statements report separately for governmental and business-type activities of the primary government (including its blended component units). Governmental activities are normally financed primarily by taxes and intergovernmental revenues. Business-type activities are financed primarily by fees charged for goods or services.

Certain indirect costs have been allocated and are included as part of the program expenses reported for the various functional activities. As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are payments-in-lieu of taxes and other service charges between the City's water utility and various other functions of the government. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

These statements are presented on an "economic resources" measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund financial statements (agency funds do not have a measurement focus). Accordingly, all of the City's assets and liabilities, including capital assets and infrastructure as well as long-term liabilities, are included in the accompanying statement of net assets. The statement of activities presents changes in net assets. Using the accrual basis of accounting, revenues are recognized in the period in which they are earned and expenses are recognized in the period in which the liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenue in the year for which they are levied. Grants and similar items are recognized as revenue when all eligibility requirements have been satisfied. The statement of activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues are reported in three categories: 1) charges for services, 2) operating grants and contributions, and 3) capital grants and contributions. Charges for services

CITY OF SANTA FE SPRINGS
Notes to Financial Statements
June 30, 2012 (Continued)

include revenues from customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function. Grants and contributions include revenues restricted to meeting the operational or capital requirements of a particular function. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Governmental Funds Financial Statements

The accounting records of the City are organized on the basis of funds. Each fund is a separate accounting entity with a self-balancing set of accounts that comprise its assets, liabilities, fund balance, revenues, and expenditures. Governmental resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled.

The governmental funds financial statements include a balance sheet and a statement of revenues, expenditures, and changes in fund balances for all major governmental funds and aggregated nonmajor funds. An accompanying schedule is presented to reconcile and explain the differences in fund balances as presented in these statements to the net assets presented in the government-wide financial statements.

Governmental fund financial statements are reported using the “current financial resources” measurement focus and the modified accrual basis of accounting. Revenues are recognized when they are both measurable and available. *Measurable* means that the amounts can be estimated, or otherwise determined. *Available* means that the amounts were collected during the reporting period or soon enough thereafter to be available to finance the expenditures accrued for the reporting period. The City uses an availability period of 180 days, except for property taxes, which is 60 days. Sales taxes, property taxes, franchise fees, gas taxes, motor vehicle in lieu fees, highway user’s taxes, transient occupancy taxes, grants and investment income associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period to the extent normally collected within the availability period. Other revenue items are considered to be measurable and available when cash is received by the government.

Revenue recognition is subject to the *measurable* and *availability* criteria for the governmental funds in the fund financial statements. *Exchange transactions* are recognized as revenues in the period in which they are earned (i.e., the related goods or services are provided). *Locally imposed derived tax revenues* are recognized as revenues in the period in which the underlying exchange transaction upon which they are based takes place. *Imposed non-exchange transactions* are recognized as revenues in the period for which they were imposed. If the period of use is not specified, they are recognized as revenues when an enforceable legal claim to the revenues arises or when they are received, whichever occurs first. *Government-mandated and voluntary non-exchange transactions* are recognized as revenues when all applicable eligibility requirements have been met. Revenues, expenses, gains, losses, assets, and liabilities resulting from nonexchange transactions are recognized in accordance with the requirements of GASB Statement No. 33.

Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims payable are recorded only when payment is due.

The City reports the following major governmental funds:

The General Fund is the City’s primary operating fund. This fund accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The Consolidated Redevelopment Project Debt Service Fund is used to account for the resources

CITY OF SANTA FE SPRINGS
Notes to Financial Statements
June 30, 2012 (Continued)

accumulated and payments made for principal and interest on long-term liabilities of the Consolidated Redevelopment Project Area of the Commission. This fund was dissolved as of February 1, 2012. See Note 22 for further detail regarding the dissolution.

The Washington Boulevard Redevelopment Project Debt Service Fund is used to account for the accumulation of resources and payment of principal and interest on all Commission debt within the Washington Boulevard Redevelopment Project Area. This fund was dissolved as of February 1, 2012. See Note 22 for further detail regarding the dissolution.

The Consolidated Redevelopment Project Capital Projects Fund is used for the acquisition of and rehabilitation of capital facilities within the Consolidated Redevelopment Project Area of the Commission. This fund was dissolved as of February 1, 2012. See Note 22 for further detail regarding the dissolution.

The Capital Improvement Capital Projects Fund is used to account for monies received from the General Fund, special revenue funds, private developers and from outside governmental entities. These funds are subsequently used for the construction or rehabilitation of streets, bridges, traffic signals, public facilities and a variety of other construction or improvement projects.

The Low and Moderate Income Housing Assets Special Revenue Fund is used to account for the receipts and expenditures relating to the Housing Successor in accordance with the California Health and Safety Code.

Proprietary Fund Financial Statements

Proprietary Funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the City's proprietary fund are charges to customers for sales and services. Operating expenses for the proprietary fund include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

The City reports the following major proprietary fund:

The Water Utility Fund is used to account for the operations of the City owned water system.

Fiduciary Fund Financial Statements

Fiduciary funds are accounted for on the accrual basis of accounting as are the proprietary funds explained above. The City reports the following fiduciary funds, which are excluded from the government-wide financial statements:

a. Private-Purpose Trust Fund

The Private-Purpose Trust Fund accounts for the custodial responsibilities that are assigned to the Successor Agency pursuant to the Dissolution Act.

b. Agency Funds

Agency Fund financial statements include a statement of assets and liabilities. The City's Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations.

CITY OF SANTA FE SPRINGS
Notes to Financial Statements
June 30, 2012 (Continued)

The City reports the following agency funds:

The Section 8 Rental Assistance Program Fund is used to account for the deposit of monies from the federal Department of Housing and Urban Development for the City's Housing Assistance Payment Program. The Program is administered by the Housing Authority of the County of Los Angeles, California.

The Assessment Districts Fund is used to account for special assessments received by the City as agent for payment of special assessment district bonds.

Community Facilities Assessment Districts Fund is used to account for special assessments received by the City as agent for payment of community facilities district debt and expenses.

Southeast Water Coalition Fund is used to account for activities in Southeast Water Coalition organized under a Joint Powers Agreement.

For its governmental activities, business-type activities and proprietary fund, the City applies all GASB pronouncements currently in effect as well as Financial Accounting Standard Board Statements and Interpretations, Accounting Principles Board Opinions and Accounting Research Bulletins of the Committee on Accounting Procedure issued on or before November 30, 1989. FASB pronouncements issued after November 30, 1989 are not followed in the business-type activities and proprietary fund financial statements.

Use of Restricted Resources

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources as they are needed.

Functional Classifications

General government - includes the legislative activities, which have a primary objective of providing legal and policy guidance for industrial and residential issues within the City. Also included in this classification are those activities, which provide management or support services across more than one functional area.

Public safety - includes those activities, which have a primary objective of protecting people and property from other than health related perils.

Community development - includes those activities which have a primary objective of enhancing the general quality of life in the City. This encompasses aesthetic, as well as economical and structural activities.

Transportation - includes those activities, which have a primary objective of enhancing the movement of people and goods to, from, and within the City.

Culture and leisure - includes those activities, which have a primary objective of providing recreational and educational endeavors.

Human services - includes those activities, which have a primary objective of maintaining or improving the physical and/or mental health of residents of the community, improving the employment status of unemployed or underemployed residents, and otherwise serving the needs of the less privileged.

Unallocated depreciation expense - includes a portion of infrastructure depreciation expense, which was not allocable to any of the other activities.

Interest on long-term liabilities - includes the payment of interest of long-term liabilities.

CITY OF SANTA FE SPRINGS
Notes to Financial Statements
June 30, 2012 (Continued)

Inventory and Prepaid Items

Inventory (General Fund and Water Utility Fund) is valued utilizing the average cost method. Inventory items are considered expenditures or expenses when used.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements. These prepaid items are reflected in the financial statements as deposits and other assets.

Property Taxes

Under California law, the assessment, levy and collection of property taxes are the responsibility of the County of Los Angeles. The City records property taxes as revenue in the year for which they are levied, and in the governmental fund statements when received from the County within 60 days of year-end. Property taxes are assessed and collected each fiscal year according to the following property tax calendar:

Lien	January 1
Levy period	July 1 to June 30
Due	November 1 - 1st installment
	February 1 - 2nd installment
Delinquent	December 11 - 1st installment
	April 11 - 2nd installment

Cash and Cash Equivalents

For purposes of the statement of cash flows, the City considers all highly liquid investments with a maturity of three months or less when purchased to be cash equivalents. In addition, funds invested in the City's cash and investment pool are considered cash equivalents.

Investments

All investments are stated at fair value (the value at which a financial instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale), except for money market investments, which have a remaining maturity of less than one year when purchased, which are stated at amortized cost. Money market investments are short-term, highly liquid debt instruments including commercial paper, bankers' acceptances, and U.S. Treasury and agency obligations.

Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets (roads, sidewalks, drainage systems, lighting systems, etc.) are reported in the applicable governmental or business-type activities columns in the government-wide and enterprise fund financial statements. These assets are valued at historical cost or estimated historical cost if purchased or constructed. The City conducted an infrastructure valuation in conjunction with the implementation of GASB No. 34 during the fiscal year ended June 30, 2002. Current replacement costs were calculated for infrastructure assets and discounted back to the original construction dates and the corresponding accumulated depreciation was calculated. Donated capital assets are valued at their estimated fair value on the date received.

To meet the criteria for capitalization, an asset must have a useful life in excess of one year, and in the case of buildings, building improvements, and improvements other than buildings, equal or exceed a capitalization threshold of \$20,000. The capitalization threshold for equipment is \$5,000. Land, except for land held for resale as discussed below, is capitalized regardless of cost.

CITY OF SANTA FE SPRINGS
Notes to Financial Statements
June 30, 2012 (Continued)

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend the life of assets are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed. Depreciation is recorded in the government-wide and enterprise fund financial statements on a straight-line basis over the useful life of the assets as follows:

<u>Assets</u>	<u>Years</u>
Computers	3
Furniture	10
Machinery and equipment	7
Vehicles	8
Water service meters and hydrants	25
Water transmission and distribution mains	50
Infrastructure	20-75
Buildings and improvements	20-75

Land and Buildings Held for Resale

Land and related buildings acquired by the Commission and held for resale are accounted for as an investment and are recorded at the lower of cost or estimated realizable value, as determined upon the execution of a disposition and development agreement.

Compensated Absences

The City Manager and department heads employed in that capacity as of March 9, 2000, with five years of full-time service to the City in any capacity will be paid 100% of unused sick leave upon termination of employment with the City for any reason. Department heads not meeting the criteria above will be paid 50% of unused sick leave. The cost of earned but unused vacation and sick leave, for which the City has a future obligation to pay, is recognized in the government-wide financial statements. A liability for these amounts is reported in governmental funds only if they have become due and payable as a result of employee resignations or retirements.

Net Assets

The government-wide and proprietary fund financial statements utilize a net assets presentation. Net assets are categorized as invested in capital assets, net of related debt, restricted, and unrestricted.

- Invested in Capital Assets, Net of Related Debt – This category groups all capital assets, including infrastructure, into one component of net assets. Accumulated depreciation and the outstanding balances of debt that are attributable to the acquisition, construction, or improvement of these assets reduce the balance in this category.
- Restricted Net Assets – This category represents net assets that have external restrictions imposed by creditors, grantors, contributors or laws or regulations of other governments and restrictions imposed by law through constitutional provisions or enabling legislation.
- Unrestricted – This category represents net assets of the City, not restricted for any project or other purpose.

CITY OF SANTA FE SPRINGS
Notes to Financial Statements
June 30, 2012 (Continued)

Fund Balances

As prescribed by GASB Statement No. 54, governmental funds report fund balance in classifications based primarily on the extent to which the City is bound to honor constraints on the specific purposes for which amounts in the funds can be spent. As of June 30, 2012, fund balances for government funds are made up of the following:

- Nonspendable Fund Balance – includes amounts that are (a) not in spendable form, or (b) legally or contractually required to be maintained intact. The “not in spendable form” criterion includes items that are not expected to be converted to cash, for example: inventory, prepaid amounts, and long-term notes receivable.
- Restricted Fund Balance – includes amounts that can be spent only for the specific purposes stipulated by external resource providers, constitutionally or through enabling legislation. Restrictions may effectively be changed or lifted only with the consent of resource providers.
- Committed Fund Balance – includes amounts that can only be used for the specific purposes determined by a resolution of the City’s highest level of decision-making authority, the City Council. Commitments may be changed or lifted only by the City adopting a resolution.
- Assigned Fund Balance – comprises amounts intended to be used by the City for specific purposes that are neither restricted nor committed. Intent is expressed by the City Council to which the City Council has delegated the authority to assign amounts to be used for specific purposes.
- Unassigned Fund Balance – is the residual classification for the General Fund and includes all amounts not contained in the other classifications. Unassigned amounts are technically available for any purpose. Other governmental funds may only report a negative unassigned balance that was created after classification in one of the other four fund balance categories.

In circumstances when expenditures are incurred for purposes for which both restricted and unrestricted (committed, assigned, or unassigned) fund balances are available, the City’s policy is to first apply restricted fund balance. When expenditures are incurred for purposes for which committed, assigned or unassigned fund balances are available, the City’s policy is to first apply committed fund balance. It is at the discretion of the Council’s designee to then apply the remaining expenditures to assigned or unassigned fund balance.

The City Council delegates to the Director of Finance and Administrative Services the authority to assign unrestricted fund balance amounts where the City’s intent is for those amounts to be used for specific purposes. This delegation of authority is for the sole purpose of reporting these amounts in the annual financial statements.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

CITY OF SANTA FE SPRINGS
Notes to Financial Statements
June 30, 2012 (Continued)

NOTE 2 - RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

Governmental Fund Balance Sheet and Government-wide Statement of Net Assets Differences

The governmental fund balance sheet includes a reconciliation between fund balances - all governmental funds and net assets as reported in the government-wide statement of net assets. One element of that reconciliation explains that “long-term liabilities are not due and payable in the current period and, therefore are not reported in the funds.” The details of the \$17,198,294 difference are as follows:

Pension obligation bonds	\$ (7,091,000)
Deferred charge for issuance costs (to be amortized over life of debt)	119,993
Accrued interest payable	(42,715)
Compensated absences	(2,713,424)
Loans payable	(1,414,310)
Other postemployment benefit obligation	<u>(6,056,838)</u>
Net adjustment	<u><u>\$ (17,198,294)</u></u>

Certain receivables are not available to pay for current period expenditures, and therefore are offset by deferred revenue in the governmental funds:

Accounts receivable	\$ 649,262
Accrued interest receivable	<u>65,080</u>
Net adjustment	<u><u>\$ 714,342</u></u>

Governmental Fund Statement of Revenues, Expenditures, and Changes in Fund Balances and the Government-wide Statement of Activities Differences

The governmental fund statement of revenues, expenditures, and changes in fund balances includes a reconciliation between the decrease in fund balances - total governmental funds and changes in net assets of governmental activities as reported in the government-wide statement of activities. One element of that reconciliation explains that “Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense.” The details of this \$1,639,790 difference are as follows:

Capital outlay	\$ 4,498,772
Depreciation expense	(4,326,716)
Extraordinary loss from transfer of capital assets to Successor Agency	<u>(1,811,846)</u>
Net adjustment	<u><u>\$ (1,639,790)</u></u>

CITY OF SANTA FE SPRINGS
Notes to Financial Statements
June 30, 2012 (Continued)

Some revenue recognized in governmental funds in current year that were already recognized in governmental activities in prior year.

From other agencies	\$ (119,589)
Charges for current services	(83,000)
Other revenue	<u>(36,911)</u>
Net adjustment	<u><u>\$ (239,500)</u></u>

Another element of that reconciliation explains that “the issuance of long-term liabilities provides current financial resources to governmental funds, while the repayment of the principal of long-term liabilities consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net assets.” The details of the \$130,277,800 difference are as follows:

Debt issued or incurred:	
Pension obligation bonds	\$ (7,147,000)
Osh Kosh loan	(612,094)
Accreted interest on capital appreciation bonds	(769,202)
Principal repayments:	
Tax allocation bonds	6,755,000
Pension obligation bonds	56,000
ERAF loan	197,500
Loans payable	287,487
Extraordinary gain from transfer of debt to Successor Agency	<u>131,510,110</u>
Net adjustment	<u><u>\$ 130,277,801</u></u>

Another element of that reconciliation states that “governmental funds report the effect of issuance costs, premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. In addition, some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.” The details of this \$582,720 difference are as follows:

Accrued interest	\$ (366,718)
Deferred bond issuance costs	119,993
Amortization of deferred charge on refunding	(152,188)
Amortization of issuance costs	(114,119)
Amortization of net bond premiums/discounts	139,121
Compensated absences	143,211
OPEB liability	(1,214,524)
Net extraordinary loss from transfer of debt and amortized issuance costs to Successor Agency	<u>(352,021)</u>
Net adjustment	<u><u>\$ (1,797,245)</u></u>

CITY OF SANTA FE SPRINGS
Notes to Financial Statements
June 30, 2012 (Continued)

NOTE 3 - CASH AND INVESTMENTS

Cash and investments as of June 30, 2012, are classified in the accompanying financial statements as follows:

Statement of net assets:

Cash and investments	\$ 24,904,900
Cash and investments with fiscal agent	2,871,487

Fiduciary funds:

Cash and investments	37,517,184
Cash and investments with fiscal agent	22,125,711

Total	<u><u>\$ 87,419,282</u></u>
-------	-----------------------------

Cash and investments were comprised of the following as of June 30, 2012:

Cash on hand	\$ 7,475
Deposits with financial institutions	7,329,174
Investments	<u>80,082,633</u>
Total	<u><u>\$ 87,419,282</u></u>

Investments Authorized by the City's Investment Policy

The City's Statement of Investment Policy (investment policy), is reviewed and adopted by the City Council each year. The investment policy is more conservative and restrictive than the investment vehicles authorized by Section 53601 of the California Government Code. The City's investment policy does not allow investments in negotiable certificates of deposit, reverse repurchase agreements, guaranteed small business administration notes, medium term corporate notes, and financial futures or financial option contracts. Investment vehicles not specifically mentioned in the City's investment policy are not authorized unless the policy is amended by the City Council or are approved as part of the provisions of the bond indentures. Investments are limited to:

<u>Authorized Investment Type</u>	<u>Maximum Maturity</u>	<u>Maximum Percentages of Portfolio *</u>	<u>Maximum Investment in One Issuer</u>
U.S. Treasury bills	5 years	None	None
U.S. Treasury notes	5 years	None	None
Federal Agency issues	5 years	None	None
Certificates of deposit	N/A	30%	None
Bankers' acceptances	180 days	40%	30%
Commercial paper	270 days	10% **	10%
Repurchase agreements	1 year	None	None
Mutual funds	N/A	20%	None
County Pool investment funds	N/A	None	None
Local agency investment fund (LAIF)	N/A	None	None

* Excluding amounts held by bond trustee that are subject to California Government Code restrictions.

** Represents where the City's investment policy is more restrictive than the California Government Code.

CITY OF SANTA FE SPRINGS
Notes to Financial Statements
June 30, 2012 (Continued)

Investments Authorized by Debt Agreements

Investments of debt proceeds held by bond trustee are governed by provisions of the debt agreements, rather than the general provisions of the California Government Code or the City's investment policy. The table below identifies the investment types that are authorized for investments held by bond trustee. The table also identifies certain provisions of these debt agreements that address interest rate risk, credit risk, and concentration of credit risk.

Authorized Investment Type	Maximum Maturity	Maximum Percentages of Portfolio	Maximum Investment In One Investor
U.S. Treasury obligations	None	None	None
U.S. agency securities	None	None	None
Bankers' acceptances	180 days	None	None
Commercial paper	270 days	None	None
Money market mutual funds	N/A	None	None
Investment contracts	30 years	None	None
Local agency investment fund (LAIF)	N/A	None	None

Disclosures Relating to Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. One of the ways that the City manages its exposure to interest rate risk is by purchasing a combination of shorter term and longer term investments and by timing cash flows from maturities so that a portion of the portfolio is maturing or coming close to maturity evenly over time as necessary to provide the cash flow and liquidity needed for operations.

Information about the sensitivity of the fair values of the City investments (including investments held by bond trustee) to market interest rate fluctuations is provided by the following table that shows the distribution of the City's investments by maturity:

Investment Type	Weighted Average Maturity (in days)	
Local Agency Investment Fund	268 *	\$ 55,085,434
Held by Bond Trustee:		
Money market funds	52	14,761,710
Local Agency Investment Fund	268 *	10,235,489
Total		<u>\$ 80,082,633</u>

* Represents the weighted average maturity of the Local Agency Investment Fund; however, the City and/or bond trustee may liquidate the investment at any time.

CITY OF SANTA FE SPRINGS
Notes to Financial Statements
June 30, 2012 (Continued)

Disclosures Relating to Credit Risk

Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. LAIF does not have a rating provided by a nationally recognized statistical rating organization. The fiscal agent funds held in money market funds are rated AAA at June 30, 2012.

Concentration of Credit Risk

The investment policy of the City contains limitations on the amount that can be invested in any one issuer beyond that stipulated by the California Government Code. There are no investments held that represent 5% or more in any one issuer other than external investment pools and money market funds at June 30, 2012.

Custodial Credit Risk

Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party. The custodial credit risk for investments is the risk that, in the event of the failure of the counterparty (e.g., broker-dealer) to a transaction, a government will not be able to recover the value of its investment or collateral securities that are in the possession of another party. The California Government Code and the City's investment policy do not contain legal or policy requirements that would limit the exposure to custodial credit risk for deposits or investments, other than the following provision for deposits: The California Government Code requires that a financial institution secure deposits made by state or local governmental units by pledging securities in an undivided collateral pool held by a depository regulated under state law (unless so waived by the governmental unit). The market value of the pledged securities in the collateral pool must equal at least 110% of the total amount deposited by the public agencies. California law also allows financial institutions to secure City deposits by pledging first trust deed mortgage notes having a value of 150% of the secured public deposits.

Investment in State Investment Pool

The City is a voluntary participant in the Local Agency Investment Fund (LAIF) that is regulated by California Government Code Section 16429 under the oversight of the Treasurer of the State of California. The fair value of the City's investment in this pool is reported in the accompanying financial statements at amounts based upon the City's pro-rata share of the fair value provided by LAIF for the entire LAIF portfolio (in relation to the amortized cost of that portfolio). The balance available for withdrawal is based on the accounting records maintained by LAIF, which are recorded on an amortized cost basis.

The total amount invested by all public agencies in LAIF as of June 30, 2012, was \$22.3 billion. LAIF is part of the California Pooled Money Investment Account (PMIA), which at June 30, 2012, had a balance of \$60.5 billion, of that amount, 3.5% was invested in medium-term and short-term structured notes and asset-backed securities.

NOTE 4 - LOANS AND NOTES RECEIVABLE

The loans and notes receivable balance in the General Fund consists of the following:

- Notes receivable in the amount of \$46,864 represent monies advanced to City employees for home computer purchases. These loans are required to be repaid within 2 years and bear no interest.
- Note receivable in the amount of \$149,262 represents unpaid building permit fees owed to the City

CITY OF SANTA FE SPRINGS
Notes to Financial Statements
June 30, 2012 (Continued)

by Villages at Heritage Springs, LLC. This loan is required to be repaid at the earlier of the time of issuance of the Mello-Roos bonds or June 30, 2014. This loan bears a simple interest at 4.5% per annum.

The Low and Moderate Income Housing Assets Special Revenue fund has five notes receivable in the amount of \$80,000 each that is due from the sale of properties. The remaining amount of total loans is \$99,420. These loans bear an interest rate of 6% per annum.

The Art in Public Places Special Revenue fund has note receivable in the amount of \$500,000. It represents unpaid building permit fees owed to the City by Villages at Heritage Springs, LLC. This loan is required to be repaid at the earlier of the time of issuance of the Mello-Roos bonds or June 30, 2014. This loan bears a simple interest at 4.5% per annum.

The Water Enterprise fund has note receivable in the amount of \$83,000. It represents unpaid building permit fees owed to the City by Villages at Heritage Springs, LLC. This loan is required to be repaid at the earlier of the time of issuance of the Mello-Roos bonds or June 30, 2014. This loan bears a simple interest at 4.5% per annum.

NOTE 5 - DUE FROM OTHER GOVERNMENTS

Due from other governments consists primarily of sales and use taxes due from the State of California, \$3,987,178; property taxes due from the County of Los Angeles, \$20,180; grant monies due from the Federal government, \$1,096,779; grant monies due from the State of California, \$5,252,447; grant monies due from the County of Los Angeles \$7,595; utility users tax from various taxpayers, \$339,890; and monies due from other cities and districts for facilities and property maintenance, \$1,137,757.

NOTE 6 - INTERFUND ACTIVITY

The following is a summary of interfund transfers for the fiscal year ended June 30, 2012:

	Transfers In						Total
	General Fund	Consolidated Redevelopment Project Debt Service Fund	Capital Projects Fund	Capital Improvements Capital Projects Fund	Low and Moderate Income Housing Assets Speical Revenue Fund	Nonmajor Governmental Funds	
<u>Transfers Out:</u>							
General Fund	\$ -	\$ -	\$ 8,737	\$ 241,802	\$ -	\$ -	\$ 250,539
Consolidated Redevelopment Project:							
Debt Service Fund	732,327	-	8,646,000	-	2,011,624	-	11,389,951
Capital Projects Fund	611,582	-	-	26,081	-	3,323	640,986
Washington Boulevard Redevelopment Project Debt Service Fund	10,398	-	-	-	-	256,000	266,398
Nonmajor Governmental Funds	1,630,522	995,263	-	64,059	5,757,329	-	8,447,173
Water Utility Enterprise fund	1,579,818	-	-	2,757	-	-	1,582,575
Total	\$ 4,564,647	\$ 995,263	\$ 8,654,737	\$ 334,699	\$ 7,768,953	\$ 259,323	\$ 22,577,622

Interfund transfers were primarily used to fund capital improvements from the General Fund, Nonmajor Governmental Funds, the Consolidated Redevelopment Project Capital Projects Fund, and Water Utility Enterprise Fund.

The Washington Boulevard Redevelopment Project Debt Service Fund made transfers to fund expenditures

CITY OF SANTA FE SPRINGS
Notes to Financial Statements
June 30, 2012 (Continued)

incurred in the Washington Boulevard Redevelopment Project Capital Projects Fund and to fund housing activities within the General Fund.

Water Utility Enterprise Fund made transfers to General Fund to fund certain indirect costs of the water utility including use of the City's rights of way and maintenance of the City's infrastructure used.

Upon the dissolution of the former redevelopment agency at February 1, 2012, \$5,757,329 and \$2,011,624 of assets were transferred from the Low and Moderate Income Housing Special Revenue Fund and Consolidated Redevelopment Project Debt Service Fund, respectively, to the Low and Moderate Income Housing Assets Special Revenue Fund for retaining the housing assets and functions previously performed by the redevelopment agency pursuant to Health and Safety Code section 34176(a)(1).

Due to/from other funds at June 30, 2012 were as follows:

	<u>Due From Other Funds</u>	<u>Due to Other Funds</u>	<u>Due From Successor Agency</u>	<u>Due to City of Santa Fe Springs</u>
General Fund	\$ 4,494,517	\$ 2,622	\$ 40,776	\$ -
Low and Moderate Income Housing Assets Special Revenue Fund	2,622	-	-	-
Capital Improvement Capital Projects Fund	-	4,442,090	-	-
Nonmajor Governmental Funds	-	52,427	-	-
Private-Purpose Trust Fund	-	-	-	40,776
	<u>\$ 4,497,139</u>	<u>\$ 4,497,139</u>	<u>\$ 40,776</u>	<u>\$ 40,776</u>

The due to/from other funds balances resulted from reimbursable expenditures occurring while the revenues with which to reimburse those expenditures had not yet been received. All balances are expected to be reimbursed within the subsequent year.

Advances from other funds and advances to other funds consist of loans as follows:

	<u>Advances to Other Funds</u>	<u>Advances from Other Funds</u>
General Fund	\$ -	\$ 1,437,861
Low and Moderate Income Housing Assets Special Revenue Fund	<u>1,437,861</u>	<u>-</u>
	<u>\$ 1,437,861</u>	<u>\$ 1,437,861</u>

A loan from the Low and Moderate Income Housing Assets Special Revenue Fund was made to the General Fund in the amount of \$1,437,861 to cover certain costs. There is no set repayment schedule.

CITY OF SANTA FE SPRINGS
Notes to Financial Statements
June 30, 2012 (Continued)

Interfund loans consist of loans as follows:

Loans to Successor Agency Private-Purpose Trust Fund	Loans due to the City of Santa Fe Springs Private-Purpose Trust Fund
General fund	\$ 3,936,464
Low and Moderate Income Housing Assets Fund	3,193,445
Total	<u>\$ 7,129,909</u>

A loan was made from the General Fund to the Washington Boulevard Redevelopment Project Debt Service Fund, \$3,936,464 at a zero interest rate. Per terms of an agreement with the County of Los Angeles, principal repayment is deferred until, at a minimum the Washington Boulevard Project has received \$10,750,000 in total funds from this loan and the loan of property tax increment from Los Angeles County as described in Note 14. Upon the dissolution of the former redevelopment agency at February 1, 2012, the outstanding loan was transferred to the Successor Agency Private-Purpose Trust Fund.

A loan was made from the Low and Moderate Income Housing Special Revenue Fund to the Consolidated Redevelopment Project Debt Service Fund, \$1,000,000, at a zero interest rate, with principal payable on or before May 13, 2014. Upon the dissolution of the former redevelopment agency at February 1, 2012, the outstanding receivable was transferred to the Low and Moderate Income Housing Assets Special Revenue Fund, and the outstanding payable was transferred to the Successor Agency Private-Purpose Trust Fund.

In May 2012, the Low and Moderate Income Housing Special Revenue Fund advanced \$2,162,737 to the Consolidated Redevelopment Project Debt Service Fund and \$30,708 to the Washington Boulevard Redevelopment Project Debt Service Fund. These advances were made to provide the Commission sufficient funds to make payments to Supplemental Educational Revenue Augmentation Fund (SERAF) to satisfy State payment to public schools through local redevelopment funds as required by AB26 4X. The amount outstanding at June 30, 2012, is \$2,193,445. This advance will be repaid by May 2016. Upon the dissolution of the former redevelopment agency at February 1, 2012, the outstanding receivable was transferred to the Low and Moderate Income Housing Assets Special Revenue Fund, and outstanding payable was transferred to the Successor Agency Private-Purpose Trust Fund.

Pursuant to AB 1484, each of these loans are considered “interagency loans” and will only be considered eligible for repayment beginning in fiscal year ending June 30, 2014, subject to annual limitations, once the California Department of Finance issues a “finding of completion”. A finding of completion is issued once the Successor Agency has paid all required available balances to the Los Angeles County Auditor-Controller for distribution to various other taxing entities. The available balances consist of three components, including (1) the overpayment of tax increment revenue to the Commission during the fiscal year ended June 30, 2012, (2) the available balance of unrestricted liquid funds in the former low-moderate income housing fund, and (3) the available balance of unrestricted liquid funds in the former Commission’s non-housing funds. The City anticipates making all required payments during fiscal year ending June 30, 2013. See Note 22 for further details regarding interagency loans.

June 30, 2012 (Continued)

NOTE 9 - CONTRACTS PAYABLE

Contracts payable consists of contract retention due on uncompleted construction projects.

NOTE 10 - DUE TO OTHER GOVERNMENTS

Due to other governments balances in General Fund consist of \$49,380 of Certified Unified Program Agency (CUPA) surcharge fees due to the State of California, \$114,452 of property taxes refund due to the County of Los Angeles, and \$26,784 of fees due to rubbish haulers.

Due to other governments balance in Capital Improvement Capital Projects Fund consists of \$58,758 of Prop 1B unspent grant funds due to the County of Los Angeles.

Due to other governments balance in Private-Purpose Trust Fund consists of \$14,350,636 of Department of Finance demand payment and cash available to disburse to taxiing entities in accordance with AB 1484.

NOTE 11 - OTHER ACCRUED LIABILITIES

Other accrued liabilities consists of accrued payroll costs, \$1,207,626; accrued water purchase and pump tax costs, \$892,876 and accrued building inspection costs, \$79,646.

NOTE 12 - DEPOSITS

Deposits consist primarily of money advanced by property owners for various improvements including street lights, traffic signals, and water system improvements; and money held for a public benefit group providing scholarships for local students.

NOTE 13 – DEFERRED REVENUE

Deferred revenue consists of monies being held as collateral or interest subsidy for low interest home improvement loans, \$208,113; uncollected building permits and interest, \$714,342; and taxes, fees and other revenues collected in advance of the 2012/2013 fiscal year, \$2,474,505.

Governmental Activities:

Taxable Pension Obligation Bond

In April 2012, the City issued taxable pension obligation bond in the amount of \$7,147,000 in order to refund the PERS Side Fund Obligation and realize cash flow savings and to accomplish a more prudent amortization of unfunded actuarial accrued liability in respect of the PERS Side Fund Obligation. Principal is payable semiannually on June 30 and December 30 in amounts ranging from \$56,000 to \$605,000 through June 30, 2020. Interest is payable semiannually on June 30 and December 30 in each year at rate of 3.72%.

The bond is secured by the sales and use tax revenues generated by the City. These revenues have been pledged until the year 2022. The City covenants that pledged revenues received in the next preceding prior fiscal year should be at least equal to 150% of maximum annual debt service payment on the bond. Pledged sales and use tax revenue for the prior year was \$20.3, which is more than 150% of maximum annual debt service payment of \$1.2 million on this bond. Revenues are pledged against the debt service outstanding on the bonds of \$8.4 million. The total outstanding principal as of June 30, 2012 is \$7,091,000.

JP Morgan Chance Loan Payable

In June 2011, the City entered into a loan agreement for \$190,108 with JP Morgan Chase Bank, N.A. to purchase police interceptors. Payments are due annually in the amount of \$64,984 on June 24 each year at an annual interest rate of 2.57%; with the loan expiring on June 24, 2013. The current balance outstanding for these loans is \$63,356.

SunTrust Loan Payable

In May 2007, the City entered into a loan agreement for \$974,850 with SunTrust Leasing Corporation for a fire truck. Payments are due annually in the amount of \$165,013 on July 15 each year at an annual interest rate of 4.25%; with the loan expiring on July 15, 2014. In July 2007, the agreement was amended for an additional \$605,000 for the purchase of three additional fire trucks. Payments are due annually in the amount of \$103,384 on July 16 of each year at an annual interest rate of 4.69% with the loan expiring on July 16, 2014.

In November 2008, the agreement was amended for an additional \$280,000 for the purchase of police vehicles and equipment. Payments are due annually in the amount of \$98,373 on October 31 of each year at an annual interest rate of 5.50% with the loan expiring on October 31, 2010. The current balance outstanding for these loans is \$738,860.

Oshkosh Loan Payable

In October 2011, the City entered into a loan agreement for \$612,094 with Oshkosh Capital to loan money to purchase a fire engine. Payments are due annually in the amount of \$97,469 on October 3 each year at an annual interest rate of 2.79%; with the loan expiring on October 3, 2019. The payment due on October 3, 2012 is an interest only payment. The current balance outstanding for this loan is \$612,094.

Compensated Absences

Compensated absences consist of amounts due to employees for earned but unused vacation and sick leave

balances. Compensated absences are primarily liquidated from the General Fund.

Other Postemployment Benefits Obligation

Refer to Note 19 for related disclosures regarding other postemployment benefits obligation. The liability is primarily liquidated from the General Fund.

Business-Type Activities:

Water Revenue Bonds, 2003 Series A

In October 2003, the PFA issued revenue bonds in the amount of \$4,625,000. Serial bonds totaling \$825,000 are payable annually on May 1 in amounts ranging from \$45,000 to \$85,000 through May 1, 2023. Term bonds totaling \$1,140,000 and \$2,410,000 are due on May 1, 2028, and 2033, respectively. Interest is payable semiannually on May 1 and November 1 in each year at rates of 3.0% to 4.9%. Series A bonds maturing on or before May 1, 2014 are subject to redemption, in whole, or in part by lot, at the option of the PFA prior to their stated maturities, on any date commencing on or after May 1, 2013 at a redemption price equal to the principal amount thereof together with accrued interest thereon to the date fixed for redemption, without premium. The total amount outstanding as of June 30, 2012 is \$4,270,000.

The Bonds are payable from and secured by a pledge of revenues of the PFA, consisting primarily of amounts to be paid by the City to the PFA for the repurchase of the certain improvements to the water system pursuant to a 2003 Installment Sale Agreement. These payments consist primarily of net revenues of the City's water system and facilities. The City has covenanted in the Installment Sale Agreement to set rates and charges for water services for its customers sufficient to provide net revenues each fiscal year equal to at least 120% of the debt service due in such fiscal year. Net revenue is determined by the gross revenues received during such period minus the amount required to pay all operation and maintenance costs becoming payable during such period. Net revenue for the current year was \$1,855,819 against debt service payments of \$267,155. Total principal and interest outstanding is \$7,635,818.

Water Refunding Revenue Bonds, 2005 Series A

Revenue Bonds in the amount of \$3,705,000 were issued on May 1, 2005. The Revenue Bonds were issued to (1) provide funds for the refinancing of the 1996 Installment Sale Agreement and the defeasance of \$3,585,000 of the City's 1996 Water Revenue Bond Series A; (2) establish a reserve account for the Bonds; and (3) pay the costs of issuance associated with the issuance and sale of the Bonds. The Bonds are due in annual principal installments of \$130,000 to \$205,000 through 2026. Interest rates range from 3.25% to 4.625% and interest is payable semiannually on November 1 and May 1. The total amount outstanding as of June 30, 2012 is \$2,780,000.

The Bonds are payable from and secured by a pledge of revenues of the PFA, consisting primarily of amounts to be paid by the City to the PFA for the repurchase of the certain improvements to the water system pursuant to a 2005 Installment Sale Agreement. These payments consist primarily of net revenues of the City's water system and facilities. The City has covenanted in the Installment Sale Agreement to set rates and charges for water services for its customers sufficient to provide net revenues each fiscal year equal to at least 120% of the debt service due in such fiscal year. Net revenue is determined by the gross revenues received during such period minus the amount required to pay all operation and maintenance costs becoming payable during such period. Net revenue for the current year was \$929,186 against debt service payments of \$273,105. Total principal and interest outstanding is \$3,823,159.

CITY OF SANTA FE SPRINGS
Notes to Financial Statements
June 30, 2012 (Continued)

Private-Purpose Trust Activities:

Tax Allocation Bonds:

Consolidated Redevelopment Project 2001 Tax Allocation Refunding Bonds

In September 2001, the Commission issued serial bonds in the amount of \$28,845,000. The principal on the bonds is payable annually on September 1 ranging from \$840,000 to \$1,870,000 through September 1, 2019. Term bonds totaling \$5,850,000 and \$1,100,000 are due on September 1, 2022 and 2024, respectively. Interest is payable on September 1 and March 1 in each year at rates of 3.5% to 5.0% per annum. Bonds due on or after September 1, 2012 are subject to redemption in whole or part, at the option of the Commission upon a redemption price equal to the principal amount plus a premium as follows:

<u>Redemption Dates</u>	<u>Redemption Price (% of Principal)</u>
September 1, 2011 through August 31, 2012	101.0
September 1, 2012 and thereafter	100.0

The bonds are secured by the non-housing portion of tax increment revenues generated in the Commission's project area. Housing tax increment revenues secure a portion of the debt service on the bonds as a result of the refunding of a portion off the Series 1993 bonds with proceeds of the 2001 bonds. The 1993 bonds are no longer outstanding. The bonds share a parity claim on these revenues with the outstanding unrefunded 2002 bonds, the 2006 bonds and the 2007 bonds. These revenues have been pledged until the year 2024. Pledged tax increment revenue for the year was \$17.5 million against total debt service payments of \$2 million on this bond. The bonds are further secured by a debt service reserve fund sized in the amount of the aggregate maximum annual debt service on the bonds, which was \$2.3 million at June 30, 2012. Payment of debt service on the bonds is further secured by a bond insurance policy issued by MBIA. Revenues are pledged against the debt service outstanding on the bonds of \$25.1 million.

Upon the dissolution of the former redevelopment agency at February 1, 2012, the outstanding balance of the bonds was transferred to the Successor Agency. Upon dissolution, former tax increment revenues are deposited into the Los Angeles County Redevelopment Property Tax Trust Fund (RPTTF) and are distributed to Successor Agencies based on approved enforceable obligations. The City does not believe the dissolution bill changes the pledged nature of the former tax increment and considers all deposits to the RPTTF pledge for debt service until the full debt service obligation for the fiscal year is reached.

CITY OF SANTA FE SPRINGS
Notes to Financial Statements
June 30, 2012 (Continued)

Consolidated Redevelopment Project 2002 Tax Allocation Refunding Bonds

In June 2002, the Commission issued serial bonds in the amount of \$50,915,000. The principal on the Bonds is payable annually on September 1 ranging from \$595,000 to \$3,595,000 through September 1, 2022. Interest is payable on September 1 and March 1 in each year at rates of 3.5% to 5.5% per annum. Bonds due on or after September 1, 2011 are subject to redemption in whole or part, at the option of the Commission upon a redemption price equal to the principal amount plus a premium as follows:

<u>Redemption Dates</u>	<u>Redemption Price (% of Principal)</u>
September 1, 2010 through August 31, 2011	101.0
September 1, 2011 and thereafter	100.0

The 2002 bonds are secured by the non-housing portion of tax increment revenues generated in the Commission's project area. The 2002 Bonds share a parity claim on these revenues with the outstanding non-housing portion of the 2001 bonds, the 2006 bonds and the 2007 bonds. These revenues have been pledged until the year 2022. Pledged tax increment revenue for the year was \$17.5 million against total debt service payments of \$4.1 million on this bond. Payment of debt service on the bonds is further secured by a bond insurance policy issued by MBIA. Revenues are pledged against the debt service outstanding on the bonds of \$16.9 million.

Upon the dissolution of the former redevelopment agency at February 1, 2012, the outstanding balance of the bonds was transferred to the Successor Agency. Upon dissolution, former tax increment revenues are deposited into the Los Angeles County Redevelopment Property Tax Trust Fund (RPTTF) and are distributed to Successor Agencies based on approved enforceable obligations. The City does not believe the dissolution bill changes the pledged nature of the former tax increment and considers all deposits to the RPTTF pledge for debt service until the full debt service obligation for the fiscal year is reached.

Consolidated Redevelopment Project 2003 Taxable Tax Allocation Refunding Bonds

In September 2003, the Commission issued term bonds in the amount of \$6,530,000. The principal on the Bonds is payable annually on September 1 ranging from \$220,000 to \$465,000. The bonds are due on September 1, 2008, 2013 and 2024. Interest is payable on September 1 and March 1 in each year at rates of 3.5% to 5.75% per annum. Bonds due on or after September 1, 2014 are subject to redemption in whole or part, on any date on or after September 1, 2013, at the option of the Commission upon a redemption price equal to the principal amount plus accrued interest to the redemption date, without premium. The bonds are subject to mandatory sinking fund redemption annually in amounts ranging from \$95,000 to \$465,000.

The bonds are secured by a pledge of the tax increment revenues deposited in the low and moderate income set-aside fund for the Commission's project area. These revenues have been pledged until the year 2024. Pledged tax increment revenue for the year was \$1.9 million against total debt service payments of \$0.7 million on this bond. Revenues are pledged against the debt service outstanding on the bonds of \$5.7 million.

Upon the dissolution of the former redevelopment agency at February 1, 2012, the outstanding balance of the bonds was transferred to the Successor Agency. Upon dissolution, former tax increment revenues are deposited into the Los Angeles County Redevelopment Property Tax Trust Fund (RPTTF) and are distributed to Successor Agencies based on approved enforceable obligations. The City does not believe the dissolution

CITY OF SANTA FE SPRINGS
Notes to Financial Statements
June 30, 2012 (Continued)

bill changes the pledged nature of the former tax increment and considers all deposits to the RPTTF pledge for debt service until the full debt service obligation for the fiscal year is reached.

Consolidated Redevelopment Project 2006 Tax Allocation Bonds

In December 2006, the Commission issued serial bonds (Series A) in the amount of \$27,658,493. Series A bonds are structured with a mix of current interest bonds and accreted interest on capital appreciation bonds. Serial bonds totaling \$3,025,000 are payable annually on each September 1 ranging from \$10,000 to \$2,195,000 through September 1, 2019. Interest is payable on September 1 and March 1 in each year at rates of 3.75% to 5.0% per annum. Capital appreciation bonds have serial maturities in 2019 through 2028 payable annually on September 1 each year with a value at maturity ranging from \$920,000 to \$11,805,000. The current interest bonds are optionally callable at par on September 1, 2016. The capital appreciation bonds are non-callable.

In December 2006, the Commission issued serial bonds (Series B) in the amount of \$18,760,000. Series B bonds have current interest term bonds of \$5,230,000 and \$13,530,000 due September 1, 2011 and September 1, 2018, respectively. The interest rates range from 5.18% to 5.35%. The bonds are optionally callable at par on September 1, 2016.

The Series A and Series B bonds are secured by the non-housing portion of tax increment revenues generated in the Commission's project area. The Series A and Series B Bonds share a parity claim on these revenues with the outstanding unfunded 2002 bonds, the non-housing portion of the 2001 bonds, and the 2007 bonds. These revenues have been pledged until the year 2028. Pledged tax increment revenue for the year was \$17.5 million against total debt service payments of \$2.4 million on this bond. The bonds are further secured by a debt service reserve fund sized in the amount of the aggregate maximum annual debt service on the bonds which was \$1.0 million at June 30, 2012. Revenues are pledged against the debt service outstanding on the bonds of \$76.3 million. Payment of debt service on the bonds is further secured by a bond insurance policy issued by MBIA.

Upon the dissolution of the former redevelopment agency at February 1, 2012, the outstanding balance of the bonds was transferred to the Successor Agency. Upon dissolution, former tax increment revenues are deposited into the Los Angeles County Redevelopment Property Tax Trust Fund (RPTTF) and are distributed to Successor Agencies based on approved enforceable obligations. The City does not believe the dissolution bill changes the pledged nature of the former tax increment and considers all deposits to the RPTTF pledge for debt service until the full debt service obligation for the fiscal year is reached.

Consolidated Redevelopment Project 2007 Tax Allocation Refunding Bonds

On June 5, 2007, in order to take advantage of a low interest rate market and to capture economic savings, the City "currently refunded," in full, its outstanding 1997 Tax Allocation Bonds and 1998 Tax Allocation Bonds and "advance refunded" a portion of the outstanding 2002 Tax Allocation Bonds. Serial bonds totaling \$43,015,000 were structured with serial maturities ranging from \$425,000 to \$5,440,000 payable annually on September 1, 2008 through September 1, 2022. Interest is payable on September 1 and March 1 in each year at rates from 4.00% in 2008 to 4.50% in 2022. The bonds are optionally callable on September 1, 2017, and thereafter at par.

The 2007 bonds are secured by the non-housing portion of tax increment revenues generated in the Commission's project area. The 2007 bonds share a parity claim on these revenues with the outstanding unfunded 2002 bonds, the Commission's 2006 Tax Allocation Bonds Series A and B and the non-housing

CITY OF SANTA FE SPRINGS
Notes to Financial Statements

portion of the 2001 Tax Allocation Bonds. These revenues have been pledged until the year 2022. Pledged tax increment revenue for the year was \$17.5 million against total debt service payments of \$2.5 million on this bond. Payment of debt service on the 2007 bonds is further secured by a bond insurance policy issued by MBIA. Revenues are pledged against the debt service outstanding on the bonds of \$54.2 million.

Upon the dissolution of the former redevelopment agency at February 1, 2012, the outstanding balance of the bonds was transferred to the Successor Agency. Upon dissolution, former tax increment revenues are deposited into the Los Angeles County Redevelopment Property Tax Trust Fund (RPTTF) and are distributed to Successor Agencies based on approved enforceable obligations. The City does not believe the dissolution bill changes the pledged nature of the former tax increment and considers all deposits to the RPTTF pledge for debt service until the full debt service obligation for the fiscal year is reached.

Tax Increment Loan Payable

A loan of property tax increment was issued by the County of Los Angeles, California, to the Washington Boulevard Redevelopment Project Debt Service Fund, with an outstanding balance of \$5,870,865, at a variable interest rate equivalent to the Los Angeles County Annual Treasury Pool rate as calculated annually by the County Auditor-Controller. Principal and interest payments on this loan are deferred until such time as the Washington Boulevard Project has received a combined total of \$10,750,000 in monies from sales tax increment, as described in Note 6, and property tax increment. At that time, the Commission will pay annually the sum of: 1) the full amount due, and 2) no less than fifty percent (50%) of the tax increments remaining after paying such amounts, exclusive of tax increments designated for the Housing Fund.

Upon the dissolution of the former redevelopment agency at February 1, 2012, the outstanding balance of the loan was transferred to the Successor Agency.

ERAF Loan

The Commission received a loan with an outstanding balance of \$1,950,000 from the California Statewide Communities Development Authority for the purpose of making the ERAF payment to the County of Los Angeles and covering the loan administration expense. Principal and interest are payable in installments each March 1 and November 1 commencing November 1, 2005, and ending March 1, 2015, from any available monies of the Commission not obligated for other uses. Interest on each installment has been calculated at an annual interest rate varying from 3.87% - 5.01% depending on the average interest rates of the underlying debt issued by the California Statewide Communities Development Authority to fund the loans. The loan is not subject to early prepayment.

Upon the dissolution of the former redevelopment agency at February 1, 2012, the outstanding balance of the loan was transferred to the Successor Agency.

Prior Year Defeasance of Debt

In prior years, the City defeased certain other bonds by placing the proceeds of new bonds in an irrevocable trust to provide for all future debt service payments on all old bonds. Accordingly, the trust account assets and the liability for the defeased bonds are not included in the City's financial statements. All of the defeased debt outstanding was called during fiscal year 2012. The outstanding balance of these bonds was zero at June 30, 2012.

Total	<u>\$ 31,662,518</u>	<u>\$ 271,698</u>	<u>\$ 8,532,284</u>	<u>\$ 1,610,544</u>	<u>\$ 42,077,044</u>

NOTE 16 – EXCESS OF EXPENDITURES OVER APPROPRIATIONS

Fund	Amount over Budget
General Fund	\$ 1,589,656
Low and Moderate Income	
Housing Assets Special Revenue Fund	90

Expenditures in the General Fund exceeded the budget amount because in April 2012, the City issued taxable pension obligation bonds in the amount of \$7,147,000 for the purpose of paying off the side fund obligation in existence for the City's Safety Plan with the California Public Employees Retirement System. In accordance with GASB Statement No. 27, the one-time payoff amount of \$7,027,007 is included as a functional expenditure within the public safety category.

CITY OF SANTA FE SPRINGS
Notes to Financial Statements
June 30, 2012 (Continued)

NOTE 17 - CALIFORNIA JOINT POWERS INSURANCE AUTHORITY INSURANCE PROGRAM

(a) Description of Self-Insurance Pool Pursuant to Joint Powers Agreement

The City is a member of the California Joint Powers Insurance Authority (Authority). The Authority is composed of 122 California public entities and is organized under a joint powers agreement pursuant to California Government Code §6500 et seq. The purpose of the Authority is to arrange and administer programs for the pooling of self-insured losses, to purchase excess insurance or reinsurance, and to arrange for group purchased insurance for property and other coverages. The Authority's pool began covering claims of its members in 1978. Each member government has an elected official as its representative on the Board of Directors. The Board operates through a 9-member Executive Committee.

(b) Self-Insurance Programs of the Authority

General Liability

Each member government pays a primary deposit to cover estimated losses for a fiscal year (claims year). After the close of a fiscal year, outstanding claims are valued. A retrospective deposit computation is then made for each open claims year. Claims are pooled separately between police and non-police. Costs are spread to members as follows: (1) the first \$30,000 of each occurrence is charged directly to the member's primary deposit; (2) costs from \$30,000 to \$750,000 and the loss development reserves associated with losses up to \$750,000 are pooled based on the member's share of losses under \$30,000; (3) losses from \$750,000 to \$2,000,000 are pooled based on payroll; (4) costs of covered claims from \$2,000,000 to \$50,000,000 are paid under reinsurance and excess insurance policies subject to a \$3,000,000 annual aggregate deductible and a quota-sharing agreement whereby the Authority is financially responsible for 40% of losses occurring within the \$2,000,000 to \$10,000,000 layer. The costs associated with the above are estimated using actuarial models and pre-funded as part of the primary and retrospective deposits.

The overall policy limit for each member including all layers of coverage is \$50,000,000 per occurrence. Costs of covered claims for subsidence losses are paid by excess insurance with the following sub-limits per member: \$25,000,000 per occurrence with a \$15,000,000 annual aggregate.

Workers' Compensation

The City also participates in the workers' compensation pool administered by the Authority. Each member pays a primary deposit to cover estimated losses for a fiscal year (claims year). After the close of a fiscal year, outstanding claims are valued. A retrospective deposit computation is then made for each open claim year. Claims are pooled separately between public safety and non-public safety. Costs are allocated to members by the following methods within each of the four layers of coverage: (1) the first \$50,000 of each loss is charged directly to the member's primary deposit; (2) losses from \$50,000 to \$100,000 and the loss development reserve associated with losses up to \$100,000 are pooled based on the member's share of losses under \$50,000; (3) losses from \$100,000 to \$2,000,000 and the loss development reserves associated with those losses are pooled based on payroll; (4) losses from \$2,000,000 up to statutory limits are paid under an excess insurance policy. Protection is provided per statutory liability under California Workers' Compensation law.

Employer's Liability losses are pooled among members to \$2,000,000, coverage from \$2,000,000 to \$4,000,000 is purchased as part of an excess insurance policy, and losses from \$4,000,000 to \$10,000,000 are pooled among members.

CITY OF SANTA FE SPRINGS
Notes to Financial Statements
June 30, 2012 (Continued)

(c) *Purchased Insurance*

Pollution Legal Liability Insurance

The City participates in the pollution legal liability and remediation legal liability insurance, which is available through the Authority. The policy covers sudden and gradual pollution of scheduled property, streets, and storm drains owned by the City. Coverage is on a claims-made basis. There is a \$50,000 deductible. The Authority has a limit of \$50,000,000 for the 3-year period from July 1, 2011 through July 1, 2014. Each member of the Authority has a \$10,000,000 limit during the 3-year term of the policy.

Property Insurance

The City participates in the all-risk property protection program of the Authority. This insurance protection is underwritten by several insurance companies. The City property is currently insured according to a schedule of covered property submitted by the City to the Authority. There is a \$5,000 deductible per occurrence except for non-emergency vehicle insurance, which has \$1,000 deductible. Premiums for the coverage are paid annually and are not subject to retroactive adjustments.

Crime Insurance

The City purchases crime insurance coverage in the amount of \$1,000,000 with \$2,500 deductible. The fidelity coverage is provided through the Authority. Premiums are paid annually and are not subject to retroactive adjustments.

(d) *Adequacy of Protection*

During the past three fiscal (claims) years, none of the above programs of protection have had settlements or judgments that exceeded pooled or insured coverage. There have been no significant reductions in pooled or insured liability coverage from coverage in the prior year.

NOTE 18 - RETIREMENT PLAN

Full-time Employees

The City contributes to the California Public Employees Retirement System (PERS), an agent multiple-employer public employee defined benefit pension plan for the miscellaneous employees and a cost-sharing multiple-employer public employee defined benefit pension plan for the public safety employees that acts as a common investment and administrative agent for participating public entities within the State of California. PERS provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. All full-time employees are eligible to participate in PERS. Part-time employees are not eligible to participate in the PERS retirement system but participate in a defined contribution plan. Benefit provisions and all other requirements are established by State statute and City ordinance. PERS issues a separate comprehensive annual financial report. Copies of PERS annual financial report may be obtained from their executive office: 400 P Street, Sacramento, CA 95814.

Participants are required to contribute 9% for public safety employees and 8% for miscellaneous employees of their annual covered salary. The City contributes the required contributions of the miscellaneous and public safety employees on their behalf and for their account. The City is required to contribute the actuarially

CITY OF SANTA FE SPRINGS
Notes to Financial Statements
June 30, 2012 (Continued)

determined remaining amount necessary to fund the benefits for its members, using the actuarial rates recommended by the PERS actuaries and actuarial consultants and adopted by the Board of Administration. The required employer contribution rate for the fiscal year ended June 30, 2012, was 23.422% for miscellaneous employees and 38.469% for safety employees. The contribution requirements of the plan members are established by State statute and the employer contribution rate is established and may be amended by PERS.

The funded status of the miscellaneous plan based on the June 30, 2011, actuarial valuation is as follows (in thousands):

Actuarial Accrued Liability	Actuarial Value of Assets	Unfunded Liability	Funded Ratio	Annual Covered Payroll	Actuarial Accrued Liability % of Payroll
\$ 134,061	\$ 97,015	\$ 37,046	72.4%	\$ 11,143	332.5%

The Schedule of Funding Progress presented as Required Supplementary Information following the Notes to Financial Statements, presents multiyear trend information about whether the actuarial value of the plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits.

As required by State law, effective July 1, 2005, the City's Safety Plan (agent-employer) was terminated, and the employees in this Plan were required by PERS to join a new State-wide cost-sharing pool. One of the conditions of entry to this pool was that the City true-up any unfunded actuarial liabilities of the former Plan, either by paying cash or by increasing its future contribution rates through a Side Fund offered by PERS. The City satisfied its Plan's unfunded actuarial liabilities by contributing to the Side Fund through additions to its normal contribution rate. The Side Fund amortization rate for the year ended June 30, 2012 was 12.648%, and was included as part of the City's required employer contribution rate. In April 2012, the City issued taxable pension obligation bonds to payoff the Side Fund. At June 30, 2012, the Safety Plan's Side Fund's balance was \$0.

For the fiscal year ended June 30, 2012, the City's annual pension cost of \$5,047,199 was equal to the City's required contributions. The required contribution was determined as part of the June 30, 2009, actuarial valuation using the entry age normal cost method. The actuarial assumptions included (a) 7.75% investment rate of return (net of administrative expenses); (b) projected salary increases that vary by duration of service ranging from 3.55% to 14.45%; and (c) 3.25% cost of living adjustment. Both (a) and (b) include an inflation component of 3.0%. The actuarial value of PERS assets was determined using a technique that smoothes the effect of short-term volatility in the market value of investments over a 15 year period depending on the size of investment gains and/or losses. PERS unfunded actuarial accrued liability (or excess assets) is being amortized as a level percentage of projected payroll on a closed basis. Initial unfunded liabilities are amortized over a closed period that depends on the plan's date of entry into CalPERS. Subsequent plan amendments are amortized as a level percentage of pay over a closed 20-year period. Gains and losses that occur in the operation of the plan are amortized over a 30 year rolling period, which results in an amortization of about 6% of unamortized gains and losses each year. The actuarial assumptions used for the funded status are different from those used to determine the annual required contribution. The actuarial assumptions used for the funded status included (a) 7.50% investment rate of return (net of administrative expenses); (b) projected salary increases that vary by duration of service ranging from 3.30% to 14.20%; and (c) 3.00% cost of living adjustment. Both (a) and (b) include an inflation component of 2.75%.

CITY OF SANTA FE SPRINGS
Notes to Financial Statements
June 30, 2012 (Continued)

The City's net pension asset as of June 30, 2012, was \$7.0 million. The annual required contribution (ARC) as of June 30, 2012, was \$5.0 million. The following table shows the components of the City's annual pension cost for the year, the amount actually contributed to the plan, and the City's net pension asset (dollar amounts are in thousands):

Annual required contribution	\$ (5,047)
Interest on net pension asset	-
Adjustment to annual required contribution	-
Annual pension cost (expense)	<u>(5,047)</u>
Contributions made	<u>12,074</u>
Increase in net pension asset	<u>7,027</u>
Net pension asset, Beginning of Year	<u>-</u>
Net pension asset, End of Year	<u><u>\$ 7,027</u></u>

The following is a summary of information for PERS for a three-year period ending each June 30:

Three-Year Trend Information for PERS (Dollar Amounts in Thousands)

Year Ending <u>June 30</u>	Annual Pension <u>Cost (APC)</u>	Percentage of APC <u>Contributed</u>	Net Pension <u>Asset</u>
2010	\$4,676	100%	\$ -
2011	4,047	100%	-
2012	5,047	239%	7,027

Part-time Employees

The City provides pension benefits for all of its part-time employees through a defined contribution plan. In a defined contribution plan, benefits depend solely on amounts contributed to the plan plus investment earnings. The plan was created in accordance with Internal Revenue Code Section 457. All part-time employees are eligible to participate from the date of employment. Federal legislation requires contributions of at least 7.5% to a retirement plan, and the City Council resolved to match the employees' contributions of 3.75%. The City's contribution for each employee (and interest earned by the accounts) is fully vested immediately.

For the fiscal year ended June 30, 2012, the City's covered payroll for part-time employees was \$2,049,386. The City made employer contributions of \$76,852 (3.75% of covered payroll), and employees contributed \$79,561. Plan assets are held in trust for the exclusive benefit of participants and their beneficiaries and are not included in the financial statements in accordance with GASB Statement No. 32.

NOTE 19 - POSTEMPLOYMENT HEALTH CARE BENEFITS

(a) Plan Description

The City contributes to the California Employers' Retiree Benefit Trust (CERBT), an agent multiple-employer public employee defined postemployment benefit plan. The City provides retiree medical benefits under the PERS health plan, which provides medical insurance benefits to eligible retirees and their spouses in accordance with various labor agreements. Copies of the PERS' annual financial report may be obtained from the PERS Executive Office, 400 P Street, Sacramento, CA 95814.

CITY OF SANTA FE SPRINGS
Notes to Financial Statements
June 30, 2012 (Continued)

(b) Eligibility

Employees are eligible for retiree health benefits if they retire from the City on or after age 50 (unless disabled) with 5 years or service and are eligible for a PERS pension. The benefits are available only to employees who retire from the City. Membership of the plan consisted of the following at June 30, 2011, the date of the most recent actuarial valuation:

	<u>Management</u>	<u>Miscellaneous</u>	<u>Fire</u>	<u>Total</u>
Retirees and beneficiaries receiving benefits	51	91	63	205
Active plan members	<u>34</u>	<u>117</u>	<u>52</u>	<u>203</u>
Total	<u><u>85</u></u>	<u><u>208</u></u>	<u><u>115</u></u>	<u><u>408</u></u>

These amounts do not reflect current retirees not enrolled in the PERS health plan that are eligible to enroll in the plan at a later date.

(c) Funding Policy

The contribution requirements of plan members and the City are established and may be amended by the City Council. The City must agree to make a defined monthly payment towards the cost of each retiree's coverage. The contribution is based on projected pay-as-you-go financing requirements. The City's contribution rate was \$1,332 per month per retiree toward all premiums in which the individual is able to select, on an annual basis, an insurance carrier from a number of insurance carriers. For the fiscal year ended June 30, 2012, the City contributed \$1,943,999 to the plan. Plan members receiving benefits contributed \$29,099 (approximately 1% of total premiums) through their required contribution.

Annual OPEB Cost and Net OPEB Obligation - The City's annual other postemployment benefit (OPEB) cost (expense) is calculated based on the *annual required contribution of the employer* (ARC), an amount actuarially determined in accordance with the parameters of GASB Statement 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities (or funding excess) not to exceed thirty years.

The City's Net OPEB obligation as of June 30, 2012, was \$6.6 million. The Annual Required Contribution (ARC) as of June 30, 2012, was \$4.42 million. The following table shows the components of the City's annual OPEB cost for the year, the amount actually contributed to the plan, and changes in the City's net OPEB obligation (dollar amounts are in thousands):

Annual required contribution	\$ 4,422
Interest on net OPEB obligation	296
Adjustment to annual required contribution	<u>(472)</u>
Annual OPEB cost (expense)	4,246
Contributions made	<u>(2,926)</u>
Increase in net OPEB obligation	1,320
Net OPEB Obligation, Beginning of Year	<u>5,264</u>
Net OPEB Obligation, End of Year	<u><u>\$ 6,584</u></u>

CITY OF SANTA FE SPRINGS
Notes to Financial Statements
June 30, 2012 (Continued)

The City's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation for 2012 and the two preceding years were as follows (dollar amounts are in thousands):

<u>Fiscal Year Ended</u>	<u>Annual OPEB Cost</u>	<u>Percentage of Annual OPEB Cost Contributed</u>	<u>Net OPEB Obligation</u>
6/30/2010	\$ 3,643	39.9%	\$ 3,899
6/30/2011	3,895	65.0%	5,264
6/30/2012	4,246	68.9%	6,584

(d) Funding Status and Progress

The City has elected to join the California Employers' Retiree Benefit Trust (CERBT), which provides a means to pre-fund OPEB obligations. The City makes an annual contribution to the CERBT, pays benefits either directly to retirees or through PEMHCA during the year, and then seeks reimbursement for these pay-as-you-go expenses from the CERBT. The City's funding policy is to contribute consistently an amount at least equal to the pay-as-you-go-costs plus a percent of the difference between the ARC and pay-as-you-go. This percent is 10% for the 2008/09 fiscal year, increasing by 10% each year to 100% of the ARC for fiscal year 2017/18 and thereafter. For the fiscal year ended June 30, 2012, the City made a contribution of \$982,000 to the CERBT.

The funded status for postemployment benefit based on the June 30, 2011, actuarial valuation is as follows (in thousands):

<u>Actuarial Value of Assets</u>	<u>Entry Age Normal Accrued Liability</u>	<u>Unfunded/ (Overfunded) Liability (UAAL)</u>	<u>Funded Ratio</u>	<u>Covered Payroll</u>	<u>Actuarial Accrued Liability % of Payroll</u>
\$ 911	\$ 47,020	\$ 46,109	1.9%	\$ 17,925	257%

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information following the notes to the financial statements, presents multi-year trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for the benefits.

(e) Actuarial Methods and Assumptions

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and the plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial assets, consistent with the long-term perspective of the calculations.

CITY OF SANTA FE SPRINGS
Notes to Financial Statements
June 30, 2012 (Continued)

The actuarial method used to determine the actuarial value of assets is the 5-year smoothing with 80% and 120% market value corridor.

The actuarial cost method used for determining the benefit obligations is the entry age normal cost method. The actuarial assumptions included a 5.60% discount rate. The valuation includes a 3% inflation assumption. The UAAL is being amortized as a level percentage of projected payroll over 30 years with a closed amortization. It is assumed the City's payroll will increase 3.25% per year. The assumptions used for determining the contribution requirements are the same as the assumptions used in the calculation of the funded status.

The medical trend rate represents the long-term expected growth of medical benefits paid by the plan. The following table sets forth the trend assumption used for the valuation:

Year	Pre-Medicare Eligible		Post-Medicare Eligible	
	HMO	PPO	HMO	PPO
2012/13	7.1%	7.5%	7.3%	7.7%
2013/14	8.5%	8.5%	8.9%	8.9%
2014/15	8.0%	8.0%	8.3%	8.3%
2015/16	7.5%	7.5%	7.8%	7.8%
2016/17	7.5%	7.5%	7.8%	7.8%

NOTE 20 – COMMITMENTS AND CONTINGENCIES

(a) Claims

Various claims for personal injury and for property damage are pending against the City. It is the opinion of the City Attorney that any liability arising out of such claims is adequately covered under insurance agreements.

(b) Disposition and Development Agreement

On November 17, 2005, the Commission entered into a disposition and development agreement (DDA) with Villages at Heritage Springs, LLC (Developer) to remediate property and develop housing units and related infrastructure and amenities. The Developer agreed to make an interest-free loan of \$2,690,000 to the Commission to assist in financing the cost of acquisition of the third parties' properties.

On November 21, 2006, the Commission and the Developer entered into the first amendment to the DDA to increase the interest-free loan of \$2,690,000 to \$3,152,000 due to additional costs pertaining to the acquisition of third parties' properties.

On March 26, 2009, the Commission entered into an agreement separate from the DDA to give a loan in the amount of \$1,800,000 to the Developer at 5% interest rate in order to secure the construction financing for the development project.

On July 9, 2009, the Commission and the Developer entered into the third amendment to the DDA agreement on the following terms:

1. Added the Purchase and Sale Agreement to the DDA due to the current economic uncertainty and lack of

CITY OF SANTA FE SPRINGS
Notes to Financial Statements
June 30, 2012 (Continued)

available financing for new residential construction. The Developer agreed to sell certain real property within the City's boundaries (Property) to the Commission. The purchase price for the Property was approximately \$17 million. The Commission made a \$2 million cash down payment at the execution of this agreement. \$1 million of the down payment derived from the Low and Moderate Income Housing Fund and utilized to provide credits to the sale price for moderate income purchasers equal to the difference between the market rate price and the affordable price for that qualified buyer. Transfer of title to the Commission will not occur until the full purchase price has been paid. The Developer has option to repurchase the Property at any time prior to the completion of the project, or up to 1 year after the completion of the project, or as extended by approval of the City to accommodate agreed upon and approved project changes.

On February 1, 2012, the Successor Agency assumed all responsibilities under the agreement. Future payments towards the purchase, if any, will be requested through the semi-annual RPTTF distribution process.

2. The Developer loan to the Commission for property acquisition in the amount of \$3,152,000 shall be repaid in part with a credit of payment on the \$1,800,000 loan from the Commission to the Developer. As of June 30, 2010, the Commission had repaid the remaining balance of \$1,352,000.
3. The Developer agreed to pay building permit fees of \$732,262 to the City at the earlier of the time of issuance of the Mello-Roos bonds or June 30, 2014. The fee amounts bear simple interest at 4.5%.

NOTE 21 - NON-CITY OBLIGATION DEBT

The City issued \$2,315,000 of Heritage Springs Assessment District Improvement Bonds on August 9, 2001. The bonds are not included in the accompanying financial statements as neither the faith and credit nor the taxing powers of the City or the Commission have been pledged to the payment of the obligations. The outstanding balance at June 30, 2012, is \$1,920,000.

**NOTE 22 – SUCCESSOR AGENCY TRUST FOR ASSETS OF
FORMER REDEVELOPMENT AGENCY**

On December 29, 2011, the California Supreme Court upheld Assembly Bill X1 26 (“the Bill”) that provides for the dissolution of all redevelopment agencies in the State of California. This action impacted the reporting entity of the City of Santa Fe Springs (City) that previously had reported a redevelopment agency within the reporting entity of the City as a blended component unit.

The Bill provides that upon dissolution of a redevelopment agency, either the city or another unit of local government will agree to serve as the “successor agency” to hold the assets until they are distributed to other units of state and local government. As of February 1, 2012, the City Council, by operation of law, became the Successor Agency to the Community Development Commission for the City of Santa Fe Springs (Successor Agency) in accordance with the Bill.

After enactment of the law, which occurred on June 28, 2011, redevelopment agencies in the State of California cannot enter into new projects, obligations or commitments. Subject to the control of a newly established oversight board, remaining assets can only be used to pay enforceable obligations in existence at the date of dissolution (including the completion of any unfinished projects that were subject to legally enforceable contractual commitments).

CITY OF SANTA FE SPRINGS
Notes to Financial Statements
June 30, 2012 (Continued)

In future fiscal years, successor agencies will only be allocated revenue in the amount that is necessary to pay the estimated annual installment payments on enforceable obligations of the former redevelopment agency until all enforceable obligations of the prior redevelopment agency have been paid in full and all assets have been liquidated.

The Bill directs the State Controller of the State of California to review the propriety of any transfers of assets between redevelopment agencies and other public bodies that occurred after January 1, 2011. If the public body that received such transfers is not contractually committed to a third party for the expenditure or encumbrance of those assets, the State Controller is required to order the available assets to be transferred to the public body designated as the successor agency by the Bill.

Management believes, in consultation with legal counsel, that the obligations of the former redevelopment agency due to the City of \$7,129,909 are valid enforceable obligations payable by the successor agency trust under the requirements of the Bill. The City's position on this issue is not a position of settled law and there is considerable legal uncertainty regarding this issue. It is reasonably possible that a legal determination may be made at a later date by an appropriate judicial authority that would resolve this issue unfavorably to the City.

Pursuant to AB 1484, each of these loans are considered "interagency loans" and will only be considered eligible for repayment beginning in fiscal year ending June 30, 2014, subject to annual limitations, once the California Department of Finance issues a "finding of completion". A finding of completion is issued once the Successor Agency has paid all required available balances to the Los Angeles County Auditor-Controller for distribution to various other taxing entities. The available balances consist of three components, including (1) the overpayment of tax increment revenue to the Commission during the fiscal year ended June 30, 2012, (2) the available balance of unrestricted liquid funds in the former low-moderate income housing fund, and (3) the available balance of unrestricted liquid funds in the former Commission's non-housing funds. The Successor Agency anticipates making all required payments during fiscal year ending June 30, 2013.

In accordance with the timeline set forth in the Bill (as modified by the California Supreme Court on December 29, 2011) all redevelopment agencies in the State of California were dissolved and ceased to operate as a legal entity as of February 1, 2012.

Prior to that date, the final seven months of the activity of the redevelopment agency continued to be reported in the governmental funds of the City. After the date of dissolution, the assets and activities of the dissolved redevelopment agency are reported in a fiduciary fund (private-purpose trust fund) in the financial statements of the City.

The transfer of the assets and liabilities of the former redevelopment agency as of February 1, 2012, from governmental funds of the City to the private-purpose trust fiduciary fund was reported in the governmental funds as an extraordinary loss (or gain) in the governmental fund financial statements. The transfer of these assets and liabilities as of February 1, 2012, was reported in the private-purpose trust fund as a net extraordinary or loss and as a net extraordinary gain for governmental activities in the government-wide statement of activities.

Because of the different measurement focus of the governmental funds (current financial resources measurement focus) and the measurement focus of the trust fund (economic resources measurement focus), the extraordinary loss (gain) recognized in the governmental funds was not the same amount as the extraordinary loss that was recognized in the fiduciary fund financial statements.

CITY OF SANTA FE SPRINGS
Notes to Financial Statements
June 30, 2012 (Continued)

The difference between the net extraordinary loss recognized in the fund financial statements and the extraordinary loss recognized in the fiduciary fund financial statements is reconciled as follows:

Net extraordinary loss reported in governmental funds - increase to net assets of the Successor Agency Trust Fund	\$ 52,500,881
Capital assets recorded in the government-wide financial statements - increase to net assets of the Successor Agency Trust Fund	1,811,846
Long-term debt reported in the governmental-wide financial statements - decrease to net assets of the Successor Agency Trust Fund	(131,510,110)
Interest payable reported in the governmental-wide financial statements - decrease to net assets of the Successor Agency Trust Fund	(1,963,663)
Unamortized bond issuance costs recorded in the government-wide financial statements - increase to net assets of the Successor Agency Trust Fund	2,315,684
Total extraordinary loss reported in the Successor Agency Trust Fund	<u><u>\$ (76,845,362)</u></u>

NOTE 23 – SUBSEQUENT EVENTS

California Public Employees’ Pension Reform Act

After spending close to a year exploring and debating reforms to public pension systems in California, lawmakers in Sacramento passed Assembly Bill 340 (AB 340) on August 31, 2012. AB 340 known as the California Public Employees’ Pension Reform Act of 2013 (PEPRA) which amends various provisions of the Public Employees’ Retirement Law (PERL) and County Employee’s Retirement Law of 1937 (CERL), was signed into law by the Governor on September 12, 2012. PEPRA will take effect on January 1, 2013. Management asserts that PEPRA will not have a significant impact on the City’s June 30, 2012 financial statements.

City of Santa Fe Springs
Note to Required Supplementary Information
June 30, 2012

NOTE 1 - SUMMARY OF BUDGETARY POLICIES

The budget is prepared by the City Manager in accordance with City Code Section 31.13 and is legally adopted by the City Council. The budget includes activities for the following funds:

- General Fund
- Consolidated Redevelopment Project Debt Service Fund
- Washington Boulevard Redevelopment Debt Service Fund
- Consolidated Redevelopment Project Capital Projects Fund
- Low and Moderated Income Housing Assets Special Revenue Fund
- Community Development Block Grant Special Revenue Fund
- Low and Moderated Income Housing Special Revenue Fund

Budgets for capital projects funds are not presented because they are budgeted on a project life basis. Revisions to the originally adopted budget were made during the year and have been incorporated into the budgetary amounts presented within the financial statements.

The basis for budgeting in the General Fund, Special Revenue Funds and Debt Service Funds is substantially consistent with generally accepted accounting principles, except that payments made on financing leases are recorded as functional expenditures. The lease agreements are not budgeted as a financing source and the acquisition price of the acquired asset is not budgeted as an expenditure.

The legal level of control is considered to be at the fund level since management can reassign resources within a fund without special approval from City Council.

The budget is formally integrated into the accounting system and employed as a management control tool during the year. At fiscal year-end, unexpended appropriations lapse, with the exception of capital improvements. All appropriations for capital improvements are carried forward until such time as the project is completed or terminated by action of the City Council.

NOTE 2 – EXCESS OF EXPENDITURES OVER APPROPRIATIONS

Fund	Amount over Budget
General Fund	\$ 1,589,656
Low and Moderate Income Housing Assets Special Revenue Fund	90

Expenditures in the General Fund exceeded the budget amount because in April 2012, the City issued taxable pension obligation bonds in the amount of \$7,147,000 for the purpose of paying off the side fund obligation in existence for the City's Safety Plan with the California Public Employees Retirement System. In accordance with GASB Statement No. 27, the one-time payoff amount of \$7,027,007 is included as a functional expenditure within the public safety category.

NONMAJOR GOVERNMENTAL FUNDS

Nonmajor governmental funds are reported in the other governmental funds column of the governmental funds financial statements and include the following:

SPECIAL REVENUE FUNDS

State Gasoline Tax

This fund is used to account for gasoline taxes received under Sections 2105, 2106, 2107 and 2107.5 of the Street and Highways Code. These funds are utilized solely for street related purposes such as new construction, rehabilitation, or maintenance.

Traffic Congestion Relief

This fund is used to account for traffic congestion relief funds received under State Assembly Bill 2928. These funds are utilized solely for street and highway maintenance, rehabilitation, reconstruction, and storm damage repair that provides traffic congestion relief.

County Transit Tax

This fund is used to account for the City's share of an additional one-half percent sales tax, which was approved by the electorate in November 1980, restricted to financing transportation projects. This fund is also used to account for the City's share of an additional one-half percent sales tax, which was approved by the electorate in November 1990, restricted to financing transit projects within the City.

Narcotics Forfeitures/Seizures

This fund is used to account for assets received for direct local law enforcement participation in investigations or prosecutions resulting in a forfeiture.

Art In Public Places

This fund is used to account for Heritage Artwork Program fees imposed upon new development at one percent of the building permit valuation for the purpose of increasing public art and providing art educational programs.

Air Quality Improvement

This fund is used to account for additional motor vehicle registration fees imposed by the South Coast Air Quality Management District to finance the implementation of mobile source emission reduction programs and the provisions of the California Clean Air Act.

NONMAJOR GOVERNMENTAL FUNDS (CONTINUED)

Street Lighting Maintenance District

This fund is used to account for revenues received and costs incurred for street lighting services in selected areas within the City. Funds are derived from property-related assessments collected by the County. Financing for the district is provided by assessing areas of benefit under the 1972 Lighting and Maintenance District Act.

Heritage Springs Street Maintenance District

This fund is used to account for revenues received and costs incurred for street maintenance and repair services in selected areas within the City. Funds are derived from property-related assessments collected by the County. Financing for the district is provided by assessing areas of benefit under the 1913 Municipal Improvement Act.

Public Safety Augmentation

This fund is used to account for the City's share of the one-half percent sales tax, which was approved by the electorate in November of 1993. The proceeds are earmarked exclusively for public safety purposes.

Supplemental Law Enforcement Services

This fund is used to account for a State of California block grant providing for community oriented policing programs. The funds are to be spent on new programs supporting "front-line" law enforcement activities.

Community Development Block Grant

This fund is used to account for expenditures funded by the Community Development Block Grant Program authorized by Title I of the Housing and Community Development Act of 1974 for the purpose of developing viable urban communities, including decent housing and suitable living environment and expanding economic opportunities, principally for persons of low and moderate income.

Community Development Block Grant Program Income

This fund is used to account for the receipt of repayments received by the City from loans funded by the Community Development Block Grant program. These funds may be retained by the City but must be expended under the Community Development Block Grant program.

Villages Service District

This fund is used to account for revenues received and costs incurred for incremental police and fire services in a specific Mello-Roos district within the City. Funds are derived from property-related assessments collected by the County. Financing for the district is provided by assessing areas of benefit under the Community Facilities District Act of 1982, commonly known as Mello-Roos.

NONMAJOR GOVERNMENTAL FUNDS (CONTINUED)

Low and Moderate Income Housing

The Low and Moderate Income Housing Special Revenue Fund is used for providing safe and sanitary dwelling accommodations in the City available to persons of low and moderate income.

CAPITAL PROJECTS FUND

Washington Boulevard Redevelopment Project

This fund is used to account for financial resources segregated for the acquisition of and rehabilitation of capital facilities within the Washington Boulevard Redevelopment Project Area.

FIDUCIARY FUNDS

Fiduciary funds are used to account for resources held for the benefit of parties outside the government. The resources of fiduciary funds are not available to support the City's programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

AGENCY FUNDS

Section 8 Rental Assistance Program Fund

This fund is used to account for the deposit of monies from the Federal Department of Housing and Urban Development for the City's Housing Assistance Payment Program authorized under the United States Housing Act of 1937, with the objective of providing decent, safe, and sanitary housing for eligible families pursuant to Section 8 of the Act. The Program is administered by the Housing Authority of the County of Los Angeles, California.

Assessment Districts Fund

This fund is used to account for special assessments received by the City as agent for payment of special assessment district bonds.

Community Facilities Assessment Districts Fund

This fund is used to account for special assessments received by the City as agent for payment of community facilities district debt and expenses.

Southeast Water Coalition Fund

This fund is used to account for activities in Southeast Water Coalition organized under a Joint Powers Agreement.

NOTE:

In 1978 the voters of the State of California passed Proposition 13 which limited property taxes to a total maximum rate of 1% based upon the assessed value of the property being taxed. Each year, the assessed value of property may be increased by an "inflation factor" (limited to a maximum increase of 2%). With few exceptions, property is only reassessed at the time that it is sold to a new owner. At that point, the new assessed value is reassessed at the purchase price of the property sold. The assessed valuation data shown above represents the only data currently available with respect to the actual market value of taxable property and is subject to the limitations described above.

NOTE:

In 1978, California voters passed Proposition 13 which sets the property tax rate at a 1.00% fixed amount. This 1.00% is share taxing agencies for which the subject property resides within. In addition to the 1.00% general levy, Los Angeles County, Rio College District, Whittier Union High School District, Los Angeles County Flood Control District, and Metropolitan Water District levied direct assessments totaling an additional 14.6%.

The Basic 1% tax rates have been adjusted in prior years to reflect the correct allocation of the 1% rate.

Total debt applicable to the limit as a percentage of debt limit	0.0%	0.0%	0.0%	0.0%

NOTE:

The Government Code of the State of California provides for a legal debt limit of 15% of gross assessed valuation. However, this provision was enacted when assessed valuation was based upon 25% of market value. Effective with the 1981-82 fiscal year, each parcel is now assessed at 100% of market value (as of the most recent change in ownership for that parcel). The computations shown above reflect a conversion of assessed valuation data for each fiscal year from the current full valuation perspective to the 25% level that was in effect at the time that the legal debt margin was enacted by the State of California for local governments located within the State.

¹The City issued pension obligation bonds during fiscal year 2011/2012

With the implementation of GASB Statement No. 44, the City began reporting this data in fiscal year 2005-06. The City was also able to retroactively obtain the data for fiscal year 2004-05. Therefore, only eight years are presented.
