PLANNING & DEVELOPMENT SERVICES DEPT.
DEVELOPMENT REVIEW SERVICES DIVISION**

REQUIREMENTS FOR TEMPORARY SIGNS

A PERMIT IS REQUIRED PRIOR TO THE DISPLAY OF TEMPORARY SIGNS ON COMMERCIAL PROPERTIES

No permit is required for residential properties with 4 units or less: residential properties are allowed up to 5 temporary signs with a maximum sign area of 4 square feet and a maximum height of 6-feet.

Frequency: The use of temporary signs is restricted to four times per calendar year per site, regardless of the type of sign displayed. Each occurrence shall require a separate permit.

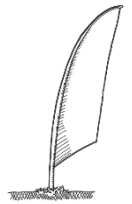

Types of Temporary Signs

Banners

Sign of fabric or similar material that is mounted to a pole, a structure, or a building at one or more edges. Banners must be attached to an existing freestanding sign structure or to a legally permitted structure or building and may not be placed on perimeter fencing, walls, or dumpster enclosures.

Wind feather

Temporary lightweight sign comprised of a frame pole and/or base which may be made of metal, plastic or any other substance, to which a vinyl, nylon, canvas, polyester, or other type of fabric, sign is attached.

Freestanding

A sign supported by a structure or support that is placed on or anchored in the ground and that is structurally independent of any building or other structure.

Cold-Air Inflatable

Stationary promotional balloons and other type of inflatable devices.

How do I get a permit? Email the following items to devrev@stpete.org:

1. Completed Temporary Sign Application (available by email at devrev@stpete.org) with the Property owner's signature (if the applicant is not the owner).
3. A photo (or drawing) of the sign with dimensions indicated.
4. A site plan or aerial view of the property showing the location of the sign. Signs must be located completely within private property boundaries and not be in the City right-of-way (typically the area between the sidewalk and the street).

How much does the permit cost? \$20 fee for each sign.

Sign Type	Number Permitted	Time Frame Permitted***	Maximum Size (sq ft)	Maximum Height
Banner	2	14 days	48 sq ft/banner	N/A
Freestanding	1	30 days	48 sq ft	8 feet
Wind feather*	1	30 days	N/A	15 feet
Cold Air Inflatable**	1	10 days	25 feet, any dimension	25 feet

*One wind feather flag per site or business may be permitted in lieu of a temporary banner or freestanding sign.

** One cold-air inflatable sign per site shall be permitted in commercial corridor, downtown, and suburban center districts. Sign must be firmly attached to the ground.

***One permit per occurrence, up to 4 occurrences per calendar year
