**ST. PETERSBURG CITY COUNCIL**

**Consent Agenda**

**Meeting of January 21, 2021**

**To: City Council Chair Ed Montanari and Members of City Council**

**Subject:** A resolution authorizing the Mayor or his designee to accept an Assistance Funding Purchase Order (“Order”) from the Florida Fish and Wildlife Conservation Commission (“FFWCC”) Gopher Tortoise Habitat Management Program for a Gopher Tortoise Habitat Management Plan Phase VIII Project at Boyd Hill Nature Preserve at a maximum reimbursement amount of \$15,000; and to execute all other documents necessary to effectuate the Order; approving a supplemental appropriation in the amount of \$15,000 from the increase in the unappropriated balance of the General Fund (0001) resulting from these additional revenues to the Parks & Recreation Department, Boyd Hill Nature Trail Division (190-2389), Gopher Tortoise Habitat Management Plan Phase VIII Project (18231); and providing an effective date.

**Explanation:** The FFWCC Gopher Tortoise Habitat Management Program has awarded the City an Assistance Funding Purchase Order (“Order”) in the amount of \$15,000 for a Gopher Tortoise Habitat Management Plan Phase VIII Project at Boyd Hill Nature Preserve (“Preserve”). The Preserve has a large population of gopher tortoises and burrows; however, vegetation is becoming too dense to sustain the foraging and burrowing needs of the tortoises. The proposed management activities will create forest openings to increase suitable habitats at the site for the tortoises. Work under this Order includes a prescribed burn and selective hand and mechanical removal of exotics totaling 64 acres to be completed by a third-party contractor. In Florida, the gopher tortoise is listed as a “threatened” species, and therefore, the tortoise and its burrow are protected under state law. Based on the above information, administration recommends adoption of the attached resolution authorizing the Mayor or his designee to accept an Assistance Funding Purchase Order (“Order”) from the Florida Fish and Wildlife Conservation Commission (“FFWCC”) Gopher Tortoise Habitat Management Program for a Gopher Tortoise Habitat Management Plan Phase VIII Project at Boyd Hill Nature Preserve at a maximum reimbursement amount of \$15,000; and to execute all other documents necessary to effectuate the Order.

**Cost/Funding/Assessment Information:** Revenues of up to \$15,000 are to be received from this Order. A supplemental appropriation in the amount of \$15,000, from the increase in the unappropriated balance of the General Fund (0001) resulting from these additional revenues to the Parks & Recreation Department, Boyd Hill Nature Trail Division (190-2389), Gopher Tortoise Habitat Management Plan Phase VIII Project (18231), is required.
