The Debt Supplement Report (DSR) provides detailed debt information which expands upon the information included in the City's Annual Comprehensive Financial Report (ACFR). The DSR is available on the City's web site at www.stpete.org/finance and on the Electronic Municipal Market Access (EMMA) web site at www.emma.msrb.org.

The data presented in the DSR includes information on outstanding bond issues and notes; including maturity schedules, future estimated debt service requirements, debt coverage requirements, debt policy guidelines, and other required debt disclosure schedules. Although not included as outstanding debt in the ACFR, the DSR also includes Private Activity Bonds.

The Combined Debt Section presentation conforms to ACFR requirements of separating Governmental Debt from Enterprise Debt. Governmental Debt is supported by shared state revenue, shared state sales tax revenue, shared county sales tax revenue, public service tax and other special revenues. Enterprise Debt is supported by net revenue of the Water Resources and Stormwater System, the Marina and Sanitation.

As part of the City's desire for transparency, the DSR also includes details on any outstanding bank notes, loans, and any other related indebtedness.

As of September 30, 2022, the total gross indebtedness of the City was \$822.1 million. A comparison of gross debt of \$852.6 million as of September 30, 2021, shows a decrease of \$30.5 million during the year. Governmental debt had a net decrease of \$10.6 million in gross debt due to principal payments. Enterprise debt had a net decrease of \$19.9 million in gross debt due to principal payments and no net impact from the \$40.0 million in debt issuance that exchanged Public Utility Series 2020 for Series 2022A.
