MEMO

To: Mayor Wallace and Council Members

From: Rod Cook, City Manager

Date: 12/5/2013

Re: Communication from the City Manager

I. Old Business

1) CDBG Program - Public Hearing to be Rescheduled for January 13, 2014

Unfortunately when we set the date for the Public Hearing, the deadline for publication had passed. I have set a new public hearing for January 13, 2014. Public notice will run in the newspaper twice, once in late December and again in early January. No action is required on this agenda item at this time.

2) Selection of an Alternate for SEMCOG

This alternate position became available when Mr. Murphy left City employment. I recommend that the new alternate be a Councilmember.

3) Cancellation of December 23, 2013 City Council Meeting

If necessary, the City Manager will call for a meeting.

4) Collective Bargaining Agreement Patrol Unit (July 1, 2013 – June 30, 2016)

Enclosed are the Articles that were negotiated in the agreement. I am only enclosing the pages (sections) that we changed. It is my understanding that with one minor exception to the Command contract, everything else is the same as negotiated.

5) Letter of Engagement to Plante Moran for Audit Fiscal Year 2013-2014

The enclosed represents the estimated or actual cost for the upcoming audit.

6) Sale of Asset - Police Department Sale of 2006 Kawasaki Motorcycle

Please see Chief Collin's enclosed memo.

7) South Lyon Fire Department Employee Compensation

Enclosed is a proposal for compensation for our firemen for your review. It should be noted that a majority of members voted to decertify the Union which became effective on November 30, 2013. I believe Chief Kennedy has provided sufficient justification for the increases. Chief Kennedy will be available for any discussion.

8) Opt-Out Act 152 of 2011

We have negotiated a phase in cost for employees for a payroll deduction with the Command and Patrol units for health insurance. As a result, we will <u>not</u> be in compliance until 2016. This will require the City to opt-out. Additionally we have other groups, i.e.

- a. Non-Union/Administration.
- b. Clerical/Operating Engineers. The previous contracted required 20% in January 2014. I am attempting to get the contract open which may be helpful in addressing some additional City issues.
- **c. AFSCME.** Contract enforcement until June 30, 2014. I am attempting to open this contract as well.

9) Non-Union/Administrative Employee Contribution for Medical Coverage 10%/15%/20%

This issue deals with non-union/administration employees which number (2): the City Clerk/Treasurer and the DPW/Wastewater Treatment Superintendent. Beginning January 2014, these employees will pay 10% (2014), 15% (2015) and 20% (2016) of their health insurance premium.

II. New Business

1) Acceptance of Donations

- a. \$750.00 to the South Lyon Fire Department
- b. Donations for the City Christmas Party:

i.	Johnson Rosati	\$500
ii.	HRC	\$400
iii.	IBEX	\$100
iv.	Plante Moran	\$200
	Carmine Avantini	\$100

III. General Information

1) CDBG Public Hearing

We were not able to publish the notice for December 9, 2013 because of the holidays. Since the application is not due until January 17, 2014, I will publish a revised public hearing date for the January 13, 2014 meeting. Per last year's application, funding was distributed to the following:

- a. Center for Active Adults (access fee for building space)
- b. Meals on Wheels
- c. Haven

Due to restrictions within the grant, a maximum of 30% of our allocation can be put towards public services like Meals on Wheels and Haven. I will provide more information on this item for the January 13, 2014 public hearing.

2) New DPW Hire

We have hired a new DPW Laborer. At this time, the DPW is still severely understaffed. In addition to this most recent hire, I will be moving to add another Laborer within the next couple of weeks. We currently have (4) individuals on disability for various issues. The DPW cannot perform timely service work with the current numbers.

3) Miscellaneous

- Enclosed is a brief memo from our health insurance representative which provides a summary of the impact of the Affordable Care Act (ACA) on Blue Cross, and explains the change in our renewal date. This change will save the City money until the everything is sorted out.
- City Attorney Wilhelm has advised me that the 6th Circuit Court of Appeals and the ACLU have determined our Begging Ordinance cannot be enforced due to 1st Amendment issues. It is my understanding that we have never had a need to enforce this ordinance. If there is reason to change this position, the City Attorney will provide additional information.
- As of this date, the DWRF is roughly 3.89% under budget or \$152,307.
- There is approximately \$90,000 in federal grant money earmarked for the road segment of Pontiac Trail from E. Liberty to McHattie Street. I attempted to expand the area north along Pontiac Trail. I was not successful due to restrictions within the grant. I am making arrangements to do the following:
 - Get estimates on engineering. This project will not require full engineering plans.
 - Have the project added to the Transportation Improvement Plan (TIP) for Livingston Federal Aid System.
 - Seek approval from SEMCOG and the Federal Highway Administration.

These items need to be fulfilled prior to proceeding. Since we have a larger road segment to complete, it may be necessary to only close Pontiac Trail one time.

- We have received a liquor license request from Aubree's Pizzaria. We were attempting to have Council review and approve their request for a license but were not able to bring it forth at this time. There is a question about whether or not we can issue contingent approval for a liquor license when all planning, site review, etc. have not been reviewed and approved, and whether the LCC will allow conditions to be part of the issuance. We are checking to determine the correct way to proceed with this license.
- Witch's Hat Brewing Company has submitted a request for an LCC license at a new location. This issue will not come before Council until January.

PUBLIC COMMENT

Doreen Hannon of the Salem South Lyon Library gave a brief presentation regarding the Library Mileage that is being requested at a special election on February 25th. She also presented an educational brochure that is available to the public on their website as well as at the library. Ms. Hannon stated they have bad declines in revenue since 2008 and have not had to cut services, but with the personal property taxes being phased out, and the declining revenue, if the mileage doesn't get approved, there will have to be cuts, such as educational programs, 11/25/13

instructional classes, as well as the library will have to close two days a week. She stated she would like everyone to support the library mileage so they can maintain the benefits they currently give the communities.

Agnes Bongero of 912 Village Way stated she is here to support the library mileage and would like everyone to vote yes on it on Election Day February 25, 2014. She stated she has benefited from the library as did her late husband who fought Parkinson's disease for many years. She stated he always loved going to the library for the books, the books on cd as well as the interaction with people that he had there. She further stated if he was here now, he would ask everyone to support the library mileage as well.

George Segal of 240 Brookwood Drive asked the question if Lyon Township is allowed to use our Library. Mayor Wallace stated they may use it, for a substantial fee.

OLD BUSINESS

1. City Manager Search

Manager Cook stated after the initial conversation he had with the league and some other things going on at this time, it will be more beneficial if we wait until after the holidays to start the search. Also with the talk of a recall, it will not be in the City's best interest to try to hire at this time. Councilman Kivell stated if there is a recall, it would take place in May, and he does not feel we should wait that long. City Manager Cook stated we only want to do this once, and it must be done the right way. He further stated we should be able to begin the process in January. If it is not done right, we will not get a competent Manager. He stated we will be advertising for at least 30 days and we should advertise nationally.

2. Road Commission for Oakland County- Conceptual Support for the Paving of Dixboro Road

City Manager Cook stated this will not take place until 2018. He further stated it will cost 3.75 million to pave Dixboro between 8 and 10 mile. There may be some discussion with cutting it in half and doing 8 and 9 or between 9 and 10 mile. Between 9 mile and 10 mile will be very expensive. Our share if and when will be \$187,000. They aren't currently asking for the money, or to hold us to it, they are asking Council to support the concept of paving Dixboro Road. It will be shared between Lyon Township, Green Oak Township as well as the City. Councilman Kivell stated he likes the idea that they are considering doing it. City Manager Cook stated it is

eligible for Federal aid. He further stated 2018 is their target date, but that doesn't mean it will definitely be done then.

3. Donation of Ahura First Defender to Oakland County Haz Mat Team

Chief Kennedy stated this is for a piece of equipment that is used for things beyond our needs. It was purchased with grants, therefore it cannot be sold for profit, but we can donate it to the Oakland County Haz Mat Team, and still have the option to use it in the future if needed. It also needs a software upgrade and it will be used by the County much more than we would ever need it. Councilman Wedell stated there are Haz Mat Units stationed around the County. Chief Kennedy stated there is one in Commerce, and there is a full time unit member who actually lives in Lyon Township.

NEW BUSINESS

1. Letter from South Lyon Water Department concerning Lead in Drinking Water

Department Head Martin stated there is a letter being mailed to all City residents regarding the possibility of the drinking water containing lead. He stated the Water Department keeps a very close eye on the water for the City of South Lyon. He further stated out of 30 water samples, there were 4 that came back with the results that there were slightly elevated levels of lead in the water.

11/25/13

Department Head Martin read the information letter that is being mailed to all City Residents. (See attached letter)

Department Head Martin stated the lead is not from the water plant or our water system. It can show up from the water pipes and fixtures. Many pipes and fixtures have copper in them and that causes this. He further stated it is nothing to be alarmed about. If residents run their water in the mornings after the water sits in the pipes all night for about 15 to 30 seconds that will take care of it. Department Head Martin stated it is under control, and they will be doing more testing from January to July. Councilman Kivell stated most people that will be concerned are parents with children 6 years old and under. Department Head Martin stated if they run the water for 15-30 seconds in the morning, it will take care of it.

2. Set public hearing for 2014 Community Development Block Grant Program and Fund Reprogramming

City Manager Cook stated there is not a large area that is eligible for the CDBG, but we could use it for programs such as Meals on Wheels, the Senior Center or Haven. He further stated the amount of money available is \$33,000.00 and \$5,800 leftover from the previous project. He stated he would like to set the public hearing for the December 9th Council Meeting. The application is due the 17th of January.

3. Appointment for Planning Commission

Mayor Wallace stated he would like to appoint Jason Rose of 676 Center Ridge a lifetime City resident to the Planning Commission. Mr. Rose stated he has lived here his whole life and he has been a part of many large scale projects and he would like to become more involved with our City.

CM 11-9-13 MOTION TO AFFIRM PLANNING COMMISSION APPOINTMENT

Motion to affirm by Kopkowski Motion to approve the Mayor's appointment of Jason Rose to Planning Commission.

MANAGERS REPORT

City Manager Cook stated we have some earmarked funds from the McCotter fund from 2004. He further stated we have approximately \$90,000. We may be able to use part of the money but it will have to be used within a one block area. He stated we may be able to use it for Pontiac Trail from Liberty to McHattie Street but it would have to be approved through the Federal Aid Committee. It could possibly save us \$30,000. Councilman Wedell asked if the DWRF contractors are supposed to bring the road back to the original condition. Department Head Martin stated they will do that, but that doesn't mean to mill it down. He further stated it will be April or May next year before it will be finished.

COUNCIL COMMENTS

Councilman Kivell stated he noticed the Planning Commission meeting and Park and Recreation Minutes are in the packet and they talked about the sign ordinance, and he would like to see it as well as the master plan.

Mayor Wallace and Councilmembers wished everyone a Happy Thanksgiving.

Councilman Ryzyi stated he would also like to wish everyone a Happy Thanksgiving. He also stated he would like to continue the conversation regarding forming a cable commission, and possibly having Rich Perry be a part of that.

CM 11-10-13 MOTION TO ADJOURN COUNCIL MEETING

Motion by Dixson, supported by Kopkowski Motion to adjourn the Council Meeting at 8:10 p.m.

IMPORTANT INFORMATION ABOUT LEAD IN YOUR DRINKING WATER

The City of South Lyon Water Department found elevated levels of lead in drinking water in some homes/buildings. Lead can cause serious health problems, especially for pregnant women and children 6 years and younger. Please read this notice closely to see what you can do to reduce lead in your drinking water.

This notice is brought to you by the City of South Lyon Water Department. Water Supply Serial Number 6110. Date: November 25, 2013.

Health Effects of Lead

Lead can cause serious health problems if too much enters your body from drinking water or other sources. It can cause damage to the brain and kidneys, and can interfere with the production of red blood cells that carry oxygen to all parts of your body. The greatest risk of lead exposure is to infants, young children, and pregnant women. Scientists have linked the effects of lead on the brain with lowered IQ in children. Adults with kidney problems and high blood pressure can be affected by low levels of lead more than healthy adults. Lead is stored in the bones and it can be released later in life. During pregnancy, the child receives lead from the mother's bones, which may affect brain development.

Sources of Lead

Lead is a common metal found in the environment. Drinking water is one possible source of lead exposure. The main sources of lead exposure are lead-based paint and lead-contaminated dust or soil, and some plumbing materials. In addition, lead can be found in certain types of pottery, pewter, fixtures, food, and cosmetics. Other sources include exposure in the work place and exposure from certain hobbies (lead can be carried on clothing or shoes).

New faucets, fittings, and valves, including those advertised or labeled as "lead-free," may contribute lead to drinking water. The law currently allows end-use fixtures, such as faucets, with up to 8 percent lead to be labeled as "lead free." However, plumbing fixtures labeled National Sanitation Foundation (NSF) certified may only have up to 2 percent lead. Consumers should be aware of this when choosing fixtures and take appropriate precautions.

The City of South Lyon water comes from ground water wells. The City of South Lyon does not have any lead in its source water or water mains in the streets. When water is in contact with pipes [or service lines] or plumbing that contains lead for several hours, the lead may enter drinking water. Homes built before 1986 are more likely to have plumbing containing lead. New homes may also have lead; even "lead-free" plumbing may contain some lead.

EPA estimates that 10 to 20 percent of a person's potential exposure to lead may come from drinking water. Infants who consume mostly formula mixed with lead-containing water can receive 40 to 60 percent of their exposure to lead from drinking water.

Don't forget about other sources of lead such as lead paint, lead dust, and lead in soil. Wash your children's hands and toys often as they can come into contact with dirt and dust containing lead.

Steps You Can Take To Reduce Your Exposure to Lead in Your Water

- 1. Run your water to flush out lead. Run water for 15-30 seconds or until it becomes cold or reaches a steady temperature before using it for drinking or cooking, if it hasn't been used for several hours. This flushes lead-containing water from the pipes.
- 2. Use cold water for cooking and preparing baby formula. Do not cook with or drink water from the hot water tap; lead dissolves more easily into hot water. Do not use water from the hot water tap to make baby formula.
- 3. Do not boil water to remove lead. Boiling water will not reduce lead levels.
- 4. Look for alternative sources or treatment of water. You may want to consider purchasing bottled water or a water filter. Read the package to be sure the filter is approved to reduce lead or contact NSF International at 800-NSF-8010 or www.nsf.org for information on performance standards for water filters. Be sure to maintain and replace a filter device in accordance with the manufacturer's instructions to protect water quality.
- 5. We suggest you get your child tested for lead if you are concerned about exposure. Contact your local health department or healthcare provider to find out how you can get your child tested.
- 6. Test your water for lead. Call us at 248-437-4006 to find out how to get your water tested for lead. There are labs in the area that are certified to test for lead in drinking water.
- 7. Identify if your plumbing fixtures contain lead. New faucets, fittings, and valves, including those advertised or labeled as "lead-free," may contribute lead to drinking water. The law currently allows end-use fixtures, such as faucets, with up to 8% lead to be labeled as "lead free." Visit the National Sanitation Foundation Web site at www.nsf.org to learn more about lead-containing plumbing fixtures.

What Happened? What is Being Done?

The exceedance was discovered by the City's triennial Lead and Copper testing on August 19, 2013.

The City Water Department has been adding small amounts of an orthophosphate to the water to coat the pipes to help, so the lead and copper does not leach into the drinking water in your homes.

Any lead service lines in the City have been identified.

The City of South Lyon has historically been in compliance for lead and copper until this year's testing.

For More Information

Call us at 248-437-4006. For more information on reducing lead exposure around your home/building and the health effects of lead, visit EPA's Web site at www.epa.gov/lead or contact your health care provider.

If 24 hours or less of Personal Leave Time is used within that contract year then 75% of balance would be converted to Compensatory Time. If 25 hours or more is used then 50% of balance would be converted to Compensatory Time. Beginning 7/1/10 the employee will receive 56 hours Personal Leave Time. We are sending this letter and the accompanying Professional Services Agreement, which is hereby incorporated as part of this engagement letter, to confirm our understanding of the nature, limitations, and terms of the services we will provide to City of South Lyon ("the City").

Scope of Services

We will audit the City's basic financial statements and federal awards as of and for the year ended June 30, 2014. In addition, the supplemental information accompanying the financial statements, consisting of the Combining Balance Sheet and Combining Statement of Revenues, Expenditures and Changes in Fund Balance for Nonmajor Governmental Funds, Schedule of Expenditures General Fund, Schedule of Expenditures By Activity for the Major and Local Streets Funds, Schedule of Operating Expenses Enterprise Fund - Water and Sewer Fund, will be subjected to the auditing procedures applied in our audit of the financial statements.

In connection with our audit engagement, we will assist you in drafting your financial statements, supplementary information, and related notes. This assistance is considered a non-audit service; you agree to the contemporaneous provision of these audit and non-audit services. If you require any additional services, including accounting, consulting, or tax assistance, those services will be detailed in a separate engagement letter.

Timing of Services

We expect to begin fieldwork for this engagement at your offices on July 28, 2014. We anticipate that our on-site audit work will end on approximately August 8, 2014 and that our report will be issued before the end of September. At the end of our fieldwork, we will provide the City with a draft of the report and a list of items required for the completion of the audit.

Fees and Payment Terms

Our fee for this engagement will be based on the value of the services provided, which is primarily a function of the time that Plante Moran staff expend at our current hourly rates. We estimate that our fee for the audit of the basic financial statements will be approximately \$56,730 as specified in our letter to City Council dated August 4, 2010. Our fee for the audit of the federal awards, if needed, will range from \$6,000 to \$7,200. This will include the basic compliance audit and one major program. If there are additional major programs, the fee will be an additional \$2,000 per major program, which may be charged to the grant.

Since our work will be primarily completed in the first half of August, we will render a progress bill when we start our fieldwork to provide adequate lead time prior to your August meeting.

If you are in agreement with our understanding of this engagement, as set forth in this engagement letter and the accompanying Professional Services Agreement, please sign the enclosed copy of this letter and return it to us with the accompanying Professional Services Agreement.

Professional Services Agreement – Audit Services Addendum to Plante & Moran, PLLC Engagement Letter

This Professional Services Agreement is part of the engagement letter for audit services dated November 18, 2013 between Plante & Moran, PLLC (referred to herein as "PM") and the City of South Lyon (referred to herein as "the City").

- Financial Statements The financial statements of the City being audited by PM are to be presented in accordance with accounting principles generally accepted in the United States of America (GAAP).
- 2. Management Responsibilities The City management is responsible for the preparation and fair presentation of these financial statements and the schedule of federal awards in accordance with the applicable financial reporting framework, including compliance with the requirements of accounting principles generally accepted in the United States of America and the completeness and accuracy of the information presented and disclosed therein. Management is also responsible for the capability and integrity of the City personnel responsible for the City's underlying accounting and financial records.

The City personnel will provide PM, in a timely and orderly manner, with access to all information of which management is aware that is relevant to the preparation and fair presentation of the financial statements and the schedule of federal awards, such as records, documentation, and other matters and additional information that the auditor may request from management for the purpose of the audit. This includes providing assistance and information PM requests during the course of its audit, including retrieval of records and preparation of schedules, analyses of accounts, and confirmations. A written request for information to be provided will be submitted under separate cover and supplemented by additional written and oral requests as necessary during the course of PM's audit. In addition, the City will provide PM with all information in its possession that has a material impact on any material transaction and that information will be complete, truthful, and accurate. The City will allow PM unrestricted access to personnel within the company from whom PM determines it necessary to obtain audit evidence.

Management is responsible for making all management decisions and performing all management functions relating to the financial statements, supplementary financial information, and related notes and for accepting full responsibility for such decisions, even if PM provides advice as to the application of accounting principles or assists in drafting the financial statements, supplementary financial information, and related notes. The City has designated City Manager, Rod Cook to oversee financial statement related services PM provides. Management will be required to acknowledge in the management representation letter that it has reviewed and approved the financial statements, supplementary financial information, and related notes prior to their issuance and have accepted responsibility for the adequacy of the financial statements.

Management is responsible for the design and implementation of programs and controls to prevent and detect fraud, and for informing PM about all known or suspected fraud affecting the company involving (a) management, (b) employees who have significant roles in internal control, and (c) others where the fraud could have a material effect on the financial statements. Management's responsibilities include informing PM of its knowledge of any allegations of fraud or suspected fraud affecting the company received in communications from employees, former employees, regulators, or others. In addition, management is responsible for identifying and ensuring that the entity complies with applicable laws and regulations.

- 3. Objective of an Audit of Financial Statements The objective of PM's audit is the expression of an opinion on the City financial statements specified in the accompanying engagement letter. PM offers no guarantee, express or implied, that its opinion will be unqualified or that it will be able to form an opinion about these financial statements in the event that the City's internal controls or accounting and financial records prove to be unreliable or otherwise not auditable. If PM's opinion is to be other than unqualified, PM will discuss the reasons with the City management in advance of the issuance of its audit report. If, for any reason, PM is prevented from completing its audit or is unable to form an opinion on these financial statements, PM may terminate the engagement and decline to issue a report.
- 4. Supplementary Information In any document that contains supplementary information to the basic financial statements that indicates that the auditor has reported on such supplementary information, management agrees to include the auditor's report on that supplementary information. In addition, management agrees to present the supplementary information with the audited financial statements or to make the audited financial statements readily available no later than the date of issuance by the City of the supplementary information and the auditor's report thereon.
- 5. Internal Controls The City is responsible for the design, implementation, and maintenance of internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error, including controls established for the purpose of preventing or detecting errors in financial reporting, preventing fraud or misappropriation of assets, and identifying and complying with applicable laws and regulations, including those applicable to federal awards, and with the provisions of contracts and grant

Professional Services Agreement - Audit Services

and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances. PM's audit will not be designed to provide assurance on the design or operating effectiveness of the City's internal controls or to identify all conditions that represent significant deficiencies in those internal controls. PM will communicate all significant deficiencies and material weaknesses in internal controls relevant to the audit of the financial statements, instances of fraud, or misappropriation of assets that come to PM's attention.

- 5. Audit Procedures and Limitations PM's audit of the financial statements will be conducted in accordance with auditing standards generally accepted in the United States of America (GAAS) and Government Auditing Standards, issued by the Comptroller General of the United States, and will include examination, on a test basis, of evidence supporting the amounts and disclosures in the City financial statements specified in this engagement letter. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements. An audit in accordance with GAAS involves judgment about the number of transactions to be tested and the overall approach to testing in each area. As a result, PM's audit can only be designed to provide reasonable rather than absolute assurance that these financial statements are free from material misstatement. In addition, an audit in accordance with GAAS is not designed to detect errors or fraud that are immaterial to the financial statements. Because of the inherent limitations of an audit, together with the inherent limitations of internal control, an unavoidable risk that some material misstatements may not be detected always exists, even in an audit properly planned and performed in accordance with GAAS. In recognition of these limitations, the City acknowledges that PM's audit cannot guarantee that all instances of error or fraud will be identified.
- 7. Government Auditing Standards Under Government Auditing Standards, PM will make some assessments of the City's compliance with laws, regulations, and contract provisions. While those assessments will not be sufficient to identify all noncompliance with applicable laws, regulations, and contract provisions, PM will communicate all noncompliance conditions that come to PM's attention.

PM's audit of the City's federal awards will be made in accordance with generally accepted auditing standards, standards for financial statement audits contained in *Government Auditing Standards*, the Single Audit Act Amendments of 1996 (P.L. 104-156), and the provisions of Office of Management and Budget's (OMB) Circular A-133, *Audits of States, Local Governments and Non-Profit Organizations*.

Management is responsible for corrective action on all audit findings, including preparation of a schedule of prior audit findings and corrective action plans, if necessary.

In accordance with Government Auditing Standards, a copy of PM's most recent peer review report is included as an attachment to this agreement.

- 8. Auditor Communications PM is obligated to communicate certain matters related to the audit to those responsible for governance of the City, including instances of error or fraud and significant deficiencies and the members of the City's governing board, and the City acknowledges and agrees that communication in this manner is sufficient for the City's purposes.
 - Under Government Auditing Standards PM is obligated to communicate instances of fraud, noncompliance or abuse that is material to the financial statements to those responsible for governance of the City. In certain situations, Government Auditing Standards require disclosure of instances of known or likely fraud, noncompliance, or abuse directly to applicable governmental agencies. If such acts are detected during PM's audit, PM will make required disclosures regarding these acts to applicable government agencies.
- 9. Accounting and Financial Records The City agrees that it is responsible for providing PM with accounting and financial records that are closed, complete, accurate, and in conformity with the requirements of GAAP, for providing schedules and analyses of accounts that PM requests, and for making all the City financial records and its work and completion of PM's engagement and issuance of PM's report, those estimates of the timing of City providing PM with all such accounting and financial records, schedules, and analyses on the date PM's work commences. PM will assess the condition of the City's accounting and financial records, schedules, and analyses of accounts prior to commencing its work. In the event that such records, schedules, and analyses are not closed, complete, accurate, or in conformity with GAAP, PM may have to reschedule its work, including the dates on which PM expects to complete its on-site procedures and issue its audit report.

In any circumstance where PM's work is rescheduled due to the City's failure to provide information as described in the preceding paragraph, PM offers no guarantee, express or implied, that PM will be able to meet any previously established deadlines related to the completion of the audit work or issuance of its audit report. Because rescheduling audit work imposes additional costs on PM, in any circumstance where PM has provided estimated fees, those estimated fees may be adjusted for the additional time PM incurs as a result of

rescheduling its work. These fee adjustments will be determined in accordance with the Fee Adjustments provision of this agreement.

- 10. Audit Adjustments PM will recommend adjustments to the City's accounting records that PM believes are appropriate. The City management is responsible for adjusting the City accounting records and financial statements to correct material misstatements and for affirming to PM in writing that the effects of any unrecorded adjustments identified during PM's audit are immaterial, both individually and in the aggregate, to the City financial statements specified in this agreement.
- 11. Management Representations The City is responsible for the financial statements and federal awards being audited and the implicit and explicit representations and assertions regarding the recognition, measurement, presentation, and disclosure of information therein. During the course of the audit, PM will request information and explanations from the City officers, management and other personnel regarding accounting and financial matters, including information regarding internal controls, operations, future plans, and the nature and purpose of specific transactions. PM will also require that management make certain representations to PM in writing as a precondition to issuance of PM's report.

PM's audit procedures will be significantly affected by the representations and assertions PM receives from management and, accordingly, false representations could cause material error or fraud to go undetected by PM's procedures. Accordingly, the City acknowledges and agrees that it will instruct each person providing information, explanations, or representations to an auditor to provide true and complete information, to the best of his or her knowledge and belief. It is also agreed that any deliberate misrepresentation by any director, officer or member of management, or any other person acting under the direction thereof ("Client Personnel"), intended to influence, coerce, manipulate, or mislead PM in the conduct of its audit of the financial statements will be considered a material breach of this agreement. In addition, as a condition of its audit engagement, the City agrees to indemnify and hold PM and its partners, affiliates, and employees harmless from any and all claims, including associated attorneys' fees and costs, based on PM's failure to detect material misstatements in the City financial statements resulting in whole or in part from deliberate false or misleading representations, whether oral or written, made to PM by Client Personnel. This indemnity will be inoperative only if, and to the extent that, a court having competent jurisdiction has determined that PM failed to conduct its audit in accordance with generally accepted auditing standards and such failure resulted in PM not determining such misrepresentation by Client Personnel was false.

12. Use of Report – PM's report on the financial statements must be associated only with the financial statements that were the subject of PM's audit engagement. The City may make copies of the audit report, but only if the entire financial statements (including related footnotes and supplemental information, as appropriate) are reproduced and distributed with that report. The City agrees not to reproduce or associate PM's audit report with any other financial statements, or portions thereof, that are not the subject of this engagement.

If PM's report on the financial statements being audited is to be published in any manner or if the City intends to make reference to PM in a publication of any type, the City agrees to submit proofs of the publication to PM for review prior to such publication and cooperate with PM in PM's performance of any additional audit procedures PM deems necessary in the circumstances, the nature and extent of which will be at PM's sole discretion. The City acknowledges and agrees that additional fees for such work will be determined in accordance with the Fee Adjustments provision of this agreement. With regard to the electronic dissemination of audited financial statements, including financial statements published electronically on the City's Internet website, the City understands that electronic sites are a means to distribute information and, therefore, PM is not required to read the information contained in these sites or to consider the consistency of other information in the electronic site with the original document.

- 13. Securities Offerings PM's audit does not contemplate, and does not include, any services in connection with any offering of securities, whether registered or exempt from registration. In the event the City elects to incorporate or make reference to PM's report in connection with any offering of debt or equity securities and request PM's consent to such incorporation or reference, the City understands that PM must perform additional procedures, the nature and extent of which will be at PM's sole discretion, and agrees that additional fees for such work will be determined based on the actual time that PM staff expend at current hourly rates, plus all reasonable and necessary travel and out-of-pocket costs incurred, and that payment for all such additional fees will be made in accordance with the payment terms provided in this agreement.
- 14. Tax Return Preparation This engagement does not include preparation of any tax returns or filings. If the City requires tax services, including tax consulting or preparation of tax returns, those services will be detailed in a separate engagement letter.
- 15. Confidentiality, Ownership, and Retention of Workpapers During the course of this engagement, PM and PM staff may have access to proprietary information of the City, including, but not limited to, information regarding trade secrets, business methods, plans, or projects. PM acknowledges that such information, regardless of its form, is confidential and proprietary to the City, and PM will not use such information for any

Professional Services Agreement - Audit Services

purpose other than its audit or disclose such information to any other person or entity without the prior written consent of the City.

In some circumstances, PM may use third-party service providers to assist with PM's audit services. PM will inform the City if it intends to use a third-party service provider. In order to enable these service providers to assist PM in this capacity, PM must disclose information to these service providers that is relevant to the services they provide. Disclosure of such information shall not constitute a breach of the provisions of this agreement.

In the interest of facilitating PM's services to the City, PM may communicate or exchange data by internet, e-mail, facsimile transmission, or other method. While PM will use its best efforts to keep such communications and transmissions secure in accordance with PM's obligations under applicable laws and professional standards, the City recognizes and accepts that PM has no control over the unauthorized interception of these communications or transmissions once they have been sent, and consent to PM's use of these electronic devices during this engagement.

Professional standards require that PM create and retain certain workpapers for engagements of this nature. All workpapers created in the course of this engagement are and shall remain the property of PM. PM will maintain the confidentiality of all such workpapers as long as they remain in PM's possession.

Both the City and PM acknowledge, however, that PM may be required to make its workpapers available to regulatory authorities or by court order or subpoena in a legal, administrative, arbitration, or similar proceeding in which PM is not a party. Further, in compliance with Office of Management and Budget's (OMB) Circular A-133, Audits of States, Local Governments and Non-Profit Organizations, PM's working papers will be made available to federal award program representatives at PM offices during normal business hours during the audit and for a period of three years after the issuance of the report. Disclosure of confidential information in accordance with requirements of regulatory authorities or pursuant to court order or subpoena shall not constitute a breach of the provisions of this agreement. In the event that a request for any confidential information or workpapers covered by this agreement is made by regulatory authorities or pursuant to a court order or subpoena, PM agrees to inform the City in a timely manner of such request and to cooperate with the City should it attempt, at the City's cost, to limit such access. This provision will survive the termination of this agreement. PM's efforts in complying with such requests will be deemed billable to the City as a separate engagement. PM shall be entitled to compensation for its time and reasonable reimbursement of its expenses (including legal fees) in complying with the request.

Both the City and PM acknowledge that upon completion of the audit PM is required to send an electronic copy of the City's financial report, PM's official letter of comments and recommendations, and auditing procedures report directly to the State of Michigan pursuant to Michigan Department of Treasury Regulations. The City authorizes and directs PM to provide such information and disclosure of such information shall not constitute a breach of the provisions of this agreement.

PM reserves the right to destroy, and it is understood that PM will destroy, workpapers created in the course of this engagement in accordance with PM's record retention and destruction policies, which are designed to meet all relevant regulatory requirements for retention of workpapers. PM has no obligation to maintain workpapers other than for its own purposes or to meet those regulatory requirements.

Upon the City's written request, PM may, at its sole discretion, allow others to view any workpapers remaining in its possession if there is a specific business purpose for such a review. PM will evaluate each written request independently. The City acknowledges and agrees that PM will have no obligation to provide such access or to provide copies of PM's workpapers, without regard to whether access had been granted with respect to any prior requests.

- 16. Fee Quotes In any circumstance where PM has provided estimated fees, fixed fees, or not-to-exceed fees ("Fee Quotes"), these Fee Quotes are based on information provided by the City regarding the nature and condition of its accounting, financial, and tax records; the nature and character of transactions reflected in those records; and the design and operating effectiveness of its internal controls. The City acknowledges that the following circumstances will result in an increase in fees:
 - Failure by the City to prepare for the audit as evidenced by accounts and records that have not been subject to normal year-end closing and reconciliation procedures;
 - Failure by the City to complete the audit preparation work by the applicable due dates;
 - Significant unanticipated or undisclosed transactions, audit issues, or other such unforeseeable circumstances;
 - Delays by the City causing scheduling changes or disruption of fieldwork;
 - After audit or post fieldwork circumstances requiring revisions to work previously completed or delays in resolution of issues that extend the period of time necessary to complete the audit;

Professional Services Agreement - Audit Services

- Issues with the prior audit firm, prior year account balances, or report disclosures that impact the current year engagement;
- An excessive number of audit adjustments.

PM will endeavor to advise the City in the event these circumstances occur, however it is acknowledged that the exact impact on the Fee Quote may not be determinable until the conclusion of the engagement. Such fee adjustments will be determined in accordance with the Fee Adjustments provision of this agreement.

- 17. Payment Terms PM's invoices for audit services are due on the agreed-upon dates. Other invoices are due upon receipt. In the event any of PM's invoices are not paid in accordance with the terms of this agreement, PM may elect, at PM's sole discretion, to suspend work until PM receives payment in full for all amounts due or terminate this engagement. In the event that work is suspended, for nonpayment or other reasons, and subsequently resumed, PM offers no guarantee, express or implied, that PM will be able to meet any previously established deadlines related to the completion of PM's audit work or issuance of PM's audit report upon resumption of PM's work. The City agrees that in the event PM stops work or terminates this Agreement as a result of the City's failure to pay fees on a timely basis for services rendered by PM as provided in this Agreement, or if PM terminates this Agreement for any other reason, PM shall not be liable for any damages that occur as a result of PM ceasing to render services.
- 18. Fee Adjustments Any fee adjustments for reasons described elsewhere in this agreement will be determined based on the actual time expended by PM staff at PM's current hourly rates, plus all reasonable and necessary travel and out-of-pocket costs incurred, and included as an adjustment to PM's invoices related to this engagement. The City acknowledges and agrees that payment for all such fee adjustments will be made in accordance with the payment terms provided in this agreement.
- 19. Subsequent Discovery of Facts After the date of PM's report on the financial statements, PM has no obligation to make any further or continuing inquiry or perform any other auditing procedures with respect to the audited financial statements covered by PM's report, unless new information that may affect the report comes to PM's attention. If PM becomes aware of information that relates to these financial statements but was not known to PM at the date of its report, and that is of such a nature and from such a source that PM would have investigated it had it come to PM's attention during the course of the audit, PM will, as soon as practicable, undertake to determine whether the information is reliable and whether the facts existed at the date of PM's report. In this connection, PM will discuss the matter with the City and request cooperation in whatever investigation and modification of the financial statements that may be necessary. Additional fees for such work will be determined based on the actual time that PM staff expend at PM's current hourly rates, plus all reasonable and necessary travel and out-of-pocket costs incurred, and the City acknowledges and agrees that payment for all such additional fees will be made in accordance with the payment terms provided in this agreement.
- 20. Termination of Engagement This agreement may be terminated by either party upon written notice. Upon notification of termination, PM's services will cease and PM's engagement will be deemed to have been completed. The City will be obligated to compensate PM for all time expended and to reimburse PM for all out-of-pocket expenditures through the date of termination of this engagement.
- 21. Governing Law This agreement shall be governed by and construed in accordance with the laws of the State of Michigan.

From: Chief Lloyd T. Collins

Subject: Agenda Item – Sale of Asset

Date: November 26, 2013

A number of unused, unclaimed, or abandoned items have recently been put up for auction and sold. And, there are a few items that we are preparing to put up for bidding. As of today, the police department has listed and sold 21 items through the MITN (Michigan Inter-Governmental Trading Network) website. Our department recently investigated a Fleeing & Eluding case in which a 2006 Kawasaki (VIN:JKAKXGDC36A002355) dirt bike was used during the commission of the crime. The Kawasaki was abandoned during the pursuit. Further investigation revealed the last known owner sold the dirt bike to an individual in South Lyon more than 18 months prior to the incident. No records were saved on the transaction. Our department obtained a bill of sale for the abandoned vehicle which may be used to apply for a new title to the purchaser. The starting bid for the abandoned bike will be \$1000.00. Any item selling for more than \$500.00 requires Council's approval of the sale. Therefore, I am requesting council's permission to approve the sale of the vehicle upon completion of the auction. It should also be noted that we do add 5% to all final bids to cover any and all City costs.

SLFD Employee Compensation

With the MAFF decertification vote, as of December 1, 2013, SLFD employees will no longer be covered under a collective bargaining agreement. I am working on numerous policy adjustments to cover areas that were previously covered under the collective bargaining unit. The forefront issue is the compensation package.

SLFD and Salem Township FD are the only two fire departments in the South Lyon region that operate without any career staff. In order for us to sustain a strong paid-on-call system, it is essential for us to maintain competitive pay rates to recruit and retain quality staff. Lyon Township, Green Oak Township, and Salem Township all have pay higher pay rates, and all of our staff live within a radius to be hired by one of these departments. It costs us approximately \$15,000.00 to train a person without any prior certifications, and we run the risk of this investment going to a neighboring department if we are not competitive.

It is my understanding that the last pay adjustment for SLFD employees occurred in 2008. SLFD employees do not have the additional or legacy costs of other City staff such as healthcare or retirement.

The attached compensation package places us comparable with Lyon Township but less than other neighboring fire departments, but I feel the totality of the compensation package, along with our fire department's operations makes this package competitive and reasonable. The estimated budget impact to the current fiscal year budget is estimated to be \$15,000.00

- The required incident response percentage is being raised for firefighters from 8% to 15% and for officers from 10% to 20%.
- Many area departments offer a stipend for officers, this package does not.
- SLFD does not contribute to a 457 plan, which some municipalities do.
- This plan does not offer length of services bonuses or cost of living adjustments.

The estimated budget impact to the current fiscal year budget is estimated to be \$15,000.00.

Comparisons of this package to benchmark communities:

- The required incident response percentage is being raised for firefighters from 8% to 15% and for officers from 10% to 20%.
- No annual stipend for officers.
- No contribution to a 457 plan.
- No length of services bonus.
- No top / high alarm response bonus.
- SLFD does not offer paid overnight staffing options for paid-on-call staff, which numerous other municipalities do.
- Under the previous MAFF contract, employees received a quarterly cost of living adjustment (COLA), this package eliminates that COLA payment.

COMPENSATION

Issued: Revised:

Approved: Chief Mike Kennedy

I. Purpose

Establish the compensation package for SLFD employees below the rank of Fire Chief.

II. PAY CLASSIFICATIONS

Pay classifications do not necessarily equal a separate rank. Each pay classification has a corresponding procedure providing detail on the classification such as qualifications, education and training, and essential job requirements. For each pay classification, the employee must meet the qualifications of all lesser pay classifications excluding the Michigan Fire Inspector Certification. Fire Inspectors are a lateral position to Lieutenant. Employees shall not be paid to achieve fire inspector certification nor will class cost be paid, unless the Fire Chief determines a need. If the employee has prior experience to be at a higher classification, then at the Fire Chief's discretion, the time limit for each classification below may be shortened.

Each pay classification may or may not be filled at sole discretion of Fire Chief.

Trainee	\$8.00	Current - \$10.00
Trainee / EMT	\$9.00	New pay grade
Firefighter / EMT	\$14.30	Current - \$13.00
Engineer	\$15.40	Current - \$14.00
Aerial Platform Operator	\$16.50	Current - \$15.00
Sergeant	\$17.60	Current - \$16.00
Fire Inspector	\$19.80	Current - \$16.00
Lieutenant	\$19.80	Current - \$18.00
Captain	\$20.90	Current - \$19.00
Assistant Chief	\$22.00	Current - \$20.00

Employees who were making \$10.00 / hours as of December 1, 2013 shall remain making that pay rate, unless they promote to another pay classification

III. ELIGIBILITY FOR PAY

This provision is the same as what was in the MAFF contract.

Pay for employees who respond to a toned out incident shall be a minimum of one hour and in increments of fifteen (15) minutes after. If multiple incidents occur during the same time period, employees shall receive only one rate of pay. At no time will employees be paid multiple, concurrent pay rates.

All other paid activities shall be in fifteen minute increments with no minimum.

Employees will be paid for conducting official fire department business including but not limited to: day shift, hydrant inspections/painting, station maintenance/cleaning, apparatus maintenance/cleaning, public fire education/community relations events, approved training, and fire inspections. For non-incidents, employees will be paid to the nearest quarter hour increment.

Examples

- Station maintenance lasting thirty (30) minutes shall be paid .5 hours
- Public education lasting one (1) hours and ten (10) minutes shall be paid 1.25 hours

All firefighters must receive authorization from a fire officer prior to conducting a paid activity.

Employees shall make their set hourly pay while conducting assigned, scheduled, official department business, or other related activities. Regardless of the function they are performing or how many incidents the department receives during a given time, employees shall not be paid for multiple functions/incidents during the same time period.

A pay sheet must be completed for all activities that employees are requesting payment. Hours shall be documented using military time only. Original pay sheets shall be printed on green paper to distinguish them for record keeping purposes. Upon completion, the pay sheet shall be placed into the drop box outside of the radio room.

If some personnel are working beyond one hour (e.g. providing a driver for HVA), while other personnel are released from the station, those personnel leaving at the one (1) hour mark shall write the time they signed out in the "Time Out" column of the pay sheet. The pay sheet shall be left out until the last employee from the incident returns to the station and has completed all necessary reports and clean-up activities. The "End Time" shall be the time that the last employee signed out. Personnel shall not complete an additional pay sheet for driving HVA rigs.

All pay sheets must be submitted within the pay period during which the time was worked. All pay sheets must indicate the officer in charge (incidents) or officer authorizing the paid activity. Failure to document the officer in charge or authorizing officer will result in forfeiture of pay for that event.

IV. Overtime

This section has been revised from a daily overtime calculation to a weekly calculation. Pay shall be one and one half times the hourly rate for hours worked in excess of forty (40) hours in a work week. A work week shall be a seven (7) day period starting at 12:00 AM on a Friday to seven (7) days later at 12:00 AM on a Friday.

Pay period example:

12:00 AM, Friday, June 3, 2011 through 12:00 AM, June 10, 2011.

Overtime was previously paid if the employee worked past eight (8) continuous hours, even if the employee did not work forty (40) hours in the week.

V. HOLIDAY PAY

This section is new. Employees previously received no holiday pay rate.

If an employee responds to an incident on a declared holiday, the employee will receive time and one-half his/her regular hourly rate. This holiday pay applies to incident response only. This extra pay rate does not apply to parades, public education events, day shift, or any other non-incident activity. If an employee is working a non-incident activity and an incident occurs, the employee will make the higher rate for the incident time only.

Attached is a draft Resolution for the Council's 12/9/13 meeting to opt out of and exempt the City from the hard cap and 80/20 caps for calendar year 2014. A copy of the Act is also attached. This is still in draft form and is subject to change. Lisa Deaton can probably provide the next Resolution number.

Please let me know what other information and documents you think would be needed to help explain this resolution to Council. If needed, I can prepare a quick explanation to accompany the draft resolution.

Mr. Cook, it was great to meet with you today. Per your request, here is a summary of why the City chose an "early" renewal with BCBS for Dec 1st 2013, verses staying with your March 2014 renewal date.

Because of impending changes with regards to the ACA, Affordable Care Act, BCBS offered your group an early renewal this year. The two main changes were these:

- 1) You currently have carved out rx from BCBS and self-fund it with a TPA called EHIM. This has resulted in significant savings over the past 3 years. BCBS will no longer be able to allow the RX carve out in 2014 due to plan change guidelines mandated by the ACA.
- 2) The way groups will be rated will also be changing in 2014. Currently you are given a Single, 2-Person and Family rate which only takes into account the age of the employee in each of these tiers. Beginning Jan 1st, all members of a family are given a rate based on their age.

When BCBS ran initial rates in the early fall of this year, and took into account the 2 changes listed above, they were "projecting" an increase in excess of 30% come March 2014. By going with an December 2013 renewal, we were able to avoid the two big changes listed above and were able to secure a 9% increase, and this buys us a year to let things shake out with regards to Reform and have a better handle on things a year from now.

Liberty Chevrolet Chili Cook-off

On Saturday, October 12, 2013, SLFD participated in a chili cook-off at Liberty Chevrolet in New Hudson. Along with this chili cook-off, Liberty Chevrolet offered a donation to the Great Lakes Burn Camp for each test drive that day.

SLFD staff did this on their own time and paid for ingredients out of pocket. A panel of three judges awarded the top prize to a chili made by SLFD Firefighter Chris Demeniuk. The winning prize was \$1,500.00. Due to this competition occurring in Lyon Township, the decision was made to split the winnings with the Lyon Township Fire Department. A check for \$750.00 has been presented to the South Lyon Treasurer.

Lieutenant Jim Shekell, Firefighter Chris Demeniuk, and Chief Mike Kennedy represented SLFD during this event.

DOWNTOWN DEVELOPMENT AUTHORITY huilding a community with character

Farmers & Artisans Market
Saturdays, 9am - 2pm

November 22, 2013

Mayor Ted Wallace and City Council Members 335 S. Warren South Lyon, MI 48178

Dear Mayor Wallace and City Council Members,

On behalf of the South Lyon Farmers and Artisans Market (Market), the South Lyon Downtown Development Authority (DDA), and the South Lyon Farmers and Artisans Market Committee (Committee), we would like to thank you for attending our ribbon cutting and first 2013 Market Day on May 4. Thank you also for your behind the scenes support. Your backing of our inaugural 2013 Saturday Market was essential for our success.

For the 2013 Market and in order to improve the South Lyon community's access to fresh produce and locally produced baked goods, products and services; we made it a priority to continue the Market's location in the heart of South Lyon. Additionally, we worked on building the attitude of "Buy Local, Buy Fresh," we changed the Market's day and time, and we expanded the number of weeks the 2013 Market would be open. We started out in two parking lots and ended up in one. This was done in order to provide additional customer parking and to improve the overall appearance of the Market. Once we began working out of one parking lot, we immediately had an increase in customer traffic. Moreover, our new configuration drew favorable reactions from customers and passersby alike. We believe we turned the Market into a Saturday destination for many residents and visitors.

Recently, the Committee held a wrap up meeting in which sponsors and vendors were also invited. Quite a few sponsors and vendors were present and they provided us with many valuable suggestions. Based on these suggestions and based on the results from our mid-season vendor/customer surveys, we will be making some additional improvements for the 2014 Market season. Furthermore, we are striving to collaborate and partner with many more individuals and groups. We will keep you updated as these changes become formalized.

In the end, the success of the 2013 Market would not have been possible without every single one of the vendors, sponsors, volunteers, businesses, organizations and media persons who were a part of our Market. Therefore, we would like to say:

Thank you to the sponsors who made the 2013 Market financially possible - Verizon, Sprint, Wide Open West (WOW), Observer & Eccentric Media, Superb Wrench, Jarratt

COMMENTS FROM THE PUBLIC ON NON-AGENDA ITEMS

Thompson reminded those present about the Chamber's Holiday Window and Door decorating contest. Wickham noted that she would be willing to serve as a judge to represent the DDA.

NEW BUSINESS

1) Results of Downtown Walk Through

Jarratt gave an overview of the downtown walk through performed in September. He is working on a map to highlight potential project areas. He noted that these will be small and relatively inexpensive projects due to budgetary constraints. Jarratt stated that he would like some feedback from board members on the list. Gerdom suggested a due date to have the list finalized and presented back to the Commission. Fagin suggested that it be placed on the January agenda.

There was a lengthy discussion about similar attempts done in the past. Delaney stated that she would go through her files, and locate similar lists so they could build on that information.

Reutter talked about seating areas, noting that the placement of benches throughout the downtown seemed random. There was no thought to making the seating areas pleasant or in practical areas, they seem to just be plopped down. Reutter also suggested instituting historical plaques or markers to highlight buildings in the downtown.

Fagin discussed the alley behind the post office. He noted that HRC would be working on it next spring. There was a discussion about who owned the wall along the alley and ways that it could be improved.

There was a discussion about buildings downtown that need to be painted, as well as large planters in Brighton that are decorated year round.

OLD BUSINESS

1) Budget/ Financial Report

Bifano gave a brief overview of a financial report.

2) 2012 Events

No update.

3) Committee Updates

a) Design: None

b) Marketing and Promotions:

- i) Ladies Night Out: Stowe stated that there were no plans to have another LNO before the end of the year. Stowe said she would contact surrounding communities to see what they had planned. Many business owners felt that attendance was down because we held the event on the same night as other downtowns.
- c) Economic Restructuring: None
- d) Farmers Market: Thompson gave the board an update on the status of the Farmers

Market. She stated that Mary Novrocki had expressed interest in being the Market Manager for the 2014 season. She noted that much of the pre-season work last year had been done by Debbie Nogle. Novrocki is willing to do this work but she should be compensated for the time that she is putting into the market. Thompson stated that Novrocki had organized a 2013 wrap up meeting on Tuesday, November 19th. Novrocki has invited vendors to solicit their feedback. There will be a Farmers Market Committee meeting on December 3rd at 9 a.m. at City Hall to start planning for 2014. Novrocki will also attend the December DDA meeting to update the board.

Review minutes from October 8, 2013 Committee Meeting: No discussion

1. Market Particulars

- a. Location: Most felt there are pros/cons with the market location at Liberty and Pontiac Trail. While it is a busy street with much traffic, it is highly visible. Moving from two to one parking lot was viewed as a positive change.
- b. Wednesday vs. Saturday: While there were some benefits noted for a Wednesday market, most vendors said that their sales were better on Saturday than the previous year when market was held on Wednesday afternoons.
- c. Hours: It was suggested that the early market start time wasn't great at the beginning of the season (attributed to cooler morning temperatures. Adding an extra 30-60 minutes to the length of market would be supported by vendors.
- d. Season Length: The vendors agreed that first Saturday in May through last Saturday in October is very appropriate.
- e. Name: No Discussion
- f. Logo: No Discussion
- g. Market Weekly Totals: Mary presented data; No Discussion
- h. Market Accounting 2013 season: Mary presented financial report; No Discussion

There was some discussion about the limitation of growth with the market located in a single lot. Mary stated that approximately 25 vendors can fit in the north lot of a serpentine booth arrangement is used.

- 2. Market Manager: off season payment for preseason work: No discussion
- 3. Application Process: Across the board, the vendors felt that the application form and process was easy to navigate and was typical of other markets.
 - a. Website
 - b. "We Want to Learn About You" form
 - c. Market Application form
 - d. Market Rules and Regulations form

4. Vendors

- a. Variety / Ratio: No discussion
- b. Fees: Across the board vendors said that SL market fees are higher than most and definitely higher than other markets of comparable size. Most agreed that a daily rate of about \$15 is expected.

i. Amount: See Aboveii. Collection: No discussion

iii. Seasonal vs. Weekly: See Above

There was a comment that a half-season rate would benefit specific vendors. It was also suggested that there be more flexibility for spontaneous showups (although Mary has never seen a need for this). Word of mouth may help develop.

- iv. Comparable Markets: Mary provided information from other area markets for comparison
- c. Commercial Exhibitors: No Discussion
- d. Food Trucks: It was commented that prepared foods are a bonus, particularly when the market was on Wednesday afternoons as people stopped in to bring home dinner.
- e. Other: Non-Profits, Chamber of Commerce, Master Gardeners
- 5. Parking customers and vendors
 - a. Location
 - b. Availability

It was agreed that the inconvenience experienced by vendors by having to park at city hall is worth making more parking available to customers. It is most important that there be plenty of customer parking. Mary will make accommodations for any vendors with special requirements.

- 6. Customer Attendance: No Discussion
 - a. Changes
 - b. Tracking
- 7. Market Day
 - a. Set-up/Take-down: No Discussion
 - b. Market Equipment: No Discussion
 - c. Signage: A semi-permanent sign was suggested for the parking lot. Since a majority of the customers that attend market are within a 5 mile radius, it was suggested that signs be place beyond that radius. More signage thru the week, not just on market days
 - d. Volunteers: No Discussion

Other marketing options: Channel 19, new resident packages, church bulletins. Vendors did not think that the newspaper or Facebook were particularly effective.

8. Events

- a. Did they help in 2013?
 - i. Ribbon Cutting Ceremony
 - ii. Musicians
 - iii. South Lyon High School Drama Students
 - iv. Library Bake Sale
 - v. Wildwind Equestrian
 - vi. Oakland County Parks and Recreation
 - vii. Survey
 - viii. Market Basket Giveaway
 - ix. Pumpkinfest

The feedback generally supported appropriate ambient music during the market, with some variety for the vendor's sake. The high school students were viewed as distracting and not compatible with a farmer's market vibe. The volume of music and the location of speakers is important so that not one particular vendor s blown out by the sound. Mary will look into using the portable rock blocker for ambient music when musicians are not on-site. Vendors felt that special events are good.

- b. Ideas for 2014: No particular discussion.
 - i. Bike Day
 - ii. Corn roast
 - iii. Arts and Scraps
 - iv. Musicians
 - v. Wine tasting
 - vi. Oakland County Parks and Recreation
 - vii. Blues, Brews and Brats
 - viii. Other ideas

Coffee: While the vendors appreciated the market having coffee, it isn't something they expect as most bring their own.
