

CC/LT Annual Meeting Postponed

The Scituate Conservation Commission and the Scituate Land Trust regret that our joint Annual Meeting (originally scheduled for April 14) must be postponed due to the coronavirus pandemic. While we hope that you can occasionally get out and enjoy the spring weather, please observe all national, state, and local guidelines to prevent the virus from spreading. The Rhode Island Land Trust Council has provided this helpful information:

["How to Walk Outdoors Safely During COVID-19"](#).

Please note that by Town ordinance no animals of any kind are allowed on Tasca Field and the other athletic fields. This is particularly important at Lawton Farm, where during nesting season (April 1 through August 31) no dogs are allowed and access is limited to perimeter trails. Our local police have been notified and will monitor.

Please stay well and stay safe.
