Executive Session

Commissioner Winters: We will move into executive session, since there are no public comments, commissioners?

Commissioner Wannemacher: Since I have been complimenting the architects each time, typically, I would point out that Thomas Hammer and Rowe Architects, I think will do a wonderful job on any renovation or rehabilitation of this structure. It is great that they are involved.

Commissioner Winters: It is great to see a building in this somewhat isolated location, now being invested in and worked on. I have driven by it a good bit and it is just sitting there so forlorn and I am excited to see what happens to it. I think it is going to be another great asset to our city. I want to walk around it next time I am up there to see the details. We have a motion on the floor, any other discussion or comment? Okay we can take a vote:
