Town of Tarboro, North Carolina Mayor and Council Communication

Subject: Battery Energy Storage System Project

Date: 8/9/2021

Memo Number: 21-54

As the owner of its electric distribution system, the Town of Tarboro is a participant member of the North Carolina Eastern Municipal Power Agency (NCEMPA), a full requirements wholesale power supplier to its members via a Full Requirements Power Purchase Agreement (FRPPA) with an investor-owned utility. Tarboro's power costs under the FRPPA are based on electric load during the monthly coincident peak hour. Through targeted demand-side management activities, as allowed under the FRPPA, Tarboro is able to reduce its power cost by reducing its electric load during the coincident peak hour. Tarboro continues to be a leader in NCEMPA regarding load factor due to its aggressive use of distributive generation and customer load-management for demand-side management.

Recent battery technology improvements and lower costs have provided additional opportunities to reduce the electric load during peak times. Staff has investigated the use of Battery Energy Storage Systems (BESS) for demand-side management and believe the use of this technology could greatly benefit the Town of Tarboro and its rate-payers. Representatives from UtilityEngineering, LLC will be present to inform Council about the economic benefits of installing a Battery Energy Storage System on the Tarboro Electric System.

It is recommended that Council authorize staff to work with UtilityEngineering, LLC to develop a Request for Proposals from companies to install up to a 4.5 MW Battery Energy Storage System on Tarboro's electric distribution system.

Date: 8/9/2021

Memo Number: 21-55

Funding for the purchase of a Knuckle Boom Truck was included in the Town's Budget Ordinance for FY 2021-2022 in both the Electric Fund and the Solid Waste Fund.

Staff requested bids for such equipment in July of this year and received three responses. A bid tabulation is attached.

The lowest bid utilizes pricing offered under the North Carolina Sheriffs' Association Procurement Program Bid #22-06-0426, Heavy Equipment Bid, as awarded to Amick Equipment Company, Inc. This bid award also includes pricing on optional and customized equipment specific to the needs of each department.

It is recommended that Council award both contracts to Amick Equipment Company, Inc. and authorize appropriate staff to execute the necessary contracts and/or procurement documents.
