 No bags in cart.

Glass

ACCEPT:

- Food and beverage bottles & jars

DO NOT ACCEPT:

- Window glass
- Ceramics, china
- Drinking glasses

empty and rinse

Some stuff just doesn't belong in your recycling bin...

Plastic bags

Plastic bags, film and wrap are the **#1 contaminant**. Keep recyclables loose in the bin and take plastic bags back to store drop-offs. See below.

Sharps

Needles, lancets and syringes are the **#1 safety concern** for sorting staff. Do not throw sharps in recycling or trash. Visit: dnr.wi.gov and search "Sharps Collections".

Yuck

Liquids, food and trash contaminate good recyclables. Empty and rinse containers; compost food scraps and throw trash in the garbage.

Tanglers

Cords, chains and wires wrap around sorting equipment creating unnecessary maintenance. Take these items to e-waste collectors or scrap metal dealers.

Textiles

Clothing, towels and bedding wrap around sorting equipment creating unnecessary maintenance. Donate textiles, or if wet and moldy, throw them in the garbage.

PLASTIC FILM & WRAP...recycle it at participating stores, NOT in your curbside recycling

Find drop-off locations at PlasticFilmRecycling.org

Also look for any packaging with this How2Recycle label
