Town of Scituate Rhode Island

September 29, 2011

To the Honorable President and Members of the Town Council Scituate, Rhode Island

The Comprehensive Annual Financial Report of the Town of Scituate, for the fiscal year ended March 31, 2011, is submitted herewith. This report was prepared by the Treasurer's Office. Responsibility for both the accuracy of the presented data and the completeness and fairness of the presentation, including disclosures, rests with the Town. We believe the information, as presented, is accurate in all material aspects: that it is presented in a manner designed to fairly set forth the financial position and results of operations of the Town as measured by the financial activity of its various funds; and that all disclosures necessary to enable the reader to gain adequate understanding of the Town's financial affairs have been included.

The Town is required to undergo an annual Single Audit in conformance with the provisions of the Single Audit Act of 1996 and U.S. Office of Management and Budget Circular A-133, "Audits of States, Local Governments, and Non-Profit Organizations". The Schedule of Expenditures of Federal Awards and Independent Auditors' Report on the internal control structure and compliance with laws and regulations are included in the Single Audit Section of this report.

GENERAL

The Town was established in 1636 and incorporated separately on February 20, 1730. It contains an area of fifty-five square miles and is located approximately eight miles west of Providence, Rhode Island.

The Scituate reservoir and its tributary ponds and stream extend throughout most of the area. The water resources are owned by the City of Providence, which maintains them and the attendant watershed in such attractive condition that much of the Town's area has the appearance of a natural park. The convenient location and general attractiveness have induced a considerable number of executives employed in Providence and other nearby communities, to establish residence in the Town.

By design, the Town has remained residential in character. Except for one manufacturer, businesses are almost entirely of the service type.

Approximately forty percent (42.6%) of the Town area is owned by the City of Providence and is employed in the collection and storage of water. This property was acquired by an act of the State of Rhode Island (the "State") legislature that provided the land could be used for water supply purposes only. This huge reservoir is so well engineered and controlled that it has never posed a flood threat. For its land and improvements thereon, the City of Providence currently pays the Town of Scituate an annual amount that represents approximately 21% of the Town's total tax levy. Under legislation adopted by the General Assembly, the valuation may be renegotiated every ten years for the subsequent period. The current valuation was last determined in the 12/31/2009 revaluation for the 2010-2011 fiscal year. The Town of Scituate and the City of Providence have negotiated a new agreement establishing the annual tax payment through December 31, 2017.

Government

The Town of Scituate is a municipal corporation operating under the General Laws of Rhode Island and as such utilizes the Town Council form of government. The Town Council consists of 7 elected members headed by a Town Council President. Town Council members are elected at large for a term of two years. The Town Council has the responsibility of managing the affairs of the Town and submits a detailed budget of its estimated expenditures and revenues for each fiscal year to the voters at an annual Financial Town Meeting.

Education

The public school system of the Town consists of one senior high school, one middle school and three elementary schools. A five-member School Committee that is elected at-large at the regular biennial elections for four-year term directs the general administration of the Scituate School Department. The School Committee determines and controls all policies affecting the administration, maintenance, and operation of the public schools in the Town. The School Committee appoints a Superintendent as its chief administrative agent; submits a detailed budget of expenditures and revenues to the voters at an annual Financial Town Meeting and, once the school budget is approved, determines the allocation of the amount appropriated. The school enrollment for September 1, 2011 is 1652. The cost per student was \$11,921.00 shared by the Town and the State of Rhode Island in the form of School Operation Aid. The cost of operating the Town's school system for the fiscal year ended March 31, 2011 was \$18,901,009 and \$21,080,786 has been budgeted for fiscal year ending March 31, 2012.

Student enrollment per the Scituate School Department for the past 7 years has been and is projected to be as follows:

Fiscal Yea <u>Ending</u>	-	Enrollment
2004		1,793
2005		1,814
2006		1,792
2007		1,873
2008		1,806
2009		1,700
2010		1,660
2011		1,652
	Projected	
2012		1,558
2013		1,550
2014		1,520

Projections revised NESDC and Scituate School Department

Municipal Services

In addition to its schools, the Town provides major public services, certain of which are described below:

Rubbish and Garbage Collection

Rubbish and garbage collection are made weekly by the Town. Recycling is picked up on a bi-weekly basis.

Police Department

The Scituate Police Department has a force of 16 full time members. In fiscal 2011 the Police Department expended \$1,682,288. The Department's fiscal 2012 budget is \$1,806,128.

Fire Protection

Four fire stations and districts, all volunteer, are located on Danielson Pike in North Scituate; Main Street, west of Jackson Flat Road in Hope; Chopmist Hill Road, Route 102; and Old Plainfield Pike in Potterville. Equipment includes fire trucks, rescues and specialized equipment. The Department expended \$721,639 in fiscal 2011 and \$783,932 is budgeted for fiscal 2012.

Emergency Management Services

The Town has a part time Emergency Management Director located at One Lincoln Circle, North Scituate.

Emergency Medical Services

The Town's School Department services the School Health Program.

Rescue service is provided by a rescue from each of the four volunteer fire districts, as well as thru the volunteer Scituate Ambulance Rescue Corps.

Senior Services Center

The Town has a full time Senior Service Center located at 1315 Chopmist Hill Road, North Scituate. Today this is a fully functional facility including the senior meal site, operating 3(three) days per week. In fiscal 2011 the Senior Services Department expended \$123,442 and \$123,920 is budgeted for fiscal 2012.

Public Works, Sewers and Water

The Town's Public Works Department maintains the Town's property including highways and public buildings. The Department expended \$1,761,419 in fiscal 2011 and the fiscal 2012 budget is \$2,041,639.

There are no sanitary sewers in the Town. The majority of town residents draw water from private wells and a small number of residents are served by a public water supplier (Kent County Water Authority).

Libraries

There are 2 public libraries in the Town of Scituate; North Scituate Library and Hope Library, primarily supported by the Town. The libraries' fiscal 2011 appropriation was \$422,707 and the fiscal 2012 budget is level funded at \$422,707.

Employee Relations

As of March 31, 2011 the Town had 23 full-time and approximately 82 part-time and seasonal employees exclusive of the School and Police Departments. The Police Department employed 16 uniformed officers, 5 full-time and 1 part-time civilian employees and 1 full-time and 1 part-time animal control officers. The School Department as of such date had 200 full and part-time professional, as well as 58 part-time and full-time non-professional employees.

The Town's uniformed police employees are members of the International Brotherhood of Police officers (IBPO). The present contract with the Police expires June 30, 2012. The Town's professional school employees are members of the National Education Association of Rhode Island (NEARI) with a contract that expires August 31, 2012. The School Department's custodians are members (NEARI) with a contract that expires June 30, 2011. The School Department's Paraprofessionals are members (NEARI) with a contract that expires June 30, 2012. The employees of the Department of Public Works are members of the Teamsters, Chauffeurs, Warehousemen & Helpers of America Local Union No. 251 with a contract that expires June 30, 2011; the Town Council is currently negotiating a new contract with the Public Works Union.

ECONOMIC CONDITIONS AND OUTLOOK

Population

In 2000, Scituate was ranked 29th in population among the thirty-nine cities and towns in Rhode Island and the Town experienced a 4.8% increase in population from 1990 to 2000. Set forth below is a table of the population in the Town for various years from 1910 to 2000. The estimated population for 2010 was 10,329.

Year	<u>Po</u>	opulation
1930		2,292
1940		2,838
1950		3,905
1960		5,210
1970		7,489
1980		8,405
1990		9,796
2000		10,324
2007		10,870
2009		10,817 (estimate)
2010		10.329

Housing

At the end of 2010/2011 (4/1/2010 through 3/31/2011) sale prices for single family homes in Scituate ranged from \$60,000 to \$600,000. The median sales price for homes in Scituate was \$235,000 and the average sales price was \$253,892.

Source: Tax Assessor's data base

Economic Development

Within the past 2 years, a few projects have been underway and some projects are still on the drawing board:

- A major mill restoration project for mixed use-condominiums is stalled in the Hope Village. The project is currently in receivership. If the project comes to fruition, municipal sewers would be installed and some portions of the Village would get service. Financing and environmental issues also need to be resolved.
- A proposal for 15 duplexes w/30% affordable Housing, on Old Hope Kent Road, has been approved for Master Plan, but has been appealed to the State Housing Appeals Board by the Developer. The appeal is languishing through the legal process.
- Construction has begun on a 36 Lot subdivision on Nipmuc Road; there are 8 houses in various stages of completion.
- A plan for 12 condominiums 3 Affordable on Hartford Pike, received master plan approval and has obtained some state permits.
- The Dexter Credit Union has brought forth plans to build a new bank at the former "Fleet" bank site on Danielson Pike.
- Oakhill Acres Section 63 between Trout Brook Lane and Oak Hill Road received Master Plan approval for 16 House Lots.
- An 8 Lot extension of French Land received preliminary approval.

Major Initiatives

The Town Council and the School Committee are committed to providing the children of Scituate with the schools and resources necessary for their success. The residents of Scituate have annually supported education initiatives by their continued support at the Financial Town Meeting and this support is expected to continue as a primary objective of the community.

- With funds from a State Energy Grant the Town Hall is receiving all new windows and exterior doors.
- The Congregational Church is being completely sanded and repainted; the Scituate Art Festival Committee is paying for the work.
- The Plan Commission has been working updated regulations and will be considering Low Impact Development Standards.
- The North Scituate Library recently completed a beautiful addition to the rear of building, along Silk Lane.

FINANCIAL INFORMATION

A detailed understanding of the financial position and operating results of the Town is provided in the Comprehensive Annual Financial Report (CAFR). The Management's Discussion and Analysis starting on Page 3 of the CAFR provides additional information to assess the Town's financial condition.

Internal Controls

In developing and evaluating the Town's accounting control system, consideration is given to the adequacy of internal accounting controls. Accounting control comprises the plan of organization, procedures, and records that are concerned with the safeguarding of assets and the reliability of financial records and consequently is designed to provide reasonable assurance that:

- Transactions are executed in accordance with management's general or specific authorization.
- Transactions are recorded as necessary (1) to permit preparation of financial statements in conformity with generally accepted accounting principles or any other criteria, such as finance related legal and contractual compliance requirements applicable to such statements, and (2) to maintain accountability of assets.
- Access to assets is permitted only in accordance with management's authorization.
- The recorded accountability of assets is compared with the existing assets at reasonable intervals and appropriate action is taken with respect to any differences.

The definition of accounting control presumes reasonable, but not absolute, assurance that the objectives expressed in it will be accomplished by the system. The concept of reasonable assurance recognizes that the cost of internal controls should not exceed the benefits to be derived. The benefits consist of reductions in the risk of failing to achieve the objectives implicit in the definition of accounting control.

All internal control evaluations occur within the above framework. We believe that the Town's internal accounting control adequately safeguards assets and provides reasonable assurance of proper recording of financial transactions.

Budgetary Control

The Town has formally established budgetary accounting control for its General Fund and the School Unrestricted Fund, which is a Special Revenue Fund. It is the responsibility of the Town Budget Committee to submit to the Town Council and make available to the general public a proposed General Fund budget, including the School Unrestricted Fund transfer for the fiscal year. The Town Council may then revise and adopt a recommended General Fund budget including changes to the School Unrestricted Fund transfer. At least two public hearings are conducted on the recommended General Fund Budget and the final recommended budget is approved by the voters and legally enacted through an ordinance by the Town Council at the Annual Financial Town Meeting. The General Fund and School Unrestricted Fund annual operating budget amounts are supported by revenue estimates and take into account the elimination of accumulated deficits and the re-appropriation of accumulated surpluses to the extent necessary.

Debt Administration

The ratio of net bonded debt to assessed valuation and the amount of bonded debt per capita are useful indicators of the Town's financial position for management, citizens and investors. At March 31, 2011 the Town's bonded debt to assessed valuation was as follows:

	Ratio of Debt to		
	Amount	Assessed Value	Debt Per Capita
Net Direct Bonded Debt	\$9,367,500	1.21%	\$906.91

Tables 9 - 13 in the statistical section of this report present more detailed information about the debt position of the Town.

Cash Management

The intention of the cash management system is to limit the amount of funds placed in accounts where low or no interest is paid. Idle cash is invested in various instruments with staggered maturity dates, depending on the anticipated cash requirements during the period.

Risk Management

The Town's properties are insured by the RI Interlocal Risk Management Trust, Inc. This agency was established for the primary purpose of providing insurance to local government entities. The following coverage is provided to the Town of Scituate: general liability, automobile liability, public buildings, and public official's liability insurance.

Independent Audit

In accordance with the RI General Laws an audit of the financial statements has been completed by the Town's independent auditors, Bacon & Company CPA's LLC and their opinion is included herein.

Reporting Achievement

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the Town of Scituate for its comprehensive annual financial report for the fiscal year ended March 31, 2010. In order to be awarded a Certificate of Achievement, a government unit must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to GFOA to determine its eligibility for another certificate for fiscal 2011.

Acknowledgment

The preparation of the Comprehensive Annual Financial Report on a timely basis could not have been accomplished without the efforts and dedication of the competent staff of the Treasurer's Office. I would also express my appreciation to other personnel from various departments who assisted in its preparation. Finally, I would like to thank the Town Council for their support in planning and conducting the financial operation of the Town in a dedicated, professional and responsible manner.

Respectfully,

Theodore J. Przybyla Town Treasurer

Basic Financial Statements

Required Supplementary Information

Other Supplementary Information

BACON & COMPANY, LLC CERTIFIED PUBLIC ACCOUNTANTS

INDEPENDENT AUDITORS' REPORT

To the Honorable President and Members of the Town Council Scituate, Rhode Island

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Town of Scituate, Rhode Island, as of and for the year ended March 31, 2011, which collectively comprise the Town's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the Town of Scituate, Rhode Island's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to previously present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Town of Scituate, Rhode Island, as of March 31, 2011, and the respective changes in financial position thereof for the year then ended in conformity with the accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated September 29, 2011 on our consideration of the Town of Scituate, Rhode Island's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

The Management's Discussion and Analysis, budgetary comparison information and supplementary pension and other postemployment benefit information on pages 3 through 12 and 46 through 54 are not a required part of the basic financial statements but are supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town of Scituate, Rhode Island's basic financial statements. The introductory section, the combining nonmajor fund financial statements, the combining fiduciary fund financial statements, other supplementary information, and the statistical tables are presented for purposes of additional analysis and are not a required part of the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis and as required by the U.S. Office of Management and Budget Circular A-133, "Audits of States, Local Governments, and Non-profit Organizations," and is also not a required part of the basic financial statements of the Town of Scituate, Rhode Island. The combining nonmajor fund financial statements, the combining fiduciary fund financial statements, other supplementary information and the schedule of expenditures of federal awards have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole. The introductory section and statistical tables have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion on them.

Warwick, Rhode Island September 29, 2011

TOWN OF SCITUATE MANAGEMENTS DISCUSSION AND ANALYSIS

Management of the Town of Scituate provides this Management's Discussion and Analysis of the Town of Scituate Comprehensive Annual Financial Report for the readers of the Town's financial statements. This narrative overview and analysis of the financial statements of the Town of Scituate are for fiscal year ended March 31, 2011. We encourage readers to consider this information in conjunction with the additional information that is furnished in the letter of transmittal, which can be found preceding this narrative, and with the Town's financial statements that follow.

FINANCIAL HIGHLIGHTS

At the end of the current fiscal year, unreserved fund balance for the general fund was \$2,665,483, or 8.4% of total 2011 budgeted expenditures. This is a decrease of \$276,447 from the prior year unreserved fund balance.

The Town ended fiscal year 2011 with a budgetary operating surplus of \$646,753 and the School ended with a budgetary operating surplus of \$1,303,708.

The Town of Scituate's total bonded debt decreased by \$1,832,000. This was due to scheduled repayment of existing debt.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the Town's annual audit report. The financial section of this report consists of **four** parts – management's discussion and analysis (this section), the basic financial statements, required supplementary information, and other supplementary information that includes combining statements for non-major governmental funds and other fiduciary funds.

- ➤ The first two statements are government-wide financial statements that provide both long-term and short-term information about the Town's overall status.
- > The remaining statements are fund financial statements that focus on individual parts of the Town government, reporting the Town's operations in more detail than the government-wide statements.
 - ✓ The *governmental funds* statements tell how general government services like public safety were financed in the short term as well as what remains for future spending.

✓ *Fiduciary fund* statements provide information about assets that are held by the Town as a trustee or agent for the benefit of someone or something other than the Town itself. The Town cannot use these assets to support its own programs.

The financial statements also include notes that provide more detailed data about some of the information in the financial statements. The statements are followed by a section of required supplementary information that further explains and supports the information in the financial statements. Figure A-1 shows how the required parts of this annual report are arranged and relate to one another. In addition to these required elements, we have included a section with combining statements that provide details about our non-major governmental funds and fiduciary funds, which are added together and presented in a single column in the basic financial statements.

Major Features of the Town of Scituate's Government-Wide and Fund Financial Statements

		Fund Statemen	ts
	Government- Wide Statements	Governmental Funds	Fiduciary Funds
Scope	Entire Town government (except fiduciary funds)	The activities of the Town that are not fiduciary such as police, fire and DPW	Instances in which the Town is the trustee or agent for someone else's resources
Required Financial Statements	Statement of Net Assets, Statement of Activities	Balance Sheet, Statement of Revenues, Expenditures, And Changes in Fund Balances	Statement of Fiduciary Net Assets, Statement of Changes in Fiduciary Net Assets
	Accrual accounting and economic resources focus	Modified accrual accounting and current financial resources focus	Accrual accounting and economic resources focus
Type of Assets/ Liability Information	All assets and liabilities both financial and capital and short-term and long-term	Only assets expected to be used up and liabilities that come due during the year or soon thereafter	All assets and liabilities, both short-term and long- term
Type of Inflow/ Outflow Information	All revenues and expenses during year, regardless of when cash is received or paid	Revenues for which cash is received during or soon after the end of the year, expenditures when goods or services have been received and payment is due	All additions and deductions during the year, regardless of when cash is received or paid

Figure A-2 summarizes the major features of the Town's financial statements, including the portion of the Town government they cover and the types of information they contain. The remainder of this overview section of management's discussion and analysis explains the structure and contents of each of the statements.

Government-Wide Statements

The government-wide statements report information about the Town as a whole using accounting methods similar to those used by private-sector companies. The statement of net assets includes all of the government's assets and liabilities. All of the current year's revenue and expenses are accounted for in the statement of activities regardless of when cash is received or paid.

The two government-wide statements report the Town's *net assets* and how they have changed. Net assets – the difference between the Town's assets and liabilities – is one way to measure the Town's financial health, or position.

- Over time, increases or decreases in the Town's net assets are an indicator of whether its financial health is improving or deteriorating, respectively.
- To assess the overall health of the Town you need to consider additional non-financial factors such as changes in the Town's property tax base and the status and standing of the Town's Schools.

The government-wide financial statements of the Town are divided into two categories.

- Governmental activities Most of the Town's basic services are included here, such as the police, fire, library, public works and general administration. Property taxes, general fees and state funding finance most of these activities.
- Component units The Town does not have any entities that are deemed to be component units.

Fund Financial Statements

A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Town, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

The fund financial statements focus on individual parts of the Town government, reporting the Town's operations in more detail than the government-wide statements. All of the funds of the Town can be divided into two categories: governmental funds and fiduciary funds. It is important to note that these fund categories use different accounting approaches and should be interpreted differently.

Governmental funds – Most of the basic services provided by the Town are financed through governmental funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, the government fund statements focus on ne ar-term inflows and outflows of spendable resources. They also focus on the balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating the government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and the governmental activities.

The Town maintains seventy-five governmental funds; two are considered major funds and are presented in a separate column in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances. The Town's major governmental funds are: 1. General Fund; and 2. School Unrestricted Fund.

The basic governmental fund financial statements can be found beginning on page 15 of this report.

Fiduciary Funds – Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the Town's own programs.

Notes to the Financial Statements – The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements follow the basic financial statements.

Other Information – In addition to the basic financial statements and accompanying notes, this report also presents certain *required supplementary information*. This section includes budgetary comparison schedules, which include a reconciliation between the statutory revenue and expenditures for budgetary purposes and the revenues and expenditures for the General Fund and School Unrestricted Fund as presented in the governmental fund financial statements. Required supplementary information follows the notes to the financial statements.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

Net Assets

As noted earlier, net assets may serve over time as a useful indicator of a government's financial position. The Town's net assets totaled \$11,601,899 at the close of the most recent fiscal year.

A large portion of the Town's net assets reflects its investment in capital such as land, building, and equipment, less any related debt used to acquire those assets that is still outstanding. The Town uses these capital assets to provide services to citizens; consequently, these assets are *not* available for future spending. Although the Town's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

Town of Scituate Net Assets March 31, 2011 and 2010

	3/31/2011 Governmental Activities	3/31/2010 Governmental Activities
Current and other assets	\$10,409,093	\$11,240,900
Capital assets	21,111,545	21,285,250
Total assets	31,520,638	32,526,150
Current liabilities	4,413,405	4,917,811
Long-term liabilities	15,505,334	16,769,074
Total liabilities	19,918,739	21,686,885
Net Assets:		
Invested in capital assets, net of related debt	\$12,104,545	\$11,598,150
Restricted for:		
Specific Projects and Programs	681,967	585,995
Unrestricted	(1,184,613)	(1,344,880)
Total net assets	\$ <u>11,601,899</u>	<u>\$10,839,265</u>

An additional portion of the Town's net assets represents resources that are subject to external restrictions on how they may be used. The remaining balance of unrestricted net assets may be used to meet the Town's ongoing obligations to citizens and creditors. Internally imposed designations of resources are not presented as restricted net assets.

At the end of the current fiscal year, the Town is able to report positive balances in net assets.

Changes in Net Assets

The government's net assets increased by \$762,634 during the current fiscal year.

Town of Scituate Changes in Net Assets For the Year Ended March 31, 2011 and 2010

	3/31/2011 Governmental Activities	3/31/2010 Governmental Activities
Program revenues:		
Charges for services	\$ 1,333,377	\$ 1,288,999
Operating grants and contributions	5,650,603	4,896,729
Capital grants and contributions	250,000	88,145
Total program revenues	<u>7,233,980</u>	6,273,873
General revenues:		
Property taxes	24,834,047	24,615,000
State aid and in lieu of taxes, unrestricted	455,126	1,722,883
Investment earnings and miscellaneous	21,785	19,129
Total general revenues	25,310,958	26,357,012
Total revenues	32,544,938	32,630,885
Expenses:		
General government	1,485,973	6,653,132
Public safety	4,286,342	4,116,636
Public works	2,407,004	2,459,391
Social services	891,122	866,246
Education	22,181,976	22,483,750
Interest Expense	<u>529,887</u>	562,399
Total Expenses	<u>31,782,304</u>	<u>37,141,554</u>
Increase (Decrease) in net assets	762,634	(4,510,669)
Net assets – beginning of year	10,839,265	15,349,934
Net assets – end of year	\$11,601,899	\$10,839,265

Governmental activities. Governmental activities increased the Town's net assets by \$762,634. Key elements of this increase are as follows: current year purchases of capital assets and scheduled debt repayments.

Financial Analysis of the Government's Funds

As noted earlier, the Town uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds: The focus of the Town's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the Town's financing requirements. In particular, unreserved fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the Town's governmental funds reported combined ending fund balances of \$7,285,598 which is a decrease of \$516,325 in comparison with the prior year. \$7,155,155 or 98% of this total amount represents unreserved fund balance, which is available for spending at the government's discretion.

The general fund is the chief operating fund of the Town. At the end of the current fiscal year, unreserved fund balance of the general fund was \$2,665,483. As a measure of the general fund liquidity, it may be useful to compare unreserved fund balance to total fund expenditures. Unreserved fund balance represents 8.4% of total general fund budgeted expenditures.

General Fund Budgetary Highlights

There was no need to amend the original budget as submitted at the Financial Town Meeting on April 7, 2010 for the fiscal year 2011. There were no material department overages.

Capital Assets and Debt Administration

Capital Assets. The Town's investment in capital assets for its governmental activities as of March 31, 2011 amounted to \$21,111,545 (net of accumulated depreciation). This investment in capital assets includes infrastructure, land, buildings, improvements, machinery and equipment, vehicles and construction in progress.

CAPITAL ASSETS, NET	<u>\$21,111,545</u>	<u>\$21,285,250</u>

Additional information on the Town's capital assets can be found in Note 2 – Capital Assets on page 26 of this report.

Long-term debt. At the end of the fiscal year, the Town had total bonded debt outstanding of \$9,367,500. General obligation bonds are backed by the full faith and credit of the Town, including the Town's power to levy additional taxes to ensure repayment of the debt. Accordingly, all general obligation debt currently outstanding was approved by a vote of the citizens.

The Town has an Aaa rating from Moody's Investors Service.

State statute limits the amount of bonds a governmental entity can issue to 3% of its total net assessed value, which approximates \$23,236,266. As of March 31, 2011 the Town's debt, subject to the 3% limit, was \$7,532,500 which is under the debt limit by \$15,703,766.

Additional information on the Town's long-term debt can be found in Note 6 – Long-Term Liabilities on pages 29 - 31 of this report.

Economic Factors and Next Year's Budgets and Rates

The unemployment rate for the Town of Scituate is 11.9 percent. This compares to the State's average unemployment rate of 12.9 percent and the national average of 10.2 percent. Per capita and median family income remains some of the highest in the State. Median Family Income ranks 5th and Per Capita Income ranks 7th among Rhode Island's 39 Cities and Towns.

	Per Capita	Median Family	
Scituate	\$28,092	\$60,788	
Rhode Island	\$21,688	\$52,781	
United States	\$21,587	\$50,046	

The following factors were considered in preparing the Town's budget for the 2011-12 fiscal year.

- The School operating costs will be level-funded for the third year in a row at \$21,080,786 with no increase for year 2012.
- Labor costs are expected to rise moderately, however staff cuts through retirement, elimination of a two part-time and one full-time position, as well as combining several department head responsibilities, is projected to temper total costs.
- Contribution for municipal retirement system decreased slightly from 12.16% to 11.11%.
- All town union staff has agreed not to take a raise in their base pay for the third year in a row. Non-union staff has also agreed to a base wage freeze. Most appropriations remain level funded at the prior year's budgeted amounts. These measures are necessary to absorb cuts in state aid, eliminated state revenue sharing and continued decreases in the motor vehicle excise tax exemption.

The Town has appropriated \$1,152,000 of the School Unrestricted Fund Balance for spending in the 2011-12 fiscal year Budget. The Town tax rates will be \$32.726 per thousand for residential real property and \$40.296 per thousand for commercial real property for fiscal year ending March 31, 2012. Both are calculated at 50% of total assessed value. These rates were derived after completion of the December 31, 2009 town-wide revaluation, review of all real, tangible and motor vehicle property assessments on December 31, 2010 and completion of the budget process.

The Town of Scituate (Town) and the Providence Water Supply Board (PWSB) will be entering the fourth year of a ten (10) year tax treaty beginning with taxes assessed as of December 31, 2007.

Requests for Information

This financial report is designed to provide a general overview of the Town's finances for all those with an interest in the government's finances. Questions concerning any information provided in this report or requests for additional financial information should be addressed to the Town Treasurer, PO Box 127, 195 Danielson Pike, North Scituate, RI 02857.

BASIC FINANCIAL STATEMENTS

THE BASIC FINANCIAL STATEMENTS INCLUDE:

Government-Wide Financial Statements

Fund Financial Statements:

- Governmental Funds
- Fiduciary Funds

In addition, the notes to the financial statements are included to provide information that is essential to a user's understanding of the basic financial statements.

Reconciliation of the Governmental Funds Balance Sheet to the Government-Wide Statement of Net Assets March 31, 2011

Total Fund Balances - Total Governmental Funds	\$ 7,285,598
Amounts reported for Governmental Activities in the Statement of Net Assets are different because:	
Capital assets used in governmental activities are not current financial resources and therefore are not reported in the Governmental Funds Balance Sheet. See note 2 to the financial statements.	21,111,545
Accrued interest receivable on property taxes is reported as revenue in the Government-Wide Financial Statements in the period earned. In the Governmental Fund Financial Statements, interest on property taxes is reported when received.	101,881
Delinquent taxes are recognized as revenue in the period for which levied in the Government-Wide Financial Statements, but are reported as deferred revenue (a liability) in the Governmental Fund Financial Statements.	959,026
Allowance for uncollectible property taxes receivable is reported in the Government-Wide Financial Statements, but is not reported in the Governmental Funds Balance Sheet.	(200,000)
Other receivables are not available to pay for current period expenditures and, therefore, are deferred in the Governmental Funds Financial Statements.	25,358
Debt issuance costs are reported as expenditures in the Governmental Funds Financial Statements. The cost and related accumulated amortization is reflected as an other asset on the Government-Wide Financial Statements.	77,678
Interest payable on long-term debt does not require current financial resources. Therefore, interest payable is not reported as a liability in the Governmental Funds Balance Sheet.	(179,609)
Long-term liabilities (including bonds, loans and notes payable, net pension obligation, net OPEB obligation, and compensated absences) are not due and payable in the current period and therefore they are not reported in the Governmental Funds Balance Sheet. See note 6A to the financial statements.	(17,579,578)
Net Assets - Governmental Activities	\$ 11,601,899

TOWN OF SCITUATE, RHODE ISLAND
Reconciliation of the Governmental Funds Statement of Revenues, Expenditures and Changes in the Fund Balances to Government-Wide Statement of Activities
For the Year Ended March 31, 2011

Net Changes in Fund Balances - Total Governmental Funds	\$ (516,325)
Amounts reported for Governmental Activities in the Statement of Activities are different because:	
Governmental Fund Financial Statements report capital outlay as expenditures. However, in the Government-Wide Statement of Activities the cost of those assets is allocated over its estimated useful life as depreciation expense. This is the amount of capital assets recorded in the current period.	1,018,729
Depreciation expense on capital assets is reported in the Government-Wide Statement of Activities, but it does not require the use of current financial resources. Therefore, depreciation expense is not reported as expenditures in Governmental Fund Financial Statements.	(1,179,914)
Loss on the disposal of capital assets is reported in the Government-Wide Statement of Activities, but it does not require the use of current financial resources. Therefore, the loss on the disposal of capital assets is not reported in the Governmental Fund Financial Statements.	(12,520)
Long-term compensated absences are reported in the Government-Wide Statement of Activities, but do not require the use of current financial resources. Therefore, compensated absences are not reported as expenditures in Governmental Fund Financial Statements. The following amount represents the change in long-term compensated absences from the prior year.	(21,070)
Proceeds from the issuance of debt are an other financing source in the Governmental Fund Financial Statements, but the issuance of debt increases long-term liabilities in the Government-Wide Statement of Net Assets. This amount represents debt proceeds received during the current period.	(50,600)
Debt issued at a premium provides current financial resources to Governmental Funds, but are deferred and amortized in the Government-Wide Financial Statements. Debt issuance costs and loss on refundings are expenditures in the Governmental Funds, but are deferred and amortized in the Government-Wide Financial Statements. This amount represents amortization on loss on refunding during the current period. This amount represents amortization of premium on debt during the current period. This amount represents amortization of debt issuance costs during the current period.	(6,935) 7,486 (6,073)
Repayment of bond, loan and note principal is an expenditure in the Governmental Fund Financial Statements, but the payments reduce long-term liabilities in the Government-Wide Statement of Net Assets.	2,017,650
Accrued interest expense on long-term debt is reported in the Government-Wide Statement of Activities, but it does not require the use of current financial resources. Therefore, accrued interest expense is not reported as an expenditure in the Governmental Fund Financial Statements. The following amount represents the change in accrued interest expense from the prior year.	25,709
The net pension and net OPEB obligation payable are reported in the Government-Wide Statement of Activities, but do not require the use of current financial resources. Therefore, the net pension and net OPEB obligations are not reported as an expenditure in the Governmental Fund Financial Statements. The following amount represents the change in the net pension and net OPEB obligation payable from the prior year.	(590,438)
Property taxes are recognized as revenue in the period for which levied in the Government-Wide Financial Statements, but are recognized as revenue when measurable and available in the Governmental Fund Financial Statements.	70,328
Principal payments received on loan receivables are reported as a reduction of the receivable in the Government-Wide Financial Statements. In the Governmental Fund Financial Statements, principal payments received are reported as revenue.	(2,048)
New loans receivable are reported as an increase in the receivable in the Government-Wide Financial Statements. In the Governmental Fund Financial Statements, new loans made are reported as an expenditure.	13,053
Accrued interest receivable on property taxes is reported as revenue in the Government-Wide Financial Statements in the period earned. In the Governmental Fund Financial Statements, interest on property taxes is reported when received.	(4,398)
Change in Net Assets of Governmental Activities	\$ 762,634

The financial statements of the Town of Scituate, Rhode Island have been prepared in conformity with accounting principles generally accepted in the United States of America as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The following notes to the financial statements are an integral part of the Town's financial statements.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. REPORTING ENTITY

The Town of Scituate was incorporated in 1731. The Town is governed largely under the 1731 Colonial Charter. In some matters, including the issuance of short and long-term debt, the Town is governed by the general laws of the State of Rhode Island. The Town provides the following services: Public Safety (police, fire, civil defense and animal control), Public Works (highways, sanitation and facilities maintenance), Education, Social Services, and General Administrative Services.

The Town is a municipal corporation governed by a Town Council form of government with a seven-member Town Council headed by a Council President.

In evaluating the inclusion of other separate and distinct legal entities as component units within its financial reporting entity, the Town applied the criteria prescribed by GASB Statement No. 14, as amended by GASB Statement No. 39, "Determining Whether Certain Organizations are Component Units." A component unit is a legally separate organization for which the elected officials of the primary government are financially accountable or for which the nature and significance of its relationship with the primary government is such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete. Through the application of GASB Statement Nos. 14 and 39 criteria, no separate entities have been determined to be component units of the Town.

B. BASIS OF PRESENTATION AND ACCOUNTING

The accounts of the Town are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues, and expenditures or expenses, as appropriate. Governmental resources are allocated to and accounted for in individual funds to demonstrate legal compliance and to aid management by segregating transactions related to specific Town functions or activities.

Government-Wide Financial Statements

The Town's Government-Wide Financial Statements include a Statement of Net Assets and a Statement of Activities and Changes in Net Assets. These statements present summaries of Governmental Activities for the Town. The Town has no Business-Type Activities. Fiduciary Activities of the Town are not included in these statements.

These statements are presented on an "economic resources" measurement focus and the accrual basis of accounting. Accordingly, all the Town's assets and liabilities, including capital assets and long-term liabilities, are included in the accompanying Statement of Net Assets. The Statement of Activities presents changes in net assets. Under the accrual basis of accounting, revenues are recognized in the period in which they are earned while expenses are recognized in the period in which the liability is incurred. The types of transactions included in program revenues for the Town are reported in three categories: 1) charges for services; 2) operating grants and contributions; and 3) capital grants and contributions.

Certain eliminations have been made as prescribed by GASB Statement No. 34 related to interfund activities, payables and receivables. All internal balances in the Statement of Net Assets have been eliminated.

Governmental Fund Financial Statements

Governmental Fund Financial Statements include a Balance Sheet and a Statement of Revenues, Expenditures and Changes in Fund Balances for all major governmental funds and non-major funds aggregated. A n accompanying schedule is presented to reconcile and explain the differences in fund balances and changes in fund balances as presented in these statements to the net assets and changes in net assets presented in the Government-Wide Financial Statements.

All governmental funds are accounted for on a spending or "current financial resources" measurement focus and the modified accrual basis of accounting. A ccordingly, only current assets and current liabilities are included on the Balance Sheet. The Statement of Revenues, Expenditures and Changes in Fund Balances present increases (revenues and other financing sources) and decreases (expenditures and other financing uses) in net current assets. Under the modified accrual basis of accounting, revenues are recognized in the accounting period in which they become both measurable and available to finance expenditures of the current period. Accordingly, revenues are recorded when received in cash, except that revenues subject to accrual (generally 60 days after year-end) are recognized when due. The primary revenue sources, which have been treated as susceptible to accrual by the Town, are property tax and intergovernmental revenues. Expenditures are recorded in the accounting period in which the related fund liability is incurred.

Major Governmental Funds:

General Fund – The General Fund is used to account for resources devoted to financing the general services that the Town performs for its citizens.

School Unrestricted Fund – The School Unrestricted Fund is used to account for the budgeted resources devoted to financing the general operations of the School System.

Fiduciary Fund Financial Statements

Fiduciary Fund Financial Statements include a Statement of Net Assets and a Statement of Changes in Net Assets. The Town's Fiduciary Funds include a Private Purpose Trust Fund and Agency Funds. Fiduciary Funds are used to account for assets held by the Town in a trustee capacity or as an agent for individuals, private organizations or other governments. The Fiduciary Funds are accounted for on an "economic resources" measurement focus and the accrual basis of accounting. Agency Funds are purely custodial and do not involve measurement of results of operations.

Private Purpose Trust Fund – This fund accounts for assets held by the Town under a trust arrangement to benefit the poor through the Town's Human Services Department.

Agency Funds – These funds account for assets held by the Town as agent for various student groups for student activities and for the Town Council's Sunshine Fund.

C. INVESTMENTS

Investments are recorded at fair value. Unrealized gains and losses from changes in fair value are recognized as investment income.

D. ACCOUNTS RECEIVABLE AND TAXES RECEIVABLE

Accounts receivable and taxes receivable, are shown net of an allowance for uncollectible accounts. The allowances are calculated from the age of the individual receivables. Property taxes due on July 1 of the current year and other delinquent balances are recorded as receivables.

E. CAPITAL ASSETS AND DEPRECIATION

Capital assets are reported in the Government-Wide Statement of Net Assets, but are not reported in the Governmental Fund Financial Statements.

All capital assets are capitalized at historical or estimated historical cost. Donated capital assets are recorded at fair market value as of the date received. The Town follows the policy of not capitalizing assets with a cost of less than \$500 and a useful life of less than 1 year.

In 2008, the Town retroactively reported the estimated historical cost of major general infrastructure assets acquired or significantly reconstructed through fiscal year 2003. Additions to infrastructure have been reported in the Government-Wide Financial Statements as capital assets since the implementation of GASB No. 34 in fiscal year 2004.

Depreciation is calculated on the straight-line basis over the following useful lives:

<u>Description</u>	<u>Useful Life</u>
Infrastructure	25-75 years
Buildings and improvements	20-40 years
Office furniture and equipment	5-7 years
Machinery and equipment	10-12 years
Vehicles	4-10 years

F. DEFERRED REVENUE

In the Governmental Fund Financial Statements, deferred revenue represents funds received in advance of being owed or receivables which will be collected and included in revenues of future fiscal years.

In the General Fund, deferred revenues relate to delinquent property tax balances less property tax amounts due as of the balance sheet date and received sixty days thereafter.

G. PROPERTY TAXES

The Town is permitted by State Law to levy property taxes. Current fiscal year tax collections for the Town were approximately 79.7% of the total 2010 levy. During the period April 1, 2011 through May 31, 2011, the Town collected an additional \$4,400,655 of the 2010 tax levy. The total collections therefore represent approximately 97.4% of the total 2010 levy. The tax rate of the Town is established by the Town Council.

The Town's fiscal 2010-2011 property taxes were levied on June 23, 2010 on assessed valuation as of December 31, 2009. Upon levy, taxes are billed and are due quarterly on July 1, October 1, January 1, and April 1. Failure to mail payments by due dates result in a lien on the taxpayer's property. Assessed values are established by Tax Assessor's Office and are currently calculated at 50% of assessed value for real estate and 95% of market value for motor vehicles. A full revaluation of all property was completed as of December 31, 2000 and a statistical revaluation was completed as of December 31, 2009. The City of Providence Water Supply Board is the Town's principal taxpayer representing 24% of the Town's net assessed valuation in fiscal 2011.

H. COMPENSATED ABSENCES

Under the terms of various contracts and agreements, Town and School Department employees are granted vacation and sick leave in varying amounts based on length of service. Vacation benefits are accrued as a liability based on the accumulated benefits earned at March 31. Sick leave benefits are based on the sick leave accumulated at March 31 by those employees who are currently eligible to receive termination payments and those employees for whom it is probable they will become eligible to receive termination benefits in the future. The liability is calculated at the rate of pay in effect at March 31, 2011.

The entire compensated absence liability is reported on the Government-Wide Financial Statements. For Governmental Fund Financial Statements, a compensated absence liability is reported only if a liability has matured (i.e. unused reimbursable leave still outstanding following an employee's resignation or retirement).

I. ACCRUED LIABILITIES AND LONG-TERM DEBT

All accrued liabilities and long-term debt are reported in the Government-Wide Financial Statements.

For Governmental Fund Financial Statements, the accrued liabilities are generally reported as a governmental fund liability if due for payment as of the balance sheet date regardless of whether the liabilities will be liquidated with current financial resources. However, claims, judgments, and compensated absences paid from governmental funds are reported as a liability in the Fund Financial Statements only if the liability has matured (i.e. unused reimbursable leave still outstanding following an employee's resignation or retirement). Long-term debt paid from governmental funds is not recognized as a liability in the Fund Financial Statements until due.

J. DEBT PREMIUMS AND ISSUANCE COSTS

In the Governmental Fund Financial Statements, debt premiums and issuance costs are treated as period costs in the year of issue. Debt issuance costs are shown as an "expenditure" and debt premiums are reflected as an "other financing source".

In the Government-Wide Statements, debt premiums and issuance costs are deferred and amortized over the term of the debt. Debt premiums are presented as an addition to the face amount of the debt payable whereas issuance costs are recorded as other assets.

K. ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

NOTE 2 – CAPITAL ASSETS

Capital asset activity for the year ended March 31, 2011 was as follows:

	Beginning Balance Additions		Retirements	Ending Balance	
Governmental Activities					
Nondepreciable assets:					
Land and land rights	\$ 1,982,448	\$ -	\$ -	\$ 1,982,448	
Construction in progress	3,978,862	520,844	520,844 4,499,706		
	5,961,310	520,844	4,499,706	1,982,448	
Depreciable assets:					
Buildings and improvements	16,271,500	4,551,106	-	20,822,606	
Infrastructure	16,650,220	341,635	-	16,991,855	
Office furniture and equipment	1,374,351	54,437	23,723	1,405,065	
Machinery and equipment	2,683,291	5,352	-	2,688,643	
Vehicles	4,810,767	45,061	16,693	4,839,135	
Total Capital Assets	47,751,439	5,518,435	4,540,122	48,729,752	
Less accumulated depreciation for:					
Buildings and improvements	7,558,080	374,879	-	7,932,959	
Infrastructure	12,399,374	309,074	-	12,708,448	
Office furniture and equipment	1,169,803	79,273	23,723	1,225,353	
Machinery and equipment	1,906,663	120,048	-	2,026,711	
Vehicles	3,432,269	296,640	4,173	3,724,736	
Total Accumulated					
Depreciation	26,466,189	1,179,914	27,896	27,618,207	
Governmental Activities					
Capital Assets, Net	\$21,285,250	\$ 4,338,521	\$ 4,512,226	\$ 21,111,545	

Depreciation expense was charged to governmental functions as follows:

General Government	\$	936
Public Safety		297,513
Public Works		423,412
Social Services		31,987
Education		426,066
Total Depreciation Expense	\$1	,179,914

NOTE 3 – STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

LEGAL DEBT MARGIN – The Town's legal debt margin as set forth by State Statute is limited to 3% of total net assessed value, which approximates \$23,236,266. As of March 31, 2011, the Town's debt, subject to the 3% limit, was \$7,532,500, which is under the debt limit by \$15,703,766.

DEFICIT FUND BALANCES – The following nonmajor funds had deficit fund balances at March 31, 2011: Animal Shelter Bond Fund \$(8,450) and 2009 School Loan Fund \$(1,391).

NOTE 4 – CASH DEPOSITS

DEPOSITS – are in various financial institutions and are carried at cost. The carrying amount of deposits is separately displayed on the Balance Sheet of the Fund Financial Statements and Statement of Net Assets as "Cash and Cash Equivalents" and "Cash Overdraft".

	Carrying Amount
Total Deposits	\$2,907,559
Add: Petty Cash	20
Add: Cash on Hand	37,924
Add: Investments classified as cash equivalents	51,718
Total Cash and Cash Equivalents Reported	
in the Financial Statements	\$2,997,221

CUSTODIAL CREDIT RISK – custodial credit risk is the risk that in the event of a bank failure, the Town's deposits may not be returned to it. The Town does not have a formal deposit policy for custodial credit risk. As of March 31, 2011, \$760,173 of the Town's bank balance of \$2,535,923 was exposed to custodial credit risk as follows:

	Bank
	Balance
Insured (Federal depository insurance funds)	\$1,775,750
Collateralized with securities held by pledging	
financial institution's agent in the Town's name	-
Uninsured and uncollateralized	760,173
Total	\$2,535,923

Under Rhode Island general laws, depository institutions holding deposits of the State, its agencies or governmental subdivisions of the State, shall at a minimum, insure or pledge eligible collateral equal to one hundred percent (100%) of the deposits which are time deposits with maturities greater than sixty (60) days. Any of these institutions, which do not meet minimum capital standards prescribed by federal regulators, shall insure or pledge eligible collateral equal to one hundred percent (100%) of the deposits, regardless of maturity. At March 31, 2011, the Town's uninsured or uncollateralized deposits with institutions were \$760,173. These deposits are held by institutions that meet the minimum capital standards prescribed by the federal regulators.

NOTE 5 – INVESTMENTS

The Town invests in various types of investments that are stated at fair value. The Town Treasurer has control over the type of investments made. The Town does not have a formal investment policy or any other legally contracted agreement that limits the type of investments that may be made. As of March 31, 2011, the Town had the following investments:

<u>Investment</u>	<u>Maturity</u>	<u>Fair Value</u>
MBIA RI Investment Pool	N/A - 2a7 - like pool	\$ 51,718
Bank of America Corp. Commercial Paper	04/07/11	125,000
Bank of America Corp. Commercial Paper	04/11/11	400,000
Bank of America Corp. Commercial Paper	04/14/11	500,000
Bank of America Corp. Commercial Paper	04/14/11	650,000
Federated Gov. Obligations Tax Managed Fund	N/A	11,909
Total		1,738,627
Less: Investments classified as cash equivalents		(51,718)
Total Investments Reported in the Financial		
Statements		\$1,686,909

Interest Rate Risk – The Town does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Credit Risk – The Town does not have a formal investment policy that limits its investment choices. As of March 31, 2011, the investment in the MBIA Rhode Island Investment Pool was not rated. The investment in Bank of America Corporation commercial paper was rated A-1 by Standard & Poor's and P-1 by Moody's. The investment in Federated Government Obligations Tax Managed Fund was rated AAAm by Standard & Poor's and Aaa by Moody's.

Concentration of Credit Risk – The Town places no limit on the amount the Town may invest in any one issuer. More than 5% of the Town's investments are in Bank of America Corporation commercial paper. The Bank of America Corporation commercial paper represented 96.34% of the Town's total investments and is reported in the Town's General Fund.

NOTE 6 – LONG-TERM LIABILITIES

A. LONG-TERM LIABILITIES

Long-term liability activity for the year ended March 31, 2011was as follows:

	Beginning Balance	Additions	Retirements	Ending Balance	Amounts Due Within One Year
Governmental Activities					
Bonds, notes and loans payable:					
Bonds payable	\$ 11,199,500	\$ -	\$ 1,832,000	\$ 9,367,500	\$ 1,742,000
Notes payable	38,000	-	38,000	-	-
Loans payable	4,000,000	50,600	147,650	3,902,950	152,650
	15,237,500	50,600	2,017,650	13,270,450	1,894,650
Plus amortized premium					
on loans	142,233	-	7,486	134,747	-
Less deferred amount on					
refunding	(62,420)		(6,936)	(55,484)	
Total bonds, notes and loans	15,317,313	50,600	2,018,200	13,349,713	1,894,650
Other liabilities:					
Compensated absences	427,215	182,666	161,596	448,285	179,594
Net pension obligation	2,454,952	311,763	-	2,766,715	-
Net other postemployment					
benefits obligation	736,190	278,675	-	1,014,865	-
Governmental Activities				,,	
Long-Term Liabilities	\$ 18,935,670	\$ 823,704	\$ 2,179,796	\$ 17,579,578	\$ 2,074,244

Amounta

All debt of the governmental activities is general obligation debt. The payments on the bonds, notes and loans are made from the General Fund. The compensated absences from governmental activities are paid from the General Fund and School Unrestricted Fund.

	\$9,367,500	\$923,544		

C. NOTE PAYABLE

The Town entered into an agreement with the Rhode Island Economic Development Corporation for the purchase of Tasca Field and issued a promissory note in the amount of \$380,000 to Rhode Island Economic Development Corporation. The note is payable in annual installments of \$38,000 over a ten-year period and is non-interest bearing. The note was paid in full as of March 31, 2011.

D. LOAN PAYABLE

On April 30, 2009, the Town entered into a loan agreement with Rhode Island Health and Educational Building Corp. in the amount of \$4,000,000 f or School Department capital improvements. The loan bears interest of 3 - 5% and is payable semi-annually.

On April 8, 2010, the Town received a loan in the amount of \$50,600 from Aramark as part of its food service agreement dated July 1, 2009. The loan is payable in annual installments of \$12,650 over a four-year period and is non-interest bearing.

	Governmental Activities		
	<u>Loans Pa</u>	<u>ıyable</u>	
Fiscal Year Ending March 31,	<u>Principal</u>	<u>Interest</u>	
2012	\$152,650	\$166,963	
2013	157,650	162,687	
2014	162,650	158,263	
2015	155,000	153,687	
2016	160,000	148,563	
2017-2021	895,000	634,800	
2022-2026	1,125,000	404,356	
2027-2030	1,095,000	112,875	
	\$3,902,950	\$1,942,194	

NOTE 7 – SHORT-TERM DEBT

The Town issued the following short-term notes during fiscal year 2011:

Tax Anticipation Notes – Tax anticipation notes in the amount of \$2,000,000 were issued on April 13, 2010 and matured on March 16, 2011 with an interest rate of 1.76%. The notes were issued in anticipation of taxes assessed as of December 31, 2009 and due July 1, 2010. The proceeds were deposited into the General Fund.

	Beginning			Ending
	Balance	Additions	Retirements	Balance
Governmental Activities:				
Tax anticipation notes	\$	\$2,000,000	\$2,000,000	\$ -
Governmental Activities Short-Term Debt	\$ -	\$2,000,000	\$2,000,000	\$ -

NOTE 8 – INTERFUND BALANCES

The Town reports interfund balances between many of its funds. The totals of all balances agree with the sum of interfund balances presented in the fund statements.

	Due From:						
	Gen Fu		School Unrestricted Fund	Gov	Other ernmental Funds	Total	
Due To:						-	
General Fund	\$	-	\$ 106,684	\$	10,160	\$ 116,84	44
School Unrestricted Fund	2,90	9,325	-		52,233	2,961,55	58
Other Governmental Funds	1,70	5,648	1,186			1,706,83	34_
Total	\$4,61	4,973	\$ 107,870	\$	62,393	\$ 4,785,23	36

The balances primarily result from the time lag between the dates the 1) transactions are recorded in the accounting system and 2) payments between funds are made.

NOTE 9 – INTERFUND TRANSFERS

	Transfer From:			
	•	(Other	
	General Fund			Total
Transfer To:				
School Unrestricted Fund	\$ 16,499,815	\$	-	\$ 16,499,815
Other Governmental Funds	2,316,252		48,000	2,364,252
Total	\$ 18,816,067	\$	48,000	\$ 18,864,067

Transfers are used to move revenues from the fund that the budget requires to collect them, to the funds that the budget requires to expend them. For example, the \$16,499,815 transfer is the School appropriation that is budgeted in the General Fund as a revenue source to be transferred to the School Unrestricted Fund and expended.

NOTE 10 – NET ASSETS/FUND BALANCES

The Government-Wide Financial Statements utilize a net asset presentation. Net assets are categorized as invested in capital assets, net of related debt; restricted; and unrestricted.

Invested in Capital Assets, Net of Related Debt – This category groups all capital assets into one component of net assets. Accumulated depreciation and the outstanding balances of debt that are attributable to the acquisition, construction or improvement of these assets reduce the balance in this category.

Restricted Net Assets – This category presents external restrictions imposed by grantors or laws and regulations.

Unrestricted Net Assets – This category represents net assets of the Town, not restricted for any project or other purpose.

In the Governmental Fund Financial Statements, reserves and designations segregate portions of fund balance that are either not available or have been earmarked for specific purposes. At March 31, 2011, reservations and designations of fund balance are described below:

Reserved for Cemetery Care – To reserve funds earmarked by trust agreements to be used for the maintenance and care of Town cemeteries.

Designated for Subsequent Year Budget – To designate \$160,000 and \$1,152,000 of unreserved fund balance in the General Fund and School Unrestricted Fund, respectively, budgeted in the 2011-2012 fiscal year.

NOTE 11 – DISAGGREGATION OF RECEIVABLE AND PAYABLE BALANCES

A. ACCOUNTS RECEIVABLE

The Town disaggregates significant components of receivables in the financial statements. Receivable balances determined immaterial are included as other receivables. The Town expects to receive all receivables except CDBG loans receivable within the subsequent year. The real estate and personal property tax receivable is net of an allowance for doubtful accounts of \$200,000.

B. ACCOUNTS PAYABLE AND ACCRUED LIABILITIES

The accounts payable and accrued liabilities at March 31, 2011, were as follows:

	Salaries and							
	1	Vendors	E	Benefits	(Other		Total
Governmental Activities							1	
General Fund	\$	266,828	\$	107,776	\$	3,184	\$	377,788
School Unrestricted Fund		465,956		835,339		-		1,301,295
Other Governmental Funds		203,379		55,986		-		259,365
Total	\$	936,163	\$	999,101	\$	3,184	\$	1,938,448

NOTE 12 – POST-EMPLOYMENT BENEFITS

Plan Description

The Town of Scituate administers a single-employer, defined benefit post-employment health insurance plan. This plan does not include the pension benefits discussed in Note 16. The plan provides medical and dental insurance for eligible retirees and their dependents through the Town's group health and dental insurance plans, which cover both active and retired members. Benefit provisions are established and amended by the union contracts through negotiations between the Town and the respective unions or as established by the Town's Human Resource Policy Manual for non-union employees. The plan does not issue a publicly available financial report.

Funding Policy

Contribution requirements are negotiated between the Town and the respective unions or are stated in the Town Human Resource Policy Manual for non-union employees. The Town is required to contribute the cost of medical and dental benefits, less the amount of any applicable employee share of medical or dental premiums. For the year ended March 31, 2011, the plan operated on a pay as you go basis and no provision has been made to fund future benefits to be provided to plan members. For the fiscal year ended March 31, 2011, the Town contributed \$192,360 to the plan.

Annual OPEB Cost and Net OPEB Obligation

The Town's annual other post-employment benefit (OPEB) cost for the plan is calculated based on the annual required contribution (ARC) for the employer, an amount actuarially determined in accordance with the parameters of GASB Statement 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial accrued liabilities (or funding excess) over a period not to exceed thirty years. The following table shows the components of the Town's annual OPEB cost for the year, the amount actually contributed to the plan, and the changes in the Town's net OPEB obligation:

Annual required contribution (ARC)	\$ 483,102
Interest on net OPEB obligation	33,129
Adjustment to annual required contribution	(45,196)
Annual OPEB cost	471,035
Contributions made	(192,360)
Increase in net OPEB obligation	278,675
Net OPEB obligation, beginning of year	736,190
Net OPEB obligation, end of year	\$1,014,865

The Town's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation for the last three fiscal years are as follows:

	Annual	Percentage of Annual	Net OPEB
Fiscal Year Ended	OPEB Cost	OPEB Cost Contributed	Obligation
3/31/09	\$529,719	26.1%	\$391,244
3/31/10	\$523,306	34.1%	\$736,190
3/31/11	\$471 035	40.8%	\$1 014 865

Funded Status and Funding Progress

The funded status of the Town's plan as of April 1, 2010, the most recent actuarial valuation, is as follows:

Actuarial Accrued Liability (AAL)	\$4,385,028
Actuarial Value of Plan Assets	-
Unfunded Actuarial Accrued Liability (UAAL)	\$4,385,028
	00/
Funded ratio (Actuarial Value of Plan Assets/AAL)	0%
Annual Covered Payroll (Active Plan Members)	\$15,355,605
UAAL as a Percentage of Covered Payroll	28.6%

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information following the notes to the financial statements, presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

Actuarial Methods and Assumptions

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and the plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

The April 1, 2010 actuarial valuation used the projected unit credit funding actuarial cost method (with service proration). Under this funding method, projected benefits are assumed to accrue on a straight line basis from the date of hire to the date of retirement for each participant. Normal cost for a participant is the present value of the projected benefit which accrues in the current plan year. Normal cost for the plan is the sum of the normal costs for all participants. The actuarial assumptions included: a) 4.5% interest discount rate; b) medical cost trend rate -7.5% per year graded off 0.5% per year to an ultimate rate of 4.5% per year; and c) dental cost trend rate -5% per year graded off 0.25% per year to an ultimate rate of 4.5% per year. The unfunded actuarial accrued liability as of the April 1, 2010 is being amortized using the level dollar 30-year open amortization basis.

Actuarial valuations involve estimates of the value of reported amounts and assumptions about the probability of events in the future. Examples include assumptions about employment, mortality and healthcare cost trends. Actuarial valuations are subject to continual revision as actual results are compared to past expectations and new estimates are formulated about the future.

NOTE 13 – SUMMARY DISCLOSURE OF SIGNIFICANT CONTINGENCIES

A. LITIGATION

During the ordinary course of its operations, the Town is a party to various other claims, legal actions and complaints. In the opinion of the Town's management and legal counsel, these matters are not anticipated to have a material financial impact on the Town.

B. FEDERALLY ASSISTED PROGRAMS - COMPLIANCE AUDITS

The Town participates in a number of federal awards programs. These programs through the year ended March 31, 2011 were audited in connection with the accompanying financial statements under the Single Audit Concept and the auditors' reports thereon are presented in the Single Audit Section of this report. The amount, if any, of expenditures that may be disallowed will not be material to the financial position of the Town.

NOTE 14 – RISK MANAGEMENT

The Town of Scituate is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors or omissions; injuries to employees; and natural disasters. The Town and the School Department (as of July 27, 2005) participate in a non-profit, public entity risk pool (Rhode Island Interlocal Risk Management Trust, Inc.) which provides coverage for property and liability claims. Upon joining the Trust, the Town and the School Department signed a participation agreement that outlines the rights and responsibilities of the Trust, the Town and the School Department. The agreement states that for premiums paid, the Trust will assume financial responsibility for the losses up to the maximum amount of insurance purchased, minus deductible amounts. The Trust provides this insurance coverage through a pooled, selfinsurance mechanism which includes reinsurance purchased by the Trust to protect against large, catastrophic claims above the losses the Trust retains internally for payment from the pooled contributions of its members. Under the participation agreement, the Town and the School Department are insured for varying amounts depending on the type of coverage provided. Settled claims resulting from these risks have not exceeded Trust coverage in any of the past three fiscal years. The Town and School Department funded workers' compensation claims through their health insurance policies through December 31, 2007 and claims not covered by health insurance

were paid by the Town or School Department on a pay-as-you-go basis. Effective January 1, 2008, the Town and School Department purchased workers' compensation insurance.

NOTE 15 – SUBSEQUENT EVENTS

On April 13, 2011, the Town issued \$2,000,000 in General Obligation Tax Anticipation Notes. The notes have an interest rate of 1.49% and mature on March 15, 2012.

NOTE 16 – PENSION PLANS

A. EMPLOYEES' RETIREMENT SYSTEM OF THE STATE OF RHODE ISLAND

All Town of Scituate certified school personnel participate in the Employees' Retirement System of the State of Rhode Island ("ERS"), a cost-sharing multiple-employer defined benefit plan administered by the State of Rhode Island. The payroll for employees covered by the System for the year ended March 31, 2011 was \$10,594,379, which consisted of \$384,679 for employees charged to federal programs and \$10,209,700 for all other employees.

The State of Rhode Island's Employees' Retirement System issues a publicly available annual financial report that includes financial statements and required supplementary information. That report may be obtained from the administrative offices of the State of Rhode Island Retirement Board, 40 Fountain Street, Providence, Rhode Island.

Plan Description

The following eligibility and benefit provisions are established by Rhode Island General Laws, Title 16, Chapter 16-16. All Scituate School Department certified school personnel are eligible to participate in the System if they are certified by the Board of Regents, engaged in teaching as principal occupation and are regularly employed on at least a half time basis. Superintendents, principals, business agents and other administrators participate as teachers. Employees are vested in their retirement benefits upon completion of 10 years of service.

Retirement Eligibility:

(i) Grandfathered Schedule A members – members with at least 10 years of contributory service at June 30, 2005 and eligible for retirement at September 30, 2009 – are eligible to retire on or after age 60 if they have credit for 10 years of service, or at any age if they have credit for 28 years of service.

- (ii) Schedule B members members with less than 10 years of contributory service as of June 30, 2005 and members hired on or after that date are eligible for retirement on or after age 65 if they have credit for 10 years of service, or on or after age 62 if they have credit for 29 years of service. In addition, a member who attains age 62 with at least 20 years of service credit may retire with an actuarially reduced retirement benefit. The reduction is based on the difference between 65 and the member's age of retirement.
- (iii) Schedule A members who are not grandfathered i.e., members who had at least 10 years of creditable service at June 30, 2005 but who were not eligible to retire on September 30, 2009, will be eligible for retirement at an individually determined age. This age is the result of interpolating between the retirement age under the rules applicable to grandfathered employees in (i) above and the retirement age applicable to members hired after September 30, 2009 in (ii) above. The interpolation is based on service as of September 30, 2009 divided by projected service at the retirement age under (i) above.

Monthly Benefit:

The retirement benefit is a percentage of the member's monthly final average compensation (FAC). For members eligible to retire as of September 30, 2009, their FAC will be based on the highest three consecutive annual salaries. For members not eligible to retire as of September 30, 2009, their FAC will be based on the highest five consecutive years of salary. Monthly benefits are based on one-twelfth of this amount. The percentage is a function of the member's service as described below.

(i) For grandfathered Schedule A members (members with at least 10 years of contributory service at June 30, 2005 and eligible for retirement as September 30, 2009), benefits are based under this schedule (Schedule A):

,		Benefit Percentage
For Service In:	<u>Years</u>	<u>Earned</u>
The first 10 years of service	1-10	$1.7\overline{\%}$ per year
The next 10 years of service	11-20	1.9% per year
The next 14 years of service	21-34	3.0% per year
The next 1 year of service	35	2.0% per year

The maximum benefit is 80% of FAC.

(ii) For Schedule B members (members with less than 10 years of contributory service as of June 30, 2005) and for all future hires, benefits are based on the following schedule (Schedule B):

		Benefit Percentage
For Service In:	Years	<u>Earned</u>
The first 10 years of service	1-10	1.6% per year
The next 10 years of service	11-20	1.8% per year
The next 5 years of service	21-25	2.0% per year
The next 5 years of service	26-30	2.25% per year
The next 14 years of service	31-37	2.50% per year
The next 1 year of service	38	2.25% per year

The maximum benefit is 75% of FAC.

(iii) For Schedule A members who are not grandfathered, i.e., members who had at least 10 years of creditable service at June 30, 2005 but who were not eligible to retire on September 30, 2009, benefits are based on Schedule A (under (i) above) for service through September 30, 2009 and on Schedule B (under (ii) above) for service after September 30, 2009. The maximum benefit is 80% of FAC.

Post-Retirement Benefit Increase:

- (i) For members with at least 10 years of contributory service as of June 30, 2005 who are retired or eligible to retire as of September 30, 2009, a nd for all members receiving a disability retirement benefit on that date: a 3.00% compound increase in their retirement benefit each year, beginning in January of the year in which the member reaches the third anniversary of retirement. This increase is not a function of actual increases in the cost of living.
- (ii) For other members who retired or were eligible to retire as of June 30, 2010: a compound increase in their retirement benefit each year equal to the increase in the CPI, effective on each anniversary date beginning on the third anniversary of retirement. This is increase is limited to 3.00%.
- (iii) For other members who were not retired or were not eligible to retire as of June 30, 2010: a compound increase in their first \$35,000 of annual retirement benefit each year equal to the increase in the CPI, effective on each anniversary date beginning on the later of the member's third anniversary of retirement and the month following their 65th birthday. This increase is limited to 3.00%. Additionally, the \$35,000 annual COLA limit is applicable for benefits paid in 2010 and would be indexed annually to increase in the same manner as COLAs for Schedule B members (CPI for the year, not greater than 3.0%).

Funding Policy

Covered employees are required by State Statute to contribute 9.5% of their salary to the plan. The State and the School Department are required to contribute an amount determined annually by the actuary and as provided by State Statute. The split between State and the School Department is specified by State Statute. The contribution requirement for the period April 1, 2010 through March 31, 2011 was 19.01%. The Teachers' Plan cost is paid 60% by the School Department and 40% by the State. However, the State will pay the total cost of the contribution deferrals which were .26% for the period April 1, 2010 through March 31, 2011. This results in a contribution requirement for the School Department of 11.25% and a contribution requirement for the State of 7.76% for the period April 1, 2010 through March 31, 2011.

The State contribution for the cut off year ended March 31, 20 11 was \$792,273 which represented 7.48% of covered payroll. The payments made by the State to the Employees' Retirement System are considered on behalf of payments and are reported as revenue and as an expenditure in the financial statements. The contribution requirement for the cut off year ended March 31, 2011 was \$2,227,879, which consisted of \$1,221,509 from the School Department (\$72,917 for federally funded employees and \$1,148,592 for other employees), and \$1,006,370 from employees. These contributions represented 11.53% and 9.5% of covered payroll respectively. The annual required contribution was determined as part of the June 30, 2007 and June 30, 2008 actuarial valuations, respectively.

The School Department does not have any investments or related party investments with the State Plan. The School Department's contribution represented 1.02% of total contributions required of all participating entities.

Three-Year Trend Information

	Annual Required	Percentage
Fiscal Year	Contributions	Contributed
2009	\$1,328,090	100%
2010	\$1,244,983	100%
2011	\$1,221,509	100%

B. MUNICIPAL EMPLOYEES' RETIREMENT SYSTEM OF THE STATE OF RHODE ISLAND

The Town of Scituate participates in the Municipal Employees' Retirement System (MERS), an agent multiple employer defined benefit plan administered by the State of Rhode Island. All Town employees except police and certified school personnel participate in the MERS. The payroll for employees covered by the MERS for the year ended March 31, 2011 was \$2,585,602.

The State of Rhode Island's Municipal Employees' Retirement System issues a publicly available annual financial report that includes financial statements and required supplementary information. That report may be obtained from the administrative offices of the State of Rhode Island Retirement Board, 40 Fountain Street, Providence, Rhode Island.

Plan Description

The following eligibility and benefit provisions are established by Rhode Island General Laws, Title 45, Chapters 19, 19.1, 21.2, 21.1, 21.2, a nd 21.3 and may be amended by State Statute. The MERS generally provides retirement benefits equal to 2% of a member's final average compensation (FAC) multiplied by the number of years of service up to 37.5 years, up to a maximum benefit of 75% of FAC. Final average compensation is the average of the three highest consecutive years of earned salary exclusive of overtime, bonuses or severance pay. Such benefits are available to members on

or after age 58 with 10 years of service or after 30 years of service regardless of age. The plan also provides non-service connected disability benefits after 5 years of service, service connected disability benefits with no minimum service requirement, survivors' benefits, and certain lump sum death benefits. Employees are vested in their retirement benefits upon the completion of 10 years of service. Members employed by municipalities who elect one of the optional COLA provisions receive an increase equal to 3% of the original retirement benefit each year beginning January 1 following the member's retirement. The Town of Scituate has adopted COLA plan B.

Funding Policy

General employees are required by State Statute to contribute 6% of their annual earnings. The contribution rate is increased to 7% with the optional cost-of-living provision. The Town of Scituate is required to contribute based on an actuarially determined amount and as provided by State Statute for each participating municipality. The Town's rate for the period April 1, 2010 through June 30, 2010 was 12.16% of covered payroll. The Town's rate for the period July 1, 2010 through June 30, 2011 is 11.11% of covered payroll.

Annual Pension Cost

For 2011, the Town's annual pension cost of \$294,154 for the MERS was equal to the Town's required and actual contributions.

Three-Year Trend Information

	Annual Pension	Percentage of APC	Net Pension
Fiscal Year	Cost (APC)	Contributed	Obligation
2009	\$320,416	100%	\$ -0-
2010	\$312,476	100%	\$ -0-
2011	\$294,154	100%	\$ -0-

The required contribution was determined as part of the June 30, 2007 and June 30, 2008 actuarial valuations. The actuarial method used is the Entry Age actuarial cost method. Under this method, the employer contribution rate is the sum of (i) the employer normal cost rate, and (ii) a rate that will amortize the unfunded actuarial accrued liability. Significant actuarial assumptions used in the June 30, 2007 and June 30, 2008 valuations include the following:

- 1) Investment return 8.25% per year, compounded annually, composed of an assumed 3% inflation rate and a 5.25% net real rate of return.
- 2) Projected salary increases a service related component, plus a 4.5% wage inflation assumption (composed of a 3% price inflation assumption and a 1.5% additional general increase).

3) Cost of living adjustment – 3%, not compounded.

The actuarial value of assets is based on market value of assets with a five year phase-in of actual investment return in excess of (less than) expected investment income. The MERS' unfunded actuarial accrued liability is being amortized over 30 years as a level percentage of payroll on a closed basis. The remaining amortization period at June 30, 2008 was 21 years.

Funded Status and Funding Progress

As of June 30, 2010, the most recent actuarial valuation date, the plan was 68.4% funded. The actuarial accrued liability for benefits was \$13,666,849, and the actuarial value of assets was \$9,342,641, resulting in an unfunded actuarial accrued liability (UAAL) of \$4,324,208. The covered payroll (annual payroll of active employees covered by the plan) was \$2,773,328, and the ratio of the UAAL to the covered payroll was 155.9%. The June 30, 2010 actuarial valuation used the same methods and assumptions described above under Annual Pension Cost, except the investment return was changed to 7.5% per year and projected salary increase was changed to 4%.

The schedule of funding progress, presented as RSI following the notes to the financial statements, presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits.

C. POLICE PENSION PLAN

Plan Description

The Town of Scituate participates in a single-employer defined benefit pension plan established by the Town to provide pension benefits for its police officers. The Pension Plan is being administered by Wilmington Trust Company. A separate, audited pension plan report is not available for the Police Pension Plan. The Town's payroll for employees covered by the Plan for the year ended March 31, 2011 was \$1,052,588.

At April 1, 2011, employee membership related to the plan was as follows:

Retired	12
Vested Disabled	4
Active	<u>17</u>
Total	<u>33</u>

Benefit Provisions

Benefits and contributions are established by contract and may be amended by union negotiation.

The Police Pension Plan provides retirement, death and disability benefits. Under the plan, all regular or permanent police of the Town of Scituate are eligible to participate in the plan, following the completion of a six-month waiting period. Members are 100 percent vested after 10 years of service. A participant hired on or prior to June 30, 2000 is eligible for normal retirement after completion of 20 years of service. A participant hired on or after July 1, 2000 is eligible for normal retirement after completion of 25 years of service. If a member leaves covered employment or dies prior to 10 years of service, accumulated member contributions are refunded. A member who terminates after ten years of service will be eligible to receive a pension commencing at age 56 equal to his or her accrued benefit. For participants hired on or prior to June 30, 2000, the normal retirement benefit is equal to 2.5% of the base annual pay times years of service up to 20 years, plus 2% of base annual pay times years of service in excess of 20 years. The maximum benefit is 60% of base annual pay. For participants hired on or after July 1, 2000, the normal retirement benefit is equal to 60% of the base annual pay. A participant may retire upon the completion of 10 years of service or the attainment of age 56, whichever is later.

Funding Policy

Effective July 1, 2000, active plan members are required to contribute 10% of their covered earnings. The Town is required to contribute an amount at least equal to the employees' contributions. The Town has an actuarial calculation to determine the actuarially required contribution, but does not fund the plan based on the calculation. The Town contribution is currently 10% of covered earnings plus a supplemental contribution of \$250,000 per year.

Annual Pension Cost and Net Pension Obligation

The Town's annual pension cost and net pension obligation for the Police Pension Plan for the current year were determined by the actuary as of March 31, 2011, based on the latest actuarial report completed as of April 1, 2011.

The annual pension cost and changes in the net pension obligation were as follows:

Actuarially Required Contribution (ARC)	\$ 738,709
Interest on NPO	184,121
Adjustments to ARC	(146,784)
Annual pension cost	776,046
Contributions made	(464,283)
Increase in net pension obligation	311,763
Net pension obligation beginning of year	2,454,952
Net pension obligation end of year	\$2,766,715

Three-Year Trend Information

	Annual Pension Cost	Percentage of APC	Net Pension
Fiscal Year	(APC)	Contributed	Obligation
3/31/2009	\$522,852	86.10%	\$2,189,275
3/31/2010	\$723,021	63.25%	\$2,454,952
3/31/2011	\$776,046	59.83%	\$2,766,715

The Town's required contribution to the plan was determined as part of the April 1, 20 11 actuarial valuation using the Entry Age Normal actuarial cost method. The normal cost is the sum of the normal costs for all participants. For a current participant, the individual normal cost is the participant's normal cost accrual rate multiplied by the participant's current compensation. The normal cost accrual rate equals (a) the present value of future benefits as of participant's entry age divided by (b) the present value of future compensation as of the participant's entry age. For other than a current participant, the normal cost equals \$0. The actuarial assumptions included (a) 7.5% investment rate of return per year; (b) projected salary increases of 4% per year; (c) post retirement benefit increases of 2% per year; and (d) level percent of payroll amortization method over a 25-year amortization period on an open basis. Assets used for the purposes of determining the contribution level are equal to the current market value of the assets. The investment rate of return was changed from 8.25% in the April 1, 2009 actuarial valuation to 7.5% in the April 1, 2011 actuarial valuation.

Funded Status and Fund Progress

As of April 1, 2011, the most recent actuarial valuation, the plan was 27.5% funded. The actuarial accrued liability for benefits was \$11,348,767, and the actuarial value of assets was \$3,122,375, resulting in an unfunded actuarial accrued liability (UAAL) of \$8,226,392. The covered payroll (annual payroll of active employees covered by the plan) was \$917,936, and the ratio of the UAAL to the covered payroll was 896.2%. The April 1, 2011 actuarial valuation used the methods and assumptions described above under Annual Pension Cost.

The schedule of funding progress, presented as RSI following the notes to the financial statements, presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits.

REQUIRED SUPPLEMENTARY INFORMATION

Required supplementary information includes financial information and disclosures that are required by the GASB but are not considered a part of the basic financial statements. Such information includes:

Schedule of Funding Progress - Pension Plan and Other Postemployment Benefit Plan

Schedule of Annual Required Contributions - Pension Plan

Budgetary Comparison Schedules - General Fund and School Unrestricted Fund

In addition, the notes to the required supplementary information are included to provide information that is essential to a user's understanding of the required supplementary information.

NOTE 1 - SCHEDULE OF FUNDING PROGRESS

The information presented in the required supplementary schedules was determined as part of the actuarial valuations at the dates indicated. Additional information as of the latest actuarial valuation follows:

	Municipal Employees Retirement System	Police Pension Plan	Other Postemployment Health Insurance Benefit Plan
Valuation date	June 30, 2010	April 1, 2011	April 1, 2010
Actuarial cost method	Entry Age	Entry Age Normal	Projected Unit Credit
Amortization method	Level percent of payroll over a closed period	Level percent of payroll over an open period	Level dollar over an open period
Amortization period	30 years from June 30, 1999 or 19 years as of the valuation date	25 years	30 years
Asset valuation method	Market value of assets with a five year phase-in of actual investment return in excess of (less than) expected investment income	Current market value	Not applicable
Actuarial assumptions: Investment rate of return	7.5%, compounded annually, composed of an assumed 2.75% inflation rate and a 4.75% net real rate of return	7.5% per annum	4.5%
Projected salary increases	An annual service related component, plus a 4% wage inflation assumption (composed of a 2.75% price inflation assumption and a 1.25% additional general increase)	4% per annum	Not applicable
Cost-of-living adjustments	3%, not compounded	2% per annum	Not applicable
Healthcare cost trend rates	Not applicable	Not applicable	Medical - 7.5% per year graded off 0.5% per year to ultimate rate of 4.5% Dental - 5 % per year graded off 0.25% per year to ultimate rate of 4.5%
Participant information	Active employees 90 Retirees and beneficiaries 57 147	Retired 12 Vested disabled 4 Active 17 33	Active 410 Retired 50 460

TOWN OF SCITUATE, RHODE ISLAND Notes to Required Supplementary Information March 31, 2011

NOTE 2 - BUDGETARY DATA AND BUDGETARY COMPLIANCE

The Town has formally established budgetary accounting control for its General Fund and the School Unrestricted Fund, which is a Special Revenue Fund. It is the responsibility of the Town Budget Committee to submit to the Town Council and make available to the general public a proposed General Fund budget, including the School Unrestricted Fund transfer for the fiscal year. The Town Council may then revise and adopt a recommended General Fund budget including changes to the School Unrestricted Fund transfer. At least two public hearings are conducted on the recommended General Fund budget and the final recommended budget is approved by the voters and legally enacted through an ordinance of the Town Council at the Annual Financial Town Meeting. The General Fund and School Unrestricted Fund annual operating budget amounts are supported by revenue estimates and take into account the elimination of accumulated deficits and the re-appropriation of accumulated surpluses to the extent necessary. The budget approved and adopted at the Annual Financial Town Meeting reports the amount budgeted for each department, including the School Department. Therefore, the legal level of control for the General Fund is at the departmental level and for the School Unrestricted Fund is at the fund level. Transfers between departments must be approved by the Town Council. Amendments that would change the total appropriation must be approved by the voters and Town Council at a Financial Town Meeting. There were no supplemental budgetary appropriations in fiscal year 2011. Appropriations which are not expended or encumbered lapse at year end.

The General Fund and School Unrestricted Fund budgets are in conformity with the legally enacted budgetary basis, which is not in conformity with generally accepted accounting principles. The budget to actual presentations in the required supplementary information for these funds are reflected on the budgetary basis. The difference between the budgetary basis and the generally accepted accounting principles basis is explained below.

Explanation of Differences between Budgetary Revenues and Other Financing Sources and Expenditures and Other Financing Uses and GAAP Revenues and Other Financing Sources and Expenditures and Other Financing Uses

Revenues and Other Financing Sources	General Fund	School Unrestricted Fund
Actual amounts (budgetary basis)	\$27,235,519	\$20,204,717
Differences – budget to GAAP: The appropriated fund balance is a budgetary revenue, but is not a current year revenue for financial reporting purposes.	(522,888)	(1,152,000)
The pension contributions made to the Employees' Retirement System by the State on behalf of the Town of Scituate is not reported as a budgetary revenue, but is a current year revenue for financial		
reporting purposes.	-	792,273

TOWN OF SCITUATE, RHODE ISLAND Notes to Required Supplementary Information March 31, 2011

Revenues and Other Financing Sources (continued)	General Fund	School Unrestricted Fund
Motor vehicle excise tax phase out revenue budgeted in the current year, but not received in fiscal year 2011 is reported as a budgetary revenue and is not a current year revenue for financial reporting purposes.	(400,312)

OTHER SUPPLEMENTARY INFORMATION

The information provided herein contains schedules which the Town deems necessary to provide additional disclosures.

THIS SECTION CONTAINS THE FOLLOWING:

Combining Fund Financial Statements for Nonmajor Governmental Funds

Combining Statement of Net Assets for Agency Funds

Other Supplementary Information

COMBINING FUND FINANCIAL STATEMENTS - NONMAJOR GOVERNMENTAL FUNDS

THE FOLLOWING FUNDS OF THE TOWN ARE REPORTED IN THIS SECTION:

Special Revenue Funds are used to account for resources allocated to specific purposes. A Special Revenue Fund continues in existence as long as governmental resources are allocated to its specific purpose.

School Restricted Fund – was established to account for the receipt and disbursement of State and Federal grants for education.

Food Service Fund – accounts for the fees, Federal and State reimbursements and expenditures of the School's food service program.

School Construction Rebate Fund – was established by the School Department to account for energy efficient measures used in School construction projects.

Community Development Block Grant – accounts for activity of the Community Development Block Grant program.

Substance Abuse Fund – was established to account for the State's Bramley Grant for substance abuse.

Revaluation Fund – was established to account for the expenditures associated with property valuation.

Master Plan/Codification Fund – was established to comply with State's enabling legislation regarding land use and development.

Civil Defense Fund – was established as an emergency management contingency fund.

Senior Citizens Van Fund – was established to account for the purchase and maintenance of the senior services transportation vehicle.

State Asset Forfeiture Fund – accounts for funds provided by the State for seized properties.

Revenue Sharing Fund – was established to account for the State's revenue sharing program.

Vital Statistics Surcharge – was established to account for State mandated fees for records restoration.

Health Insurance Fund – was established to provide funds for escalating health costs.

Historical Land Records – was established by State Law for the preservation of historical public records.

Recreation Camperships Fund – was established to provide recreation program registration fees for needy families.

Fire Department Insurance/Training – was established to benefit the Town's four volunteer fire departments and rescue.

Probate Filing Records – was established by State Law for maintaining probate court records.

Computer Upgrade – accounts for the expenditures associated with the upgrade of the Town's computer system.

Capital Assets Fund – accounts for expenditures associated with the purchase of new capital asset software and the related conversion costs.

Federal Asset Drug Forfeiture Fund – was established to account for funds provided by the Federal government from seized property.

Recreation Capital Fund – was established to provide for future recreational capital expenditures.

Animal Health Fund – was established by State Law for mandatory spaying and neutering for adopted dogs and cats.

K-9 Truck Capital Fund – accounts for the purchase and maintenance of an animal control vehicle.

State Police Computer Grant – was established to account for funds received to upgrade the Police Department's computer system.

Police Substance Abuse Fund – accounts for the activity of the DARE program.

Police Vehicle Escrow – was established to account for the purchase and maintenance of police vehicles outside the original five year vehicle replacement plan.

Explorers Account-Post 1 – was established to account for the junior policing program.

Municipal Retirement Fund – was established to account for Town's future contributions to the Municipal Retirement System.

Senior Center Donations – was established to account for donations to benefit the Town's senior center.

Human Services Legislative Grant – was established to account for a human services grant from the State Legislature.

Food Pantry Donations – was established to account for donations to benefit the Town's food pantry.

Senior Center Grants – was established to account for State grants received for the senior center.

Emergency Management Grants – was established to account for State and Federal grants received for emergency management activities.

Homeland Security Grant – was established to account for Federal grants received by the Town for homeland security.

Congregational Church Restoration – was established to account for expenditures for the restoration and care of Historical Congregational Church.

Land Dedication Recreation Fund – was established to account for the fees in lieu of land dedication from subdivisions which will be used for the construction and improvement of Town recreational facilities.

Green Area Beautification – was established to account for expenditures for the upkeep and care of Town village greens.

Tax Certificate Fund – was established to account for revenues generated from tax sales.

Unfunded Cemetery Fund – was established to account for the expenditures to care for Town cemeteries without perpetual care.

Main Street Project – was established to account for funds received for the Main Street Project.

Inspection Fee Fund – was established to account for the inspection fees required of developers of new subdivision construction.

Cemetery Capital Fee Fund – was established to account for the fees required of developers for the maintenance of historical cemeteries in and around new subdivisions.

Municipal Unemployment Fund – was established to account for the Town's self insured unemployment benefits

Recreation Fund – was established to account for the Recreation Department's special activities.

Proposed Police Station – was established to account for expenditures to investigate building a new police station versus improving the existing building.

RI Advanced Motor Vehicle Excise Tax Payments – was established to account for State payments for the motor vehicle excise tax phase out program.

Spay Neuter Fund – was established to account for spay/neuter fees.

Recording Tech. Scanning Fund – was established by State Law to provide for scanning technology for Town Clerk records.

Citizens Police Academy Fund – was established to account for a private grant for the Citizens Police Academy.

School Special Projects Fund – was established to account for special projects of the School Department.

State Fiscal Year Transition Fund – was established to accumulate the funds necessary to enable the Town to change its fiscal year to June 30.

The Debt Service Fund accounts for the accumulation of resources for, and the payment of, general long-term debt principal and interest.

The Capital Projects Funds account for all resources used for the acquisition and/or construction of capital items by the Town and School except those financed by the Proprietary Fund Types or Trust Funds.

Highway Department Capital Escrow – was established to account for the Highway Department capital program.

School Ballfield Fund – was established to account for additional renovations to the School Department's ballfield.

School Capital Construction Fund – was established to account for non-bonded School construction projects.

Highway Bridges Special Projects – was established to account for the reconstruction and maintenance of bridges and other special projects.

Police Vehicles Capital Fund – was established to account for the purchase and maintenance of new police vehicles.

Open Space - was established to account for the purchase and maintenance of open space.

Chopmist Hill Renovation Fund – was established to account for bonded capital expenditures related to the renovation of Chopmist Hill Inn.

Animal Shelter Bond Fund – was established to account for bonded capital expenditures related to improvements of the Town's animal shelter.

Public Works/Safety Bond Fund – was established to account for bonded capital expenditures for Public Works and Public Safety.

School Bond Fund – was established to account for bonded capital expenditures related to the Town's schools.

School Land Fund – was established to account for the purchase of land by the School Department.

School 2008, School 2009 and School 2010 Capital Funds – were established to account for non-bonded school construction projects.

2009 School Loan Fund – was established to account for School capital expenditures funded through a loan from RIHBEC.

Town Properties Building Fund – was established to account for the construction of a Town properties building.

Fire Department Capital Fund – was established to account for bond proceeds and Town appropriations devoted to financing Fire Department capital expenditures.

The Permanent Funds account for all resources that are legally restricted to the extent that only earnings, and not principal, may be used for purposes that support Town programs.

Sam Tourtellot & Leslie Davis Fund – was established to account for the assets held for the restoration and care of Historical Congregational Church.

Elsie Gleason Fund – was established to account for assets held for the restoration and care of Historical Congregational Church.

Glenford Cemetery Fund – was established to account for the assets held to provide special care to Historical Glenford Cemetery.

Cemetery Fund – was established to account for the general cemetery care of Town cemeteries inclusive of historical cemeteries.

STATISTICAL SECTION

The Statistical Schedules differ from other financial statement presentations because they generally disclose more than one fiscal year and may present non-accounting data such as social and economic data and financial trends of the Town.

Statistical Section

This part of the Town of Scituate's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the Town's overall financial health.

Contents	Page(s)
Financial Trends These schedules contain trend information to help the reader understand how the Town's financial position has changed over time.	86-89
Revenue Capacity These schedules contain information to help the reader understand and assess the factors affecting the Town's ability to generate its most significant local revenue sources, the real and personal property tax.	90-94
Debt Capacity These schedules present information to help the reader assess the affordability of the Town's current levels of outstanding debt and the Town's ability to issue additional debt in the future.	95-99
Economic and Demographic Information These schedules offer economic and demographic indicators to help the reader understand the environment within which the Town's financial activities take place and to provide information that facilitates comparisons of financial information over time and among governments.	100-101
Operating Information These schedules contain service and infrastructure data to help the reader understand how the information in the Town's financial report relates to the services the Town provides and the activities it performs.	102-104

Sources: Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant year. The Town implemented GASB Statement 34 in 2004; schedules presenting government-wide information include information beginning in that year.

Financial Report Miscellaneous Statistics

SINGLE AUDIT SECTION

This section contains information regarding grant activity for the year ended March 31, 2011 which was audited under the guidelines of the Single Audit Act of 1996 and the United States Office of Management and Budget's Circular A-133, "Audits of States, Local Governments, and Non-Profit Organizations".

BACON & COMPANY, LLC CERTIFIED PUBLIC ACCOUNTANTS

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Honorable President and Members of the Town Council Scituate, Rhode Island

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Town of Scituate, Rhode Island as of and for the year ended March 31, 2011, which collectively comprise the Town of Scituate, Rhode Island's basic financial statements and have issued our report thereon dated September 29, 2011. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

Management of the Town of Scituate, Rhode Island is responsible for establishing and maintaining effective internal control over financial reporting. In planning and performing our audit, we considered the Town of Scituate, Rhode Island's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion of the effectiveness of the Town of Scituate, Rhode Island's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Town of Scituate, Rhode Island's internal control over financial reporting.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses and therefore, there can be no assurance that all deficiencies, significant deficiencies or material weaknesses have been identified. However, as described in the accompanying schedule of findings and questioned costs, we identified certain deficiencies in internal control over financial reporting that we consider to be material weaknesses.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. We consider the deficiency described in the accompanying schedule of findings and questioned costs as item 11-1 to be a material weakness.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Town of Scituate, Rhode Island's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted certain matters that we reported to the management of the Town of Scituate, Rhode Island in a separate letter dated September 29, 2011.

The Town of Scituate, Rhode Island's response to the finding identified in our audit is described in the accompanying schedule of findings and questioned costs. We did not audit the Town of Scituate, Rhode Island's response and, accordingly, we express no opinion on it.

This report is intended solely for the information and use of management, the Town Council, the School Committee, the State of Rhode Island Auditor General, federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

Warwick, Rhode Island September 29, 2011

Bacm & Company, SdC

BACON & COMPANY, LLC CERTIFIED PUBLIC ACCOUNTANTS

REPORT ON COMPLIANCE WITH REQUIREMENTS THAT COULD HAVE A DIRECT AND MATERIAL EFFECT ON EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

To the Honorable President and Members of the Town Council Scituate, Rhode Island

Compliance

We have audited the Town of Scituate, Rhode Island's compliance with types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of the Town of Scituate, Rhode Island's major federal programs for the year ended March 31, 2011. The Town of Scituate, Rhode Island's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs is the responsibility of the Town of Scituate, Rhode Island's management. Our responsibility is to express an opinion on the Town of Scituate, Rhode Island's compliance based on our audit.

We conducted our audit of compliance in accordance with the auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Town of Scituate, Rhode Island's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the Town of Scituate, Rhode Island's compliance with those requirements.

In our opinion, the Town of Scituate, Rhode Island complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended March 31, 2011.

Internal Control Over Compliance

Management of the Town of Scituate, Rhode Island is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered the Town of Scituate, Rhode Island's internal control over compliance with the requirements that could have a direct and material effect on a major federal program to determine the auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. A ccordingly, we do not express an opinion on the effectiveness of the Town of Scituate, Rhode Island's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be *material weaknesses*, as defined above.

This report is intended solely for the information and use of management, the Town Council, the School Committee, the State of Rhode Island Auditor General, federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

				(Continued)

TOWN OF SCITUATE, RHODE ISLAND Schedule of Findings and Questioned Costs (Continued) For the Fiscal Year Ended March 31, 2011

SECTION II – FINANCIAL STATEMENT FINDINGS

11-1 Criteria – In order to properly safeguard and account for capital assets, the Town and School Department must have a system in place that provides an accurate list of capital assets and depreciation expense.

Material Weakness – Although the Town and School Department have policies and procedures in place to maintain the list of capital assets and depreciation expense on a perpetual basis, the list of capital assets prepared as of March 31, 2011, was incomplete. Several material audit adjustments were proposed to correct the list of capital assets. In addition, the software utilized to maintain the list of capital assets and depreciation schedule has programming deficiencies which resulted in additional errors in the list of capital assets and depreciation schedule as of March 31, 2011.

Recommendation – We recommend that the Town and School Department take more care when preparing the list of capital asset additions. A ctivity in all funds, including special revenue and capital project funds, must be reviewed throughout the year, to identify all capital asset additions to ensure the list of capital assets is complete. We also recommend that the current software utilized for capital asset accounting be reviewed and corrected as necessary. This will ensure proper recording and safeguarding of capital assets.

Management's Response – **Town** – Management will review annual expenditures by vendor that exceed the capital asset threshold. **School Department** – The School Department will take more care when preparing the list of capital asset additions and will review the list throughout the year to ensure proper recording and safeguarding of capital assets.
