Honorable Mayor, Members of the City Council
Citizens of the City of St. Petersburg, Florida

Dear Mayor, Council and Citizens:

Formal Transmittal of the Annual Comprehensive Financial Report

It is our pleasure to submit this Annual Comprehensive Financial Report (ACFR) for the City of St. Petersburg, Florida (the "City") for the fiscal year ended September 30, 2024. The report fulfills the requirements set forth in the City Charter Section 4.05; Florida Statutes, Chapter 218.32; and the Rules of the Florida Auditor General, Chapter 10.550. The organization, form and contents of this report plus the accompanying financial statements and statistical tables are formulated in accordance with the principles prescribed by the Governmental Accounting Standards Board, the State of Florida, the City Charter, and the Government Finance Officers Association.

This ACFR consists of management's representations concerning the finances of the City of St. Petersburg. Consequently, management assumes full responsibility for the completeness and reliability of all the information presented in this report. To provide a reasonable basis for making these representations, management of the City has established a comprehensive internal control framework that is designed both to protect the government's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the City's financial statements in conformity with generally accepted accounting principles (GAAP). Because the cost of internal controls should not outweigh their benefits, the City's comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

Florida Statutes and the City Charter require that an annual financial audit be performed by independent certified public accountants. This year the audit was performed by Cherry Bekaert LLP. The goal of the independent audit was to provide an opinion on the financial statements

of the City for the fiscal year ended September 30, 2024. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditor concluded, based upon their audit, that the City's financial statements for the fiscal year ended September 30, 2024, are fairly presented, in all material respects, in conformity with GAAP. The report of the independent auditor is presented as the first component of the financial section of this report.

The independent audit of the financial statements of the City was part of a broader, federal and state mandated "Single Audit" designed to meet the special needs of federal and state grantor agencies. The standards governing Single Audit engagements require the independent auditor to report not only on the fair presentation of the financial statements, but also on the audited government's internal controls and compliance with legal requirements, with special emphasis on internal controls and compliance requirements that could have a direct and material effect on each major federal award and state financial assistance project.

Profile of the Government

The City of St. Petersburg, Florida (the "City") is the southernmost and largest of the 24 municipalities in Pinellas County and is located at the approximate mid-point on the west coast of Florida. Tampa Bay forms the eastern and southern boundaries, and Boca Ciega Bay, which is part of the Intercoastal Waterway, forms the western boundary of the City. The area of the City is approximately 62 square miles and serves a population of 267,031. The City of St. Petersburg is empowered to levy a property tax on real property located within its boundaries. It is empowered by state statute to extend its corporate limits by annexation, which occurs periodically when deemed appropriate by the City Council.

The City was initially incorporated as a town in 1893 with a second incorporation as a city in 1903. The City operated under the Council/Manager form of government from 1931 to 1993. Effective April 1, 1993, the City Charter was amended to provide for an elected Mayor who shall be the chief administrative official of the City, with no vote on Council. Effective April 1, 1999, the Charter was amended to give the Mayor veto power over City ordinances and line item veto power over budget and appropriation ordinances, subject to the ability of the Council to override the veto. Prior thereto, the Mayor served as a Councilman-at-large. The City is divided into eight council districts. Council members and the Mayor serve terms of four years, subject to term limits.

The City provides a range of services to its citizens, including police and fire protection, refuse collection and recycling disposal, water distribution, sewage treatment, parkland development, economic and workforce development, neighborhood redevelopment, and structural inspection. The City is also required to discretely present in this report the St. Petersburg Health Facilities Authority whose operations consist of issuing tax exempt debt for non-profit healthcare organizations.

Economic Condition

The information presented in the financial statements is perhaps best understood when it is considered from the broader perspective of the specific environment within which the City of St. Petersburg resides.

Local Economy

St. Petersburg is part of a seven-county media market, second largest in Florida and 13th in the nation. Our region leads the state in buying power, retail sales, food sales, bank deposits, and has the largest consumer market. St. Petersburg is the anchor of Florida's High Tech Corridor, a partnership of three research universities, more than 20 local and regional economic development organizations, 14 community and state colleges and 12 regional workforce boards.

The City's commercial economy remains diverse and resilient. Though the City is experiencing interest as a location to all businesses, five major industry clusters have flourished and are targeted – marine and life sciences, specialized manufacturing, financial services, data analytics, and creative arts and design. The City maintains the largest financial services cluster in the state of Florida and the largest marine science cluster in the Southeast.

The City has experienced continued growth in real property taxable values in fiscal years 2013 to 2024 with four milage rate reductions, as measured by the Pinellas County Property Appraiser's annual determination of real property taxable assessed value and land use by taxable authority.

Fiscal Year	Millage Rate	St. Petersburg Taxable Value				Total Taxable Value
		Single Family & Mobile Homes	Multi-Family & Condominiums	Commercial	Other	
2015	6.7700	5,970	3,342	2,879	291	12,482
2016	6.7700	6,478	3,816	3,033	285	13,612
2017	6.7550	7,063	4,224	3,254	287	14,828
2018	6.7550	7,793	4,766	3,393	293	16,245
2019	6.7550	8,630	5,275	3,655	302	17,862
2020	6.7550	9,436	5,902	4,045	334	19,717
2021	6.7550	10,288	6,600	4,334	358	21,580
2022	6.6550	11,313	7,295	4,516	301	23,425
2023	6.5250	13,096	8,623	5,029	353	27,101
2024	6.4675	14,943	9,689	5,539	397	30,568

The amounts above are in millions.

Since 2013, multifamily residential projects have driven the downtown economy with more than 11,075 dwelling units, representing an investment of more than \$630 million in residential development. Notable projects include the recently completed 88-unit Reflection St. Pete, 192-unit Saltaire, 357-unit Ascent St. Petersburg, 220-unit Evo projects and the 51-unit The Shores. The 301-unit, 400 Central Avenue and 250-unity Art House are two mixed-use developments currently under construction, representing an additional investment of \$333 million in residential projects.

As of September 30, 2024, Pinellas County had a population of 971,218 and the City of St. Petersburg had a population of 267,031 per the Bureau of Economic and Business Research (BEBR). The 2023 population estimates were 974,689 for Pinellas County and 265,782 for the City of St. Petersburg, per the Bureau of Economic and Business Research (BEBR).

In September 2024, the labor force in Pinellas County and the City of St. Petersburg was 527,535 and 152,692 respectively, compared to 539,439 and 156,177, respectively, the year before. Employment within Pinellas County and the City of St. Petersburg decreased from the prior year, with employment at 509,847 and 147,705 for the current year, respectively, and 523,274 and 151,595, respectively, for the prior year. The non-seasonally adjusted City unemployment for September 2024 was 3.3% and for September 2023 was 2.9%. (Source: Bureau of Labor Statistics www.bls.gov)

2024 Budget Highlights

The operating budget for the City of St. Petersburg for Fiscal Year (FY) 2024 totals \$823 million for all funds, excluding internal service funds and dependent districts. This is an increase of \$63 million or 8.3% from the Fiscal Year 2023 Adopted Budget. The estimate included herein was used by City Council to set the millage rate as required by Florida Statutes and reduced the millage rate from 6.5250 to 6.4675 mills. Notable highlights of the FY 2024 Adopted Budget are as follows:

- In FY24, the citywide cost of salaries and benefits is \$358 million or 43.49% of the total operating budget of \$823.1 million. In the General Fund, salaries and wages are \$241.4 million or 66.24% of the \$364.5 million total budget. The Police and Fire Rescue Unions contracts include a general wage increase of 5% in FY24 and FY25. The Blue, White, and Professional union contracts include a general wage increase of 3.5% in FY24. All union contracts now include steps.
- Police Department – The FY24 budget includes \$147.5 million in the General Fund that will be invested into the people, equipment, and programs that keep our community safe. Within the Police Department allocation is \$1.67 million for the continuation of the Community Assistance and Life Liaison (CALL) program and \$1.45 million for the continuation of the Body Worn Camera program.
- Fire/EMS – The FY24 budget includes a total investment of \$44.1 million in the General Fund and \$21.6 million in the Emergency Medical Services (EMS) Fund for the Fire Rescue Department. There also is funding for 5 additional fire cadets and 6 additional full-time firefighter/paramedic positions as part of a three-year plan to bring the department position count up to the staffing multiplier within the County. For both Police and Fire Rescue departments there is funding for mental health services for public safety employees and their direct family members.
- Economic Stability Fund – An investment of \$500,000 in our reserves was budgeted again in FY24.
- Technology and Infrastructure Fund Replenishment – The adopted budget includes a contribution to the Technology and Infrastructure Fund of \$1.3 million to better position the City to keep up with future technology needs.
- Homelessness & Social Action Funding – The ability to provide resources for homelessness, especially as it relates to homeless youth and families, continues to be a shared priority. In FY24, there is funding for Social Action Grants at \$700,000, Rehousing at \$400,000, the Childhood Homelessness Project at \$260,000, Pinellas

Safe Harbor at \$150,000, Pinellas Hope at \$150,000, St. Vincent DePaul at \$148,633, West Care Turning Point at \$125,000, the West Care Opioid Addiction Program at \$100,000, Neighborly Care Network - Meals on Wheels at \$100,000 which is a \$25,000 increase over FY23, and Pinellas Homeless Leadership Alliance at \$25,000.

- Youth Employment Programming – The FY24 budget reflects our commitment to youth opportunity with continued funding for the My Brother's and Sister's Keeper program \$771,304 which includes Youth Development Grants, our Year-Round Youth Employment programs, both after school and summer at \$1,000,000 which is an increase of \$600,000 from FY23, the Workforce Readiness program at \$35,000, Eckerd College Diversity Scholarship year three at \$50,000, and year four of the USF Bridge to Doctorate Program at \$25,000. For FY24 we also added \$500,000 in funding for Literacy and STEAM programs.
- Arts & Culture - The FY24 budget includes \$500,000, for the city's Arts Grants Program, a \$45,000 increase over the FY23 Budget. There is also \$107,000 in the budget for the Carter G. Woodson Museum, \$100,000 for the Florida Orchestra, \$50,000 for the Arts Conservatory for Teens (ACT), and \$87,000 for the Museum of History, which is a \$75,000 increase from FY23.
- Equitable Development and Business Opportunities - The FY24 budget provides funding for strategic initiatives such as the Grow Smarter Economic and Workforce Development Incentives Program for \$270,000, Small Business Grants and Programs – MicroFund Program/Commercial Revitalization Program/Storefront Conservation Program for \$500,000, the Economic Development Corporation for \$150,000, the Greenhouse partnership with the Chamber of Commerce for \$150,000, Business Recruitment Event Aid for \$25,000, the Business Corridor Support Program for \$30,000, and the Minority Enterprise Development Corporation for \$5,000. Other investments included in our FY24 budget include \$220,000 for our four Main Street business organizations, \$300,000 for Corporate Relocation and Expansion Grants, and \$60,000 for our Qualified Target Industry Commitments. The budget also includes funding for two new planning projects. One is for District 2 of \$400,000 and the other is for the Arts Plaza of \$100,000.
- The Water Resource Operating Fund budget for FY24 is \$202.4 million and increased 8.8% over the FY23 Adopted Budget. The FY24 operating budget will continue to improve operational efficiency, increase reliability, and reduce reliance on contract services. There is also a transfer from the Water Resources Operating Fund to the Water Resources Capital Improvement Fund. The total transfer in FY24 will be \$34.4 million and is estimated to be 50/50 cash to debt funding ratio of the capital program.
- The Stormwater Utility Operating Fund budget for FY24 is \$33.9 million and increased 19.7% over the FY23 Adopted Budget. The most significant change is an increase in the amount transferred to the Stormwater Drainage Capital Projects Fund. The total transfer in FY24 to the Stormwater Drainage Capital Projects Fund will be \$8.02 million and is estimated to be 50/50 cash to debt funding ratio of the capital program.
- Our city, like so many others throughout the state and nation, is facing an affordable housing crisis in which rents are rapidly rising and home values are pushing the dream of home ownership further out of the reach of many hard-working residents. Solving this

challenge is complex and requires a combination of immediate action, ongoing policy consideration, and long-term vision. Our administration is creating an Opportunity Agenda for Housing, expanding and updating the 10-year strategy established in FY20 to increase affordable and market-rate multi-family housing supply, affordable single-family housing, and accessory dwelling units. Within our FY24 budget, we included \$8.0 million for the Housing and Community Development Department's FY24 operating budget. This budget includes funding in the General Fund as well as several other funds that contain state and federal grant resources to fund the city's various housing grant programs. There is also a transfer to the Housing Capital Improvement Fund in the amount of \$750,000, a \$75,000 increase over FY23, to provide funding for affordable/workforce housing projects and to repay any draws made under the Economic Stability Fund credit facility required during the year. In the CIP Budget, there is a \$8.75 million in Penny for Pinellas funding over the five-year CIP plan for affordable housing land acquisition.

The FY 2024 capital improvement budget totals \$162.6 million, with a five-year capital improvement budget of \$901.2 million. The capital improvement budget includes many projects that are recurring projects in nature, such as the replacement of Building A at the Fleet Facility at \$6.3 million, to Sidewalk Reconstruction at \$1.3 million, to Water Distribution System Improvements projects at \$17.9 million. Notable programs are as follows:

- As a coastal city, we are acutely at-risk from the effects of climate change and sea level rise. The FY24 budget includes funding to support sustainability and resiliency. Examples, mainly located in the CIP budget, include Connecticut Avenue NE and Vicinity Resiliency for \$4.0 million, Stormwater System Resiliency Enhancements for \$500,000, and the upgrade of existing lighting at city parks at \$100,000.
- The Penny for Pinellas projects account for \$43.71 million or 26.9% of the total FY24 CIP and \$183.390 million or 20% of the five-year CIP. On November 7, 2017, the voters of Pinellas County authorized the third extension of the Penny for Pinellas for a fourth ten-year period January 1, 2020, to December 31, 2029. The Penny 4 allocation is different from previous penny rounds and reflects the current infrastructure needs of the city. Significant Penny for Pinellas projects budgeted in the FY 2024 CIP are as follows:
 - Public Safety projects included replacement of a 1,500 gallon-per-minute fire rescue pumper, Fire Engine 5 at \$314,000, replacement of a 100' ariel-platform ladder truck, Ladder Truck 13, at \$1.3 million, and the purchase of 12 new take-home hybrid vehicles for police officers at \$648,000.
 - Citywide Infrastructure projects included the following categories: \$4.8 million for bridge replacement and rehabilitation, \$3.3 million for the replacement of Fleet Facility - Building A, \$7 million for underground wastewater infrastructure, \$1.75 million for affordable housing land acquisitions, \$8.85 million for street and road improvements, and \$1.05 million for seawall renovations and replacements.
 - City Facilities projects include approximately \$2.04 million in city facility waterproofing and HVAC replacements.

- Approximately \$7.15 million in culture and recreation improvements city wide. Including improvements to Mahaffey Theater, the libraries, play equipment and other parks and recreation center upgrades.
- Portions of the public utilities system have been in service since the 1950s and are reaching the end of their useful life. The City is implementing an industry standard asset management program to coordinate repair and replacement of existing assets in a timely and cost-effective manner. Accordingly, the underlying public utility departments have the following notable projects:
 - Water Resources projects comprise approximately 50.2% of the FY2024 capital improvement budget and \$534.4 million or 59.3% of the five-year capital improvement budget. Large projects are for the sanitary sewer collection system improvements, life station improvements, water reclamation facility improvements, computerized system improvements, water distribution system improvements and the Water Resources Lab Building Improvements.
 - Stormwater Drainage capital improvements are \$16.8 million of the FY2024 capital improvement budget and include large projects related to the Stormwater master plan to perform water quality improvements, drainage line rehabilitation or replacement, and stormwater drainage improvements in areas that have frequent flooding.

Cost of City Services

A comparison of city population in relationship to cost of city services provides insight into the City's cost to provide all city services.

Fiscal Year	City Population	Governmental Expenditures (in millions)	Average Cost Per Citizen	Cost increase (decrease)
2015	256,681	285	1,110	-2.4%
2016	259,906	291	1,120	0.8%
2017	263,768	304	1,153	2.9%
2018	266,076	378	1,421	23.3%
2019	269,357	376	1,396	-1.7%
2020	258,308	371	1,436	2.9%
2021	260,778	372	1,427	-0.7%
2022	264,220	364	1,378	-3.4%
2023	265,782	434	1,633	18.5%
2024	267,031	499	1,870	35.7%

For more information on fiscal year 2024 activities and expenditures, as shown on the basic financial statements, please refer to Management's Discussion and Analysis.

Long Term Financial Planning

The City had adopted fiscal policies that are reviewed and updated annually as part of the budgetary review process. Included in the fiscal policies are policies relating to maintaining targeted fund balances, guidelines for investing, policies on issuance of debt, and overall

guidelines for financial and accounting practices, including the basic framework for preparing the City's operating and capital improvement budgets.

City Development Efforts

The growth of the City's downtown has been noteworthy with the value of property in the City's Intown redevelopment area increasing from \$108 million to \$3.02 billion between 1981 and 2024, experiencing nearly continual annual growth except for a 10 percent decline in 2010. Through 2019, over \$44 billion (in 2018 dollars) in public and private construction throughout the greater downtown area including the St. Petersburg Innovation District has been completed or initiated since the City approved a redevelopment plan for downtown in March 1982. Anchoring the Intown Redevelopment Area is the 86-acre Historic Gas Plant District. The proposed \$6.5 billion dollar redevelopment will include a new state-of-the-art baseball stadium for the Tampa Bay Rays, over 5,000 new mixed-income residential units, 1.4 million square feet of office space, new retail, entertainment, hotel, and conference space, and a new Woodson African American Museum of Florida. The project is anticipated to begin in 2025, and development will occur in three phases over a 30-year timeframe.

Included in the Community Redevelopment Districts the City has had growth and significant projects within the Intown West Redevelopment District, and the South St. Petersburg Redevelopment District. Intown West, located just west of the downtown core, has seen many new residential and commercial projects recently completed, including the 163-room Moxy St. Petersburg Downtown. The South St. Petersburg Redevelopment District has also seen significant new multi-family investments, including the Pelican Place Townhomes and the Deuces Townhomes.

The City is also focusing resources on revitalizing underserved areas of St. Petersburg. In May 2015, St. Petersburg City Council adopted an innovative 30-year revitalization plan for the South St. Petersburg Community Redevelopment Area (CRA). At 7.4 square miles, the South St. Petersburg CRA is one of the largest in Florida and is generally bounded by 2nd Avenue North, Interstate 275, Interstate 175 and Booker Creek on the north; 4th Street South on the east; 30th Avenue South on the south; and 49th Street on the west.

The South St. Petersburg CRA Plan is the first redevelopment plan in St. Petersburg to provide a direct source of public funding (known as tax increment financing or TIF) to support the private investment of businesses, property owners and residents. Prior redevelopment plans in St. Petersburg and Pinellas County, such as the Downtown St. Petersburg TIF district, typically used TIF revenue to fund public improvements, such as garages, stadiums, streetscaping, and infrastructure, to attract private investment. The South St. Petersburg Plan is using TIF to directly support private investment, greatly expanding the community's access to capital and encouraging private enterprise within the CRA to help revitalize it. Some of the programs approved by City Council include grants to property and business owners to renovate commercial properties, direct incentives to developers to build or renovate affordable multifamily housing, and a loan program to assist businesses in need of capital.

Utilities and Communications

The City's three municipal enterprise operations, Water Resources, Stormwater, and Sanitation, provide potable water, wastewater treatment, reclaimed water irrigation, stormwater improvements, solid waste collection, disposal services and recycling services to its customers.

Stormwater operations and maintenance is provided by the Engineering and Capital Improvements and Storm Water Departments. The City's residents are served twice weekly by an automated sanitation collection service. Solid waste is disposed of in a Resource Recovery Plant, which is under the administrative control of Pinellas County. This disposal method replaced landfill operations in 1983 and is the required method for all waste disposal in Pinellas County. In 2015, the City launched its Universal Curbside Recycling Program with every other week collections for most residents. Sanitation collects recycling both curbside and in alleys.

Other utilities in the City are provided by Duke Energy, Inc. for electric service, Frontier and Charter Spectrum for telephone service and TECO for metered natural gas. The Tampa Bay Times, an award-winning daily newspaper, is published in the City along with a number of smaller weekly publications and has its main office in downtown. Seven television stations and three cable franchises serve the greater St. Petersburg area. The City also operates its own low power broadcast government access channel.

Cultural and Recreational Facilities

The City offers a variety of cultural facilities ranging from theater and symphony performances to museum displays. The Mahaffey Theater is a City owned and operated by Big3 Entertainment, which provides events throughout the year, including symphony and top-name entertainers.

The City is home to many fine museums. In 2021, the \$70 million, 137,000 sq. ft. Museum of the American Arts and Crafts Movement opened in downtown St. Petersburg. It is the world's only museum dedicated to the American Arts and Crafts movement of the 19th and 20th centuries. The museum also features a café and theater, displaying arts and crafts-inspired films. In 2018, Tom James, the Chairman Emeritus of Raymond James Financial and his wife Mary, opened a \$50 million museum, meeting space, and upcoming restaurant to house the James' personal collection of art at the newly opened James Museum of Western and Wildlife Art at 100 Central Avenue.

In January 2018, Imagine Museum opened in a restored building, its collection dedicated to Contemporary American Studio Glass, and funded by benefactor Trish Duggan, at 1901 Central Avenue.

Fine museums adorn the downtown waterfront as well. The Museum of Fine Arts, in Straub Park, features ten exhibition galleries, including three authentic period rooms, an outdoor ornamental garden and an auditorium for community events.

The Salvador Dali Museum houses the largest collection of Dali works outside of Europe. The collection--valued at \$75 million--has 93 oil paintings, 100 watercolors and drawings, and 1,300 graphics, sculptures and objects of fine art. In January 2011, the Dali Museum moved to a 74,000 square-foot building on the City's downtown waterfront becoming an architectural icon for arts patrons worldwide. The Dali is taking steps toward a 60,000-square-foot building expansion. The \$68 million project, which has a targeted opening of 2026, will extend the Museum to the west of the existing building. The proposed expansion will increase the education & community programming space to supplement K-12 curriculum as well as nurture the arts evolution and grow tourism in Pinellas County. The Dali expansion is estimated to bring in an additional 70,000 visitors per year, with an annual economic impact of \$180 million.

The St. Petersburg Museum of History and Flight, along the redeveloped St. Petersburg Pier approach, offers visitors a glance at the City's unique past and includes a pavilion for a display

of the Benoist airplane, which inaugurated commercial airline service in 1914. The Museum has announced plans for an \$7 million, 8,000 square foot expansion in the near future. The Great Explorations Hands on Museum offers children and adults interactive exhibits in the arts, science and health fields and moved into its new facility in the recently renovated Sunken Gardens. In 1998, the Florida Holocaust Museum joined the collection of world-class downtown museums. The Morean Arts Center, a 30-year-old non-profit art gallery and educational center devoted to the visual arts, has completed a multi-million-dollar expansion of its facility.

The St. Petersburg Library System consists of seven libraries committed to community development through programs and services centered on education, economy, ecology, equity, efficiency and engagement. The system is fully automated, providing easy access to collection materials at all sites. Electronic materials are also accessible anywhere via the Internet. With collections of over 470,000 items, the library system offers books, DVDs, CDs, audiobooks, e-books, streaming music and videos, electronic magazines and journals, as well as on-demand instructional videos covering technology, workforce development, and more. The City's libraries offer a wide variety of programs and services that enhance the quality of life of residents and visitors in keeping with the library's mission to provide materials, information and services to meet the educational, recreational, cultural and social needs of our diverse community.

The City has one of the most extensive recreational and waterfront park systems in the Country. The City's Nationally Accredited Parks and Recreation Department supervises more than 2,400 acres of parkland containing over 150 recreational and scenic parks, 17 recreation facilities, and nine swimming pools. The City also maintains over 77 athletic fields. Boyd Hill Nature Park features bicycle paths, a boardwalk for strolling through natural Florida vegetation, and an educational nature center. The Parks and Recreation/Office on Aging oversees the operations of the Sunshine Center and Enoch Davis Center, both are multi-service centers for all ages. It also promotes intergenerational involvement through activities and programs, advocates to improve the quality of life for seniors in our community and offers information and referral services. Therapeutic Recreation Programs, teen programs and City-wide special events divisions provide activities for all abilities, ages and interests. The City also has 78 playground units, which are located within a 1/2 mile of every child.

The City features numerous golf courses including three award-winning municipally-owned courses. In 2015, Twin Brooks Golf Course underwent a complete renovation that included all new putting surfaces, irrigation, drainage and a practice area and range with three practice holes. The area also has fishing, boating, waterskiing and some of America's finest beaches.

In 2015, City Council voted to replace the current Pier with a new one. Demolition of the old Pier began in mid-2015 and construction of the new Pier and Pier approach began in summer 2017. The Pier approach connects the Pier to the downtown business core and its boundaries follow the waterfront from the Vinoy to Pioneer Park. The new St. Pete Pier opened in Summer of 2020 and features 26 acres of parks, restaurants, shops, education space, and public art.

Nearby Demens Landing is an 8.5-acre waterfront park that includes the Municipal Marina support facilities, a sailing center, playground equipment, fishing piers and other facilities for the general public. The Downtown Waterfront Master Plan adopted by the City in 2015 will connect the seven miles of downtown waterfront parkland and surrounding areas through a cohesive framework for future development.

Florida's largest publicly operated marina facility, the St. Petersburg Municipal Marina, is located in downtown, and serves as the hub for local boating activities. Facilities include 650 permanent slips and 500 feet of transient dock space for visiting boaters. The Municipal Marina maintains a 94% occupancy rate for permanent slips and docks 400 transient vessels each year. The Port of St. Petersburg is one of Florida's fourteen officially designated deep-water ports and is an integral part of the City's waterfront development. In 2021, the St. Petersburg Innovation District opened the Maritime and Defense Technology Hub, a co-working building with dedicated office space for start-up and small businesses with access to the port, secure communications, and wet/chemical laboratories.

As a major sports hub of the Southeast, the City is host to a variety of on-going and special sporting events throughout the year. Other annual sports events in the City include the St. Anthony's Triathlon, called one of the best urban races in the United States, the St. Pete Run Fest, the Annual Suncoast Tarpon Roundup (fishing contest), Sail Expo St. Petersburg, and the Grand Prix of St. Petersburg (motorsports).

Mayor's Initiative

Mayor Ken Welch's Vision is for St. Petersburg to be a diverse, vibrant city guided by principled progress and intentional inclusivity, where innovation, partnerships and ingenuity create opportunity for all. Over the last decade, St. Petersburg has transformed into a world-class destination, experiencing tremendous growth which brings with it many new residents, businesses, jobs and opportunities. St. Petersburg is now an incubator for research and technology startups, a pioneer in innovative problem solving, a leader in creativity and cultural growth, a hub for medical and marine science research and discovery, and a thriving example of the live, work, play and retire lifestyle. Yet, it is also essential to acknowledge our citizens' desire for a community where every person is valued; every idea is considered based on its merits, and where a common vision is forged upon progress that is inclusive, innovative, informed, intentional, impactful and in touch with all.

The Welch Administration has adopted six fundamental principles that lead all decisions and actions:

- Be **IN-TOUCH**. Our approach will be hands-on, active in the community, and collaborative with constituents.
- Be **INCLUSIVE**. Everyone will have a seat at the table, every constituent will be heard, and every citizen will be valued.
- Embrace **INNOVATION**, by integrating new technologies, fresh ideas and creative partnerships to implement effective solutions and improve constituent services.
- Incorporate **INTENTIONAL EQUITY** into all policies, to ensure that our growth benefits our entire community.
- Practice **INFORMED DECISION MAKING** guided by best practices, facts, science and our city's history.
- Evaluate **COMMUNITY IMPACT** by always asking the question, "Will it improve the quality of life for the people of St. Petersburg?"

PRIORITIES FOR 2025

The FY25 budget ensures strong fiscal stewardship while still meeting or exceeding the City's commitments and priorities. The City is including for the third consecutive year, a reduction in the millage rate from the current year of 6.4675 to 6.4525 mills.

1. Housing will continue to be a priority reinforced by the collaboration to support the creation of affordable and workforce rental units and resources for homelessness. The City administration has created the Housing Opportunities for All agenda, which expands and updates the 10-year strategy established in FY20 to increase affordable and market-rate multi-family housing supply, affordable single-family housing, and accessory dwelling units by 1,050 units for a total of more than 8,000 units.
2. Innovative projects planned or funded for this year include Social Service Hubs, funded by American Rescue Plan Act (ARPA) dollars, which will bring critical wraparound social, nutrition, and mental health services to areas in high need.
3. The City will continue with the design and implementation of a cabinet-level Equity Office, which is funded in the current budget, along with our Supplier Diversity Office and a Minority- and Women-Owned Business Enterprise Program.
4. As a coastal city, we are acutely at-risk from the effects of climate change, sea level rise, and susceptibility to tropical weather storms. Our administration is committed to using facts, data, and science to drive our policies and ensure immediate action and long-term sustainability. The FY25 budget includes funding to support sustainability and resiliency.
5. During Fall 2024, the City was impacted by Hurricane Helene and Hurricane Milton, sustaining damages and requiring significant debris removal needs. As of this report issuance the City has completed citywide debris removal pickup and is in the process of permanent damage work. The City is positioned financially to endure the financial impacts through the our recovery plan utilizing the following sources: external property insurance, Federal Emergency Management Agency (FEMA), external loan sources for short term cash flows, use of our Economic Stability Fund, and the City's General Fund (the balances over our targeted fund balance) or other available funds over our targeted fund balances set aside in our fiscal policies for such a situation. Use of internal loans for aforementioned City's funds (over their targeted fund balance) may also be used for short term cash flows.
6. The City is continuing its commitment to youth opportunity with a new Mayor's Future Ready Academy. The primary goal of the Academy is to build a pipeline for the City and local economy by connecting youth adults with employment opportunities that prepare them or long-term public careers. The Academy promotes career development by providing on-the-job training and complementary classroom instruction.
7. City leaders will continue to refine our South St. Pete CRA focus to emphasize poverty reduction and wealth building. With a focus on housing, job training, education, housing preservation, and several other essential initiatives, the CRA has become a vital resource.

Awards and Acknowledgments

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of St. Petersburg for its Annual Comprehensive Financial Report for the fiscal year ended September 30, 2023. In order to be awarded Certificate of Achievement, a government must publish an easily readable and efficiently organized Annual Comprehensive Financial Report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current Annual Comprehensive Financial Report continues to meet the Certificate of Achievement Program's requirements, and we are submitting it to the GFOA to determine its eligibility for another certificate.

In addition, the City was a 2023 Triple Crown Winner for the fifth year in a row. The GFOA's Triple Crown recognizes governments who have received GFOA's Certificate of Achievement for Excellence in Financial Reporting, Popular Annual Financial Reporting Award, and the Distinguished Budget Presentation Award for a fiscal year. In order to qualify for the Popular Annual Financial Reporting Award, the City must ultimately receive the GFOA's Certificate of Achievement for Excellence in Financial Reporting for the current fiscal year and must be proficient in designing reporting from their annual comprehensive financial report that is both readily accessible and easily understandable to the general public. In order to qualify for the Distinguished Budget Presentation Award, the City's budget document was judged to be proficient in several categories including policy documentation, financial planning, organization, and as a communications medium.

The preparation of the Annual Comprehensive Financial Report was made possible by the dedicated service of the entire staff of the Finance Department. Each member of the department has our sincere appreciation for the contributions made in the preparation of this report.

Respectfully submitted,

Erika Langhans

REPORT OF INDEPENDENT AUDITOR

Report of Independent Auditor

To the Honorable Mayor and Members of City Council
City of St. Petersburg, Florida

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of St. Petersburg, Florida (the “City”), as of and for the year ended September 30, 2024, and the related notes to the financial statements, which collectively comprise the City’s basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City, as of September 30, 2024, and the respective changes in financial position and, where applicable, cash flows thereof, and the respective budgetary comparison for the general fund, community redevelopment districts fund, downtown redevelopment districts fund, and grants fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the *Auditor’s Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the City and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City’s ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance, but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and the required supplementary information, as listed in the table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The accompanying combining and individual nonmajor fund statements and schedules, schedule of expenditures of other governmental agencies awards, schedule of receipts and expenditures of funds related to the Deepwater Horizon Oil Spill, and the schedule of expenditures of federal awards and state financial assistance, as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and Chapter 10.550, Rules of the Auditor General, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund statements and schedules, schedule of expenditures of other governmental agencies awards, schedule of receipts and expenditures of funds related to the Deepwater Horizon Oil Spill, and the schedule of expenditures of federal awards and state financial assistance are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections, but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated February 28, 2025, on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

City of St. Petersburg, Florida
Management's Discussion and Analysis
For the Year Ended September 30, 2024
Unaudited

MANAGEMENT'S DISCUSSION AND ANALYSIS

As management of the City of St. Petersburg (the City), we offer the residents and other readers of the City's financial statements this management discussion and analysis (MD&A). The MD&A provides a narrative overview and analysis of the financial statements of the City for the fiscal year ended September 30, 2024, focusing on why amounts changed from the prior year. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal and the financial statements.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the City's basic financial statements. The City's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements.

Government-wide Financial Statements

The *government-wide financial statements* are designed to provide readers with a broad overview of the City's finances, in a manner similar to a private-sector business. The government-wide financial statements include the governmental activities, the business-type activities and the City's discretely presented component unit.

The *statement of net position* presents information on all of the City's assets and deferred outflows and liabilities and deferred inflows, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating. The *statement of activities* presents information showing how the government's net position changed during the fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Accordingly, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods.

Both of the government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the City include General Government, Community & Economic Development, Public Works, Streets & Facilities, Police, Fire & EMS, and Recreation, Culture & Social. The business-type activities of the City include Water and Wastewater, Stormwater, Sanitation, Airport, Port, Marina, Golf Courses, the Jamestown Housing Complex, Tropicana Field, Coliseum, Mahaffey Theater, Pier, Sunken Gardens, and Parking.

City of St. Petersburg, Florida
Management's Discussion and Analysis
For the Year Ended September 30, 2024
Unaudited

The St. Petersburg Community Redevelopment Agency is a blended component unit that for all practical purposes is treated as part of the primary government. The data from this component unit is blended with the data from the City. The St. Petersburg Health Facilities Authority, an additional component unit, has more autonomy than the blended component unit and is discretely presented in the government wide financial statements.

The government-wide financial statements can be found on pages 54 and 55 of this report.

Fund Financial Statements

A *fund* is a group of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental Funds

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

The focus of governmental funds is narrower than that of the government-wide financial statements so it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, one may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The City maintains thirty-two individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balance for the General Fund, the Community Redevelopment Districts, the Downtown Redevelopment District, Local Option Sales Surtax Improvement Fund and the Grants Fund which are considered to be major funds. Data from the other governmental funds are combined into a single, aggregated presentation. Individual fund data for each of the non-major governmental funds is provided in the form of combining statements following page 193 of the report.

The City adopts an annual appropriated budget for its general fund, special revenue funds and debt service funds. A budgetary comparison statement, page 64, has been provided for the general fund to demonstrate compliance with this budget.

City of St. Petersburg, Florida
Management's Discussion and Analysis
For the Year Ended September 30, 2024
Unaudited

The basic governmental fund financial statements can be found on pages 56 through 63 of this report.

Proprietary Funds

The City maintains two different types of *proprietary funds*, enterprise funds and internal service funds. *Enterprise* funds are used to report the same functions presented as business-type activities, as noted above in the government-wide financial statements section. *Internal service* funds are an accounting device used to accumulate and allocate costs internally among the City's various functions. The City uses internal service funds to account for Equipment Maintenance, Facilities Maintenance, Technology Services, Billing and Collection Services, Consolidated Inventory, and Insurance Services. These services predominantly benefit governmental rather than business-type functions so they have been included within governmental activities in the government-wide financial statements.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the Water Resources, Stormwater, Sanitation and Tropicana Field funds. The remaining enterprise funds are combined into a single aggregated presentation in the proprietary fund financial statements. All internal service funds are combined into a single aggregated presentation in the proprietary fund financial statements. Individual fund data for the proprietary funds is provided in the form of combining statements elsewhere in this report.

The basic proprietary fund financial statements can be found on pages 68 through 75.

Fiduciary Funds

Fiduciary funds are used to account for resources for which the City acts as a trustee or custodian. Resources held in fiduciary funds are not available to support the City's own programs and therefore are not reported in the government-wide financial statements. The accounting used for fiduciary funds is much like that used for proprietary funds.

The City maintains two different types of fiduciary funds. The pension (and other employee benefit trust funds are used to report resources held in trust for retirees and beneficiaries covered by the City's General Employees, Fire and Police Retirement Systems. The custodial funds report resources, not in a trust, which are held by the City for other parties outside of City's reporting entity.

The basic fiduciary fund financial statements can be found on pages 76 and 77.

Notes to the Financial Statements

The notes provide additional information that is necessary to acquire a full understanding of the data provided in the financial statements. The City uses notes to (1 present information in

City of St. Petersburg, Florida
Management's Discussion and Analysis
For the Year Ended September 30, 2024
Unaudited

greater detail than is possible within the financial statements themselves, (2 explain the nature of amounts reported in the financial statements and how those amounts were determined, and (3 report certain information that does not meet the requirements for inclusion in the financial statements (such as certain contingencies). The notes to the financial statements begin on page 78 of this report.

Other Information

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information related to funding pension obligations and other postemployment benefits (OPEB). The required supplementary information can be found beginning on page 181.

Combining statements referred to earlier in connection with non-major governmental funds, non-major enterprise funds, internal service funds, pension (and other other employee benefit trust funds and custodial funds are presented immediately following the required supplementary information on pensions. Combining and individual fund statements and schedules can be found on pages 192 through 253.

FINANCIAL SUMMARY AND DETAILED ANALYSIS

As noted earlier, net position over time may serve as a useful indicator of a government's financial position. In the case of the City, assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$ 1,596.3 million, at the close of the most recent fiscal year, a increase of \$99.5 million from the previous year.

Table 1 - Summary of Net Position

	Governmental Activities		Business-Type Activities		Total Primary Government	
	2024	2023	2024	2023	2024	2023
Current and Other Assets	\$ 749,343,421	\$ 687,904,709	\$ 601,067,844	\$ 585,419,725	\$ 1,350,411,265	\$ 1,273,324,434
Capital Assets	485,630,028	448,487,436	1,256,428,422	1,185,945,011	1,742,058,450	1,634,432,447

Total Net Position	\$ 712,420,312	\$ 657,233,950	\$ 883,907,069	\$ 839,571,881	\$ 1,596,327,381	\$ 1,496,805,831

As depicted in Table 1, the largest portion of the City's net position, 60.4%, reflects its net investment in capital assets less any related debt used to acquire those assets that is still outstanding. The City uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the City's net investment in capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

Also, approximately 2.2% of the net position of the City represents resources that are subject to external restriction on how they may be used or nonexpendable in form.

The remaining 37.4% of net position are unrestricted and may be used to meet the City's ongoing obligations to citizens and creditors.

City of St. Petersburg, Florida
Management's Discussion and Analysis

Unaudited

Governmental Activities

Current and other assets increased in governmental activities by \$61.4 million from the prior year primarily in cash and investments due revenues in excess of expenses by \$55.2 million. See the discussion of the Statement of Activities for further information.

Capital assets increased \$37.1 million from 2023 due to additional investment in capital projects for resiliency and planned infrastructure replacement. The other significant change from 2023 is a \$61.6 million decrease in deferred outflows for pension resources due to the differences between projected and actual earnings on pension plan investments for fiscal year ending September 30, 2023 that is reflected as an adjustment to FY 2024.

Current liabilities, long -term liabilities and deferred inflows of resources are overall consistent in 2024 as compared to 2023. Deferred inflows decreased as compared to 2024 primarily due to the \$7.0 million amortization of changes in assumptions in deferred inflows from OPEB resources.

Business-Type Activities:

Current and other assets increased in business type activities by \$15.7 million from the prior year primarily in cash and investments due revenues in excess of expenses by \$44.3 million. See the discussion of the Statement of Activities for further information.

Capital assets increased \$70.5 million from 2023 due to additional investment in capital projects for resiliency and planned infrastructure replacement. The other significant change from 2023 is a \$8.1 million decrease in deferred outflows for pension resources due to the differences between projected and actual earnings on pension plan investments for fiscal year ending September 30, 2023 that is reflected as an adjustment to FY 2024.

Current liabilities increased by \$32.2 million from 2023 due to the current principal payable from the issuance of a Public Utility Bond Anticipation Note for \$53.0 million in 2024. Long-term liabilities increased \$2.3 million from the PY due an issuance of a bond-anticipation note - long term portion of \$26.5 million included in this category offset by debt principal payments of \$25.6 million. Deferred inflow of resources decreased by \$4.1 million due to amortization of deferred inflows of OPEB and pension resources.

Governmental Activities

Governmental activities change in net position for the current year reflects an increase in net position of \$55.2 million, as compared to an increase of net position of \$63.4 million during 2023.

During 2024, there was increased revenues from governmental activities as the revenues increased from \$487.3 million in 2023 to \$543.3 million in 2024, which is a \$56.0 million increase, or 11.5%. This was primarily due to the property tax revenues and investment income. Property tax revenues increased \$20.3 million (11.5%) from the prior year due to the increased valuations from continued growth in existing property values even with a reduction in millage rate as well as new construction.

During 2024, earnings from investments (included in the other revenue category) increased from a market value gain of \$23.7 million in 2023 to a market value gain of \$45.5 million in 2024. This was due to the impact on the financial markets from the dramatic increase in interest rates spurred by Federal Reserve action to counter the high inflation and related high overnight interest rates due to the positive S&P market returns.

City of St. Petersburg, Florida
Management's Discussion and Analysis
For the Year Ended September 30, 2024
Unaudited

Charges for services increased \$4.2 million during the current fiscal year due to increased revenue from construction permitting and EMS contracted services. Other taxes also decreased (2.6)%, or from \$64.6 million in 2023 to \$62.9 million in 2024.

Operating grant revenues and contributions increased from \$23.7 million in 2023 to \$33.1 million in 2024, primarily due to an additional \$3.6 million of eligible expenditures under the America Rescue Plan Act State and Local Fiscal Recovery Funds (ARPA SLFRF) grant and an additional \$3.6 million in eligible expenditures under the Emergency Rental Assistance 2 (ERA2) grant in 2024 as compared to 2023.

Capital grants increased from the prior year by \$5.2 million due to an additional \$1.7 million in receipts under the Pinellas County ALS First Responder Agreement and an increase of \$1.8 million from developers for affordable housing projects. Revenue is derived in Fund 3000 from funds provided to the City by developers in lieu of producing a Workforce Housing Density Bonus unit(s) on site in accordance with Chapter 16 Land Development Regulations.

Other taxes decreased by \$1.7 million in 2024 as compared to 2023 due to minor fluctuations in each of the other tax revenue types. The Franchise fees decreased by \$1.7 million compared to 2023 due to planned decrease in customer billing by Duke Energy starting January 2024. In the same other taxes revenue category, the City's tax increment financing revenues experienced an increase of \$1.9 million compared to 2023 due to property tax revenue growth in the districts.

For the current year, overall governmental expense was higher as compared to the prior year with at \$499.2 million in 2024, which is an increase of \$65.1 million or 15.0% over the total of \$434.1 million in the prior year. A graphical breakdown of expenses by program for governmental activities for 2024 and 2023 is as follows:

The largest governmental program for the City is public safety, including the police, fire and EMS departments, which account for nearly 51.5% of all governmental program expense in 2024 (52.2% in 2023). Recreation, cultural & social was the next largest program expenses at 18% of total governmental program expense for the current fiscal year, consistent with 2023. General Government was 14%, Public works, streets & facilities was 6% of total governmental program expense, community and economic development were 10%, and interest was <1% for 2024.

City of St. Petersburg, Florida
Management's Discussion and Analysis
For the Year Ended September 30, 2024
Unaudited

In FY24, the citywide cost of salaries and benefits increased significantly. The Police and Fire Rescue Union contracts include a general wage increase of 5% in FY24 and FY25. The Blue, White, and Professional Union contracts include a general wage increase of 3.5% in FY24. All union contracts now include steps. Management employees received a general wage increase of 3.5%.

Public Safety remains a City priority and providing for a safe community continues to be a priority for the city with continued investments. Within public safety, the police department had an increase in program expense during the current fiscal year, increasing from \$154.7 million in 2023 to \$179.4 million in 2024. The \$24.7 million increase in public safety-police expense was primarily related to the following costs: the annual pension expense was \$9 million higher in 2024 than 2023 for the Police net pension liability change; the annual required contribution to the Police Pension Plan was \$3.4 million higher than the prior year for funding purposes; \$6.8 million higher salaries and benefits due to 5% general wage increases and steps; new funding of \$1.7 million for the Community Assistance and Life Liaison (CALL) Program; increased costs for the body worn camera program for contracted software, operational and maintenance costs; and other expense increases as compared to the prior year for operational needs and inflationary prices.

Public safety - Fire and EMS related expense also increased during 2024 from \$71.8 million to \$77.9 million, or \$6.1 million. The pension expense related to the Fire net pension liability decreased by \$3.7 million from the prior year; \$3.7 million in higher salaries and benefits due to 5% general wage increases and steps; the annual required contribution to the Fire Pension Plan was \$2.4 million higher than the prior year for funding purposes; and other expense increases as compared to the prior year for Fire and EMS operational needs and inflationary prices.

General government expense increased from \$56.6 million in 2023 to \$69.5 million in 2024, or \$12.9 million primarily due to an increase in the net pension expense of \$1.4 million in 2024 as compared to 2023; OPEB was a higher benefit in 2023 by \$3.6 million as compared to 2024; and increase in salaries and benefits costs.

Community and Economic Development expense increased from \$40.7 million to \$52.4 in 2024, or \$11.7 million due to the increase in various program expenditures and salaries and benefits. Included in the increased program expenditures is an additional \$1.54 million in the Housing Capital Project fund expenditures expensed in 2024 compared to 2023 for affordable housing development projects and \$4 million more in ARPA eligible grant expenditures than 2023. Within the Community and Economic Development function there is also an increase in building permit activity and related expenditures in 2024 as compared to 2023 by \$1.7 million.

Public works, streets & facilities expense decreased from \$31.5 million to \$30.8, or \$0.7 million during 2024. Within the public works, streets and facilities expenditures are costs incurred for capital projects that are repair and maintenance in nature and not capitalizable for financial statement purposes. The expensed repair and maintenance projects in 2024 were approximately \$3 million as compared to approximately \$6 million in 2023. The offset to expenses reduction from a decrease in expensed repair and maintenance project was an

City of St. Petersburg, Florida
Management's Discussion and Analysis
For the Year Ended September 30, 2024
Unaudited

increase in salaries and benefits within the function.

Recreation, Social & Culture increased from \$77.1 million in 2023 to \$87.8 million in 2023, or an increase of \$10.7 million. Recreation, social & culture experienced an increase primarily due to an increase in the net pension expense of \$1.3 million in 2024 as compared to 2023; OPEB was a higher benefit in 2023 by \$2.3 million as compared to 2024; increase in salaries and benefits costs; and increased operational costs due to inflationary prices.

Business-Type Activities

Business-type activities change in net position before transfers was \$55.4 million during 2024, as compared to \$49.5 million during 2023. The increase from the prior year position was attributable to increases in investment income and increase in charges for services. Investment income for business-type activities was \$37.7 million in 2024 as compared to \$22 million in 2023, which is a \$15.7 million increase due to favorable market conditions in the City's investment portfolios.

Total charges for services increased by \$16.7 million (5.4%) during 2024, primarily relating to rate increases for the utility funds or rental income increased due to related increased occupancy or increased percentage of rental income.

Total business-type activities program expenses increased from \$289.4 million in 2023 to \$318.4 million (10.0%) in the current fiscal year. Water and wastewater utility program expense totaled \$182.0 million in 2024, as compared to \$169.2 million in 2023, or an increase of \$12.8 million due to increased operating and maintenance costs during the current fiscal year. Operating expense increased with additional salaries and benefits, maintenance, and other operating expenses. Stormwater Utility had an increase of \$2.9 million in program expense during the current fiscal year as compared to 2023 due to increased operational costs and maintenance as a revised stormwater master plan is in progress. Sanitation had a \$9.0 million increase (18.3%) in expenses due to an increase in operating costs. Tropicana Field had an increase in expense of \$2.7 million from 2023 to 2024 due to additional operational costs and property insurance costs.

FINANCIAL ANALYSIS OF CITY FUNDS

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds

The focus of the City's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year. There are five classifications of fund balance: nonspendable fund balance, restricted fund balance, committed fund balance, assigned fund balance, and unassigned fund balance.

City of St. Petersburg, Florida
Management's Discussion and Analysis
For the Year Ended September 30, 2024
Unaudited

Fund balances are the differences between assets and liabilities in a governmental fund. The nonspendable fund balance includes amounts that are not in spendable form, or amounts that are required to be maintained intact. Restricted fund balance include amounts that can be spent only for the specific purposes stipulated by external providers, such as grant providers or bondholders, as well as amounts that are restricted constitutionally or through legislation. Committed fund balances include amounts that can be used only for the specific purposes that are determined by a formal action of the government's highest level of decision making authority. Assigned fund balance applies to amounts that are intended for specific purposes as expressed by the governing body or authorized official and applies to remaining resources in any governmental fund other than the general fund. Unassigned fund balances include all amounts not contained in other classifications for the general fund and deficit fund balances in any other governmental fund.

As of the end of the current fiscal year, the City of St. Petersburg's governmental funds reported combined ending fund balances of \$502.7 million. Of that amount, \$15.8 million was nonspendable, \$254.2 million was restricted, \$82.0 million was committed, \$65.8 million was assigned, and \$84.9 million was unassigned fund balance (See Note 3).

The General Fund, the operating fund of the City, had a fund balance at September 30, 2024, of \$143.0 million, with \$11.3 million nonspendable, \$46.8 million committed, and \$84.9 million was unassigned (See Note 3). As a measure of the General Fund's liquidity, it is useful to compare both unassigned fund balance and total fund balance to total fund expenditures. The unassigned fund balance represents 25% of the total General Fund expenditures as compared to 26% in the prior year. The total General Fund balance is maintained at 42% of total General Fund expenditures at year-end, as compared to 41% in 2023.

The General Fund excess of revenue and other sources over expenditures and other uses was \$17.7 million for the current fiscal year (\$20.6 million in 2023) due to:

- Revenues of \$363.7 million (\$340.0 million in 2023) compared to total expenditures of \$341.0 million (\$306.0 million in 2023) resulted in an excess of revenues over expenditures of \$22.7 million (\$34.0 million in 2023).
- Transfers-in of \$28.6 million (\$25.9 million in 2023) as compared to transfers out of \$33.6 million (\$39.7 million in 2023).
- Tax revenue increased \$18.6 million in 2024, to \$224.7 million (\$206.1 million in 2023); Tax revenue primarily increased due to an increase in property tax revenues of \$20.3 million. Property tax values increased 12.36% in 2024 allowing the City to decrease its millage rate for the third year in a row going from 6.5250 to 6.4675.
- Public Service Tax increased \$.03 million in 2024. The change was relatively flat as compared to the prior year, even with customer volume usage up, due to the planned decrease by Duke Energy for certain customer billing charges starting in January 2024.

City of St. Petersburg, Florida
Management's Discussion and Analysis
For the Year Ended September 30, 2024
Unaudited

- Charges for services and user fees was consistently \$20.3 million in 2024 and 2023.
- Federal, State and Other Grants increased \$2.9 million, or 55.6% from 2023 to 2024 due to increased recovery in 2024 of mutual aid grant reimbursements by \$1 million and increase in Police related grants by \$1.8 million.
- Earnings on investments was \$10.1 million, as compared to a gain on investments of \$6.8 million in the prior year due to continued favorable market conditions.

The operating information for other major governmental funds is as follows (in thousands):

	Community Redevelopment Districts		Downtown Redevelopment District		Local Option Sales Surtax Improvement		Grants Fund	
	2024	2023	2024	2023	2024	2023	2024	2023
Revenues and Other Sources	\$ 19,196	\$ 14,403	\$ 21,708	\$ 17,252	\$ 45,252	\$ 41,823	\$ 8,671	\$ 5,463
Expenditures and Other Uses	19,962	8,109	6,012	7,024	40,119	27,340	8,919	5,205
Increase (decrease) in Fund Balances	\$ (767)	\$ 6,294	\$ 15,696	\$ 10,228	\$ 5,132	\$ 14,483	\$ (248)	\$ 258

As can be seen above, there was an increase in fund balance for the Downtown Redevelopment District, and the Local Options Sales Surtax Improvement as revenues were received for future planned investments, of the major funds. The Community Redevelopment Districts expenditures and other uses exceeded revenues and other sources due to utilizing prior year revenues for planned investments within the tax increment financing districts. The Grants Fund expenditures and other uses exceeded revenues and other sources due to timing of expenditures and program income utilized for grant funding in 2023 as compared to 2024.

Further detail regarding these major governmental funds can be found on pages 56 through 65.

Proprietary Funds

The City's proprietary funds provide the same type of information found in the business-type column of the government-wide financial statements, but in more detail. The proprietary funds are composed of the enterprise funds and the internal service funds.

The enterprise funds are supported primarily through user charges. The following schedule, in thousands, is a summary of the performance of each of the major enterprise funds. Additional detail on the performance of these funds can be found on pages 68 through 75. Detail on the non-major enterprise funds can be found on pages 235 through 241.

Change in Net Position	<u>\$ 47,124</u>	<u>\$ 24,851</u>	<u>\$ 4,581</u>	<u>\$ 3,777</u>	<u>\$ 1,938</u>	<u>\$ 4,912</u>	<u>\$ (3,610)</u>	<u>\$ (2,820)</u>

Water Resources increase in operating revenues during the current fiscal year relates to the continued increase in rates charged for service. Water Resources increased water rates by 8.5%, wastewater rates by 4.0%, and reclaimed water rates by 8.5% in 2024 to fund the ongoing infrastructure improvements and increased cost of operations. Rate increases were implemented to fund significant capital requirements due to scheduled system improvements for capacity growth and to prevent discharge of untreated wastewater during significant rain events. Overall operating expenses increased from \$146.8 million in 2023 to \$150.5 million in 2024 due to the expected increase in cost of operations and related expenditures related to inflation costs, payroll expenditures and required maintenance. Water Resources had an improvement in the nonoperating revenues (expenses) category due to earnings on investments of \$30.1 million in 2024 as compared to a gain on investments of \$17.6 million in 2023. Overall other components of nonoperating revenues (expenses) such as interest expense, intergovernmental revenues and miscellaneous revenues were consistent with the prior year. Transfers and contributions were consistent with the prior year.

Stormwater had an increase in revenue due to a 8.5% increase in stormwater utility rates to fund planned projects in the upcoming capital plan. Stormwater operating expenses increased in 2024 due to additional operations costs relating to salary and benefit increases for employees and increases in cost of operations due to inflation. Increases in total nonoperating revenues (expenses) is due to a gain on earnings on investments of \$2.3 million in 2024 as compared to a gain on investments of \$1.3 million in 2023.

Sanitation operating revenues had an increase due to a 4.25% rate increase as a result of the annual rate study. Sanitation operating expenses increased in 2024 due to additional cost of operation expense for supplies and services, including contracted services relating to disposal fees. The rate increases planned in Sanitation revenue is phased in to allow for additional operating expenses as well as planned improvements to facilities, equipment and service delivery to the City's customer base. Increase in nonoperating revenues (expenses) is due to a gain on earnings on investments of \$2.8 million in 2024 as compared to a gain on investments of \$1.7 million in 2023.

City of St. Petersburg, Florida
Management's Discussion and Analysis
For the Year Ended September 30, 2024
Unaudited

Tropicana Field financial results were consistent to the prior year with similar event activities in both the current and prior year. Total operating expenses increased in 2024 as compared to 2023 by \$1.8 million, primarily due to an increase in repairs and maintenances costs and insurance costs. Tropicana Field incurred substantial damage during Hurricane Milton subsequent to year-end that will incur additional repair and maintenance costs in subsequent years; see the subsequent event footnote for further information.

Water Resources, Stormwater and Sanitation had user charges greater than expenses for 2024, while the other enterprise funds had program expenses exceeding charges for services for the current fiscal year. Tropicana Field and some of the other non-major enterprise funds have varying financial results year to year based on volume of events or activities held and may be subsidized by the City's General Fund.

The internal service funds are, for the most part, supported through charges to other funds. The individual internal service funds are reported on pages 243 through 249.

GENERAL FUND BUDGETARY HIGHLIGHTS

During 2024, the original adopted budget projected \$339.2 million in revenues, \$333.7 million in expenditures, \$(3.0) million in net other sources, resulting in projected revenues and other sources would be in excess of revenues over expenditures and other uses by \$2.5 million. The final approved budget reflected a projected deficiency in revenues of \$34.3 million due to budget amendments to recognize carryover encumbrances and additional investments relating to each program. Comparing the original budget for expenditures of \$333.7 million, where the final approved budget was \$371.8 million, there were \$38.1 million in additional appropriations.

Throughout the fiscal year there were supplemental appropriations made relating to:

- Rollover of prior year encumbrances of \$8.5 million,
- Supplemental appropriations from the 2024 Budget Cleanup Ordinance for the General Fund in the total amount of \$15.4 million: in the amount of \$3.5 million for the General Government Administration, \$2.3 for City Development Administration, \$3.0 million for Housing and Neighborhood Services Administration, \$3.4 million for Public Works Administration, \$0.9 million for Public Safety - Fire & EMS Administration, and \$2.3 million for Community Enrichment Administration.
- Supplemental appropriations in the amount of \$14.3 million relating to grant awards, affordable housing initiatives, transfers to other funds, and various departmental programs and initiatives.

Actual expenditures were \$349.0 million, or \$22.8 million less than budgeted due to timing differences between the appropriations and the actual expenditure of moneys for certain grants and projects. Actual results report a \$6.3 million excess of revenues and other sources over expenditures and other uses. Additional budget to actual information for the City's general fund is on page 64.

CAPITAL ASSETS

The City has invested \$1.7 billion in capital assets (net of depreciation). Approximately 27.9% of this investment is related to governmental activities and includes infrastructure, buildings, equipment, and land. Capital assets held by the City at the end of the current and previous fiscal year are summarized, in thousands, as follows:

Capital Assets, Net of Accumulated Depreciation (in Thousands)

	Governmental Activities		Business-Type Activities		Total	
	2024	2023	2024	2023	2024	2023

Additional information on the City's capital assets can be found in Note 8 beginning on page 121.

LONG-TERM OBLIGATIONS

For fiscal year ended September 30, 2024, the City had total debt outstanding of \$857.5 million (\$838.1 million in 2023). Of this amount, \$37.4 million of Notes from Direct Borrowings and Placements is backed by a covenant pledge to budget and appropriate from non-ad valorem revenue sources, \$2.1 million is an financed purchase obligation and \$40.4 million of governmental revenue bonds are backed by Public Service Tax revenues. Included in business-type activities \$777.7 million is secured by net revenues of the City's Public Utility System (of which \$683.6 million is senior debt revenue bonds and \$94.1 million subordinate debt under the State of Florida revolving loans program).

Debt outstanding at the City at the end of the current and previous fiscal year are summarized, in thousands, as follows:

	Governmental Activities		Business-Type Activities		Total	
	2024	2023	2024	2023	2024	2023
Revenue Bonds	\$ 40,395	\$ 44,680	\$ 683,600	\$ 702,695	\$ 723,995	\$ 747,375

City of St. Petersburg, Florida
Management's Discussion and Analysis
For the Year Ended September 30, 2024
Unaudited

The City of St. Petersburg's Governmental Activities and Business-Type Activities debt had an increase of \$19.4 million during the current fiscal year due to debt issuance of \$53.0 million in debt refunding and had \$33.6 million related to principal reductions.

The City maintains a rating of Aa3 on non-ad valorem governmental debt (Aa2 issuer rating) from Moody's; and an AA+ issuer rating from Fitch. For the Public Utility System comprising of the Water Resources and Stormwater operations, the utility has an Aa2 Moody's Rating, and an AA Fitch Rating.

Currently the City has no general obligation debt and, therefore, the entire State Statutes limitation is available to the City.

Additional information on the City's long-term debt and other long-term obligations can be found in Note 13 - Long-Term Obligations starting on page 131.

PENSIONS AND RETIREE HEALTHCARE

The City maintains the City of St. Petersburg Employees' Retirement System ("ERS"), the City of St. Petersburg Firefighters' Retirement System ("Fire"), and the City of St. Petersburg Police Officer's Retirement System ("Police") as three separate single employer defined benefit plans. The information on the pension plans is found in Note 19, beginning on page 148.

Plan Reporting is also included as "Required Supplementary Information", which is included on pages 183 to 191. The Schedule of Changes in the City's Net Pension Liability and Related Ratios begin on page 183, show that during 2024, the plan fiduciary net position and as a percentage of total pension liability for ERS was 86.17% (77.47% in 2023), Police was 89.01%(79.64% in 2023), and Fire 110.59% (96.48% in 2023). Net pension (asset) liability as a percentage of covered employee payroll for 2024 was 76.67% for ERS (130.37% in 2023), Police was 117.59% (215.48% in 2023), and Fire was (111.32%) (36.48% in 2023).

The City also maintains a Defined Contribution Plan described on Note 20, page 171, where the City contributes 11% of employees' limited gross wages to the plan.

Other Post-Employment Benefits (OPEB) includes retiree healthcare obligations and certain police other retiree benefits. Information relating to OPEB can be found in Note 21 and the related disclosures are included on page 191 of the Required Supplementary Information. The schedule shows the OPEB Liability as of the valuation date of September 30, 2024 of \$195.0 million.

ECONOMIC FACTORS AND THE FISCAL YEAR 2024 BUDGET

During 2024, the City continued investments relating to the impact and economic recovery initiatives of the COVID-19 pandemic. While the continued effects of the pandemic did not have a material effect on the financial condition of the City, the current employment and inflationary environment experienced by the City has made it difficult to fill certain needed staff positions, and has caused increases in current vehicle costs, vehicle repair and maintenance, salary, and expected capital related costs now and into the future.

The City's overall FY24 Budget is balanced and pledged additional investment in affordable housing, salary and benefits, economic opportunities for all, and further facility and infrastructure investments. The FY24 Adopted Budget is available at the following address:

https://www.stpete.org/city_departments/approved_budgets.php.

REQUEST FOR INFORMATION

This financial report is designed to provide various interested parties with a general overview of the City of St. Petersburg's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Office of the Chief Financial Officer, P.O. Box 2842, St. Petersburg, Florida 33731-2842, or telephone (727) 892-5113. This report will be available on the City's web site at www.stpete.org.

City of St. Petersburg, Florida
*Reconciliation of the Statement of Revenues, Expenditures, and
Changes in Fund Balances of the Governmental Activities to the
Statement of Activities*
Fiscal Year Ended September 30, 2024

Difference in amounts reported for governmental activities in the Statement of Activities:

Net change in fund balances - total governmental funds	\$	57,463,427
--------------------------------------------------------	----	------------

Capital outlay, reported as expenditures in governmental funds, are shown as capital assets in the Statement of Net Position, capital assets transferred, and net book value of capital asset dispositions that are reported in the Statement of Activities but do not require the use of current financial resources and therefore are not reported as expenditures in the governmental funds

Capital outlay		77,622,377
Capital transfer construction in progress to business-type activities		(13,687,557)
Capital retirements		(5,542)
Depreciation and amortization expense		(28,641,774)

Property held for resale, reported as expenditures in governmental funds, is shown as an asset in the Statement of Net Position.		(10,145)
----------------------------------------------------------------------------------------------------------------------------------	--	----------

Repayment of long-term debt is reported as an expenditure in governmental funds, but as a reduction of long-term liabilities in the Statement of Net Position.		9,842,000
----------------------------------------------------------------------------------------------------------------------------------------------------------------	--	-----------

The net revenues of the internal service funds (funds used to charge the costs of certain activities to individual funds) are reported with governmental activities.		(6,916,907)
----------------------------------------------------------------------------------------------------------------------------------------------------------------------	--	-------------

The government-wide financial statements show long-term lease liabilities, related deferrals and amortization of long-term lease assets.		7,587
------------------------------------------------------------------------------------------------------------------------------------------	--	-------

The government-wide financial statements show long-term SBITA liabilities.		162,873
----------------------------------------------------------------------------	--	---------

Some governmental revenues will not be collected for several months or years after the fiscal year and are deferred in the governmental funds.

Notes receivable principal collected		(1,895,010)
Notes receivable deemed uncollectible, change in allowance and written off		(20,347,649)
Unbilled accrued interest on assessments		(1,926)
Notes receivable from economic development activity		23,197,574
Contribution amortization on contingent liability		37,218
Accounts receivable		63,981

Certain items reported in the Statement of Activities do not require the use of current financial resources and therefore are not reported as expenditures in the governmental funds.

Compensated absences		(2,301,413)
Change in OPEB liability		518,241
Deferred inflow of OPEB resources		7,043,966
Deferred outflow of OPEB resources		(4,575,900)
Interest expense on long-term debt		119,239
Amortization of unamortized bond discount		314,679
Police supplemental payments liability		(50,000)
Arbitrage rebate liability		(105,102)
Pollution remediation obligation		143,000
Change in net pension liability		13,819,007
Deferred inflow of pension plan resources		5,013,996
Deferred outflow of pension plan resources		(61,643,878)

Changes in net position of governmental activities	\$	55,186,362
----------------------------------------------------	----	------------

The accompanying notes are an integral part of these statements.

NOTES TO THE FINANCIAL STATEMENTS

City of St. Petersburg, Florida
Notes to the Financial Statements
September 30, 2024

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Reporting Entity

The City of St. Petersburg is a municipal corporation, created under City Ordinance 118F and Florida Statute 155.05, governed by an elected eight member council. The accompanying financial statements present the City of St. Petersburg (the primary government) and its component units for which the government is considered to be financially accountable. The blended component units discussed below are included in the City's reporting entity because of the significance of their operational or financial relationship with the City. The discretely presented component unit is reported in a separate column in the government-wide financial statements (see note below for description) to emphasize that it is legally separated from the government and the fiduciary component unit is included in the fiduciary fund financial statements. The related organization and jointly governed organization financial operations are not presented in the City's Financial Statements.

Blended Component Unit - St. Petersburg Community Redevelopment Agency (SPCRA):

The City Council is the governing body of the SPCRA, which was created by City Resolutions 81-1401 and 81-465, and approved by the Board of County Commissioners of Pinellas County under Chapter 163, Florida Statutes, to act as the redevelopment agency. The SPCRA board is composed of the same members of City Council therefore the City Council has absolute influence and operational responsibility over SPCRA. All revenues of the SPCRA are used in the districts to fund capital improvements within each district or to fund the debt service requirements of debt related to the downtown redevelopment improvement district. The operations of the SPCRA are reported in the Community Redevelopment Districts and Downtown Redevelopment District as Major Governmental Funds. Separate Financial Statements for the SPCRA are available on www.stpete.org/finance

Blended Fiduciary Component Unit - Pension Trust Fund: The City maintains the City of St. Petersburg Employees' Retirement System ("ERS"), the City of St. Petersburg Firefighters' Retirement System ("Fire") and the City of St. Petersburg Police Officers' Retirement System ("Police") a three separate single employer defined benefits retirement systems (collectively "the pension plans").

Both Fire and Police were created by a special act of the Florida legislature and provides defined pension benefits to sworn, certified members of the St. Petersburg Fire Department and the City Police Department. The Fire Pension Fund is administered by a five member Board of Trustees consisting of two members elected for a period of two years, two individuals who reside within City limits appointed by City Council for a period of four years, and one individual chosen by majority of the previous four members and appointed by City Council, acting in its ministerial capacity for a period of four years. The Police Pension Fund is administered by a five member Board of Trustees consisting of two members elected for a period of four years, two individuals who reside within City limits appointed by City Council for a period of four years, and one individual chosen by majority of the previous four members and appointed by City Council, acting in its ministerial capacity for a period of four years. The Fire and Police benefits are a subject of mandatory collective bargaining, and as such, any changes to the pension fund must be collectively bargained and agreed upon between the City and both the fire and police unions, submitted to the local delegation with an actuarial impact statement, enacted by the state

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (Continued)

legislature and signed into law by the governor. As plan sponsor, the City has the obligation to maintain the actuarial soundness of the pension fund and makes pension contributions to the plans as determined each year by the fund's actuary professional. The actuarially determined contributions are reflected in the City's annual budget. The City has established financial burden for employer contributions and resources are not available from other remedies to replace employer contributions and the City has the ability to influence voting majority to impose its will on the pension plans. These financial statements are also included in the City's Fiduciary Funds section.

ERS is administered by a five member Board of Trustees. Two of the members are appointed by the Mayor (the City's Finance Director and the Mayor, or his designee), two employee elected members who shall each serve a term of four years and one individual chosen by a majority of the previous four members for a four year term. The laws of Florida authorize this fund. As plan sponsor, the City has the obligation to maintain the actuarial soundness of the pension fund and makes pension contributions to the plans as determined each year by the fund's actuary professional. The actuarially determined contributions are reflected in the City's annual budget. These financial statements are blended in the City's Fiduciary Funds section.

Discretely Presented Component Unit - St. Petersburg Health Facilities Authority (SPHFA): The SPHFA was created by City Ordinance 81-49 under Chapter 154.207 Part III, of the Florida Statutes. The SPHFA exists to facilitate issuing tax-exempt debt for non-profit health care organizations. The City Council appoints the governing board. The City has no responsibility for the debt payments related to the issues approved by the SPHFA. The City's Legal Department provides administrative support to the SPHFA. The SPHFA charges the benefiting health care organizations for all costs incurred. The City funds any operating deficit of the SPHFA. The operations of the SPHFA are reported in the government-wide financial statements in a separate column. Separate financial statements for the SPHFA are not available. The SPHFA is accounted for as a single governmental fund type and uses the same applicable accounting policies the City presents in the Notes to the Financial Statements.

Related Organization - St. Petersburg Housing Authority (SPHA): SPHA is a public housing authority created by City Resolution 9, 1973, under Section 421.04 of the Florida Statutes. The SPHA receives primary funding from the Federal Department of Housing and Urban Development (HUD). The City Council appoints the governing board, however the City Council is not able to impose its will on the SPHA nor does the City have any responsibility for the budget, debt, financing deficits or fiscal management of the SPHA.

City of St. Petersburg, Florida
Notes to the Financial Statements
September 30, 2024

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (Continued)

Jointly Governed Organization - Tampa Bay Water Authority (TBWA): The TBWA was organized in 1998, by an inter-local agreement pursuant to Chapter 98-402 of the Florida Statutes between the counties of Hillsborough, Pasco and Pinellas and the cities of St. Petersburg, New Port Richey, and Tampa, Florida (the members). The purpose of the Authority is to develop regional water supplies and to supply water to its members at a wholesale price. The TBWA is the reorganized West Coast Regional Water Supply Authority with a governing board of nine voting members, two from each of the county governments and one from each of the city governments. The City of St. Petersburg for the fiscal year ended September 30, 2024, had a related party transaction with the TBWA as follows: The City paid \$24,704,360 for water purchases, and received \$364,200 in interest and \$1,309,574 of principal on the TBWA contract receivable. The remaining principal in the TBWA contract receivable is \$5,930,986.

B. Government-Wide and Fund Financial Statements

The basic financial statements consist of the government-wide financial statements and fund financial statements. Both sets of statements distinguish between the governmental and business-type activities of the City.

Government financial statements include a Statement of Net Position and a Statement of Activities. These statements report on the government as a whole, both the primary government and its component units, and provide a consolidated financial picture of the government. As part of the consolidation process, inter-fund activities are eliminated to avoid distorted financial results. The amounts reported as internal balances represent the residual amounts due between governmental and business-type activities. Fiduciary funds of the government are not included in this presentation since these resources are not available for general government funding purposes. The Statement of Net Position reports all financial and capital resources of St. Petersburg's governmental and business-type activities. It is presented in a net position format (assets plus deferred outflows less liabilities less deferred inflows equal net position) and shown with three components: net investment in capital assets; restricted net position and unrestricted net position. The Statement of Activities reports functional categories of programs provided by the City, and demonstrates how and to what degree those programs are supported by specific revenues.

Program revenues are classified into three categories: charges for services, operating grants and contributions, and capital grants and contributions. Charges for services refer to direct recovery from customers for services rendered. Grants and contributions refer to revenue restricted for specific programs whose use may be restricted further to operational or capital items. The general revenues sections displays revenues collected that help support all functions of the government.

The fund financial statements follow and report additional and detailed information about the City of St. Petersburg's operations for major funds individually and non-major funds in the aggregate for governmental, proprietary and fiduciary funds.

A reconciliation is provided that converts the results of governmental fund accounting to the government wide presentation.

City of St. Petersburg, Florida
Notes to the Financial Statements
September 30, 2024

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (Continued)

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements, as well as the fund financial statements for the proprietary funds and fiduciary funds, are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recognized in the period in which they are earned and expenses are recognized in the period incurred. Property tax revenue is recognized in the period for which they are levied. When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources as needed.

Operating revenues shown for proprietary operations generally result from producing or providing goods and services such as water, wastewater and sanitation services. Operating expenses for these operations include all costs related to providing the service or product. These costs include salaries and benefits, supplies, travel, contract services, depreciation, administrative expenses or other expenses directly related to costs of services. All other revenues and expenses not meeting these definitions are reported as non-operating revenues and expenses. All intergovernmental revenues in the proprietary fund financial statements are classified as non-operating revenues in accordance with bond covenants. See the government wide financial statements revenue categories for allocation between operating and capital related grants and contributions. In the government wide financial statements operating grants and contributions are available to finance regular operations or capital purposes; while capital grants and contributions are only available for capital purposes.

All governmental fund financial statements are reported using a current financial resources measurement focus and a modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized in the accounting period in which they become both measurable and available to finance expenditures of the current period. Available means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. (Within 60 days of the end of the fiscal year, except grant revenues are within 15 months and jointly assessed taxes collected through other governments are within 90 days). Revenue reported and measurable in the governmental funds financial statements but not yet available for use are deferred and recognized as an inflow of resources in the period that the amount becomes available.

Property taxes, franchise taxes, investment earnings and most charges for services are recorded as earned since they are measurable and available. Licenses and permits, fines and forfeitures, and miscellaneous revenues (except investment earnings) are recorded as revenues when received in cash, because they are generally not measurable until actually received.

City of St. Petersburg, Florida
Notes to the Financial Statements
September 30, 2024

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (Continued)

A significant portion of the City's grants and contracts are exchange transactions. Funds from these transactions are deemed to be earned and reported as revenue when such funds have been expended towards the designated purpose and eligibility requirements have been met.

Expenditures are recorded when the related fund liability is incurred. Exceptions to this general rule include: (1) accumulated sick pay and accumulated vacation pay, which are not recorded as expenditures until they have been paid; (2) prepaid insurance and similar items, which are reported only on the balance sheet and do not affect expenditures; and (3) principal and interest on long-term debt, which are recognized when due.

The City charges centralized services through the general fund and internal service funds to functional activities through various charge methods. Therefore, expenses reported for functional activities include these indirect expenses, including an administrative component.

The accounting policies and the presentation of the financial report of the City of St. Petersburg, Florida have been designed to conform to generally accepted accounting principles (GAAP) as applicable to governmental units, in accordance with the Governmental Accounting Standards Board (GASB). GASB is the accepted standard setting body for establishing governmental accounting and financial reporting principles, which are primarily set forth in the GASB's Codification of Governmental Accounting and Financial Reporting Standards (GASB Codification).

The following are reported as major governmental funds:

- The General Fund is the general operating fund of the City, accounting for all financial resources of the City, except those accounted for in other funds.
- Community Redevelopment Districts Fund is used to account for tax increment revenues received from Pinellas County and the City for the Bayboro Harbor, Intown West and South St. Petersburg Community Redevelopment Districts. The expenditures and transfers relate to programs eligible under the South St. Petersburg Community Redevelopment District.
- Downtown Redevelopment District Fund is used to account for tax increment revenues received from Pinellas County and the City for the Downtown Community Redevelopment District (DCRD), also called the Intown Redevelopment District. Transfers to debt service funds relate to DCRD debt obligations with remaining fund balances restricted to DCRD activities.

City of St. Petersburg, Florida
Notes to the Financial Statements
September 30, 2024

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (Continued)

- The Local Option Sales Surtax Improvement Fund is used to account for various construction projects including infrastructure improvements, recreation and culture improvements, public safety, and city facilities improvements. The projects are part of a program begun in 1990 and extended to 2030 that is funded by the City's share of the Pinellas County one cent local option sales surtax, "Penny for Pinellas". In addition, on February 10, 2015, the City executed an interlocal agreement with Pinellas County regarding the updated City priorities related to critical infrastructure improvement projects that should be funded with the County Penny Funds.
- The Grants Fund is mainly used to account for sources of revenue from the City's housing program as well as any grant revenue that is required to be included in a separate special revenue fund. The significant sources of revenues are those received from the U.S. Department of the Treasury for Emergency Rental Assistance, from the U.S. Department of Housing and Urban Development under the HOME Investment Partnerships Program, the Coronavirus Relief Fund, Community Development Block Grants, the Emergency Solutions Grant Program and Neighborhood Stabilization Program.

The following are reported as major enterprise funds:

- Water Resources Fund accounts for the operation of the City's potable water, wastewater and reclaimed water services to residents and businesses within St. Petersburg and surrounding communities.
- Stormwater Fund accounts for the improvements and maintenance of the City's stormwater retention and drainage system.
- Sanitation Fund accounts for all operations of Solid Waste collection, disposal and recycling activities in compliance with federal standards and regulations in order to ensure public health.
- Tropicana Field Fund accounts for all city related operations of Tropicana Field, the home of the Major League Baseball's Tampa Bay Rays. The Tropicana Field Fund accounts for the City's share of both ticket sales for events held at Tropicana Field as well as a portion of the sale of the naming rights. The revenues are used to pay a portion of the cost of the operation of the facility as required by the management agreement with the Tampa Bay Rays.

The City maintains no landfills. All solid waste is disposed of at the Pinellas County Solid Waste Resource Recovery Plant.

The City also reports the following fund types:

- Internal Service Funds: These funds are primarily used to account for the financing of goods or services provided by one department to other departments of the City on a cost reimbursement basis. The City's internal service funds provide insurance, inventory management, equipment and fleet maintenance, facilities maintenance, technology services and billing and collections services to the other departments of the City.

City of St. Petersburg, Florida
Notes to the Financial Statements
September 30, 2024

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (Continued)

- Fiduciary Fund type includes:
 - Pension Trust Funds account for the activities of the City's General Employees, Fire and Police Retirement Systems, which accumulate resources for pension benefit and disability benefit payments.
 - Custodial Funds are custodial in nature with fiduciary activities that are not held in trust or equivalent arrangement. The City's custodial funds are for seized assets.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are general and administrative service charges from governmental activities and other charges between the City's business-type functions and various other functions of the City. Elimination of such charges would distort the direct costs and program revenues reported for the various functions concerned.

Amounts reported as program revenue include (1) charges to customers or applicants for goods, services, or privileges provided, (2) operating grants and contributions, and (3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

D. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources and Net Position or Fund Balance

1. Cash, cash equivalents and investments

The City's cash and cash equivalents are considered to be cash on hand, demand deposits, certificates of deposit with less than 1 year maturity and institutional money market accounts. Investments included in the Core Portfolio and corresponding accrued investment earnings are pooled together for investment purposes (see Note 5). All investments are reported at fair value.

The City pools its cash for investment and resource management purposes. Each fund's equity in pooled cash and investments represents the balance on hand as if each fund maintained its own cash and investment account. For purposes of the statement of cash flows, the proprietary funds' shares of equity in pooled certificates of deposit are considered to be cash equivalents.

The City's investment policy, adopted in accordance with Florida Statute 218.415, authorize the City to invest surplus funds in the following:

- Demand checking account, savings accounts and other savings instruments in state qualified public depositories, which are secured per the Florida Security for Public Deposits Act, Chapter 280, Florida Statutes.
- The State of Florida Local Governments Surplus Funds Trust Fund pursuant to Florida Interlocal Cooperation Act, as provided in Section 163.01, Florida Statutes.
- Certificates, notes, bonds, bills, or zero coupon (strips, cats & tigers) of the United States Treasury, or other obligations of the United States or its Agencies. Agencies are backed by the full faith and credit of the United States. Authorized investments in this category are limited GNMA, FHA, SBA, GSA, FHA, and HUD.

City of St. Petersburg, Florida
Notes to the Financial Statements
September 30, 2024

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (Continued)

- Obligations of Government Sponsored Enterprises (GSE) (Instrumentalities) which are eligible as collateral for advances to member banks as determined by the Board of Governors of the Federal Reserve System. Instrumentalities are usually "AAA" rated by a Nationally Recognized Statistical Ratings Organization (NRSRO) but have no explicit governmental guarantee. Authorized investments in this category are limited to FNMA, FFCB, FHLB, FHLMC, FLB and FAMCA.
- Collateralized Mortgage Obligations (CMOs) as well as direct collateral bonds issued by Federal Agencies and Instrumentalities. These bonds are usually rated "AAA" by a NRSRO due to the credit pass-thru of the issuing Agency or Instrumentality. All bond purchases must pass the Federal Financial Instrumentalities Examination Council (FFIEC) High Risk Security Test.
- Bankers' Acceptances (BA) guaranteed by banking institutions which are issued by a domestic bank with a rating of "A-1/P-1" by a NRSRO on its short term debt or "A" category, by a NRSRO, on its long-term debt. All Bankers' Acceptances must be inventory based.
- Commercial Paper issued by corporations organized and operating within the United States or by depository institutions licensed by the United States having received an "A-1/P-1" or better by a NRSRO, such as Moody's, Standard and Poor's, or Fitch.
- Corporate Asset Backed notes issued by corporations organized and operating within the United States or by depository institutions licensed by the United States having received the two highest category ratings by a NRSRO.
- Non-Negotiable Certificates of Deposit and Bank Investment Contracts (BIC) which can be insured, collateralized at the Federal Reserve or qualify as state qualified public deposits, which are secured per the Florida Security for Public Deposits Act, Chapter 280, Florida Statutes.
- Guarantee Investment Contracts (GIC) with an issuing financial institution which has at least the two highest category ratings on its long-term debt by a NRSRO. Collateralization using the City's authorized Investment Categories "C" and "D" of this section will be required of all GIC issuers when their rating falls below the two highest rating categories by a NRSRO or the contract can be terminated at the City's option.
- Tax-Exempt Governmental bonds, notes or other obligation of investment grade quality (as established by a NRSRO) issued by or on behalf of this or any other state, or any other agency, county, municipal corporation, special district, authority, or political subdivision thereof, with respect to the investment of City bond proceeds in accordance with arbitrage regulations issued by the Internal Revenue Service (IRS).

City of St. Petersburg, Florida
Notes to the Financial Statements
September 30, 2024

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (Continued)

- Repurchase Agreement with the City's primary state-certified qualified public depository, as defined by the Florida Security for Public Deposits Act, Chapter 280, Florida Statutes. The repurchase agreement for overnight sweep cash investments are collateralized by State Law with the State Comptroller's office. The underlying parent rating in these whole loan transactions must be "A-1/P-1" by a NRSRO, unless the counterparty is a Federal Reserve Bank, no rating is required.
- U.S. Treasury and U.S. Government short-term mutual funds used for short-term cash flow.
- Taxable Governmental bonds, notes or other obligations of investment grade quality as established by a NRSRO issued by or on behalf of this or any other state, or any agency, county, municipal corporation, special district, authority, or political subdivision thereof.
- The Columbia Management (Strategic Cash Fund Capital Class Shares) as a long-term investment held to maturity.
- Unsecured corporate bonds, notes or other obligations issued by corporations organized and operating within the United States or by depository institutions licensed by the United States, and are of investment grade quality as established by a NRSRO. However, no more than 40% of all corporate bonds in the Core and the portion of the Water Cost Stabilization Portfolios that are governed under this Policy may be rated "BBB".

The City's alternative investment policy approved December 18, 2014, and most-recently amended June 15, 2023, adopted in accordance with Florida Statute 218.415, authorizes the City to invest in dividend yielding index funds and externally managed funds. Through December 31, 2022 a maximum of 25% of the balance available for investment in the Water Cost Stabilization Fund may be invested in dividend yielding equities in funds, mutual funds, or ETF's (passive and internally selected). Beginning January 1st, 2023, 27.5% of the market value in the Water Cost Stabilization Fund may be invested in dividend yielding equities in funds, mutual funds, or ETF's (passive and internally selected). The alternative investment policy also allows for the Parks Preservation Fund and the Environmental Preservation Fund to be externally managed with specific policy limitations to asset classes, targets, and ranges relating to equity funds, real estate investment trusts (REIT), and fixed income funds.

2. Receivables and Payables

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e., the non-current portion of interfund loans). All other outstanding balances between funds are reported as "due to/from other funds" and are generally liquidated on a monthly basis. Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances".

City of St. Petersburg, Florida
Notes to the Financial Statements
September 30, 2024

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (Continued)

All trade and other receivables, are shown net of an allowance for uncollectibles. Trade accounts receivable in excess of 180 days comprise the trade accounts receivable allowance for uncollectibles. The special assessment allowance for uncollectible is based on management estimates.

Water and related wastewater charges to customers are based on actual water consumption. Consumption is determined on a monthly cycle basis. The City recognizes as revenue the estimated unbilled consumption as of September 30.

3. Inventories and Prepaid Items

Inventories of expendable supplies held for consumption are priced at cost using the moving weighted average method, which approximates First-In-First-Out. Governmental fund type inventories are recorded using the consumption method. Inventories in certain Proprietary Funds consist of goods held for sale which are priced at cost using the First-In-First-Out method.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items, using the consumption method, in both the government-wide and fund financial statements.

4. Restricted Assets

Debt Funding Requirements

Certain proceeds of the City's revenue bonds, as well as certain resources set aside for their repayment, are classified as restricted assets because they are maintained in separate investment accounts and their use is limited by applicable bond covenants.

Also, debt proceeds that are set aside to subsidize potential deficiencies from the City's operations that affect debt service payments, revenue bond and note proceeds that are restricted for use in construction, and segregated resources accumulated for debt service payments over the next twelve months are recorded as restricted assets.

Donor-Restricted Endowments

Included in the permanent funds, which are included in the non major governmental funds presentation, are donor-restricted assets given to the City with the stipulation that the original Kopsick Palm Arboretum Trust endowment ("Kopsick") not be spent, but only the earnings thereon are spendable for specific beautification projects. The total non major endowment restricted assets held by Kopsick at September 30, 2024 totals \$186,481. The endowment terms authorize the expenditures of all interest and dividends earned less management fees and to reinvest all appreciated value. The City transfers the spendable balance annually to another special revenue fund that is included in the Donations Fund. The balance in the Donations Fund is \$2,299 at September 30, 2024. There is no state law governing use of endowment funds.

5. Capital Assets

Capital assets are tangible and intangible assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, curbs and gutters, streets and sidewalks, drainage systems and lighting systems), are reported in the applicable governmental or business-type

City of St. Petersburg, Florida
Notes to the Financial Statements
September 30, 2024

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (Continued)

activities columns in the government-wide financial statements. The City constructs or acquires capital assets each period, including infrastructure assets, they are capitalized and reported at historical cost (except for intangible right-to-use lease assets, the measurement of which is discussed in Note 1.10 below). The reported value excludes normal maintenance and repairs, which are amounts spent in related to capital assets that do not increase the asset's capacity or efficiency or increase its estimated useful life. Donated capital assets are recorded at acquisition value at the date of donation. Acquisition value is the price that would be paid to acquire an asset with equivalent service potential on the date of the donation. Intangible assets follow the same capitalization policies as tangible capital assets and are reported with tangible assets in the appropriate capital asset class. Public domain and system infrastructure assets represent such items as roads, water and wastewater treatment plants and lines, parks and drainage systems.

The City currently maintains the following threshold for additions to capital assets and intangible assets with an estimated useful life in excess of one year:

Asset Class	Threshold
Land	Capitalize all
Buildings & systems	\$ 50,000
Improvements other than buildings	\$ 50,000
Machinery & equipment	\$ 5,000
Utility systems	\$ 50,000
Library books & works of art	Capitalize all
Intangible assets - purchased software	\$ 10,000
Intangible assets - right to use	\$ 50,000
Intangible assets - subscription software and other	\$ 100,000
Intangible assets - internally developed software	\$ 1,000,000

Land and construction in progress are not depreciated. The other tangible and intangible property, plant, equipment, the right-to-use lease assets of the primary government are depreciated/ amortized using the straight-line method over the following estimated useful lives:

	Range in Years
Buildings & systems	10 - 50
Improvements other than buildings	5 - 20
Machinery & equipment	2 - 10
Utility systems	20 - 50
Intangible assets	2 - 20

City of St. Petersburg, Florida
Notes to the Financial Statements
September 30, 2024

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (Continued)

6. Compensated Absences

All full time employees accumulate limited amounts of annual leave, including extended illness leave, subject to length of employment. Upon separation from employment, employees receive payment for accumulated annual leave not related to extended illness leave. Upon separation from employment for retirement, a limited amount of extended illness leave is paid to employees.

Accumulated annual leave, illness leave and other minor leave accrual types (military, parental, etc) are included in the government-wide and proprietary fund financial statements. A liability is recorded in the governmental fund financial statements only when the payment is due and payable.

7. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net assets that applies to future periods and so will not be recognized as an outflow of resources (expense/ expenditure) until then. The City has three items that meet this criterion: deferred amounts related to pensions, deferred amounts related to Other Post Employment Benefits (OPEB), and a deferred amount on debt refunding.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net assets that applies to future periods and so will not be recognized as an inflow of resources (revenue) until that time. The City has four items that meet the criterion for this category: unavailable revenues, deferred amounts related to pensions, deferred amounts related to leases, and deferred amounts related to OPEB. The deferred inflow of resources for unavailable revenue arises only under a modified accrual basis of accounting and is reported only in the governmental funds balance sheet. The governmental funds report unavailable revenues from the following sources: business taxes, various charges for services, special assessments, and notes receivable. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available.

8. Long-term Obligations

In the government-wide financial statements, and proprietary fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund statement of net position. Bond premiums and discounts are amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenses in the period incurred. Gains or losses resulting from advanced refunding of debt are deferred and amortized over the shorter of the life of the new debt or the original life of the defeased debt and are reported as a deferred outflow of resources and are amortized and reported as a component of interest expense.

In the fund financial statements, governmental funds recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported

City of St. Petersburg, Florida
Notes to the Financial Statements
 September 30, 2024

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (Continued)

as other financing sources. Premiums received on debt issuance are reported as other financing sources while discounts on debt issuance are reported as other financing uses. Bond issuance costs whether or not withheld from the actual debt proceeds received, are reported as debt service expenses in the period incurred.

Governmental long term obligations are repaid by the City through the following funds:

<u>Long-term Obligation</u>	<u>Obligating Fund</u>
Revenue Bonds	Public Service Tax
Notes	TD Bank, JPMorgan, PNC Bank, Banc of America Capital Leasing, and Key Government Finance
Compensated Absences, OPEB and Net Pension Liability	General, Building Permit, and Emergency Medical Services
Leases	General, Technology Services and General Capital
SBITA	General, Technology Services and Fleet

9. Fund Balances

Fund balance is divided into five classifications based primarily on the extent to which the City is bound to observe constraints imposed upon the use of the resources in the governmental funds. The classifications are as follows:

Nonspendable The nonspendable fund balance category includes amounts that cannot be spent because they are not in spendable form, or legally or contractually required to be maintained intact. The “not in spendable form” criterion includes items that are not expected to be converted to cash. It also includes the long-term amount of interfund loans.

Restricted Fund balance is reported as restricted when constraints placed on the use of resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or is imposed by law through constitutional provisions or enabling legislation (City ordinances). Enabling legislation authorizes the City to assess, levy, charge, or otherwise mandate payment of

City of St. Petersburg, Florida
Notes to the Financial Statements
September 30, 2024

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (Continued)

resources (from external resource providers) and includes a legally enforceable requirement that those resources be used only for the specific purposes stipulated in the legislation. Legal enforceability means that the City can be compelled by an external party such as citizens, public interest groups, or the judiciary to use resources created by enabling legislation only for the purposes specified by the legislation.

Committed The committed fund balance classification includes amounts that can be used only for the specific purposes imposed by ordinance, a formal action of City Council, which is the highest level of decision making authority at the City. Those committed amounts cannot be used for any other purpose unless City Council removes or changes the specified use it employed to previously commit those amounts. In contrast to fund balance that is restricted by enabling legislation, committed fund balance classification may be redeployed for other purposes with appropriate due process.

Constraints imposed on the use of committed amounts are imposed by City Council, separate from the authorization to raise the underlying revenue; therefore, compliance with these constraints are not considered to be legally enforceable. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.

Assigned Amounts in the assigned fund balance classification are intended to be used by the City for specific purposes but do not meet the criteria to be classified as restricted or committed. In governmental funds, assigned fund balance is established by definition of the fund or by intended use (such as construction contracts) as established by City Council or a City official delegated that authority by City Charter or ordinance, or by State Statute. No such delegation has been made to this date by City Council.

Unassigned fund balance is the residual classification for the general fund and includes all spendable amounts not contained in the other classifications. In other governmental funds, the unassigned classification is used only to report a deficit balance resulting from overspending for specific purposes for which amounts had been restricted, committed, or assigned.

The City applies restricted resources first when expenditures are incurred for purposes for which either restricted or unrestricted (committed, assigned, and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

City of St. Petersburg, Florida
Notes to the Financial Statements
September 30, 2024

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (Continued)

10. Leases and SBITA

Lessee: The City is a lessee for a noncancellable leases of right-to-use assets. The City recognizes a lease liability and an intangible right-to-use lease asset (lease asset) in the government-wide and proprietary financial statements. The City recognizes lease liabilities with an initial, individual value of \$50,000 or more.

At the commencement of a lease, the City initially measure the lease liability at the present value of payments expected to be made during the lease term. Subsequently, the lease liability is reduced by the principal portion of lease payments made. The lease asset is initially measured as the initial amount of the lease liability, adjusted for lease payments made at or before the lease commencement date, plus certain initial direct costs. Subsequently, the lease asset is amortized on a straight line basis over its useful life.

Key estimates and judgments related to leases include how the City determines (1) the discount rate it used to discount the expected lease payments to present value, (2) lease term, and (3) lease payments.

- The City uses the interest rate charged by the lessor as the discount rate. When the interest rate charged by the lessor is not provided, the City generally uses its incremental borrowing rate as a discount rate for leases.
- The lease term includes the noncancellable period of the lease and any options to extend or terminate if considered reasonably certain. Lease payments included in the measurement of the lease liability are composed of fixed payments and purchase option price that the City is reasonably certain to exercise.

The City monitors changes in circumstances that would require a remeasurement of its lease and will remeasure the lease asset and liability if certain changes occur that are expected to significantly affect the amount of the lease liability.

Lease assets are reported with other capital assets and lease liabilities are reported with long term debt on the statement of net position.

Lessor: The City is a lessor for a noncancellable leases of right-to-use buildings and land. The City recognizes a lease receivable and a deferred inflow of resources in the government-wide, governmental and proprietary fund financial statements. The City recognizes lease receivables with an initial, individual value of \$50,000 or more.

At the commencement of a lease, the City initially measures the lease receivable at the present value of payments expected to be received during the lease term. Subsequently, the lease receivable is reduced by the principal portion of lease payments received. The deferred inflow of resources is initially measured as the initial amount of the lease receivable, adjusted for lease payments received at or before the lease commencement date. Subsequently, the deferred inflow of resources is amortized on a straight line basis over the life of the lease term.

City of St. Petersburg, Florida
Notes to the Financial Statements
September 30, 2024

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (Continued)

Key estimates and judgments include how the City determines (1) the discount rate it used to discount the expected lease receipts to present value, (2) lease term, and (3) lease receipts.

- The City uses its incremental borrowing rate as a discount rate for leases.
- The lease term includes the noncancellable period of the lease. Lease receipts included in the measurement of the lease receivable are composed of fixed payments from the lessee.

SBITA: The City is contracted with vendors under various SBITA. The City recognizes a SBITA liability and an intangible right-to-use subscription asset in the government-wide and proprietary financial statements. The City recognizes SBITA liabilities with an initial, individual value of \$100,000 or more.

At the commencement of an agreement, the City initially measure the SBITA liability at the present value of payments expected to be made during the agreement term. Subsequently, the SBITA liability is reduced by the principal portion of payments made. The right-to-use subscription asset is initially measured as the initial amount of the SBITA liability, adjusted for payments made at or before the commencement date, plus certain implementation costs. Subsequently, the SBITA asset is amortized on a straight line basis over its useful life.

Key estimates and judgments related to SBITA include how the City determines (1) the discount rate it used to discount the expected payments to present value, (2) agreement term, and (3) agreement payments.

- The City uses the interest rate charged by the vendor as the discount rate. When the interest rate charged by the vendor is not provided, the City generally uses its incremental borrowing rate as a discount rate for SBITA.
- The term includes the noncancellable period of the agreement and any options to extend or terminate if considered reasonably certain. Payments included in the measurement of the SBITA liability are composed of fixed payments and purchase option price that the City is reasonably certain to exercise.

Right-to-use assets are reported with other capital assets and liabilities are reported with long term debt on the statement of net position.

11. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities as of the date of the financial statements, and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

12. Fair Value

The City categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

City of St. Petersburg, Florida
Notes to the Financial Statements

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (Continued)

13. Stabilization Arrangements

Governmental Stabilization funds, a type of reserve fund maintained to offset economic downturns, natural disasters and other unforeseen events, are presented as committed fund balances in the appropriate fund. The level of funding will be reviewed annually by City Council; additions to or reductions from a stabilization fund will be approved by City Council as part of the budget process or the supplemental appropriation process. Establishing the proper balances in stabilization funds takes into account the risk exposure related to self-insurance and property insurance deductibles in the event of major storm damage to City assets. Transfers from stabilization funds will not be allowed if they would cause the stabilization fund to be in a deficit position.

The City maintains two stabilization arrangements - the Economic Stability Fund and the Water Cost Stabilization Fund. The balance in the Economic Stability Fund is presented as part of the General Fund. The balance in the Water Cost Stabilization Fund is presented as part of the Water Resources Fund. Permitted uses of these funds have been established by City Council by Resolution.

The balance in the Economic Stability Fund represents committed fund balances which are available for expenditure only with the approval of City Council and under the following specified and non-routine conditions:

- In the event of an estimated budget shortfall amounting to more than 2% of the most recently adopted budget. Only the amount of the shortage above 2% may be taken from the Economic Stability Fund, while other budget balancing measures will be employed to offset budget shortfalls up to and including 2%. If the 2% threshold has been met, the appropriate amount of resources to utilize from the Economic Stability Fund will take into account the current economic climate, including the local unemployment rate, inflation rate, rate of personal income growth, assessed property values, and other factors as determined to be appropriate.
- In the event of damage to City property or loss of City assets due to disasters such as hurricane, tornado, flood, wind, acts of terrorism or other catastrophic events when such an event results in a declaration of a state of emergency other funds of the City, such as the equipment replacement funds, the self insurance fund and the Technology/Infrastructure Fund will be used first, as appropriate to the circumstances, before relying on the Economic Stability Fund.
- To provide short-term (one year or less) advances, or long-term loans exceeding one-year in length, to other funds of the City for shortfalls due to economic impacts or for other purposes, as recommended by the Mayor and approved by City Council. A plan for repayment of the funds will be established before any such advance or loan is made.

City of St. Petersburg, Florida
Notes to the Financial Statements
September 30, 2024

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (Continued)

When the Economic Stability Funds are used for any permitted purpose, the fund will be replenished in an amount to meet the fund balance target, either from the fund for which the resources were required or from another fund of the City, within the time frame recommended by the Mayor or City Administrator and approved by City Council.

Balances in the Water Cost Stabilization Fund represent committed fund balances which are available for expenditure only with the approval of City Council and under conditions specified in resolutions and in accordance with existing bond covenants.

The Economic Stability Fund is included in the General Fund for financial reporting purposes and had \$34,600,592 in Committed Fund Balance at September 30, 2024.

The Water Cost Stabilization Fund is included in the Water Resources Fund for financial reporting purposes and had a balance of \$99,020,355 at September 30, 2024 included in Unrestricted Net Position.

14. Minimum Fund Balance Policy

The General Fund, as defined in the ACFR, has a reserve target of 20% of the Fund's current year budgeted appropriations and the unassigned core General Operating Fund has a reserve target of 12% of the Fund's current year budgeted appropriations. The Core General Operating Fund rolls into the General Fund as defined by the ACFR. For the purpose of determining if the target has been met, the unassigned fund balance of the general fund and the balance of the economic stability fund are added together and the combined amount is then compared with the annual appropriations budget.

Other governmental funds of the City do not have specified fund balance targets. Recommended levels of committed and/or assigned fund balance will be determined on a case by case basis, based on the needs of each fund and as recommended by city officials and approved by City Council.

Fiduciary funds do not have fund balance targets.

Proprietary funds, which include both enterprise funds and internal service funds, have fund balance targets as shown on the next page. In most cases the specific targets for proprietary funds are a percentage of the annual, appropriated budget for that fund. (Percentage targets can also be described in terms of a number of months of operating costs. For example, a fund balance reserve target equal to 8.3% is the same as a reserve target equal to one month of operating expenditures; 16.7% equals two months expenditures and 25% equals three months.) For the purpose of setting target amounts for the proprietary funds, estimated fund balance amounts are determined based on a budgetary fund balance.

For those proprietary funds that have targets not based on the annual operating costs, notation as to the basis for determining the target is stated. Enterprise funds dependent upon an annual subsidy from the General Fund do not have a fund balance target; if in the future, the enterprise fund becomes self supporting, consideration will be given to establishing a fund balance target.

City of St. Petersburg, Florida
Notes to the Financial Statements
September 30, 2024

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (Continued)

Unless otherwise noted, the targets shown on the following page are a percentage of the annual, appropriated budget.

Enterprise Funds

Water Resources Funds

25%* (8.3% in operating fund, 16.7% in water cost stabilization fund, 20% of equipment cost in equipment replacement fund)

Stormwater Utility Funds

16.7%* in operating fund and 20% of equipment cost in equipment replacement fund

Sanitation Funds

16.7%* in operating fund and 20% of equipment replacement cost in equipment replacement fund

Marina Funds – 8.3%*

Golf Courses Fund – 8.3%*

Sunken Gardens Fund – 8.3%*

No Target – Airport, Port, Parking, Jamestown, Mahaffey Theater, Pier, Coliseum, and Tropicana Field Funds.

Internal Service Funds

Equipment and Maintenance Funds

Fleet Management Fund – 8.3%

Equipment Replacement Fund – 20% of equipment replacement costs

Municipal Office Buildings Funds – 8.3%

Technology Services Fund – 8.3%

Consolidated Inventory/Supply Management Fund – 8.3%

Insurance Funds

Health Insurance Fund – 25% plus the Incurred But Not Reported (IBNR) claims

Life Insurance Fund – 16.7%

General Liability Claims Fund – Set annually by an actuarial study

Commercial Insurance Fund – 50%

Workers' Compensation Fund – 75% of long-term liabilities

Billing and Collections Fund – 8.3%

**Transfers to the related capital improvement fund and equipment replacement fund are excluded from target balance calculation.*

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (Continued)

15. Adoption of New Governmental Accounting Standards Board (GASB) Pronouncements

During the fiscal year ended September 30, 2024 the City implemented the following GASB Pronouncements:

GASB Implementation Guide No. 2021-1 Implementation Guidance Update, Question 5.1

Issued May 2021, the implementation guide provides guidance that clarifies, explains or elaborates on GASB Statements. The specific question applied in the current year was in relation to question 5.1 regarding whether a government's capitalization policy should be applied to only individual assets or can it be applied to a group of assets acquired together. The City considered the guidance and reviewed for any such applicable groups of asset acquired together and noted in certain instances large purchases of radios and other computer equipment is applicable at the City. Aggregate purchase additions are included in 2024 capital asset additions. The guidance is applicable for reporting periods beginning after June 15, 2023.

16. Future GASB Pronouncements

The following GASB Pronouncements have been issued, but are not in effect for the City as of September 30, 2024.

GASB Statement No. 102, *Certain Risk Disclosures*

Issued in December 2023, this Statement's objective is to provide essential information about risks related to a government's vulnerabilities due to certain concentrations or constraints. This statement will be required beginning fiscal year 2025

GASB Statement No. 103, *Financial Reporting Model Improvements*

Issued in April 2024, this Statement's objective is to improve key components of the financial reporting model to enhance its effectiveness in providing information that is essential for decision making and assessing a government's accountability. Included in the scope is the MD&A, unusual and infrequent items, presentation of the Proprietary Fund Statement of Revenues, Expenses, and Changes in Fund Net Position, major component unit information and budgetary comparison information. This Statement is effective for fiscal years beginning after June 15, 2025.

City of St. Petersburg, Florida
Notes to the Financial Statements
September 30, 2024

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (Continued)

GASB Statement No. 104, *Disclosure of Certain Capital Assets*

Issued in September 2024, this Statement's objective is to provide users of government financial statements with essential information about certain types of capital assets held for resale, right to use assets and intangible assets. This Statement requires certain types of capital assets to be disclosed separately in the capital assets note disclosures required by Statement 34. Lease assets recognized in accordance with Statement No. 87, Leases, and intangible right-to-use assets recognized in accordance with Statement No. 94, Public-Private and Public-Public Partnerships and Availability Payment Arrangements, should be disclosed separately by major class of underlying asset in the capital assets note disclosures. Subscription assets recognized in accordance with Statement No. 96, Subscription-Based Information Technology Arrangements, also should be separately disclosed. In addition, this Statement requires intangible assets other than those three types to be disclosed separately by major class. This Statement is effective for fiscal years beginning after June 15, 2025.

The City will implement new GASB Pronouncements no later than the required effective date. Management evaluates whether new GASB pronouncements will have a significant financial impact on the City's financial statements.

NOTE 2 – BUDGET AND BUDGETARY DATA

The City, in accordance with its Charter and State Law, applies the following procedures in establishing the budgetary data reflected in the accompanying financial statements.

Budget Policy:

An annual operating budget is prepared by the City's budget department for the General, Special Revenue, Enterprise and Debt Service Funds. The Mayor submits to the City Council the proposed operating budget for the ensuing fiscal year. The operating budget includes proposed expenditures and the means to finance them, including a proposed ad-valorem millage rate by passage of an ordinance. The General Fund is subject to budgetary control on an administration level (i.e., Police, Fire, etc). The Mayor is authorized to transfer General Fund budgeted amounts between expenditure categories within individual administrations; however, transfers between administrations and revisions that alter the total expenditures of a fund must be approved by the City Council. The Special Revenue, Enterprise and Debt Service Funds are subject to budgetary control on an individual fund basis. The City Council approved several supplemental appropriations during the fiscal year in the General, Special Revenue, Enterprise, and Debt Service Funds. All supplemental appropriations are included in the final budget columns of the financial statements and schedules. Unencumbered appropriations in the annual operating budget lapse at fiscal year end. Florida statutes limit subsequent budget appropriations to sixty days after the fiscal year end.

City of St. Petersburg, Florida
Notes to the Financial Statements
September 30, 2024

NOTE 2 – BUDGET AND BUDGETARY DATA - (Continued)

Budgetary Basis of Accounting:

Budgets presented for governmental funds in these financial statements have been prepared on the modified accrual basis of accounting, except for encumbrances, the net increase (decrease) of advances outstanding with other funds, and the net increase (decrease) in the fair value of investments. Encumbrances are part of the overall budgetary control process and thus are included in the Actual column with the related expenditures when a comparison with budget is made. Similarly, the net increase (decrease) in the fair value of investments is excluded from related revenues when a comparison with budget is made. The reserve for inventory, the reserve for prepaid costs and deposits, and advances with other funds are treated as unavailable in determining fund balance on the budgetary basis.

Expenditures in Excess of Appropriations:

The Police Public Safety Administration included in the General Fund expenditures exceeded appropriations by \$302,453 due to the additional approved appropriations estimate insufficient for the final accounts payable accrual and accrued salaries made subsequent to the fiscal year 2024 budget appropriations. Some of the increase is attributable to the year storm related public safety expenditures.

All special revenue funds and debt service funds legal level of appropriation and control is at the fund level and not administration level. The City's special revenue funds and debt service funds did not have expenditures in excess of appropriations at the fund level with the exception of the School Crossing Guard, Police Officers Training and Donation special revenue funds. The School Crossing Guard Fund expenditures exceeded appropriations by \$27,580 in transfers to the General Fund due to the additional revenues over budget for school zone violations that require transfer to the General Fund. The Police Officers Training Fund expenditures exceeded appropriations by \$17,881 due to more than budgeted revenues and related expenditures received under the Florida Disposition of Traffic Infractions Statute. The Donations Fund expenditures exceed appropriations by \$28,532 due to contribution revenue significantly higher than expected and correlated related expenditures.

City of St. Petersburg, Florida
Notes to the Financial Statements

(3) City Council has committed a portion of the General Operating Fund Balance for specific purposes under Ordinance 601-H for Fiscal Year Ended September 30, 2024. The ordinance contained the following commitments:

-The Operating Re-Appropriations commitment provides for funds to be rolled over for contracts, grants, or purchase orders issued in 2024 which purchases could not be completed due to timing or other issues.

-The Land Sale Proceeds commitment was created to provide a funding source for acquiring property. Proceeds from the sale of city properties valued at less than \$20,000 are deposited in the General Operating Fund and are to be used for acquiring property according to Resolution 2002-126 adopted by City Council on February 21, 2002.

-The Local Agency Program commitment is established to provide the City's share over the next 15 years for maintenance of city roads and trails as a result of grant agreements with the Florida Department of Transportation.

- Qualified Target Industry (QTI) Tax Refund Program commitment to provide inducement for target industries to locate new facilities or expand existing facilities in Florida.

- Courtesy Docks and Slips commitment for maintenance waterfront Courtesy Docks & Slips until March 31, 2041.

-Seagrass Mitigation Bank was established to provide the City's measure of financial assurances to the United States Army Corps of Engineers that the Seagrass Mitigation Bank will be constructed and implemented in accordance with the terms and plans set forth in the federal permit pursuant to the Mitigation Banking Instrument for the North Shore Park Seagrass Mitigation Bank.

(4) The Preservation Reserve Fund, the Economic Stability Fund, the Affordable Housing Fund, the Downtown Open Space Art Fund and the Arts in Public Places Fund are each committed by an action of City Council.

City of St. Petersburg, Florida
Notes to the Financial Statements
September 30, 2024

NOTE 4 – PROPERTY TAXES

A. CALENDAR OF PROPERTY TAX EVENTS

January 1, 2023- Property taxes are based on assessed property value at this date as determined by the Pinellas County Property Appraiser.

June 1, 2023 – Estimate of taxable value, property assessment roll and certificates of value by County Property Appraiser provided to the City.

July 1, 2023 - Proposed tax millage rate approved by the City Council and provided to the County Property Appraiser, who mails notices to the taxpayers.

September 28, 2023- Property tax millage rate resolution approved by the City Council.

October 1, 2023 - Beginning of fiscal year for which taxes are levied.

November 1, 2023 - Property Tax levy due and payable.

March 26, 2024 - County Property Appraiser notifies the City of taxable value on the final property tax assessment roll.

April 1, 2024 - Unpaid property taxes become delinquent and become a lien.

June 1, 2024 - Tax certificates are sold by the Pinellas County Tax Collector.

B. TAX COLLECTION

Property tax collections are governed by Chapter 197, Florida Statutes. The Pinellas County Tax Collector bills and collects all property taxes levied within the County. Discounts are allowed for early payment of 4% in November, 3% in December, 2% in January and 1% in February. If property taxes are not paid by April 1, the County adds a 3% penalty on real estate and 1½ % on personal property.

The Tax Collector advertises and sells tax certificates on all real property for delinquent taxes. Certificates not sold revert back to the County. The Tax Collector must receive payment before the certificates are issued. Any person owning land on which a tax certificate has been sold may redeem the land by paying the Tax Collector the face amount of the tax certificate plus interest and other costs. The owner of a tax certificate may at any time after taxes have been delinquent (April 1), for two years, file an application for tax deed sale. The County, as a certificate owner, may exercise similar procedures two years after taxes have been delinquent. Tax deeds are issued to the highest bidder for the property which is sold at public auction.

The Tax Collector remits current taxes collected through four distributions to the City in the first two months of the tax year and at least one distribution each month thereafter. The City recognizes property tax revenue in the period in which they are levied.

C. TAX LIMITATIONS

Florida Statutes set the maximum millage rate at 10 mills of assessed valuation for operating purposes. For the fiscal year ended September 30, 2024, the approved operating millage was 6.4675 mills.

City of St. Petersburg, Florida
Notes to the Financial Statements
September 30, 2024

NOTE 5 – DEPOSITS AND INVESTMENTS

A. BACKGROUND

The City maintains a cash pool that is available for use by all funds except for monies legally restricted to separate administration or monies that by their nature are to be administered separately. Interest income for cash equivalents is distributed monthly based on a monthly average balance.

Investments and related accrued investment earnings are pooled together for investment purposes for all funds except Debt Service Funds, Bond Proceeds Fund, Water Cost Stabilization Fund and Weeki Wachee Fund. All funds participating in the pool deposit monies into the equity in pooled investments of the City. Investment earnings are distributed in accordance with the participating funds' relative percentage of investments.

Cash and cash equivalents held separately where contractual arrangements and bond covenants require such arrangements are classified as "Restricted Assets".

B. CASH ON DEPOSIT

At fiscal year end, the carrying amounts of the City's primary government and discretely presented component unit cash deposits and cash equivalents were \$445,046,528. The bank balances held in a Qualified Public Depository totaled \$53,604,719. The City's cash on deposit are held in demand checking accounts, savings accounts and other savings instruments in state qualified public depositories, which are secured per the Florida Security for Public Deposits Act, Chapter 280, Florida Statutes. At year end, the City's carrying amounts of cash on deposit and cash equivalents were as follows:

	Primary Government	Component Unit	Total
Cash Deposits	\$ 81,241,078	16,126	\$ 81,257,204
State of Florida Local Government Surplus Trust Fund A	102,747,856	-	102,747,856
Florida Public Assets for Liquidity Management	261,041,468	-	261,041,468
Total	<u>\$ 445,030,402</u>	<u>16,126</u>	<u>\$ 445,046,528</u>

The custodial funds and pension funds have combined cash deposits of \$2,413,725.

City of St. Petersburg, Florida
Notes to the Financial Statements
September 30, 2024

NOTE 5 – DEPOSITS AND INVESTMENTS – (Continued)

The City holds cash equivalents with the State of Florida Local Government Surplus Trust Fund A (Florida PRIME) in the short term, debt service and bond proceeds portfolios as of September 30, 2024. Florida PRIME is recorded as amortized cost in accordance with GAAP. Florida PRIME is a 2a7-like pool, which is not registered with the SEC as an investment company, but nevertheless has a policy that it will, and does, operate in a manner consistent with the SEC's Rule 2a7 of the Investment Company Act of 1940, governing money market funds. Thus, this pool operates essentially as a money market fund. Florida PRIME has a Standard & Poor's rating of AAAM at September 30, 2024. There are no redemption fees or maximum transaction amounts, or any other requirements that serve to limit a participant's daily access to 100 percent of their account value. The dollar weighted average days to maturity (WAM) of Florida PRIME at September 30, 2024 is 39 days and the weighted average life (WAL) of Florida PRIME at September 30, 2024 is 74 days. Florida PRIME was not exposed to any foreign currency risk during the year ended September 30, 2024.

The City holds cash equivalents with the Florida Public Assets for Liquidity Management (FL PALM) in the short-term, debt service and bond proceeds portfolios as of September 30, 2024. FL PALM is recorded as amortized cost in accordance with GAAP. The City holds both the short-term, daily-liquid, variable-rate FL PALM product (FL PALM Portfolio) as well as the short-term, fixed-term, fixed-rate FL PALM Term product (FL PALM Term Portfolio).

The FL PALM Portfolio has a Standard and Poor's rating of AAAM at September 30, 2024. There are no redemption fees or maximum transaction amounts, or any requirements that serve to limit a participant's daily access to 100 percent of their account value. The dollar weighted average days to maturity (WAM) of the FL PALM Portfolio at September 30, 2024 is 35 days and the weighted average life (WAL) at September 30, 2024 is 79 days. The FL PALM Portfolio was not exposed to any foreign currency risk during the year ended September 30, 2024. The City's short-term, debt service, and bond proceeds portfolios held \$123.3 million, \$29.2 million, and \$59.5 million dollars respectively of the FL PALM Portfolio at September 30, 2024.

The FL PALM Term Portfolio has received a rating of AAAf from Fitch Ratings (Fitch) at September 30, 2024. The fixed-rate minimum term is 60 days and the maximum term is one year. The minimum initial investment is \$1 million dollars and the minimum subsequent investment is \$100 thousand dollars. The City's bond proceeds portfolio held \$49.1 million dollars of the FL PALM Term Portfolio at September 30, 2024.

City of St. Petersburg, Florida

NOTE 5 – DEPOSITS AND INVESTMENTS – (Continued)

C. INVESTMENT BACKGROUND

The City's investment policy establishes a minimum of four portfolios to identify cash flow requirements within the City as well as modifying interest rate and concentration risk and the alternative investment policy established three portfolios. The four minimum portfolios in the investment policy are the Short Term Portfolio, Core Portfolio, Bond Reserve and Trust Fund Portfolio and Public Utilities Water Cost Stabilization Portfolio.

- Short Term Portfolio: The portfolio contains investments in short-term registered money market funds, the State of Florida Local Government Surplus Trust Fund and other authorized investments with a maturity of one year or less from the date of settlement.
- Core Portfolio: The portfolio consists of investment positions whose maturities may not exceed ten years from the date of settlement.
- Debt Service Portfolio: The portfolio consists of investment positions related to debt service cash flow.
- Bond Proceeds Portfolio: The portfolio consists of investment positions related to bond reserves or trust funds representing bond reserves.
- Public Utilities Water Cost Stabilization Portfolio (Water Cost Stabilization Portfolio): The portfolio is the proceeds from the sale of certain assets as governed by City Ordinance and described under bond covenants and consists of investment positions whose maturities may not exceed ten years.

Under the alternative investment policy, the externally managed funds must be invested in permitted investment and a specified diversification structure by the external investment managers as laid out in the alternative investment policy. The policy has asset classes, ranges, and targets and includes equity investment funds, real estate investment trusts (REITS), and fixed income funds. The external manager and sub-managers are required to comply with the specific ranges for each asset class and the policy defines permitted and non-permitted investment instruments.

Specific Investments Held of Interest

The City holds an investment in the Columbia Strategic Fund in the core portfolio as of September 30, 2024. The Columbia Strategic Fund account is a separately run investment account for the City. During 2016, Blackrock assumed management of the Strategic Cash Management Fund. Money is withdrawn from the account when investments mature or are sold. There are investment positions with a fair value of \$95,561 that are rated below investment grade or not rated, see credit risk note for more information.

NOTE 5 – DEPOSITS AND INVESTMENTS – (Continued)

D. GOVERNMENT'S INVESTMENTS AND FAIR VALUE MEASUREMENT

The City categorizes its fair value measurements within the fair value hierarchy established by GAAP. Fair value is the exchange price that would be received for an asset (exit price) in the principal or most advantageous market for an asset in an orderly transaction between market participants on the measurement date. There are three levels of inputs that may be used to measure fair values:

Level 1 inputs utilize quoted prices (unadjusted) in active markets for identical assets that the City has the ability to access.

Level 2 inputs are inputs other than quoted prices included in Level 1 that are observable for the asset in active markets, as well as inputs that are observable for the asset (other than quoted prices), such as interest rates, foreign exchange rates and yield curves that are observable at commonly quoted intervals.

Level 3 inputs are unobservable inputs for the asset which are typically based on the City's own assumptions, as there is little, if any, related market activity.

Investments that are measured at fair value using the net asset value per share (NAV) (or its equivalent) as a practical expedient are not classified in the fair value hierarchy.

In instances where inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The City's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset or liability.

City of St. Petersburg, Florida
Notes to the Financial Statements

Corporate Bonds	144,747,293	-	-	6,377,155	2
Blackrock Strategic Cash	120,027	-	-	-	3
Total Portfolio	<u>\$ 646,782,983</u>	<u>7,194,600</u>	<u>2,581,306</u>	<u>60,565,957</u>	
Total City General Investment Policy				<u>\$ 717,124,846</u>	
<u>City Alternate Investment Policy:</u>					
Water Cost Stabilization Index Funds				<u>\$ 32,536,830</u>	1
Parks Preservation Portfolio					
Common Stocks				5,909,619	1
Common Stocks				4,728,433	2
Mutual Fund - Equities				975,077	1
US Treasury				2,284,607	1
Money Market Mutual Fund				733,262	1
Corporate Bonds				3,850,058	2
Mutual Fund - Corporate Bonds				1,424,224	1
Total Parks Preservation Portfolio				<u>19,905,280</u>	
Other Alternative Portfolio's:					
U.S. Trust - Library Gene Stacy Investments Portfolio - Mutual Funds				106,277	1
Principal Bank Kopsick Endowment (Perm Fund) - Mutual Funds				<u>178,780</u>	1
Total - City Alternate Investment Policy				<u>52,727,167</u>	
Total Investments at Fair Value				<u>769,852,013</u>	
Accrued Interest Receivable (included in Equity in Pooled Investments)				4,349,466	
Total Investments, Primary Government and Component Unit				<u>\$ 774,201,479</u>	

The City's debt and equity securities classified as Level 1 are valued using prices quoted in active markets for those securities.

The City's debt securities classified as Level 2 are valued using either a bid evaluation or a matrix pricing technique. Bid evaluations may include market quotations, yields, maturities, call features and ratings. Matrix pricing is used to value securities based on the securities relationship to benchmark quoted prices. These securities have nonproprietary information that was readily available to market participants, from multiple independent sources, which are known to be actively involved in the market.

The City's debt securities classified as Level 3 are valued based on the custodian bank's external pricing vendors or an alternative pricing source, utilizing inputs such as stale prices, cash flow models, broker bids, or cost. Cost or book value may be used as an estimate of fair value when there is lack of an independent pricing source.

The investment ordinance and policy include governmental and trustee deposits controlled by the City and all custodial funds investments. The investment ordinance and policy shall not be

City of St. Petersburg, Florida

interpreted or construed to override any specific provision contained in any bond resolution of the City relating to the investment of bond proceeds.

E. CITY INVESTMENT RISK DISCLOSURES

Interest Rate Risk

Interest rate risk is the risk that as market rates change the fair value of an investment will vary. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in the market interest rate. The City's investment policy limits the maturity of an investment to a maximum of 12 months in the short term portfolio and maximum of 10 years with a weighted average maturity between 2 to 6 years for the core portfolio and the Water Cost Stabilization Portfolio, taking into consideration the City's investment risk constraints and cash flow requirements. The respective duration's were based on the securities maturity date, not the call date.

As of September 30, 2024, the City had the following fixed income investments with the corresponding duration by portfolio for City General Investment Policy and segmented time distribution based on remaining maturity for City Alternate Investment Policy.:

	Duration 0-1 Years	Duration 1-5 Years	Total Fair Value
<u>City General Investment Policy</u>			
Core Portfolio			
U.S. Treasury	\$ 40,747,780	\$ 173,137,170	\$ 213,884,950
U.S. Instrumentalities Bonds & Notes	64,111,503	145,229,765	209,341,268
Taxable Municipals	16,622,354	62,067,091	78,689,445
Corporate Bonds	27,295,465	117,451,828	144,747,293
Blackrock Strategic Cash	120,027	-	120,027
Total Core Portfolio	<u>148,897,129</u>	<u>497,885,854</u>	<u>646,782,983</u>
Debt Service Related Portfolio			
U.S. Instrumentalities Bonds & Notes	-	7,194,600	7,194,600
Total Debt Service Related Portfolio	<u>-</u>	<u>7,194,600</u>	<u>7,194,600</u>
Bond Proceeds Portfolio			
U.S. Treasury	2,581,306	-	2,581,306
Total Bond Proceeds Portfolio	<u>2,581,306</u>	<u>-</u>	<u>2,581,306</u>
Water Cost Stabilization Portfolio			
U.S. Treasury	12,386,650	21,534,769	33,921,419
U.S. Instrumentalities Bonds & Notes	-	13,145,608	13,145,608
Taxable Municipals	1,987,250	5,134,525	7,121,775
Corporate Bonds	1,977,100	4,400,055	6,377,155
Total Water Cost Stabilization Portfolio	<u>\$ 16,351,000</u>	<u>\$ 44,214,957</u>	<u>\$ 60,565,957</u>
Total General Investment Policy	<u>\$ 167,829,435</u>	<u>\$ 549,295,411</u>	<u>\$ 717,124,846</u>

The City's Core Portfolio's average years to maturity is 2.09 years and average coupon of bond holdings is 3.08% at par value weighted calculation. At fair value weighted calculation the portfolio has a 3.13% current yield of portfolio and 4.15% average yield to maturity.

City of St. Petersburg, Florida
Notes to the Financial Statements
September 30, 2024

NOTE 5 - DEPOSITS AND INVESTMENTS - (Continued)

The City's Bond Proceeds Portfolio's average years to maturity is 0.25 years and average coupon of bond holdings is 1.75% at par value weighted calculation. At fair value weighted calculation the portfolio has a 1.76% current yield of portfolio and 4.64% average yield to maturity.

The City's Water Cost Stabilization Portfolio's average years to maturity is 1.73 years and average coupon of bond holdings is 2.24% at par value weighted calculation. At fair value weighted calculation the portfolio has a 2.29% current yield of portfolio and 4.09% average yield to maturity.

The City's Debt Service Portfolio's average years to maturity is 2.6 years and average coupon of bond holdings is 4.75% at par value weighted calculation. At fair value weighted calculation the portfolio has a 4.62% current yield of portfolio and 3.62% average yield to maturity.

	Remaining Maturity 0-1 Years	Remaining Maturity 1-5 Years	Remaining Maturity 5-10 Years	Total Fair Value
<u>City Alternate Investment Policy</u>				
Parks Preservation Portfolio				
US Treasury	\$ 383,912	\$ 1,900,695	\$ -	\$ 2,284,607
Corporate Bonds	221,642	3,386,356	242,060	3,850,058
Total Alternate City Investment Policy	<u>\$ 605,554</u>	<u>5,287,051</u>	<u>242,060</u>	<u>\$ 6,134,665</u>

The City's Alternate Investment Portfolio's average years to maturity is 2.25 years and average coupon of bond holdings is 3.87% at par value weighted calculation. At fair value weighted calculation the portfolio has a 3.89% current yield of portfolio and 4.24% average yield to maturity.

Custodial Credit Risk

Custodial credit risk for investments is the risk that in the event of the failure of the counterparty, the City will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. U.S. Bank is the City's custodial bank for the City's General Investment Portfolio and Alternate Investment Portfolio and has certain sub-custodial relationships with counterparties.

The City's investments are either held by the City or by counterparties in the City's name; therefore the City's investments had no custodial credit risk at September 30, 2024.

Credit Risk (Credit Ratings)

The City's investment policy (the Policy), minimizes credit risk by restricting authorized investments to the highest ratings of at least one of the nationally recognized statistical rating organizations (NRSROs). Commercial paper and bankers acceptances must have the highest letter and numerical rating as provided for by at least one NRSRO. The credit ratings on the prior page were consistent among the three major rating agencies (Moody's, Standard and Poor's, and Fitch).

NOTE 5 – DEPOSITS AND INVESTMENTS – (Continued)

Concentration of Credit Risk (Percent of Portfolio)

The City's Policy establishes limitations on portfolio composition by investment type and by issuer to limit its exposure to concentration of credit risk. Without exception, the City's total investments with any one issuer cannot exceed 5% of the issuer's outstanding debt.

The City's Investment Policy (excluding the amounts covered under the Alternative Investment Policy) Policy includes the following diversification schedule:

- A maximum of 25% of the short term portfolio, bond proceeds, debt service and water cost stabilization portfolios may be invested in either the Local Governments Surplus Funds Trust Fund.
- A maximum of 25% of the short term portfolio and 100% of the bond proceeds and debt service portfolios may be invested in checking and savings accounts and other investment contracts.
- Each portfolio may invest a maximum of 30% in non-negotiable CD's and BIC's.
- A maximum of 20% of the short term portfolio and 5% of the bond proceeds and debt service portfolios may invest in repurchase agreements.
- A maximum of 100% of the short term, bond proceeds and debt service portfolios and 20% of the water cost stabilization portfolio may be invested in money market funds (government only).
- A maximum of 20% of the short term portfolio may be invested in bankers acceptances.
- A maximum of 100% of the total short term, core and water cost stabilization portfolio and 80% of the debt service and bond proceeds portfolios may be invested in U.S. Government Treasuries.
- A maximum 50% in the short term portfolio, 100% in the core portfolio and water cost stabilization portfolio and 80% in the debt service and bond proceeds portfolios may be invested in U.S. Government Agency securities and U.S. Federal Instrumentalities (GSE).
- There should be no more than 50% in step ups in the short term, core and water cost stabilization portfolios.
- A maximum 20% in the short term and water cost stabilization portfolios may be invested in agency mortgage backed securities and collateralized mortgage obligations. A maximum 30% in the core and water cost stabilization portfolios may be invested in corporate notes and bonds.
- Commercial paper is limited to 20% of each of the short-term and core portfolios. Certificates of deposit for the short term, core, debt service, and water cost stabilization portfolios are limited to 30% of each portfolio, respectively.
- A maximum of 10% of the short-term portfolio and 5% of the core portfolio may be invested in the Columbia Strategic Fund.
- A maximum 10% in the core portfolio and 20% in the water cost stabilization portfolios may be invested in corporate asset backed securities. The debt service and bond proceeds portfolios may invest in tax exempt municipal obligations as needed.
- A maximum of 30% of the core and water cost stabilization portfolios may be invested in taxable municipal obligations.

City of St. Petersburg, Florida
Notes to the Financial Statements
 September 30, 2024

NOTE 5 – DEPOSITS AND INVESTMENTS – (Continued)

- Guaranteed investment contracts (GICs) may be invested at a maximum of 30% in the core and water cost stabilization portfolio and 50% in the bond proceeds and debt service portfolios.

The internally managed funds in the alternative investment policy may be invested in equity index/ETF funds for thirty percent of the investable balance within the Water Cost Stabilization Fund. The Alternative Investment Policy also has externally managed funds where they are limited to the Parks Preservation Fund and the Environmental Preservation Fund where the corpus of the funds balance is intended by City Council to remain intact, whereas only the investment income is used for appropriations. Externally managed funds may be invested in 60% equity and 40% fixed income allocation, with further diversification limited by asset class ranges, and guided by targets within each asset class as defined within the City's Alternate Investment Policy. Amounts covered by the Alternative Investment Policy have asset class limits, ranges, and targets to achieve diversification to minimize concentration risk. Amounts covered by the Alternative Investment Policy are limited to specific funds approved through policy to minimize concentration risk.

At September 30, 2024, individual issuers that represent 5% or more of total financial instruments by reporting unit were as follows:

<u>Issuer</u>	<u>Investment Type</u>	<u>Investment %</u>
Federal Home Loan Bank	Agency Bond	11.18%

F. PENSION PLANS DEPOSITS AND INVESTMENTS FAIR VALUE MEASUREMENT

The City maintains the City of St. Petersburg Employee's Retirement System ("ERS"), the City of St. Petersburg Firefighters' Retirement System ("Fire") and the City of St. Petersburg Police Officers' Retirement System ("Police") as three separate single employer defined benefit retirement systems (collectively "the pension plans"). Each pension plan is maintained in a fiduciary pension fund at the City and have separate investment policies approved by their respective pension boards. Investment policies are detailed in footnote 18(C).

The City categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset.

Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. Investments that are measured at fair value using the net asset value per share (or its equivalent) as a practical expedient are not classified in the fair value hierarchy below. In instances where inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation.

City of St. Petersburg, Florida
Notes to the Financial Statements
September 30, 2024

NOTE 5 – DEPOSITS AND INVESTMENTS – (Continued)

The pension plans also have investments held through private investment trusts for which fair value is estimated through the NAV reported by the investment manager as a practical expedient to fair value. Such investments have not been categorized within the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of fiduciary net position.

The City's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset or liability. The pension plans have the following recurring fair value measurements as of September 30, 2024:

	Employees' Retirement System	Firefighters' Retirement System	Police Officers' Retirement System	Total	Level
Cash Equivalents					
Institutional money markets	\$ 7,675,805	2,382,962	11,211,391	\$ 21,270,158	1

(1) The private debt funds invest internationally in asset-based loans as well as direct lending to lower middle market companies. The emerging markets funds are commingled funds that invest primarily in international emerging market companies. The international markets funds are commingled funds that invest primarily in foreign small/mid blend and large growth equity. The real estate funds invest primarily in U.S. commercial real estate. The infrastructure funds invest primarily in global infrastructure. The private equity funds invest primarily in equity and equity-related securities ("co-investments") with significant equity appreciation potential. The core fixed income funds are commingled funds that invest primarily in fixed income instruments. The fair values of the investments in these types has been determined using the NAV per share (or its equivalent) of the Plan's ownership interest in partners' capital. Certain investments at NAV can not be redeemed with the funds. Distributions from each fund will be received as the underlying investments of the funds are liquidated.

NOTE 5 – DEPOSITS AND INVESTMENTS – (Continued)

G. PENSION PLANS INVESTMENT RISK DISCLOSURES

Custodial Risk

As of September 30, 2024, the pension plans had no deposits or investments with custodial risk. All investments held by the three pension plans are registered in the respective Plan's name. U.S. Bank is the City's custodial bank for the three pension plans and holds all plan investments except for some investments in limited partnerships and commingled funds that are held with the respective fund. MissionSquare Retirement is the third party administrator and trust for the DROP investments.

Interest Rate Risk (Weighted Average)

The investment policies for the pension plans do not place limits on investment maturities. The pension funds are exposed to the risk of fair value losses arising from increasing interest rates based on the weighted average of fixed income instruments.

As of September 30, 2024, the pension plans had the following fixed income investments with the corresponding effective duration by plan:

	Employees' Retirement System		Firefighters' Retirement System		Police Officers' Retirement System	
	Fair Value	Weighted Average (Years)	Fair Value	Weighted Average (Years)	Fair Value	Weighted Average (Years)
U.S. Treasury	\$ 52,556,407	6	7,390,870	14	\$ 40,122,025	4
U.S. Instrumentalities Bonds & Notes	22,389,104	9	18,161,903	27	39,725,903	18
Municipal Bonds	-		201,895	16	-	
Corporate Bonds	51,029,281	4	23,926,072	9	35,046,603	4
Total	<u>\$ 125,974,792</u>		<u>49,680,740</u>		<u>\$ 114,894,531</u>	

Credit Risk (Credit Rating)

The investment policies of the pension plans limit investments to the top four ratings of a nationally recognized rating agency.

As of September 30, 2024, the pension plans had the following fixed income investments with the corresponding credit ratings by plan:

	Credit Rating	Employees' Retirement System Market Value	Firefighters' Retirement System Market Value	Police Officers' Retirement System Market Value
<u>City Pension Investment Policy</u>				
U.S. Agencies securities	Aaa	\$ 18,803,783	16,299,938	\$ 38,097,071

Total City Pension Investment Policy		<u>\$ 69,833,065</u>	<u>40,427,905</u>	<u>\$ 73,143,674</u>

City of St. Petersburg, Florida
Notes to the Financial Statements
September 30, 2024

NOTE 5 – DEPOSITS AND INVESTMENTS – (Continued)

The pension plans investments in U.S. Treasuries or U.S. agencies that are backed by the U.S. Government were not included in the above table. The corporate bonds not rated by Moody's had the following S&P Ratings: Firefighters' Retirement System S&P AAA for \$1,163,953; Employees' Retirement System S&P A- for \$241,386.

Concentration of Credit Risk (Percent of Portfolio)

The investment policy of the Employees' Retirement System limits investment in any single issuer in the core fixed income portion of the portfolio, except for Treasury and Agency obligations, to 10%. The Firefighters' Retirement System limits investment in any single issuer to 5% of the total portfolio. The Police Officers' Retirement System limits investment in any single issuer to 10% of an individual manager's total fixed income portfolio. The Police Officers' Retirement System also limits investment in any single corporate issuer of equity securities to 10% of an individual manager's total equity portfolio and limits investment in any single corporate issuer of equity securities to 5% of the total portfolio..

At September 30, 2024, individual issuers that represent 5% or more of total financial instruments (other than investments issued or explicitly guaranteed by the U.S. Government and mutual funds) were as follows:

- In the Employees' Retirement System, the issuer Schrodgers held 9.4% of the investment portfolio in alternative international markets fund and alternative real estate funds.

Foreign Currency Risk

The Firefighters' Retirement System and Police Officers Retirement System respective investment policies permit investments of up to 25% of the total portfolio in foreign currency-denominated investments. .The pension plans do invest in foreign bonds and stocks but these investments are not denominated in a foreign currency.

Consent Order and Plan for the City's Public Utilities System:

Like many utilities throughout the country, the City is faced with maintaining its existing utility assets in a fit-for-purpose condition while balancing changing environmental conditions that have started to impact its infrastructure. The City experienced significant, sustained and heavy rainfall events in 2015 and 2016 that led to unauthorized discharges. The City entered into two Consent Orders with the Florida Department of Environmental Protection ("FDEP").

FDEP Consent Order (OGC File No. 16-1280) ("Consent Order No. 16-1280") is intended to improve the City's ability to handle wet weather events through mandatory construction of infrastructure improvements. In addition to the infrastructure improvements, the Consent Order required the City to develop a long-term Integrated Water Resources Master Plan ("IWRMP"), known as St. Pete's Water Plan. The Consent Order does not mandate a schedule for construction of projects resulting from St. Pete's Water Plan.

City of St. Petersburg, Florida
Notes to the Financial Statements
September 30, 2024

NOTE 8 - CAPITAL ASSETS - (Continued)

The City has completed all major projects associated with the Consent Order by the completion date of June 2024. The City has been working with FDEP on final paperwork to close out the Consent Order. While working on the closeout paperwork, the City was hit by three hurricanes within two months, resulting in sanitary sewer discharges. Because the Consent Order was not officially closed out at the time, the City was liable for fines as stipulated by the Consent Order. In lieu of paying the fines, the City was authorized by FDEP to complete in-kind improvement projects that were not part of the projects stipulated in the Consent Order. This has resulted in the final closeout paperwork being postponed until such time that the in-kind projects are completed. The City anticipates having these projects completed by December 2025, after which the City will complete the closeout paperwork with FDEP.

NOTE 10 - INTERFUND RECEIVABLES, PAYABLES, TRANSFERS, AND ADVANCES

The composition of due to/from other funds as of September 30, 2024, is as follows:

<u>Receivable Fund</u>	<u>Payable Fund</u>	<u>Amount</u>
General Fund	Nonmajor Governmental Funds	\$ 53,720
	Nonmajor Enterprise Funds	346,578
	Internal Service Funds	<u>1,000</u>
	Total	<u><u>\$ 401,298</u></u>

The purpose of interfund receivables and payables is to meet temporary cash flow requirements and timing between receiving and recognizing certain revenues including overdrafts related to equity in pooled cash and investments.

<u>Advances to Other Funds</u>	<u>Advances from Other Funds</u>	<u>Amount</u>
General Fund	Housing Capital Projects	\$ 5,980,000
	Airport	1,191,893
	Golf Course	<u>1,576,480</u>
	Total	<u><u>\$ 8,748,373</u></u>

The General Fund advanced monies to the Golf Course and the Airport in fiscal years 2013 to 2022 as part of the budget cleanup ordinance due to lower than expected revenues or for capital projects underway. The Airport advances have a scheduled repayment plan to be completed in fiscal year 2032 and the Golf Course advances are repaid with earnings as available; the Golf Course has been making repayments due to improved financial condition. The General Fund to Enterprise Funds advances are considered long term and are expected to be repaid through future earnings and scheduled repayments.

The General Fund is a group of funds together, and within the reporting fund the Economic Stability Fund advanced \$5,980,000 to the Housing Capital Project Fund for the Deuces Townhome and Commercial Development Project with a maturity date of October 1, 2027. Full repayment will be completed in fiscal year 2025.

The General Fund is a group of funds together, and within the reporting fund the Economic Stability Fund advanced \$4,340,000 to the new Affordable Housing Fund to start projects needed for the community. Future receipts are expected to the Affordable Housing Fund to repay the Economic Stability Fund and are interfund transactions eliminated from financial statement presentation.

City of St. Petersburg, Florida
Notes to the Financial Statements

*Local Option Sales Surtax Improvement

Bond covenants and City financial policies require the use of interfund transfers to move financial resources from funds legally designated to receive them to funds required to expend the resources. Business-type fund payments-in-lieu of taxes are also reported as interfund transfers to the General Fund.

City of St. Petersburg, Florida
Notes to the Financial Statements

NOTE 11 – LEASES

The primary objective of GASB Statement No. 87, *Leases* (GASB 87) is to enhance the relevance and consistency of information about governments' leasing activities. This statement establishes a single model for lease accounting based on the principle that leases are financings of the right to use an underlying asset. Under this Statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources. For additional information, refer to the disclosures below.

Lease Receivable

The City as lessor has entered into various non-cancelable lease agreements for the use of City hangers, land, buildings and parking structures. Most leases have initial terms of up to 5 years and contain renewals. Some leases were entered into as 99 year leased due to the nature of the use. As the interest rate implicit in the City's leases is not readily determinable, the City uses its incremental borrowing rate to discount the lease receipts. The only exclusion is one airport lease that had an explicit rate of 6.00%. The deferred inflow of resources is amortized straight line over the lease term. Many of the City's lease agreements as lessor includes a variable payment component and an example is a percentage of revenue variable rate for restaurants or marinas. Variable payments received during the year ended September 30, 2024 were \$1,962,514.

The future principal and interest lease payments to maturity (excluding variable payments) as of September 30, 2024, were as follows:

Fiscal Year	Governmental Activities		Total Payments
	Principal Payments	Interest Payments	
2025	\$ 472,463	76,342	\$ 548,805
2026	405,048	69,768	474,816
2027	214,001	64,780	278,781

2065 - 2069	993,359	35,182	1,028,541
	<u>\$ 12,719,807</u>	<u>3,789,119</u>	<u>\$ 16,508,926</u>

Lease receivable on the face of the financial statements included interest accrual of \$11,885 and \$32,149 for Governmental Activities and Business-Type Activities, respectively.

During the normal course of business the City enters into lease development agreements to stimulate economic development in the City or to stimulate the growth of affordable housing. As of September 30, 2024, the City does not have any active material lease development agreements that have commenced for financial statements purposes. The affordable housing lease development agreements do not meet the exchange transaction requirement of GASB 87 and are excluded from the financial statement lease accounting.

City of St. Petersburg, Florida
Notes to the Financial Statements
September 30, 2024

NOTE 11 – LEASES – (Continued)

Lease Payable

The City as lessee has entered into various non-cancelable leases for right-to-use lease assets. The value and accumulated amortization of the right-to-use assets are included within the capital asset footnote. Most leases have initial terms of up to 5 years. As the interest rate implicit in the City's leases is not readily determinable, the City uses its incremental borrowing rate to discount the lease payments. There are no variable payments or residual value guarantees in the City's lessee lease agreements.

The future principal and interest lease payments as of September 30, 2024, were as follows:

Governmental Activities			
Fiscal Year	Principal	Interest	Total
2025	\$ 154,475	2,361	\$ 156,836
2026	29,381	1,057	30,438
2027	8,686	752	9,438
2028	8,807	631	9,438
2029	8,930	508	9,438
2030-2033	27,544	771	28,315
	<u>\$ 237,823</u>	<u>6,080</u>	<u>\$ 243,903</u>

City of St. Petersburg, Florida
Notes to the Financial Statements
September 30, 2024

NOTE 12 – SUBSCRIPTIONS

Subscription Arrangements

The City has entered into various non-cancelable subscription-based information technology arrangements (SBITA). GASB Statement 96, *Subscription-Based Information Technology Arrangements (SBITA)* establishes a single model of subscription accounting based on the principle that subscriptions are financings of the right to use an underlying asset. Under this Statement, an organization is required to recognize a subscription liability and an intangible right-to-use subscription asset.

The City entered into SBITAs for the use of ESRI software, B2Gnow cloud based software, Node Zero software, Active-Net cloud based software, Comprise Smart Kiosks, Samsara software, public safety software and other related software products. As the interest rate implicit in the City's SBITA's is not readily determinable, the City uses its incremental borrowing rate to discount the principal payments. The incremental borrowing rate included in the calculation varies based on contract date and ranges from 0.2830% to 3.6310%. The value of the right-to-use assets with accumulated amortization is included in Note 8 - Capital Assets.

The governmental activities future principal and interest payments for SBITA liabilities as of September 30, 2024, were as follows:

<u>Fiscal Year</u>	<u>Principal Payments</u>	<u>Interest Payments</u>	<u>Total Payments</u>
2025	\$ 2,655,885	80,432	\$ 2,736,317
2026	1,244,591	52,974	1,297,565
2027	614,077	23,237	637,314
2028	447,702	10,352	458,054
	<u>\$ 4,962,255</u>	<u>166,995</u>	<u>\$ 5,129,250</u>

City of St. Petersburg, Florida

NOTE 13 - LONG-TERM OBLIGATIONS – (Continued)

For more information on the liquidation of governmental long term obligations such as bond payments, note payments, claims, pension obligations and other post-employment obligations in governmental funds see Note 1(8). Liabilities are liquidated based on the individuals employees or retirees fund and department of employment.

A. Debt Overview

The City of St. Petersburg issues revenue bonds and loan agreements for the purposes of acquiring or constructing capital assets or to refund previously issued debt in order to take advantage of favorable interest rate conditions. Revenue bonds are secured by specific revenue streams to be used to pay debt service. The City has no general obligation debt, which is debt that is secured by Ad Valorem Real Property Tax Revenues.

The authority resolutions for various revenue bonds and loan agreements of the City require deposits to restricted accounts throughout the fiscal year and the maintenance of required minimum balances to be on deposit in such accounts. At September 30, 2024, the City believes it is in compliance with these requirements.

Other than the debt service accounts, the City has no other assets pledged as collateral for outstanding debt related to governmental and business-type activities.

The City has no outstanding lines of credit as of the fiscal year ended September 30, 2024.

B. Summary of New Debt Issuances

In March 2024, the City executed a Public Utility Subordinate Lien Bond Anticipation Note, Series 2024 in the amount of \$53,000,000. The Public Utility Subordinate Lien Bond Anticipation Note, Series 2024 proceeds are being used to finance the acquisition, construction and erection of additions, improvements and extensions to the combined water, wastewater, reclaimed water and stormwater systems. The Public Utility Subordinate Lien Bond Anticipation Note, Series 2024 bears an interest rate of 4.240% and matures on November 1, 2025.

NOTE 13 - LONG-TERM OBLIGATIONS – (Continued)

C. Governmental Activities Bonds & Notes Payable Long-Term Obligations

At September 30, 2024, the Governmental Activities bonds and notes payable consisted of the following (in thousands of dollars):

Bonds Payable

<u>Issue</u>	<u>Closing Date</u>	<u>Maturity Date</u>	<u>Interest Rates</u>	<u>Original Issue Amount</u>	<u>Outstanding Amount 9/30/2024</u>
Series 2016 A Public Service Tax Revenue Bonds	3/23/2016	10/1/2031	3.000% - 4.000%	\$ 37,695	28,835
Series 2016 B Public Service Tax Revenue Bonds	3/23/2016	10/1/2031	2.125% - 5.000%	18,510	11,560
Total Bonds Payable				\$ 56,205	40,395
Plus: Unamortized Premiums and Discounts					1,139
Net Bonds Payable					<u>\$ 41,534</u>

Notes Payable

<u>Issue</u>	<u>Closing Date</u>	<u>Maturity Date</u>	<u>Interest Rates</u>	<u>Original Issue Amount</u>	<u>Outstanding Amount 9/30/2024</u>
Series 2017 E Taxable Non Ad Valorem Revenue Note	5/12/2017	12/1/2032	3.870%	\$ 2,570	1,712
Series 2020 Non-Ad Valorem Revenue Note	2/27/2020	12/1/2029	1.700%	25,000	15,850
Series 2021 A Taxable Non-Ad Valorem Refunding Revenue Note	3/25/2021	10/1/2025	0.932%	7,665	3,330
Total Notes Payable				\$ 35,235	20,892
Less: Direct Subsidy Payments (Note 1)					(252)
Net Notes Payable					<u>\$ 20,640</u>

Financed Purchase

<u>Issue</u>	<u>Closing Date</u>	<u>Maturity Date</u>	<u>Interest Rates</u>	<u>Original Issue Amount</u>	<u>Outstanding Amount 9/30/2024</u>
Series 2020 Financed Purchase Agreement	6/1/2020	12/1/2025	1.700%	\$ 6,146	2,075
Total Financed Purchase				\$ 6,146	\$ 2,075

Note 1: Anticipated Direct Subsidy Payments for the 2017E BOA Non-Ad Valorem Revenue Note. Outstanding amount to be received in FY 2024 is reduced by 5.70% sequestration while remaining years are not reduced

In Fiscal Year 2024, the City made the final principal payment for Key Government Finance Non-Ad Valorem Revenue Note, Series 2020A, therefore it is excluded from the outstanding debt summary.

City of St. Petersburg, Florida
Notes to the Financial Statements
September 30, 2024

NOTE 13 - LONG-TERM OBLIGATIONS – (Continued)

Debt Specific Disclosures

The City's outstanding notes from direct borrowings related to governmental activities of \$20.9 million contains provisions that (1) upon the continuance of a default event or acceleration of other outstanding debt repayment of outstanding amounts become immediately due and (2) in the event of a prepayment, in addition to the outstanding principal and interest, the City will incur a prepayment fee.

The City's outstanding equipment finance purchase agreement from direct borrowings related to governmental activities of \$2.1 million contains provisions that upon the continuance of a default event the debtor may declare (1) all remaining payments due during the fiscal year in effect when the default occurs to be immediately due and (2) request the equipment be promptly delivered to the debtor.

Annual Debt Service Requirements to Maturity

Debt Service requirements at September 30, 2024 were as follows (in thousands of dollars):

Year End	<u>Governmental Activities</u>				
	Revenue Bonds		Notes from Direct Borrowings		
	Principal	Interest	Principal	Interest	Subsidy (1)
2025	\$ 4,465	\$ 1,201	\$ 4,603	\$ 333	\$ (48)

NOTE 13 - LONG-TERM OBLIGATIONS – (Continued)

- In 2019, tax-exempt \$53,035,000 Series 2019A Public Utility Revenue Bonds were issued with maturities ranging from \$825,000 to \$3,355,000. The Series 2019 A Public Utility Revenue Bonds were publicly sold.
- In 2019, tax-exempt \$42,545,000 Series 2019B Public Utility Refunding Revenue Bonds were issued with maturities ranging from \$485,000 to \$14,055,000. The Series 2019B Public Utility Refunding Revenue Bonds were publicly sold.
- In 2021, taxable \$57,610,000 Series 2021B Taxable Public Utility Refunding Revenue Bonds were issued with maturities ranging from \$170,000 to \$8,440,000. The Series 2021B Taxable Public Utility Refunding Revenue Bonds were publicly sold.
- In 2022, tax-exempt \$40,035,000 Series 2022A Public Utility Refunding Revenue Bonds were issued with maturities ranging from \$175,000 to \$7,415,000. The Series 2022A Public Utility Refunding Revenue Bonds were bank placed with TD Bank.

The following bonds are repaid from the Water Resources Fund and Stormwater Fund:

- In 2016, tax-exempt \$49,755,000 Series 2016A Public Utility Refunding Revenue Bonds were issued with maturities ranging from \$925,000 to \$5,170,000. The Series 2016A Public Utility Refunding Revenue Bonds were bank placed with Bank of America.
- In 2021, tax-exempt \$71,995,000 Series 2021A Public Utility Revenue Bonds were issued with maturities ranging from \$1,595,000 to \$3,830,000. The Series 2021A Public Utility Revenue Bonds were publicly sold.
- In 2022, tax-exempt \$35,590,000 Series 2022B Public Utility Revenue Bonds were issued with maturities ranging from \$105,080 to \$1,827,054. The Series 2022 B Public Utility Revenue Bonds were publicly sold.

Public Utility State Revolving Fund Loans - Water Fund

Since 1998, the City has requested and received loans from the Florida Department of Environmental Protection (FDEP) under its State Revolving Fund (SRF) loan program. The loans represent direct grants from the U.S. Environmental Protection Agency. The City has entered into seven SRF agreements for wastewater facilities, five with the FDEP and two with the FL Water Pollution Control Financing Corporation. The City is required to make semi-annual principal and interest payments over twenty years beginning two years after the state loans approval. The State Revolving Fund Loans are subordinate to the Public Utility Revenue Bonds.

The City has one outstanding State Revolving Loan issue in the amount of \$52,688,613. In 2019, a tax-exempt \$52,688,613 Series 2019 State Revolving Loan Agreement was issued with maturities ranging from \$1,273,531 to \$1,362,626. The Series 2019 State Revolving Loan Agreement was bank placed with FDEP and is repaid from the Water Resources Debt Service Fund.

City of St. Petersburg, Florida
Notes to the Financial Statements
September 30, 2024

NOTE 13 - LONG-TERM OBLIGATIONS – (Continued)

The City's outstanding Public Utility State Revolving Fund Loans from direct placements related to business-type activities of \$41.1 million contain provisions where the lender may terminate the agreement if the City has not drawn any of the loan proceeds within 18 months of issuance and in the event of default the lender may (1) establish rates for the utility system, (2) require account for all funds related to pledged revenues, (3) appoint a receiver to manage the utility system and related revenues, or (4) accelerate the repayment schedule and increase interest.

Notes Payable

As of September 30, 2024 the following notes from direct borrowings are outstanding:

- In 2021, a taxable \$2,575,000 Series 2021B Taxable Non-Ad Valorem Refunding Revenue Note was issued with maturities ranging from \$15,000 to \$305,000. The Series 2021B Taxable Non-Ad Valorem Refunding Revenue Note was bank placed with PNC Bank and is repaid from the Marina Fund. The City's outstanding PNC Bank Non-ad Valorem Revenue Notes related to business-type activities of \$2.0 million contain a provision that in the event of default, the timing of repayment of outstanding amounts become immediately due if the City fails to make a payment, perform covenant provisions or defaults on any other outstanding debt.
- In 2022, a tax-exempt \$15,255,000 Series 2022 Non-Ad Valorem Revenue Note was issued with maturities ranging from \$805,000 to \$1,260,000. The Series 2022 Non-Ad Valorem Revenue Note was bank placed with Truist Bank and is repaid from the Sanitation Fund. The City's outstanding Truist Bank Non-ad Valorem Revenue Notes related to business-type activities of \$14.5 million contain a provision that in the event of default, the timing of repayment of outstanding amounts become immediately due if the City fails to make a payment, perform covenant provisions or defaults on any other outstanding debt.
- In 2024, a Tax-Exempt \$53,000,000 Series 2024 Public Utility Subordinate Lien Bond Anticipation Note was issued with maturities ranging from \$26,500,000 to \$26,500,000. The Series 2024 Public Utility Subordinate Lien Bond Anticipation Note was bank placed with Truist Bank and is repaid from the Stormwater Fund and Water Resources Fund. The City's outstanding Public Utility Subordinate Lien Bond Anticipation Notes related to business-type activities of \$53.0 million contain a provision that in the event of default, the timing of repayment of outstanding amounts become immediately due if the City fails to make a payment, perform covenant provisions or defaults on any other outstanding debt.

E. Contingent Liabilities

On December 21, 2007, the City entered into an agreement with The Young Men's Christian Association of Greater St. Petersburg, Florida, Inc. (YMCA). The agreement laid out the terms of a new construction project at the Child's Park Sports Complex. The YMCA agreed to build, operate and manage a new YMCA Community Center and the City desired to operate a branch of the City's library system and provide for a community meeting room/auditorium for the benefit and use by the citizens of St. Petersburg within the newly constructed complex. The City committed to contributing \$1,000,000 towards the construction.

City of St. Petersburg, Florida
Notes to the Financial Statements
September 30, 2024

NOTE 13 - LONG-TERM OBLIGATIONS – (Continued)

The building was completed in October 2008. Per the terms of the agreement, upon completion, the YMCA donated the building to the City and the City subsequently leased it back to the YMCA for \$30 for thirty years, with an extension option for another thirty years. (The building is included in Buildings and Systems under Governmental Activities in Note 8 – Capital Assets). In the event of early termination of the lease by the City or if the City refuses to grant a request for the new lease extension, the City shall reimburse the YMCA for the unamortized portion of its total project costs less the \$1,000,000 that the City has already contributed. This liability is contingent upon the City terminating the lease. The YMCA's portion of the cost (net of the \$1,000,000 paid by the City) of \$1,860,910 shall be amortized over a 50-year period, per the terms of the lease. The annual amortization of \$37,218 will be recognized as contribution revenue. During fiscal year 2024, \$37,218 was amortized and recognized as contribution revenue on the government wide financial statements leaving a balance of \$1,265,421 at September 30, 2024, which is included in summary of the long term obligations for Governmental Activities.

F. Deferred Outflows of Resources - Debt Refunding

At September 30, 2024 the City reported the following changes in deferred outflows of resources related to the deferred amounts on refunding for bonds.

	Governmental Activities	Business-Type Activities	Total
Balances, Beginning	\$ -	\$ 13,182,358	\$ 13,182,358

City of St. Petersburg, Florida
Notes to the Financial Statements
September 30, 2024

NOTE 14 – ARBITRAGE REBATE

In accordance with the Tax Reform Act of 1986, any interest earnings on borrowed construction funds in excess of the interest costs are required to be rebated to the federal government.

The City has an arbitrage rebate liability of \$215,000 included in the Due to Other Governmental Agencies in the Governmental Activities column of the Statement of Net Position related to JP Morgan Chase Non-Ad Valorem Revenue Note, Series 2020 as of September 30, 2024. Although the Gross Proceeds of the Note have accrued a liability during the Computation Period, no payment is due at this time. Payment for the accrued liability, if any, will be due no later than 60 days after the February 27, 2025 installment computation date.

Included in the Due to Other Governmental Agencies in the Business-Type Activities column of the Statement of Net Position as of September 30, 2024, the City has an arbitrage rebate liability of:

- \$1,100,000 related to Public Utility Revenue Bond, Series 2019A and 2019B. Payment for the accrued liability, if any, will be due no later than 60 days after the November 14, 2024 installment computation date.
- \$757,789 related to Public Utility Revenue Bonds, Series 2021A. Payment for the accrued liability, if any, will be due no later than 60 days after the October 1, 2025 installment computation date.
- \$230,595 related to Truist Bank Non-Ad Valorem Revenue Note, Series 2022. Payment for the accrued liability, if any, will be due no later than 60 days after the October 1, 2027 installment computation date.

NOTE 15 – CONDUIT DEBT OBLIGATION WITH LIMITED COMMITMENTS

The City has issued Private Activity Bonds to provide tax exempt borrowing to private-sector entities for the acquisition and construction of industrial, commercial and health facilities deemed to be in the public's interest. The bonds are secured by the property and the net operating revenues of the borrowing entity and are payable solely from these sources.

Upon repayment of the bonds, ownership of the acquired facilities is transferred to the private-sector entity served by the bond issuance. Neither the City, the State, nor any political subdivision therefore is obligated in any manner for repayment of the bonds. In addition, no commitments beyond the collateral, the payments from the private-sector entity, and maintenance of the tax-exempt status of the conduit debt were extended by the City for any of those bonds. Accordingly, the bonds are not reported as liabilities in the accompanying financial statements.

As of September 30, 2024, there were three series of Private Activity Bonds outstanding relating to health facilities that have been issued since June 2012, with original issue amounts of \$176.4 million. At September 30, 2024, the aggregate principal amount of all Outstanding Private Activity Bonds is \$115.9 million.

City of St. Petersburg, Florida
Notes to the Financial Statements
September 30, 2024

NOTE 16 – NET INTEREST EXPENSE ON DEBT

The computation of interest expense on debt in the Enterprise Funds, at September 30, 2024 is shown below:

	Water Resources	Stormwater	Sanitation	Non-Major Funds
Interest Paid on Debt	\$ 24,547,009	\$ 828,673	\$ 479,737	\$ 42,519
Less: Accrued Interest 9/30/23	(12,503,750)	(425,537)	(164,246)	(10,689)
Plus: Accrued Interest 9/30/24	13,177,003	599,942	155,578	9,434
Interest Expense on State Revolving Loan	157,257	-	-	-
Interest Expense on Leases	44	-	13	39
Interest Expense on General Fund Advance	-	-	-	53,130
Amortization of Deferred Gain/Loss on Bond Refunding	1,192,411	31,214	-	-
Net Interest Expense on Debt	<u>\$ 26,569,974</u>	<u>\$ 1,034,292</u>	<u>\$ 471,082</u>	<u>\$ 94,433</u>

The nonmajor funds includes interest expense on leases of \$9 for Marina, \$5 for Airport, \$5 for Port, \$5 for Golf Course, \$9 for Parking, \$2 for Coliseum, and \$4 for Sunken Gardens.

The Airport nonmajor enterprise fund paid \$53,130 in interest expense to the General Fund on their outstanding advance.

NOTE 17 – RESTRICTED ASSETS

The balances of the restricted asset accounts for debt service principal and interest, unexpended proceeds and naming rights in the business-type activities are as follows:

Revenue bonds current debt service amount - Public Utility System	\$ 6,595,056
State revolving notes debt service - Public Utility System	1,046,602
Revenue bonds and notes payable debt service reserve - Public Utility System	32,202,317
Revenue bonds and notes payable debt service reserve - Marina	284,434
Revenue bonds and notes payable debt service reserve - Sanitation	990,578
Debt proceeds for construction (unexpended) - Public Utility System	127,752,531
Debt proceeds for construction (unexpended) - Nonmajor Enterprise	-
Naming Rights - Pier	600,000
Total	<u>\$ 169,471,518</u>

The balances of the restricted asset accounts for debt service principal and interest and unexpended debt proceeds in the governmental activities is \$5,113,520 and \$1,106,452, respectively.

City of St. Petersburg, Florida
Notes to the Financial Statements
September 30, 2024

NOTE 18 – RISK MANAGEMENT

The City's self insurance programs are accounted for in the Insurance Internal Service Fund. The City is self-insured for the following types of risk exposures, which are limited by insurance coverage as noted. Settled liability, workers' compensation claims, and health insurance claims have not exceeded the self insured statutory limits in any of the past five years. The City has not made any claims under the City's property insurance policies in the past three years. The claims related to Hurricane Helene and Hurricane Milton were incurred and will be reported in FY2025. Please see the Subsequent Event Footnote.

General and Automotive Liability:

State statutes limit municipal liability associated with tort actions to \$200,000 per person and \$300,000 per occurrence (for occurrences after October 1, 2011) except under certain circumstances. The State Statute limited claims to \$100,000 per person and \$200,000 before October 1, 2011. The City obtained an actuarial valuation of the outstanding claims as of September 30, 2024.

Property Damage:

The City has established an account to fund the premium on the property insurance policies that cover City facilities on a blanket basis. The unrestricted net position of the Insurance Fund would be used to fund the damages under the insurance deductibles.

Workers' Compensation:

The City is self-insured for all Workers' Compensation benefits as defined by State Statute. The funding is provided by charges to the various departments of the City based on payroll and the workers' compensation rates as defined in the State classification codes. The Workers Compensation rates are charged by payroll class and claims. These are reviewed annually by the Bureau of Self Insurance, Division of Workers' Compensation, Department of Labor and Employment Security, State of Florida. Non incremental claims adjustment expenses are included as part of the liability for claims. Historically, the City self-administered its Workers' Compensation claims, and beginning May 2016 the City contracted with Commercial Risk Management, Inc. for third party administrative services. The City obtained an actuarial valuation of the outstanding claims as of September 30, 2024.

Group Medical:

The City was fully insured for group medical coverage through March 31, 2011. On April 1, 2011, the City contracted with United Health Care to administer the self-funded group medical insurance plan. The plan is funded by employee contributions and by City contributions and is maintained in the City's Insurance Internal Service Fund. The City contributions are allocated to the different funds of the City based on employee participation in the plan.

City of St. Petersburg, Florida
Notes to the Financial Statements
September 30, 2024

NOTE 18 – RISK MANAGEMENT - (Continued)

At September 30, 2024, the Health Insurance Fund had net position of \$14,083,708 (Health Insurance Fund included in the Insurance Internal Service Fund). Included as a liability of the fund at September 30, 2024 was incurred but not reported claims (IBNR) of \$4,800,000.

Life Insurance – Public Safety Officers:

Florida State Statutes require the employer of any public safety officer under 70 years of age, who, while on duty, is killed or injured resulting in death within 180 days of the injury, to pay a \$50,000 death benefit to the officer's designated beneficiary. In addition, through the collective bargaining agreement, the City has agreed to provide life insurance, at no cost to the employee, in an amount equal to annual base pay rounded to the nearest thousand dollars for officers, sergeants and lieutenants.

The City provides life insurance in the amount \$35,000 for fire captains and fire district chiefs. The City also provides a short term disability program for management employees as a supplement to the extended illness leave program. The City is self-insured for these liabilities.

Operating funds are charged premiums, based on risk for workers' compensation; employee participation for health and life insurance; loss experience for general and auto liability; and the premium portion of insured risks by the Insurance Internal Service Fund. The claim liabilities were determined by an actuarial valuation using a discount rate of 2.5% for September 30, 2024, 2023 and 2022. Non-incremental claims adjustment expenses are included as part of the liability for claims. Estimated claims liabilities for all self-insured risks are reported as accrued claims in the Insurance Fund which includes an estimate for incurred but not reported claims.

The incurred claims in the following reconciliation of claims liabilities includes prior years' estimated claims settled without payment and year-end adjustment to estimated claims liability.

	Health Insurance	Workers' Compensation	Auto & General Liability	Total
Balance 9/30/22	5,970,000	53,325,000	5,003,000	64,298,000
Paid Claims	(53,733,762)	(2,410,072)	(2,070,597)	(58,214,431)
Incurred Claims	52,763,762	3,202,072	3,033,597	58,999,431
Balance 9/30/23	\$ 5,000,000	\$ 54,117,000	\$ 5,966,000	\$ 65,083,000
Balance 9/30/23	5,000,000	54,117,000	5,966,000	65,083,000
Paid Claims	(61,687,826)	(1,637,871)	(2,405,400)	(65,731,097)
Incurred Claims	61,487,826	2,759,871	18,520,400	82,768,097
Balance 9/30/24	<u>\$ 4,800,000</u>	<u>\$ 55,239,000</u>	<u>\$ 22,081,000</u>	<u>\$ 82,120,000</u>

Current portion of claims liabilities were estimated at \$4,800,000 for Health Insurance, \$7,960,000 for Workers' Compensation and \$2,791,000 for Auto and General Liability as of September 30, 2024. Actuarial valuation of the claims liabilities were calculated as of September 30, 2022, 2023 and 2024, respectively.

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting. The pension plans are reported using the economic resources measurement focus and the accrual basis of accounting. For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position and additions to or deductions from fiduciary net position have been determined on the same basis as they are reported by the plans. Benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Revenues are recognized in the period in which they are earned and expenses are recognized in the period incurred.

City of St. Petersburg, Florida
Notes to the Financial Statements
September 30, 2024

NOTE 19 – EMPLOYEE DEFINED BENEFIT PENSION PLANS - (Continued)

Investments. For financial reporting, the pension plans' investments are reported at fair value. Corporate bonds, the shares of mutual funds, common and preferred stocks, and U.S. government securities are valued at the closing price reported on the active market on which the individual securities are traded. Alternative investments are valued at the net asset value ("NAV") of share held by the plan at year end. For actuarial valuation, the difference between the actual investment rate of return and the expected investment return each year is recognized over 5 years. In order to be used as valuation assets, the smoothed value must be within the range of 80% to 120% of market value.

Internal Loans. The pension plans do not allow participant loans.

Administrative Expenditures. The City incurs most of the administrative costs of the retirement systems in the General Fund, however, administrative costs which are charged to the retirement systems are funded from system contributions and earnings; they are also expended annually in the actuarial valuations.

B. DESCRIPTION OF THE PLANS

The City maintains the City of St. Petersburg Employees' Retirement System ("ERS"), the City of St. Petersburg Firefighters' Retirement System ("Fire") and the City of St. Petersburg Police Officers' Retirement System ("Police") as three separate single employer defined benefit retirement systems (collectively "the pension plans").

Each of the three pension plans has a prior plan and supplemental plan component. The prior plan component covers employees prior to January 1, 1964, for ERS and prior to October 1, 1970, for Police and Fire employees and does not include Social Security coverage.

The supplemental plan component of each pension plan provides for Social Security coverage after the previously noted dates. There are no active employees in the prior plans.

The pension plans cover full-time City employees and are maintained as Pension Trust Funds and reported on herein as part of the City's reporting entity; therefore the pension plans do not issue stand-alone financial reports.

Management employees and employees not covered by a collective bargaining agreement (effective 10/22/09) have the option of a defined contribution plan under ICMA Retirement Corporation in lieu of membership in ERS.

City of St. Petersburg, Florida
Notes to the Financial Statements
September 30, 2024

NOTE 19 – EMPLOYEE DEFINED BENEFIT PENSION PLANS - (Continued)

Plan Administration. Each pension plan has a board of trustees which administer the systems. The composition of the board of trustees is as follows:

- The ERS board consists of the City's Finance Director, the Mayor or his designee, two employee elected members who shall each serve a term of four years and one individual chosen by a majority of the previous four members for a four year term.
- The Fire board consists of two individuals who reside within City limits appointed by City Council for a period of four years, two employee elected members who each serve for a period of four years, and one individual chosen by a majority of the previous four members and appointed by City Council, acting in its ministerial capacity for a period of four years.
- The Police board consists of two individuals who reside within City limits appointed by City Council for a period of four years, one employee elected member who serves for a period of four years and a second employee elected member who serves for a period of six years, and one individual chosen by a majority of the previous four members and appointed by City Council, acting in its ministerial capacity for a period of four years.

City Ordinance is the establishing and amending authority for all the supplemental plans included in the three pension plans and the ERS prior plan. The Police and Fire prior plans establishing and amending authority is through Special State Act.

Plan Membership. The pension plans have the following classes and number of plan members as of the latest actuarial valuation date of 10/1/2023:

Number of Participants	Employees' Retirement System	Firefighters' Retirement System	Police Officers' Retirement System
Retirees and beneficiaries receiving benefits	1,508	457	698
Terminated plan participants entitled to but not yet receiving benefits	356	18	46
Active plan participants	1,732	310	536
Total	<u>3,596</u>	<u>785</u>	<u>1,280</u>

Benefits Provided. The authority under which benefit terms are established or may be amended is at the City Ordinance level for the supplemental plans included in the three retirement systems and the prior plan in ERS. The authority under which benefit terms are established or may be amended for the prior plans included in the Police and Fire plans is through Special State Act. The Fire and Police plans receive funds from the State pursuant to Chapters 175 and 185, Florida Statutes, respectively.

All pension plans provide retirement, disability and death benefits. Benefit provisions under the three pension plans are shown individually below.

City of St. Petersburg, Florida
Notes to the Financial Statements
September 30, 2024

NOTE 19 – EMPLOYEE DEFINED BENEFIT PENSION PLANS - (Continued)

Employees' Retirement System

Members age 60, or age 55 with 25 years of credited services, or age 50 with 30 years of credited service are eligible for normal retirement benefits. Normal retirement benefits for the members under the prior plan are average monthly salary (the highest five years during all years of credited service) times the sum of 2% times years of credited service prior to October 1, 1972 and 2.5% times years of credited service earned after October 1, 1972. Normal retirement benefits for the members under the supplemental plan are average monthly salary times a percentage derived as follows:

<u>Years of credited service during:</u>	<u>Percentage</u>
Before January 1, 1964	2.00%
January 1, 1964 to September 30, 1972	1.00%
October 1, 1972 to February 29, 1980	1.50%
March 1, 1980 to February 28, 1990	2.00%
March 1, 1990 to February 29, 2000	1.50%
March 1, 2000 and later	2.00%

Members that are totally and permanently service incurred disabled before normal retirement eligibility and approved by the pension board are entitled to disability benefits, reduced by amounts payable under worker's compensation. Service incurred disability benefits under the prior plan are 65% of average monthly salary. Service incurred disability benefits under the supplemental plan are the member's accrued pension benefit based on average monthly salary at the date of disability and credited service projected to age 65 (this benefit plus initial social security benefit cannot exceed covered salary at the date of disability, nor can it be less than 65% of average monthly salary). For non-service incurred disabilities, both the prior and supplemental plan provide benefits if the disability occurs after the member attains seven years of credited service. The non-service incurred disability benefit is greater of the member's accrued pension benefit at the date of disability or 30% of average monthly salary. The Employee's Retirement System provides death of disabled member benefits and pre-retirement death benefits under both the prior and supplemental plan.

A plan member who leaves City service may withdraw his or her accumulated contribution with interest of 3% plus, if employed on or before September 30, 1989, the specified employer contributions deposited on the member's behalf, without interest. If accumulated contributions are not withdrawn from the plan, the vested accrued benefit is payable to the member beginning at age 60 for life.

Benefit terms provide that a cost of living adjustment factor shall be applied to the current benefit of all eligible retirees and beneficiaries each year. Such adjustments shall not be greater than 2% for any retiree under the prior plan or 1.5% under the supplemental plan.

City of St. Petersburg, Florida
Notes to the Financial Statements
September 30, 2024

NOTE 19 – EMPLOYEE DEFINED BENEFIT PENSION PLANS - (Continued)

Firefighters' Retirement System

Members with 20 years of credited service under the prior plan and members at the earlier of 25 years of credited service, age 50 with 10 years of credit service, 20 years of credited service before reaching 50 (benefits commence at 50) or attaining age 55, under the supplemental plan are eligible for normal retirement benefits. Retirement benefits for the members under the prior plan are 50% of the highest pay step of the lowest rank held during the 3 previous years, plus 2% for each year of service in excess of 20 years (maximum amount of 60%). Retirement benefits for the members under the supplemental plan are 3% per year of credited service times average monthly salary (average monthly salary during highest 3 years of creditable service) effective January 1, 2004.

Members that are totally and permanently service incurred disabled before normal retirement eligibility are entitled to disability benefits. Service incurred disability benefits under the prior plan are 60% of the highest pay step of rank at the time of disability. Service incurred disability benefits under the supplemental plan are the greater of the member's accrued pension benefit at the date of disability or 60% of average monthly salary, reduced by certain amounts payable under workers' compensation. For non-service incurred disabilities under the prior plan the benefit is 2.5% of the prevailing wage rank held for each year of service, plus 7.5% for each child under 18; total not to exceed 50%. For non-service incurred disabilities under the supplemental plan the benefit is the greater of the member's accrued pension benefit at the date of disability or 25% of average monthly salary plus 7.5% of earnings base for each unmarried child under 18. The Firefighters' Retirement System also provides death of disabled member benefits and pre-retirement death benefits under both the prior and supplemental plan.

A member who leaves City service with less than ten years of credited service may withdraw his or her accumulated contributions without interest. If accumulated contributions are not withdrawn from the plan, the vested accrued benefit is payable to the member beginning at age 50.

In the supplemental plan, benefit terms provide that a cost of living adjustment factor shall be applied to members available only upon recommendation of the Mayor and approval of the City Council. In addition, members retired on or after October 1, 2008 who are at least 60 receive a 2% annual adjustment subject to availability of State premium tax reserve funding. In the prior plan, cost of living adjustments are in accordance with changes in compensation of rank held.

Police Officers' Retirement System

Members with 20 years of credited service under the prior plan and members at the earlier of 25 years of credited service or age 55 under the supplemental plan are eligible for normal retirement benefits. Retirement benefits for the members under the prior plan are 50% of the highest pay step of the lowest rank held during the 3 previous years, plus 2% for each year of service in excess of 20 years (maximum amount of 60%). Retirement benefits for the members under the supplemental plan are 3% per year of credited service

City of St. Petersburg, Florida
Notes to the Financial Statements
September 30, 2024

NOTE 19 – EMPLOYEE DEFINED BENEFIT PENSION PLANS - (Continued)

times earnings base (average monthly salary during last 3 years of creditable service) effective January 1, 2004.

Members in the supplemental plan age 50 with 10 years of credited service are eligible for early retirement benefits. Early retirement benefits are normal retirement benefits reduced 3% for each year prior to age 55.

Members that are totally and permanently service incurred disabled before normal retirement eligibility are entitled to disability benefits, reduced by amounts payable under workers' compensation. Service incurred disability benefits under the prior plan are 60% of the highest pay step of rank at the time of disability. Service incurred disability benefits under the supplemental plan are the greater of the member's accrued pension benefit at the date of disability or 60% of earnings base. For non-service incurred disabilities under the prior plan the benefit is 2.5% of the prevailing wage rank held for each year of service, plus 7.5% for each child under 18; total not to exceed 50%. For non-service incurred disabilities under the supplemental plan the benefit is the greater of the member's accrued pension benefit at the date of disability or 25% of earnings base, plus 7.5% of earnings base for each unmarried child under 18. The Police Officers' Retirement System provides death of disabled member benefits and pre-retirement death benefits under both the prior and supplemental plan.

A member who leaves City service with less than ten years of credited service may withdraw his or her accumulated contributions without interest. If accumulated contributions are not withdrawn from the plan, the vested accrued benefit is payable to the member beginning at age 55 for life. If the present value of the vested accrued benefit is less than \$5,000, the benefit will be distributed in a lump sum.

In the supplemental plan, benefit terms provide that a cost of living adjustment factor shall be applied to each pension where the member whose name the pension account was originally established has or would have attained aged 60 prior to October 1 each year. The cost of living adjustment will equal the annual percentage increase in the Consumer Price Index (CPI) for the preceding fiscal year (October 1 to September 30) or 2%, whichever is less. In the prior plan, cost of living adjustments are in accordance with changes in compensation of rank held.

Contributions. The State of Florida has established guidelines for state and local pension plan funding that requires submission to and approval of the local government's actuarial reports by a State Bureau, at least every third year. The City's pension plans, by policy, (1) require annual actuarial reports as of October 1 of each year, (2) receive employer contributions based on the actuarially determined requirement which includes funding from the State of Florida as required by Florida Statute and (3) use the same assumptions (see funding policy section) for determining the employer contribution required. The contribution revenues received from the State of Florida "on behalf" of the City's employees totaled \$3,012,353 and \$3,209,724 for the Firefighter's Retirement System and Police Officers' Retirement System, respectively. The "on behalf" contributions were recognized as state insurance fund contribution revenues in the current year. The total City payroll for the fiscal year ended September 30, 2024, is approximately \$286 million. The Firefighter's Retirement System and Police Officers' Retirement System require employee

City of St. Petersburg, Florida
Notes to the Financial Statements
September 30, 2024

NOTE 19 – EMPLOYEE DEFINED BENEFIT PENSION PLANS - (Continued)

contributions based on a percentage of covered payroll of 7% and 7% for the supplemental plans, respectively. Participants in the Employees' Retirement System supplemental plan contribute 2% of the employees covered payroll. Employee contribution rates are established and amended by the plans respective board.

For the year ended September 30, 2024, the City's average contribution rates as a percentage of covered payroll are as follows:

	Covered Payroll	Contribution	Average Contribution Rate
Employees' Retirement System	\$ 117,505,116	\$ 20,812,920	18%
Firefighters' Retirement System	28,819,725	6,390,552	22%
Police Officers' Retirement System	57,658,448	12,803,024	22%

C. INVESTMENTS

Investment Policies.

The pension plans investment policies are pursuant to Florida Statute 112.661.

Employees' Retirement System

The ERS policy in regards to the allocation of invested assets is established and amended by their respective Board of Trustees. The general investment objective is to obtain a reasonable total rate of return – defined as income plus realized and unrealized capital gains and losses – commensurate with the Prudent Man Rule of the Employee Retirement Income Security Act of 1974 (ERISA). Specifically, the investment objective is to earn a return over time exceeding the assumed actuarial rate (7.10% as of September 30, 2024). The investment managers may exercise full investment discretion within the prescribed investment policy guidelines. Significant provisions of the investment policy are as follows:

- Interest Rate Risk: Does not place limits on investment maturities.
- Credit Risk: Limits the majority of core fixed income investments, other than short-term paper, at purchase to investment grade as established by one or more of the nationally recognized bond rating services. Requires the average quality rating of each core fixed income manager's portfolio equal to A or better.
- Concentration Credit Risk: Limits investment in any single issuer of up to 10% of the equity portion of the portfolio. Except for U.S. Treasury and Agency obligations, the debt portion of the portfolio shall contain no more than 10% of a given issuer.
- Foreign Currency Risk: Does not place limits on foreign currency denominated investments.

City of St. Petersburg, Florida
Notes to the Financial Statements

NOTE 19 – EMPLOYEE DEFINED BENEFIT PENSION PLANS - (Continued)

The following was the Board’s adopted asset allocation policy as of September 30, 2024 by investment manager type:

Asset Class	Strategic Target	Tactical Range
Equity		
US Equity	38%	30% - 50%
Developed Non-US Equity	10%	5% - 15%
Emerging Market Equity	5%	0% - 10%
Fixed Income		
Core Fixed Income	20%	15% - 30%
Emerging Market Equity	4%	0% - 7%
Private Equity	5%	0% - 15%
Private Credit/Debt	5%	0% - 15%
Real Estate	10%	5% - 15%
Multi-Asset Class Solutions (MACS)	3%	0% - 5%
Hedge Funds & HFOF	0%	0% - 6%
Master Limited Partnerships	0%	0% - 6%
Total	100%	

The ERS Investment Policy was revised in September 2023 to include adherence with the applicable requirements of Chapter 2023-28, Laws of Florida, including Section 112.662. This law requires that only pecuniary factors may be considered when a public retirement plan makes investment decisions and the interests of the participants and beneficiaries of the plan may not be subordinated to other objectives, including sacrificing investment return or undertaking additional investment risk to promote any nonpecuniary factor. The law has additional requirements relating to proxy voting, reporting and filing, and contracting and external communication. The ERS Investment Policy was also revised for the Board to consider the use of passive investments (index funds) where appropriate in the implementation of asset allocation strategy.

Firefighters’ Retirement System

The Fire policy in regards to the allocation of invested assets is established and amended by their respective Board of Trustees. The general investment objective is to obtain a reasonable total rate of return - defined as interest and dividend income plus realized and unrealized capital gains or losses - commensurate with the Prudent Investor Rule and any other applicable resolutions and statutes. The specific objectives include an expectation that the total portfolio will rank in the top 50th percentile of the appropriate peer universe over three and five-year time periods on a relative basis and that the return of the total portfolio will equal or exceed the actuarial earning assumption, and provide inflation protection by meeting the Consumer Price Index plus 4.5%. The investment managers may exercise full investment discretion within the prescribed investment policy guidelines. Significant provisions of the investment policy are as follows:

- Interest Rate Risk: Limits the duration of the core fixed income portfolio to 135% of the duration of the market index.
- Credit Risk: Limits investments at purchase to a minimum rating of investment grade or higher as reported by a major credit rating service.

NOTE 19 – EMPLOYEE DEFINED BENEFIT PENSION PLANS - (Continued)

- **Concentration Credit Risk:** Limits investments in common stock, capital stock or convertible stock, at the time of purchase, to no more than 5% of the Plan's assets. Limits the aggregate investment in any one issuing company to less than 5% of the outstanding capital stock of the company. Limits investments in bonds issued by any single corporation to 5% of the total fund.
- **Foreign Currency Risk:** Permits investments of up to 25% of the total portfolio in foreign currency denominated investments.
- **Adherence with Section 175, Florida Statutes and Sections 112.661, Florida Statutes.**

The following was the Board's adopted asset allocation policy as of September 30, 2024 by investment manager type:

Asset Class	Target	Range	Benchmark Index
Equity			
Domestic Equity	38%	33% - 43%	Russell 3000
International Equity	12%	7% - 17%	MSCI AC World ex USA
Total Equities	50%	40% - 60%	
Fixed Income & Cash			
Domestic Core Fixed Income	15%	10% - 20%	Bloomberg Aggregate
Bank Loans	5%	0% - 10%	S&P/LSTA Leveraged Loan
Private Fixed Income*	5%	0% - 20%	S&P/LSTA Leveraged Loan + 3%
Cash Equivalents	0%	0% - 10%	90-day Treasury Bill
Total Fixed Income & Cash	25%	15% - 35%

Oppurtunistic/Other	0%	0% - 20%	Strategy Index
Total Oppurtunistic/Other	0%	0% - 20%	
Total Asset Classes	100%		

*Allocations/benchmarks will revert to domestic core fixed income if not funded

**Allocations/benchmarks will revert to domestic equity if not funded

The Fire Pension Board approved a new Investment Policy in March 2023 that expanded asset classes, changed target allocations and ranges as well as some benchmark indexes in the asset allocation policy. The Fixed Income asset class was expanded into Domestic Core Fixed Income, Bank Loans, and Private Fixed Income. Real Assets and Oppurtinistic/Other were added as asset classes. The Alternative asset class was removed with the new policy and instead, pooled funds which may include, but are not limited to, mutual funds, commingled funds, limited partnerships and exchange-traded funds, are classified based on the investment's objective.

City of St. Petersburg, Florida
Notes to the Financial Statements
September 30, 2024

NOTE 19 – EMPLOYEE DEFINED BENEFIT PENSION PLANS - (Continued)

The Fire Pension Investment Policy was revised in August 2023 to include adherence with Chapter 2023-28, Laws of Florida, including section 112.662, along with regulations adopted by the Department of Management Services. This law requires that only pecuniary factors may be considered when a public retirement plan makes investment decisions and the interests of the participants and beneficiaries of the plan may not be subordinated to other objectives, including sacrificing investment return or undertaking additional investment risk to promote any nonpecuniary factor. The law has additional requirements relating to proxy voting, reporting and filing, and contracting and external communication.

Police Officers' Retirement System

The Police policy in regards to the allocation of invested assets is established and amended by their respective Board of Trustees. The general investment objective is to preserve the purchasing power of the plan's assets and earn a reasonable rate of return (after inflation) over the long term while minimizing the short-term volatility results. Specifically, the investment objective is to earn an average annual rate of return over the long term which exceeds the Consumer Price Index by 4.5% and to earn a total rate of return over the longer term which exceeds the return of a Target Index (see Target Index below). Additionally, it is expected that the rate of return earned by the Fund will rank above average when compared to a representative universe of other, similarly managed portfolios. The investment managers may exercise full investment discretion within the prescribed investment policy guidelines.

Significant provisions of the investment policy are as follows:

- Interest Rate Risk: Does not place limits on investment maturities.
- Credit Risk: Limits investments in all corporate fixed income securities to those rated "A" or higher by Moody's or Standard & Poors rating service agencies.
- Concentration Credit Risk: Limits investment in any single issuer up to 10% each of the total equity and debt portions of the portfolio, respectively. There may not be more than 5% of the overall portfolio invested in the shares of a single corporate issuer. Investments in the shares of companies that have been publicly traded for less than one year are limited to no more than 15% of an investment manager's total equity portfolio.
- Foreign Currency Risk: Permits investments of up to 25% of the total portfolio in foreign currency denominated investments.
- Adherence with Section 185, Florida Statutes.

Total Traditional & Alternative		100.00%	

The Police Pension Investment Policy was revised in October 2023 to include adherence with Chapter 2023-28, Laws of Florida, including section 112.662. This law requires that only pecuniary factors may be considered when a public retirement plan makes investment decisions and the interests of the participants and beneficiaries of the plan may not be subordinated to other objectives, including sacrificing investment return or undertaking additional investment risk to promote any nonpecuniary factor. The law has additional requirements relating to proxy voting, reporting and filing, and contracting and external communication.

Investment Concentration. The pension plans on an individual plan basis did not hold investments (other than those issued or explicitly guaranteed by the U.S. government) in any one organization that represents 5 percent or more of the pension plan's fiduciary net position.

Money-Weighted Rate of Return. For the year ended September 30, 2024, the annual money-weighted rate of return on pension plan investments, net of pension plan investment expense, was 19.52%, 20.32% and 19.26% for the Employees' Retirement System, Firefighters' Retirement System and Police Officers' Retirement System, respectively. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

City of St. Petersburg, Florida
Notes to the Financial Statements
September 30, 2024

NOTE 19 – EMPLOYEE DEFINED BENEFIT PENSION PLANS - (Continued)

D. RESERVES

The City of St. Petersburg Police Officers' Retirement System and the City of St. Petersburg Firefighters' Retirement System receive annual contributions from the State of Florida under Florida Statutes Chapter 185 and 175, respectively. Accumulated State Premium Tax contributions in excess of the \$1,883,922 annual amount allowed to offset City contributions are held in reserve for future benefit improvements in Police Officers' Retirement System. Accumulated State Premium Tax contributions in excess of the \$1,210,916 annual amount allowed to offset City contributions are held in reserve for cost of living adjustments for supplemental plan members who retire after September 30, 2008 in Firefighters' Retirement System. As of September 30, 2024 the accumulated balance in the Police Officers' Retirement System and the Firefighters' Retirement System was \$3,558,632 and \$22,629,009, respectively.

E. DEFERRED RETIREMENT OPTION PLANS

When an employee in a defined benefit plan reaches retirement eligibility, all three plans offer a deferred retirement option plan (DROP). When an employee elects to enter a DROP, they continue working, but all pension contributions stop and the pension benefit earned begins accruing for that individual in a separate account. At termination of employment, the employee has an option of a lump sum payment or roll over into a tax deferred account.

The Employees' Retirement System, Police Officers' Retirement System and Firefighters' Retirement System DROP accounts which started in 2000, 2004, and 2007 respectively, are kept by a third party custodian International City Management Association Retirement Corporation, and are not included as pension fund liabilities.

At September 30, 2024, participants and amounts deferred in the DROP plans are as follows:

	<u>Participants</u>	<u>Custodial Assets</u>
Employees' Retirement System	103	\$ 16,686,498
Firefighters' Retirement System	35	\$ 22,792,901
Police Officers' Retirement System	26	\$ 23,870,145

City of St. Petersburg, Florida
Notes to the Financial Statements
September 30, 2024

NOTE 19 – EMPLOYEE DEFINED BENEFIT PENSION PLANS - (Continued)

F. PENSION PLAN REPORTING: NET PENSION (ASSET) LIABILITY

GAAP requires pension plans to include certain disclosures about the plan as well as the net pension liability in the notes to the financial statements. As the retirement systems do not issue separate financial statements, the required disclosures for pension plan reporting are found in this section of the notes to the financial statements and in the required supplementary information section.

The net pension (asset) liability is calculated as the total pension liability less the pension plans net fiduciary position. The total pension (asset) liability is the present value of pension benefits attributable to past service of the pension plans and the net fiduciary position is the resources currently available in the pension plans trusts to pay benefits.

Net Pension Liability Components

The components of the net pension (asset) liability by retirement system at September 30, 2024 were as follows:

	Employees’ Retirement System	Firefighters’ Retirement System	Police Officers’ Retirement System
Total pension liability	\$ 651,297,352	\$ 302,843,731	\$ 617,112,043
Plan fiduciary net position	(561,205,723)	(334,926,664)	(549,313,100)
Retirement Plan’s net pension (asset) liability	<u>\$ 90,091,629</u>	<u>\$ (32,082,933)</u>	<u>\$ 67,798,943</u>
Plan fiduciary net position as a percentage of the total pension (asset) liability	86.17%	110.59%	89.01%

Actuarial Assumptions

The total pension liability was determined based on a roll-forward of the entry-age normal liabilities from the October 1, 2023 actuarial valuation. The pension plans use the Entry Age Normal Actuarial Cost Method with a level percent closed amortization method. Under the Entry Age Normal Cost Method, an annual Normal Cost is determined for each covered active member which is the contribution required to provide all the projected pension benefits assuming this contribution is payable over a period ending on the date of retirement and expressed as a level percentage of compensation. Entry Age is the age nearest the employees’ birthday on the first of October following employment. The asset valuation method under all three pension plans is a four year phase in of investment gains and losses.

City of St. Petersburg, Florida
Notes to the Financial Statements
September 30, 2024

NOTE 19 – EMPLOYEE DEFINED BENEFIT PENSION PLANS - (Continued)

The total pension liability for each pension plan as of September 30, 2024 was determined based on a roll-forward of entry age normal liabilities from the October 1, 2023 actuarial valuation, using the following actuarial assumptions, applied to all periods included in the measurement:

	Employees’ Retirement System	Firefighters’ Retirement System	Police Officers’ Retirement System
Investment rate of return (net investment expenses)	7.10%	7.00%	7.25%
Inflation	2.25%	2.25%	2.25%
Salary increases	4.50% to 8.00%	4.00% to 9.00%	5.00% to 9.50%
Aggregate compensation increase annually	2.75%	2.00%	2.75%
Cost of living adjustments (prior plan)	2.00%	4.00%	4.00%
Cost of living adjustments (supplemental plan)	1.50%	0.0%	2.00%
Mortality Rate Table	Female (Non-Disabled): Pub-2010 Headcount Weighted General Below Median Employee Female, with MP-2018 generational Improvement Scale; Male (Non-Disabled): Pub-2010 Headcount Weighted General Below Median Employee Male, set back 1 year with MP-2018 generational Improvement Scale	Female (Non-Disabled): Pub-2010 Headcount Weighted Safety Employee Female, set forward 1 year with MP-2018 Mortality Improvement Scale; Male (Non-Disabled): Pub-2010 Headcount Weighted Safety Below Median Employee Male, set forward 1 year with MP-2018 Mortality Improvement Scale	Female (Non-Disabled): Pub-2010 Headcount Weighted Safety Employee Female, set forward 1 year with MP-2018 Mortality Improvement Scale; Male (Non-Disabled): Pub-2010 Headcount Weighted Safety Employee Male, set forward 1 year with MP-2018 Mortality Improvement Scale

Actuarial changes from the prior year:

Employees' Retirement System: The discount rate was changed from 7.15% to 7.10% to better reflect recent experience and anticipated future returns.

Firefighters' Retirement System: None.

Police Officers' Retirement System: None.

City of St. Petersburg, Florida
Notes to the Financial Statements
September 30, 2024

NOTE 19 – EMPLOYEE DEFINED BENEFIT PENSION PLANS - (Continued)

Long-term expected rate of return (Pension Plan Reporting)

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

Best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset allocation as of September 30, 2021 (see the discussion of the pension plan's investment policy) are summarized in the following table:

<u>Asset Class</u>	Long-Term Expected Real Rate of Return		
	Employees'	Firefighters'	Police Officers'
	Retirement System	Retirement System	Retirement System
US Large Cap Equity	5.87%	5.87%	5.87%
US Mid Cap Equity	6.35%	6.35%	6.35%
US Small Cap Equity	6.70%	6.70%	6.70%
International Equity	7.49%	7.49%	7.49%
US Government Bonds	1.85%	1.85%	1.85%
US IG Corporate Bonds	3.10%	3.10%	3.10%
Private Equity	9.67%	9.67%	9.67%
Real Estate	6.79%	6.79%	6.79%
Diversified Hedge Funds	4.49%	N/A	4.49%

City of St. Petersburg, Florida
Notes to the Financial Statements
September 30, 2024

NOTE 19 – EMPLOYEE DEFINED BENEFIT PENSION PLANS - (Continued)

Discount rate

The discount rate used to measure the total pension liability was 7.10% for ERS, 7.00% for Fire and 7.25% for Police. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that City contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the net pension (asset) liability to changes in the discount rate (Pension Plan Reporting)

The following presents the net pension (asset) liability of the pension plans, calculated using the current discount rate, as well as what the pension plan's net pension (asset) liability would be if it were calculated using a discount rate that is 1-percentage-point lower or 1-percentage point higher than the current rate:

	<u>1% Decrease</u>	<u>Current Discount Rate</u>	<u>1% Increase</u>
Employees' Retirement			
System net pension liability (asset)	\$ 168,108,407 6.10%	\$ 90,091,629 7.10%	\$ 24,711,072 8.10%
Firefighters' Retirement			
System net pension liability (asset)	\$ 1,972,088 6.00%	\$ (32,082,933) 7.00%	\$ (60,587,049) 8.00%
Police Officers' Retirement			
System net pension liability (asset)	\$ 145,306,259 6.25%	\$ 67,798,943 7.25%	\$ 3,628,698 8.25%

NOTE 19 – EMPLOYEE DEFINED BENEFIT PENSION PLANS - (Continued)

G. EMPLOYER (CITY) REPORTING: NET PENSION LIABILITY

The net pension liability disclosed below is the liability to the employer, the City of St. Petersburg, of the pension plans in accordance with GAAP. The net pension liability is calculated as the total pension liability less the pension plans' net fiduciary position. The total pension liability is the present value of pension benefits attributable to past service of the pension plans and the net fiduciary position is the resources currently available in the pension plans' trusts to pay benefits.

Net Pension (Asset) Liability Components (Employer Reporting)

The net pension (asset) liability of the retirement systems' recorded in the City's financial statements at September 30, 2024 is based on a measurement date of September 30, 2023 and the total pension liability as of September 30, 2023 was determined based on a roll-forward of the entry-age normal liabilities from the October 1, 2022 actuarial valuation (using below detail actuarial assumptions) applied to all periods included in the measurement. The net pension (asset) liability by retirement system recorded to the City's financial statements as of September 30, 2024 is as follows.

	Employees' Retirement System	Firefighters' Retirement System	Police Officers' Retirement System
Total pension liability	\$ 616,863,548	\$ 299,896,507	\$ 594,035,536
Plan fiduciary net position	<u>(477,905,926)</u>	<u>(289,337,057)</u>	<u>(473,100,016)</u>
Retirement Plan's net pension liability (asset)	<u>\$ 138,957,622</u>	<u>\$ 10,559,450</u>	<u>\$ 120,935,520</u>
Plan fiduciary net position as a percentage of the total pension liability	77.47%	96.48%	79.64%

Actuarial Assumptions (Employer Reporting)

The pension plans use the Entry Age Normal Actuarial Cost Method with a level percent closed amortization method. Under the Entry Age Normal Cost Method, an annual Normal Cost is determined for each covered active member, which is the contribution required to provide all the projected pension benefits assuming this contribution is payable over a period ending on the date of retirement and expressed as a level percentage of compensation. Entry Age is the age nearest the employees' birthday on the first of October following employment. The asset valuation method under all three pension plans is a four year phase in of investment gains and losses.

City of St. Petersburg, Florida
Notes to the Financial Statements
September 30, 2024

NOTE 19 – EMPLOYEE DEFINED BENEFIT PENSION PLANS - (Continued)

The total pension liability for each pension plan as of September 30, 2023 was determined based on a roll-forward of entry age normal liabilities from the October 1, 2022 actuarial valuation, using the following actuarial assumptions, applied to all periods included in the measurement:

	Employees' Retirement System	Firefighters' Retirement System	Police Officers' Retirement System
Investment rate of return (net investment expenses)	7.15%	7.00%	7.25%
Inflation	2.25%	2.25%	2.25%
Salary increases	4.50% to 8.00%	4.00% to 9.00%	5.00% to 9.50%
Aggregate compensation increase annually	2.10%	2.00%	2.75%
Cost of living adjustments (prior plan)	2.00%	4.00%	4.00%
Cost of living adjustments (supplemental plan)	1.50%	0.0%	2.00%
Mortality Rate Table	Female (Non-Disabled): Pub-2010 Headcount Weighted General Below Median Employee Female, set forward 1 year with MP-2018 generational improvement Scale;	Female (Non-Disabled): Pub-2010 Headcount Weighted Safety Employee Female, set forward 1 year with MP-2018 Mortality improvement Scale;	Female (Non-Disabled): Pub-2010 Headcount Weighted Safety Employee Female, set forward 1 year with MP-2018 Mortality improvement Scale;
	Male (Non-Disabled): Pub-2010 Headcount Weighted General Below Median Employee Male, set back 1 year with MP-2018 generational improvement Scale	Male (Non-Disabled): Pub-2010 Headcount Weighted Safety Employee Male, set forward 1 year with MP-2018 Mortality improvement Scale	Male (Non-Disabled): Pub-2010 Headcount Weighted Safety Employee Male, set forward 1 year with MP-2018 Mortality improvement Scale

Actuarial changes from the prior year:

Employees' Retirement System: The discount rate was changed from 7.20% to 7.15% to better reflect recent experience and anticipated future returns. The retirement and termination rates were updated based on the October 2022 experience study.

Firefighters' Retirement System: The annual pay increase assumptions have been changed based on recent plan experience. This change results in an increase in accrued liability and normal cost. The retirement and termination rates were updated based on the October 2022 experience study. This change results in a decrease in accrued liability and an increase in normal cost. The rates of withdrawal assumption have been changed based on recent plan experience. This change results in a decrease in accrued liability and normal cost. This valuation assumes an additional 2% per year adjustment to pay increases in fiscal years 2023, 2024, and 2025 due to the 2022 collective bargaining agreement and direction provided by the Board.

Police Officers' Retirement System: The rates of retirement, terminations and salary increases were updated based on the October 2022 experience study.

City of St. Petersburg, Florida
Notes to the Financial Statements
September 30, 2024

NOTE 19 – EMPLOYEE DEFINED BENEFIT PENSION PLANS - (Continued)

Changes in Net Pension Liability (Employer Reporting)

The detailed changes in the net pension liability for each of the three retirement systems in fiscal 2023 is as follows, based on actuarial date one year prior:

Employees' Retirement System			
Change in the Net Pension Liability	Total Pension Liability	Plan Fiduciary Net Position	Net Pension Asset (Liability)
Balances at September 30, 2023	\$ 579,934,373	\$ 444,694,902	\$ 135,239,471
Changes for the year:			
Service Cost	13,568,041	-	13,568,041
Interest	41,583,197	-	41,583,197
Differences between expected and actual experience	6,026,793	-	6,026,793

Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pension

For the year ended September 30, 2024, the City recognized pension expense related to the change in net pension liability and related components of \$23,892,800, \$6,521,707 and \$21,523,418 for the Employees' Retirement System, Firefighters' Retirement System and Police Officers' Retirement System, respectively.

At September 30, 2024, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the below sources for each pension plan.

	Deferred Outflow of Resources			
	Employees' Retirement System	Firefighters' Retirement System	Police Officers' Retirement	Total
Difference between expected and actual experience (2021)	\$ 1,878,073	\$ 851,233	\$ -	\$ 2,729,306

NOTE 19 – EMPLOYEE DEFINED BENEFIT PENSION PLANS - (Continued)

The deferred outflows of resources includes resources from City contributions to the plans subsequent to the measurement date and the difference between projected and actual investment earnings. The City contributions to the Plans subsequent to the measurement date, \$40,006,496, will be recognized as a reduction of the net pension liability in the fiscal year ending September 30, 2025. Other amounts reported as deferred outflows of resources related to the pension plans will be recognized in pension expense as follows:

Future Years' Recognition of Deferred Inflows and Outflows (Net)				
Fiscal Year	Employees' Retirement System	Firefighters' Retirement System	Police Officers' Retirement System	Total
9/30/2025	16,539,065	5,565,839	17,287,648	39,392,552
9/30/2026	15,315,084	5,327,864	13,633,353	34,276,301

9/30/2028	(188,141)	(2,692,855)	(4,974,078)	(7,855,074)
9/30/2029	-	-	-	-
Thereafter	-	-	-	-
	<u>\$ 55,055,908</u>	<u>\$ 20,900,868</u>	<u>\$ 44,400,581</u>	<u>\$ 120,357,357</u>

The Firefighters' Retirement System and Police Officers' Retirement System net pension liability, deferred inflows and outflows of resources and pension expense is allocated 100% to governmental activities in the government-wide financial statements. The Employees' Retirement System net pension liability, deferred inflows and outflows of resources and pension expense is allocated proportionately to governmental activities in the government-wide financial statements and the City's enterprise funds based on the City's allocation of the actuarially determined contribution.

City of St. Petersburg, Florida
Notes to the Financial Statements
September 30, 2024

NOTE 20 – DEFINED CONTRIBUTION PLAN

The City contributes to a defined contribution plan, the City of St. Petersburg 401(a) Plan ("Plan"), established by City Ordinance for exempt management employees and employees who have waived membership in the General Employees' Retirement System, of which 278 have so chosen at September 30, 2024. The plan is administered by MissionSquare Retirement. Plan participants fully vest upon eligibility to participate. The City contributes to the 401a plan account for participants at a rate which is approved by City Council. During the fiscal year ended September 30, 2024, the rate was 11% of pre-deferral salary. The total City contribution to the 401a plan was \$2,881,364 or 11% of covered payroll. For the fiscal year ended September 30, 2024, payroll covered by this plan was approximately \$26.19 million compared to the total City payroll of approximately \$287 million.

NOTE 21 – OTHER POST-EMPLOYMENT BENEFITS

A. SUPPLEMENTAL PAYMENTS LIABILITY FOR CERTAIN POLICE OFFICERS'

Background

Certain police officers who retired from March 2008 through February 2011 were paid benefits from the Police Officers' Retirement System (PORS) that exceeded the amount under the terms of the Retirement System due to inclusion of extra compensation in the determination of benefits. For certain retirees who have elected to participate, the City will continue to pay directly to the retiree an amount in excess of the corrected benefit payable under the PORS ("supplemental payments"). There are 50 members receiving supplemental payments, including 45 retired members, 3 disabled members, and 2 beneficiaries.

Liability

The City obtained an actuarial valuation for the liability as of September 30, 2024. The City's long term obligation as of September 30, 2024 associated with the supplemental payments for participating police officers is \$943,000, as reported in noncurrent liabilities on the Statement of Net Position.

Actuarial Assumptions

The liability is based on a discount rate of 4.06% and the mortality table used by the Florida Retirement System for individuals classified as special risk. The mortality table is the same table used for the October 1, 2023 actuarial valuation for the Police Officers Retirement System. The calculations were based on member census data provided by the City for the police officers receiving the supplemental payments.

B. POST-RETIREMENT HEALTH BENEFITS

Background

The City sponsors a single employer defined benefit "other post-employment benefit" (OPEB) plan to retirees who meet certain age and service requirements. No assets are accumulated in a trust. The City recognizes the cost of providing benefits by expensing monthly premiums, on a pay-as-you-go basis.

City of St. Petersburg, Florida
Notes to the Financial Statements
September 30, 2024

NOTE 21 – OTHER POST-EMPLOYMENT BENEFITS - (Continued)

Benefits Provided

Benefits are stipulated resolutions approved by City Council and through union agreements with the employees and any changes to the benefits must be addressed through union negotiations. Retirees who meet certain age and service requirements may elect coverage for themselves and dependents in one of three health plans: two preferred provider organizations (PPOs) and an exclusive provider organization (EPO). After age 65, retirees have the additional choice of two Medicare Advantage plans. The City currently pays an explicit subsidy equal to 75% of the blended (active and retired) rate for the lowest cost PPO (or the total premium, if less), plus the implicit subsidy equal to the difference between the actual retiree cost (ARC) and the blended rate. Beginning January 1, 2010, the maximum dollar amount of the explicit employer subsidy was frozen for employees who retire after 2009. These retirees will pay the full cost of any increases in the blended premium in excess of the frozen maximum subsidy.

All of the above benefit plans are provided through insurance companies or health maintenance organizations (HMO). Some health plan premiums are based on the benefits paid during the plan period ending March 31. The City offers vision, dental, and AD&D policies paid for entirely by active and retired employees.

Employees covered by benefit terms

At September 30, 2024 the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefit payments	1,327
Active Participants	<u>2,970</u>
	<u><u>4,297</u></u>

Total OPEB Liability

The City's total OPEB liability of \$195,040,480 was measured as of October 1, 2023 and was determined by an actuarial valuation as of that date.

Actuarial assumptions and other inputs

The total OPEB liability actuarial valuation date was October 1, 2023 with no adjustments to get to the October 1, 2023 measurement date. Liabilities as of October 1, 2023 are based on an actuarial valuation date of October 1, 2023. The valuation was determined using actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Salary Increases	8.00% to 4.00% for Fire Pension, 8.00% to 4.5% for Police Pension, ERS Pension and 401a Plan
Discount Rate	4.77% as of October 1, 2022 and 4.87% as of October 1, 2023
Cost Method	Entry Age Normal Level % of Salary
Healthcare Cost Trend Rates	8.00% decreasing to an ultimate rate of 4.50%

City of St. Petersburg, Florida
Notes to the Financial Statements
September 30, 2024

NOTE 21 – OTHER POST-EMPLOYMENT BENEFITS - (Continued)

The discount rate was based on a yield for 20 year tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher (or equivalent quality on another rating scale). The discount rate was 4.87% as of October 1, 2023 and 4.77% as of October 1, 2022 for accounting disclosures purposes.

The actuarial assumptions used in the valuation were based on the results of an actuarial experience study in 2017.

Changes in the total OPEB liability

	<u>Total OPEB Liability</u>
Balance at 9/30/2023	\$ 195,800,964
Changes for the year:	
Service Cost	3,765,461
Interest	9,353,488
Changes of benefit terms	-
Difference between expected and actual experience	(10,276,880)
Changes in assumptions or other inputs	3,432,447
Benefit payments	<u>(7,035,000)</u>
Net Changes	(760,484)
Balance at 9/30/2024	<u>\$ 195,040,480</u>

Sensitivity of the total OPEB liability to changes in the discount rate

The following presents the total OPEB liability of the City, as well as what the City's total OPEB liability would be if it were calculated using a discount rate that is 1 percentage point lower or 1 percentage point higher than the current discount rate:

	<u>1% Decrease</u>	<u>Discount Rate</u>	<u>1% Increase</u>
	3.87%	4.87%	5.87%
Total OPEB Liability	218,902,134	195,040,480	175,144,421

City of St. Petersburg, Florida
Notes to the Financial Statements
September 30, 2024

NOTE 21 – OTHER POST-EMPLOYMENT BENEFITS - (Continued)

Sensitivity of the total OPEB liability to changes in the healthcare cost trend rates

The following presents the total OPEB liability of the City, as well as what the City's total OPEB liability would be if it were calculated using healthcare cost trend rates that are 1 percentage point lower (6.00% decreasing to 3.50%) or 1 percentage points higher (8.00% decreasing to 5.50%) than the current healthcare cost trend rates:

	1% Decrease <i>Initial rate of 7.00% decreasing to an ultimate rate of 3.50%</i>	Healthcare Cost Trend Rate <i>Initial rate of 8.00%, decreasing to an ultimate rate of 4.50%</i>	1% Increase <i>Initial rate of 9.00%, decreasing to an ultimate rate of 5.50%</i>
Total OPEB Liability	182,483,209	195,040,480	210,593,396

OPEB Expense (Benefit) and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the year ended September 30, 2024, the City recognized a net OPEB expense of \$10,072,721. At September 30, 2024, the City reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 1,690,116	\$ (17,241,972)
Employer Contributions after the measurement date	7,100,000	-
Changes of assumptions or other inputs	17,367,188	(45,173,247)
	<u>\$ 26,157,304</u>	<u>\$ (62,415,219)</u>

Employer contributions included in deferred outflows of resources in the amount of \$7,100,000 will be recognized against OPEB expense in fiscal year 2025. Amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Year ended September 30,	Deferred Outflows of Resources	Deferred Inflows of Resources	Net
2025	\$ 9,588,243	\$ (16,072,992)	\$ (6,484,749)

2027	1,053,722	(14,282,778)	(13,229,056)
2028	490,350	(13,354,221)	(12,863,871)
2029	490,350	(1,468,126)	(977,776)
Thereafter	490,350	(1,468,128)	(977,778)
	<u>\$ 19,057,304</u>	<u>\$ (62,415,219)</u>	<u>\$ (43,357,915)</u>

City of St. Petersburg, Florida
Notes to the Financial Statements
September 30, 2024

NOTE 22 - TAX ABATEMENT

The City provides tax abatements under four programs: the Historical Preservation Ad Valorem Tax Exemption, the Affordable Multifamily Housing Development Program, the Economic Development Ad Valorem Tax Exemption Program, and the Qualified Target Industry Program.

- The Historical Preservation Ad Valorem Tax Exemption program is an abatement for up to ten years on increases in St. Petersburg and Pinellas County property taxes resulting from an approved renovation to a historic building. This is city and county program that exempts eligible property owners from an increase in city or county taxes resulting from an approved renovation for ten years. Available to individually listed historic properties or those contributing to a historic district, many of which are located in downtown St. Petersburg. Projects must expend in construction costs a sum at least 10% of the assessed taxable value of the property. Project must be reviewed and approved by the City of St. Petersburg prior to construction. City Council approves tax exemption after work is completed. The maximum incentive for a single family home is \$100,000 and \$1,000,000 for all others.
- The Affordable Multifamily Housing Development Program was passed by City Council Resolution 2016-48 as part of the South St. Petersburg CRA Redevelopment Program. The Affordable Multifamily Housing Development Program provides an annual property tax rebate for up to fifteen years on increases in ad valorem taxes for all applicable Pinellas County taxing authorities for developers of new and substantially renovated affordable multifamily housing in the CRA. The rebate, which must first be approved by the Agency and City Council, will be based on the increase in ad valorem taxes in the first year the completed project goes on the tax rolls. The maximum award is \$50,000 per project per year and both City and County Tax Increment Financing ("TIF") contributions will be used to fund the program. For the purposes of this program, "affordable housing" is defined as housing meeting the needs of households whose income is 80 percent or below the area median household income. The maximum income and rent levels for this program are based on those established by the Florida Housing Finance Corporation's SHIP Program.
- The Economic Development Ad Valorem Tax Exemption Program was passed by City Council Ordinance 51-H on October 18, 2012 to grant ad valorem tax exemptions (City only) to qualifying new businesses and expansions of existing business that create new full-time jobs in the City. The tax exemption for qualifying businesses will apply only to the new increment of the assessed St. Petersburg millage on improvements including tangible property. The annual overall program cap is \$1.5 million of exempted taxes and the individual project cap is \$100,000 of exempted taxes. The duration of the exemption is 5 years with the ability of City Council to approve a maximum of 10 years, allowed by the Florida Statutes, if a business meets the bonus criteria. A business is required to submit a notice of intent, notifying the City of its location or expansion plans, and desire to apply for the incentive prior to making application for a building permit. A business must file an exemption application with the City by February 1st in the year that the Pinellas County Property Appraiser will first assess ad valorem property taxes on the improvements.
- The State of Florida's Qualified Target Industry Program (QTI) is authorized by Section 288.106, Florida Statutes. This program provides an inducement for target industry to locate

City of St. Petersburg, Florida
Notes to the Financial Statements
 September 30, 2024

NOTE 22 - TAX ABATEMENT - (Continued)

new facilities in Florida or to expand existing facilities in Florida. The program provides tax refunds (corporate, insurance premium, sales/use, intangible personal property, emergency excise, excise taxes on documents, ad valorem) of \$3,000 per job. Greater awards are available to companies paying very high wages. To qualify for the QTI program, a company must create at least 10 new jobs (or a 10% increase for expanding Florida companies), pay an average of at least 115% of area wages, have a significant positive impact on the community and have local support. The City may request waiver of average wages requirement, if a project is located in a Brownfield area, but only if the merits of the project in relation to the community warrant such action. Funds may not be expended in connection with the relocation of a business from one community to another community in Florida unless Florida's Office of Tourism, Trade and Economic Development determines that without such relocation the business will move outside Florida or determines that the business has a compelling economic rationale for the relocation and that the relocation will create additional jobs. The business must file an application before the business has made the decision to locate a new business in this state or before the business had made the decision to expand an existing business in this state.

Information relevant to the disclosure of those programs for the fiscal year ended September 30, 2024 is as follows:

Tax Abatement Program	Amount of Taxes Abated during the Fiscal Year
Historical Preservation Ad Valorem Tax Exemption	\$ 25,261
Economic Development Ad Valorem Tax Exemption	\$ 17,447
Affordable Multifamily Housing Development Program	\$ -
Qualified Target Industry Program	\$ 23,250

NOTE 23 - CONTINGENCIES

The City is a defendant in various litigation incidental to its routine operations. In the opinion of the City Attorney, based upon the amount of damages alleged in the various cases and facts currently known, the potential liabilities in these cases will not materially affect the City's financial position. The City has established a general liability account within the Insurance Internal Service Fund and has reflected its best estimates of the present dollar value of such liabilities.

City of St. Petersburg, Florida
Notes to the Financial Statements
September 30, 2024

NOTE 24 - STATE AND FEDERAL GRANT COMMITMENTS

Grant monies received and disbursed by the City are for specific purposes and are subject to review by the grantor agencies. Such audits may result in requests for reimbursement due to disallowed expenditures. Based upon prior experience, the City does not believe that such disallowance, if any, would have a material effect on the financial position of the City.

As of September 30, 2024 the City had advance receipts from grantor agencies due to following new grant programs.

- The City has advance receipts from the U.S. Treasury Coronavirus Local Fiscal Recovery Fund of \$19,235,376 in the American Rescue Plan Act Special Revenue Fund.
- The City has advance receipts from the Florida Housing Finance Corporation of \$1,858,759 in the Local Housing Assistance Trust Special Revenue Fund.
- The City has advance receipts from the U.S. Treasury Emergency Rental Assistance Program 2 of \$2,371,457 in the Grants Special Revenue Fund.

NOTE 25 - POLLUTION REMEDIATION OBLIGATION

Pursuant to GASB Statement No. 49, Accounting and Financial Reporting for Pollution Remediation Obligations, the City is required to analyze known polluted sites to determine future component cost outlays, including estimation where required, for pollution remediation. At September 30, 2024 Pollution Remediation Obligation Liabilities totaled \$1,341,199.

Albert Whitted Airport Contamination exists in two areas due to historic discharges. The City applied and was accepted for the Petroleum Cleanup Participation Program. The scope of work contains site assessment and remediation efforts and/or conditional closure. The City does not anticipate any cost for remediation outside of internal personnel hours for project management.	N/A	N/A	Moderate	\$ -
1627 3rd Avenue South Contamination exists on-site due to historic uses of the site as a fueling station and auto maintenance shop. At this time the full scope of work for site assessment and remediation is not known. The timeline is unknown. Total costs for this project aren't known at this time. The extent of site cleanup will determine cost.	N/A	N/A	High	\$ -
2601 20th Avenue North Contamination exists on-site due to historic uses of the site as a fueling station for City vehicles. Timeline at this point is unknown. The City has a 25% cost share in the assessment and remediation of this site. The current scope of work only outlines the cost share for site assessment. The extent of contamination will determine the City's total cost.	6,199	Expected Cash Flow	High	\$ -
Southwest Water Reclamation Facility The site is under contract for assessment with the FDEP under the EDI program and is fully funded through the FDEP. The scope of work going forward consists of one sampling event, though if contamination is discovered the site will likely be recommended for 1 year of natural attenuation sampling. The site work is expected to be completed within 2 years. There will be associated costs of city staff for project management hours.	N/A	N/A	Moderate	\$ -
Tropicana Dome The City has submitted an application for the PCPP program with the FDEP for discharge located on the north side of the dome. The scope of work will include site assessment and remediation and/or conditional closure of the site. The full scope of the project is unknown at this time. At this point the timeline is unknown. The extent of contamination will determine total costs.	N/A	N/A	High	\$ -

City of St. Petersburg, Florida
Notes to the Financial Statements
September 30, 2024

NOTE 26 – SUBSEQUENT EVENT

In December 2024, the City issued Non-Ad Valorem Revenue Note, Series 2024 (“2024 Note”) for \$50 million at a fixed interest rate of 4.054%. The 2024 Note is a fully funded loan option with a 15 year amortization following an interest only period for 3 years and will finance the cost of hurricane related debris removal and hurricane related damage to City facilities.

The City continues to monitor for opportunities to refinance or refund existing long term debt as regulatory and market conditions permit.

Natural Disasters

The City is naturally susceptible to the effects of extreme weather events and natural disasters including floods, droughts, and hurricanes, which could result in negative economic impacts on coastal communities like the City. Such effects can be exacerbated by a longer-term shift in the climate over several decades (commonly referred to as climate change), including increasing global temperatures and rising sea levels.

On September 26, 2024, Hurricane Helene came on shore near Perry, Florida, which is approximately 210 miles from the City, as a Category 4 hurricane. Prior to landfall, the storm passed through the Gulf of Mexico approximately 100 miles west of the City, resulting in significant storm surge along the west coast of the State, including portions of the City. Emergency response and cleanup efforts remain underway and ongoing. The expected losses to City property during Hurricane Helene are \$18 million.

On October 9, 2024, Hurricane Milton came on shore near Siesta Key, Florida, which is approximately 55 miles from the City, as a Category 3 hurricane. The City received significant wind effects which resulted in damages to public facilities including Tropicana Field, the current home of the Tampa Bay Rays. Preliminary loss estimates for City facilities, include nearly \$50 million to Tropicana Field, and an estimated \$20 million to other City assets. The City and the Tampa Bay Rays are currently evaluating damage to the stadium.

The County, which includes the City, was declared a disaster area by state and federal authorities for both Hurricane Helene and Hurricane Milton. The City will seek assistance from the Federal Emergency Management Agency, as well as assistance from the State; with emergency response and cleanup efforts underway and ongoing.

While it is too early to estimate all final costs associated with Hurricane Helene and Hurricane Milton, the City is still evaluating the impacts, preliminary estimates are that any losses of City property and equipment will be within limits and sublimits of its external insurance program, with City exposure limited to related deductibles and co-insurance. The City expects external insurance to cover a portion of the expected losses for Hurricane Helene and Hurricane Milton, supplemented by Federal and State assistance. The City maintains in its General Property Insurance program a \$100 million combined maximum named windstorm and flood limit, with a 10% share of the first \$50 million of coverage from the City. Each insured location has a 5% named windstorm and 5% flood deductible subject to a \$1 million minimum program deductible for each cause of loss.

City of St. Petersburg, Florida
Notes to the Financial Statements
September 30, 2024

NOTE 26 – SUBSEQUENT EVENT - (Continued)

The City has an economic stability fund and equipment replacement funds which may be used for City-related disaster funding, as well as its accumulated fund balances to maintain City operations and help fund its recovery process.

The City is also evaluating damage to our Water Resource facilities. These properties are insured under the Water Resources Property Program. Similarly, this program has a 5% deductible at each affected location subject to a minimum program deductible of \$1 million on each cause of loss for named windstorm and flood. The City does not share in the risk of this program beyond deductibles.

The City estimated expenditures for total debris removal, emergency protective measures and permanent damage is approximately \$44 million for Hurricane Helene and \$203 million for Hurricane Milton. The debris removal and emergency protective measure costs that are approximately 54% of the total estimated expenditures of \$248 million are eligible for 100% federal reimbursement from FEMA; of which the City received \$37 million in advance funds subsequent to year end. Permanent damage to City facilities are eligible for 87.5% FEMA reimbursement (Federal and State) and insurance proceeds.

The long-term effects of the storms, including any additional capital resiliency funding that may be required, is not known at the time. However, the City does not expect that the financial impacts of Hurricane Helene and Hurricane Milton will have a material adverse impact on its financial position in the short term due to timing of cash inflows and cash outflows related to the storms.

Other Subsequent Events

During 2024 the City executed the agreement with the Tampa Bay Rays and Pinellas County to move forward with a new state-of-the-art ballpark for the Tampa Bay Rays Major League Baseball (MLB) team through a transformational development by the Hines Historic Gas Plant Partnership. As of the report date, the formal agreement was executed by all parties, the City and Pinellas County have approved bond financing for its portion of the agreement, and the municipal bonds have not yet been issued as they are pending the final contingencies due from the Tampa Bay Rays by March 31, 2025.

REQUIRED SUPPLEMENTARY INFORMATION

City of St Petersburg, Florida
Required Supplementary Information
September 30, 2024

The City presents the following schedules for each of the three pension plans:

Pension Plan Reporting:

- Schedule of Changes in the City's Net Pension Liability (Asset) and Related Ratios
- Schedule of Contributions
- Schedule of Investment Returns : Annual Money-Weighted Rate of Return, Net of Investment Expense

Employer (City) Reporting:

- Schedule of Changes in the City's Net Pension Liability (Asset) and Related Ratios
- Schedule of Contributions

The net pension liability (asset) of the pension plans recorded to the City's financial statements at September 30, 2024 is based on a measurement date of September 30, 2023 and the total pension liability (asset) measured as of September 30, 2023 was determined based on a roll-forward of the entry-age normal liabilities from the October 1, 2022 actuarial valuation. See Note 19 in the Notes to the Financial Statements for actuarial assumptions utilized.

Trend information gives an indication of the progress made in accumulating sufficient assets to pay benefits when due.

The City's actuarially determined contributions are based on a separate actuarial valuation report for funding purposes than for accounting. The City's actuarially determined contributions made to the pension plans in fiscal year 2024 was calculated as of October 1, 2022, two years prior to the year the contributions are reported. See the notes following the Schedule of Contributions for the actuarial assumptions utilized for funding purposes.

Employees' Retirement System
Schedule of Contributions

Actuarial Valuation	10/1/2022	10/1/2021	10/1/2020	10/1/2019	10/1/2018	10/1/2017	10/1/2016	10/1/2015	10/1/2014	10/1/2013

Total OPEB Liability - beginning	195,800,964	261,024,918	256,867,377	224,027,878	203,782,368	218,890,778	239,071,567
Total OPEB Liability - ending	<u>\$ 195,040,479</u>	<u>\$ 195,800,964</u>	<u>\$ 261,024,918</u>	<u>\$ 256,867,377</u>	<u>\$ 224,027,878</u>	<u>\$ 203,782,368</u>	<u>\$ 218,890,778</u>

No related ratios are available as pay-related benefits do not determine related benefits in the plan. There are no assets accumulated in a trust that meets the criteria to pay related benefits for the OPEB Plan. See notes to the financial statements for benefits and assumptions under the Plan.

COMBINING AND INDIVIDUAL FUND STATEMENTS AND SCHEDULES

City of St. Petersburg, Florida

Non-Major Governmental Funds

Special Revenue Funds

Special Revenue Funds are used to account for specific revenues that are restricted for a specific purpose.

Weeki Wachee - This fund is used to account for the proceeds of the sale of the City's property in Weeki Wachee Springs, Florida. The proceeds of the sale and earnings on the invested balance are to be used for parks, recreation, beautification, and preservation.

Professional Sports Facility Sales Tax - This fund is used to account for revenue from the State of Florida Sales or Use Tax and may be used for the public purpose for paying for the acquisition, construction, reconstruction, or renovation of a facility for a new professional sports franchise, or retaining a professional sports franchise.

Building Permit - This fund is used to account for the revenue generated from construction permits and the related operating and capital expenditures.

Local Law Enforcement Trust - This fund is used to account for revenue received under the Florida Contraband Forfeiture Statute and the Federal Equitable Sharing of Assets Forfeitures and is used for law enforcement purposes.

Emergency Medical Services - This fund is used to account for revenue received under a provider contract with Pinellas County for the provision of emergency medical care to the City and surrounding areas.

Local Housing Assistance Trust - This fund is used to account for revenue received under the State Housing Initiatives Partnership Program (SHIP) and is used for expenditures allowed under the program.

Community Housing Trust - This fund is used to account for revenue received under the Community Housing Trust Fund Program administered by Pinellas County, Florida and is used for expenditures allowed under the program.

School Crossing Guard Fund - This fund is used to account for revenue received under the Florida Disposition of Traffic Infractions Statue for that portion to be used to fund a school crossing guard program.

Police Grants Fund - This fund is used to account for revenue received under the Edward Byrne Memorial Justice Assistance Grant Program and is used for expenditures allowed under the program.

Police Officers Training Fund (Police Officers Training) - This fund is used to account for revenue received under the Florida Disposition of Traffic Infractions Statute for that portion to be used to fund police training programs.

City of St. Petersburg, Florida

Non-Major Governmental Funds

Special Revenue Funds (Continued)

American Rescue Plan Act - This fund is used to account for revenue received under the American Rescue Plan Act for expenditures allowed under the program.

Opioid Settlement Proceeds - This fund is used to account for revenue received from the Florida Opioid Allocation and Statewide Repsonse Agreement that are restricted for administrative and approved purposes to include treatment, prevention, harm reduction, and support for first responders related to opioids.

Donation Funds - This fund is used to account for the revenue received as donations by various citizens and organizations that are restricted to a specified purpose.

Debt Service Funds

Debt Service Funds are used to account for the accumulation of resources for, and the payment of, general long-term debt principal and interest.

Key Government Finance - This fund is used to account for principal and interest on the City's Key Government Finance Non-Ad Valorem Revenue Note Series 2020A used for various projects, including, but not limited to body worn cameras and associated support equipment, software, and storage.

JP Morgan Chase Revenue Notes - This fund is used to account for the principal and interest on the City's JP Morgan Chase Non-Ad Valorem Revenue Note Series 2020 which was used for capital projects including Main Library Improvements, Shore Acres Center Replacement, the 40th Avenue Bridge project, and Jamestown Apartment renovations.

Public Service Tax - This fund is used to account for principal and interest on the City's Public Service Tax Revenue Bonds 2016A and 2016B which were issued for construction of the Pier and Pier Approach.

TD Bank - This fund is used to account for principal and interest on the City's Non Ad Valorem Revenue Notes 2017C and 2017D which were issued for construction of the Police Headquarters and Training Facility.

Banc of America Leasing & Capital - This fund is used to account for principal and interest on the City's Taxable Non Ad Valorem Revenue Notes (QECB) Series 2017E which were issued for city facility solar panels.

PNC Debt Service - This fund is used to account for principal and interest on the City's Taxable Non-Ad Valorem Refunding Revenue Note, Series 2021A which was issued to refinance the City's outstanding Professional Sports Facility Sales Tax Refunding Revenue Bond, Series 2014 (Tropicana Field).

City of St. Petersburg, Florida

Non-Major Governmental Funds

Capital Projects Funds

Capital Project Funds are used to account for the acquisition and construction of major capital facilities other than those financed by proprietary and trust funds.

Housing Capital Improvement - This fund is used to account for the construction of housing projects and recycling of existing housing and is funded by general revenues.

General Capital Improvement - This fund is used to account for various construction of projects funded by general revenue transfers and Public Service Tax Revenue Bonds.

Transportation Improvement - This fund is used to account for various transportation related construction of projects funded by multimodal impact fees.

Downtown Parking - This fund is used to account for various downtown parking construction projects funded by general revenues and debt proceeds.

Weeki Wachee - This fund is used to account for various recreational projects funded by transfers from the Weeki Wachee special revenue fund.

Permanent Funds

Permanent funds are used to report resources that are legally restricted to the extent that only earnings, not principal, may be used for purposes that support the City's programs.

Gizella Kopsick Arboretum - Palms and Cycads (Kopsick Trust) - This fund is used to account for principal trust amounts received and related interest income. The interest portion of the trust is to be used to maintain the Kopsick Palm and Cycad Arboretum.

Fire Rescue and EMS Awards Trust - This fund is used to account for principal trust amounts received (and other amounts received by corporate and individual citizens) for the expressed purpose of providing the annual cash awards to one fire rescue and one emergency medical service employee chosen by an internal fire department committee.

Library Trust - This fund is used to account for principal trust amounts received and related interest income. The interest portion of the trust is to be used for library purposes.

Non-Major Enterprise Funds

Enterprise Funds account for operations that are financed and operated in a manner similar to private enterprise.

Airport - This fund is used to account for the operation of Albert Whitted Municipal Airport.

Port - This fund is used to account for the operation of the Port of St. Petersburg.

Marina - This fund is used to account for the operation of the St. Petersburg Municipal Marina.

Golf Course - This fund is used to account for the operation of Mangrove Bay, Cypress Links at Mangrove Bay, and Twin Brooks golf courses.

Jamestown Complex - This fund is used to account for rental housing units for lower and middle income residents.

Parking - This fund is used to account for the revenue collected from downtown parking and the related fines and is used for parking operations, improvements, and debt service.

Mahaffey Theater - This fund is used to account for the revenue generated by the Mahaffey Theater, general fund transfers and the related operating and capital expenditures.

Pier - This fund is used to account for the revenue generated by the Pier, general fund transfers and the related operating and capital expenditures.

Coliseum - This fund is used to account for the revenue generated by the Coliseum, general fund transfers and the related operating and capital expenditures.

Sunken Gardens - This fund is used to account for the revenue generated by the Sunken Gardens, general fund transfers and the related operating and capital expenditures.

Internal Service Funds

Internal Service Funds are used to account for the financing of goods or services provided by one department to other departments on a cost reimbursement basis.

Equipment Maintenance - This fund is used to account for vehicle and equipment maintenance, rental, and replacement.

Facilities Maintenance - This fund is used to account for the rental and maintenance of City Hall and other municipal office buildings.

Technology Services - This fund is used to account for central data processing, telephone systems and technology services.

Billing and Collections Services (Billing and Collections) - This fund is used to account for the billing and collection of utility accounts, occupational taxes, and special assessments. It also includes cashiering functions and collection of invoices.

Consolidated Inventory - This fund is used to account for inventory management and warehousing services.

Insurance Services ("Insurance") - This fund is used to account for insurance and risk management services for all funds.

III. STATISTICAL SECTION

City of St. Petersburg, Florida
Statistical Section
For the Year Ended September 30, 2024

The Statistical Section of the Annual Comprehensive Financial Report for the City of St. Petersburg is intended to provide financial statement users with additional historical perspective, context, and detail to assist in using information in the financial statements, notes to the financial statements, and required supplementary information to understand and assess the City's economic condition. This section includes statistics for the City (i.e., the primary government) only and does not include the City's discretely presented component unit.

The Statistical Section is unaudited and includes the following documents:

Financial Trends Information

These schedules contain trend information to help the reader understand how the City's financial performance and well-being have changed over time.

Revenue Capacity

These schedules contain information to help the reader assess the City's most significant local revenue source: the property tax.

Debt Capacity Information

These schedules contain trend information to help the reader understand the City's outstanding debt, legal capacity information and related debt service coverage ratios.

Demographic and Economic Information

These schedules offer demographic and economic indicators to help the reader understand the environment within which the City's financial activities take place.

Operating Information

These schedules contain service and infrastructure data to help the reader understand how the information in the City's financial report relates to the services the City provides and the activities it performs.

Sources:

Unless otherwise noted, the information in these schedules is derived from the annual comprehensive financial reports for the relevant year. Statement users will find footnotes on the face of the schedules to assist in understanding trends.

(1) Pinellas County Property Appraiser

(2) Does not include Pinellas County Property Appraiser value adjustments conducted and refunded in subsequent years, due to immateriality.

(3) Prior to fiscal year 2013 the delinquent taxes collected by the original tax year levied data was not available. As such all delinquent tax collections received during the year were applied to the year prior to collection, regardless of the year in which the taxes were originally levied. Since fiscal years 2013 and 2014 delinquent tax collections have been applied to the year in which they were originally levied. Consequently, the percentage of levy in total collections to date may be greater than 100% for years prior to fiscal year 2013.

2024	267,031	11,559,505	43,289	43.1	3.3

(1) US Census Bureau and Bureau of Labor Statistics

(2) City population updated per the UF Bureau of Economic and Business Research (BEBR) for all years. BEBR estimates were "reset" based on the 2020 Census figures. BEBR uses the decennial census as their baseline estimate and then uses utility hookups and real estate data to update their estimates annually. The census year usually has a significant impact on those numbers. As a result, the population estimate decreased between the BEBR 2019 figure and the Census 2020 estimate.

**Report of Independent Auditor on Internal Control over Financial Reporting and on
Compliance and Other Matters Based on an Audit of Financial Statements Performed
in Accordance with Government Auditing Standards**

To the Honorable Mayor and Members of City Council
City of St. Petersburg, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of St. Petersburg, Florida (the “City”) as of and for the year ended September 30, 2024, and the related notes to the financial statements, which collectively comprise the City’s basic financial statements, and have issued our report thereon dated February 28, 2025.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City’s internal control over financial reporting (“internal control”) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City’s internal control. Accordingly, we do not express an opinion on the effectiveness of the City’s internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements, on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity’s financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We identified a certain deficiency in internal control, described in the accompanying schedule of findings and responses as item 2024-001 that we consider to be a significant deficiency.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City’s financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

The City's Response to the Finding

Government Auditing Standards requires the auditor to perform limited procedures on the City's response to the findings identified in our audit and described in the accompanying schedule of findings and responses. The City's response was not subjected to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the response.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Cherry Bekaert LLP

Tampa, Florida
February 28, 2025

**Report of Independent Auditor on Compliance for Each Major Program and on
Internal Control over Compliance required by the Uniform Grant Guidance
and Chapter 10.550, Rules of the Auditor General of the State of Florida**

To the Honorable Mayor and Members of City Council
City of St. Petersburg, Florida

Report on Compliance for Each Major Federal Program and State Financial Assistance Project

Opinion on Each Major Federal Program and State Financial Assistance Project

We have audited the City of St. Petersburg, Florida's (the "City") compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* and the requirements described in the state of Florida Department of Financial Services *State Projects Compliance Supplement* that could have a direct and material effect on each of City's major federal programs and state financial assistance projects for the year ended September 30, 2024. The City's major federal programs and state financial assistance projects are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the City complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs and state financial assistance projects for the year ended September 30, 2024.

Basis for Opinion on Each Major Federal Program and State Financial Assistance Project

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* ("Uniform Guidance") and Chapter 10.550, Rules of the Auditor General ("Chapter 10.550"). Our responsibilities under those standards, the Uniform Guidance and Chapter 10.550 are further described in the *Auditor's Responsibilities for the Audit of Compliance* section of our report.

We are required to be independent of the City and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program and state project. Our audit does not provide a legal determination of the City's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the City's federal programs and state projects.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the City's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, the Uniform Guidance and Chapter 10.550 will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the City's compliance with the requirements of each major federal program and state project as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, the Uniform Guidance, and Chapter 10.550, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the City's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the City's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance and Chapter 10.550, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Other Matters

The results of our auditing procedures disclosed an instance of noncompliance which is required to be reported in accordance with the Uniform Guidance and which is described in the accompanying schedule of findings and questioned costs as item 2024-002. Our opinion on each major federal program and state project is not modified with respect to these matters.

Government Auditing Standards requires the auditor to perform limited procedures on the City's response to the noncompliance findings identified in our compliance audit described in the accompanying schedule of findings and questioned costs. The City's response was not subjected to the other auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

Report on Internal Control over Compliance

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program and state financial assistance program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program and state financial assistance program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program and state financial assistance program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the *Auditor's Responsibilities for the Audit of Compliance* section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance and Chapter 10.550. Accordingly, this report is not suitable for any other purpose.

City of St. Petersburg, Florida
Notes to the Schedule of Expenditures of Federal Awards and State Financial Assistance
Year Ended September 30, 2024

NOTE 1 - GENERAL

The accompanying Schedule of Expenditures of Federal Awards and State Financial Assistance presents the activity of all federal awards and state financial assistance of the City of St. Petersburg, Florida (the "City"). The reporting entity is defined in Note 1 to the City's basic financial statements for the year ended September 30, 2024.

NOTE 2 - BASIS OF ACCOUNTING

The accompanying Schedule of Expenditures of Federal Awards and State Financial Assistance is presented using the modified accrual basis of accounting, which is described in Note 1 to the City's basic financial statement for the year ended September 30, 2024. The City elected not to use the 10% de minimis cost rate for indirect costs.

NOTE 3 - PROGRAM INCOME

Program income from the Community Development Block, HOME Investment in Affordable Housing, Neighborhood Stabilization and State Housing Initiatives Partnership grants is generated from multiple grant years, including previously closed grant years. The City has elected to show program income expenditures separately from the individual grant year expenditures listed on the Schedule of Expenditures of Federal Awards and State Financial Assistance.

NOTE 4 - LOANS OUTSTANDING

The City of St. Petersburg, Florida had the following loan receivables balances outstanding at September 30, 2024

PROGRAM TITLE	Assistance Listing Number /CSFA	TOTAL
US Dept of Housing and Urban Development		
Community Development Block Grant	14.218	\$ 104,972

Federal	\$ 752,439
State	\$ 750,000

Auditee qualified as low-risk auditee X yes no

Part II – Findings Related to the Audit of the Basic Financial Statements of the City

This section identifies the significant deficiencies, material weaknesses, fraud, illegal acts, violations of provisions of contracts and grant agreements, and abuse related to the financial statements that required to be reported in accordance with *Government Auditing Standards*.

2024-001 – Significant Deficiency – Financial Reporting Process

Criteria: The City is responsible for establishing and maintaining internal controls over its financial reporting including the timely and accurate closing of the financial reporting process at year-end. This includes Information Technology General Controls that govern how the City’s IT systems operate and Information Technology Application Controls that govern controls over the inputs and processing of individual applications. A sound financial reporting and close process ensures proper recording of revenues and expenses in the proper fiscal year in accordance with accounting principles generally accepted in the United States of America (“U.S. GAAP”).

Condition: When vendors submit invoices to the City’s AP email, there is a series of software packages and components that are integrated to electronically introduce the invoice into the payables system, Oracle EBS ERP system. The City’s AP Automation system relies on integration of these various components as well as approval workflows. The AP automation system utilizes multiple tools that reside outside of the Oracle EBS ERP system, creating a risk of a data transfer error.

Cause: An invoice was entered into the AP automation software from the AP email inbox; however, the invoice was not recorded in the accounting system.

Effect: The Sanitation Fund supplies, services and claims expense and due to other governmental agencies liability are understated by \$1,011,133 as of September 30, 2024.

Recommendation: The City should review the integration of the AP Automation system with the Oracle EBS ERP system and seek to reduce or eliminate the risk of data transfer error.

Management’s Response: See the Corrective Action Plan.

CITY OF ST. PETERSBURG, FLORIDA
SCHEDULE OF FINDINGS AND QUESTIONED COSTS –
FEDERAL AWARDS PROGRAMS AND STATE FINANCIAL ASSISTANCE PROJECTS
(CONTINUED)

YEAR ENDED SEPTEMBER 30, 2024

Part III – Findings and Questioned Costs Related to the Audit of Federal Awards Programs and State Financial Assistance Projects

This section identifies the significant deficiencies, material weaknesses, and material instances of noncompliance, including questioned costs, as well as any material abuse findings, related to the audit of major federal programs and state financial assistance projects, as required to be reported by 2 CFR 200.516(a) and Chapter 10.550, Rules of the Auditor General.

There was one finding required to be reported in accordance with 2 CFR 200.516(a) and Chapter 10.550, Rules of the Auditor General.

Finding 2024-002

U.S. Department of Housing and Urban Development

Assistance Listing Number 14.239

Program Name: Home Investment Partnership Program

Other Control Deficiency – Special Tests and Provisions – Housing Quality Standards

Criteria:

In accordance with Section 200.303 of the Uniform Grant Guidance, a non-federal entity must establish and maintain effective internal control over the Federal award that provides reasonable assurance that the non-federal entity is managing the Federal award in compliance with Federal statutes, regulations, and the terms and conditions of the Federal award.

Condition:

The City did not complete all of the required housing quality inspections timely or annually as required by grant guidelines.

Effect:

The City was not able to ensure that proper housing quality standards are being met.

Cause:

The City's Community and Housing Development department did not have a proper system in place to ensure that housing inspections are performed as scheduled, regardless of whether employees are absent or transitioning.

Recommendation:

We recommend the City include cross-training in their system of tracking and documenting housing quality inspection, so that more than one staff member can perform the required inspections to ensure that inspections and needed repairs are performed on a timely basis.

Views of Responsible Officials:

Management agrees with the finding.

Part IV – Summary of Prior Audit Findings

A schedule of prior year audit findings is not necessary since there were no prior year audit findings.

City of St. Petersburg, Florida
Correction Action Plan
Year Ended September 30, 2024

Finding Reference Number: 2024-001

Corrective Action:

In the short term, the City Finance Department is collaborating with the Department of Technology Systems to develop system reports aimed at detecting and identifying issues.

In the long term, the City is preparing a request for proposal (RFP) to replace its enterprise resource planning (ERP) system. The RFP process and Statement of Work requirements mandate the inclusion of a state-of-the-art integrated accounts payable automation system. The City anticipates leveraging advanced technology in the new ERP to replace the current aging system.

Name of Contact Person:

Erika Langhans, Chief Financial Officer

Projected Completion Date:

The City expects additional system reporting by the fiscal year ending September 30, 2025, with a thirty-six month timeframe for the ERP upgrade.

Independent Auditor's Management Letter

To the Honorable Mayor and Members of City Council
City of St. Petersburg, Florida

Report on the Financial Statements

We have audited the financial statements of the City of St. Petersburg, Florida (the "City"), as of and for the fiscal year ended September 30, 2024, and have issued our report thereon dated February 28, 2025.

Auditor's Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements of Federal Awards* (the "Uniform Guidance"), and Chapter 10.550, Rules of the Auditor General.

Other Reporting Requirements

We have issued our Report of Independent Auditor on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*; Report of Independent Auditor on Compliance for Each Major Program and on Internal Control over Compliance Required by the Uniform Guidance and Chapter 10.550, Rules of the Auditor General of the State of Florida; Schedule of Findings and Questioned Costs; and Report of Independent Accountant on Compliance with Local Government Investment Policies, regarding compliance in accordance with Chapter 10.550, Rules of the Auditor General. Disclosure in those reports and schedule, which are dated February 28, 2025, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. There were no findings and recommendations made in the preceding annual financial audit report.

Official Title and Legal Authority

Section 10.554(1)(i)4., Rules of the Auditor General, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. Such disclosure is included in the notes to the financial statements.

Financial Condition and Management

Sections 10.554(1)(i)5.a. and 10.556(7), Rules of the Auditor General, require us to apply appropriate procedures and communicate the results of our determination as to whether or not the City has met one or more of the conditions described in Section 218.503(1), *Florida Statutes* and to identify the specific condition(s) met. In connection with our audit, we determined that the City did not meet any of the conditions described in Section 218.503(1), *Florida Statutes*.

Pursuant to Sections 10.554(1)(i)5.b. and 10.556(8), Rules of the Auditor General, we applied financial condition assessment procedures for the City. It is management's responsibility to monitor the City's financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information provided by same.

Section 10.554(1)(i)2., Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Property Assessed Clean Energy (PACE) Programs

As required by Section 10.554(1)(i)6.a., Rules of the Auditor General, the City a statement as to whether a PACE program authorized pursuant to Section 163.081 or Section 163.082, Florida Statutes, did not operate within the City's geographical boundaries during the fiscal year under audit.

Special District Component Units

Section 10.554(1)(i)5.c., Rules of the Auditor General, requires, if appropriate, that we communicate the failure of a special district that is a component unit of a county, municipality, or special district, to provide the financial information necessary for proper reporting of the component unit within the audited financial statements of the county, municipality, or special district in accordance with Section 218.39(3)(b), Florida Statutes. In connection with our audit, we did not note any special district component units that failed to provide the necessary information for proper reporting in accordance with Section 218.39(3)(b), Florida Statutes.

Specific Information

As required by Section 218.39(3)(c), Florida Statutes, and Section 10.554(1)(i)7., Rules of the Auditor General, the Health Facilities Authority reported:

- a. The total number of district employees compensated in the last pay period of the district's fiscal year as \$0.
- b. The total number of independent contractors to whom nonemployee compensation was paid in the last month of the district's fiscal year as \$0.
- c. All compensation earned by or awarded to employees, whether paid or accrued, regardless of contingency as \$0.
- d. All compensation earned by or awarded to nonemployee independent contractors, whether paid or accrued, regardless of contingency as \$0.
- e. Each construction project with a total cost of at least \$65,000 approved by the district that is scheduled to begin on or after October 1 of the fiscal year being reported, together with the total expenditures for such project as \$0.
- f. A budget variance based on the budget adopted under Section 189.016(4), Florida Statutes, before the beginning of the fiscal year being reported if the district amends a final adopted budget under Section 189.016(6), Florida Statutes, as \$0.

As required by Section 218.39(3)(c), Florida Statutes, and Section 10.554(1)(i)8., Rules of the Auditor General, the Health Facilities Authority reported:

- a. The mileage rate or rates imposed by the district as \$0.
- b. The total amount of ad valorem taxes collected by or on behalf of the district as \$0.
- c. The total amount of outstanding bonds issued by the district and the terms of such bonds:

The Health Facilities Authority has no issued direct debt, however the Authority has issued Private Activity Bonds to provide tax exempt borrowing to private-sector entities for the acquisition and construction of industrial, commercial and health facilities deemed to be in the public's interest. The bonds are secured by the property and the net operating revenues of the borrowing entity and are payable solely from these sources.

Upon repayment of the bonds, ownership of the acquired facilities is transferred to the private-sector entity served by the bond issuance. Neither the City, the State, nor any political subdivision therefore is obligated in any manner for repayment of the bonds. In addition, no commitments beyond the collateral, the payments from the private-sector entity, and maintenance of the tax-exempt status of the conduit debt were extended by the City for any of those bonds.

Accordingly, the bonds are not reported as liabilities in the accompanying financial statements. As of September 30, 2024, there were three series of Private Activity Bonds outstanding relating to health facilities that have been issued since June 2012, with original issue amounts of \$176.4 million. At September 30, 2024, the aggregate principal amount of all Outstanding Private Activity Bonds is \$115.9 million.

Deepwater Oil Spill

Section 10.556(10)(e) and 10.557(3)(c), Rules of the Auditor General, requires a determination of the City's compliance with federal and state laws, rules, regulations, contracts, or grant agreements related to the receipt and expenditure of funds related to the Deepwater Horizon Oil Spill. The City's Deepwater Horizon Oil Spill funds received are unrestricted and, therefore, do not have related compliance requirements.

Additional Matters

Section 10.554(1)(i)3., Rules of the Auditor General, requires us to communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but warrants the attention of those charged with governance. In connection with our audit, we did not note any such findings.

Purpose of This Letter

The purpose of this management letter is to communicate certain matters prescribed by Chapter 10.550, Rules of the Auditor General. Accordingly, this management letter is not suitable for any other purpose.

Cherry Bekaert LLP

Tampa, Florida
February 28, 2025

Report of Independent Accountant on Compliance with Local Government Investment Policies

To the Honorable Mayor and Members of City Council
City of St. Petersburg, Florida

We have examined the City of St. Petersburg, Florida's (the "City") compliance with the local government investment policy requirements of Section 218.415, *Florida Statutes*, during the year ended September 30, 2024. The City's management is responsible for the City's compliance with those requirements. Our responsibility is to express an opinion on the City's compliance with the specified requirements based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the City complied, in all material respects, with the specified requirements referenced above. An examination involves performing procedures to obtain evidence about whether the City complied with the specified requirements. The nature, timing, and extent of the procedures selected depend on our judgement, including an assessment of the risks of material noncompliance, whether due to fraud or error. We believe the evidence obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

We are required to be independent and to meet out other ethical responsibilities in accordance with relevant ethical requirements relating to the engagement.

Our examination does not provide a legal determination on the City's compliance with the specified requirements.

The purpose of this report is to comply with the audit requirements of Section 218.415, *Florida Statutes*, and Rules of the Auditor General.

In our opinion, the City complied, in all material respects, with the local investment policy requirements of Section 218.415, *Florida Statutes*, during the year ended September 30, 2024.

Cherry Bekaert LLP
