- 1. Consider second reading of Ordinance to reduce the number of Planning Commission members from 9 to 7 and bring the division into compliance with the Michigan Planning Enabling Act.
- 2. Consider second reading of Ordinance to increase the value of purchases requiring City Council approval and competitive bidding and clarify purchasing authority in emergency circumstances
- III. Budget
- IV. Discussion-Downtown
- V. Manager's Report
- VI. Council Comments-
- VII. Adjournment

CITY OF SOUTH LYON REGULAR COUNCIL MEETING AUGUST 28, 2017

Mayor Galeas called the meeting to order at 7:30 p.m. Mayor Galeas led those present in the Pledge of Allegiance

Mayor Galeas stated Councilmember Parisien is absent and Department Head Bob Martin is on vacation.

PRESENT: Mayor Galeas, Councilmembers: Kivell, Kramer, Kurtzweil, Ryzyi and Wedell Also Present: City Manager Ladner, Chief Collins, Chief Kennedy, Attorney Wilhelm and Clerk Deaton Absent: Councilmember Parisien

CM 8-1-17 MOTION TO EXCUSE ABSENCE OF COUNCILMEMBER PARISIEN Motion by Wedell, supported by Ryzyi

Motion to excuse absence of Councilmember Parisien VOTE: MOTION CARRIED UNANIMOUSLY

MINUTES

<u>CM 8-2-17 MOTION TO APPROVE MINUTES AS PRESENTED</u> Motion by Ryzyi, supported by Kurtzweil Motion to approve minutes as amended VOTE: <u>MOTION CARRIED UNANIMOUSLY</u>

BILLS- None

AGENDA

Councilmember Kivell stated he would like to remove the appointment of Erin Kopkowski to the Planning Commission until the first meeting in September when we have a full board. Councilmember Ryzyi stated he is fine with voting on this tonight, he will approve this appointment. Mayor Galeas stated he has no problem waiting until the next meeting.

<u>CM 8-3-17 MOTION TO POSTPONE APPOINTMENT UNTIL NEXT MEETING</u> Motion by Kivell, supported by Kramer Motion to postpone appointment to Planning Commission until the next meeting VOTE: <u>MOTION CARRIED UNANIMOUSLY</u>

<u>CM 8-4-17 MOTION TO APPROVE AGENDA AS AMENDED</u> Motion by Kivell, supported by Wedell Motion to approve the agenda as amended VOTE: <u>MOTION CARRIED UNANIMOUSLY</u>

PUBLIC COMMENT

Ashley Enstad 1104 Chestnut Lane stated she is running as a write in candidate for Mayor. She stated she has received incredible support. She stated she has a double major from MIT, is a software engineer and 8/28/17

she is from the Midwest and has Midwest values. She further stated her goals are to focus on the City's finances and budgeting process. She stated she wants to focus on grants to develop Volunteer Park and downtown. She stated securing the funds to develop the park will benefit our sporting community. Ms. Enstad stated she is also very sensitive to the needs and concerns of the senior citizens. She stated we need to find budget solutions that doesn't tax our seniors. She will always be mindful of our seniors and their contribution to our community. She further stated she is a proponent of voting to maintain People's Express and funding for the Center for Active Adults. She stated everyone on Council has made great contributions to the City and she wants to build upon their successes and complete their vision for the City of South Lyon such as fiscal strength, an economically viable downtown and the development of Volunteer Park. She further stated as an engineer she isn't bothered by different personalities, she can sift through the emotions, weigh the facts, analyze the arguments and find a solution that works for everyone. She stated she has a steady hand and believes each person has intellectual merit in public debate. She stated she is very qualified to be the City's Mayor. Ms. Enstad thanked Councilmembers Wedell, Kramer and Mayor Galeas for their service to the City and wished them luck transitioning away from public life. She further stated if she becomes Mayor she hopes they will be available to her to consult on matters that have a special interest to them.

Swearing in of New Firefighters:

- 1. Dan Laitinen
- 2. Austin Dziurgot
- 3. Cain McGowan

Chief Kennedy stated we do a lot of regional training which is indicative of the great mutual aid we have. He stated they have completed 300 hours of practical and written training and he is happy to have them part of our team. Clerk Deaton swore in the 3 new firefighters. Mayor Galeas congratulated them.

OLD BUSINESS- None

NEW BUSINESS

1. Appointments/resignations from boards and commissions a. Resignation of Dan Pelchat from Cable Commission

CM 8-5-17 MOTION TO ACCEPT RESIGNATION

Motion by Ryzyi, supported by Kurtzweil

Motion to accept resignation of Dan Pelchat from the Cable Commission with thanks

VOTE:

MOTION CARRIED UNANIMOUSLY

b. Appointment of Bob Martin to Historical Commission

Mayor Galeas stated he would like to appoint Bob Martin to the Historical Commission

CM 8-6-17 MOTION TO APPOINT BOB MARTIN TO HISTORICAL COMMISSION

Appointed by Mayor Galeas, supported by Wedell Appointment of Bob Martin to the Historical Commission VOTE: <u>MOTION CARRIED UNANIMOUSLY</u>

2

c. Appointment of Linda Graham to Cultural Arts Commission

CM 8-7-17 MOTION TO APPOINT LINDA GRAHAM TO THE CULTURAL ARTS COMMISSION

Appointed by Mayor Galeas, supported by Kramer Appointment of Linda Graham to the Cultural Arts Commission VOTE: <u>MOTION CARRIED UNANIMOUSLY</u>

Councilmember Wedell stated one of the reasons we wanted Bob on the Historical Commission is because of the concerts in the park series. Bob has always handled the concerts and has done it very, very well. He further stated it is our intent to continue the program along with anything else he will bring to the table. Mayor Galeas stated the concerts have always been Bob's passion and he has done a great job bringing in the bands.

2. Consider designating an alternate to SEMCOG

City Manager Ladner stated Councilmember Wedell is our delegate, but it was brought to her attention that we also need an alternate. She stated she has attended SEMCOG meetings in the past and is ok with being the alternate. Councilmember Wedell stated he thought there should have been a delegate and an alternate named after the last City Election. Councilmember Kurtzweil asked if Councilmember Wedell could continue as the delegate even if he isn't running for Council again in November. Councilmember Wedell stated he thinks the delegate should be someone on City Council and he is not running again. Councilmember Kramer stated he thought he was appointed as the alternate. Councilmember Kivell stated he thinks it will be appropriate to appoint someone for both positions after the Election.

CM 8-8-17 MOTION TO DESIGNATE THE CITY MANAGER AS ALTERNATE DELEGATE

Motion by Ryzyi, supported by Kramer Motion to designate the City Manager as alternate delegate for SEMCOG MOTION CARRIED UNANIMOULSY

VOTE:

3. Consider approval of Witch's Hat Run

Chief Collins stated the route is the same as in prior years, the roads to be closed are 11 Mile and Martindale Road. He further stated the correct date is the 9th of September.

CM 8-9-17 MOTION TO APPROVE ROAD CLOSURES FOR WITCH'S HAT RUN

Motion by Kramer, supported by Ryzyi

Motion to approve road closures for the Witch's Hat Run on September 9, 2017 as requested VOTE: <u>MOTION CARRIED UNANIMOUSLY</u>

4. Consider approval of road closures for Pumpkinfest Run

Chief Collins stated this is an agenda item because it is a separate event from the Pumpkinfest Parade and we recommend approval.

CM 8-10-17 MOTION TO APPROVE ROAD CLOSURES FOR PUMPKINFEST RUN

Motion by Kramer, supported by Ryzyi

Motion to approve the road closures for Pumpkinfest Run on September 23, 2017 as requested

VOTE:

MOTION CARRIED UNANIMOUSLY

5. Consider first reading of Ordinance to reduce the number of Planning Commission members from 9 to 7 and bring the division into compliance with the Michigan Planning Enabling Act.

City Manager Ladner stated the Planning Commission has struggled to fill their vacancies in the past several years and even if Ms. Kopkowski is appointed, that will still leave 2 vacancies. State Law allows us to have a 7-member Commission instead of 9. She stated by lowering the number required it will help with getting quorum for meetings. Councilmember Kivell stated this is a practical solution but it is a shame we can't get more people with different ideas. Councilmember Kurtzweil stated the Ordinance does permit us to have someone that is allowed to be outside of our jurisdiction as long as they are a registered elector of a town close by. City Manager Lander stated we currently have someone that is outside of the City limits. Councilmember Ryzyi stated this is a practical solution and doesn't seem to be controversial.

<u>CM 8-11-17 MOTION TO APPROVE THE FIRST READING OF THE ORDINANCE TO REPEAL</u> THE EXISTING AND ADOPT A NEW DIVISION 4 IN CHAPTER 2 ARTICLE V

Motion by Ryzyi, supported by Kramer

Motion to approve the first reading of the ordinance to appeal and adopt a new Division 4, in Chapter 2, Article V of the code of ordinances for the City of South Lyon changing the number of Planning Commission members from 9 to 7 people.

VOTE:

MOTION CARRIED UNANIMOUSLY

6. Consider first reading of Ordinance to increase the value of purchases requiring City Council approval and competitive bidding and clarify purchasing authority in emergency circumstances

City Manager Ladner stated she and Attorney Wilhelm have been working on cleaning up our purchasing ordinance. She stated this Ordinance does not change the need for Council approval for different projects. She further stated this will also change the threshold for purchases from \$2,000 to \$5,000. City Manager Ladner stated this also increases the value of purchases requiring competitive bidding from \$5,000 to \$10,000. Councilmember Kivell stated he prefers that the City Manager approves prior to any of that being conducted. He further stated the change from \$5,000 to \$10,000 is ok with him as long as it is a budgeted item. Attorney Wilhelm stated the City Manager is designated as the purchasing agent in the current ordinance and that isn't changing. Councilmember Wedell stated everything needs to go through the City Manager, she is the gatekeeper of the budget. Further discussion was held regarding the current ordinance. Councilmember Kramer stated he wants to make sure if a Department Head wants to make a purchase the City Manager is aware and can make sure the process is followed so the City Manager can make sure everything is done properly and she can make the final judgement call. Attorney Wilhelm stated he can work with the City Manager to make sure a procedure is in place. Councilmember Kivell stated the idea of them having to get approval to submit for bids, it is good practice for communication and informing the City Manager that is what they want to do, but if they are solid enough that it is something necessary they should be able to put all the package together then give that to the City Manager. Councilmember Ryzyi stated there are always two readings and if this is passed tonight, it may not be the final version. We can make any changes that are needed then vote on this again. Councilmember Kurtzweil stated in Section 2-222 she is not in favor of the purchasing agent soliciting advice verbally. Attorney Wilhelm stated the request can be verbally, but the quote or bid must be in 8/28/17

writing. Councilmember Kurtzweil stated the language is a bit ambiguous and it may need to be clearer. Attorney Wilhelm stated he will look at the terminology before the next meeting. Councilmember Kivell stated it should state no action will be taken without the bid in writing.

<u>CM 8-11-17 MOTION TO APPROVE THE FIRST READING OF THE ORDINANCE TO AMEND</u> ARTICLE VI PURCHASING CHAPTER 2- ADMINISTRATION

Motion by Kramer, supported by Kurtzweil

Motion to approve the first reading of the ordinance to amend the purchasing ordinance- Article VI- purchasing, Chapter 2- Administration of the Code of Ordinances of the City of South Lyon as presented

VOTE:

MOTION CARRIED UNANIMOUSLY

7. Consider alternatives for contracting for interim Class B Operator Services

Jesse VanDeCreek of HRC stated with the departure of the Class B Operator from the WW plant, the goal is to enable Council to coordinate the search process for a new WW Superintendent with a Class B license. He stated we identified 3 alternatives for Council to consider. One is a shared services agreement. He stated it is not uncommon for people that have a Class B license to have their own LLC business because due to the high demand, they sometimes work for more than one community. He stated unfortunately the people they contacted declined the opportunity due to time/work load, personal or potential conflict of interest reasons.

Mr. VanDeCreek stated the second alternative is to contract with a private company such as HTI (Highland Treatment, Inc). He stated HTI currently works with Milford, Lyon and Green Oak Townships. He further stated the hourly rate for them is \$90,00 and their services can be terminated with 24 hours' notice. He stated this is only to provide the Class B Operator at the facility, this position is not a supervisor, or superintendent. He stated they have been around for 45 years. Mr. VanDeCreek stated they are the closest proximately to provide those services to the City. He stated this is a quote, not a contract.

Mr. VanDeCreek stated the third option is interim intergovernmental coorporation with OCWRC (Oakland County Water Resources Commission). They maintain many other plants, such as Pontiac. They told him South Lyon is going to have a hard time finding Class B Operators, they have been trying to hire more operators for 2 years. He stated they are interested in helping the City and they said the services will be at cost. He further stated the information is in legal review right now. He stated he recommends the City to contract with HTI. He stated he suggests Council allow them to continue working with OCWRC in case that is needed, but HTI will be able to cover right now. Mayor Galeas asked if the current people at the WW Plant are potential candidates for this. City Manager Ladner stated the way the program is laid out, we are still 2 years away from a current employee having the Class B License. Mr. VanDeCreek stated it is very challenging to get this license. He stated this is a highly desirable position right now and people like Oakland County can't fill. He stated they have offered to help us, but the stop gap measure is to move forward with HTI.

Councilmember Kurtzweil stated she wants to disclose she has a conflict with HTI and she let the City Manager and Attorney know. She stated she doesn't know if she needs to disclose the nature of the conflict, but she cannot vote or discuss anything with HTI. Councilmember Ryzyi stated there are a few things that stood out. One was when you said you contacted Oakland County and they said the soonest we could get someone was 2 years for the license. He further stated that is a sign these positions are in high demand and it is very specified and specific. He stated with the hourly rate of \$90.00 there may be a range of 40 hours a month, and what stood out is if this takes a year, it could cost us close to \$40,000 and 8/28/17 that is obviously less than what we were paying Bob. He further stated for that type of skilled position this is a steel. He then asked if the City Manager is comfortable taking over the work. City Manager Ladner stated in the short term yes, but long term we will need someone to be out there day in and day out. She stated she met with all of the departments last week and she will be overseeing things. Councilmember Ryzyi stated this is very important, water is a very sensitive topic and to have someone with that technical ability and he thanked HRC for getting someone on such short notice. He further stated we trust the City Manager to run the City day to day and he is very comfortable with this.

Councilmember Kramer asked how the search for a full-time replacement is going. City Manager Ladner stated we are waiting until the beginning of September because we will have new-hire retirement options to bring before Council. Councilmember Kramer asked what the salary range for a Class B employee will be. Mr. VanDeCreek stated it will vary, depending on the size of the wastewater plant. He further stated he can work with Lynne and we can utilize MML and MWA and bring back the information. He stated he has found that these employees aren't out there, there is a significant gap with the current generation. Mr. VanDeCreek stated we will need to hire a Class B Operator and/or a superintendent. He is finding the hybrid like Bob Martin that can be the license holder, a budget person and a superintendent is very hard to find. He stated you may have to hire 2 people. Councilmember Kramer stated his concern is Bob had a plan for a few more years until one of his guys got a license, and now we may have to hire 2 people and he is concerned what this will do to our budget the next couple of years. Councilmember Ryzyi sated they won't be full time with benefits and pension so he isn't worried about it at all. Councilmember Kramer stated we will be paying someone up to \$40,000 without anyone doing the supervisory duties or the budgeting. Councilmember Kivell stated we may need 3 people to take Bob's place and that illustrates what a huge loss it is. Councilmember Kurtzweil stated she remembers a year ago we talked about succession plans for the City. She stated students aren't taking biology, lab work, or science classes anymore. She stated if you understand the demographics of where the work force is going this was foreseeable. The City didn't plan well enough for this day and we have to realize we have a changing workforce that is out there and it will be a budget issue that will have to be handled. Councilmember Ryzyi stated retirements are nothing new and Bob was a hot commodity and for him to leave and advance his career and get his pension is good for him. Councilmember Kramer stated Bob took a pay cut, how is that advancing his career. Mayor Galeas stated when you have someone that is in our ranks and they will have a license B in two years, doesn't mean they will not go elsewhere, we will have to make sure we make them want to stay. Councilmember Kivell asked what the time frame is for Oakland County to let us know if they can assist us. Mr. VanDeCreek stated it appears it is a staffing question, they recently took on Pontiac, and they haven't been able to hire additional Class B Operators. He stated they normally take over the entire plant, we only want someone to assist with the Class B Operator. He further stated sometimes they require a 6-month agreement. Councilmember Kivell stated there may be an obligation of 20 hours that the State requires, but it may be more than that. Mr. VanDeCreek stated the operator will be putting the license on the line by filling out the paperwork. He stated the City's plant is terrific, no violations, this should be relatively easy to run, but when he discussed this with them, to some degree the person will be at the mercy of the regulatory folks to ensure they spend enough time at the plant. The DEQ stated they were thinking 2 hours day. Councilmember Kivell stated the licensee will be giving Lynne the rundown of what needs to take place. Mr. VanDeCreek stated the person we are looking for will run the monthly operating reports. He stated the interim will report to the City Manager and confirmed the existing staff will be running the plant, but the licensee will verify and submit the reports to MDEQ. Mr. VanDeCreek stated he expects the staff has the professionalism and experience that they will be fine running the plant. City Manager Ladner will be the interim superintendent, the existing operations will be handled by the current staff. Councilmember Kramer 8/28/17

asked how the billing will be done. City Manager Ladner stated she believes it will be monthly. Councilmember Kramer asked if the other communities using HTI have contracts with them. Mr. VanDeCreek stated they do not, they have an hourly rate agreement, no contracts. He stated the other communities actually use HTI to run the entire plants. Councilmember Kramer stated he is concerned about the additional work this will put on the City Manager. Mr. VanDeCreek stated he cannot stress enough the importance of finding a hybrid and to offer a good package. Councilmember Wedell stated he appreciates the research and he agrees option 2 is the best plan for now. He further stated we have trained staff to keep the plant running. He stated his concern is the hiring process going forward. City Manager Ladner stated we have the job description, she will work with HRC to make sure the required skills are correct and she will follow through with the ad after we have the information from MERS to see what benefits Council wants to offer to the new employee. She wants to make sure we have a comprehensive employment plan for Bob's replacement.

Councilmember Kurtzweil stated this is almost the same position we were in many years ago when the 2 positions were combined. She asked if anyone in the department could be promoted. City Manager Ladner stated we have very good employees and foremen for day to day operations, but they don't have experience with budgeting and payroll. She stated it doesn't mean they can't be trained to do so, but no one is ready to step into that position at this time. Councilmember Ryzyi stated he doesn't know the ins and outs of the water treatment plant but he can imagine it is very complex. He stated he believes in promoting from within and we have very skilled employees and if they can run a plant, they can work on a budget. He further stated Jesse did a good job on this and this is a good plan in place. City Manager Ladner stated she is asking Council to allow her to contract either intergovernmental or on an interim privatized basis with an amount not to exceed \$5,000 per month. She doesn't believe it will exceed \$3600.00 but she would like to give OCWRC time to look at the agreement.

<u>CM 8-12-17 MOTION TO AUTHORIZE CITY MANAGER LADNER TO PURSUE OPTION 2 FOR</u> <u>PRIVATIZED SERVICES NOT TO EXCEED \$5,000 A MONTH AND TO SIGN AN AGREEMENT</u> WITH OCWRC IF DECIDED

Motion by Ryzyi, supported by Kivell

Motion to authorize the City Manager to pursue option 2 for privatized services and begin discussions with HTI to not exceed \$5,000 a month and authorize the City Manager to sign an agreement with OCWRC

ROLL CALL VOTE:

Kivell- Yes Ryzyi- Yes Galeas- Yes Wedell- Yes Kramer- Yes Kurtzweil- Abstain MOTION CARRIED

BUDGET

Councilmember Kurtzweil stated she met with our Bookkeeper Lori Mosier who was excellent and she thanked her for her time. She stated she received some emails about the unfunded pension liability. She stated there is no answer, it is important that we are beginning to talk about it. She further stated you can solve it on the revenue side by raising taxes through a mill to increase the operating mill in the budget or a designated mill solely for public safety which would have to be a voter initiative solution. She stated you can solve it by raising taxes, but you have to take into consideration the senior community. The additional way is the expenditure side of the budget by cutting a little from DPW and all other budgets but 8/28/17

you have to look at each department and the reason the Police Department was mentioned because their current budget is 2.5 million and that is 46% of our budget. In 2018-2019 it will be 49% of the budget. She said this is just an option, dissolve the Police Department and contract with Oakland County Sheriff office, or ask the Chief to find about \$600,00 in cuts from the budget which that could then be used toward the unfunded pension liability fund. Or you can do a hybrid. She stated she hopes Council will reach out to the community and the senior community is the most impacted. She further stated we need to start talking about this problem and working toward solving it. Councilmember Kurtzweil stated the community should have some role in the way we find a solution. She stated she wanted to bring two issues to Council, one is overtime and why it is brought up during meetings. She stated she has an article she wants added as part of the minutes. She explained they found there was a Police Sargeant that retired with an \$88,00 pension and his annual salary was \$70,000. Lansing administrators said the overtime increased some of the Police Officers pensions was related to staffing, but it was a scheme that was built into the budget of overtime that was given to certain employees. She stated she spoke with MERS and if you have employees receiving overtime during their last 5 years of employment it goes towards their salary is included in the calculations of their pensions. She stated when the overtime is questioned by Council it is to ensure accountability and because of the interplay of overtime with their pension. She stated we will be paying that for 30 years after they retire. She stated vacation pay is also included in the calculation for their pension. She stated the problem is you have people in the community that will be paying the price for this. She further stated there are legitimate concerns. She will continue to ask questions and move forward with a good pension program that is good for the employees and the taxpayers.

Councilmember Ryzyi stated the common theme is the pensions. He stated the City has to take this on. For the most part, 95% of the workforce doesn't have pensions and it is a very serious issue and it is bankrupting cities. He further stated people are starting to talk about this when you have 50% budget going to the Police Department, the last option to pursue is contracting with Oakland County. He further stated he is not for that, and that would be the worse option. We had a large tax increase that was offset by the school, but as it stands if we don't make cuts we may have to have another tax increase next year. The seniors are hit the hardest. He confirmed with the City Manager that the seniors in Colonial Acres don't receive snow plowing by the City. City Manager Ladner stated their streets are private along with many others in the City. Councilmember Ryzyi stated that is an injustice. He further stated if we have to fix the roads we may have to get a road millage. He stated it is not fair and Council needs to look into this.

Mayor Galeas stated these problems are happening all over the State. The communities around us are growing so their tax base keeps growing, but we don't have that luxury, we are basically built out. He stated he hates raising taxes but if it must be done to cover costs, then we have to. He is very proud of our Police and Fire Departments and being one of the safest cities. We have our own water facility unlike other communities. He stated he hopes the tax payers understand no one wants to raise taxes, but sometimes it must be done.

Councilmember Kivell stated public safety is every City's biggest expenditure, we aren't unique to that. There has been pressure from the State for MERS to look at more rational ways for communities to transition to other plans. We have been looking into this for a while, and we are pursuing things. We haven't been sitting idle, MERS holds all the cards once you are in their membership you are stuck with their rules. He further stated the one saving grace with MERS is retirement is a long-term issue, we can't find a solution that will fix it automatically, but it is something we will set up a program that will square it up over time. Councilmember Kurtzweil stated the issue isn't transitioning right now, it is a given, we have to transition from the City paying 98% of pensions. She stated it does increase at a high rate and dealing with the unfunded pension part needs to be dealt with sooner than later. We need to do something 8/28/17

to start paying this down. She stated she isn't talking about changing the current employee's pensions, she is talking about new hires. She stated the immediate need is dealing with the unfunded pension. She stated this is going to be a constant battle, but we need a plan in place. Councilmember Ryzyi stated to the point of how serious this is, if you look at it as the national debt, it was 4 trillion, now it is 20 trillion and it is being wasted and as the debt rises it doesn't go down unless you work at it. We can talk about how everyone has this plan, but if the State doesn't come in and fix it, the 5 million will keep going up.

DOWNTOWN

Councilmember Ryzyi asked when the Tropical Smoothie business will open. City Manager Ladner stated they had a final inspection scheduled for today so it may open this weekend. Robert Donohue stated he is working on the over the road banners for downtown and we have to get the permits from the Road Commission. Mayor Galeas stated the Fury of the Feast was a crazy successful event and they brought a lot of people into our community. He then asked if the wine bar is still coming in. Mr. Donohue stated they are working on it, but it isn't a done deal. Councilmember Ryzyi stated the car shows, the farmers market and other events are really positive and shows how much is getting done and how much people are taking interest in the City and our events. Mr. Donohue stated the success of the events all goes to our residents.

MANAGER'S REPORT

City Manager Ladner stated she is expecting information from MERS in early September. She reminded everyone of the Farmers Market, the Bridge Walk and Depot Day which is on September 9th. She stated with the retirement of Bob Martin and soon to be retired Chris Regentik she stated the positions must be filled. She stated we will move forward with replacing both of them after the MERS situation is resolved. Councilmember Ryzyi asked if the new hires will be on the pension plan. City Manager Ladner stated she will have different plans for Council to choose from. Councilmember Ryzyi asked if a Cadet could take place of the clerk in the Police Department. Chief Collins stated we do use the cadet to cover lunch hours and such, but there are many things that are required by the State that requires a vetted person and certain skills. He further stated the clerical function is being done by 1 person, back in 2008 we had 2 people. We do the best we can with what we have. He further stated one of the things the Police Department does is lift assist and we do that sometimes more than once a day for seniors that have fallen and can't get up. There may be less of one service for a segment of the community, but they may have more services in other areas.

Councilmember Kivell asked if the City Manager looked into the Lions fund going towards the playground equipment that Parks and Recreation requested. He stated we approved the purchase and we were hoping the Lions Fund will cover the funding. City Manager stated she hasn't seen the purchase order vet.

Councilmember Ryzyi asked City Manager Ladner if she will have the new vacation policy at the next meeting. City Manager Ladner stated she planned on it.

COUNCIL COMMENTS

Councilmember Wedell stated he is glad to see more firefighters being sworn in again today and he doesn't know where Chief Kennedy is getting all the new recruits. He stated they all seem to be well trained and it is a great advantage to us. Councilmember Wedell stated the improved I.S.O rating is a great deal for everyone because it helps lower insurance rates and he thanked Chief Kennedy for his work.

Councilmember Kramer stated he has been asking for a while about the cross walk on 9 Mile. City Manager Ladner stated she is looking into adhoc signals which means when someone walks into the 8/28/17

walkway, the lights light up and it helps tell people to stop for pedestrians. Councilmember Ryzyi stated he would like to praise the Fury for the Feast. He stated not only was it a nice event, it was the partnership with the local businesses. He stated Busch's was there donating food to their customers and that is also an investment in the community. He doesn't think of it as a chain even though it is a large one it speaks of good management on their part. He further stated Gleaners was involved as well and thanks to the Witch's Hat. Councilmember Ryzyi stated he would like to encourage people to sign up for the Witch's Hat run. He stated these events bring in people from other areas. He stated it is a good event. He stated he thinks it is great the number of firefighters Chief Kennedy is bringing in. He stated he wants it noted that we are going into closed session for the negotiation of a collective bargaining unit. He further stated he looked at the contract and one of the themes we have is the budget and the unfunded liability and sometimes there are disagreements with how things can be handled. He further stated the contract in front of us tonight is not taxpayer friendly, but it is employee friendly.

Councilmember Kivell thanked Chief Kennedy for getting more firefighters and he hopes this is a trend. Councilmember Kurtzweil stated she attended the St. Joe's Church picnic and it was well attended. Councilmember Kurtzweil stated she wants to send a huge thank you to the employees of Peter's True Value. She stated she has been buying truck loads of top soil and they were so polite and kind. She stated she wants to thank all of their employees and they are a great store and they are also within the City limits, and she asked everyone to support their local businesses. She stated she attended the Fury for the Feast and it was packed inside and out. She further stated she spoke with people from Ann Arbor, Howell, Brighton, Milford and many others. She stated she has some friends that attended the Melon Fest in Howell a few weeks ago, and the Pumpkinfest was a hot topic. Councilmember Kurtzweil stated she hopes at the next Council meeting which falls on September the 11th we can have a couple of minutes in silence remembering the fallen heroes on September 11, 2001. She further stated all she will say on the union contract is a dairy farmer told her early on in her political career, milk cows, not the taxpayers. Mayor Galeas stated the amount of foot traffic in our downtown has grown a lot. He further stated it is a good thing and to see the new businesses come into South Lyon and fill a void we had is great. He further stated a lot of the businesses are working together. He stated he saw Chief Kennedy in action one day and he thanks him for all he does in the City.

<u>CLOSED SESSION-</u> Closed session under section 8© of The Open Meetings Act, connected with the negotiation of a collective bargaining agreement

CM 8-13-17 MOTION TO ENTER INTO CLOSED SESSION UNDER SECTION 8C OF THE OPEN MEETINGS ACT CONNECTED WITH THE NEGOTIATION OF A COLLECTIVE BARGAINING AGREEMENT

Motion by Kramer, supported by Wedell

ROLL CALL VOTE:

Motion to enter into closed session under Section 8c of The Open Meetings Act connected with the negotiation of a collective bargaining agreement at 9:40 p.m.

Kivell- Yes Ryzyi- No Galeas- Yes Wedell- Yes Kramer- Yes Kurtzweil- No MOTION CARRIED Motion by Wedell, supported by Kivell

Motion to reconvene the regular council meeting at 10:10 VOTE: <u>MOTION CARRIED UNANIMOUSLY</u>

<u>CM 8-15-17 MOTION TO DIRECT THE CITY MANAGER TO RATIFY CONTRACT WITH</u> <u>COLLECTIVE BARGAINING UNIT</u>

Motion by Wedell, supported by Kivell

Motion to direct City Manager to ratify contract with AFSCME collective bargaining unit ROLL CALL VOTE: Kivell- Yes

Ryzyi- No Galeas- Yes Wedell- Yes Kramer- Yes Kurtzweil- Yes <u>MOTION CARRIED</u>

ADJOURNMENT

CM 8-16-17 MOTION TO ADJOURN MEETING

Motion by Kramer, supported by Kivell

Motion to adjourn meeting at 10:15 p.m. MOTION CARRIED UNANIMOUSLY

VOTE:

Respectfully submitted

Mayor John Galeas

Clerk Lisa Deaton

FORtheRECORD...

Cities hurt budgets with police/fire pension spiking schemes, blame state

Got a ticket in Ann Arbor? That cop may have added to his income for the rest of his life

Aug. 14, 2017

The Lansing State Journal did an Aug. 10 story that found some police and fire department employees who had retired with pensions paying more than their base salaries. For example, one police sergeant retired with a \$88,612 pension after earning \$70,093 a year while employed.

Here was the city's response, according to the newspaper: "City>

administrators say the overtime that increased some of the Lansing police and fire pensions between 2010 and 2016 is likely a result of low staffing triggered by decreases in state revenue sharing and fewer qualified people interested in public safety careers."

ForTheRecord says: The city's response deserves scrutiny. It states there was low staffing because of a cut in state revenue sharing, which implies the city couldn't afford to hire enough people.

State-shared revenue for Lansing did drop 2 percent from 2010 to 2016, or from \$14.2 million to \$13.9 million. But cities that point to state-shared revenue cuts as a source of their financial woes often don't give a full picture of their complete budget. In this case, Lansing's revenues increased from \$106.3 million in 2010 to \$122.5 million in 2016 – an increase of \$16.2 million (or 15 percent), above the rate of inflation.

Residents should question whether the phenomenon of some employees retiring with higher pensions than base wages is a symptom of stressed budgeting, as Lansing alleges.

Exhibit 1

It's far more likely to point the finger at the pension formulas that reward city employees for generating more overtime in the immediate years before they retire. That's when that additional money can boost the employee's retirement income significantly in a form of pension spiking that happens across the state.

Lansing is far from the only city that is dealing with spiked pensions.

A similar issue came to light in Ann Arbor when two retired city employees revealed how some police officers were inflating their pre-retirement salaries. They alleged that certain police officers were working the midnight shift and would greatly increase the number of traffic violations they wrote in the few years leading up to retirement. The officers knew that many of the tickets would be challenged in court and they would get additional overtime to appear to testify. City records appeared to support that claim.

One Ann Arbor officer collected an average of \$22,688 in overtime in each of his last three years of employment. Another who retired in 2015 averaged \$22,097 in overtime pay a year during his last three years. Both worked the midnight shift. (By comparison, the average annual overtime of all 72 employees who retired from the Ann Arbor police department from 2009 to 2015 was \$7,743.)

The incentive for overtime pay extends beyond a larger paycheck during the years someone is employed. If those officers worked 25 years, that \$22,000 extra in overtime, when applied to the pension formula, resulted in an extra \$15,125 each year in retirement.

The solution is to have the calculations for public sector pensions based on base salaries only, excluding extra pay in the form of overtime.

MEETING DATE: September 11, 2017

PERSON PLACING ITEM ON AGENDA: City Manager

AGENDA TOPIC: Consider first reading of ordinance amendment rezoning parcel 21-30-126-003, West End Industrial Park, from the I-1 District (LIGHT INDUSTRIAL) to the RM-1District (MULTIPLE-FAMILY RESIDENTIAL)

EXPLANATION OF TOPIC: The City was approached regarding a re-zoning of the parcel currently known as West End Industrial Park. The item was postponed at the July 10th meeting pending the receipt of additional supporting documents. Due to delays by the company to provide the additional information at this time it is requested that the Council once again postpone the issue until October 9th. Take action based upon the information provided previously and including the letter from Richard Linnell regarding this property.

MATERIALS ATTACHED AS SUPPORTING DOCUMENTS: Resolution for rezone 1st reading, letter from CIB explaining the missing documents, letter from applicant responding to questions brought up previously

POSSIBLE COURSES OF ACTION: Approve first reading/Reject first reading/postpone/table

RECOMMENDATION: Postpone until 1st meeting in October

SUGGESTED MOTION: Motion by ______, supported by to postpone until 1st meeting in October

February 7, 2017

Attention: Lynne Ladner, City Manager

City Council City of South Lyon 335 S. Warren Street South Lyon, MI 48178

Subject: West End Industrial Rezoning Request, Dixboro Road, (21-30-126-003) I-1, Light Industrial to RM-1, Multiple Family Residential. Approximately 32 acres located on the east side of Dixboro Road between 9 and 10 Mile Roads.

Dear Council Members:

As you may recall, we are in the process of obtaining a conceptual layout for the above property from ROWE Professional Services to determine the feasibility of developing the site for flexible "business center" space. Thus far the draft plans have not met my approval and I have directed them to provide another revised version. They understand that time is of the essence and we expect to receive the revised plan sometime next week.

Assuming the plan is acceptable, we will then pass it on to Craig Fuller of Fuller Appraisal, LLC for his review and comment. The goal is to better understand the development potential for the site under the current I-1 zoning designation. If that designation is not feasible, then what is the best use of the site given market conditions, access, surrounding land uses, etc.?

Recognizing that this item is back before City Council for action, I respectfully request that it be tabled until the October 9th Council meeting so we can fully investigate the current zoning designation and provide you with more complete information for your decision-making.

Please let us know if you have any questions on this.

Sincerely,

CIB PLANNING

September 6, 2017

VIA EMAIL TO <u>LLADNER@SOUTHLYONMI.ORG</u> Ms. Lynne Ladner South Lyon City Manager

Re: West End Industrial Park (the "Property") 32 acres on Dixboro Road

Dear Ms. Ladner:

This correspondence shall serve as a response to the request made by members of the City of South Lyon City Council at the July 10, 2016 meeting. I think that it is important to briefly review some of the history surrounding the Property.

The Property was originally zoned for residential use. The current owners of the Property thought that if the Property were rezoned for light industrial use, there would be significant demand. Unfortunately, the Property was not located within the City of South Lyon. This thought first occurred to the owners in the late 1990's. In an effort to rezone the Property, the City of South Lyon agreed to annex the Property into the City of South Lyon such that the Property would have municipal water and sanitary sewer. The City Council at that time of application agreed to allow for the rezoning of the Property from residential to light industrial. The owners were happy and immediately sought to develop the Property. The site plan and engineering were approved and subsequently all permits were issued. The site was then developed in 2001.

Over the last approximately sixteen plus (16+) years, the site has sat developed and marketed by various real estate brokers. The real estate brokers that have and currently market the Property are a list of well-established industrial and commercial brokers in metropolitan Detroit including, but not limited, to Collier's International, Real Estate One (Janice Rupp), Grubb & Ellis, and Thomas A. Duke. Despite a desire to sell lots or enter into a build to suit agreement with a prospective tenant or owner, no tenant or owner has ever sought to purchase a lot or enter into a build to suit agreement. Over the time since the Property was developed, the real estate market has seen great times, terrible times, and, as of the last 3-4 years, an active market on the rise (see attached letter from Mark Schafer of Thomas A. Duke). Despite the current market, the Property has sat without suitors.

It should be noted that the owners and their brokers were repeatedly advised by other brokers and potential purchasers and/or tenants that the Property's location added thirty (30) or more minutes to delivery times by adding fifteen plus (15+) minutes to get to the Property from the freeway in each direction as opposed to the many sites located adjacent to the freeway. This added time and cost to multiple daily deliveries. Prospective purchasers and/or tenants also noted that Dixboro Road would need to be improved and that the Road Commission for Oakland County ("RCOC") does not have the road identified for heavy truck traffic (see attached Road Weight Restriction Map). It has been mentioned that other nearby sites have truck traffic and this is true, but the RCOC requires a bond for the usage of the roads for truck traffic. The seller also noted all of the brokers that previously marketed the Property said

2804 ORCHARD LAKE RD | STE 203 KEEGO HARBOR | MI 48320 P: 248.977.4182 F: 248.232.6179

WWW.LINNELLFIRM.COM

that it needed to be changed to residential based on potential buyer feedback during their respective marketing efforts.

Much to the dismay of the owners, this Property has sat all these years while the owner pays taxes and is unable to obtain any purchasers, let alone recoup any of its cost for acquiring the land or improving the land. Since this Property was developed, tens of thousands of square feet of light industrial space located in Lyon Township has been developed, built, rented, and resold for prices that are market rate and better. The property is located in the I96 West Industrial Service District. The submarket (Wixom, Lyon, Milford, South Lyon, Green Oak) has seen tremendous growth during the fifteen (15) plus years that this Property has sat dormant. The residential development in the South Lyon area has boomed, while the industrial market has lagged. This is primarily due to location and lack of infrastructure: factors that cannot be "planned". During that same period of time the current owners have not received any offers. The Property is not desirable given its current zoning.

Landmarc seeks to rezone the Property to a multi-family zoning. This is not the typical rezoning request in that almost all rezoning requests seek to rezone a property from a less intensive use to a more intensive use. In the present matter, Landmarc seeks to rezone the Property from a more intensive use to a less intensive use. This type of rezoning would generally be considered as an attempt to decrease the value of the Property. However, that is not the case as the Property as currently zoned is effectively economically obsolete.

A multi-family use would great a perfect buffer or transitional zoning between the existing light industrial located to the south and to the east and the existing single family residential properties located to the north and to the west (see attached aerial map). Landmarc recognized that this Property would only be viable as multi-family and as such entered into a purchase agreement with the owners. Once the purchase agreement was executed, Landmarc promptly approached the City of South Lyon seeking to rezone the parcel on February 2, 2016 (see attached letter from Landmarc). The City was in the process of discussing a possible update to their existing master plan. When Landmarc approached the City of South Lyon was in the process of reviewing its master plan for the purposes of amending its master plan (see attached correspondence from Carmine P. Avantini). Landmarc was advised by the City of South Lyon to hold off on its request for rezoning until the master plan had been amended.

If the Property were rezoned to multi-family the use would be less intensive with respect to demands on municipal water service, sanitary sewer service, storm water (see attached Utility Usage Letter from engineer Clif Seiber), and vehicular traffic (see attached from Clif Seiber). The proposed units would be ranch style providing empty nesters or seniors already residing in the area with living options near the downtown. The units would also assist with the tax base.

We have reviewed the appraisal provided by Fuller Appraisal, L.L.C. We understand that the job of the appraiser and the conditions and appraiser must operate within given their respective license. We would submit to you that the last fifteen plus (15+) years have proven that the site as currently zoned in obsolete and respectfully requested that the City of South Lyon consider rezoning this Property from light industrial to multi-family residential.

Sincerely, /s/Richard D. Linnell

COMMERICAL & INVESTMENT REALTORS

August 2, 2016

City of South Lyon 335 S. Warren Street South Lyon, Michigan 48178

Attention: Ms. Lynne Ladner, City Manager

Regarding: West End Industrial Park, Proposed change of Land Use 32 acres with approximately 18.25 acres of land available for Industrial Use

Dear Ms. Ladner,

The purpose of this letter is to respond to the letter dated April 12, 2016 from CIB Planning regarding this property. The letter from CIB requested a thorough analysis of why this property cannot be reasonable used for Light Industrial purposes. This letter and Exhibits will provide that analysis.

There are four specific points that are raised in the CIB letter. Each concern will be addressed.

 The CIB letter asserts the absorption rate of industrial buildings has increased since the recession and industrial properties are in demand leading to speculative construction in adjacent communities. This is the case. CoStar research shows the vacancy rate for Industrial properties in the Detroit Market was down to 4.7% at the end of 2015. This is the lowest vacancy rate in the last 15 years. This rate compares to vacancy rate in the mid 13% at the peak of the recession in 2010. The previous low in 2000 when the vacancy rate was just under 6%.

The West End Industrial Park is in the I-96 Corridor of the Detroit Industrial Market. There are currently 8 industrial buildings under construction totaling 821,779 SF in the I-96 Corridor. All of these building are located less than 2 miles from the expressway and average building footprint is over 100,000 SF.

The West End Industrial Park is over 5 miles from the interchange at I96 and Kent Lake and will route all of the truck traffic through downtown South Lyon, since Dixboro does not go through to Silver Lake Road. The distance to US23 is just less than 6 miles. The loop road has been installed and the average Unit size in West End is 1.69 acres. This size of property tends to lead to industrial buildings of less than 12,000 SF. West End does have municipal water for fire suppression which will allow for larger building footprints, but constructing buildings smaller than 15,000 SF have become less popular due the economies of scale associated will larger buildings. Business owners looking for industrial space between 5,000 and 15,000 SF often find it not only more economical to lease, but also find equity requirements higher and financing covenants more stringent than the large industrial buildings located in close proximity to the expressways.

In the fifteen years since the roads were completed at West End, there has been no construction. The lack of interest in this property during this time indicates there are more factors prohibiting interest in the property than just the current economic cycle.

2) The next area of concern is the future use of the land and if the current land use and zoning designations are "reasonable" for the development of West End.

Industrial property users are choosing to locate in South Lyon and they are choosing to locate on property zoned Light Industrial, just not in West End.

Development on Mill Street has progressing and almost all of the property has been developed. As this section of the City of South Lyon matures and development is completed, the need for future industrial land should come from the redevelopment of the excess land surrounding the Tub Mill site on McMunn Street. This land is suitable for redevelopment because of the lack of rail service that initially was the centerpiece of the industrial layout. The lack rail now makes the configuration of the type of structures on this site a prime target for investment on property that is superior in location to West End.

3) The Mill Tube site is the best location for Business Center buildings. The loss of rail access to the property dramatically changes the highest and best use of the site. The area around the Mill has been in demand and will continue to be in demand for smaller service providers that can located in multi-tenant buildings. This location is far superior to West End Industrial for this type of use. The single ownership entity, like the Mill Tube facility, is vested in the success of the community and that has the capacity to redevelop the portion of the property for purpose other than their primary business.

37000 GRAND RIVER 🛛 SUITE 360 🗇 FARMINGTON HILLS, MI 48335

4) It is difficult to identify properties that are in competition with West End Industrial. Kensington Pines Industrial Park in Green Oak Township, was developed prior to West End and was very quickly developed and stabilized with a variety of product types including, incubator, multi-tenant, high tech, warehouse and manufacturing facilities. It offers superior, paved access to the expressway compared to West End Industrial. Despite the fact the adjacent property to the east of Kensington Pines is used for residential purposes, developers and business owners were drawn to the location because of the access to I-96.

Milford Township has an industrial development on Fyke Road (Exhibit A). Fyke is only accessible from Childs Lake Road (unpaved) and has a range of different uses. This development is not highly regarded by industrial users due to the access concerns, lack of Class A road and the excessive wear and tear on equipment caused by the roadways need to access the development. A second development in Milford, Milford Industrial Center, (Exhibit B) was Another Industrial Condominium development was planned in Milford Township, but was abandoned in favor of pursuing larger building footprint users.

Industrial Developments along Grand River (Lyon Industrial, Grand Oaks and Quadrants Park) all are doing well because of the access and visibility to I-96.

The lack of access to and from West End Industrial via a through thoroughfare (Dixboro Road) will force truck traffic through downtown South Lyon. This detour adds time to every trip and delivery and will contribute to vehicle congestion in downtown South Lyon. It will also eliminate many prospective owners and tenants from even considering West End Industrial as a location for their business.

Although the property to the south of West End is zoned General Industrial (I-2), it largely wetland and will not be further developed.

Conclusion:

West End Industrial Park cannot be reasonably used for industrial purposes. The market has spoken loudly and clearly over the past 15 years. There has been no development. The vehicle access to and from the Park is poor and forces truck traffic through downtown South Lyon. Competing vacant land in other communities out positions the Park for access to expressways, work force and service districts. It will never become the mature, stabile industrial park as originally conceived. Southeast Michigan has been through two major economic cycles and there has been no vertical development at West End. The utility infrastructure that has been extended to the site can best be utilized for residential development (RM2) and this use is appropriate as a transitional zoning, between the property zoned I-2 to the south and the property zoned R-1 to the north.

37000 GRAND RIVER LI SUITE 360 F FARMINGTON HILLS, MI 48335

Future industrial land use needs for South Lyon can be addressed through the redevelopment of the obsolete elements of the Tube Mill site on McMunn Street. This site was improved with a focus on access to the rail that no longer provides service to the site.

Thank you for considering our request to have this property considered for rezoning to a residential use that is appropriate for this rural location on an unpaved road.

Sincerely,

THOMAS DUKE COMPANY

2-4-16

City of South Lyon Members of the Planning Commission 335 S Warren St South Lyon, Mi 48178

To Whom it may concern,

My name is Marc O'Rourke, President of Landmarc Building/Development, Inc. I come before you for the purposes of discussing the future land use plan as it pertains to a parcel of property for which I have obtained an option to purchase.

This parcel of property named West End Industrial is a light industrial park developed approximately 15 years ago, which remains owned by the original developer and has not as of yet had any lot sold to a light industrial purchaser nor has a building been built within the development.

All of the roads, utilities and infrastructure have been installed on this site and yet it remains fallow land.

My company, Landmarc Building/Development, Inc., is a local builder and developer of single family, multifamily and commercial properties operating since 1990 primarily in the I-275 and I-96 corridor. We have most recently developed the new PUD on 10 mile in Lyon Township called Riverwood, and just prior completed the redevelopment and repositioning of Woodwind Glen condos and Woodwind North single family also on 10 Mile. As such we have extensive experience, knowledge and knowhow of repositioning and multi-family developments locally.

With this thought in mind, we feel, and hope you will agree, that West End Industrial, while boasting a well laid out and well built infrastructure is poorly positioned to be successful as an industrial development for many reasons. However, all is not lost! Fifteen years later, I can visualize the rebirth of this development as a high quality, successful and vibrant addition to this community in much the same way our other redevelopment projects have become. We can only breathe new life into this project with your support. So with that said I would welcome opening a discussion and offer the following points to consider;

- Multi family is frequently considered an excellent transitional zoning between residential to the north and west to industrial to the south and east
- Multi family is a less dense use than industrial
- Multi family is a less intense user of utilities, natural resources noise and pollution
- Ranch condos are in high demand with demographics of aging population
- Ranch buyers require less municipal services than most all multi-family types
- The site lays out extremely well for this use
- The industrial use has a great deal of competition from sites on class A roads closer to highways and rail
- City Planners should consider economic viability to ascertain the likelihood of success
- Failed developments do not add to the viability of the City, however growth and improvements do
- Residents in this location will improve patronage of local business

For these reasons and more I would ask for your input and support of a master plan amendment or zoning change to this property.

Marc O'Rourke President Landmarc Building/Development, Inc.

Community Image Builders

April 12, 2016

Ms. Kelly McIntyre, Director of Community and Economic Development City of South Lyon 335 S. Warren Street South Lyon, MI 48178

Subject:	West End Industrial Park, Change of Land Use Request	
Site Location:	East Side of Dixboro Road, South of 10 Mile Road	
Zoning:	I-1, Light Industrial	

Dear Kelly:

At the 2/11/16 Planning Commission meeting, Mr. Marc O'Rourke, President of Landmarc Building/Development, Inc., requested Commission consideration of a change in land use for the West End Industrial Park property. The lots are undeveloped but the infrastructure is in place to accommodate industrial buildings and sites. Moreover, the industrial park is designated for industrial use on the Future Land Use Plan in both the current and proposed City of South Lyon Master Plans. As such, the park is zoned I-1, Light industrial on the City of South Lyon zoning map. An amendment of the soon-to-be adopted Master Plan would be needed before a rezoning application can be considered.

Mr. O'Rourke and his consultant presented a conceptual site plan and representative photos to develop the property for attached single-family units. There was discussion about proximity of the site to the tube mill property, which is zoned I-2, General Industrial, and the noise that emanates from that facility. Would it have a negative impact on the proposed residential properties and generate calls from future residents? The depth of the lots fronting the loop road would limit the size of the buildings that could locate there, and that would have to be examined. Also discussed was the limited amount of industrially-zoned land available in the City of South Lyon.

The Planning Commission indicated that they would listen to new information regarding this site and that Mr. O'Rourke would have to prove that the current land use and zoning designation of Industrial is not reasonable. More specifically, information would be needed showing that the property cannot be used as currently zoned, including potential changes to the I-1 District that would allow a broader ranges of uses. A study should be undertaken to show that the market will not support the types of buildings and uses that could locate there, given site and access constraints.

A letter and supporting documentation (undated) has been submitted by Mr. O'Rourke indicating that despite improving values and lease rates for industrial buildings, current average leases do not support the cost of construction. Many existing buildings are being sold for less than it would cost

17195 Silver Parkway, #309 Fenton, MI 48430 Ms. Kelly McIntyre, Director of Community and Economic Development West End Industrial Park, Change of Land Use Request April 12, 2016 Page 2

to build new. We offer the following comments in response to the information provided by the applicant:

- 1. Much of the above mentioned scenario is due to the oversupply of industrial properties on the market during the recent recession. While it is true that the industrial real estate market is still catching up, low industrial vacancy rates in neighboring communities like Wixom have led to the construction of speculative industrial buildings. This is surely a sign that the market is improving and quality buildings are being sought by industrial and commercial users.
- 2. The City and Planning Commission must plan for the future of the City and not base land use and zoning decisions on current market situations; especially those arising from a recent recession and real estate market collapse. Instead, we must look at the longer term land use needs of the community, recognizing that not all land uses will be supported by a strong market at a given point in time. Are the land use and zoning designations for the property "reasonable" and do they allow a wide enough range of uses to be developed?
- 3. The direction provided by the Planning Commission anticipated more information than merely indicating trends and sales examples in the current real estate market. They would like a complete analysis of the subject site, including a demonstration of why the site cannot accept industrial uses; primarily those of a smaller size. It would also be wise for the applicant to examine the draft zoning ordinance and see the uses that would be allowed in the I-1 District. For example, can the site accommodate "business center" buildings, which include office space on the front and smaller, flexible "industrial" space to the rear. They typically have overhead doors on the rear of the building and are attractive to a wide range of small businesses. There have been numerous inquiries to the city for landscaping operations that would like to rent this kind of space.
- 4. It would also be helpful to identify competing properties and why they are better situated than the subject site rather than submit 200 pages of listings with no analysis.

RECOMMENDATION

Based upon the above comments, the applicant should be directed to submit a more thorough analysis of the subject site and why it cannot be reasonably used as currently planned and zoned. At that point it can be reviewed and a recommendation prepared for Planning Commission consideration.

Please let me know if you have any additional questions on this.

Sincerely,

CIB PLANNING

Re: West End Industrial Park, Rezoning request to Multifamily Zoning

Dear Ms. McIntyre:

As a follow-up to the November 10th Planning Commission meeting, additional information is provided below as related to public utility services and storm water management.

Sanitary Sewer and Water Supply

The lot areas of the West End Industrial Park total 22.63 acres. Typical water and sewer demand for light industrial uses is 3.3 equivalent tap units per acre. Accordingly, the park would require 74.7 tap units (22.63 x 3.3). The proposed duplex residential development is proposed to contain a total of 66 duplex units – equivalent to 66 tap units. Therefore, the proposed residential community would result in a demand on the water and sewer system that is 12 percent below the current light industrial zoning.

Storm Water Management

The West End Industrial Park engineering plans indicated that the average runoff coefficient for the park was 0.70 (roughly 70% impervious areas). Multifamily zoning typically results in a runoff coefficient of 0.60. However, a duplex residential development generates even less runoff than a typical multifamily site. A number of 0.50 would be the likely coefficient to be used for the duplex development. The amount of storm water generated from such a development rather than the current light industrial zoning, would be reduced by over 28 percent. Such a reduction would allow the existing storm water detention basin either be reduced in size, or present an opportunity to reduce the detention basin's outflow rate, thereby, improving water quality and reducing downstream erosion.

Conclusion

The rezoning of the West End Industrial Park from light industrial to multifamily residential will reduce the demand on the City's water and sewer utilities. Furthermore, storm water runoff rates under the proposed zoning would be 28 percent less than the amount anticipated under full light industrial development.

Ms. Kelly McIntyre November 28, 2016 Page 2

I will be available to answer any questions that the Planning Commissioners may have during their scheduled meeting of December 8th.

Sincerely,

September 5, 2017

Ms. Kelly McIntyre Director of Community and Economic Development City of South Lyon 335 S. Warren Street South Lyon, MI 48178

Re: West End Industrial Park, Rezoning request to Multifamily Zoning

Dear Ms. McIntyre:

In response to the July 10th City Council meeting, information related to traffic generation for the existing West End Park and the proposed 66-unit duplex development has been conceptually computed in order to determine whether the proposed residential development increases or decreases expected traffic volumes. The following is a summary of my findings:

West End Park

The total lot areas of the existing West End Park is 18.25 acres. Based on a building coverage of 20 percent, the total building area would be 3.65 acres or 159,000 square feet. The Trip Generation tables developed by the Institute of Transportation Engineers, 5th Edition, indicate that a "General Light Industrial" type building will generate 6.97 trips per 1,000 square feet of building during a weekday. Accordingly, the number of vehicle trips generated from the site would be 1,108.

Proposed Duplex Development

Based on the proposed 66 residential units contained within the duplex development, the traffic generation for "Residential Condominiums/Townhouses" is 5.86 weekday trips per dwelling unit or 387 vehicle trips per day.

Conclusion

The rezoning of the West End Industrial Park from light industrial to the proposed multi-family residential use will reduce the traffic demand on the City streets by 721 trips per day representing a traffic reduction of 65 percent.

Sincerely, SEIBER ENGINEERING, PLLC

RESOLUTION NO. ____-17

CITY OF SOUTH LYON OAKLAND COUNTY, MICHIGAN

A RESOLUTION AMENDING THE CITY OF SOUTH LYON PERSONNEL MANUAL TO LIMIT THE ACCUMULATION OF ANNUAL LEAVE BY CITY EMPLOYEES AND CLARIFY PROVISIONS RELATING TO PAYMENT OF SAME

WHEREAS, the City of South Lyon has adopted a Personnel Manual which was last revised October 2010;

WHEREAS, periodically the need arises to amend and revise the City's Personnel Manual and policies contained therein;

WHEREAS, under the City of South Lyon Personnel Manual, employees are currently allowed to accumulate up to 30 days of Annual Leave, and City Managers and Department Heads are allowed to do so without a limit on the amount of Annual Leave that may be accumulated;

WHEREAS, under the City of South Lyon Personnel Manual, upon separation from City Service, employees are paid for their accumulated Annual Leave;

WHEREAS, the accumulation of Annual Leave by employees constitutes an unfunded liability the City desires to control and/or eliminate, and the City Council believes it is in the best interest of the City to amend and revise the City of South Lyon Personnel Manual to limit the accumulation of Annual Leave by employees, City Managers, and Department Heads and clarify the provisions for payment for accumulated Annual Leave to employees upon separation from City Service;

THEREFORE, BE IT RESOLVED, BY THE CITY COUNCIL OF THE CITY OF SOUTH LYON, that:

PART I – SECTION 3(G)(4) of the City of South Lyon Personnel Manual is amended as follows:

SECTION 3 - SALARIES

• • •

G. OVERTIME PAY

. . .

4. The City Manager and Department Heads:

a. Shall be expected to average at least the number of hours per week as required by the standard City work week.

- b. Shall be held to the established City schedule for rate of accumulation of Annual Leave subject to and modified by the following term, conditions, and limits:
 - The City Manager and Department Heads are i. expected to use their Annual Leave in the 12 months following the date on which it accrues and is credited and becomes available for use. In the event a City Manager or Department Head has made reasonable efforts to use his or her Annual Leave, but due to circumstances out of his or her control, is unable to do so or does not use it all, up to five (5) days (40 hours) of unused Annual Leave may be carried over to the next year ("carried over Annual Leave") except at no time may a City Manager or Department Head accumulate more than ten (10) days (80 hours) of carried over Annual Leave in excess of his or her Annual Leave as provided for in the schedule for rate of accumulation of Annual Leave (the "Annual Leave Maximum").
 - ii. A City Manager or Department Head hired and working as such prior to December 31, 2017, will have his or her existing accumulated unused Annual Leave in excess of the Annual Leave Maximum frozen which shall be referred to as the "frozen bank."
 - iii. Use of Annual Leave shall be first from the current year's Annual Leave and then from any carried over Annual Leave. However, if current and carried over Annual Leave is exhausted, requests to use time from the frozen bank may considered but may be denied if approval would interfere with the efficient operation of the City or department. Frozen bank time that has been paid to a City Manager or Department Head cannot be used.
 - iv. Annual Leave earned and credited to the City Manager or Department Heads on their anniversary date, occurring on or after August 1, 2017, will at no time cause a City Manager or Department Head's total available Annual Leave to exceed the Annual Leave Maximum (excluding the frozen bank), and any Annual Leave exceeding the maximum shall be forfeited.
 - v. A City Manager or Department Head who is separated from City Service, as provided for in

Section 11, shall be paid for any unused Annual Leave and any frozen bank time, but shall not be paid for any carried over Annual Leave.

c. A City Manager or Department Head, depending on his or her level of experience in the field, may be granted additional Annual Leave per the schedule or have his or her rate of accumulation of Annual Leave schedule modified as determined by the City Manager, his/her designee or the City Council which shall be noted in the employee's personnel record.

<u>PART II</u> – Section 11(G)(2) of the City of South Lyon Personnel Manual is amended to read as follows:

Section 11 – SEPARATION FROM CITY SERVICE

. . .

G. METHOD OF PAYMENT ON SEPARATION

. . .

2. Payment at straight time for all unused Annual Leave accumulated and credited for use as of the official date of separation. An employee separated from City service shall not be paid for carried over Annual Leave as that term is defined in Section 12(C)(2).

<u>PART III</u> - Section 12(C) of the City of South Lyon Personnel Manual is amended to revise subsection (2) and add subsections (3) through (6) as follows:

Section 12 – ANNUAL LEAVE

• • •

C. <u>RATE OF ACCUMULATION OF ANNUAL LEAVE AND MAXIMUM</u> <u>ACCUMULATION</u>

. . .

2. Employees are expected to use their Annual Leave in the 12 months following the date on which it accrues, is credited, and becomes available for use.

3. In the event an employee has made reasonable efforts to use his or her Annual Leave, but due to circumstances out of his or her control, is unable to do so or does not use it all, up to five (5) days (40 hours) of unused Annual Leave may be carried over to the next year ("carried over Annual Leave") except at no time may an employee accumulate more than ten (10) days (80 hours) of carried over Annual Leave in excess of his or

her Annual Leave as provided for in the schedule for rate of accumulation of Annual Leave (the "Annual Leave Maximum").

4. Use of Annual Leave shall be first from the current year's Annual Leave and then from any carried over Annual Leave.

5. Annual Leave earned and credited to an employee on his or her anniversary date occurring on or after August 1, 2017, will at no time cause the employee's total available Annual Leave to exceed the Annual Leave Maximum, and any Annual Leave exceeding the maximum shall be forfeited.

6. An employee separated from City Service shall not be paid for carried over Annual Leave.

<u>PART IV</u> - Section 12(I) of the City of South Lyon Personnel Manual is amended to read as follows in its entirety:

Section 12 – ANNUAL LEAVE

. . .

I. <u>PAYMENT FOR UNUSED ACCUMULATED ANNUAL LEAVE ON SEPARATION</u> FROM CITY SERVICE

1. Employees separated from City Service shall be paid at separation (Section 11) for their unused accumulation of Annual Leave at the salary rate the employee is being paid on his or her final day of actual work. Employees separated from City Service shall not be paid for carried over Annual Leave.

BE IT FURTHER RESOLVED, that the City Manager or his or her designee is directed to update the Personnel Manual to reflect these amendments for distribution and enforcement.

BE IT FURTHER RESOLVED, that all resolutions, policies, procedures, and practices in conflict with this resolution are hereby repealed only to the extent necessary to give this Resolution full force and effect.

At a regular meeting of the City of South Lyon City Council, a motion was made by Council Member ______, supported by Council Member ______, to adopt the above resolution.

Ayes: Nays: Absent:

RESOLUTION DECLARED [ADOPTED/FAILED].

CERTIFICATION

I certify that this resolution was duly adopted by the City Council of the City of South Lyon on ______, 2017.

Lisa Deaton City Clerk South Lyon

AGENDA NOTE

MEETING DATE: September 11, 2017

PERSON PLACING ITEM ON AGENDA:

City Manager/Planning Department

AGENDA TOPIC: Ordinance to repeal existing and adopt a new ordinance to reduce the number of members on the Planning Commission from 9 to 7 and to bring the ordinance and Planning Commission into compliance with the Michigan Planning Enabling Act (MPEA), MCL 125.3801 et seq.

EXPLANATION OF TOPIC:

Filling vacancies on the Planning Commission has become an ongoing and continual effort. There are currently three vacancies on the Planning Commission. Given the difficulty in getting qualified candidates interested in serving on the Planning Commission, staff recommends that the membership be reduced from nine (9) members to seven (7) as authorized under the MPEA.

The proposed ordinance amendment repeals the existing sections in Chapter 2, Article V, Division 4 relating to the Planning Commission and adopts new provisions continuing and establishing a Planning Commission consisting of seven (7) members each having a 3 year term. This may require an analysis of which current members' terms end in which year so that we have terms expirations spread out over three years (eg, 2 in 2018, 2 in 2019, 3 in 2020). Expirations should be 2, 2, 3 – or as evenly as possible over 3 years. To the extent any changes in current terms are needed, they can be addressed by staff.

The ordinance addresses more than just the reduction in membership because there was never an ordinance amendment to address the Michigan Planning Enabling Act, MCL 125.3801 et seq., copy attached. The Zoning Ordinance was updated to address the changes in the MZEA and contains provisions relating to the Planning Commission. Thus, the proposed amendment, which is not in the zoning ordinance, only addresses the issues relating to the MPEA. The ordinance amendment addresses authority and purpose as well as the qualifications for Planning Commission members. It provides that planning commissioners shall not be compensated except for expenses approved by Council. Members may be removed for misfeasance, malfeasance or nonfeasance in office on written charges and after a hearing. It sets forth the Planning Commissions powers and duties which are consistent with the MPEA and MZEA. Lastly, the ordinance clarifies that it does not affect any action or approval by a previous Planning Commission.

No changes since 1st reading approved on August 28, 2017.

MATERIALS ATTACHED AS SUPPORTING DOCUMENTS:

- Proposed ordinance amendment
- Current ordinance Ch 2, Art V, Division 4 Planning Commission
- MPEA, MCL 125.3801 et seq.

POSSIBLE COURSES OF ACTION: approve/deny/revise/postpone

RECOMMENDATION: approve second reading

SUGGESTED MOTION: Motion to approve the second reading of the ordinance to repeal the existing and adopt a new Division 4, in Chapter 2, Article V of the Code of Ordinances for the City of South Lyon

ORDINANCE NO. __-17

CITY OF SOUTH LYON OAKLAND COUNTY, MICHIGAN

AN ORDINANCE TO REPEAL AND ADOPT A NEW DIVISION 4 – PLANNING COMMISSION, IN CHAPTER 2 – ADMINISTRATION, ARTICLE V – BOARDS AND COMMISSIONS OF THE CODE OF ORDINANCES OF THE CITY OF SOUTH LYON TO REDUCE THE NUMBER OF PLANNING COMMISSION MEMBERS FROM NINE (9) TO SEVEN (7) AND TO BRING THE DIVISION INTO COMPLIANCE WITH THE MICHIGAN PLANNING ENABLING ACT

THE CITY OF SOUTH LYON ORDAINS:

PART 1. Repeal of Division 4 – Planning Commission. Chapter 2, – Administration, Article V – Boards and Commissions, Division 4 – Planning Commission, of the Code of Ordinances of the City of South Lyon, is hereby repealed.

PART II. Adoption of New Division 4 – Planning Commission. A new Chapter 2, – Administration, Article V – Boards and Commissions, Division 4 – Planning Commission, of the Code of Ordinances of the City of South Lyon, is hereby adopted to read in its entirety as follows:

Sec. 2-191. - Authority.

This division is adopted pursuant to the authority granted the city council under the Michigan Planning Enabling Act, Public Act 33 of 2008, MCL 125.3801 et seq., as amended, and the Michigan Zoning Enabling Act, Public Act 110 of 2006, MCL 125.3101 et seq., as amended, to establish a planning commission with the powers, duties, and limitations provided by those Acts and subject to the terms and conditions of this division and any future amendments to this division.

Sec. 2-192. - Purpose.

The purpose of this division is to provide that the South Lyon City Council hereby retains and confirms the establishment, under the Michigan Planning Enabling Act, Public Act 33 of 2008, MCL 125.3801 et seq., as amended, the South Lyon Planning Commission, formerly established under the Municipal Planning Act, Public Act 285 of 1931, MCL 125.31 et seq. [repealed], to establish the appointments, qualifications and terms of membership of the planning commission; set the minimum number of meetings per year; and to prescribe the powers and duties of the planning commission.

Sec. 2-193. - Establishment.

There shall be a City of South Lyon Planning Commission pursuant to Public Act 33 of 2008, as amended, being the Michigan Planning Enabling Act, MCL 125.3801 et seq., hereinafter referred to as the "planning commission," with the powers and duties as therein set forth and as hereinafter provided. Members of the planning commission as of

the effective date of this ordinance from which this division is derived shall continue to serve for the remainder of their existing terms so long as they continue to meet all of the eligibility requirements for planning commission membership set forth within the Michigan Planning Enabling Act, Public Act 33 of 2008, MCL 125.3801 et seq., as amended, as well as the requirements of the bylaws adopted by the planning commission.

Sec. 2-194. – Membership; qualifications; terms.

- a) The planning commission shall consist of seven (7) members appointed by the mayor with the approval of a majority of the city council elected and serving.
- b) The membership of the planning commission shall be representative of important segments of the community, such as the economic, governmental, education, and social development of the city, in accordance with the major interests as they exist in the city, such as natural resources, recreation, education, public health, government, transportation, residential uses, industry, and commerce. The membership shall also be representative of the entire geography of the city to the extent practicable.
- c) Planning commission members shall be qualified electors of the city, except that one member may be an individual who is not a qualified elector of the city but who is a qualified elector of another local unit of government.
- d) There shall not be any ex officio members on the planning commission.
- e) The members shall hold no other municipal office, except that one of such members may be a member of the zoning board of appeals.
- f) The term of each member shall be three years or until his successor takes office. Members shall hold office until their successors are appointed and qualified.
- g) Vacancies occurring otherwise than through the expiration of term shall be filled for the unexpired term in the same manner as the original appointment.

Sec. 2-195. – Compensation.

There shall be no compensation for any member of the planning commission, except that reasonable expenses may be allowed on approval of the council.

Sec. 2-196. - Removal.

The city council may remove a member of the planning commission for misfeasance, malfeasance, or nonfeasance in office upon written charges and after a public hearing.

Sec. 2-197. – Powers and duties.

The planning commission shall have the powers and duties as set forth in the Michigan Planning Enabling Act, Public Act 33 of 2008, MCL 125.3801 et seq., as amended, and the Michigan Zoning Enabling Act, Public Act 110 of 2006, MCL 125.3101 et seq., as amended,

and the rules, regulations, duties and authority of the planning commission, as outlined in the Michigan Planning Enabling Act shall apply in all cases.

Sec. 2-198. – Approval, ratification and reconfirmation.

All official actions taken by all City of South Lyon planning commissions preceding the planning commission established by this division are hereby approved, ratified and reconfirmed. Any project, review, or process taking place at the effective date of the ordinance from which this division is derived shall continue with the planning commission created by this division, subject to the requirements of this division, and shall be deemed a continuation of any previous City of South Iyon planning commission. This division shall be in full force and effect from and after its adoption and publication.

PART III. Severability. Should any division, section, subsection, clause, or phrase of this Ordinance be declared by the courts to be invalid, the validity of the Ordinance as a whole, or in part, shall not be affected other than the part invalidated.

PART IV. Savings Clause. The amendment of the City of South Lyon Code of Ordinances set forth in this Ordinance does not affect or impair any act done, offense committed, or right accruing, accrued, or acquired or liability, penalty, forfeiture or punishment, pending or incurred prior to the amendment of the City of South Lyon Code of Ordinances set forth in this Ordinance.

PART V. Repealer. All other Ordinances or parts of Ordinances in conflict herewith are hereby repealed only to the extent necessary to give this Ordinance full force and effect.

PART VI. Effective Date: Publication. This ordinance shall take effect upon the later of ten (10) days after adoption or upon publication thereof as provided by the Charter of the City of South Lyon.

Made, passed and adopted by the South Lyon City Council this _____ day of

John Galeas, Jr., Mayor

Lisa Deaton, City Clerk

Certificate of Adoption

I hereby certify that the foregoing is a true and complete copy of the ordinance adopted at the regular meeting of the South Lyon City Council held on the _____ day of _____, 2017.

Lisa Deaton, City Clerk

AGENDA NOTE

MEETING DATE: September 11, 2017

PERSON PLACING ITEM ON AGENDA:

Per Council discussion

AGENDA TOPIC: Amendment of purchasing ordinance to increase the value of purchases requiring Council approval and competitive bidding and to clarify authority for emergency purchases

EXPLANATION OF TOPIC:

At the August 14, 2017 meeting, Council approved a routine Police Department request to purchase equipment valued at approximately \$2,600. The purchasing ordinance required Council approval because the purchase exceeded \$2,000. There were comments and discussion by Council about increasing the values of purchases requiring Council approval and competitive bidding to eliminate the additional time and cost associated with Departments having to obtain Council approval for routine budgeted purchases of supplies, materials, equipment and services at values that do not warrant the staff costs related to presenting lower value purchases for approval and Council's review and approval.

The proposed ordinance amendment increases the value of purchases requiring Council approval from \$2,000 to \$5,000 (See Section 2-222).

The proposed amendment also increases the value of purchases requiring competitive bidding, as defined in the ordinance (Section 2-224), from \$5,000 to \$10,000. Thus, purchases of up to \$10,000 can be made on the open market and must be supported by 3 written quotes which may be obtained verbally or in writing which is current city practice. But, purchases over \$10,000 must be approved by Council and be done by competitive bidding.

The proposed ordinance amendment also adds a provision (Section 2-225) providing for authority for emergency purchases and a requirement that emergency purchase which exceed \$5,000 must be reported to Council at the next regular meeting.

This ordinance amendment is not intended as a comprehensive amendment to the purchasing ordinance. The ordinance could be revised to include different value thresholds including consideration of whether the purchase is budgeted. There are also alternative methods for addressing emergency purchases and reporting.

Minor language changes were made to Section 2-222 per comments at the August 28, 2017 Council meeting.

MATERIALS ATTACHED AS SUPPORTING DOCUMENTS:

• Redline markup of ordinance showing proposed changes

POSSIBLE COURSES OF ACTION: approve/deny/revise/postpone

RECOMMENDATION: Approve second reading of ordinance to amend purchasing ordinance

SUGGESTED MOTION: Motion to approve the second reading of the ordinance to amend the purchasing ordinance – Article VI – Purchasing, Chapter 2 – Administration of the Code of Ordinances of the City of South Lyon, as presented.

ORDINANCE NO. __-17

CITY OF SOUTH LYON OAKLAND COUNTY, MICHIGAN

AN ORDINANCE TO AMEND ARTICLE VI – PURCHASING, CHAPTER 2, - ADMINISTRATION, OF THE CODE OF ORDINANCES OF THE CITY OF SOUTH LYON TO INCREASE THE VALUE OF PURCHASES REQUIRING CITY COUNCIL APPROVAL AND COMPETITIVE BIDDING AND TO CLARIFY PURCHASING AUTHORITY IN EMERGENCY CIRCUMSTANCES

THE CITY OF SOUTH LYON ORDAINS:

PART I. Amendment of Article VI – Purchasing. Article VI – Purchasing, Chapter 2 - , – Administration, of the Code of Ordinances of the City of South Lyon, is hereby amended to read in its entirety as follows:

Sec. 2-221. - Purchasing agent.

The manager, or his or her designee, shall act as purchasing agent of the city. The manager shall adopt any necessary rules respecting requisitions and purchase orders.

Sec. 2-222. - Purchases or contracts under \$5,000.0010,000.00.

Purchases of supplies, materials or equipment, the cost of which is less than \$10,000.005,000.00, may be made in the open market but such purchases shall, except where the manager shall determine that no advantage to the city would result or in the employment of professional services, be based on comparative prices <u>supported by three (3)</u> written quotes and shall be awarded to the lowest competent bidder. The purchasing agent may <u>contact</u> <u>prospective suppliers and vendors and</u> solicit prices and <u>quotes</u> verbally, <u>or</u> by telephone, or <u>may contact prospective suppliers</u> by written communication. A record shall be kept for six (6) months of all open market orders and the comparative <u>quotes</u> prices submitted thereon, which records shall be available for public inspection. Purchases or contracts obligating the city in an amount less than \$5,000.002;000.00

Sec. 2-223. - Written contract required.

All purchases and sales, regardless of monetary value, shall be made the subject of a written contract. A purchase order shall be a sufficient written contract in cases where the expenditure is in the usual and ordinary course of the city's affairs.

Sec. 2-224. - Approval for purchases or contracts over \$<u>5,000.00</u>; competitive bidding for purchases or contracts over \$<u>10,000.00</u>5,000.00.

Any expenditure for supplies, materials, equipment, construction project or contract obligating the city, where the amount of the city's obligation is in excess of $\frac{5,000.002,000.00}{2,000.00}$, shall be first approved by the city council. Where such expenditure or contract exceeds

\$10,000.005,000.00, it shall be subject to competitive bidding as herein prescribed except where the council shall determine that no advantage to the city would result or where the expenditure or contract is for professional services. Where competitive bidding is required, the following procedure will apply.

(1) The purchasing agent shall solicit bids from a reasonable number of such qualified prospective bidders as are known to him by sending each a copy of the notice requesting bids and notice thereof shall be posted in the city hall. Bids shall also be solicited by newspaper advertisement when directed by the city council.

(2) Unless prescribed by the council, the manager shall prescribe the amount of any security to be deposited with any bid, which deposit shall be in the form of cash, certified or cashier's check or bond written by a surety company authorized to do business in the State of Michigan. The amount of such security shall be expressed in terms of percentage of the bid submitted. Unless fixed by the council, the manager shall fix the amount of the performance bond and in the case of construction contracts, the amount of the labor and materials bond to be required of the successful bidders.

(3) Bids shall be opened in public at the time and place designated in the notice requesting bids in the presence of the purchasing agent, the city clerk and at least one other city official, preferably the head of the department most closely concerned with the subject of the contract. The bids shall thereupon be carefully examined and tabulated and reported to the council with the recommendation of the purchasing agent at the next council meeting. After tabulation all bids may be inspected by the competing bidders. In lieu of the procedure for opening bids herein specified, the council may direct that bids be opened at a council meeting.

(4) When such bids are submitted to the council, if the council shall find any of the bids to be satisfactory, it shall award the contract to the lowest competent bidder meeting specifications, unless the council shall determine that the public interest will be better served by accepting a higher bid. Such award may be by resolution or ordinance. The council shall have the right to reject any or all bids and to waive irregularities in bidding and to accept bids which do not conform in every respect to the bidding requirements.

(5) At the time the contract is executed by him, the contractor shall file a bond executed by a surety company authorized to do business in the State of Michigan, to the city, conditioned to pay all laborers, mechanics, subcontractors and material-men as well as all just debts, dues and demands incurred in the performance of such work and shall file a performance bond when one is required. Said contractor shall also file evidence of public liability insurance in an amount satisfactory to the city manager, and agree to save the city harmless from loss or damage caused to any person or property by reason of the contractor's negligence.

(6) All bids and deposits of certified or cashier's checks may be retained until the contract is awarded and signed. If any successful bidder fails or refuses to enter into the contract awarded to him within five days after the same has been awarded, or file any bond required within the same time, the deposit accompanying his bid shall be forfeited to the city, and the council may, in its discretion, award the contract to the next lower

competent bidder meeting specifications, or to another competent bidder meeting specifications if the council shall determine that the public interest will be better served by accepting such other bid, or said contract may be readvertised.

Sec. 2-225. - Emergency purchases.

In the case of any emergency, the city manager or his or her designee, may purchase any supplies, materials, equipment or services, necessary to the continuation of the operation, business, and work of the city or affected department or that is necessary to protect the public health, safety and welfare; provided, however, that if such purchase exceeds \$5,000.00, it shall be reported to the city council at the next regular council meeting following such purchase.

Sec. 2-2256. - Inspection of materials.

The responsibility for the inspection and acceptance of all materials, supplies and equipment shall rest with the ordering department.

Sec. 2-2267. - Sale of property.

Whenever any city property, real or personal, is no longer needed for corporate or public purposes, the same may be offered for sale. Personal property not exceeding \$500.00 in value may be sold for cash by the purchasing agent after receiving quotations or competitive bids therefor for the best price obtainable. Property with a value in excess of \$500.00 may be sold after advertising and receiving competitive bids, as provided in section 2-224 of the Code and after approval of the sale has been given by the council.

Secs. 2-2278-2-240. - Reserved.

PART II. Severability. Should any division, section, subsection, clause, or phrase of this Ordinance be declared by the courts to be invalid, the validity of the Ordinance as a whole, or in part, shall not be affected other than the part invalidated.

PART III. Savings Clause. The amendment of the City of South Lyon Code of Ordinances set forth in this Ordinance does not affect or impair any act done, offense committed, or right accruing, accrued, or acquired or liability, penalty, forfeiture or punishment, pending or incurred prior to the amendment of the City of South Lyon Code of Ordinances set forth in this Ordinance.

PART IV. Repealer. All other Ordinances or parts of Ordinances in conflict herewith are hereby repealed only to the extent necessary to give this Ordinance full force and effect.

PART V. Effective Date; Publication. This Ordinance shall take effect upon the later of ten (10) days after adoption or upon publication thereof as provided by the Charter of the City of South Lyon.
