1. First Quarterly 2023-2028 Strategic Plan Update

Charlie Bush City Administrator gave a presentation and update on the three action goals that the departments are working on.

- 1) Increase parks and recreation usage by residents and tourists.
- 2) Improve the City's economy.
- 3) Continue city's growth model where lots on the edge of town are primarily zoned single family, with missing middle housing interspersed in the primarily single-family residential zones. Future growth will be accommodated through a combination of urban growth area expansion to the north as necessary per a land capacity analysis, infill in existing residential neighborhoods and accommodating higher densities in commercial zones (where commercial is the primary use on the main floor).

More information on the first quarter strategic plan update is included in the packet.

2. Strategic Discussion

There was lengthy discussion, comments and questions regarding the Planning and Business Development Committee strategic goals. There was a request for a special meeting to discuss the strategic plan. The meeting will take place April 13, 2023, at 5:30PM in the City Council Chambers.

Adjournment

The meeting was adjourned at 6:42 P.M.
