

**ST. PETERSBURG CITY COUNCIL**

**Consent Agenda**

**Meeting of March 18, 2021**

TO: City Council Chair & Members of City Council

SUBJECT:

Authorizing the Mayor or his designee to accept the Health in All Policies grant in the amount of \$78,573.75 from the State of Florida Department of Health, Pinellas County Health Department (Department) paid by the Foundation for a Healthy St. Petersburg to support the City's implementation of a Health in All Policies framework, and to execute a grant agreement along with all other documents necessary to effectuate this transaction; approving a supplemental appropriation in the amount of \$78,573.75 from the increase in the unappropriated balance of the General Fund (0001), resulting from these additional grant revenues, to the Parks and Recreation Department, Healthy St. Pete Division (190-1587); and providing an effective date.

EXPLANATION:

A Health in All Policies (HiAP) framework recognizes that social determinants, conditions where we are born, live, work, play, worship, and age, have a strong effect on health. A HiAP framework encourages local governments to acknowledge and act upon the fact that resources and policies related to food access, housing, transportation, safety, education, land use, air and water quality, criminal justice, and economic development have a direct impact on health and are sometimes unequally distributed among populations. The Health Department proposes, with the assistance of its community partners, to transform local policymaking by bringing a "Health in All Policies approach" across government and community sectors. Healthy St. Pete, a division of the Parks and Recreation Department, hired a planner to work exclusively on a HiAP framework implementation. The planner is responsible for assessing and tracking city and state legislation, regulations, and policies pertinent to the elimination of health disparities, especially within high-risk areas, to create a healthier community.

COST/FUNDING/ASSESSMENT INFORMATION:

Revenues of \$78,573.75 will be received from the Department and deposited into the General Fund. Funds will be available after the approval of a supplemental appropriation in the amount of \$78,573.75 from the increase in the unappropriated balance of the General Fund (0001), resulting from these additional grant revenues, to the Parks and Recreation Department, Healthy St. Pete Division (190-1587).
