

Stafford Library Bulletin Board Policy

The Stafford Library maintains community notice bulletin boards in order to provide Stafford residents with information on cultural, educational, recreational, civic, or service-oriented events or issues. Only non-profit organization information may be posted; commercial postings are not allowed. Petitions or editorial postings (letters to the editor, newspaper articles, etc.) are not allowed. The Library reserves the right to reject materials that are deemed inappropriate.

Postings of the Stafford Library, Town of Stafford, and Stafford civic groups and agencies shall be given priority. Postings of other local civic groups or agencies will be considered as space allows. All postings must be stamped and dated by a library staff member. Bulletin board items shall be put up and taken down by library staff only.

Approved by the Stafford Library Board, April 9, 2015
