VISION 2020 – IMPLEMENTATION

Ongoing City and Community Actions Since 2002

City Development Framework Recommendations (41)

- **Neighborhoods (traditional, suburban)**
  - Protect and reinforce the unique character of each neighborhood,
  - Housing that is stable, safe and varied
  - Streets should be livable public open space

- **Centers (downtown, suburban, future)**
  - Enhance the unique character of the downtown
  - Comprehensive Solutions to Transportation. Design for people, not cars.
  - Civic uses should be reinforced

- **Corridors (commercial, residential, industrial, environmental)**
  - Identify main nodes of activity and intensify uses, density and activity at these areas through mixed use.
  - Beautify corridors through landscaping, road improvements and surrounding architecture
  - Increase standards and incentives for design
VISION 2020 - IMPLEMENTATION

StPete2050 Community Survey

What is StPete2050?
StPete2050 is a citywide conversation about the future of St. Petersburg, which will guide plans, programs, and services throughout the city. The City prioritizes this opportunity to engage the Sunshine City’s residents.

To guide the sustainable, resilient, and equitable growth over the next 30 years, St. Petersburg will require a vision that captures the essence and reflects the voice of the community.
