MY FIRST NAME IS: [REDACTED]

I AM 20 YEARS OLD. IN 2050 I WILL BE 41 YEARS OLD.

THE FUTURE OF MY CITY IS: I want the world to be healthy. I want there to be no criminals or bad people. In 2050 I hope to invent something really cool to detect trash and plastic. And I want to work with community services and help homeless people in need. I would make schools better and higher rated. I would also ban uniforms because I don't think that is fair. I would also want to be a teacher. If I was a teacher I would allow kids to be on their phones for educational purposes. I also want to save endangered animals.
