**Other News**

- Our Youth Services and Technology Librarian, Kathleen Powers, has left the library after finding a new position in her field of study. While we will miss Kathleen greatly, we are happy she found a position that supports her life goals. After reviewing the job description, we will begin advertising for a new Youth Services Librarian in February 2022.
- The staff have been working with Consolidated in preparation for the new phone system.
- Seacoast Security came to the library in January to run the yearly test on our fire alarm system. It passed with flying colors.

- The library was closed for maintenance on Monday, January 31<sup>st</sup> due to the build-up of over a foot of snow on the library roof, which blocked the intake on our heating system. This caused fumes to back-up into the library. Houle's can and cleared the filters and Stone grove LLC. Came and shoved off the roof. Allis now well and I would like to thank the Winslow Fire Department for coming to the library to do an air quality check to ensure the space was safe.
