**B. Tift County Board of Elections Consolidation of Precincts: **Requires No Action****

Even though this requires no action by this Board, Vice Chairman Hester stated that he has some

concerns about the consolidation of the Precincts into only one. He has had several calls concerning this. The Board of Elections will be holding a Public Hearing on this on Monday, September 21, 2015 to hear comments on the Consolidation. According to public outcry it could weigh on their decision. The County Attorney was asked if a suite could be filed by the group that is opposing the consolidation. The County Attorney stated that we might have to take a wait and see approach based upon the comments and what comes from the public hearing. A group can challenge the precincts and he believes the Board of Elections is aware of this. The Public Hearing will be held at the UGA Conference Center.

Item F was inadvertently left off the Agenda for the Regular Session. This item was discussed in the Work Shop Session. The County Attorney requested that a motion be made to add this item to the Regular Agenda. Motion was made by Commissioner Rigdon to add Item F, Hospital Authority Appointments to the Agenda, seconded by Commissioner Wood. Motion carried unanimously.

**F. Hospital Authority Appointments:** There are two seats for consideration. The first is the seat currently held by Jimmy Allen. The Chairman opened the floor for nominations. Vice Chairman Hester nominated Jimmy Allen. There were no further nominations and the Chairman closed the nominating process. Motion was made by Commissioner Wood to re-appoint Jimmy Allen to serve another term on the Hospital Authority, seconded by Vice Chairman Hester. Motion carried unanimously.

The second seat is currently held by Dallas Hunt. The Chairman opened the floor for nominations. Vice Chairman Hester nominated Dallas Hunt. There were no further nominations and the Chairman closed the nominating process. Motion was made by Commissioner Wood to re-appoint Dallas Hunt to serve another term on the Hospital Authority, seconded by Commissioner Setters. Motion carried unanimously.

**L. Purchasing Policy:** The County Manager stated that this was given to the Board for consideration at the Workshop Session. The County Attorney stated that in drafting this policy the idea was to understand the practical realities of how the County has to do business. It became apparent to him that we have purchases and expenditures that were not budgeted and so forth. State law governs some of the County's purchases and that has been noted in this policy. Commissioner Setters commented that if the Budgeted Capital Expenditures paragraph remains then the Department Heads need to be prepared to list those expenditure items at budget time. Any Leasing Contracts that binds the County must come before the Board for approval. The County Attorney made some recommendations to clarify the policy as it relates to itemized capital items and what is approved in the budget; otherwise it will come before the Board for approval. Commissioner Hughes asked if any capital items had been purchased as of now that exceeded \$50,000. The County Manager stated not to his knowledge. The County Attorney will make the revisions and bring it back before the Board at the next meeting.

Motion was made by Commissioner Wood to table action on the Purchasing Policy until the next meeting, seconded by Commissioner Setters. Motion carried unanimously.
