Attachments: Weekly Update - FIRE

Council,

Here are this week's items:

- Interlocal Agreements – We have draft interlocal agreements from Skagit County for probation and community court that we will be bringing forward for your consideration over the next few months. We are also working on a draft interlocal agreement to temporarily share personnel and equipment with Sedro-Woolley School District, and possibly other public jurisdictions (it would be expandable).
- Summer Intern – Alaina O'Regan began volunteering for us this week. She is serving with us full-time and working on a variety of impactful projects across the organization. Alaina is a 2019 Sedro-Woolley High School graduate and is entering her senior year at the University of Oregon, where she is majoring in political science with a focus on pre-law and environmental studies. We'll introduce Alaina at a future City Council meeting. Her work space is on the second floor of City Hall, just outside my office.
- Weekly Update from the Fire Department – There is an update from the Fire Department in the attached email.

Thanks,

Charlie Bush
