the 1990s, the number of people in the United States who are obese has increased by 50 percent, and the number of people who are overweight has increased by 100 percent. The increase in obesity is particularly alarming because it is associated with a number of health problems, including heart disease, diabetes, and certain types of cancer. The increase in obesity is also a reflection of the fact that the average American is now eating more calories than ever before, and is not getting enough exercise. The increase in obesity is a major public health problem, and it is important that we take steps to prevent it from getting worse.

Bob Weinberg

Mayor of St. Petersburg, Florida  
c/o St. Petersburg

City/County Office Administration  
171 Bay Street SE, St. Petersburg, FL 33701-2000

Dear Mayor Bob Weinberg,

I have had the privilege of knowing Bob Meyer of Hill's Capital Advisors Ltd. for over 15 years as he has been a great source of knowledge, assistance and advice for our Bank, especially for historic properties in the St. Petersburg city area. I have met great individuals at Bob Meyer that include all their customers in his working two business buildings. I was introduced to David Rodriguez, your agent he has since developed a lasting relationship with the Bank and serves as the Architect/Structural consultant for the project, the Bank is financing. I have found multiple properties that David and Bob have been involved in. Over the three months I have confidence in their ability to deliver what they commit to. They engage the community in their development plans through different means and strive to create all parties involved are satisfied with the outcome.

Over the past several months, Bob and David have continued to keep me abreast of their involvement in St. Petersburg with the preservation group, preserve the story, is identifying and supporting historic properties for ongoing preservation.

Based on the lasting and professional relationship the Bank has with Bob Meyer and David Rodriguez, the Bank would consider future lending opportunities if all the public and private investment criteria were met. This includes opportunities not only within historic St. Petersburg City, there that also includes opportunities outside of the historic district including St. Petersburg, FL.

Sincerely,

David Weinberg

Mr. Mehmet Ergi, Governor

On behalf of Bank OZK, want to have support for the most institutions proposed project on our 2020-2021 budget in Izmir. We have been in conversations with the principals of Izmir and have become aware of their history of self-employment and financial preservation on various projects. They have the capacity, experience and power to contribute to positive development for citizens of Izmir city.

Our own financial leaders have met with both the Mayor and Izmir Council. They are committed to the Izmir community and in the next months I have known that they have personally seen that dedication to the unique needs of our community.

Bank OZK is deeply committed to providing financing for various projects that will be completed on time and positively impact our community. Our bank is committed to finding solutions that support the bank's affordability across the Izmir community and is currently participating in such community development financing programs in the area.

For these reasons, we are very excited about the proposed project at our 2020-2021 budget. We are happy to answer any questions you have from us and we extend the
