### **Other News**

- The library’s cinderblock walls have been repaired and sealed. As part of the sealing process, we were able to add colorant to the sealer and the walls are not a darker shade than before. The new color matches the brickwork on the front of the building and definitely improves the appearance of the building.
- Public works just repainted all the lines in our parking lot and the library campus is looking great! A big thank you to the public works crew for the help.
- We started our summer reading program on June 13<sup>th</sup> and already have 76 students participating! This year we have 3 trackers that students can do which helps encourage children to read through-out the summer. It also means the students can earn up to 3 prize packs.
