INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Town Council
Town of Winslow, Maine

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Town of Winslow, Maine as of and for the year ended June 30, 2018, and the related notes to the financial statements, which collectively comprise the Town of Winslow, Maine's basic financial statements and have issued our report thereon dated September 24, 2018.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Town of Winslow, Maine's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Town of Winslow, Maine's internal control. Accordingly, we do not express an opinion on the effectiveness of the Town of Winslow, Maine's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the Town's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We did identify a certain deficiency in internal control, described in the accompanying schedule of findings and questioned costs as item 2018-001 that we consider to be a significant deficiency.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*, CONTINUED

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Town of Winslow, Maine's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted certain other matters that we reported to management of the Town of Winslow, Maine in a separate letter dated September 24, 2018.

Town of Winslow, Maine's Response to Finding

The Town of Winslow, Maine's response to the finding identified in our audit is described in the accompanying schedule of findings and questioned costs. The Town of Winslow, Maine's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Town's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Town's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Town of Winslow, Maine's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

Accordingly, we do not express an opinion on the effectiveness of the Town of Winslow, Maine's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of the internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in the internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

SIGNIFICANT DEFICIENCY

2018-001 Preparation of Financial Statements (repeated)

Auditing Standards require external auditors to determine whether or not client personnel designed as having responsibility over the financial reporting process possess the expertise to identify all financial reporting matters in compliance with generally accepted accounting principles without the reliance on external auditors. This means that these individuals would need to have the knowledge of all the various financial statement disclosure requirements in addition to an understanding of fund financial statements and government-wide financial statements. From a practical standpoint, the costs of maintaining the expertise in-house to meet these requirements often exceed the benefit. As a result, it is common practice for governmental entities to rely on assistance from their auditing firm to assist in the preparation of the financial statements and the related disclosures. When the auditing firm prepares the financial statements, the Town must assign a competent management level individual to oversee this service. Additionally, management must review, approve, and accept responsibility for the financial statements and related notes.

Unfortunately, when this approach is taken, the Town is considered to have a control deficiency in the design of internal controls over the preparation of the financial statements in accordance with generally accepted accounting principles, and as a result, we are required to report this as such in this letter.

Management's response/corrective action plan:

Regarding the noted significant deficiency pertaining to the preparation of financial statements, management for the Town of Winslow, Maine understands the current accounting standards. The cost of having an expert in-house to prepare the financial statements exceeds the benefits; therefore, we hire an outside audit firm to prepare our financial statements.

Estimated date of corrective action:

Status: The Town continues to rely on auditor assistance in the preparation of the financial statements, as it is not cost effective to have this expertise in-house.

Recommendation: We recommend the appropriate employees at the Town consider attending training sessions or taking accounting courses in order to gain the expertise necessary to prepare the financial statements in the future.

Corrective Action Plan: Systems are in place so that financial statements will be reviewed monthly and we will continue to work with our auditors to make sure we assume the correct responsibility. Auditors will receive required assistance from the Town of Winslow, Maine's management to work towards complete financial compliance. This will be an ongoing responsibility of the Town Manager.
