#### PUBLIC COMMENT

Gretchen Asher of 6804 Harvest Court stated she attends South Lyon East and she is a co-founder and co-leader the South Lyon Students Demand Action. She stated on behalf of the Moms Demand Action of Macomb County and Oakland County, and Students Demand Action, she thanked the Mayor and Council for their support in declaring June 7th as National Wear Orange Day, in honor of National Gun Violence Awareness Day. She further stated in 2013, fifteen-year-old Hadiya Pendleton was shot and killed as an accidental casualty of gang violence. She stated her friends refused to stay silent on her death as well as many others. Her friends started this national holiday to celebrate her life and raise awareness. Ms. Asher stated every day 100 people are killed with guns and guns are the second leading cause of death for American children and teens. She stated since the Columbine shooting in 1999, 26,000 teenagers have been killed by guns. Although highly politicized, this is not a right of left issue, it is a life or death issue. Wear Orange Day is an opportunity to honor all the victims of gun violence and raise awareness and end the gun crisis in America. She then thanked the Mayor and Council again, for their support.

Erin Cottingim of 601 South Lafayette stated thanked the group of young people that are here for taking a stand together to show they want a change. She then thanked the City government for listening. She stated people want to make a change to prevent gun violence. People are coming together from around the world with a simple message. There is more we can do. She is asking Council to add an Ordinance to ban guns from the schools as well as open carry unless they are held by a trained Policer Officer. She stated people assume that guns are not allowed in schools, but she found out that is not true. On her daughters last day at Sayre Elementary and she went to pick her up, there was an angry man there with a gun. He was upset parents were parking on his lawn. He had a gun in a holster out in the open. Our summer and summer of friends and families could have been very different. Simply by one mistake. Luckily nothing happened and everyone was fine. Nothing besides intimidation and fear came from his actions. She was shaken to the core knowing there was a man with a gun in her daughters' school. She stated we have to teach our children to turn the lights off and be quiet. She stated when we were in school, we learned how to stay safe from storms. Ms. Cottingim stated the most shocking part is that the man was within his rights of this state and City because he had a permit to do so. She is asking the City to put an Ordinance in place to prohibit all guns from schools unless a police officer. The City can make a headline for sensible change.

Amber King of 791 Westbrooke stated on Sunday June 2<sup>nd</sup> at 1:00 p.m. they are having a ribbon cutting celebration for the new children's expansion grand opening the library.

Ryan Cottingim of 601 stated he wanted to applaud the students for doing what they did and asked them to continue to engage with government. He also applauded Council for the proclamation. He stated he would also ask that council listens to what people have to say. He stated we need to be proactive. Mr. Cottingim stated he cannot believe that after all the concerns Council had at the last meeting that the survey was passed out to businesses. He further stated he doesn't understand it, it seemed it was a draft for everyone to work on, but then he was told the survey was handed out to the downtown businesses.

#### **DISCUSSION- Downtown**

Bob Donohue stated the third panel for the Farmers Market sign will be going up shortly. He stated we have 36 sponsors and we will change it out every few weeks. We will be getting our first over the road 5-28-19

banner and we will have it for Motorfest. He stated they had some issues getting the hardware for the banner, but we found a company where we can buy them. Mr. Donohue stated the new trash cans will be will be exchanged shortly. He further stated the cans on the light posts will be removed. Mr. Donohue stated we had an issue with the flowers during the last few years. He stated we are now going with Donahee Farms as our new supplier. The owner of Donahee Farms will advise the DPW on how often and when they should be watered and fertilized. He further stated the DDA agreed to fund the flower pots that will be on the sidewalks.

Councilmember Richards stated the reason the flowers die is because there isn't enough dirt in the pots and the air kills the roots. Some aren't suited for the reflection off the cement. Mr. Donohue stated they think they have found the solution. Councilmember Kurtzweil stated the problem is leeching, the nutrients are being washed out and they were the wrong kind of plants. Further discussion was held regarding the flowers in downtown South Lyon.

Councilmember Kennedy asked about where the survey stands live has given his opinion, but he wants to know the process to ensure they get the information requested by Council. He wants to make sure this isn't just a DDA initiative. Mr. Donohue stated from day one it was meant for all 350 businesses. The goal is to ensure we are providing adequate service and improve service if possible. Councilmember Kennedy again asked the process for developing the survey. Mr. Donohue stated that was a first draft, and he thought it was a good opportunity to get ideas at the monthly business and property owners meeting. He further stated we don't want to give a draft to all 350 businesses, we are trying to get input from all Councilmembers as well as business owners. The process is to look at other surveys, and after all the input, by the end of summer or early fall we will find the best way to design it and to disburse it. Councilmember Kennedy stated that isn't aplan, that is a hope. He isn't hearing clear and concise information. He stated so far, he has seen input from the nucleus of the DDA, and he isn't sure why we are soliciting information from the businesses first. He further stated originally when this was discussed, we said we would have the survey in weeks, now it will be by the end of summer. He stated he wants a quality product and to do that, someone needs to get a clear concise thought on getting it done. Mr. Donohue stated the draft is being shared with Council and he wants comments and input from all Council. not just one or two. Councilmember Kennedy stated when we are looking at a plan, we should have a certain amount of activities that should take place in a certain amount of time, and if those activities don't take place, we need to know what the corrective action would be. Councilmember Parisien stated she agrees, there should be a deadline for council input, as well as a deadline for it to be complete. Mr. Donohue stated he will set up a timeline and communicate that to the City Manager. Further discussion was held regarding the survey.

Councilmember Kurtzweil stated she was told the vacation pay was budgeted for \$30,000 but when you look at the buyout but she found out the number was much higher, approximately \$45,000 or \$50,000. It will be an historic event and if anyone is interested, they should contact the Greater West Bloomfield Township Historical Society.

Councilmember Parisien stated petitions are available for running for Mayor and Council and she encourages anyone that is 18 years or older with an interest in government, they should try it. We also have many committees and commissions and that is a good way to see how local government works. The petitions are due on July 23<sup>rd</sup> at 4:00
