3. 

Grease Hauler Name:
---------------------

4. 

Next date and time the interceptor will be pumped and cleaned:
--

5. \$275.00 non-refundable fee payable to the City of St. Petersburg

I have read Section 27-334(d)(2) and (d)(3) of the St. Petersburg City Code and have determined that monthly pumping of the grease interceptor is unnecessary in order to maintain compliance. I am submitting a request for a variance together with the \$275.00 non-refundable fee. I understand that inspectors from the Grease Management Program will be inspecting the grease interceptor at a minimum of every thirty days until the new pumping frequency has been determined. In no case will the pumping frequency exceed 6 months. The Grease Management Program will issue an amended permit if the variance is granted.
