

Parks and Recreation June Monthly Report

In May we rolled out our summer programming options. Parks and Rec will be offering, Outdoor Basketball Skills clinics, Soccer Clinics, Field Hockey Clinics, High School Soccer, High School Field Hockey, Story Time & Lunch at the Fort, Summer Fun Camp, Track and our annual Backyard Campout Event. It is sure to be a busy and fun summer. We will also be hosting Field Hockey Tournaments, Soccer Fun Days, Track Meets and Softball Tournaments. We have struggled with getting applicants for summer counselor positions. If this continues, we will have to further limit enrollment in Summer Fun Camp.

A big shout out to all the green thumbs in Winslow. The Community Gardens have been looking amazing! We still have two beds for rent if anyone is interested. They can contact the Parks and Rec office for additional information.

The Rec Center will be reopened for rent to organizations outside of the Town. For now, this will be available as a meeting space only. We will continue to re-evaluate month to month when it will be appropriate to rent the space for leisure and celebratory reasons. Masks will continue to be required at all times.

We look forward to June when programming will kick off and Parks and Rec becomes fully staffed. The spring and early summer is always a tricky time with small staff and a lot of acreage. A big thank you to John, Steve, and Dean for working so hard to keep up on things!

Respectfully Submitted,

Amanda McCaslin

Director of Parks and Recreation
