

Jay & Kara'lynne Brubaker, Founders of Positive Impact Worldwide

OUR STORY

God placed a dream and a vision in Jay & Kara'lynne Brubaker's heart to establish a ministry that would "show the love of Christ" to those who are hurting and meet the needs of individuals in St. Petersburg, Florida and beyond.

In 2003 they founded **Positive Impact Worldwide** and operated the ministry out of their home. In 2007 Kara'lynne and her husband Jay took another step of faith in their ministry and purchased a building where a Chinese restaurant was operating and turned it into their ministry headquarters and started **Positive Impact Church**, a church whose people have a heart for worship and serving the needs of others.

Through Positive Impact Worldwide and Positive Impact Church 1000's of lives have been **IMPACTED** by being "shown the love of Christ;" hurts have been healed, essential needs have been met and lives have been **TRANSFORMED**.

We are thankful and excited about what God has done and is doing through **Positive Impact Worldwide**Ministries and we invite you to be a part of this great story...His Story!

WHO WE ARE

Positive Impact Worldwide is a nonprofit organization that meets the needs of individuals in our community & beyond by sharing the Gospel of Jesus Christ and providing food and other life essentials, as well as educational programs that promote growth & transform lives.

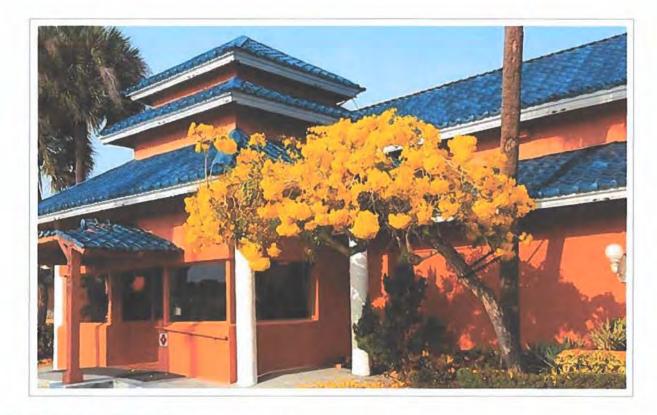

OUR MISSION

Positive Impact Worldwide's Mission is to CONNECT with and SERVE the needs of individuals in St. Petersburg, FL & Beyond for the purpose of IMPACTING lives for Christ.

Our mission to **CONNECT, SERVE & IMPACT** individuals is ignited by our love for people. We love people of all ethnic and economic backgrounds and our desire is to see people thrive; seeing people's lives improve and transform for the better fuels everything we do at **Positive Impact Worldwide**.

CONNECT SERVE IMPACT

POSITIVE IMPACT CHURCH

We are a culturally-connected, Biblically-sound church with a heart for worship and serving the needs of our community.

Positive Impact Church has a strong commitment to others.

We believe that we were created by an awesome God who **LOVES** us and desires to have a personal relationship with each of us. We believe that God put us here on this earth to not only know Him but to **CONNECT** with and display, demonstrate, and declare the power of his love with each other.

At **Positive Impact Worldwide** and through **Positive Impact Church** we are a tangible expression of God's love for people through how we **CONNECT** with and **SERVE** the needs of individuals in our community & beyond, and we invite you to join along with us in making a lasting **IMPACT** on the lives of others!

POSITIVE IMPACT WORLDWIDE

CONNECT · SERVE · IMPACT

Positive Impact Worldwide commenced in the family room of Jay and Kara'lynne Brubaker's home in 2003. Their love for the city of St. Petersburg compelled them to train and teach the simplicity of God's word. Soon their attendance grew to 50 people making it impossible to stay in their family room. They took their biblical studies and life coaching to a small chapel in Pasadena, where once again it quickly outgrew their space. It was time to step out on faith to expand even further. Thus, in a leap of total trust, Jay and Kara'lynne assumed a second mortgage on their home and made a down payment of \$250,000 on their present location at 2750 34th Street South, St. Petersburg for \$1.4 million.

As they were joined by others who shared the same hope and dream to make a difference in their city of St. Petersburg, the mission to train and teach experienced extended growth. Jay, a St. Petersburg seasoned police officer with over 33 years of on the job experience and commitment, witnessed first-hand the destruction that drugs and violence was having on the youth of St. Petersburg. Jay, along with his wife Kara'lynne, believed that with love and a lot of hard work they could make a positive impact in turning a few lives around for the better.

Kara'lynne with her corporate skills and motherly love and Jay with his street savvy discipline, forged together an unbreakable team of loving, kind, and hardworking people. With a tenacity that builds hope in others to achieve their dreams and goals, the Brubaker's collaborative experience would soon set the precedent of what life could look like when people help people to succeed.

Recognizing the need for food as sustenance being a common factor in all of our lives, Positive Impact became partners with Pinellas Technical College's culinary department. By sharing their restaurant style space, this collaboration afforded Positive Impact the capacity to host banquets and ultimately raise money for orphans around the world.

With access to a commercial kitchen located in the church, they readily saw a way to help others build their businesses with a little help. In some cases, individuals may have the vision, but could not afford the space to start their dream. St. Pete Ferments is an excellent example of this type of assistance. Positive Impact Kitchen is where this business started as a wild fermentation company that creates small batches using old-world methods.

Additional local area businesses that have benefitted from partnering with Positive Impact are included in the attached chart.

SNAPSHOT OF POSITIVE IMPACT WORLDWIDE

St. Petersburg Area Businesses

Business Name and Address	Business Type	Additional Information
The Body Electric Yoga Company 3015 7th St. N. St. Pete, FL 33704	Yoga and athletic company	https://thebodyelectricyoga.com/

SNAPSHOT OF POSITIVE IMPACT WORLDWIDE

Positive Impact provides transportation for at least 50 students each Sunday. Students receive a hot meal and are showered with love. Before teaching the word, students are fed. As a mother of three grown daughters and eight granddaughters, it is essential that growing children need healthy food. I have always said, "A child cannot hear what you are saying if their stomachs growling." We feed them and then teach them the love of God. They hear the word "I love you clearer." Following the service, each child receives a box of fresh fruit, veggies, and meat to take home to their families.

We have seen tremendous changes occur in families by adding the one essential product we all need, "natural healthy foods on their table." Attitudes and behaviors change when you give people hope for a brighter future.

We have linked up with Feeding Tampa Bay, Metropolitan Ministries, and The 700 Club. Positive Impact has fed thousands over the last 14 years. During Thanksgiving 2019, we provided enough food for 8,000 people in our city to have a Thanksgiving meal. Additionally, during Christmas we were did the same thing and provided toys for every child.

During the Pandemic, we did what any fireman or police officer would do. We ran into the need, not from it. Over the past 2.5 years, we have provided over 1.5 million meals to Midtown families. We knew that by doing our part, along with many others, we could make a Positive Impact by removing the stress of "How are we going to provide food for our families" by creating positive results and ultimately helping to deescalate crime and possible violence during this pandemic.

https://m.facebook.com/story.php?story fbid=1838278779648264&id=242933759182782?sfnsn=mo&d=n&vh=e

Now it is time once again for us to move. We have outgrown our space. We are 100% debt FREE! Now it is time to build our school for dyslexic children at our current location, 2750 34th Street South and begin the search for our new home. We envision Tangerine Plaza as a place where we can expand our outr each activities and develop a culinary arts center. We have been faithful with our non-profit, Positive Impact, over the past 17 years. We are not a new business and we have proven ourselves continuously with encouraging results. We have established Positive Impact with a positive brand in St. Petersburg and are recognized for our charitable work. We are 100% debt FREE! We know what works and what does not. (See attached renderings)

Tangerine Plaza can be a beautiful and thriving part of our community. By utilizing the Teaching Kitchen to teach healthier life styles, and being supported by our local health community, as a team we can create a "win-win." As I have always said. "If you do not run your ministry like a business . . . then you will be out of business." We are 100% supported by private donors and 100% debt free. We have never asked the City of St. Petersburg for anything. It is our goal to continue to position Positive Impact to give to our City.

SNAPSHOT OF POSITIVE IMPACT WORLDWIDE

Project Impact, under the direction of Jay and Kara'lynne Brubaker, has received numerous awards and citations for the ongoing philanthropic work in St. Petersburg, Florida. Some of these awards are:

- 2019 Keys to the City: The key to the City of St Petersburg honors distinguished persons, honored guests, and outstanding civic contributors to the city. The presentation of a key to the city can be traced back to medieval times when cities were enclosed by walls and locked gates. This medieval tradition is meant to confer trust and honor. Presented by Mayor Rick Kriseman to Kara'Lynn Brubaker, founder of Positive Impact Worldwide and Co-Pastor of Positive Impact Church. This award is seen as the ultimate act of esteem. It symbolizes the freedom of the recipient to enter and leave the city at will, as a trusted friend of city residents.
- 2017 Dr. Martin Luther King Jr. Humanitarian Award- Awarded to Jay & Kara'Lynne Brubaker, founders of Positive Impact Worldwide, The Martin Luther King, Jr. Humanitarian Award is annually presented to a humanitarian within the community of St. Petersburg, Florida. The recipient embodies and exemplifies the characteristics promoted by Dr. Martin Luther King, Jr., "a vision of peach, persistence in purpose, and inspirational action."

Board of Directors Corporate Resolution of: Positive Impact Worldwide Ministries, Inc.

We, the undersigned, being all the directors of this corporation consent and agree that the following corporate resolution was made on April 4th, 2020 at 4:00pm via a telephonic conference call.

We do hereby consent to the adoption of the following as if it were adopted at a called meeting of the Board of Directors of this corporation. In accordance with State law and the bylaws of this corporation, by unanimous vote, the Board of Directors decided that:

They support and authorize the Executive Director, Ms. Karen Rae Selm in the pursuit of a successful submission in response to the Request for Proposal for REQUEST FOR PROPOSAL FOR THE CITY-OWNED REAL PROPERTY LOCATED AT 1794 - 22nd STREET SOUTH ST. PETERSBURG, FLORIDA, 33712. The purpose of this submission is for the establishment of a Culinary Arts Center, i.e. teaching kitchen, and a number of small business enterprises. The project will include stores and office spaces for a number of existing small businesses and non-profit organizations in the areas of physical and mental health.

THEREFORE, IT IS RESOLVED, that:

......Ms. Karen Rae Seim, Executive Director of Positive Impact Worldwide Ministries, is hereby authorized to sign, execute, and submit such applications, undertakings, agreements, and other required documents, contracts and deeds as may deemed necessary or expedient to give effect to this resolution.

RESOLVED FURTHER THAT, the Common Seal of the Company be affixed, whenever necessary, in the presence of at least one Director or the Secretary, who shall sign the same.

The Secretary of the corporation certifies that the above is a true and correct copy of the resolution that was duly adopted at a meeting of the dated meeting of the Board of Directors.

I. Proposal Use

Positive Impact and Beyond is a multi-use complex designed by converting the existing 40000 square foot building, formerly known as the Walmart in Tangerine Plaza into a Culinary Arts Center/Teaching Kitchen, a food bank/warehouse, administrative offices, small food pantry, and various small business enterprises. Through this new project, Positive Impact Worldwide, a non-profit faith-based organization, will empower people to make healthy choices and learn new skills while broadening its service platform.

Positive Impact and Beyond's Culinary Arts Center will include classes and unique cooking experiences to nourish minds and hearts as well as bodies. One of the goals for this type of center is to promote healthy eating behaviors among individuals and their families by teaching basic nutrition, food safety, food selection, menu planning, and food-preparation skills. These types of programs are quite popular and can lead to bonding experiences with those that are participating. Cooking with a Chef, Master Chef Preudomme, as a resource consultant for the Center, will also create the promotion of healthy eating behaviors among its participants by teaching basic nutrition and food preparation skills. The Master Chef, his staff, and the participants will collaborate on lively, interactive cooking lessons emphasizing culinary skills and hands-on learning, nutrition lessons, chef demonstrations, farmer's market activities and farm-to-table dinners.

Figure 1: Master Chef Lennox Preudomme

One emerging trend that is influencing cooking in the home is the exposure of chefs. Today, the influence of the chef is evident in the media, at the supermarket, and in food service operations. Magazines, Web sites, and popular television shows bring chef tips and cooking techniques into U.S. households. Chefs are also working in the community to share their knowledge, creativity, and passion for food.

Additionally, various types of employment opportunities can be afforded to residents that participate and learn from healthy cooking. The Culinary Arts Center will have a relationship with Pinellas Technical College and Master Chef Lennox Preudomme (see support letters) that will help develop the culinary training. It will help people that desire this type of career with an

opportunity to perfect their skills and ultimately become more marketable for positions at area restaurants and eateries. Contacts have already been made with area restaurants and other food establishments for employment opportunities of our graduates. Given the current status of food services in America and especially in St. Pete, employment opportunities are growing in these areas.

Currently there are number of criminal justice reform bills for 'returning citizens' (ex-offenders) out of Senator Jeff Brandes' office that will assist in finding employment for this population through on-the-job training and various skill building especially in the area of culinary arts. When we all work, all areas of St. Petersburg wins!!!

Our Teaching Kitchen will also serve as a community health arm for the area hospitals and wellness centers to address health disparities in their patients. Relationships and collaborations will be formed with area hospitals and health insurance companies for their patients to receive health information and classes that promote healthy cooking. Conversations have already begun on how to launch such initiatives. These types of health teaching centers are a key element of community infrastructure, especially in low-income communities. It is imperative to ensure vitality of communities across the area of South St. Petersburg by investing in human capital, generating economic activity, and stimulating secondary spending. Primary and preventive healthcare are vital ingredients for ensuring individual, social, and economic opportunity.

It is essential if adults are to participate in the workforce and children are to succeed in school they must be involved in healthy eating and cooking habits. In its absence, illnesses that could be prevented or managed can become life threatening, leading to lost time and productivity, family financial devastation, dependence, disability, and even premature death. Lack of a regular source of primary care in nutrition will force low-income populations to rely on the most expensive elements of the healthcare system, emergency rooms and inpatient hospital care. Thus, the involvement and collaboration with area hospitals, nutrition and wellness centers, and health insurances will be essential to our Culinary Arts Center.

The newly completed commercial kitchen in the Culinary Arts Center will provide a pathway for small producers and entrepreneurs to develop value-added products for market in a manner that meets all food-safety regulations and food health requirements. It also allows agricultural producers and food entrepreneurs to begin food businesses without the high cost of developing individual certified kitchen space. Positive Impact Worldwide has helped many small business by using their commercial kitchen in their church to help in these areas. With the increase in space, many more small businesses will be able to get this type of assistance to help to grow their company while lessening their overall capital expenditures.

The Culinary Arts Center will also have a 500-seat capacity for area groups to host various events, such as small banquets, weddings, and conferences. These events will be able to commission the culinary staff to provide the food for the occasions. Other approved area caterers can vie for business opportunities and marketability for a new venue as well. Additionally, the Center will have the latest technology tools to use for the various social media platforms needed for communication, teaching, and entertainment.

Currently the Tangerine Plaza has four small businesses occupying space at the Plaza. PIW will continue to work with these businesses to remain in the space if it is their desire. Additionally, four other businesses have expressed a desire to a part of the plaza; a restaurant, a printing shop, a wellness center, and a pantry business. Their letters of interest are found in Section F: New Leasing Possibilities in this proposal.

Another part of the Positive Impact and Beyond Complex is the food bank and pantry. The food bank/warehouse and pantry will be located behind the Culinary Arts Center. The food bank/warehouse, in order to get the food into the hands of the community, will safely store millions of pounds of food that will soon be delivered to local food programs. Our food bank will function as food storage and distribution depots for smaller front-line agencies; the Food bank will distribute food through a network of partner agencies, such as food pantries, churches, and civic organizations. The food bank/warehouse donates food to these agencies, in return, they pay a per pound fee to support the existence of the food bank/warehouse.

The food pantry will be distribution center to provide perishable and self-stable groceries directly to families suffering from food insecurity. Supplied with food from the Food Bank, the pantry will feed registered people once per month. For those with extreme health challenges and cannot get to the food pantry, PIW will provide short-term-limited transportation.

Sustainability is vital to Positive Impact Worldwide. The Project Team of Positive Impact World has solicited the mentoring of the Executive Director of Food Bank of Northeast Georgia. Founded in 1992, the Food Bank of Northeast Georgia was founded to primarily end hunger in fourteen counties. Their first home was on Prince Avenue in the building that is now The Grit. In that first year, their Food Bank distributed approximately 350,000 pounds of food to 36 partner agencies.

In 1997, the organization relocated to our permanent home on Newton Bridge Road, which has since been expanded to continue meeting the needs of our community. In 2016, the Food Bank added a second location in Rabun County. This distribution center enables the organization to better serve the counties of Georgia's mountain region. This expansion included a state-of-the-art facility complete with a teaching kitchen, commercial kitchen, and frozen food processing line.

With more than 25 years of experience serving the community, the Food Bank of Georgia now distributes more than 11 million pounds of food to over fourteen-county service area through more than 225 partner organizations every year.

Positive Impact and Beyond Complex will benefit greatly by being introduced to the best practices of this long-standing organization. Their success has shown that when serving the needs of the community, it can be a win-win-win situation. The community will benefit by the increase in foot and car traffic to the Plaza; residents of St. Pete will benefit by the resources that will be available for training and entertainment; and Positive Impact Worldwide will benefit by expanding their reach in helping the residents of South St. Pete.

POSITIVE IMPACT & BEYOND

Positive Impact & Beyond will meet needs within the community of St. Petersburg, FL & beyond by providing food essentials, healthy living education, spiritual wisdom and so much more!

Dear Mayor Rick Kriseman and City Council members,

On behalf of Pinellas Technical College, I would like to take this opportunity to show that we support the vision for a FOOD BANK in the 6th district 18th Ave So & 22nd St. So Tangerine Plaza. Where there's a known food desert.

Good nutrition plays a key role in a community Food Bank. The Food Bank will make an enormous difference in the lives of those who rely on their contributions. There's a commitment to fight hunger and food insufficiency in our community.

Nothing affects the cause more than the care shown by local community groups. We are so grateful and show full support of the Food Bank.

Sincerely,

Sylecter Norwork Sylester Norwood,

Director

Opportunity starts here

February 5, 2020

Dear City of Saint Petersburg Planning Board,

I am writing to you in collaboration with Pinellas Technical College to show that we support Positive Impact Ministries to provide a food bank and a teaching kitchen program at the Tangerine Plaza location.

I have an eight-year relationship with Positive Impact. Our culinary department at Pinellas Technical College has partnered with Positive Impact since 2017 in both a teaching and food support capacity.

As well, I have given my services to the community of Saint Petersburg in preparing food for 2,000 homeless citizens per month for the past 10 years. Our culinary arts students are taught how to prepare commercial sized portions of food and I take the food to The Mission on 9th Ave North in order to serve the homeless north of Central Ave. Now is our time to serve South Saint Petersburg.

Food deserts cause consequences. Increases in obesity and diet-related diseases are major health problems in the food deserts area. There is a direct relationship between food deserts, poverty and obesity. I realize what happens when we do not eat fresh fruit and vegetables. We run the risk of developing digestive problems, our risk of cancer increases and maybe weight gain. Plus, our risk of developing diabetes is higher and our risk for heart disease increases. The vitamins in vegetables are essential. Not only do people need fresh fruit and vegetables, but they also need to learn how to prepare them in order to leave in the natural vitamins for consummation.

As the Master Chef at Pinellas Technical College Professional Culinary Arts & Hospitality Department for 11 years, I am committed to offering our students an accredited and comprehensive culinary arts program. Through trained professionals and using multimedia and classroom studies as well as demonstration and practical application in the kitchen and bakery, we train hundreds of students each year to not only prepare for employment in the hospitality industry, but to provide them with the knowledge of healthy diets and how to become self-sufficient. Our curriculum includes front-of-the-house duties, proper receiving and storage of food, and application of basic nutrition to developing

Along with Master Chef Lennox Preudhomme, Assistant Administrator Charles
Drake, and Beau Norwood, Administrator of Pinellas Technical College.

PTC COMMUNITY PARTNER

PTC Community Partnership Appreciation Award

Positive Impact Worldwide is a recognized Community Partner with Pinellas Technical College and Master Chef Lennox Preudhomme.

Master Chef Lennox will assist in the development of the **Positive Impact Worldwide** School of Culinary Arts which will help individuals who desire
to have a career in the Culinary Arts industry to perfect their skills and
ultimately become more marketable for positions at area restaurants and
eateries.

April 14, 2020

To whom it may concern:

I am writing in support of Kara'Lynn Brubaker's effort to establish a food bank through Positive Worldwide Ministries to meet the need for food in a part of the city that has a high poverty rate and uncertain access to a consistent supply of nutritional food.

Her plan mirrors the successful model of the Food Bank of Northeast Georgia's Mountain Branch in Clayton, Ga. That warehouse is located in a former grocery store building in a shopping center on a busy state highway. The Food Bank actually owns the entire shopping center, deriving rental income from the tenants. A grocery store is an ideal facility for a food bank warehouse, agency shopping area and volunteer center. The grocery aisle portion serves as the warehouse floor. The structure comes equipped with a large cooler and freezer to store produce, meat and dairy products safely. Truck loading docks are already installed. If one were to design a food bank from scratch, this is what it would look like. And it works.

I know Kara'Lynn only through phone calls and emails, but I can tell she has the heart and determination to do this critically important work. I hope

hack Tyney, Executive Director

Singe

her proposal will be given favorable consideration.

To Whom It May Concern:

On behalf of the McClure family this letter serves to inform you that we, through West Coast Tomatoes and McClure Holdings, will be giving financial support in the amount of one million dollars (\$1,000,000.00) to Positive Impact Worldwide towards the development of their Positive Impact and Beyond Project at Tangerine Plaza.

Our family and company fully support the mission of Positive Impact Worldwide Ministries, led by Jay and Kara'lynne Brubaker. We are long standing financial partners with Positive Impact Worldwide and we will continue to financially support the mission and growth of this nonprofit organization.

We understand the scope of this project and how the acquisition of Tangerine Plaza will enable Positive Impact Worldwide to expand their operations, which in turn will create jobs in the city of St. Petersburg, FL. Their expansion will also bring life to the area and through their educational programs individuals will become more marketable and as a result hireable.

We recognize the POSITIVE IMPACT that will be made in the community of St. Petersburg, FL and beyond and we fully support the efforts of Positive Impact Worldwide Ministries as they seek to be awarded the above-referenced proposal.

Any necessary documentation can be provided if needed.

D.C. McClere

Sincerely,

D.C. McClure

V. Workforce Development

It is expected that the Culinary Arts Center and the associated businesses surrounding the Center in Tangerine Plaza will provide training and employment opportunities for citizens in South St. Petersburg and beyond. In order to ensure that selected personnel is equipped to complete the assignment, Empact Solutions, Inc. will provide selection criteria for vocational rehabilitation training, support, and employment assistance and services as to achieve high quality independent living. Empact Solutions works with the City's Workforce Development Team and St. Pete Works! in their hiring practices. (See Letter of Intent and Capability Statement)

Empact Solutions will use their innovative and community-based workforce initiative 'The Keystone Project' to address a continued promise of helping participants by establishing a mechanism to support new, expanded, and modified employment services through its didactic case management approach and integrated client assessments results. The outcome of these processes establishes the foundation for the vocational/educational counseling and employment preparedness that will lead to employment attainment and improved quality of life for the participants assigned to the project. The Keystone Project's goal is to be a full-service program for community residents, veterans, and returning citizens needing vocational rehabilitation training, support, and employment assistance as they seek to achieve high quality independent living.

The Keystone Project consists of online elements of communication and interactive training for the staff and clients, with limited face-to-face meetings, and ready access to diverse sources. Information and guidance support will form the foundation of the Quality Assurance aspects of our programs. The Keystone Project will utilize its on-line and virtual platforms for training and communication with the participants in the program.

Empact Solutions has designed and implemented an instructional component that includes resume and job application preparation, telephone and virtual etiquette, interviewing techniques, job searching strategies, dress and grooming, job etiquette, and financial management.

Empact Solutions has developed the Unemployed Resident Employability Plan. The Plan includes:

- ♣ Qualified career transition professionals with experience working with diverse groups, including military veterans and disabled veterans, and/or challenged populations, to implement the day-to-day activities of working with the participants. The training of the participants will encompass the key areas of employability: Skills Assessment, Resume Writing, Job Interviewing, Job Search Tactics, Money Management, and Personal Presentation Preparation.
- Based on each participant's specific situation, a specialized program will be created for them to address the areas above.
- Milestones and timeframe goals will be agreed upon by the participant, including regular feedback sessions to address any obstacles the participant has encountered.
- At the mid-way point of the participant's program, a report will be generated and reviewed by the Project Director and Case Management Leader to determine if it is being implemented as planned; does it follow the guidelines and training given by the Project Director, and is the participant seeing small successes to build self-confidence and buy-in to the program.

Once viable employment is secured, a follow-up program is put in place to ensure a successful transition to the specific job and help the participant deal with any unforeseen circumstances.

Empact Solutions utilizes an individual vocational/educational plan, job readiness assessment, meeting reports, and related records to the determine the appropriate mix of direct job placement services required to help each participant secure a suitable employment opportunity within a reasonable timeframe. These factors lead to goal formation and job placement. The Keystone Project's mission aims to provide a national model of psychosocial vocational rehabilitation and employability that encompasses a comprehensive seamless array of services, in collaboration with community partners, to participants who struggle with homelessness and/or behavioral health problems. The project provides referrals to safe and attractive housing (where possible), mental health and addiction services referrals, vocational training, and job placement- in-house and through referral, and life skills coaching to help the enrolled participants. For some of the enrolled participants, preparation will establish for them to move into the 'green-collar' training and/or positions, i.e. works in the environmental sectors of the economy like waste management, landscaping, or solar building. Additionally, The Keystone Project will direct those that can qualify for on-the-job training programs. Both of these strategies will lead to sustainable employment.

For those participants with disabilities and/or challenges, Empact Solutions will utilize work performance samples. The Work Performance Samples assess a client's ability to successfully complete job-related tasks correlated to skills required in career and technical training programs. Individual hands—on samples are used to assess the following work-related performances:

- Digital Discrimination
- Clerical/Verbal Sequencing
- Visual Motor Coordination
- Clerical/Numerical Perception
- Follows Written Instructions
- Fine Motor Coordination
- Finger Dexterity
- Measurement Skills
- Manual Dexterity
- Form Perception
- Spatial Perception
- Color Discrimination

Skills Assessment Module

The Skills Assessment Module (SAM) is a standardized on-line assessment of career interests, aptitudes, abilities, and needs designed to help individuals experience success in jobs and training programs designed by CareerScope. CareerScope was developed as a self-administered software interest inventory and aptitude assessment. This online assessment tool measures the interests and skill levels of the client and helps them figure out the best career path as they move

into employment. The assessment recommends careers that they may enjoy and jobs in which they are likely to do well. The tools also recommends courses or training programs that can help them go after those careers. It measures both interest and aptitude through objective, valid, and reliable assessment tasks. CareerScope recommendations promote transition planning and provide the basis for setting education and work goals. CareerScope is highly use at all Veteran headquarters for returning veterans and their family members as they re-enter the workforce. Results from this assessment are effective for developing Individualized Education Programs (IEPs), transition plans, and portfolios. These recommendations are valuable for employee training and placement, as well as employment retention plans.

Individuals may be assessed prior to entering a job or training program to determine how an individual's skills and interests correlates to critical job entry and training requirements. The tests can be administered individually, in a group setting, or online. Aided with this information, counselors will be able to identify and recommend realistic, meaningful career goals and objectives for the participants.

SAM is organized according to six major areas of assessment. Each assessment is self-contained and may be administered on a stand-alone basis.

- Career Development Plan
- Learning Styles Inventory
- VOC-TIES Interest Survey
- Basic Skills Locater Test Auditory Screen
- Work Performance Samples
- Auditory Directions Screen

The following tests will be administered to veterans to assess their career interests, aptitudes, abilities, and learning styles:

VOC-TIES Interest Survey – The VOC-TIES is a non-reading interest survey that uses a DVD to present 15 career training areas. This format allows the client to observe the work being performed as the job is described vocally. The presentation promotes gender equality by showing individuals in non-traditional roles. The VOC-TIES takes approximately 30 minutes to administer. Scoring and reporting is computer generated.

Work Performance Samples – The Work Performance Samples assess a client's ability to successfully complete job-related tasks that are correlated to skills required in career and technical training programs. Thirteen individual hands—on samples are used to assess the following work-related performances:

- · Digital Discrimination
- Clerical/Verbal Sequencing
- Visual Motor Coordination

- Clerical/Numerical Perception
- Follows Written Instructions
- · Fine Motor Coordination
- Finger Dexterity
- Measurement Skills
- Manual Dexterity
- Form Perception
- Spatial Perception
- Color Discrimination
- Follows Diagrammed Instructions

This test takes 1½ - 2 hours to administer. Scoring and reporting is computer generated.

Learning Styles Inventory – The Learning Styles Inventory identifies the Major and Minor Learning Styles of clients. Subtopics identified include:

- Auditory Language
- Visual Language
- Auditory Numerical
- Visual Numerical
- · Auditory/Visual Kinesthetic
- Individual Learner
- Group Learner
- Oral Expressive
- Written Expressive

The Learning Style Inventory takes approximately 15 minutes to administer. Scoring and reporting is computer generated.

The Keystone Project's ultimate goal is to find 100% employment positions for its enrollees, although 65% is the more realistic goal. If employment is found in green-collar positions or in OTJ training positions, participants may earn over \$12.00 per hour.

Empact Solutions stands ready to provide the services outlined in this RFP. To ensure a successful implementation, Empact Solutions will contract the necessary personnel required to perform this contract. Additionally, the data collection and management system will be ready and capable of being fully implemented and operational within 10 days of contract award.

The value of *The Keystone Project* is the empowerment of its clients – allowing them to participate in program supervision, teaching them effective conflict resolution and decision-making skills. If this is accomplished, then it will foster the program's success and participant's employment growth. *The Keystone Project* will result in its participants being respected and valued by the community.

Existing and *Projected Tenants

At this point, we are committed to work with current occupants to retain as many of the tenants and jobs as possible. However, we may not be able to provide an accurate accounting of workforce opportunities until we have received the authority to proceed by the City of St. Petersburg City Council. After we receive such approval, we will interview and select the projected tenants and or entertain others. For example, if Sexy Lady Beauty Supply does not want to continue with their lease, then PIW will recruit a business that could be a hair salon and barber shop. All of the tenants will be examined to ensure that they will lead to the increase in foot or car traffic for the Plaza.

PIW's Positive Impact and Beyond project will utilize small business enterprise companies, specifically from South St. Petersburg, when possible. All living wage jobs will pay at least \$15.00/hour and will include medical benefits.

May 4, 2020 Positive Impact Worldwide Ministries St. Petersburg, Florida

RE: RFP for City -Owned Real Property Located at 179422nd Street South, St. Petersburg, Florida

This letter serves to indicate support of Positive Impact Worldwide Ministries application to the noted request listed above. In addition to my support, I am submitting this letter and its attached capability statement in my interest for the workforce development and training that will be required for the needed staff.

Empact Solutions (ES) is a certified Service-Disabled Veteran-Owned, HUBZone, DBE/ACDBE, Minority-Women Owned for-profit small business. As a consulting organization, ES provides supportive professional development and security management to organizations that want to add value to the people with which they serve and work with.

One of Empact Solutions signature program is its Keystone Project. The Keystone Project's goal is to be a full-service program for veterans and civilians needing vocational rehabilitation training, support, and employment assistance and services as they seek to achieve high quality independent living.

Ms. Elizabeth Siplin will be the leader on this project. She is a highly respected professional and is 100% Disabled Military Veteran who served our nation as a Military Policeman while maintaining an active TOP-SECRET Security Clearance and performing in positions of increased responsibility. While in the United States

Army, she served as the Directorate of Emergency Services SGM who possesses an MBA, experienced as both a Project Manager and Physical Security Specialist who contributes to enhancing an agencies' readiness by providing a wide range of installation management and human services support to civilians, Soldiers and their family members. This type of background is vitally important when working with governmental agencies and their management and human services structures. She has subject matter expertise, as it relates to this project in the areas of critical thinking and problem solving, strategic planning and coaching and mentoring.

In partnership with Positive Impact, Empact Solutions' Veteran-Citizen Job Fair and Workshop could serve as an extraordinary collaboration within South St. Petersburg CRA to reach hundreds of residences to obtain financial independences and equip them for workforce readiness. It is an honor for Empact Solutions to support Positive Impact in their endeavor to address our communities' hunger and food desert issue.

Sincerely,

Elizabeth V. Siplin

Re: Interest in Tangerine Plaza

Thanks for discussing with me the Tangerine Plaza project that you are working on. The concept of the commercial kitchen is interesting to me. It reminds me of the project that we work on together under the Fuel for the Soul grant funded by the Foundation for Healthy St. Pete. Indeed, I enjoyed conducting the cooking classes with the participants from the community.

I would be interested in discussing further the possibility of leasing one of the business units in the Plaza. To be able to share and sell my healthy cooking dishes in South St. Pete would be an idea situation.

Please let me know what the next steps in this process would be.

Much success in obtaining this contract on behalf of Positive Impact Worldwide!!!!! Will be praying for you!!!!

To Whom It May Concern:

We are submitting a non-binding request for consideration to be included in the City of St. Petersburg RFP submitted by Positive Impact Worldwide Ministries in regards to the city-owned real property located at 1794 22nd Street South (Tangerine Plaza).

Pop Goes the Waffle was founded in St Petersburg in 2017 and has expanded from operating from a pop-up tent at markets, to a food truck, to an expanding wholesale production company in less than three years. Due to the explosive growth we are experiencing, we are seeking to expand into a larger production facility.

We are seeking 2000-2500 sq ft space. Build out requirements:
Small Office
Dry Storage Room
Space for walk in fridge and freezer
Significant production space to scale waffle output
Other typical kitchen requirements – three compartment sink, mop sink, hot water heater, employee restrooms

Will probably need to update electric to meet demands of commercial waffle irons.

We further propose a 350-500 sq ft coffee café in the front area of the space - with the PGTW commercial kitchen behind. A partnership with Kahwa Coffee would be ideal as they are seeking to expand, if they are amenable to the proposal. The coffee company would operate the cafe independently from Pop Goes the Waffle - but we would like to offer an expanded selection of waffles in this retail area.

Footnote: Discussions took place prior to the COVID-19 pandemic and are subject to change given unforeseen economic factors that none of the parties can foresee in the midst of this global crisis.

Sara Fludd Founder and Chief Waffle Officer Pop Goes the Waffle, LLC hello@popgoesthewaffle.com 727-440-5800

Pop Goes the Waffle Commercial Kitchen Expansion

Seeking 2000-2500 sq ft
Build out:
Small Office
Dry Storage Room
Space for walk in fridge and freezer
Significant production space to scale waffle output
Other typical kitchen requirements – three compartment sink, mop sink, hot water heater, employee restrooms

Will probably need to upload electric to meet demands of commercial waffle irons

Potential additional concept:

350-500 sq ft coffee café in the front area of the space (with the PGTW commercial kitchen behind). Suggest partnering with Kahwa Coffee as they are seeking to expand. The coffee company would operate independently from PGTW – but I would like to offer an expanded selection of waffles in this retail area if there is no objection from the coffee vendor.

Subject: Pinellas County Small Business Enterprise Program Application Approved

Dear Sara Fludd:

Congratulations! Your application for designation as a Small Business Enterprise in the SBE Program is approved. The approval is contingent upon your firm successfully completing the eligibility listed below. We have designated Pop Goes the Waffle, LLC DBA Pop Goes the Waffle as eligible to participate in the SBE sheltered market program with an effective date of 7/12/2019. This certificate is specific to Pinellas County and covers only the company that is listed in this letter, not any other company with which you may be associated. Your firm will appear on the list of approved registered vendors. Your firm has 90 days to participate in business development education and/or consulting services as part of the eligibility below.

No additional eligibility. Continue counseling with current SBDC counselors. You are successfully registered. We encourage your firm to view our list of workshops to assist your business with getting the most out of working with Pinellas County. Please visit our website, at https://pinellas.obsres.com/economic/lnfo.aspx?EventID=3005, to register and learn more. These workshops are not mandatory, however, recommended.

Please visit our website, at https://pinellas.obsres.com/economic/Info.aspx?EventID=3005, to register and learn more or call 727-453-7200 for your consultation. Failure to complete the workshop and/or consulting session could result in removal from the program.

Form Name: Pinellas County Small Business Enterprise Program Application

Business: Pop Goes the Waffle, LLC DBA Pop Goes the Waffle

Contact: Sara Fludd

Submission Date: 7/12/2019 Review Date: 7/15/2019 Expiration Date: 7/14/2022

Your approved Pinellas County Small Business Enterprise Program Application will expire 7/14/2022. If there are changes to your business, please contact staff to ensure the most accurate representation of your business. This includes changes to your company contacts, products, or services.

Thank you for your continued interest in participating with Pinellas County and the SBE Program. If you have any additional questions please email us at Businesshelp@pinellascounty.org or call 727-453-7200.

RE: RFP for City-Owned Real Property Located at 1794 22nd Street S, St. Petersburg, FL 33712

Dear Mr. Smith:

This letter serves to indicate support of Positive Impact Worldwide Ministries application in response to the request for proposal for the City-Owned real property located at 1794 22nd Street S, St. Petersburg, FL, known as Tangerine Plaza.

As the President and CEO of Foundation for a Healthy St. Petersburg (FHSP), I wish to express full support for the Positive Impact Worldwide Ministries application seeking funding for the implementation of a masterplan for Tangerine Plaza that will alleviate food insecurity experienced by individuals residing in a community food desert. The mission of FHSP is, "To end differences in health due to social or structural disadvantages to improve population health." We do this by inspiring and empowering people, ideas, information exchange, organizations and relationships within a framework of health and race equity.

The proposed plan will offer fresh, healthy, affordable fruits and vegetables to individuals and organizations participating in the program. In tandem with the provision of healthy foods, the masterplan incorporates a culinary arts center and coffee café that will serve as a teaching platform that will not only increase awareness regarding the benefits of nutritious meals but individuals will also learn how to prepare healthy meals. This unique, holistic asset-based community development strategy, using an existing community asset, will reignite the vibrancy of Tangerine Plaza.

Foundation for a Healthy St. Petersburg will continue to seek our own opportunities to partner with Positive Impact Worldwide Ministries on this initiative. Our ongoing community-based food systems work, through the lens of health and racial equity, continues to illuminate prospects for mission alignment and community response whereby Foundation resources may be considered to further augment programming needs.

Foundation for a Healthy St. Petersburg remains supportive of Positive Impact Worldwide Ministries and their efforts to alleviate food insecurity in South St. Pete. Should you have questions regarding the Foundation's support of this application, please, reach out to me or Julie Rocco, Senior Community Engagement Advocate, at 727.465.8650.

Sincerely,

Randall H. Russell CEO and President

On behalf of the Pinellas County Urban League, this correspondence is to express support for Positive Impact Worldwide Ministries application for the City of St. Petersburg's property located at 1794-22nd Street South (Tangerine Plaza) in an effort to respond to the needs of St. Petersburg's hunger crisis.

The Urban League commends Positive Impact Worldwide Ministries in their quest to address hunger issues to residents in the South St. Petersburg Community Redevelopment Area where access to affordable, nutritious food is limited. Their objective to establish a teaching kitchen will greatly enhance this community through cooking healthy meals and improved wholesome diets as well as promote healthy lifestyles.

As a community service organization, the Pinellas County Urban League has been providing services for over forty-three years in Pinellas County. The Urban League is a 501(c)(3) organization that serves African Americans and other disenfranchised members of the community to achieve social and economic equality. On an annual basis, the PCUL serves over 15,000 low-income residents in the areas of youth education, crime prevention, employment, health services, weatherization and home energy assistance. Our focus is to help *Empower Communities and Change Lives*.

We applaud Positive Impact Worldwide Ministries efforts to provide this opportunity and stand ready to partner with them in this endeavor. The Pinellas County Urban League pledges its wholehearted support and stand ready to bring to provide relevant information to our clients and help to reach targeted communities under this proposal.

Should you have any questions or require additional information, please feel free to contact me at 727.327.3568 or via email at whavnes@pcul.org.

Sincerely,

Rev. Watson L. Haynes, II President & CEO

 - **B.** Capability Statement from Caldwell Management Solutions
 - C. Resume of Henry Abode

VII. Project Team

Positive Impact Worldwide will hire two organizational development companies to strategically plan the development of the Culinary Arts Center and its surrounding businesses. These companies are Karen*Rae Advertising and Caldwell Management Solutions.

Karen Rae is a hard-working business entrepreneur who founded Karen*Rae Advertising in 2003 with over \$2 million in sales within its first 18 months. Fast forward 17 years and Karen Rae Advertising has done business with 100's of clients in over 24 states and continues to operate today.

Karen has worked as a business consultant for a cosmetic medical center and structured and branded several startup businesses including Strive for Greatness, Sea Beyond Marine Group, Fab 5 Global and Positive Impact Worldwide.

Karen is currently the Executive Director and serves on the Board of Directors for Positive Impact Worldwide, a nonprofit organization based out of St. Petersburg, Florida. Additionally, she is the Founder and CEO of Fab 5 Global, an organization that provides tools & ongoing training and support that helps individuals to achieve balance in the 5 Fundamental Areas of life.

Karen also serves on the Advancement Committee at Keswick Christian School. In this capacity, she assures the Institute has effective development and alumni relations and marketing and communications programs in place to maximize the philanthropic support for the school and its proper recognition throughout the state of Florida.

Karen Rae Selm will serve as the Project Director for The Positive Impact Tangerine Plaza's Redevelopment. She is President of Karen * Rae Advertising, a marketing and publicity company.

As Project Director, her primary responsibilities will include, but are not limited to: develop a year-long marketing strategy and campaign aiming to enhance the brand image of an healthier South St Pete through the newly established PIW Culinary Arts Center; develop and execute goal-aligned content marketing and branding strategies for small and collaborate businesses that promote an healthier South St. Pete; coordinate marketing activities to ensure consistent messaging across print, website, e-mail, and social media channels; the construction of targeted

promotion strategies and Pop-Up events such as South St. Pete Localpoloosa, Coffee and Cars, Food Truck Bonanza and Top Young South St. Pete Chef (to name a few) to involve local South St. Pete residents and businesses; and research and strategize for emerging markets in positive health maintenance to optimize resident and business performance.

In order to address social determinants of health and meet multiple metrics of success, the Project Director will oversee the launching of platforms for expert facilitators and curriculum development specialists to provide hands-on, interactive trainings that impact every aspect of healthy living. Training will be offered remotely or onsite at the Culinary Arts Center, depending on needs and preferences of the nutritionists and patients. (See Capability Statement)

Dr. Loretta Caldwell-Thompson serves as the President and CEO of the organization. She is an executive leader with a keen ability to develop and implement strategic growth initiatives. She created Caldwell Management Solutions to provide a variety of public and private sector companies the necessary tools to transform their organization with a mission and vision for the future. Together, they plan and implement leadership policies and principles to improve operations and promote growth.

Her core values are based upon shared thinking and collaboration. Research tells us that these are the cornerstones for successful companies and organizations. It has been shown first-hand, that these core values can transform organizations into a healthier and more productive environment for everyone.

On this project, Caldwell Management Solutions will be involved in grant-writing and community collaborations and engagements. CMS has already identified diverse resources to obtain funding for our auxiliary services from the Departments of Commerce and Economic Development, Small Business Administration, and private foundation sources. CMS has obtained a listing of available art organizations that receive city funding to assist PIW's positive Impact and Beyond to assist in capturing the artistic value that is reflective of the community in South St. Petersburg.

In a competitive world of grant-writing and project management, Dr. Loretta Caldwell
Thompson is a detailed oriented writer that uses her storytelling skills and writing skills to form a
narrative that is informative and emotional. She is not afraid to use a different approach in the
selection of funding opportunities that could aid or impact an organization. Through her
relationships with people and other organizations, her narrative writings can connect the dots

between the community need, the organization's mission, grant activities, and measurable outcomes that create impactful solutions. (See Capability Statement)

An example of this is reflected in the grant written by Dr. Thompson as Guild President of the Pinellas County Urban League and funded by the Foundation for a Healthy St. Pete. This grant, Fuel for the Soul, provided a fun, easy, and meaningful way to connect with foods. It is the understanding, preparation, and meal delivery that have an impact on healthy living. The project evolved into interactive cooking demos for forty participants, with a focus on the preparation of easy, healthy, and affordable meals. These cooking sessions lasted for two hours. Each session included a mini presentation on cooking issues and solutions affecting four deadly diseases that haunt the Afro-American community. With the participants' permission, some of the cooking lessons were live screened on Facebook and other social media ventures. (See Attached Press Release)

Additionally, Dr. Thompson and CMS will be responsible for Quality Assurance. They will develop a QA plan, audit it, and report on its compliance through the collection of identifying, collecting, monitoring, and reporting of QA metrics.

Mr. Henry Richardson of Adobe Builders will serve as the Project's Strategy and Building Consultant. As a seasoned professional, Mr. Richardson is a construction development consultant. He will assist the Project Team to handle business structures and operations, oversee the implementation of different contracts, and create and present detailed reports to upper management.

Empact Solutions will serve as our Technology Specialists. They will provide technical expertise to the implementation, monitoring, and maintenance of the informational technology system. They will focus on specific network, database, and systems administration functions for the various projects that will be included in all aspects of the redevelopment. (See Capability Statement)

Members of the Board of Directors of PIW include a Finance team and a real estate lawyer that will collect, monitor, and report to the governing bodies all financial information and legal information required.

Student interns from area colleges, universities, and Pinellas Technical College's Culinary Arts Department will play a crucial role as both teachers and learning participants in the Culinary Arts Center.

TARGETED & DIRECT RESPONSE MARKETING THAT ELICITS AN IMMEDIATE MEASURED RESPONSE.

Our Solution

TARGETED ADVERTISING

Your marketing campaign is only as effective as the data you use. Karen Rae Advertising offers powerful Database Management Services to help you maintain a current and accurate customer database and provides conquest data to help you grow your business.

BRANDING STRATEGIES

Your digital and printed brand is a core part of your business presence. Karen Rae Advertising's Identity Package includes Logo design, Social Media design, Collateral Materials, Internal Branding (Business Card, Letterhead, Signatures), Signage, as well as Promotional Products.

MULTI-CHANNEL MARKETING

In today's increasingly mobile economy, consumers interact with brands across a variety of platforms and channels.... Implementing multi-channel marketing strategies increases the chance of YOUR message being seen by consumers, which in turn increases the potential for greater revenue generation.

Karen Rae Advertising is one of Tampa Bay's premiere full service marketing companies whose core-focus is Impact Marketing which includes Targeted Direct Mail Advertising Campaigns, Email Marketing, Social Media Marketing Campaigns & Management, Online & Digital Marketing Services, Website Design & Management Services, and Paid Search Marketing & Optimization.

Food That Fuels Body and Soul

Pinellas County Urban League wants to change how communities of color eat with a series of cooking sessions that focus on healthier food options and lifestyle changes.

St. Petersburg, FL - It started as a conversation about health that grew into a grant aimed at improving the disparaging statistics on the diseases that plague the local African-American community. Pinellas County Urban League in partnership with The Foundation for a Healthy St. Petersburg, will host "Fuel for the Soul" - a series of free events that feature ways to eat beloved soul food dishes without the healthier ingredients. With the help of culinary veteran, Chef Kevin Harris, those in attendance will learn a new recipe and receive a complete set of ingredients to prepare the meal at home.

"We saw that there was a need for this kind of change in our community, so we found a way to make the change a lot more appealing," explains Pinellas County Urban League Young Professional President, Demetrius Taylor.

The events will be hosted at A Taste of Gourmet Cafe. Chef Kevin and his team will demonstrate a different full-course meal during each session. Music, games, and giveaways will add to the experience of event attendees.

Pinellas Urban League Guild President, Dr. Loretta Caldwell-Thompson's vision for Fuel for the Soul is clear: "The spirit of each event is fun. It's a festive atmosphere in which people can gain information that will positively affect how they think about food and their health."

Fuel for the Soul is a collaboration of Pinellas County Urban League Guild and Young Professional auxiliaries. It is free and open to the public. It will be held at Taste of Gourmet (4195 54th Ave N suite E, St. Petersburg, FL 33714) on August 15th and 22nd at 6PM. More event dates to be announced. For more information, visit http://pculyp.org/FUELFORTHESOUL.

#fuelforthesoul #partylikeafoodie

The Pinellas County Guild and Young Professionals are auxiliary organizations of the Pinellas County Urban League which engage young and seasoned professionals across the Tampa Bay area. Fuel for the Soul is a joint effort of both groups to fulfill the organization's vision of achieving social and economic equality for all. PCUL Guild and YP members support the goals and mission of the Pinellas County Urban League by serving local communities and empowering members through personal/professional development, political engagement, and community service.

VIII. Mixed Use with Focus on Food Access

A. Support Letter from Feeding Tampa Bay

MIXED-USE WITH FOCUS ON FOOD ACCESS

Goal: Ending hunger and addressing the food deserts while preparing for healthy living

Project: Build a 38,000 – 40,000 sq. ft. building/warehouse/commercial kitchen, culinary arts center, administrative and classrooms for workforce development in the culinary arts to serve the South St. Petersburg area.

About the Food Bank of South St. Pete: The PIW Food Bank serves over 1000 families per every food drive conducted. In fiscal year 2019, the Food Bank distributed 9.1 million pounds of food. The Food Bank's warehouse will serve as a pick-up point for at least 50 agency partners, i.e. schools, nursing homes, faith-based institutions, and other non-profit organizations who distribute food locally. PIW currently receives food and other perishable goods from Feeding Tampa Bay and Metropolitan Ministries and The 700 Club.

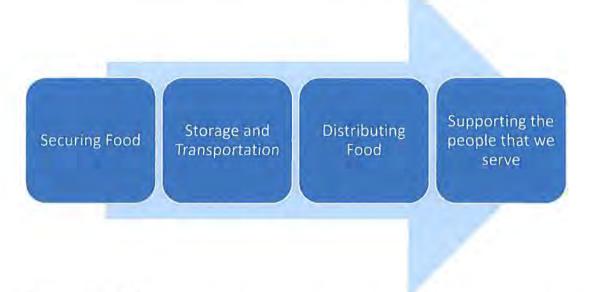

Community/economic benefit: The Food Bank will be a key resource in serving the needy in the South St Petersburg region, and will be especially critical during this recent pandemic where unemployment and food insecurity has escalated. In conjunction with building a permanent home, this Food Bank will expand its role in food supply and distribution, poverty alleviation, and the promotion of self-sufficiency. The Food Bank's goal is to distribute 3 million pounds per year in the region.

Program and community partnership possibilities: As a platform for partners, the Culinary Art Center will provide sustainable infrastructure, staffing, and connections for long-term community benefit.

- Commercial kitchen, food hub, teaching and training center to address health and food disparities
 - Food Bank will preserve produce year-round;
 - Food hub will expand local food consumer and wholesale markets, including sales to restaurants, food retailers, schools, and other institutions;
 - Classes in cooking, nutrition, special diets, and food preservation will be offered
 to children, adults, health care professionals, and childcare providers in
 collaborations with area hospitals and health insurance companies; and
 - Job training in food safety and processing will be offered to businesses, schools, childcare centers, and institutions

Potential partners include: Local colleges and schools, federal government agencies, city governments, farmers, non-profits, businesses, insurance companies, dietitian officers of area hospitals and insurance companies.

MIXED-USE WITH FOCUS ON FOOD ACCESS

Securing the Food

Positive Impact will secure donations from national food and grocery manufacturers, retailers, shippers, packers, growers, and from government agencies and other organizations. Staff will work closely with the partners to match excess food with the Food Bank that most needs it.

Shipping and Storage

Positive Impact's network of food banks receives and safely stores donated food and grocery products. (see support letters). Positive Impact will support member agencies with training, oversight and equipment grants to ensure perishable and non-perishable food is handled and stored properly in their institutions.

Distributing Food

The food bank will distribute food and grocery items through food pantries and meal programs that serve families, children, seniors, and individuals that are at risk of hunger. Last year and this year, the Positive Impact network distributed more than 3.6 billion meals to people in need. During the pandemic crisis, Positive Impact served (and is continuing to serve) over 1500 families via their Drive, Pop, and Top where their volunteers supplied food and Easter gifts to children on the Tangerine Plaza parking lot.

Supporting the people

Positive Impact's network of food banks will support programs that improve food security in South St Petersburg; educate the public about the problem of hunger as a part of our Culinary Arts Center. It will be the mission of Positive Impact to advocate for legislation that protects people from going hungry. Thus, Positive Impact will involve other individuals, charities, businesses, and government agencies to have a role in ending hunger and supporting families in South St. Petersburg.

February 4, 2020

To Whom It May Concern,

Thank you in advance for taking the time to read my letter in support of Positive Impact. My name is Rhonda Gindlesperger and I am the Chief Operating Officer for Feeding Tampa Bay. Throughout my time at Feeding Tampa Bay, I have had the pleasure of meeting and working with many partners in our community that help us fight hunger every single day in our ten counties in West Central Florida. With such a large base of over 600 community partners, one agency in particular has stood out from the beginning, Positive Impact in St. Petersburg. While Positive Impact has had a long standing relationship with Feeding Tampa Bay for many years, I have had the privilege of working with them for almost 5 years. The name alone, Positive Impact is a true statement to what they do every day in the community and lives they impact in so many ways in an uplifting manner. This is an agency partner in the community with great integrity and desire to make a difference in providing food to those who need it but also in providing dignity and care to those they serve.

Their leadership has worked hard at building capacity and looking at how they can meet people where they are at. Positive Impact received an opportunity with Feeding Tampa Bay for a pull behind refrigerated trailer to help further the mission. They have utilized this trailer in increasing their ability to serve more by mobilizing their resources and getting into communities that have a great need. Feeding Tampa Bay has also connected their mission with picking up directly from valued retail partners in the community who donated excess food for those who are food insecure. As they are a direct representation of Feeding Tampa Bay, this is great responsibility that we have entrusted in them with and they have carried themselves in a professional and reliable manner every step of the way.

Positive Impact's commitment to serving the community continues to grow along with the ever rising need. Their desire and capability to move their mission forward is inspirational and forward thinking. I look forward to our continued partnership with Positive Impact and helping fight food insecurity in the community. It takes great partners to help in the fight against hunger and Positive Impact is definitely one of those great partners for Feeding Tampa Bay. I look forward to the growth of this thoughtful ministry and the continued impact that they will make in the community for years to come.

Please feel free to reach out to me at any time if you would like to discuss Positive Impact and their commitment to the community and those they serve.

Best Regards,

Rhonda Gindlesperger Chief Operating Officer

Feeding Tampa Bay

INDEPENDENT AUDITOR'S REPORT

To the Stockholders Case Contracting Company

We have audited the accompanying balance sheet of Case Contracting Company (S Corporation) as of December 31, 2018 and 2017 and the related statements of income and retained earnings and cash flows for the years then ended. The financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Case Contracting Company as of December 31, 2018 and 2017, and the result of its operations and its cash flows for the years then ended in conformity with generally accepted accounting principles in the United States of America.

CASE CONTRACTING COMPANY NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2018

DESCRIPTION OF BUSINESS ACTIVITY

The company is general contractor for commercial properties. The work is performed under cost-plus-fee contracts, fixed-price contracts, and contracts modified by incentives and penalty provisions.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Revenue and Cost Recognition

Revenues are recognized on the percentage of completion method. A contract is considered 100% complete when all costs, except insignificant items, have been incurred, and the job has been accepted by the customer.

Construction costs include all direct material and labor costs. All other costs are charged to expense as incurred. Provisions for estimated losses on uncompleted contracts are made in the period in which such losses are determined.

Costs in excess of amounts billed are classified as current assets under work completed in excess of contract billings. Billings in excess of costs are classified under current liabilities as contract billings in excess of work completed.

B. Property and Equipment

Property and equipment are stated at cost. Repairs and maintenance, which do not extend the useful life of the property, are charged to expense as paid.

Depreciation is provided for over the respective estimated useful lives of the assets using straight line and accelerated methods of deprecation. Depreciation expense of \$66,229 and \$23,544 for the years ended December 31, 2018 and 2017 respectively

C Income Taxes

The Company elected on May 1, 2005 to be taxed under the provisions of Subchapter S of the Internal Revenue Code. Under those provisions, the Company does not pay federal corporate income taxes on its taxable income. Instead, the stockholders are liable for the individual federal income on their respective shares. As of May1, 2005 the corporate fiscal year was changed from April 30, to December 31.

To Whom It May Concern,

Re: Case Contracting Company Bonding Capabilities

We represent Case Contracting Company, Plant City, Florida, in their relationship with their surety company, Continental Casualty Company. Continental Casualty Company is presently rated A, XV in the most recent <u>BEST GUIDE</u> and licensed to write surety business in the State of Florida. Their issuing office is 801 Warrenville Road, Suite 700, Lisle, Illinois 60532. Their account manager is Dan Panek, who can be reached at 630-719-3095. Based on review of Case Contracting Company's most recent financial information, Continental Casualty Company has authorized the following program for Case:

Single Project Limit:

\$ 75,000,000

Aggregate Backlog:

\$ 175,000,000.

The issuance of any specific performance, labor material payment or other bonds is contingent upon confirmation of 100% project financing and receipt of satisfactory contract documents and current underwriting review. Any performance and payment bonds provided would be issued for 100% of the contract sum until contractual obligations have been satisfied.

Both Continental Casualty Company and we have the utmost confidence in Case Contracting Company and recommend them highly for your consideration. We have had nothing but positive experiences in providing their surety bond support since their inception. Should you need any additional information or clarification, please do not he sitate to contact me.

Very tody yours.

Dear Community.

At Pinellas PAL, we have the privilege of working with the incredible youth of Pinellas County. Many of our students come from low-income households and families that struggle to provide for their children. But one thing these parents shouldn't have to worry about is feeding their kids. We believe all students deserve access to healthy food, regardless of family income, and this is why we support Pastors Jay and Kara'Lynne Brubaker's efforts to establish a food bank in southern Pinellas County.

As Pastor and Pastor Brubaker explain, District #6 is classified as a food desert, and the casualties of this lack of access to fresh, healthy food are the children of southern Pinellas County. At PAL, we want to see every student succeed, but we can't expect them to if their basic needs are not being met. We can speak directly to the generosity of the greater St. Petersburg community and believe firmly that the great people of St. Pete will offer a helping hand in establishing and maintaining a food bank.

Pinellas PAL unequivocally supports the establishment of a south Pinellas food bank. We can attest to both the community need for and viability of this project. St. Petersburg is a community of supportive neighbors, and in the face of hunger we agree: Not on our watch.

Sincerely

Neil Brickfield Executive Director

Jolene Schulte Clearwater, Florida 33755 Phone: 727-417-6775

3/4/20

To: Whom it may concern,

I am writing to you in reference to my relationship with Positive Impact Church. My name is Jolene Schulte and I was a grant writer for over 15 years for several law enforcement and public safety agencies including Broward County Sheriffs Office, Seminole County Sheriffs Office, Casselberry Police and Fire Department. I have successfully written and managed millions of dollars in grant funds that created programs, provided services and purchased equipment to enhance the quality of life and the services provided for the communities and residents that lived there. In addition, I worked as Legislative Liason for Representative/Former Sheriff Everett Rice, and was the owner/operator of a restaurant on 34th Street for over 10 years which was recently sold to Popeyes.

I have known Pastor Karalynne' Brubaker for many years and have a great respect for what she and their team at Positive Impact Church do for the community. I have personally seen them collect resources, store them, box them and then redistribute to the needy. They are willing to do the hard work in the underserved community to get them the resources they need.

There are many churches and organizations in the City of St. Petersburg, but Positive Impact Church has a proven, repetitive record for serving the area of the community that are the most lacking in resources. These are the people that cannot give back to the church, but without the work they are doing at Positive Impact Church, families and children would go hungry in OUR community. They have provided thousands of meals, boxes of food, and connected people with existing resources throughout our area.

Although they have been recognized on many occasions for the spectacular work they have done, recently receiving the keys to the city, that is not the motivating factor for them. It is their mission from God to show love and respect for their fellow man, and the opportunity to provide hope that keeps them going where many churches will not go, to help people firsthand.

The location they are considering for their food pantry is in an area where many large chains have failed. It is at the intersection of 18th Avenue S and 22th Avenue S in St. Petersburg, and while it is an economically depressed area, it is home to the underserved people that Positive Impact Church is serving.

By helping Positive Impact Church repurpose this building into a food pantry, you will be placing badly needed services in the exact location where the services are needed, helping the local residents get food in their neighborhood.

I am on the Board for Positive Impact Church and know the extent of the services they have provided, in the most challenging areas of the city. We would all do well to help them transition this area into an area of hope – who knows what the long-term affect of that could be!

Thank you for your time.

Jolene Schulte

727-417-6775

Walker & Associates Real Estate Services

To: Whom it may concern,

1/27/20

I am writing to you in reference to my relationship with Positive Impact Church.

I have been a Realtor in Pinellas County for over 20 years. I am a Broker/Owner of a Real Estate Company, Walker & Associates Realty. I have worked closely with individuals & families in our community, to meet their housing needs. I see firsthand, the conditions of the people in our community. When I see the ministry of Positive Impact Church & what they do on a practical level for our community, I have not seen anything like their effectiveness & their growth in resources that have come thru partnerships like Metropolitan Ministries & Operation Blessing.

I have known Pastors Jay & Karalynne Brubaker since 2004. They began their ministry at its present location in 2006. I know them to be benevolent members of our community. I have been involved in many of their outreaches to the community & food distribution to the under privileged, especially on the south side of town where the greatest needs are. Pastor Jay has served as a Police Officer & a Reserved Officer in St. Petersburg going on 50 years this year. He has been in every corner of this town to see firsthand the condition of the community.

I am on their board at Positive Impact & I hear their hearts. We see the people that come to them, many in desperation for help, not able to make ends meet. The need for food distribution & training on the south side is great. Their organization offers what the people need. Positive Impact is in a position now, where expansion is needed to handle training & the food distribution needs in the community.

As a Realtor, I have not found any other property, that is more suitable for handling the growth in resources & distribution and the location, which is right in the heart of the need- as the property at the corner of 18th Ave S. & 22nd St. S.

Thank you, Denise Baschuk

April 6, 2020

City of St. Petersburg Honorable Rick Kriseman and Members of City Council 175 5th St. N St. Petersburg, FL 33701

Dear Mayor Kriseman and Members of City Council,

This letter is written in support of the response to the Request for Proposals for the Tangerine Plaza property submitted by Positive Impact Worldwide and its Pastors Jay and Kara'Lynne Brubaker.

Mycroschool Pinellas, as a non-profit charter high school, serving "at-promise" students in Pinellas County, particularly students in the south side neighborhoods has connected with Positive Impact Worldwide and believes the addition of a food bank and culinary teaching kitchen would provide a benefit to our students and the community at-large.

Mycroschool Pinellas is a Title I school and over 70% of our students come from families eligible for the free and reduced lunch program. That means many of our students living in a known food desert, near Tangerine Plaza and greater St. Petersburg, would benefit from access to a local food bank.

In addition, Mycroschool has shared with Pastor Brubaker its interest in moving our school to Tangerine Plaza and growing our program. To date Mycroschool Pinellas has graduated over 373 students in the past 7 years. We have a 40% Federal Cohort Graduation Rate! Even during this pandemic, resulting in extremely challenging times, we are in contact with our students and providing online, at home classes and continuing to graduate students each day!

Finally, following this pandemic, a local food bank may be even more important than ever for our neighbors! Please consider the vision presented by Positive Impact Worldwide for the redevelopment of Tangerine Plaza. This proposal is a perfect opportunity for a public-private partnership directly benefiting our students and families we serve, as well as the greater community surrounding Tangerine Plaza.

Warmest Regards,

Traci C. Steen, Esq. Community Relations/Student Recruitment

RE: Jay and Kara'lynne Brubaker food bank

Dear Mayor Kriseman and City Council Members,

My name is Robert D'Andrea. I graduated from St. Petersburg High School in 1955 and Florida Southern College in 1958. I received my electrical contractors' license in 1960 and my statewide license in 1962. I also founded the Christian Television Network in 1978 in Pinellas County.

I support the establishment of a food bank in the Sixth District Tangerine Plaza where there is a known food shortage. I think it will revolutionize the whole south side of St. Petersburg.

I have known the Brubaker's for most of my life. They are the most conscientious and the most reliable people I know.

Yours truly,

Robert D'Andrea, President

Christian Television Network

Walker & Associates Real Estate Services

Dear Honorable Mayor Kriseman and City Council Members

As providers of HCBS in the Suncoast Region, we are acutely aware of the reality of how many people go hungry in St. Petersburg, Florida. Daily, we assist individuals with intellectual or physical disabilities who struggle with securing even two meals a day; moreover, this does not adequately address the fact that one in four children go to bed hungry.

We support efforts to fulfill the vision of operating a food bank in the southern area of St. Petersburg known as the "Food Desert" (i.e., 18th Avenue South and 22nd St. South). Pastors Jay and Kara'lynne Brubaker are good stewards and pillars upholding the city's mission to:

"..Be a city of opportunity where the sun shines on all who come to live, work and play...

{To} be an innovative, creative and competitive community that honors our past while pursuing our future."

With courage and decency, the fortunate can uplift those who need a helping hand until they can help themselves. Let's pass on our blessings to those who need it most. Thank you for your consideration.

Respectfully,

Michael and CJ. Everhard
(Digital Signature)

c: Pastor Jay and Kara'lynne Brubaker 8 Jefferson court South Saint Petersburg, FL 33711

Rock of Jesus Missionary Baptist Church 3940-18th Avenue South St. Petersburg, Florida 33711

The City of St. Petersburg:

The Rock of Jesus Missionary Baptist Church supports the wonderful community food initiative created by Pastor Kara' Lynne Brubaker. As a fellow pastor, I truly contend that the spiritual and community service this pastor and church have provided for this city has been outstanding! Her relentless pursuit of transforming the lives of broken people in particular, is remarkable. Pastor Brubaker's comprehensive vision of creating an sustainable food source for large numbers of people will help to lift this city to a greater progressive dimension for those in need.

I totally recommend the awarding of these resources to this powerful and life changing organization and the beloved people they serve.

Sincerely,

Rev. Frank Peterman, Jr.

Re: Positive Impact Food Bank, 1794 22nd Avenue, S, St. Petersburg, FL 33712

Dear Mr. Mayor and City Council Members:

I am writing to advise you that Pastors Jay and Kara' Lynne Brubaker have asked me to serve on the Board for the Positive Impact Food Bank to be established at 1794 22nd Avenue, S, St. Petersburg, FL 33712. I am honored to receive this request from Pastors Jay and Kara' Lynne, and I accept this position as a Board member. My background is legal and real estate, and I hope to be able to provide some assistance to this tremendous endeavor of operating a Food Bank to serve our citizens in St. Petersburg.

Respectfully submitted

Minne

Steven E. Murray Managing Member To Whom it may concern,

I am sending this letter regarding all the free food that is delivered to our Senior residents at Lutheran Apartments located at 550 1st ave South in St. Petersburg Florida.

Most of our residents need this service of the free food that Positive Impact food bank provides and look forward to it each 1st Monday of the Month.

Some of the residents wait in line for hours until it arrives, so they can get their free food.

We are so grateful of their kind and generous service they provide each month.

Sincerely,

Patty Hanson-Brewer

Service Coordinator

Lutheran Apartments

550 1st Ave S.

Positive Impact Worldwide c/o Pastors Jay & Kara'Lynne Brubaker 2750 34th Street South St. Petersburg, FL 33711

February 29, 2020

Pastor Brubaker:

I, along with the members of Today's Church, agree that there is a need for a Food Bank on the South Side of St. Petersburg where many churches, and agencies can pick up food and take it to their neighbors.

Please let us know any other ways that we can support the mission that Jesus gave us in Matthew 25 "to feed the hungry, give drink to the thirsty, clothe the naked, visit those who are sick and imprisoned."

Thanks.

Simply Yours,

Dr. Doral R. Pulley,

Spiritual Leader

Mayor Rick Kriseman 175 5th Street North St. Petersburg, FL 33701

RE: District 6 Tangerine Plaza/ Food Distribution Center

Dear Mayor Kriseman:

We would like to thank you for a great job you are doing here in the City of St. Petersburg, and the much needed changes that are taking place. Residents and visitors alike can see the positive changes.

With that being said, we would like to draw your attention to another big need we have on the south side, and that is for a food bank and its accessibility. We believe that if the need is met to help stamp out hunger in our communities it will go a long way with some of the crime that is taking place. For a hunger man, is an angry man.

We support Positive Impact Church in stepping up to endeavor to meet the need for such a task of a food distribution center and believe the above mentioned location would be a great one for all concerned.

Thank you in advance for your consideration for such a move.

Sincerely,

Dr. Altermae Braide, Pastor

The Worship Center, World Headquarters, FL

NEWS FOR CHRIST OUTREACH MINISTRY CHURCH

"A Church Where Everybody Is Some Body And Jesus Christ Is Lord"

February 18, 2020

Dear Mr. Mayer:

I am writing this letter on behalf of Positive Impact Ministries, here in St. Petersburg, Pinellas County.

As a Pastor in this city of St. Petersburg, I have had the honor and privilege many times to work side by side with these wonderful Pastors, Jay and Kara'Lynne Burbaker, not only in worship services, but also during the feeding programs.

I have seen numerous families come through Positive Impact Church, hungry, and not one of them left without food for their families and tables.

Many people talk about feeding missions to other countries, but do not consider the hungry living next door to them or in their own neighborhoods. I feel that St. Petersburg, and Pinellas County have not solved this problem as of yet. I feel that we need many more food banks in our city, to correct this problem, we can't have too many.

If we don't have the compassion to feed the hungry, which Jesus talked about in the Book of Matthews 25:35 ESV "For I was hungry and you gave me food, I was thirsty and you gave me drink, I was a stranger and you welcomed me."

Proverbs 28:27 ESV "Whoever gives to the poor will not want, but he who hides his eyes will get many curses."

He also said how we can have faith without works. Let's show God our works.

On Behalf of Positive Impact food bank within the 18th Street and 22nd Avenue District it is truly needed.

I do pray that you allow God to show you the need in that area, and open your heart of compassion for that area of town, for there are so many families in that area are in need. Compassion sees the need.

Thank you for your time and service.

In Christ Service,

Pastor Jessie M Reeves

(C)

To Whom It May Concern:

As President/CEO of Matters of the Heart Radio Ministry (a 501C3 non-profit), I fully support Positive Impact Church's efforts to obtain a food bank at Tangerine Plaza (formerly Walmart), located at 1794 – 22nd Street South. For almost three years, residents in that community have been without fresh fruits and vegetables, which leave them to purchase processed foods at the nearby Dollar General Store.

Positive Impact Church has been providing a food pantry to assist those families who are hurting and struggling for many years. Last year, they gave away over 60,000 lbs. of fresh fruit, vegetables and meat to the local community. With food deserts growing more and more throughout the United States, we have to standup and assist those who are underserved.

The old Walmart Plaza will be a prime location for Positive Impact Church to set up a food bank that would allow area residents, churches and agencies to pick-up food and take to their neighbors. This location is in dire need of a food bank and I stand alongside Positive Impact Church to say, "NOT ON MY WATCH." I will not stand back and watch knowing that one in four children in many of our neighborhoods are going to bed hungry.

Therefore, I urge you and plea with you to allow Positive Impact Church to establish a food bank at Tangerine Plaza (formerly Walmart).

Respectfully,

Denise L. Wright
