David Dawdy's public comment

City of Truth or Consequences Commissioners, I come to speak to you today representing over 100 of my fellow inhabitants who have given in kind gifts and money over 30,000 dollars to People growing Together public charity to help provide food security locally in these troubling times. Among our supporters are the Sierra Vista Hospital Foundation, The New Mexico Gas Company, The Rotary Club,

The Greenhouse we propose to build at 1705 Corzine Street in the T-1 zone will provide the model and the facility for enriching our community with year round locally controlled fresh vegetables. To those who for various reasons are our most vulnerable and sustain our work, by providing organic produce for the chefs of our local restaurants. Everything we produce will be distributed in Sierra County.

Our non-profit, Like a hospital, a school, or a house of worship we need to be close to those we serve. In our case our mission includes providing paid internships for high school age youth to train them in Greenhouse growing here in the Southwest. The greenhouse protects the plants from high winds, cold winter temperatures, and conserves water.

As an institution for the public good, we ask for the change of use petition for 1705 Corzine st. that has been forwarded to you unanimously from the Planning and zoning advisory board for your approval today.

Community Growing Together

By building relationships with existing Non-Profits, Community Organizations, Civic Clubs, Schools, Local Businesses, and Individuals, we network to establish our goal of food security in Sierra County.

Youth Growing Together

Our goal is to encourage county youth to engage in the art of gardening. We are currently working with Hot Springs High School to help develop their greenhouse project. Our program is all inclusive from soil building to harvest. Our long-term goal is to provide meaningful jobs for graduating HSHS students in our Growing Independence Greenhouse Project, once established.

The Growing Independence Greenhouse Project Earth Battery Greenhouses

Our collective efforts have resulted in obtaining land, and we are now raising funds towards the building of Sustainable Greenhouses within the city of TORC. Eco-Friendly greenhouses have been built over the last 35 years in 28 states with measurable results. Dug into the earth, the cooler underground temperature allows them to provide an ideal growing environment. The design requires very little energy and water and protects crops from high winds and storms.

Achieving Food Security

Sierra County is one of the most food-insecure counties in the country. The coronavirus pandemic has had a devastating impact on people facing hunger across the state.

In Sierra County, 26.7 percent of the total population, and 43.7 percent of our children live at or below the federal poverty level. The food insecurity rate for children is at 33.7 percent. The produce our community grows will ensure better nutrition for Sierra County Children.

People Growing Together Store

Our current projects include our plots at the 4th Street Community Garden where winter greens are successfully grown late into the season. Summertime our produce and organic plant starts are available thru both our store and our local Farmer's Market. Come in to find out more and check out our collection of local and organic items for sale.

**By establishing sustainable
Greenhouses, Jobs and Low-cost
organic produce, we can enhance the
overall health of our community.**

CITY COMMISSION JANUARY 11, 2023 REGULAR MEETING MINUTES

George's art is very important to this community and a lot of people recognize that.

Serena Byargeon addressed the Commission with comments related to:

- She spoke on behalf of her multi-animal and kennel permit that will be discussed today. She hopes that the Commission will consider approving her permits because she has been fostering for over 2 years and they have only had one major issue in those two years with fencing and they are working on getting that resolved.

Carl Schoener addressed the Commission with comments related to:

- He congratulated the City of Truth or Consequences on how they run the town.
- He spoke on behalf of George Henson because he does not do any harm with what he is doing.

Phillip Cox and Summer Cox addressed the Commission with comments related to:

- They spoke on behalf of their multi-animal application. They have met all of Code Enforcement's and Animal Control's recommendations, so they hope that the Commission will consider approving their application.

Ariel Dougherty addressed the Commission with comments related to the Sale of the Electric Utility. Complete comments attached hereto and made a part hereof.

Susan Crow addressed the Commission with comments related to:

- She spoke on her opposition of the Executive Session item listed on the agenda, and asked that the Commission do not sell the Electric Public Utility.

Ron Fenn addressed the Commission with comments related to:

- He spoke in opposition to item H2. He feels that the city should not sell the property for \$7,000 below the appraised value.

Jessie Anderson addressed the Commission with comments related to:

- She is in favor of the approval of item I4. It is a ground breaking idea and will help the community, especially with the current prices of food.

Leslie McKinney submitted comments in opposition to items I5 and I6. Complete comments attached hereto and made a part hereof.

E. REPORTS:

City Manager Swingle reported the following:

- He reviewed the 2022 City Accomplishments & Activities. Complete copy attached hereto and made a part hereof.

New Year Greetings, Commission.

The contradiction of the weight of various issues that come before you is frustrating and unjust to us in the public. Last month there was a Public Hearing on the possibility of posting a stop sign requested by the concern of one person. Today, there is a proposal to sell our public electric utility, maybe our City's best asset. Over the sixteen months since your approval of a slim MOU with Sierra Electric was first put before you there has been no formal Public Hearing in which we can offer our opinions and give advice. On the agenda now, you take up this matter in secret behind closed doors.

Does this placement on Executive Session actually comply with the exception cited? I contend no. The electric utility is not "real property". It is a service with an elaborate series of facilities. Its placement as J. 1. under Executive Session is a violation of the Open Meetings Act.

The Municipal law, 3-54-1 is headed "Authority to sell or lease municipal utility facilities or real property," I sent it to you all on Monday. That it specifically states "utility facility" in its heading, underscores this is the law you should be following. Hence any attempt to identify the City's utility electrical "infrastructure" as real property misconstrues the OMA at best and is egregious subterfuge at its worst.

In the long run will the cash from the sale of the our public electric system really solve the City's cash flow problem? No, it is just a band aid, and a drop in the bucket to your ever escalating budget and pressing infrastructure needs. The ever increasing staff and the tools, vehicles, etcetera that they believe they need are the problem. A visionary long range plan with a serious savvy cut back program may be your best choice.

The New Mexico Constitution expressly prohibits government to donate money or Value from the Public to Private Individuals or Companys.

NMSA 3-54-1 Requires a written explanation to justify selling or leasing property below the appraised value to be made available to anyone upon request.

In this instance the original offer of \$8,600 was rejected but was not resubmitted by the offeror and the negotiation of the \$14,000 adjustment is not documented.

The additional expenditures enhance the value for the buyer at the expense to the Public, without seeming reason thereby increasing the donation.

This sale should not be endorsed until the anti-donation issue is resolved by the City or possibly the NM Attorney General.

Analysis by Ron Fenn Jan 11, 2023

Values not shown are under IPRA request and will be provided to concerned parties upon receipt and recording.

To Whom It May Concern

1/9/23

I Leslie McManney, of 702 N. Ceballos Rd would like to go on record as being opposed to kennel licensing at 666 N. Ceballos Rd. The house is across the street from mine. There are always issues with barking dogs, loose dogs, & aggressive dogs.

I personally have been chased by 1 of her dogs. I had to jump in my car in my carport to avoid being bitten. I've witnessed her dogs attacking each other. We've had to buy noise machines & replace our windows to keep the sound of her barking dogs to a dull roar.

There are at least 17 calls on record with dispatch re: her animals & I have a video of her dogs fighting.

I appreciate your time.
Thank you

2022 ACCOMPLISHMENTS & ACTIVITIES

2022 SWOT Analysis & Strategic Response

In April, 2022, the Commission conducted a SWOT Analysis with senior staff. SWOT is an acronym for *strengths, weaknesses, opportunities, and threats*. SWOT analysis is a framework used to evaluate an organization's strengths, weaknesses, opportunities, and threats and to develop strategic planning to improve an organization. SWOT analysis assesses internal and external factors, as well as current and future potential.

Strategic Actions

Low revenues

1. To meet operational needs and community expectations, the city must grow revenues significantly.

The city imposed a 1/8% or 0.125% increase on gross receipts taxes. This increase was imposed after the state reduced its GRT by the same 0.125%, which essentially keeps the city overall GRT rate at 8.5%. This increase started January 1, 2023. The city estimates the increase will equate to about \$180,000 per year.

2. Due to the current state of city utility infrastructure, develop a general obligation bond package for street, water and wastewater infrastructure and present the package to the public in a referendum.

The city drafted two bond questions, which were unequivocally approved by the community. The public approved \$1 million for street and \$2 million for water and wastewater infrastructure projects.

Low salaries

Recognizing the city has a vast salary gap compared to the region, the commission sanctioned a salary study to determine salary needs and to elevate salaries to current market values.

1. *The city completed a market analysis and salary study and implemented the plan within the organization. Based on the study, all salaries and pay classifications were increased to "fair market value."*
2. *The city adopted a salary policy to ensure future salaries, new hires, movements within the city, and newly created positions conform to the new salary and classification study.*

Staff Development

The city should provide training and structure to develop a career path for virtually all positions and encourage internal promotions and transfers to higher paying jobs.

1. *The city implemented a classification and pay plan policy, with establishes movement through the pay plan, reclassifications, and promotions. As a result, many employees are taking advantage of internal transfers and promotions within the city.*
2. *A comprehensive training program has yet to be developed citywide; however, a structure has been implemented for Electric, Wastewater and Water Departments.*

Exploration of other funding sources

The city now utilizes more of its general revenue on key priorities than it has historically.

1. *Consistent with anti-donation law, the city now charges nonprofit organizations and special interest groups for services or resources, unless the service/resource meet the public interest anti-donation standard.*
2. *In 2020, the state de-earmarked all of the city's GRT revenue, making it available for general use. This was done to give local government leaders the ability to best decide how to use its revenue. The city now uses a percentage of Police Department (PD) GRT for general fund purposes and swept 100% of the environmental GRT for general purposes.*
3. *The city reviewed many existing governmental agreements, MOU's, etc., to ensure the city is charging its true cost for providing services/resources. Several agreements were either modified or terminated, while many more agreements will be modified in the future.*
4. *The commission recommended elimination of Municipal Court. The process is not complete at this point, but closing the Court and transferring cases to Magistrate Court will result in an annual savings to the general fund of approximately \$260,000.*
5. *The city submitted an application for \$54 million in Congressional Direct Spending appropriation. US Senator Heinrich sponsored and Congresses approved \$1.6 million of the request for water improvements.*
6. *The city submitted a CDBG application for \$750,000 to replace antiquated water meters with AMI meters. The city has been awarded the full \$750,000.*
7. *To increase the tax base and grow revenue, the city sold three city properties for \$175,101. In addition to the revenue received from the sale, these property owners now pay property taxes on these properties. The city foreclosed on two properties and sold one of them for \$17,000. Three other properties will be sold, once appraisals are completed.*

Lobbying state and congressional delegation

The city should develop an organizational lobbying strategy for both state and congressional delegations.

1. *Each year the city identifies legislative priorities, and communications these priorities to either its state or federal delegation. The city collaborates with the appropriate delegation and has an annual meeting with its state delegation to support ICIP projects, capital outlay requests and other legislative priorities. The 2023 meeting is scheduled for January 10.*
2. *Staff collaborated with Senator Heinrich's office to support the city's congressional direct spending request. As a result of the collaboration, the city will receive \$1.6 million for water infrastructure needs.*

Discontent citizens

Discontent citizen pose a significant threat to city revenue, services and the community's image.

1. *Through transparency, professionalism and effective communication, much of the unconstructive behavior has ceased.*

Misinformation

Misinformation is harmful to city success and community empathy.

1. *Again, through transparency, professionalism and effective communication, much of the misinformation has ended. The city adds frequent updates to its web page and disseminates information via Facebook. Misinformation continues to circulate in the community; however, it has been reduced. Unfortunately, the community has a small group of residents pandering to special interests.*

Litigation

Litigation is an unfortunate peril of providing government services, particularly in this litigious state.

1. *The city still has significant exposure to litigation; however, the city is defensible and prevailing in most cases. Efforts have been taken to provide quality services in the most risk-free manner possible, based on available staffing and financial resources.*

ADMINISTRATION

- Developed and the commission approved the city's FY 23 budget. Remarkable cuts were made to balance the budget. Approximately \$1.8 million was cut from the budget.
- The city hired a professional chief of police and finance director.
- The city implemented a random drug testing program for safety sensitive positions.
- The city, Sierra Electric Coop (SEC) and consultants completed Phase 1 and 2 of a study to examine the feasibility of selling city electric infrastructure to SEC. These studies provide city and SEC governing boards pertinent information relevant to making an informed determination on whether to sell and/or buy the infrastructure.
- Designed and purchased a marketing and promotional display for the city. The professional design will enhance the city's ability to market the city as a unique destination venue and promote career opportunities.
- In 2021, the city-initiated Leadership training to supervisors and Professionalism training to all employees in the organization. This training continued in 2022.
- Developed and the commission approved a robust infrastructure Capital Improvement Plan for the city. The plan and priorities have been communicated to our Legislative delegation.
- Received the largest Local Government Road Fund (LGRF) award the City has received to date, \$313,636 for Pine Street Improvements.
- After 7 years of application requests, city was awarded funding for AMI Water Meter Project \$825,000.

- Worked with Airport Management to obtain \$1,135,000 grant funds for airport safety improvements and equipment.
- Administered 24 active grant agreements/projects to include the start of construction on the long-awaited MSD Water Project.
- Reviewed and processed 13 new construction builds, resulting in the collection of \$79,050 in impact fees, while another \$21,600 in fees is pending.
- Issued 5 well permits, 29 solar permits and presented 19 public hearing planning applications to P & Z commission, most of which pertain to plat amendments for property development and sales.
- The commission amended the Lodgers Tax Ordinance, allowing “marketplace providers” to collect lodgers tax, which will result in increased revenue to the city.
- The commission amended the solar ordinance, which complies with state law and provides a process for reasonable credits and payouts.
- Staff managed \$93,000 in city sponsored and Lodger’s Tax Board subrecipient grants, \$221,147 in Lodger’s Tax subrecipient grants, and \$25,000 for a state tourism cooperative grant.

AIRPORT

- Effort to improve professionalism and service has resulted in customers that had taken their business elsewhere to return to the airport for services. These include medical rescue companies, private aircraft owners, and yearly visitors for hunting and holidays. The changes also resulted in positive reviews on popular apps used by pilots to navigate and choose services.
- Staff has been working to repair past relationships with the military, which resulted in selection of the airport for a weeklong Army operation. The airport has seen an increase in use for military operations from bases in the Albuquerque area and more military units are calling to inquire about using the airport for operations. These operations will result in increased fuel sales for the airport.
- Reconfigured the pilot lounge with useable space, as well as replaced the floor to eliminate safety and health hazards.
- Completed two major upgrades, including a new electrical vault, which assures safe use of the electrical system, as well as runway preservation/re-surfacing, which helps prevent FOD.
- Negotiated temporary acquisition of a new fuel truck, which drastically increases the airports ability to deliver fuel to tenants and guests.
- The commission modified fuel pricing, which allows the airport flexibility to set fuel pricing for both larger jet aircraft and AVGAS (fuel for smaller aircraft).
- Received a grant and procured a tractor with many implements for airport maintenance.
- Submitted several NM DOT Aviation grant applications and received approximately \$1.5M to reduce FOD and improve the airport.
- The EAA (experimental aircraft association) completed installation of a tetrahedron (large wind indicator) that is made from an old twin engine aircraft (Beech model 18), which is a great addition to the airport.
- Staff introduced a FOD control program, which includes cleaning the ramp, taxiway, and runway utilizing new and industry standard tools. These programs allow staff to better

clean, and cause less harm to concrete surfaces in less than 1/10th the time it took with previous equipment.

ANIMAL SHELTER

- 1402 animal intakes
 - 291 were returned to their owners
 - 434 animals were adopted; 109 more than in 2021
 - 146 were sent to rescues
 - 242 released residents as barn cats
 - 108 were euthanized
 - 160 were dead on arrival to shelter
 - 40 died in shelter (diseased)
- 437 animals were either spayed or neutered by shelter, compared to 147 in 2021.
- The Animal Shelter's social media following continues to grow. The shelter has 3,831 followers on Facebook, 297 on Instagram and 672 on TikTok.
- Volunteer and Foster programs continue to improve to pre-COVID levels.
- A new fee schedule was implemented.
- A new stray hold policy was implemented that reduced the average time in the shelter. In 2022, the average stray time in the shelter was 10.8 days, compared to 13.5 days in 2021.

CLERK

- Spearheading redesign of the City's website, which will be completed in 2023.
- Processed 336 business licenses.
- Processed 73 IPRA's; some IPRA's include up to 30 requests per IPRA.
- Processed 54 Civic Center and 80 Park rental agreements
- Processed 6 Multi-Animal/Kennel Permits.
- Processed 123 Dog licenses.
- Processed 15 Cat licenses.
- Processed 16 Liquor licenses.
- Transitioned office to a new software called IWorQ to process licenses and permits.

COMMUNITY SERVICES

- Received a \$213,000 legislative appropriation to build a gazebo and renovate the east bathroom at Ralph Edwards Park.
- Submitted an application and was awarded a \$449,019 regional recreation/quality of life grant from the state for improvements to Ralph Edwards Park. The funding is to purchase and install new playground and outdoor exercise equipment, and to plan and design an in-ground skate park.
- Drafted and commission approved a new fee structure that streamline operations at the shelter. Owners now have 72 hours to claim animals or they become city property. This change limits the time an animal is at the shelter, increased adoptions, and has put more pressure on owners to take care of their animals, pay fees, and become more responsible.

- Continued agreement with SCARS; SCARS is paying for spaying and neutering of cats and some dogs. All dogs and cats that leave the shelter are fixed.
- Hired new Golf Superintendent and Pool Manager.
- Installed a sulfur burner at the Golf Course to eliminate salts from effluent water.
- Updated rental fee schedule for Parks.

ELECTRIC

- Power outage time to restore power averaged 12 minutes.
- Total service consumption sold to consumers 45,044,864 kilowatts.

City Attorney Rubin reported the following:

- He addressed Ariel Dougherty's and Ron Fenn's comment in regards to Executive Session. When we get to items H2 and H3, he will be explaining why we do have the legal right to sell the property below the appraised value, and when we get to J1, we will have a discussion as to why we do have the right to go into closed session. We will have a discussion about that when get ready to go into closed session.

City Commission Reports:

Commissioner Fahl reported the following:

- She thanked City Manager Swingle for his report on the accomplishments. It is incredible what you inspire your people to do given the limited resources that you have, as well as limited funding. We are really lucky that we have such great people working for us. We are really lucky to have such great people working for us.
- Christmas brings her so much joy, and when the staff does our lighting system, and you drive through town, and you see that it makes her happy. She just drives around town sometimes at night to look at the lights, and she thinks that most people will admit that makes them very joyful so staff does a great job.
- Most of us here have now been in office a year, and when they had the candidate forum, a guy came up to her and asked her what was her platform. She did not know at the time, but after a year she thought about what she would like to accomplish. She and Commissioner Mitchell have 3 years left on their term, and so there are some things that she would like to focus on during the remainder of her term. One thing would be the sustainability of our drinking water. She has worked with the city for years through her career and over that time she has learned a lot about our wells. Some are dry, and some are not functioning. Some do not have potable water. She knows that she can learn more, but she thinks that we need to have a long term sustainability plan in place so that we can continue to provide that, and at least secure enough water so that we have some sustainability in the future. We really need to have a thought out plan and that is something that she would like to work on when she is here. We had that workshop about the Hotsprings district, and our hot water wells, but she believes that if we don't put a lot of thought and time into that, we could pump ourselves out of business. She does not know what that will look like, but she thinks that the city needs to put some things in place so that we are prepared. She knows that some of those individual wells are going dry, so we know that the aquifer is shrinking. It is a fine item out of water, so we need to get the information and the data, so that we know what we have, and then maybe we can have a citizens group to help us watch over that. She knows that we can't get people to serve on advisory boards, but for the long term the Commission definitely needs to have a good handle on what that is going to look like. We

CITY COMMISSION JANUARY 11, 2023 REGULAR MEETING MINUTES

really need to partner up with the other entities, and work as close together on projects as we can so we grow as a whole.

Commissioner Mitchell reported the following:

- She thanked City Manager Swingle for putting the 2022 accomplishments together. It was very informative. Kudos to the city staff for all they have accomplished. One of the things she saw was the rapport with the community, and how it seems to be a lot better, and we seem to be accomplishing a lot more when it comes to public comment. People are staying positive, and realizing that this is a new Commission. We are not the same, and we haven't always been the same. We are going to change, and we want to change with the community. She gave kudos to the Commission and City Manager Swingle for that.
- The Fiesta meeting is this afternoon. We are calling for volunteers if anyone wants to meet with us, it will be at 4:00 p.m. at the Chamber of Commerce. The theme this year is "*It's out of this world*". Although, many people have suggested that we call it "*Under construction*".
- She gave Tara Manning a shout out for their fundraiser with SCARS on January 29th. They will be having an open house type of event with games, and dogs and it is corresponded through a group called Jordan's Way. It looks like it is going to be a really fun community event, and a great way to support our wonderful Animal Shelter.

Mayor Pro-Tem Hechler had no reports.

Mayor Forrister reported the following:

- They attended the legislative session yesterday with Senator Diamond, House Representative Armstrong, and Representative Elect Jaramillo. That is where all of the entities get together, and we get to tell them that we need lots of money. Commissioner Fahl was talking about the sustainability of our drinking water, and one of our top priorities for our ICIP was our Water Infrastructure Improvements, and we asked for very large amounts to address all of those problems that we were having throughout the city. Obviously the \$20 million is not going to come from our legislators, but that is kind of a good plug for us to tell them, wake up, we need some help around T or C for our water. It was a very productive meeting, and she really appreciates the county for also supporting the Animal Shelter building too. They were in support of putting that on our ICIP request to our legislators.

G. PUBLIC HEARINGS (5 Minute Rule Applies):

- 1. Public Hearing/Discussion/Action: Final Adoption of Ordinance No. 742 amending the City of Truth or Consequences Municipal Code of Ordinances, by adding a new section designating the Sierra County Magistrate Court as the Court having jurisdiction over Municipal Ordinances and Repealing Sections 2-371 through 2-380:**

City Manager Swingle: On June 22, 2022, the Commission adopted a resolution whereby the City of Truth or Consequences expressed its intent to designate the Sierra County Magistrate Court as the court having jurisdiction over the city's Municipal ordinances, and resolutions. There is a statute on the process that the city has to follow to eliminate a court, and refer our cases to the Magistrate Court. The process basically includes that the Commission had to appoint seven members to serve as a committee who is known as the Municipal Court Jurisdiction Advisory Committee. The city has done that, and a public hearing was held on September 26, 2022 soliciting public comment on the decision to move forward with switching courts or keeping our existing court. At the public hearing, the committee received testimony from all of the interested persons. On October 24th, 2022 the committee met, and a motion was made and seconded, so it was basically voted on and approved to go ahead, and transition to the Magistrate Court. On November 7, 2022 the report was complete, and the advisory committee approved the aforementioned report. On November 16, 2022 the Commission adopted and accepted the committee's recommendation. You are at a point now at this meeting where you can consider the recommendation and post your public meeting. That is basically where we are at today. The ordinance reads: The Sierra County Magistrate Court is designated as the Court having jurisdiction over Municipal Ordinances. Sections 2-371 through 2-380 of the City Code of Ordinances are hereby repealed, and this ordinance shall become effective upon approval from the New Mexico Supreme Court and at the expiration of the term of the Municipal Judge in office on the date of the Supreme Court's approval of this ordinance. It also says that the City Commission and the City Administration shall take all necessary steps to comply with §35-14-1, et. seq. (1978).

City Attorney Rubin: The ordinance before you is something that I prepared. I think the key that the City Manager is pointing out is, everything we did, and the ordinance I prepared is basically very closely aligned with §35-14-1 so all of the procedures that City Manager Swingle articulated are set forth in that statute. If we move forward with the proposal of designating the Magistrate Court as our Court of jurisdiction, then we would also be repealing our sections of the ordinance which creates and administers our current Municipal Court, so that is why it is in there. There are a few minor changes on section 2 of the ordinance. He had the effective date as January 16, 2023 because ordinances usually become affective 5 days after the ordinance is adopted, but in this case we have to wait for approval from the Supreme Court so the wording has been changed to "as described above". There was also a typo at the beginning of section 1 where it says "That the Code of Ordinances of the City of Truth or Consequences be as amended follows" it should say "amended as". Aside from that he feels that you can move forth with the public hearing.

CITY COMMISSION JANUARY 11, 2023 REGULAR MEETING MINUTES

Mayor Forrister opened the public hearing.

Proponents:

There were no proponents.

Opponents:

George Henson: I am supporting the court and the judge so I am a proponent. I've had to go through court several times. At this point I've had to defend myself to be heard, because as it goes down the chain of command I think there is a loss of communication, and the only place that's worked out for me is this court that you are disbanding. I've had witnesses come to that court with me several times, and I've also had the issues of the lack of car insurance and registration gone through there, and I have complied with them because it is a smaller court. I am worried that there will be a harder thing for the citizens to go through the upper court which has crowds, and has a lot of State Police, and all kinds of things involved with it. The Clerk and the Judge over there have been real good citizens.

Mayor Forrister closed the public hearing.

Commissioner Fahl: I would like to reiterate that this has nothing to do with the functionality of the office or the professionalism of the office. This is strictly just a fiscal responsibility discussion. We all support what they have been doing, but we need to be fiscally responsible so I just want the public to keep remembering that.

Mayor Forrister: Yes, this is a monetary decision and being responsible with our money.

Commissioner Fahl made a motion to approve Ordinance No. 742 amending the City of Truth or Consequences Municipal Code of Ordinances, by adding a new section designating the Sierra County Magistrate Court as the Court having jurisdiction over Municipal Ordinances and Repealing Sections 2-371 through 2-380 with the amendments made by City Attorney Rubin. Commission Hechler seconded the motion. Roll call was taken by the Clerk-Treasurer. Motion carried unanimously.

H. ORDINANCES/RESOLUTIONS/ZONING:

1. Discussion/Action: Resolution No. 21 22/23 Budget Adjustment Request:

Kristie Wilson, Finance Director reviewed the Budget Adjustments provided in the packet.

Commissioner Fahl moved to approve Resolution No. 21 22/23 Budget Adjustment Request. Commission Mitchell seconded the motion. Roll call was taken by the Clerk-Treasurer. Motion carried unanimously.

2. Discussion/Action: Approval of Resolution 22 22/23 and purchase agreement pertaining to the sale of 309 Birch Street, Truth or Consequences, New Mexico:

Traci Alvarez, Assistant City Manager: These are city owned properties that were surveyed, appraised and advertised for sale. The two offers were received, and the offerors had opportunity to amend their offers, and submit a best and final offer. We received a best and final offer of \$14,000 that we are recommending the Commission approve. It is less than the appraised value of \$20,000. The city acquired this property thru the property abatement process. It was declared a dangerous building back in November 23, 2015. The property was abated, and the property was removed. A lien was placed on the property in March of 2016 and went to a special master sale on October 2017 for the amount of \$9,123. That was the cost of the lien that was placed on the property for abatement which included past due utilities, any attorney fees, the master sale fees and appraisal at that time. We appraised the property in 2017, and it appraised at \$15,000. We are recommended to have new appraisals within two years. The new appraisal started in 2022 for \$20,000. The property has been advertised multiple times over the last 5 years without any previous offers. The advertisement was done in the real estate ads and not the legal ads. It was also posted on our city Facebook page on November 9th, as well as on our city website where it is still posted to this date. Staff is recommending to approve this resolution and sell the property for \$14,000 and put it back on the tax roll.

Mayor Forrister: Traci, I am glad that you mentioned the tax rolls because they sat vacant with no building or nobody owning them so they are not on our tax rolls, and by selling them we are putting them back on our tax rolls and gaining money from that.

City Attorney Rubin: The statute that we are looking at when you deal with the sale of property is section 3-54-1, and with respect of the issue about us selling property below the appraised value. I would like to read to you a couple of sentences from Subsection B which states that an appraisal shall be made by a qualified appraiser and submitted in writing to the governing body. If the sale price is less than the appraised value, the governing body shall cause a detailed written explanation of that difference to be prepared, and the written explanation shall be made available to any interested member of the public upon demand. So, what we learned from that is that the legislator doesn't vision a situation that does allow you to sell property below the appraised value, and you aren't in violation of the anti-donation clause, and to the provision about having a written explanation, I believe that the agenda request form prepared by Ms. Alvarez is excellently written because it sets forth the fact that we acquired this property during the abatement process. We advertised it multiple times in the last 5 years, and we didn't get any offers. It will include the property value for future development, and put it back on

the property tax value roll so I think we have satisfied the provisions of section 3-54-1. I always add a few standard provisions in the purchase agreements which are, upon receiving the purchase price, the City shall deliver to buyer an executed quitclaim deed which shall convey the aforesaid property to the buyer, and the buyer is purchasing the property on an "as is" basis, and is not relying upon any warrants or representations made by City, either to the condition of the premises, the status of the title, or as to its feasibility of future development. The Buyer has been encouraged to perform its own title search, and if desired, purchase its own title policy. So what I am doing is really protecting the city that we are not making any representations or warranties. We are selling the property in a quitclaim deed so that way I am lessening your exposure here.

Mayor Pro-Tem Hechler moved to approve Resolution 22 22/23 and purchase agreement pertaining to the sale of 309 Birch Street, Truth or Consequences, New Mexico. Commission Fahl seconded the motion. Roll call was taken by the Clerk-Treasurer. Motion carried unanimously.

3. Discussion/Action: Approval of Resolution 23 22/23 and purchase agreement pertaining to the sale of parcel 302307923913, Truth or Consequences, New Mexico:

Traci Alvarez, Assistant City Manager: This property was surveyed, appraised and advertised for sale. This property was advertised for sale due to an inquiry of an adjacent property owner. They have been inquiring the last multiple years about the possibility of purchasing the property next to the arroyo. It would be in combination to their land where they can expand, and potentially build a garage. The location of this tract is next to an arroyo making it an undesirable lot for full development. We did not receive any other offers even though it was advertised. The offeror is offering \$4,000 which is less than the appraised value, but due to the low development possibility of that property I am recommending that we accept the offer of \$4,000.

City Attorney Rubin: I would give the same legal analysis in this issue as I did in the previous one, but the one difference is that we are talking about the detail written explanation, and in this case it would be the offer itself. The buyer in this case has given several reasons as to why the offer should be accepted, so if you go forward with adopting this you would be adopting her reasoning which is listed in the resolution so that would be the justification for selling the property under the appraised value.

Commissioner Mitchell moved to approve Resolution 23 22/23 and purchase agreement pertaining to the sale of parcel 302307923913, Truth or Consequences, New Mexico. Mayor Pro-Tem Hechler seconded the motion. Roll call was taken by the Clerk-Treasurer. Motion carried unanimously.

4. Discussion/Action: Publication of Ordinance No. 743 amending the City of Truth or Consequences Municipal Code Sections 2-356 and 2-357:

OJ Hechler, Community Services Director: This is for the publication of an ordinance amending our Municipal Code pertaining to our Recreation Advisory Board. We are basically combining our Golf Course Advisory Board into our Recreation Advisory Board. The combined boards will consist of 8 total members. Three (3) would be staff which are non-voting members, and the other five (5) would be voting members. This went in front of our Recreation Advisory Board, and they recommended this change to our Municipal Code.

Commissioner Fahl: On the ordinance where it lists the three (3) non-voting members, it lists the City Recreation Director, the City Parks Director, and the Golf Course Superintendent. However, your job title does not align with what you have in here. If we are going to do this and amend it, why don't we just have the positions align with what the current city positions are because if you don't then people could say, well we don't have a Recreation Director so then you couldn't be there.

OJ Hechler, Community Services Director: We can change that to Community Services Director, Parks Manager, and the Golf Course Superintendent. Also, under section 1 it should say "be amended as follows" and on the last page it should have the correct year of 2023.

Commissioner Mitchell made a motion to approve Publication of Ordinance No. 743 amending the City of Truth or Consequences Municipal Code Sections 2-356 and 2-357 with the amendment of the correct city staff titles and the amendments stated by OJ. Commission Fahl seconded the motion. Roll call was taken by the Clerk-Treasurer. Motion carried unanimously.

5. Discussion/Action: Publication of Ordinance No. 744 to providing for the repeal of Ordinance No. 406 pertaining to the Golf Course Advisory Board:

OJ Hechler, Community Services Director: With combining our Golf Course Advisory Board into our Recreation Advisory Board all sections pertaining to the Golf Course Advisory Board in our Municipal Code will no longer be in effect. So this is for publication of an ordinance amending that.

Mayor Forrister: I think this is a really good idea because we have problems all of the time with filling these boards so if we could combine any aspect I think it would really help getting [people on these boards, and these two boards go really well together.

Mayor Pro-Tem Hechler made a motion to approve Publication of Ordinance No. 744 to providing for the repeal of Ordinance No. 406 pertaining to the Golf Course Advisory Board. Commission Fahl seconded the motion. Roll call was taken by the Clerk-Treasurer. Motion carried unanimously.

I. NEW BUSINESS:

1. Discussion/Action: George Henson Public Appeal in regards to Resolution No. 18 22/23 Property Abatement for 731 Wyona.

City Attorney Rubin: If the Commission will recall that a couple of meetings ago you adopted a resolution which found the property at 731 Wyona Street to have an accumulation of rubbish, wreckage, and debris and we'd empower the city to go onto the property and take corrective action. However, the Resolution did allow Mr. Henson to provide an objection within a 10 day period of being served. What happened was that we got a document dated November 25, 2022 which was very brief, and when you read the document it is really unclear if he is even asking for an appeal so we had to make an interpretation, and we felt for a due process stand point it is better to classify a document as an appeal. That is why we are coming back for a hearing on the objection.

George Henson: As your attorney has brought up, I've jumped through many hoops to try and keep this from turning into a destruction of my lifestyle, and hopefully not wrecking something that's been involved in my life for 20 or 30 years. That is the important thing. This morning I saw a customer who was happy to get flagstone, and I guess I will get back with him. So there is movement in my rock garden situation. We cancelled our rock show which is now being promoted by your lodger's tax. I am a good influence on the rock show which is part of our history here. That is where it gets to be cunning for everybody involved because you guys have important things to deal with, and I have compliments on what I do, but the idea goes down the chain of command is lack of converse and what is, and the petitions. I was involved with the film that was filmed up to Cortez. It is hard to see that the idea that my dead end street had no complaints, and some developer comes in and has grandiose plans for 30 houses within 100 yards of my place and this complaint carries such weight and destructive nature to me that I've had two days to clean up an easement, and I had to go to District Court and get that to slow down. Since that time I have worked a year, and finally had help involved from my good friend and rock club member to drive me to the dump with a trailer 5 times, and he is 95 years old, and still has his life to live. I've had witnesses show up several times, and I had a friend come to my door at the early part of the meeting, but he is too deaf and walks with a cane. He supports me with the things I do that involve the lake. I used to sail a lot, and we build experimental boats, and things like that, but they don't always work out and they fall apart quicker, and that is the same thing with my property. What happened earlier with this easement clearing that I have a law suit in District Court with, they had a hearing without notifying me, and I don't know how that happened, but I was not notified. So I had to re-file that situation, and I will continue to defend myself through the District Courts if possible, and I am continuing with loading of hundreds and thousands of pounds of stuff that has decayed. The

easement issue was that I need to improve what I've done in the past because it was done in an artistic way, and I could improve it if I had my cinderblocks, aluminum tubes, and my glass panels back. Those were stolen, and I brought that up in here saying that you can't have people take from me. I have an issue with adverse possession on this ditch that is next to my house. I have to have a retaining wall, and a fire brink, and the public walks right by there all of the time, and I have to have some privacy, and lack of trespassing involved. Those things that were taken from me were part of the improvements that could have changed. I have improved all of those issues to my satisfaction, but like I said, I could do better.

George Henson's proponents:

Carl Schoener: As an outsider what I would like to see from a different perspective as an outsider I can understand the dilemma the city is in, and you have to keep a certain amount of order. On the other hand, the final question I this is, does it harm anybody with what he is doing. He is on the edge of town in a corner, and his neighbors don't complain in the contrary. They support him. I think it is important for a community to allow leeway for the misfits and who are a little bit of oddballs. As being an outsider, for me, this is part of the charm of Truth or Consequences. You allow something, and you say it is okay as long as it doesn't harm anybody. We all have our standards of what we consider orderly and stuff like that, but I think it is important for a community, and I think that this is equality, if there is tolerance for the outsiders, it is not the attitude that everybody has to have a 6 inch lawn.

Code Enforcement Officer Sweeney: Like I stated previously at the other meetings is that the present condition creates an odor. Just yesterday I served him with it, and he just said it too himself that there is decay from the stuff that he has on the property. If it was just his rocks, we wouldn't be here today, and that is not where we are at with what is going on with the property. It is everything else that he has accumulated. I see him constantly every day bringing more stuff in. He said that he had a medical condition and that is why the property is like that, but I have pictures from 2015 to now and it has grown massively. He is continuously bringing stuff in and nothing out. He did show me receipts yesterday. He is starting to take some stuff to the dump, but that is only after we started this process. That was not done before. Now he is recognizing that stuff has to be moved, but he waited until the moment that we were doing this to go ahead and move that stuff. This is a safe haven for critters, and animals. Yesterday a cat jumped out and scared us. It is also a fire danger. He has a lot of wood decaying over there, and there are very dry materials there as well. If something sparks it is going to light that whole place up, and there is going to be nothing that anybody can do. They are just going to have to let it burn. There wouldn't even be any way to get in there and safely do that. Medically if something happens to him, we could not get through either. He may not care about his life, but we do and there would be no way for our EMS to even get in there safely to be able to assist him with that. It is just the amount of stuff that he has there is the problem we are here today with. He has just accumulated so much stuff. He has made a little dent, and a little walk way in the back area, but it is nowhere near

CITY COMMISSION JANUARY 11, 2023 REGULAR MEETING MINUTES

where it needs to be. If we continue to allow him to do that, it would be many, many years before we would see it where it is at a condition where it is safe.

Mayor Forrister: How many years have we been trying to get him to clean this up?

Code Enforcement Officer Sweeney: In the file that I have, the last one was in 2015. The Commission passed a resolution once before to clean that property out, but I'm not sure where that ended. We've changed hands a little bit and so I kind of stalled, and when I came on I saw that property, and I started from the very beginning of issuing him a letter, and letting him know that he needed to get it cleaned, and so it started building up from there. So it has been maybe 10 plus years.

City Manager Swingle: So what you are saying is that it is a public health and public safety hazard at this point?

Code Enforcement Officer Sweeney: Yes. It is a fire danger and everything else. It is an unsanitary property right now.

Mayor Forrister: Does he have utilities?

Code Enforcement Officer Sweeney: He did not for about two years, but currently does have utilities at the property.

George Henson: There are personalities involved at this stage, and my personality is probably abrasive to some people. There is an argument that there are term limits that haven't been followed, and it jumps into the next thing, and the idea that I approached you guys with every time is that my mental health has been good because I have support. I have an issue that works for me to gain on this, but when you are being put down in a non-constitutional way... we have rights to property and happiness. So when an officer or 6 or 10 people come to your house they give you a post-traumatic stress situation and I have had to recover from those things, and that doesn't allow me to go to the next step of being the person that I am as a marketer, or a teacher, or having skills and crafts to make myself known. I have a reputation of people saying that my collection is wonderful. I got to be heard, and not just the other side being heard with mistruths. The walkway is now being abated by myself and will continue to be. It is too stressful to go through this anymore, but I have to go through it in the courts.

Mayor Forrister: Mr. Henson, why did you wait until the last minute to start moving things out?

George Henson: The idea I brought up now is that I have rocks that are sellable. There is a rock show that has been cancelled.

Mayor Forrister: I don't think the concern is the rocks.

George Henson: I understand that. I am just saying that one thing is the first step and that was his friend loaning him the trailer and driving him to the dump. I didn't understand that the complaint was going to overpower the petitions and the good report I have. The reputation I have for having a beautiful front. It was bad in her photos and I apologize for that, and that is why I am here today because I was thinking that I was going to be on a dead end street without speculators surrounding me with 30 houses. I have some money that can help me. I am doing it myself and I am good at what I do, and I do it every day.

Mayor Pro-Tem Hechler: We as Commissioners have to deal with things in a reasonable nature. I've been by the property, and I think that all of us have, as well as staff, and we then have to decide whether it is reasonable. We are all forgiving people. There may be some things that we can overlook a little bit, but there is no room to squeeze through the walkway from one end to another on this property. It is obviously a hoarding situation that has been occurring for many years and to be it has lost the reasonableness and it is something that has to be done. What message are we sending to other community people that properties like this can be tolerated in our community? We've been dealing with thing for 8 or 9 years and we haven't made that final decision. I think that is another thing that we have to be cognizant of.

Commissioner Fahl: As Mayor Pro-Tem Hechler said, we are very tolerant and we really support private property rights, but this is not about his art, and we've heard a lot of testimony from the public about his art. It is not about that. We have processes in place, and if we expect other people to abide by it, we can't make exceptions all of the time. Hording and art are not the same thing. If this has been going on this long, it has to be resolved one way or another.

City Attorney Rubin: Should you deny this appeal, you may want me to draft an appropriate order of appeal to set forth what your determination was so we will have something written for the file.

Commissioner Fahl made a motion to deny George Henson's Public Appeal in regards to Resolution No. 18 22/23 Property Abatement for 731 Wyona and instruct City Attorney submit an Order of Appeal. Commission Mitchell seconded the motion. Roll call was taken by the Clerk-Treasurer. Motion carried unanimously.

2. Discussion Action: Approve Letter of Agreement between Sierra County Animal Rescue Society (SCARS) and T or C Animal Shelter for a fundraising event held at the Animal Shelter:

OJ Hechler, Community Services Director: We are going to enter into a letter of agreement between SCARS, and the Animal Shelter for a fundraising event at the T or C Animal Shelter on January 29, 2023 from 10:00 a.m. to 1:00 p.m. Jordan's Way will

be hosting the event, and proceeds from this event will be split in accordance with the Letter of Agreement.

Tara Manning, Animal Shelter Manager gave an overview on what Jordan's Way is. (Mission Statement attached hereto and made a part hereof).

Commissioner Mitchell made a motion to approve the Letter of Agreement between Sierra County Animal Rescue Society (SCARS) and T or C Animal Shelter for a fundraising event held at the Animal Shelter. Commission Fahl seconded the motion. Roll call was taken by the Clerk-Treasurer. Motion carried unanimously.

3. Discussion/Action: Recommendation of replacement landscaping for MSD Waterline Project:

Traci Alvarez, Assistant City Manager: As we move forward in our MSD Water Project. It has come to light that some of the trees that have been planted in the downtown area unfortunately are either over the top of the existing water lines or their roots are around the existing water lines, and for that reason there are going to be some trees that need to be removed. The trees that are marked may be necessarily be the only ones that need to be removed. There may be a few more. We are requesting that the Commission make a recommendation of how you would like to re-landscape those areas. A couple of different ideas would be the zero scape or low root bushes of some type. Maybe something in a planter. Any of the changes that we do are going to cause a change order within the project and it will cost more money. This wasn't accounted for within the project because we didn't know the exact location of some of these lines. You can also direct staff to just work with the engineering and the contractors to proceed forward with the best possible landscaping at the lowest possible cost. We are here to get some recommendations from the Commission and to also make the public aware that unfortunately it did happen, and what we would like to not happen is for the Commission to recommend that we replace trees over the top of the new water lines. We really don't want to do that.

Commissioner Mitchell: Is there a possibility of going with another organization such as MainStreet or something like that who could help us.

Commissioner Fahl: You may want to approach the Sierra Soil and Water Conservation District and strong-arm them into donating the plants that you suggest. They are community oriented. We've always supported the city doing that stuff in the past so maybe they would pay for whatever the plants are. I will call them when we are done here.

Traci Alvarez, Assistant City Manager: It was a very unfortunate thing to happen, and we are also working with the time constraint of the construction as they are proceeding forward.

Jordan's Way

Our Jordan's Way Mission:

At Jordan's Way, we focus on shelters and the animals residing in them to bring community awareness via live, virtual four-hour events. These events help to clear the shelters by promoting adoptions and donations thereby giving valued assistance to these various facilities by placing animals in loving homes. We shine the light on the forgotten and give hope so they can have a better and full future.

About Jordan's Way:

Jordan's Way was created to get the unnoticed—NOTICED. Animals who have been in shelters for months, even years.

Our vision is to create an ultimate, extremely active animal loving platform, that encourages feed participants. The participants remain active in terms of constant interacting in the form of tags, comments, and millions of shares using the Facebook LIVE platform. We believe that together we can truly get every animal adopted.

The other arm of Jordan's Way is the funding performance I love to host and lead. Our goal is to provide a platform that serves as the engine to get these animals into a forever home.

With 15,000 plus shelters in the USA, funding is a major problem. Our platform allows for goals to be set, and we actively encourage our viewers to share, tag and donate. The energy of the four-hour event is contagious. Our events raise thousands of dollars, but why not Hundreds of thousands? It is possible.

Jordan's Way serves as the true "Make a Wish" style company, for animals and those who help them. As we grow to millions of followers, the combination of our events, my energy and the millions of people watching and sharing, we can truly clear the shelter while funding them at the same time.

We have the power of social media today. Let's use and abuse it for a good cause!

Kris Rotonda – Founder

First and foremost, let me introduce myself!

I'm Kris Rotonda, and I founded Jordan's Way after my best friend, Jordan, passed away. Jordan was a shelter dog who spent the first 3.5 years of her life being overlooked in a shelter. We spent 11 wonderful years together before she died from cancer of the heart. After she passed, I made it my life's mission to honour her legacy by helping overlooked shelter animals get the attention they deserve.

Since beginning our nationwide tour in January 2021, Jordan's Way has helped over 300 shelters and rescues raised just over \$3 million in much-needed funding. We've also helped thousands of animals get adopted.

I am so excited to partner with you and your rescue on the next round of our tour! Now, let's go over things you need to know:

Kris Rotonda

Let's Talk About How the Fundraiser Works

1. **Before the Fundraiser:** We will arrive at your facility 60 to 90 minutes before the start of the event. This gives us time to prepare, tour your facility, and learn about the animals before we start. It also gives me and my team the opportunity to meet the animals who will be featured so they can get to know us before we go on camera.
2. **Live Streaming:** I will livestream our fundraiser on Facebook Live on your Facebook page for four hours on the allotted date and time (either from 10 a.m. – 1 p.m. or from 6 p.m. – 9 p.m.).

It is a good idea to have someone mirror the LIVE event on Instagram as well. This can be a shared responsibility between a couple of people using one phone for the entire event.

Your potential reach will be dramatically increased as some people do not use Facebook. We have had great results suggesting this. The same can be done using Tic-Tok (unlimited live if you have over 2k followers)

3. **Challenges:** During the fundraiser, we will conduct multiple fun challenges, all on Facebook Live. For the fundraiser to be successful, we are going to need to have willing participants and a little preparation (more on that in a moment).

Here are some of things we often do:

- **Puppy Love:** We cover a willing participant's face with Whipped Cream, then he or she lies on the ground and lets the selected puppies or dogs lick it off.
- **Make Out Mania:** This is the same as Puppy Love only we use Peanut Butter.
- **Puppuccinos:** These are little squirts of whipped cream that we give dogs when donations are given.
- **Slap Fight:** Willing participants get pies (whipped cream on Styrofoam plates) thrown in their faces.
- **Weiner/Burger Mania:** Dogs get a hot dog (or burger) when a specific goal is reached.
- **Camera Time:** I get into the kennel with a few dogs of your choosing to talk about the dogs and give them treats. The more donations we get during camera time, the longer they get to stay on camera.
- **Bail Out Game:** We divide your participants into teams and put them in kennels. Each team gets a specified amount of time to contact their friends and Facebook followers to raise as much money as they can during that time period. Whichever team loses gets a pie to the face or hosed down.
- **Treat Mania:** If a specified amount is raised within the required timeframe, we give the dogs (or cats) treats. If not, we skip them.

IMPORTANT: You are not limited to these challenges! We encourage you to get creative and come up with your own as well! See *"Goal Boards"* in your *Final Packet*.

Some of our most successful fundraisers involved additional challenges that the shelters or rescues made up themselves. Here are some additional ideas, and we encourage you to come up with your own.

- **Ice Bucket Challenges**
- **Shaved Heads, Chests, etc.:** We recently had a donor give \$10,000 to stop a participant from shaving her head!
- **Egg Roulette:** Participants pick an egg to smash against their head. Some are hard boiled, but some are not.

- **Hot Sauce, Baby Food, Gross Jelly Beans, Dog Treats, Edible Insects:** Willing participants agree to eat these or other things unless a certain amount of money is raised to prevent the participants from having to do it. You can even add a spinning wheel with yucky food options for more fun.
- **Overnighter:** The executive director agrees to stay in a kennel overnight if a certain amount is raised.

What We Need from You for a Successful Event

1. **Publicity:** The more you get the word out there, the better your fundraiser will go! While we can create a fun and exciting fundraiser, we have to have eyes on the feed to maximize its success. That is up to you! Here are some simple things you can do to ensure a good showing:
 - **Launch your event on Facebook.** We recommend you start promoting the event at least 5 to 7 days before it takes place – more if possible. (See the “How to Launch Your Fundraiser” section for more.)
 - **Post about the fundraiser regularly** – at least 2-3 times per day prior to the event.
 - **Invite all your Facebook fans to participate.** Send them messages through Facebook. You will also need to be ready to invite them to participate during the feed. You will want to try to get at least 2,000 invites out to your event. (See the “How to Have a Successful Fundraiser” sheet for more on this.)
 - **Get your volunteers and staff involved.** Have all your volunteers and staff invite their friends and family to participate.
 - **Email your past supporter and adopters.** Let them know how and when to participate.
 - **Contact local businesses.** Reach out to area veterinarians, pet stores, Realtors, insurance agents, accountants, lawyers, etc., to let them know you will be hosting the event and invite them to participate. We recommend having at least 3 volunteers dedicated for this, as well as having others reach out to any business owners they know personally. If the businesses donate during the event, we will make sure to give them a shout out. Or even better, they can come down and make their donations in person while we’re live. (See your Final Packet for a template script for contacting businesses.) We also recommend having a volunteer who can reach out to businesses during the event.

- **Contact the local media.** We've included a sample press release you can personalize and send out to the media in your area. We've had multiple news sources send people to cover our events, and sometimes even take a pie to the face for the cause!
2. **Participants:** The more people you have involved, the more successful your event will likely be! Here are some things you need to know:
- You will need to have a **MINIMUM** of 10 volunteers or staff who can commit to staying involved throughout the entire event. We highly recommend that you have between 15-20 to allow for people who can't stay for the entire three hours. If your staff will have to be doing other things, you need to find additional people to participate.
 - We recommend also having someone on hand to help take photos/videos of the event. This is a good opportunity to see if a professional or hobbyist photographer would be willing to volunteer their time. If not, a person with a phone will do as well. We'd also like access to the photos taken for our website and for *Jordan's Way Magazine*.
 - This is a family-friendly event, and children and teens are welcome to participate.
 - Prep your participants so they understand they will likely get dirty, messy, and possibly wet. While we understand not all participants are willing to do this, it's important to at least have several who will.
 - Encourage participants to bring a change of clothes so they can be more comfortable if they do get wet or dirty.
 - Discuss ahead of time if anyone is willing to have his or her head (or chest for men) shaved if we reach a specific goal. This is often a big incentive to bring in donations.
 - Make sure participants understand the "Bail Out Game." (See "How the Fundraiser Works" section.) This is one of the most successful ways for these fundraisers to bring in money. Ideally, they should talk to their friends and family ahead of time so that they know to donate.
 - Encourage your participants to watch one of our prior fundraisers. We recommend any of the one's we have in our packet.

3. Preparation:

- **Location:** We realize that many rescues are foster-based and do not have a physical shelter. You will need to figure out where the event can be held where people and the animals can be involved. While we have done several events outdoors, it needs to be somewhere that offers protection from inclement weather, including cold. We have had to cancel events because of this.
- **Facebook Access:** We will need editorial access to your Facebook page. This allows our team (Kris and Greg) to help you build momentum and help explain the event to your community.
- **Internet:** We have had occasions where the service just was not strong enough for the feed and we had to cancel. Be sure to check this before we come. If you have WiFi, be sure that the signal strength is strong in the kennel areas. If not, we use Verizon as our cell service. You'd need 3 bars in the kennel areas.
- **Supplies:**
 - 10-20 cans of whipped cream
 - 2-3 packs of hot dogs
 - Dog and cat treats
 - Several Styrofoam plates
 - 1 Small Jar of peanut butter
 - 2-4 packs of Large Flour Tortillas
 - Ice and Ice Bucket (if doing ice bucket challenges)
 - Any other items for challenges you'd like to include
- **Access to Animals:** We are going to want to put animals on camera, especially during camera time. You will need to select which dogs you'd like us to include for different challenges like Camera Time and Puppy Love ahead of time. For camera time, we recommend some of your harder-to-adopt animals, but we want to make sure they feel comfortable with Kris.
- **Special concerns:** If any of the animals have health issues that would be impacted by giving Treats, Puppuccinos, Peanut Butter, Hot Dogs, etc., please make us aware of this before the feed begins.
- **Your total number of past adoptions.** This gives us a better idea of what to expect.
- **Your past adopters list** to use for contacting people during the feed.

Understanding the Financial Side

1. **Deposit:** You will need to secure your event with a \$250 deposit – which helps with our trip and incidentals. This is non-refundable unless your event is cancelled through no fault of your own.

General: <https://paypal.me/jwdeposit> (PayPal/Credit Cards Accepted)

Venmo: https://venmo.com/code?user_id=1793804617121792342

CashApp: <https://cash.app/SKrisRotonda>

2. **Invoicing:** Your fundraiser is set up to work with a 25/75% split – 25% going to Jordan's Way, and 75% goes to YOU!

Once the Facebook fundraiser is launched, billing begins for all donations until 48 hours after your feed ends. Any additional funds you receive after that point will not be bill for, allowing you to retain 100% of any residual funds that come in once the fundraiser closes.

At that point, Facebook will remit a check to you for funds raised, minus their fees. Once all donations have been tallied, the Jordan's Way portion is 25%, including the private donations, as they were part of the fundraiser.

Your shelter or rescue will only receive an invoice from us for the total to be remitted to Jordan's Way. Please note that the initial deposit is separate and not included in this split.

Finally, our team will need to schedule a time with you at least one week prior to the event to go over all of this information. If you have questions or concerns, please don't hesitate to ask. We want to make this the most fun and most successful fundraiser we can!

Our Final Thoughts...

You are going to have an absolute ball with this! Not only is this an awesome team building event, but it also brings your community together. I'm sure you will agree, it's the most fun you'll ever have while you raise needed funds!

The entire Jordan's Way team is here to shine light on the awesome things you do. Let's do that together! We can't wait to see you!

The Jordan's Way team!

CITY COMMISSION JANUARY 11, 2023 REGULAR MEETING MINUTES

Commissioner Mitchell: You can also reach out to the Sierra County Arts Council to see if they may be able to come up with some sort of artistic project to replace the actual trees. I am trying to find something we could do that wouldn't cost us an absorbent amount of money, but also utilize members of our community.

Traci Alvarez, Assistant City Manager: My biggest concern is the time constraint on that. You can always direct the contractor to do some type of zero scape to make it look nice with rocks and then come back and have the arts council or something like that donate.

Mayor Pro-Tem Hechler: I think we should have some greenery downtown. We don't want to just add more asphalt or more concrete if possible. I think we should challenge Sierra Soil, Sierra Arts Council or maybe even MainStreet. I think the city can go ahead and do what they need to do to remove the trees and recover the area so it is safe for people, but we should have an ongoing initiative for somebody to come in and somehow beautify the downtown area for us.

Mayor Pro-Tem Hechler made a motion that we remove the trees as requested by the city, and we make the area safe for passage, but ask the city or other representatives to contact Sierra Soil & Water, Sierra Arts Council or MainStreet to see if they would like to adopt an area to put something that is more eye appealing so that we can beautify the city instead of putting in asphalt or concrete down. Commission Mitchell seconded the motion. Roll call was taken by the Clerk-Treasurer. Motion carried unanimously.

4. Discussion/Action: Request for Special Use permit at 1705 Corzine for the purpose of constructing a greenhouse and storage shed with no existing principle building:

City Attorney Rubin: Items 4-7 were considered by the Planning & Zoning Board. You do have draft minutes, and as you look at the draft minutes, all of those who were involved were given the opportunity to testify. At this level, we are here on the recommendations from the Planning & Zoning Board, and if you want to hear from members of the public, you can do that, but you are not required to because testimony has already been received.

Traci Alvarez, Assistant City Manager: The applicant wishes to construct a commercial greenhouse and commercial accessory storage building on property with no existing principal building. The applicant wishes to use the greenhouse to train young adults in local growing of organic foods. Items grown will be donated and sold. No selling will occur at the lot. The purpose is for growing and teaching how to grow in a green house. The property is located in the T-1 district. This district is considered low density semi-rural residential district comprised primarily of single family frame and manufactured housing units. Green houses both commercial and noncommercial are allowed by right in this district, but are subject to provisions of accessory buildings. Per Sec. 11-10-1 an

CITY COMMISSION JANUARY 11, 2023 REGULAR MEETING MINUTES

accessory building is a subordinate building, the use of which is incidental to and located on the same lot with the principle building and shall not exceed ¼ of the use or area of the main building. No principal building will exist on the lot with the greenhouse and storage shed. A special use permit is required for a special land use, which is not permitted by right within the district wherein it is requested. A Public Hearing was held at the Planning and Zoning Commission Meeting on December 12, 2022, and the applicant was present and did present his item. There were no opponents or proponents, and the motion was to approve and carried unanimously. My only concern with allowing a green house whether it be commercial or residential within an area without a principal building is that we do need to be mindful of the fact that marijuana is legalized, and the way we sit right now, that growth for commercial is allowed in commercial only. You could potentially be setting a precedence to allow for a commercial green house on an undeveloped property in a residential area that could potentially open the door for somebody who wants to put up commercial green houses in a residential area for the growth of marijuana. The state is not really helpful when supporting Municipalities for the growth and sale of marijuana.

City Manager Swingle: I think the state is very clear that you have to apply the Walmart standard when it comes to cannabis so if you allow any other entity to sell something or do something, you will have to allow it for cannabis as well and it is not something that we've really considered much here. It is not one of those things you can say, if we approve this, we can always decline the cannabis. You cannot do that. You will not be allowed to do that.

Mayor Forrister: I think that is where this becomes kind of a slippery slope. We heard at our last meeting during a public hearing and a recovery center, and I think our personal feelings of what is wanting to be done here is great. Yes, we will want this to happen in our community, but putting it in a residential area is not what our code is suggesting. When we start setting that precedence then I think we fall into some problems.

City Manager Swingle: You do have the caveat of this being a transition area, and not a true residential area, and I think that is a very legitimate argument.

Mayor Pro-Tem Hechler: Since it was zoned as a T-1, we have the right to refuse another special use permit if it is commercially related. Even if it is cannabis because it is zoned T-1. In other words, we are making an exception here because it is zoned T-1, we are allowing this commercial venture to happen, or we may, but if another person wants to come into a residential area, we would still take that one at a time, and we can still except it or deny it.

City Manager Swingle: I believe you have that right and that is the distinction between clear residential and transition lands, but if somebody came in with transition land you would have the same issue.

David Dawdy, applicant: Having been a real-estate agent long ago I appreciate zoning. It is very important to a community. In my opening remarks, at the bottom of the T-1 list,

anyone who wants to put a school, church or a rest home or hospital in T-1 still must come before the Commission even though it is not residential. There are two points to be made. We are non-profit, so there are some criteria involved, and one is the public good. It can be seen as a commercial green house, profit or non-profit. However, we are not selling anything up there. We are training people, and we are growing things. If it weren't a green house, it would be a green lot full of plants which don't have a building permit. I hope I'm meeting those two objections because the logic is that it is a residential transitional area with the allowance of buildings and other structures for the public good.

Mayor Forrister: The city does send out letters to the neighbors within a radius of the property and those neighbors do get to come and speak, and from what I understand, there was only one neighbor who spoke and she is in favor of the green house.

City Attorney Rubin: These are all on a case by case basis, and each case is different.

Mayor Pro-Tem Hechler made a motion to approve Special Use permit at 1705 Corzine for the purpose of constructing a greenhouse and storage shed with no existing principle building. Commission Mitchell seconded the motion. Roll call was taken by the Clerk-Treasurer. Motion carried unanimously.

5. Discussion/Action: Request for Special Use permit at 616 N. Caballo Road for the purpose of a Multi-Animal Special Use Permit:

Traci Alvarez, Assistant City Manager: A Public Hearing was held at the Planning and Zoning Commission Meeting on December 12, 2022. The applicant was present. The applicant has 6 dogs of their own. A completed application has been received, and all animals have been licensed per municipal code and fees have been paid. Animal Control and Code Enforcement have completed their required site visit and they approved the application request. One opponent spoke in opposition during the public hearing, and one opponent's email was noted. The Planning and Zoning Commission recommended to deny the Multi-Animal Special Use permit for 616 N. Caballo Road.

Mayor Forrister: What is the purpose for them to apply for a Multi-Animal Special Use permit and a Kennel Special Use permit?

Traci Alvarez, Assistant City Manager: It's because six of the animals are their personal animals and it is more than what the ordinance allows an individual to have, but they also want to foster dogs which are not their own personal animals so it is a separate permit.

Commissioner Fahl: I think it was said that the dogs got out? There was a report that the three large dogs were running down riverside and they were your dogs, and it was because they went out the front door?

CITY COMMISSION JANUARY 11, 2023 REGULAR MEETING MINUTES

Serena Byargeon, applicant: That is correct. At that time our front and our back doors were not latching properly, and so with that incident, the front door had come open and the dogs escaped. One of them was picked up by animal control, and I had messaged animal control personally, and found that out. The other ones we found on rodeo arena road. And after that incident I told my husband, I was like, I don't care what bill doesn't get paid, those doors need to be fixed, and in addition to fixing the doors, I also bought the metal security screen doors, so another double backup. That issue has been resolved. I guess people had the impression that they had jumped the fence or something, but that's not the issue. It was the door.

Traci Alvarez, Assistant City Manager: In the past prior to this ordinance, these applicants were following the rules on doing a kennel permit, and they have been compliant with the requirements, but now that we re-did this ordinance, we have to separate it out. So in essence, if you deny this multi-animal permit, you are telling them that they will have to get rid of dogs that they previously had been approved to have.

Mayor Pro-Tem Hechler: How long have you been at that location, and how long have you been operating under these auspices?

Serena Byargeon, applicant: I have been in that house for 15 years, and I've had dogs the entire time that I've been there. I had two for 13 years, and then they passed, and then a few years later we started to get more. All of our dogs are rescues, and I work very closely with rescues. I do transporting and advertising. I guess that'll come on the kennel permit side, but for the ones that we have now, the oldest one is 6 years old. We've had a kennel permit for 3 or 4 years.

Mayor Pro-tem Hechler: Have you ever had any citations, or convictions for animal neglect, or dogs at large?

Serena Byargeon, applicant: When we first got Zeus, he had jumped the fence and then we fixed that. Now he's on a 30 ft. chain when he goes outside to potty. Our dogs are primarily inside.

Code Enforcement Officer Sweeney: She's previously had other kennel permits and was always in compliance. When we went out there, we did note a few concerns about the sizing of the fence because they're big dogs. They're not tiny little ones. The sizing of the fence was a concern, and the way her property sits in the back, it was a little higher, so that was a concern for us that he could easily jump over it even though they are primarily inside dogs. She has not had any running at large incidents other than the one instance. We had mentioned also adding another water dish, which they did, just giving the amount of dogs they have. She has a massive yard, so even if she let them free roam, they have a lot of room to run around. She's not lying when she says there's nothing back there but a shed and a kennel. We set a limit of allowing no more than 10 dogs, and you'll hear that with the kennel part of it. The yard was very clean. I didn't smell any feces or any of that. The dogs appear to be very healthy. I went by there this morning to do a follow-up checkup, and to make sure that everything was good, and I

actually saw a few of them outside, and they weren't even near the fence. They were just standing by the door, and were probably wanting back inside because it was a little chilly, but that's it. We've had zero complaints or calls for the property since this process has started, other than the one time right after we did the kennel permit, and that was for the three running at large dogs.

Commissioner Mitchell made a motion to approve the Special Use permit at 616 N. Caballo Road for the purpose of a Multi-Animal Permit. Commission Mitchell seconded the motion. Roll call was taken by the Clerk-Treasurer. Motion carried unanimously.

6. Discussion/Action: Request for Special Use permit at 616 N. Caballo Road for the purpose of a Kennel Permit:

Traci Alvarez, Assistant City Manager: a Public Hearing was held at the Planning and Zoning Commission Meeting on December 12, 2022, and the applicant was present. The application is for the intent of fostering dogs. The applicant has 6 dogs of her own, with an active application for a multi animal permit. Animal Control, and Code Enforcement have completed the required site visit and approved the application request allowing for no more than 10 animals to include her personal animals. There was one opponent who spoke in opposition during the public hearing, and there was one opponent whose email was noted. The Planning and Zoning Commission recommended to deny the kennel special use permit for 616 N. Caballo Road. I want to bring to your attention, in Ordinance 725, we found when it came time to working with the applicant on their kennel permit that there was some wording that was dropped within our ordinance. We will be amending that ordinance and bringing it back to the Commission. However, in Section 3.8.1, item I, the ordinance currently reads "all animals listed on the application 3 months of age or over must be vaccinated for rabies, and possess the city animal license tag". It was never the intent to require the city licensing and vaccination proof for kennel permitting, and the reason for that is because the animals come and go. They are never the same animals in a kennel. The kennels are responsible for having those items within their paperwork, so at any point and time, our Animal Control Officer can go by a kennel permit place and ask to see the vaccinations, but they don't have to have city tags per se, because they may not be city residents that are being kenneled there.

Commissioner Fahl made a motion to approve the Special Use permit at 616 N. Caballo Road for the purpose of a Kennel Permit. Commission Mitchell seconded the motion. Roll call was taken by the Clerk-Treasurer. Motion carried unanimously.

7. Discussion/Action: Request for Special Use permit at 103 N. Maple for the purpose of a Multi-Animal Permit:

Traci Alvarez, Assistant City Manager: A Public Hearing was held at the Planning and Zoning Commission Meeting on December 12, 2022, and the applicant was present. The applicant has 7 dogs. The completed application has been received, and all animals have been licensed per our municipal code, and fees have paid. Animal Control and Code Enforcement have completed the required site visit. Code Enforcement did not recommend approval, due to property code violations. There was one opponent who spoke in opposition during the public hearing, and the Planning and Zoning Commission recommended to deny the multi-animal special use permit for 103 N. Maple.

Code Enforcement Officer Sweeney: I spoke at the Planning and Zoning meeting, and I was made aware of the property 2 months prior to us doing the permit, just for a massive fence they were constructing out of pallets. They were actually doubling up on top of each other, and I immediately went over there and knocked on the door, and spoke to them about how that was a huge safety concern because New Mexico's winds can just blow it down, and anybody walking by could easily be hit by it because it was not that far from the road. They kind of took that down, but I did also speak to them about a massive amount of code violations. On the south side of the trailer is where they were housing the animals. The animals never went on to that side so given the checklist that we had, I had checked off everything, especially when it said debris, because it said pertaining to animals, and the animals were not going to be anywhere near it, but there were violations so I checked off on it saying it was correct, but I also noted that there was violations on there. Animal Control at that time said that there was just one thing that they recommended, and it was a runner. They don't like to put them on chains because they can get tangled up, so they did recommended go ahead to put a runner for one of their dogs, and then it was marked off correct for them. So I just went ahead and told them, (I think there was a holiday) so I think I gave him a little more than the 15 days that I normally give anybody, and I said I'll come back out here and I'll check the property and make sure it's cleaned up. They were a little frustrated. I mean it is hard being told like this what needs to happen, and so after the 15 days we went back out there, and I checked the property, and I talked to Mr. Cox. He was very upset because I was telling him that it was still not compliant, and at that time I was going to go ahead and ask for denial on the application. He was upset, but he did tell me that he was in the process of getting one of one or few dogs to kind of get it in the area where they wouldn't even need the permit, so I said well this is just where we're going to leave off. I'm going to ask for denial. After that I don't go back and check when it comes to the permit, so of course when we spoke, I spoke on the same thing that he wasn't compliant. Fast forward to today when I went by, of course you know they did recommend for denial, I went back today to check the property, and they had cleaned up what I recommended, and I explained to him outside, had it been like this when I went out there first time, I would have never recommended denial. There is still a few things that still needs to be done with the property, and he actually recognized that, but if you would look at it now where it was when they started, to where it is now, it is

massively cleaned up, and that's where we want it to be. The stuff that's there now, he's doing a little bit of remodeling, so that's what we're seeing outside a little bit is from that, but given the ordinance, he has to clean that up, and that's what I spoke to him today about. If I were to go there now, I would not cite them on what I see right now. He just needs to clean it up a little bit. We have had zero calls from that time, to this time, on any barking because I don't know if he leaves them outside vs. inside. He does have a kennel on the one side. He has a runner so there haven't been any complaints.

Commissioner Mitchell made a motion to approve Special Use permit at 103 N. Maple for the purpose of a Multi-Animal Permit. Commission Fahl seconded the motion. Roll call was taken by the Clerk-Treasurer. Motion carried unanimously.

8. Discussion/Action: Approve purchase agreement pertaining to the sale of Lots 63 and 64 of the Sierra Vista Addition to the City of Truth or Consequences, New Mexico:

Traci Alvarez, Assistant City Manager: The city owned properties were surveyed, appraised and advertised for sale. There was an offer received for the purchase of lots 63 and 64 of the Sierra Vista Addition. The offer of \$18,500 exceeds the appraised value of \$16,000 (\$8,000 per lot), but it does not exceed the \$25,000 threshold requiring sale by ordinance. Therefore, the purchase agreement is allowed for the sale of the property with an executed quitclaim deed.

Mayor Pro-Tem Hechler made a motion to approve the purchase agreement pertaining to the sale of Lots 63 and 64 of the Sierra Vista Addition to the City of Truth or Consequences, New Mexico. Commission Mitchell seconded the motion. Roll call was taken by the Clerk-Treasurer. Motion carried unanimously.

9. Discussion/Action: Approval of Purchase Requisitions over \$20,000:

Kristie Wilson, Finance Director reviewed the Purchase Requisitions over \$20,000 provided in the packet.

Commissioner Fahl made a motion to approve the Purchase Requisitions over \$20,000. Commission Mitchell seconded the motion. Roll call was taken by the Clerk-Treasurer. Motion carried unanimously.

10. Discussion/Action: Approval of contract with Document Solutions:

Kristie Wilson, Finance Director: This is for a contract with Document Solutions. The machines we have with Xerox come up at different times for renewal. Document Solutions will be sending those machines back and all we have to do is pay the shipping which we would have before anyway. This is a really good deal for us. It includes the

CITY COMMISSION JANUARY 11, 2023 REGULAR MEETING MINUTES

service, maintenance, toners and everything that our current contract with Xerox covers, and this is in addition to three new copiers that are not on the Xerox contract. This will also save us \$7,000 per year.

Commissioner Fahl made a motion to approve the contract with Document Solutions. Mayor Pro-Tem Hechler seconded the motion. Roll call was taken by the Clerk-Treasurer. Motion carried unanimously.

11. Discussion/Action: Closing of obsolete bank accounts:

Kristie Wilson, Finance Director: This item is to get approval to close three obsolete bank accounts that the city has. They all have zero balances. The first one is for the electrical construction account that we did years ago. The second one is the R & R Water account, and the last one is for the transfer station account. All of these accounts have been obsolete for quite some time now.

Mayor Pro-Tem Hechler made a motion to approve the closure of obsolete bank accounts. Commission Fahl seconded the motion. Roll call was taken by the Clerk-Treasurer. Motion carried unanimously.

12. Discussion/Action: Law Enforcement Protection Funds (LEPF) Appropriation:

Kristie Wilson, Finance Director: We received an appropriation in the amount of \$281,000 which gives us \$112,500 for the first year, \$112,500 for the second year, and then \$56,000 for the third year, to be used specifically for recruitment and retention of the police officers. Right now, the way that HB 68 and 86 are, there's two different house bills that were written. We can give our officers 5% of their annual salary, every 5 years that they have been a certified law enforcement officer. All of our officers have been certified for more than 5 years, except for the two recent recruits that we have hired. In getting those bonuses, we will be spending about \$45,426, and the rest can be used for recruitment. We are now looking into how much we are allowed to give in recruitment bonuses, and then we'll get that structure completed. This is just for us to be able to receive that money.

Commissioner Mitchell made a motion to approve the Law Enforcement Protection Funds (LEPF) Appropriation. Commission Fahl seconded the motion. Roll call was taken by the Clerk-Treasurer. Motion carried unanimously.

13. Discussion/Action: Approval of new Position and Job Descriptions for CPO and the Payroll Clerk:

Kristie Wilson, Finance Director: Our Payroll Clerk resigned, and when he resigned, we had to figure out how we were going to get our payroll done. Our CPO singing agent did payroll prior, so she did say she could do both jobs, as long as we hired an assistant to do some of the tasks that an assistant could do. In combining those two job duties, and adding a CPO Assistant, we will be saving about \$1040 for the remainder of the fiscal year which is about \$3 per hour for the remaining of the year. Before you are the updated job descriptions of the CPO, to make it CPO/Payroll Clerk, as well as a CPO Assistant job description. These can always be amended should our CPO wish to leave the city and we need separate the two positions.

Mayor Pro-Tem Hechler made a motion to approve the new Position and Job Descriptions for CPO and the Payroll Clerk. Commission Mitchell seconded the motion. Roll call was taken by the Clerk-Treasurer. Motion carried unanimously.

14. Discussion/Action: Approval of Amended 2023 City Holiday Schedule Memo:

City Manager Swingle: We made a mistake on Spring Day when we first approved the 2023 City Holiday Schedule Memo. We didn't have the right date for the spring holiday. It's half a day, and we had it on the 14th. It's actually going to be on April 7th, so we would just like to make that revision to the holiday schedule.

Commissioner Fahl made a motion to approve the Amended 2023 City Holiday Schedule Memo. Commission Mitchell seconded the motion. Roll call was taken by the Clerk-Treasurer. Motion carried unanimously.

15. Discussion/Action: Approval of City of Elephant Butte Surface Lease Agreement:

City Manager Swingle: We've had a lease agreement with Elephant Butte for many, many, years where the driving range is at the Sierra Del Rio Golf Course. That is their old landfill site, and we are required to continue to do monitoring of that site for many more years to come. Elephant Butte would like to continue the relationship with it, but we have a couple questions before we move forward with the agreement. The attorney sent the agreement to Jay late last night, so we have not had a chance to fully digest the changes. We're looking out to protect the city's interest so I would ask if you could approve this agreement based on the competition of our revisions, and that they are incorporated into the agreement.

Commissioner Mitchell made a motion to approve the City of Elephant Butte Surface Lease Agreement based on the completion of the revisions. Commission Fahl seconded the motion. Roll call was taken by the Clerk-Treasurer. Motion carried unanimously.

16. Discussion/Action: TowerPoint Cell Lease Agreement:

City Manager Swingle: We have talked in the past about entering into a long-term agreement with somebody to take over the towers. We've had a number of entities that have demonstrated some kind of interest, and you had a few contracts that have come before the Commission. This is extremely labor intensive on staff, on myself, on accounts receivable, and on finance frequently calling for appraisals, and surveys of these towers. We would actually like to get into a long-term agreement. TowerPoint is looking at taking over all of our 5 towers for a total of over \$1 million dollars, and we actually got them to go up to another \$4,000. We've negotiated over \$300,000 in increases over the last couple of weeks with these folks. What we are asking for today, and they need it for the minutes, because they can't encumber their funds on something that is kind of still in the air. So our board minutes need to reflect that the governing body is committed to seeking long term leases up to 99 years for those following properties which are the Pershing Street Tower, the Kopra Street Tower, the Louie Armijo Ball Field Tower, and the two Towers on Tank Hill near Second Street. Sunstate has first right of refusal on one tank, and American Towers has first right of refusal on the second tank. We're just now getting responses back from them, and they may exercise their right to take over those leases, but they will have to pay the same amount that this company was going to pay. It doesn't matter to us who has it, as long as we don't have to continue on a weekly or monthly basis having to deal with these things, and then we will see a large amount of revenue in replacement for it. They are not taking any ownership of anything, you are just providing them easement access.

Commissioner Mitchell made a motion to approve the TowerPoint Cell Lease Agreement. Commission Fahl seconded the motion. Roll call was taken by the Clerk-Treasurer. Motion carried unanimously.

17. Discussion/Action: Liquid Waste Dumping Agreement with Talon Septic:

City Manager Swingle: Talon approached our Wastewater Director. The County is closing their lagoon where they've been allowing companies to dump by their old landfill for a fee, so companies have to find another solution. Talon talked to Pete, and it is not a high amount of waste comparatively speaking, to what we currently have. They will comply with all the requirements of what is waste, and what is not waste. Pete is comfortable with this agreement, and Jay has looked at it. The one thing we did change from your copy is changing it from a 30 day time period to terminate the agreement to 90 days.

Commissioner Mitchell made a motion to approve the Liquid Waste Dumping Agreement with Talon Septic. Commission Fahl seconded the motion. Roll call was taken by the Clerk-Treasurer. Motion carried unanimously.

18. Discussion/Action: Approval of Nexstar Media Group Letter of Payment Liability:

Item was removed from the agenda.

19. Discussion/Action: Adoption of a Governmental Conduct Act Policy:

City Manager Swingle: This is something I've been working on for probably close to a year. We are required to have a Governmental Conduct Act Policy, and we do not have one. This pretty much mirrors state statute. In the states Governmental Conduct Act, there's portions that refer to legislators and the cabinet secretary. That language has been extracted from the policy, but otherwise it it's a mirror of the state requirements.

Mayor Pro-Tem Hechler made a motion to approve the Governmental Conduct Act Policy. Commission Fahl seconded the motion. Roll call was taken by the Clerk-Treasurer. Motion carried unanimously.

20. Discussion/Action: Appointment of Paul Johnson as a Member on the Sierra Joint Office on Aging Board:

City Manager Swingle: The SJOA currently has an opening on their board and the SJOA sent an email recommending Paul Johnson to serve as a member on their board. He is an active senior and participates in their services and the SJOA feels that he would be a great addition to the board.

Commissioner Fahl made a motion to appoint Paul Johnson to the Sierra Joint Office on Aging Board. Commission Mitchell seconded the motion. Roll call was taken by the Clerk-Treasurer. Motion carried unanimously.

21. Discussion/Action: Re-appointment of Chris Sisney to the Planning & Zoning Commission:

City Clerk Torres: Chris Sisney is the Chairman on the Planning & Zoning Commission, and his term has expired. On December 12, 2022 the board recommended the re-appointment of Chris Sisney to serve another 2 year term on the board. Vacancies on the board have been advertised, and we have not received any other applications for the position.

Commissioner Fahl made a motion to re-appoint Chris Sisney to serve another two year term on the Planning & Zoning Commission. Commission Mitchell seconded the motion. Roll call was taken by the Clerk-Treasurer. Motion carried unanimously.

J. EXECUTIVE SESSION:

Mayor Forrister reconvened the meeting in open session at 2:06 p.m.

Mayor Pro-Tem Hechler certified that only matters pertaining to Purchase, Acquisition, or Disposal of Real Property (potential sale of the city's electric infrastructure to Sierra Electric Coop) pursuant to 10-15-1(H.8) was discussed in Executive Session.

Motion carried unanimously.

3. COMMENTS FROM THE PUBLIC (3 Minute Rule Applies)

No comments.

4. PUBLIC HEARINGS (5 Minute Rule Applies)

- A. Public Hearing/ Discussion/Action: Special Use Permit at 1705 Corzine Street. Applicant wishes to construct 78' x 17' Greenhouse and Accessory Storage Building on property with no existing principle building. (Sec. 11-10-1. - Accessory Building. A subordinate

building, the use of which is incidental to and located on the same lot with the principle building. An accessory building shall not exceed one-fourth (¼) of the use or area of the main business or building). Traci Alvarez, Assistant City Manager

Assistant City Manager Alvarez stated that the permit is for a commercial greenhouse and a commercial storage unit to be built onto the property. Applicant has submitted all documents and paid their fees.

Vice-Chairman Buhler asked: what do you plan to use the greenhouse for?

David Dawdy: Hello, I'm David Dawdy, I'm the president of a non-profit called People Growing Together and we're an initiative to hopefully train high school aged students who have a greenhouse at the high school.

Deputy Clerk Gabaldon: Let me pause you really quick sir. I need all of the applicants who are here today to be sworn in first. If I could ask you all to stand.

Assistant City Manager Alvarez: As well as the proponents and opponents.

Deputy Clerk Gabaldon: As well as the proponents and opponents, if you could stand to be sworn in.

Assistant City Manager Alvarez: Chairman and members of the board, we have to follow the batter shell process for these public hearings.

Vice-Chairman Buhler: My fault, sorry.

Deputy Clerk Gabaldon: Do you swear to tell the truth, the whole truth, and nothing but the truth? Everyone agreed.

Deputy Clerk Gabaldon: Please start again.

David Dawdy: I'm David Dawdy and I've been here since 2014. I'm interested in local growing and training young adults to have a job in that field so that they don't have to leave town; and also noted over the Covid epidemic that Walmart's trucks stopped coming and we had empty shelves, so we're dedicated to growing organic food at a reasonable price. We're non-profit so we actually will be selling the produce and donating 1/3, 1/3, and 1/3; 1/3 will go to the food banks, 1/3 will go to the families of the kids who are working, and 1/3 will go back to the non-profit to keep it rolling. Citizens have come forward; they have provided \$10,000 to buy the lot. Traci McGowan sold us and dropped her price from \$20,000; she's across the street with donkeys and that's about the story. We're not intending to commercially sell anything from that lot; we have storefront on North Broadway and it's just principally for growing and teaching how to grow in a greenhouse, which is so technical. It doesn't use any petroleum at all; it uses the temperature that is 8-10 feet below the ground and blows it up with electric fans; switches out the temperature every 1-2 minutes and we avoid any extra greenhouse gases. 48% of most commercial greenhouses costs go to heating it in the winter so basically will have very little expense in that area. That's the whole story that I can present; if you have any questions, I'd love to answer them.

Chairman Sisney: Do any of the board members have any questions for Mr. Dawdy?

Vice-Chairman Buhler: I wonder if you would be using City water; what type of water are you going to use?

David Dawdy: It will be City water; it already has City water and City electricity on the lot.

Member Luchini: How will you get your funds to pay for the City utilities and services? What funds will you use to pay the property taxes or expenses?

David Dawdy: Property taxes are \$176 a year at the present time; they'll probably go up when I put the building on it. We're non-profit; we've collected \$25,000 so far. We have the basics; it's a kit from North Dakota or Lance Nebraska; almost North Dakota. And, it's a non-profit; volunteers are there. We hope to have 1 or 2 paid positions particularly to instruct the children how to use the greenhouse and then have some paid internships and stuff like that. It has a lot to do with; it's a 78 foot long greenhouse and we expect to be able to...we have a master gardener advising us and I think we're gonna have enough

income coming in from once plants starts we'll have next spring and ongoing and we hope to have it built, if you give us permission, in March.

Vice-Chairman Buhler: One other question is it going to be like, is it going to incorporate like public school children?

David Dawdy: Yes, that's exactly right. I'm a substitute teacher at the public school; I work with the plant science kids last May and we really want to encourage them to learn how to grow their own food because they have the facilities up there to grow food for the cafeteria, for instance, and get high quality vegetables and salads and whatever. I've been working with the principle up there; Covid really knocked us in a loop. We should've been a year ago...we should've had this done a year ago but slowly but surely. We figured it would be a 5 year program; we could raise the funds, get it built, and then see from its success what else we can do. I just feel that to leave a legacy of self-independent growing in this area and showing people how to do it, along with that, the USA Extension teaches canning and for people to learn how to cook again there's a whole thing about it. The part that I'm coming to you for is to use that currently desert land to construct the greenhouse.

Chairman Sisney: Are there any other questions for him? Are there any other proponents that want to speak on behalf of this issue?

Assistant City Manager Alvarez: Did anyone else sign up?

Deputy Clerk Gabaldon: There is nobody else that signed up.

Assistant City Manager Alvarez: So, we have no opponents or no proponents?

Deputy Clerk Gabaldon: No.

Assistant City Manager Alvarez: So Chairman and members of the board, within included in your packet you do have a section of the Municipal Code that references what the purpose and development standards are of the T1 district; please note that the T1 district is considered a low density semi-rural residential area. Approving a special use permit to have a greenhouse and storage unit that does not have a principal building on it, it could be considered that you could be setting a precedent in all residential areas for that, so that is something to be mindful of.

Chairman Sisney: Do any of the members have any questions on this? And, Traci, is that all that the City has to say about that?

Assistant City Manager Alvarez: I've provided you the section of the Municipal Code that shows what is allowed and what has to be done by special use; he's submitted his application and his scope of work, full site plan, and showing where everything will be located. At this point, it's up to the Planning & Zoning commission to decide whether to recommend to approve or to recommend to deny to the City Commission.

Vice-Chairman Buhler made a motion to approve the special use permit.

Member Alicea seconded the motion.

Motion carried unanimously.

B. Public Hearing/Discussion/Action: Request for a Special Use Permit at 616 N. Caballo Rd. for the purpose of a Multi Animal Permit. Traci Alvarez, Assistant City Manager

Assistant City Manager Alvarez referred the board to their agenda packets to Ordinance No. 725, subsection I, it states that all animal listed on the application 3 months of age or over must be vaccinated for rabies and possess a City animal license tag. When one of the applicants came before us, it didn't fall inside the little box and somewhere along the lines of revising this ordinance multiple times, some wording was dropped from that particular sentence so it should read, and we will look at revising our municipal code, we'll have to go through a whole ordinance amendment, but the intent of that particular section is all animals listed on the multi-animal permit, 3 months of age or over must be vaccinated for rabies and must possess a City animal license tag, and where that is going to become

important is the public hearing that you're going to hear today for a kennel permit. It was not the intent of this ordinance for people that are doing kennel permits, for all dogs that go in and out of a kennel; and fostering will fall under a kennel permit.

This hearing is for a multi-animal permit. The applicant you will see will have a second public hearing for a kennel permit, so the applicant does have personal dogs and then she also does fostering. Her application showed 7 dogs but we did amend the application to reflect that she now only has 6 personal dogs. Animal control and code enforcement have inspected the residence and they did approve the application. Animal control is here if you have any questions or if animal control would like to make any statements regarding this; applicant is also here in the audience as well.

Animal Control Officer Knull: So I did have one question for Serena, we did have an instance where the dogs did escape the yard, looking back now at the time of the inspection, all of the dogs were placed inside of the house; we did not realize how the fence was until we drove by a few days later and noticed that all of the dogs were out and were able to rest standing up along the fence, where it concerned us that they might be able to get out. A few days after that, we had an incident where the dogs did escape and I would like to ask, how did they get out at that time?

Assistant City Manager Alvarez: We also have code enforcement Sweeney on the line as well too for the code enforcement side if needed.

Code Enforcement Officer Sweeney: Like animal control said, when we did go over there, they had an immaculate yard; very clean, especially given the amount of dogs that were there. But the older ones are their personal use for inside and of course the kennel, which of course we'll hear at a later time, they were outside. At the time of the inspection we did not see...the fence was perfectly enclosed; there were no breaks in it, no nothing to indicate that the animals could escape. But as Officer Knull said, shortly after the inspection we got a call of 3 very large dogs running down Riverside and a later date we did identify that they did belong to that residence and so that gate may be too short for the size of dogs that she has. I'm not sure if they jumped over or... (phone cut out). Part of the inspection is the enclosure and so somehow those dogs did get out and they're not very easy to catch; we were only able to get the one, I guess maybe the other 2 went home. On the code enforcement side, there was no nothing; they've got more than enough room for the animals, but I am concerned that the enclosure itself may be a little short given the size of the dogs.

Serena Byargeon: As far as the fencing goes, they can reach the top and we've had these dogs for years and none of them have ever jumped the fence except for one...his name is Zeus, he's the biggest one and he kept doing it and kept doing it so eventually whenever we put him out to do his business, he does go on a 30 foot chain. We made sure that he cannot reach the fence to try to jump over and hang. We made sure that there's nothing in the way or anything like that; he's only on it just to do his business and get a little bit of exercise. As to the 3 dogs that escaped, at the time we were having problems; raising dogs is like raising kids, hit and miss. You learn as you go. Our back door and our front door were not closing all the way, the wind would push it open and therefore the dogs would escape that way and that's what happened that day. We have since not only fixed the doors but we've also put up metal security screens on the doors to fix that problem. That problem is resolved. One of ours did get picked up. I called officer Knull that night because we found the 2 but we couldn't find the 3rd and I was freaking out but I called him directly and he did inform me that they did have Cupid and we got him the next morning. It was bad enough of a situation for me that I told my husband that I don't care what bill has to go, doors are going in, screens are getting done, and so that's been done.

Chairman Sisney: Does anyone have any questions?

Robert Baca: I live at 206 Garnett Street in the alley and if there's purpose for this kennel or multi-dog purpose, will there be a privacy fence. I have a metal fence but I can only afford to go up so far to corner my fence. With 6 dogs in that yard now and 2 across next door to it and across there and 2 in mine and 4 on the other side, there's 14 dogs in that little area right there. At some point in time, if it's gonna be a

kennel, will the dogs be in individual kennels set up as a kennel, with 2 sides and cover to protect these dogs or just do a fence where they run wild? That's what my concern is; if it's gonna be a kennel, make it a kennel like at the shelter where there's individual cages where the dogs can be kenneled at night because you cannot sleep in that neighborhood. When one of them goes off, there's 30 dogs that go off. So, if my neighbor, he walks off on his rental property, the dogs are right there and they can't enjoy the porch or any portion of their yard; the dogs are just chain linked fence. So...

Deputy Clerk Gabaldon: Are you questioning about the kennel permit part because this is the special use...

Robert Baca: Multi dogs...how many dogs are they gonna be allowed on this property and then I'll address the kennels. That's all I say; there's a limit to so many dogs if this is kind of a bunched deal is what I'm saying; this is a two-part deal, so that's all that I have to say about the dogs.

Chairman Sisney: Mr. Baca, let me ask you about that neighborhood, ok because we had this come up already. People are complaining about the dogs but it sounds like no one wants to complain about the dogs because everyone has dogs.

Robert Baca: If they're gonna be a way to...well the dogs can't see through the alley where other dogs get there and get in the alley and they start barking and one starts barking and they all start barking. So, if it would be a multi-purpose would that that kind of be a nail to be screened or solid privacy fence to be put up is what I would suggest with a portion.

Chairman Sisney: Ok Mr. Baca, we'll give them a chance to answer your question.

Clifford Byargeon: He is correct about the amount of dogs within our part of the neighborhood. You go in any direction 3 houses that way or 3 houses that way, even without our dogs, you're looking at a combined of 20 at least. At night time, due to the noise, we prefer to keep our dogs inside; they're free to roam in our house, we haven't had any problems with them chewing anything, making messes, they're all good dogs. We only let them out for about 5 minutes at a time to use the bathroom at night and we keep them in because all night long, constantly, every dog barks. You can stand outside in the backyard and count at least 12 distinctive dogs barking anytime...1 in the morning, 2 in the morning, 3 in the morning; a leaf falls and one dog barks, another dog barks. There was a period of time about a year ago, one of our neighbors always thought it was our dogs barking, they didn't know that we kept our dogs in the house at night and someone finally broke down and told her it was actually her dogs in her own backyard barking; she forgot they were there at night, thought that was weird but...As far as the kenneling goes, most of our kennels are located inside of the house; we have a clean room; Mr. Knull has seen it. We keep our kennels clean; they have the little pull apart bottoms and we prefer to keep them out of the elements in case it's gonna snow, wind, anything; keep them safe. We have successfully fostered several dogs throughout the last couple of years and fixing the screen door did in fact fix our problem with the dogs getting out. Anytime the wind would blow, the door would just open; dogs hear it, they run. In the future we're hoping to get a privacy fence, trying to save up for it, but for the most part, our dogs are indoor dogs and we're trying to keep them away from the drama of all the other dogs in the neighborhood that just bark.

Serena Byargeon: So, we have priced different options of the fence because obviously we don't want Zeus on a chain at all, and for us to do a full privacy fence around our yard it's a big yard, we were quoted \$10,000; we don't have that kind of money. Our next option was to try to do risers; we've tried to come up with different ideas; risers and then add more fence to it and that option was \$1,000 versus \$10,000. Would we like a privacy fence? Absolutely, we don't want anybody seeing what's going on. As far as the dogs being out, if we let all 6 out at once, there's one of us out there with them. Usually we let out 2 maybe 3 at a time, that's it because we've had incidents where somebody gets agitated and then they fight, so the more dogs that are there the more they're gonna fight. If they're gonna be out by themselves, its 2 or 3 at a time, otherwise, we are outside with them.

Deputy Clerk Gabaldon: I have an email to read as well that came in. (Attached)

Chairman Sisney: I have a question for the City attorney

Assistant City Manager Alvarez: I might be able to help, what would be your question?

Chairman Sisney: I'm trying to put myself in the position of somebody that lives in this neighborhood; if there's all these dogs, how does anybody get any peace? And, what's the recourse if you call animal control out there, what's gonna happen? If you lived in this neighborhood and you don't want to listen to dogs barking, you gotta move out or what?

Assistant City Manager Alvarez: That's the purpose of a special use permit for anybody that's wanting more than 4 animals that they're allowed; I mean every person in that neighborhood could have 4 dogs, they'd be allowed per our municipal code. Anything in excess of 4 dogs has to come to you guys for your review and approval.

Chairman Sisney: Right, but that doesn't answer my question. What if a person was living in this neighborhood and didn't want to listen to dogs barking all the time, are they required to move?

Assistant City Manager Alvarez: Well, I guess they would call in a complaint and it would go out to an ACO...

Chairman Sisney: If they have 20 something dogs in this neighborhood, they would have to be over there constantly; there would have to be a solution...

Assistant City Manager Alvarez: Maybe code enforcement or ACO can let you know what the process or procedure is if they get a noise complaint; that would be a process that they would go through.

Tyler Knull: when we get a noise complaint for barking dogs our first question that we always ask the reporting party is, is this barking excessive, continuous and unprovoked, because with our municipal code, it states the difference between the provoked bark and unprovoked barking; if the barking is unprovoked, continuous and excessively, that's when we can start to issue disturbing the peace citations and looking into that sort of thing. If it's provoked bark, someone's driving by or walking by anything like that, anything that would provoke a normal dog to bark, that's when we really can't do anything because a dog is a dog and it's gonna bark and anything that provokes it. Anyone walking by or driving by, even if they see a neighbor across the street going into their house or maybe even another dog depending on the circumstance, that's considered a provoked bark and we really can't do much about provoked barking; if it's unprovoked barking, the dog is just sitting outside barking at a tree for instance, that's when we can start looking into disturbing the peace and we can try to come up with a solution with the dog owner.

Chairman Sisney: Would a dog barking at another dog be provoked or unprovoked?

Tyler Knull: That would be considered provoked.

Vice-Chairman Buhler: What about at night, are people allowed to leave their dogs out at night to bark and not bring them inside?

Tyler Knull: Yes ma'am, so they are allowed to leave their dogs outside, like I said, if the barking is continuous and excessive, that's when we start having issues, so we have to make the determination if the provoked or unprovoked. We try to have the RP or the complainant record after the complaint that way we can get a feel for what's going on. Even if the barking is provoked, we try to look at the time limit if the dog is barking continuously for 15 minutes at a time, we'll still go ahead and issue a citation and they would have to go through the courts and explain why this dog is barking so often and so much.

Chairman Sisney: Can you tell me what are the results of most of these complaints turns out?

Tyler Knull: So, most of them, it depends on the court. The court usually ends up a deferral on the complainant and the owner of the dog. If it's proven that this barking is excessive and continuous and not provoked, then a deferral or citation will be issued from the court and the court will go from there. Once I issue the citation, it's out of my hands and back into the court's hands.

Chairman Sisney: Has this happened?

Tyler Knull: This has happened before.

Chairman Sisney: And do you know whatever becomes of these complaints?

Tyler Knull: It's usually like I said a deferral from the court for a period of 6 months and if another complaint comes in with a period of 6 months after, the deferral from the courts and the courts will go back from there.

Chairman Sisney: Has anyone ever had to get rid of any dogs or done anything to...

Tyler Knull: Not to my knowledge.

Chairman Sisney: Does anyone else have any questions?

Vice-Chairman Buhler: Well, I think the fence thing is a big thing. Your neighbors can't go out and enjoy themselves on their porch, that's not a good thing. And if you're fostering other animals over and above what you have, that wouldn't be a good thing either. You said you foster animals too, right?

Serena Byargeon: Yes, we have for 2 years.

Vice-Chairman Buhler: Well, then you would have even more animals in your house then...What are you applying for?

Serena Byargeon: 6

Assistant City Manager Alvarez: For the multi-animal personal, yes.

Vice-Chairman Buhler: You know, I don't know that I agree with you being able to foster animals because you wouldn't have a permit for that, it would just be more animals...so that's my take on it anyways.

Member Luchini: Is this the first time that you've applied for a multi-use for the 6 dogs?

Serena Byargeon: It's because everything changed, we did have a kennel license prior that was under the umbrella of all the dogs. We've successfully fostered several dogs and gotten them off to rescues or adoptions.

Member Alicea: Have you ever had problems with those foster dogs?

Serena Byargeon: Honestly, yes, one time. In January we had an older German Shepard come in and we started noticing that she wasn't getting along with 2 of our dogs and I had been in touch with Mary, the other animal control officer, because I didn't know what to do because obviously I'm here to rescue dogs but it wasn't working out and she said you need to bring her in, she needs to be put down. She was 13. We were trying to make her last couple of years comfortable but it was getting to me too much. They were nipping at each other inside of the house. My granddaughter didn't know the situation and she helps out with the dogs a lot, and she had let the dogs out and when she let them out, one of our female dogs and the German Shepard started fighting. When they started fighting all the dogs started fighting; pack mentality. It was a very costly lesson; we lost one of my adoptees, we lost one of our own, and of course the German Shepard; they put them all down.

Assistant City Manager Alvarez: Excuse me Chairman and members of the board, if I could interrupt for a minute. Right now, we are just dealing with the multi-use, the next hearing deals with the foster portion of their application.

Chairman Sisney: I'm gonna make a motion that because you have complaints from 2 neighbors that we deny this.

Chairman Sisney made a motion to deny.

Member Luchini seconded the motion.

Roll call vote was taken:

Chris Sisney: I disapprove this application.

Susan Buhler: I don't approve of it either; if they did some other things, I might but not now.

Esther Luchini: I agree with Chris' motion to not approve the permit.

Eduardo Alicea: I think we should give them more time. I don't know their situation except for what's here on the papers and having dogs in the past and fosters and situations are not easy. I understand the situation but sometimes the situation with neighbors gets nasty. I disagree with you.

Motion carried with a 3 to 1 vote.

Serena Byargeon: Can I just say that the neighbor that has the complaint that works out in the front, they have 6 dogs themselves without any kind of permit and they just dropped another litter.

Chairman Sisney: Yah, it's a problem and this is not helping the situation.

Serena Byargeon: So, what are we supposed to do with our dogs?

Chairman Sisney: I don't know.

Assistant City Manager Alvarez: This is just their recommendation; their recommendation will go to the City Commission.

C. Public Hearing/Discussion/Action: Request for a Special Use Permit at 616 N. Caballo Rd. for the purpose of a Kennel Permit. Traci Alvarez, Assistant City Manager

Assistant City Manager Alvarez: Chairman and members of the board, same applicant is requesting a special use permit for kennel; this is for the animals that they foster. Animal control and code enforcement has gone out there to review the yard and the application. This special use permit is to allow them up to a total of 10 animals that would include their personal animals, so if they had 6 of their personal, they would be allowed 4 fosters; if they have 7 personals, they would be allowed 3 fosters. Applicant, code enforcement and animal control are here for any questions. I believe that there are no proponents or opponents on this specific permit however, the opponents from the previous permit also attach onto the kennel permitting.

Chairman Sisney: So, there are no proponents that would need to speak.

Assistant City Manager Alvarez: I think the opponents both via the email that was received as well as the one that spoke, also touched on kennel permit in their opposition.

Deputy Clerk Gabaldon: Serena is the only proponent if she wants to get up and speak.

Chairman Sisney: Do you need to get up and speak on this Serena?

Assistant City Manager Alvarez: Applicant did also submit a letter from the shelter that she does foster from as well, so she's submitted all required paperwork.

Serena Byargeon: Like I said, we've been fostering for over 2 years now and the only incident that we've had was the one German Shepard. Dogs are gonna bark when they're outside; ours are outside very little. We let them out to do a little bit of exercise and pee and they're back inside; and the reason for that is, I don't like barking, it annoys me. Back to the fosters, every foster that has come through our house, they get their 3 puppy shots and then they stay long enough to get their rabies shot and get spayed or neutered. No foster dog leaves without being spayed or neutered or fully vaccinated and while we have them, we train them the basics; sit, stay, begging, not chewing things, potty training, stuff like that. Because they're inside, we see what's going on; that's another reason that we like our dogs inside, is because we can see what's going on with them. We haven't had any issues on fostering. We have a lot of dogs in our neighborhood and they all bark and the one caddy corner from me barks incessantly but I don't call anybody. My neighbor has 3 dogs, I don't call anybody; it is what it is. It's a neighborhood full of dogs; everybody in our neighborhood has 3 or more dogs. The shelters, if you were to research, our shelters both here and outward, they're just so overwhelmed. In just the last 2 days somebody has dropped off 2 pregnant dogs that had puppies. Some of the mommas have died; they've needed to be bottle fed; everybody is just throwing away their puppies and that's exactly what's going on, they're throwing away these dogs and there's only so much room that the shelters have, there's only so much room that the rescues have...that's why we have fosters. We foster them until they're ready to either go to another rescue or to a home. And the ones that I've adapted to homes, I've kept in touch with and they're still in their homes and they're very happy.

Chairman Sisney: Thank you for your service.

Member Luchini: Are they normally adult dogs or puppy dogs; I guess it can vary all the time what you get.

Serena Byargeon: We primarily deal with puppies so that they can get training. The German Shepard was an adult and I'm traumatized by that whole situation. Like I said, I lost one of my dogs from it.
Member Luchini: So you are on a list to be referred to have the dogs, for the dogs that you foster, for the dogs to be adopted?

Serena Byargeon: Yes

Member Luchini: How do they contact you?

Serena Byargeon: So, the rescuer puts out all of the information; once in a while she'll let me do it. We had a pregnant Pitbull; we didn't know that she was pregnant. We were looking at Facebook and we saw this post and our rescue was begging for someone to come and save this dog because she was gonna be put down that day and I just took one look at her, not knowing anything about her and I said if you can get her to El Paso, that's where the rescue is, I said, I will come get her. So, we went and we got her and a couple of days later, we realized that she was pregnant, and we were like, oh ok, let's work with this. So, we read and reorganized and did everything and she had 8 puppies and we adopted out all 8 puppies except for one, we kept one and the momma, I had to advertise outside of state because there were no responses in state. She was such a good dog, like, we wanted to keep her but we know that our limit is 6. We wanted to keep her so bad but I ended up meeting with somebody from Arizona who happened to have property in Albuquerque, she came through and they hit it off great. So, sometimes I'm allowed to adopt out but primarily it's the rescue because she puts out the information and it's her responsibility that these dogs go to responsible places.

Chairman Sisney made a motion in opposition of this application.

Vice-Chairman Buhler seconded the motion.

Roll call vote was taken:

Chris Sisney: I disapprove this application.

Susan Buhler: I do too.

Esther Luchini: I disapprove also.

Eduardo Alicea: I abstain.

Motion carried with a 3 to 1 vote.

D. Public Hearing/Discussion/Action: Request for a Special Use Permit at 103 N. Maple for the purpose of a Multi Animal Permit. Traci Alvarez, Assistant City Manager

Assistant City Manager Alvarez: Chairman and members of the board, applicant has submitted an application for 103 N. Maple; application shows 7 dogs. Animal control and code enforcement have inspected the residence. Animal control has approved the area that the dogs are housed however; the property does have multiple code violations and was not approved by our code enforcement officer. Code Enforcement Officer Sweeney: I was made aware about this property, I'd say probably about 2 months prior to even knowing about this application. I went over there with an officer; just given the condition, it's a safety thing. Sometimes I just take an officer because, not to say that they were, but in the past homeowners can get very angry when I'm explaining what's going on. I took an officer over there with me. We spoke to the homeowners about the various things that were going on. They have a fence and then they were building on top of that with pallets; it was huge safety issue, just given New Mexico's winds that would've blown over right into the street or somebody walking by. I explained that to them, they immediately agreed that they would take it down. They explained that the reason that they were putting it up is because they were getting in trouble with animal control for the dogs getting out. Fast Forward to this application, me and animal control go over there and although they did clean up a massively amount of stuff that was there, they were still not in compliance when it comes to code violations for what was there, so I explained to them then, we did the inspection. So how the property

sits, is it's a mobile home, so on the north side of it is where the majority of the code violations were and they were actually actively out there cleaning it when we had gone there and done the inspection. On the south side is where they were housing the animals. They had it blocked off, so when you look at the checklist and it says debris and everything else, it pertains to animals, so although the code violations were not an immediate danger to the animals, there were violations. I had to sign off and say yes they were in compliance when it comes to the debris and everything else that was there, but there were still violations. I explained to them there and at the time that we do the application, everything should be replaced. I decided to give an olive branch and say, you have 2 ½ weeks to get the property in compliance and I'll come back out and check it. When I came back out and checked it, of course it was not. I spoke to him then and he was a little frustrated. He was explaining that he didn't have the funds to take it to the dump and he was upset about it. He finally just said to just take him to court and I explained that that's not what we were there for, it was just for this. At that time, he said that he was gonna be even, I didn't realize that it was 7, but he was even gonna get rid of, I believe he said just one, so he could be in the compliance part of it, where he wasn't even gonna need one. At that time, the last time that I went, they were still not compliant; they had it pretty much all cleaned up but there was still that, so we went ahead and signed off on it. I had given the time and I'm not sure if it's compliant now. At the last time that I went, the very last time, and I think I might even had wrote the date, I'm not sure, it was still not in compliance, so I went ahead and signed off on it that we did the inspection, but that's where we left off and that's where I left off. I have not gone back by; I have not seen if it's in compliance yet, that's just where we ended.

Assistant City Manager Alvarez: Applicant is also in attendance.

Phillip Cox: Hello, I live at 103 N. Maple. As Ms. Sweeney said, yes we did have a lot of debris. I was trying to start my own business at the time and I was trying to turn a camper trailer into a work trailer; it didn't go as planned so we went ahead and we cleaned everything up. We did everything in the guidelines in which we were supposed to for our animals. In regards to the fence that I was building, when I had got in trouble with animal control the judge at the time did tell me that I had to put up a bigger fence. This is before I realized that you had to get permits and zonings and this is the first time that I've ever really had to take this course. This is the first time I've ever been in a public meeting right now, so this is all a first for me. I believe that I'm within everything I need to have my animals. We did have one pass away on us after we had gotten surgery done on her. She was 12, she was a little Chihuahua she passed; she had a tumor. We took her to Arenas Valley, we paid for two different surgeries to have her fixed and she passed so we now have our 3 big dogs and our 4 little dogs. And, our 4 little ones are inside and our 3 big ones, one of them we were told by Officer Knull here, that we could not have a chain, we had to have a run, which we did install; the dog has free room, it can run back and forth. The other 2, we have not got run-cables up yet so they are still in a kennel. The kennel has sheltering over it, there are 2 dog houses in it, there's food, there's water, it's clean. I do have 2 kids; a 5 year old and 2 year old. They do tear up the yard, we do keep it cleaned up all of the time but my kids like to destroy stuff. I believe that they have not been back by to inspect, because I'm sure they've had other things dealing with. As far as I know, I believe I'm clear on this. They are more than welcome to come out and look again if they'd like. We've been keeping up on it and we have all of our animals have been fixed, they've all got their rabies, they've all got their vaccinations, I brought that paperwork here today for proof that all of that has been taken care of.

Cathy Jones: I live next to the couple that would like to have the multi-animal permit and I'm opposed to this. I do appreciate that they have their larger dogs on a runner now. It's been quite some time, I believe that it was last summer, I came home on my lunch break, one of their dogs was in my yard. I was unable to get into my own yard because the dog was there. It was a large dog, had a vicious bark; I was afraid to get into my own home. A couple of weeks later, I was leaving to go back to work at lunchtime and one their dogs was on my porch. It was the same one that was in my yard and I was afraid to get out

of my house on that particular day. My personal opinion, I don't think that they have enough space for all the animals that they have. I have 3 dogs myself; I'm not opposed to the animals by no means. The barking is a little out of hand in the middle of the night. My dogs, they bark. We have a critter that comes across the river; numerous raccoons, so my dogs will bark when there's a critter in the yard or somebody walking by. My dogs are kept inside at night; they're crate trained. They go out mid-morning and then they come in in the evening. They would have to in my opinion, create a larger wall or ensure that they're on a runner at all times for my own safety. I do have grandkids that come to my house. Some of them are smaller, some of them are older; I'm more concerned about the younger ones that come to the house. I think that's all I have to say.

Member Luchini: The purpose of raising the fence is so that they don't get out, correct?

Cathy Jones: Correct, I actually saw them jump over the fence and come into my yard. I live directly behind them. I have seen them jump. The first time that the dog was in my yard, I called animal control to come. I don't know who the gentleman was, it wasn't this man right here. He attempted to jump the fence to come into my yard to get the dog. I had to stop him and ask him to come around and there's a cinder block wall between the north side and theirs, that one of the dogs would get out and walk across that fence on that cinder block wall and so it would jump into the yard. I've seen it, I couldn't find my pictures, I looked for the pictures that I have but I have seen it jump back and forth over the chain link fence there as well as jump on the cinder block wall in between the two other properties.

Phillip Cox: In regards to the statement that was just made about my animal going on the brick wall, I've already discussed with neighbor that is right next to me, I believe he used to work for the City as a trash man, the reason we have put the animals in the kennels is because our fence is a standard height fence and with our kennel that we have, the two that we have in the kennel, we had to put chicken wire because she can run and get a jump, so we put chicken wire over the top with a tarp to keep her from being able to get out and run the streets. Since then, none of my 3 big dogs have been out of that yard, none. So, her incidents that she talked about are probably a long while back when we first got in trouble with animal control. Since then we have done everything, and if my dogs are barking, it is because there is someone that is approaching my house that is not supposed to be there. I have rules at my house. 10 o'clock you do not come over. If my dogs are barking, it ain't because they are barking at a leaf; someone is in my yard. I didn't use to own big dogs until we had a home invasion take place; we had a miscarriage and everything. I then decided to get big dogs for my family's protection. I have done everything that I can to keep them safe. I do not have the funds or the permits to build a higher fence, that is why 2 of them are in a kennel and one of them is on the runner. The moment I have the funds to get the runs, we will let them be on the runs and get them out of that kennel.

Chairman Sisney: I hope that everyone understands that the purpose of the Planning and Zoning Committee is to make variances on the rules that have been set up by the City. The City has determined that 4 dogs is the maximum for animals. 4 animals of any combination is the maximum that someone can have at their house. So far we have not approved a single variance for dogs.

Chairman Sisney made a motion that they do not approve the multi animal permit.

Vice-Chairman Buhler seconded the motion.

Roll call vote was taken:

Chris Sisney: I disapprove this application.

Susan Buhler: I disapprove it for the City Commission.

Esther Luchini: I disapprove also.

Eduardo Alicea: I abstain.

Motion carried with a 3 to 1 vote.

Subject: Special Use Permit at 616 N. Caballo Rd

I am in agreement with issuing the Multi Animal Permit only if a privacy fence is installed along the alley and the remaining fence is tall enough that dogs do not have to be on a chain. Presently if I go out in my yard or on the deck the dogs bark and make it impossible.

I have covid so I'm not attending the hearing but want to voice my concerns. concernsSwipe 5-740-3563, 207 Wade St

Funding Emergency Scope Summary

City of Truth or Consequences

Please refer to the Preliminary Engineering Report – City Wide Water System Improvements for further information on the City of T or C Water system Public Water System ID – NM 3514327

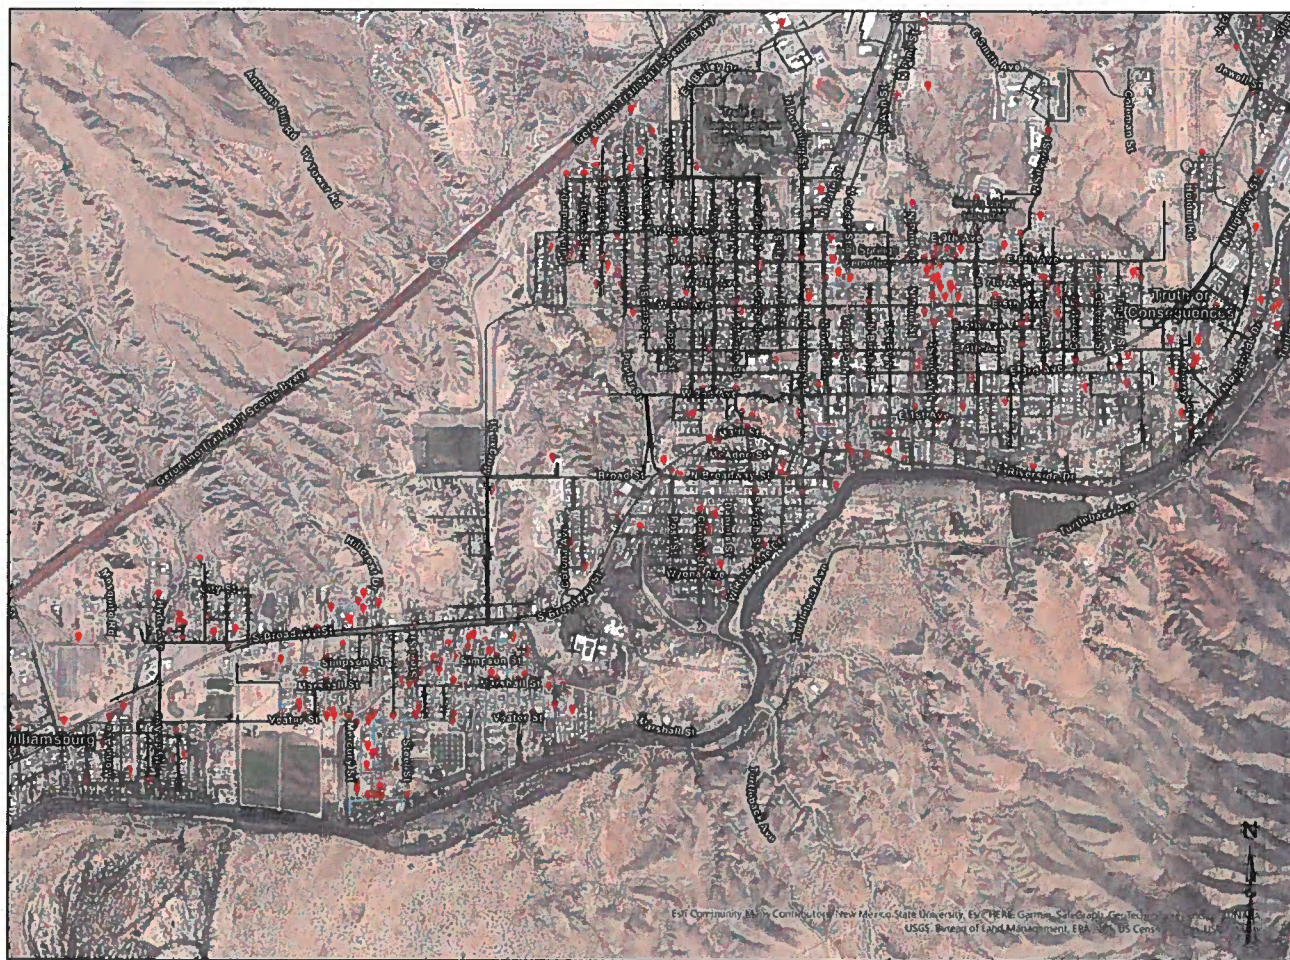

Many of the distribution system's waterlines are beyond their expected useful life due to age and are considered to be in poor condition. As a result, these old waterlines are leaking significant amounts of water.

The attached figure shows the existing system's water leaks from city dispatch records from January 2022 until September 2022. There was a total of 367 pipe leaks/breaks within this nine-month range. Past records show an average of 4.5 hours for the city crew to complete repairs. This has increased the amount of operation and maintenance costs allocated to emergency repairs in 2022. The city estimates that out of a 270-day period, the city crew worked 206 days in waterline repairs merely; these replacements not only increase the operation and maintenance but also increase the health and sanitation issue for the city's residents due to water outages.

The Emergency Waterlines Replacements Involve replacing 37,808 linear feet, which represents 18.2 percent of the existing waterlines within the city, with new PVC C-900 DR-18.

2. APPROVAL OF MINUTES OF DECEMBER 12, 2022

Member Luchini made a motion to approve the minutes.
Member Alicea seconded the motion.
Motion carried unanimously.

3. COMMENTS FROM THE PUBLIC (3 Minute Rule Applies)

Valerie Otero of 124 N. Pershing asked if signage could be put up on W. 2nd after the arroyo. On the south side of the 200 block of 2nd, there is an arroyo that goes through there and there is a mountain that is there. Semi-trucks have gotten stuck and she is wanting to know if it is possible to put a sign up for semis or buses not to go through there; even some of the City trucks with trailers have run into problems.

4. PUBLIC HEARINGS (5 Minute Rule Applies)

- A. Public Hearing/Discussion/Action –Kennel Special Use Permit for 3500-3710 E 3rd
Traci Alvarez, Assistant City Manager**

Assistant City Manager Alvarez: Applicant has an application for a Special use Kennel Permit pertaining to seasonal housing or kenneling of dogs. The applicant provides housing for dogs for approximately 5-6 months of the year, roughly May-September. Animal control and code enforcement have been inspected the residence and approved the application request that allows for no more than 14 dogs on site at any one time. Within your agenda packet you have the applicants application; once again, similar to the last meeting for kennel permit, I will refer you guys to Ordinance 725 that's in your packet, section 3.8.1 I, where it states that all animals listed on an application 3 months of age or over must be vaccinated for rabies and possess a City animal license tag. As explained at the P&Z meeting, we are making an amendment to the ordinance; it was never the intent for it to be all applications. The original intent was all animals listed on multi-animals; it does not make sense for kennel permits to license dogs when the dogs don't necessarily belong and may not even live in town; they're only kenneling them for a short period of time. Just reference that. You'll notice on the application, we did not require the rabies or City licensing, so we'll make that amendment. I do believe we're gonna try and have that to the 2nd Commission meeting to amend that ordinance so it'll be corrected. You'll also see within your packet that there is a visual site plan of the property location. I gave a large and a small; the zoomed in section shows the property that the dogs are normally housed on. The zoomed out section shows all of the property that is all owned by the same owner, so everybody surrounding the property where the dogs are at is owned by the same applicant or family. And with that, I stand for any questions.

Member Luchini: A City license or rabies is not required?

Assistant City Manager Alvarez: Not for kennel use. The kennel area is normally, like if you kennel your dogs somewhere, they normally require you to have vaccinations in order to kennel. We will have to have a more internal discussion but from what I can tell from our notes it was the intent for private owners animals for multi-use, would have to have proof of vaccination and City licensing because it would be within the City limits. Kennels, they would have to have their records updated so that if any point in time animal control was to stop by they could show that the animals that are in possession at that time are vaccinated but they wouldn't necessarily need to be licensed for the City because they don't necessarily reside in the City; they're just there for a short period of time. Somebody passing through maybe going out to dinner might need to kennel their dog, we have a local kennel provider; I know I've done that in the past when we've traveled. Kennels are more business or the fostering, the animals going in and out, which is what last week's meeting was about was fostering.

Chairman Sisney: Any other questions from the board?

Vice-Chairman Buhler: I do have a question. The officer will have a right though to ask the individual to show proof of vaccination or a tag or a certificate, is that correct?

Assistant City Manager Alvarez: If that's the way that we structure the ordinance which, from the internal bits and pieces, yes. But the ordinance is not structured that way at the time but that was the intent; was multi-use they had to be at application time, kennel use was going to be if the animal control officer showed and whatever animals were onsite at that time then the kennel use person would have to have proof of vaccination for those animals. With kennel permits, your animals usually rotate, they aren't the same animals.

Vice-Chairman Buhler: Ok, thank you.

Chairman Sisney: Any other questions from the members?

Member Luchini: How much time...what is the length of time that determines short or temporary or short-term, long-term, or permanent?

Assistant City Manager Alvarez: I believe...it's stated within the ordinance, I think it's 30 days for multi, I don't think that it's defined for kennel and those are two things that we have to, upon looking through some of our notes when we were getting ready to come to you guys last meeting, we realized that some of the information that we had pertaining to kennel permitting and fostering, wasn't defined clearly in here. And so fostering is another one; they may have the dogs for a very short period of time or if they get animals that are very young, they are going to have them for more than 30 days.

City Clerk Torres: And it does say 30 days in here.

Assistant City Manager Alvarez: Yah, so I think that's the other one we discussed that we would have to look at amending for the...

Member Luchini: So you're looking at amending?

Assistant City Manager Alvarez: We have to amend the ordinance, yes. All of the information that we intended to have go in the ordinance, didn't quite make it. It got lost via multiple emails back and forth.

Member Luchini: Thank you, that's all I have.

Chairman Sisney: Any other questions?

Amanda Forrister: My name is Amanda Forrister; I live at 4710 E. Third. My husband is the one that is applying for the kennel permit. I just want to bring notice that there are, as you guys probably know, the City does send out letters to interested parties when we are approving these kennel permits. As Ms. Alvarez stated before, we own everything around it and then there is highway and we have no neighbors, so the dogs have been there before, never had any complaints. The kennels are also built with a turnout pen; they're two-stories with a bed up above so they have a two-story. They're on double mats, equipped with misters, a very nice set up. I also, when I have kennel permits on my agenda, I kind of go around and drive and look at different kennel permits and I would say that our kennels are one of the nicer ones in the City at this time, so I just wanted to bring your attention to that when the letters went out to interested parties, it was just our family that they went to. With that being said, that's it.

Chairman Sisney: Thank you. Does the board have any questions? Can we ask questions of the applicants at this time or should we wait to hear both sides?

City Clerk Torres: I think we should do the proponents and then opponents and then you guys could ask any questions afterwards.

Vice-Chairman Buhler: Are the officers going to speak to?

City Clerk Torres: Yes, you can ask them to speak if you'd like.

Vice-Chairman Buhler: Ok, I think I will.

City Clerk Torres: Is there anybody else who's a proponent of this item that would like to come up and speak?

Chairman Sisney: Opponents, Kathleen Sloan.

Kathleen Sloan: Kathleen Sloan, 708 Olivo St., Williamsburg

I ask that you make findings of fact and look at evidence from animal control before ruling on the Forrister's application for a kennel permit. September 6, 2022 animal control officers Digicomo and Knull went to the Forrister's address. November 2, 2022 Digicomo filed a 24 page criminal complaint in Municipal Court. 14 counts of no dog licenses, 14 counts of no rabies shots, animal cruelty for not providing potable water, and lastly, exceeding the 4 animal limit, without a special license. There's nothing to prove; the pictures in the complaint prove the water was deep green with islands of growth. Digicomo said that the texture was slimy. The bodycam captures Lane Forrister stating 'we water them once a week'. The Forrister's didn't produce vaccination or licensing documents, which must be on hand by law. There's evidence the Forrister's are incorrigible and therefore should not be allowed to run a kennel. They plead not guilty to the charges claiming no wrong doing at the arraignment that was in the first week of November; I'm not sure; I don't remember the arraignment date. On the bodycam, the Mayor interrupts Digicomo as she cites the law stating 'I know what it says, I signed it'; referring to her duty as Mayor, to sign into law ordinances. 8 months before she signed into law the amended animal control ordinance, proving that she knew she was flouting the law. On the bodycam, Lane Forrister insists the chief of police meet with them, as if they are entitled to special treatment. Chief of police Victor Rodriguez met with them the next day, but he should've avoided that conflict of interest meeting. He's an at will employee, a subordinate, he could be fired by the City Commission. The government conduct act states it is illegal for a government official, such as the Mayor, to use her power for her own benefit, such as to avoid criminal prosecution. The Forrister's claimed at their arraignment that they made a deal with Rodriguez, but an inspection of public records act request bears out that no such document exists. If there's no document, there's no deal, unless you believe in backroom good ol' boy government. Save these future dogs. Please do not grant the Forrister's a kennel permit. You are the most likely check and balance here; the animal control and planning and zoning administrator are at will employees as well; they could be fired if they go up against the Mayor. Digicomo is gone, probably because it was too hard to do her job and the City Commission; Shelly Harrelson in particular was cracking jokes about green scum at the last City meeting, which got a big laugh all around at the City Commission level; meaning that they probably will grant this kennel permit. Thank you.

Chairman Sisney: Alright.

City Clerk Torres: Are there any other opponents who would like to speak?

Chairman Sisney: Alright, we will now close public comments on this item, the kennel at 3500 3rd Street. Does anybody on the board have any questions?

Vice-Chairman Buhler: Well, I do have a question or two. I have a question about this application, it has a date at the top that's September 15 and then at the bottom it's a different date. At the bottom, its 11/06; they're different dates.

City Clerk Torres: So this is when, the top date is when they submit their application to the City; the bottom date is when it's signed off on by our Code Enforcement & our Animal Control.

Vice-Chairman Buhler: Ok, who is the Code Enforcement person that signed this?

City Clerk Torres: Jamie

Code Enforcement Officer Sweeney: That's my signature; I'm the one that did the inspection for both code enforcement and animal control at the inspection.

Vice-Chairman Buhler: The dogs were not there when you inspected, correct?

Code Enforcement Officer Sweeney: They were not, no. I think that wrote in there.

Vice-Chairman Buhler: You did, it's kind of a scribbled application.

Code Enforcement Officer Sweeney: I did write on there the reason why the dogs are not there is because from the months of October-April they're working; it varies if they're on the property, it's for a short minute during those selected months because that is the hunting months that they're used for working.

Vice-Chairman Buhler: Were you there for the original finding when this happened?

Code Enforcement Officer Sweeney: I was here for just the inspection. I was not part with animal control in the September incident.

Vice-Chairman Buhler: I have a question too. Is this still in some type of litigation?

City Manager Swingle: Yes, there are charges that are going to be adjudicated through the court system, not through the City. The City has no involvement in that.

Vice-Chairman Buhler: Ok, thank you. Does anyone else have a question?

Chairman Sisney: I do. There's a lot of questions here and information here that needs to be brought up. Let's just get right to what's going on with the lawsuit; I'm ignorant of this and I'd like to know what's going on.

City Manager Swingle: There is no lawsuit.

Chairman Sisney: I'm sorry, let me clarify then. What's going on with the kennel?

City Clerk Torres: Do you want the applicants to come up and answer your question?

Code Enforcement Officer Sweeney: I think you're trying to refer to the incident from September the kennel permit; I just did the inspection on it, that's as far as I...

Vice-Chairman Buhler: I have one other question, have the Forrister's ever applied for another application...a permit to your knowledge?

Assistant City Manager Alvarez: You'd have to verify with the City Clerk's Office, this is a new process.

City Clerk Torres: Off the top of my head, I'm not really sure since I'm not up in the front. I don't check every single one, that would be something...I don't have that in front of me.

Assistant City Manager Alvarez: Let me remind the board that this is a new ordinance and so that's why all of these are coming about with the animal permits, multi-use and everything because we amended and revised the ordinance.

Member Alicea: Are all of the dogs fosters or were they taken away?

Assistant City Manager Alvarez: I would say that if you have questions regarding the charges, your applicant is right there to answer questions.

Chairman Sisney: Ok. Ms. Forrister, so could you fill us in on what is going on and why you are here?

Amanda Forrister: Well, we're here for the kennel permit and that's what this board does is approving the kennel permit. What is happening in court that will be proven in court.

Chairman Sisney: ok, I'd still like to know why it's been brought up.

Amanda Forrister: Why what has been brought up?

Chairman Sisney: What is going on with the dogs? Why is there a problem with dogs?

Lane Forrister: There is not a problem with the dogs...

Amanda Forrister: It was a difference of opinion and that will be proven in court. We have working dogs and we're here to approve a kennel permit.

Chairman Sisney: Could you tell me what's going on? What were people...what was the complaint?

Amanda Forrister: Nobody complained.

Lane Forrister: Nobody complained.

Chairman Sisney: There was no complaint?

Lane & Amanda Forrister: No.

Lane Forrister: The lady come onto our property without permission and come to our place and then of course whatever she read, wrote us tickets for numerous things.

Amanda Forrister: And I will also say that even though this is a court thing, this is not a kennel thing. We do have our vaccinations, we were never asked that.

Chairman Sisney: That part...

Amanda Forrister: And when I said yes, I understand the ordinance because I signed it, yes I do. I signed it and since I have signed it I have been working with Traci because I'm one of the ones that looked at permitting and the application is different from the new ordinance that was signed.

Chairman Sisney: Let me make it clear, I am not challenging you. I don't know what's going on.

Amanda Forrister: I just want to make it clear that this is for a kennel permit and I don't want to get into the lawsuit.

Chairman Sisney: Ok, that's fine, I understand that, but I'd still like to know the extenuating circumstances here. I think that's fair to be...it's been brought up and I'd like to know.

Lane Forrister: What would you like to know about the dogs?

Chairman Sisney: So, somebody came on your property regarding...

Lane Forrister: Animal control

Chairman Sisney: Yes. They called animal control?

Lane Forrister: There was a call saying 3 dogs at large on our 25 acres that we own.

Amanda Forrister: Which there was not.

Lane Forrister: There was not dogs on there and so they drove around our property and then found where we keep our animals at.

Chairman Sisney: Are you saying 'our animals'?

Lane Forrister: Mine and my wife's, yes.

Chairman Sisney: Alright, so is this...these animals, are these the same animals that we're discussing here for this kennel permit?

Lane Forrister: Some of them, like we said, that's why this kennel permit has not happened yet is because we don't own just 14 dogs. We have a business, we own numerous, numerous dogs; 30-40 dogs. Every now and then yes, we bring them here. We have property in Winston; we have property on the other side of Caballo.

Chairman Sisney: Thank you. This is the type of information I want.

Amanda Forrister: And these are working dogs.

Chairman Sisney: What is the nature of the business, the use of the dogs, how many dog, whose dogs they are?

Amanda Forrister: They are owned by a business, which there are different members of that business. Our kennel can hold 14 and that's what they approved us for.

Chairman Sisney: And these are bird dogs, I take it?

Lane Forrister: They are hunting dogs, yes; lion dogs and cow dogs.

Chairman Sisney: Lion dogs and what?

Lane & Amanda Forrister: Lion dogs and cattle dogs.

Chairman Sisney: So you got cow dogs and you got lion hunting dogs?

Lane & Amanda Forrister: Yes sir.

Chairman Sisney: Ok, and these are your dogs and you hire them out to hunters.

Lane Forrister: Yes, to take them hunting, yes; they pay me money.

Chairman Sisney: And to do roundups?

Lane Forrister: Yes. We own cattle, but yes.

Amanda Forrister: We have 2 ranches also in the Gila, Black Range, and Engle as well.

Chairman Sisney: Ok, so the reason why I thought this was a business for kenneling dogs, but it's not really a business for kenneling dogs. You need a kennel because you have a bunch of dogs for your business which is...

Lane Forrister: The City is requiring us to have one, so we're getting one.

Chairman Sisney: Alright, I think that answers my question. Does anyone else have a question?

Assistant City Manager Alvarez: I do have a question. Are the dogs that you have there, do all of them belong to you or do you have other people that the dogs belong to?

Lane & Amanda Forrister: Yes, we have other people that they belong to.

Assistant City Manager Alvarez: That needs to be clarified. They aren't all their dogs; they're dogs that belong to other people that are within their business.

Member Luchini: Is it always the same dogs or just 14 spaces so you can just bring 14 dogs?

Lane Forrister: Yes. When I'm hunting over here, I bring them here; during the summer when they're not hunting either Winston or here.

Member Luchini: So there can be 14 different dogs at any time?

Lane & Amanda Forrister: Yes.

Member Luchini: But they're all vaccinated?

Lane & Amanda Forrister: Yes. And like I said, the lady had never asked us if they were vaccinated, she just wrote us a ticket for it.

Vice-Chairman Buhler: You could've brought that here today.

Lane Forrister: They're here.

Vice-Chairman Buhler: They're here?

Lane Forrister: Oh yah.

City Clerk Torres: And if you live out in Winston, you're not required to have a City permit.

Vice-Chairman Buhler: Right, county is different.

Lane Forrister: I do it anyways. You gotta realize, these are...

Amanda Forrister: We take care of the dogs.

Lane Forrister: They're not pets, they are employees. I mean they make us money. The dogs are taken very well care of. The green slime that they found, yes, there was green slime in there. That was in a pen, a turnout pen, that we leave water in just in case a dog gets out of its whole deal.

Chairman Sisney: Ok. Are the kennels functioning right now?

Lane & Amanda Forrister: Yes.

Vice-Chairman Buhler: So the dogs are here now?

Lane Forrister: They are here right now; some of them are here, yes.

Chairman Sisney: Any other questions for the Forrister's?

Amanda Forrister: Thank you

Chairman Sisney: Officer Sweeney, can I ask you a question? You can check to see if this is proper but, I'd like to ask what your opinion is Officer Sweeney.

Code Enforcement Officer Sweeney: So, I went out there; we do have a checklist, we also check the wellbeing of the dogs. I did ask how many dogs max that they have on that property and they did say 14. The pen that they have, the turnout pen, how that pen is it's massive. And inside that pen they have so many pens. It's kind of like an L shape. And inside those pens, easily could probably fit 2 dogs each. I'm sure they probably don't put 2 dogs each but inside that one, they have 2 layers and it's off the ground and what we look at when we look at kenneling, especially when they don't have free range to run, is if the dog can stand up, turn around, and lay down very comfortably and the kennel size allows that. I even asked them what size it was, he said that they're about a 5x8; it's pretty massive. And then on the outside, they have another area so the dogs can actually, if they manage to get out of their kennel, they're still contained within that. It looked very clean. Again, the animals were not there; we always want to look at the animals, if we don't see them, so I could not see them inside. Inside the kennels, but just given the size of them, I could definitely make out that they are adequate size enough for the dogs, even a very large breed, a massive breed, so that looked to be ok. The containers were cleaned; they were not there, again. I wouldn't expect them to have water and food if the dogs are out working, so I couldn't check to see that. The pens were free from debris; they didn't have things that they could tear up, which we could find out being there. They have misters so during the summer months, they have misters to keep the animals cool and then they also have wood chips or things like that to keep them warm during the winter months if they come. During the winters months is usually when they're gone anyways, but when they are here, they have something in the pens to kind of keep them warm. I mean the pen looks nice. I mean, given just what we're supposed to check, it met all the points on the checklist, as well as on my code enforcement side, there was no debris laying around, something that the animals could get hurt themselves on or get ahold of and kill them. The pen was very clean given the amount of dogs that could be there. There was a little, few piles of poop, but given the amount of dogs, I mean, what I saw was nothing.

Chairman Sisney: So in your, Officer Sweeney, in your professional opinion, there is no reason to disapprove their request?

Code Enforcement Officer Sweeney: Given on my checklist, no there is nothing. They meet all the requirements.

Vice-Chairman Buhler: But you didn't see the dogs.

Code Enforcement Officer Sweeney: I didn't see the dogs, no.

Amanda Forrister: Can I say one more thing. And I will speak on what Ms. Sloan was talking about earlier, because you were asking. The ex-chief of police did come out after we were cited by animal control and he came out because we wanted somebody to mitigate between us and animal control. The difference of opinion on what dogs should look like. He came out the day after, dogs all there and agreed that maybe we just had a difference of opinion on what an active working dog should look like. And that is when we had the agreement with animal control that as long as we moved forward with getting our kennel permit, which we were already in the works of doing so, then she would be fine without filing charges, because she agreed that we showed her our feed room, there's plenty of feed, we explained the situation with the water, everything was fine. So that was that conversation, if that helps you in any situation.

Chairman Sisney: Thank you.

Vice-Chairman Buhler: I do have one last question. How long have you been having the dogs there? How much time have the dogs been out there?

Amanda Forrister: 9 years.

Lane Forrister: We've never gotten one complaint.

Vice-Chairman Buhler: But you've never gotten a permit either.

Amanda Forrister: Because they've never been in town long enough and until I became aware of what the ordinance was is when we were in the process of, when I signed the new ordinance, in the process of getting a kennel because they were not there. We had never had a complaint; we have 25 acres in City limits with no neighbors.

Lane Forrister: Can I add to that? It also states that these dogs don't do business in City limits; they do business in the county and that was something that, you know, we didn't think that we needed one because we are not doing business in the City with these dogs.

City Clerk Torres: It wasn't required under the old ordinance.

Lane Forrister: We did business out of the City limits which is a county issue, that's why we hadn't gotten the kennel license.

Member Luchini: Why do you bring them to town?

Lane Forrister: That's just where we live.

Amanda Forrister: That is where we live and if we're not gonna be hunting for the next couple of days or anyone in the business is not hunting or whatever, then it's easier for us to feed, water, and take care of them when they're there; and then we can split the whoever else has dogs, we can all split the workload basically. And if he's at home, he brings them and if he's gone, which is a lot, then he takes them.

Member Luchini: So the 6 months that they're not here, are they with you?

Lane Forrister: Yes, at one of our other properties. Sometimes the dogs that we're not using we spread them out between different people within the business.

Amanda Forrister: We have other people's cow dogs, it's a midpoint between 2 places where some people live up there and we live down here.

Lane Forrister: Whenever we take clients that come into the City, they stay hotels; they eat the City's food and enjoy the hot springs. We bring revenue to the City.

Amanda Forrister: Any other questions?

Chairman Sisney: I do

Ruth Claassen: Can I make a comment on their behalf?

City Clerk Torres: No, because we already closed the public hearing.

Chairman Sisney: Anymore questions for the board? Would anyone like to make a motion?

Vice-Chairman Buhler: Well I would like to say one thing. I would like to see things resolved and the ordinances the way they're supposed to be maybe before we make a decision because there's some problems. And I don't want to say that you're not good or this isn't right or that's not right because I don't know that. I just don't know that.

Amanda Forrister: Based on the facts that you were given and what the ordinance is, then you should make a decision based off that.

Vice-Chairman Buhler: Well the dogs were not there; she did not get to see the dogs and she's not the original officer that went out there.

Amanda Forrister: As we've already said, the kennel permit is what you're approving, you're not...

City Clerk Torres: At this point you would either make a motion to approve the kennel permit that's presented or to not approve it, for recommendation to the Commission.

Chairman Sisney: Does anyone want to make a motion?

Member Alicea: I will say nay for the time being because there's a lot that's going on for me. They got some legal things going on and something's not approved yet.

City Clerk Torres: So you're making a motion to not approve it?

Member Alicea: Yes.

City Clerk Torres: Ok, is there a second to that motion?

Assistant City Manager Alvarez: Chairman, member of the board, also keep in mind these permits have to be renewed annually and at any point in time during the year our animal control and/or our code enforcement officer can go by at any time and take a look and see if there's any issues or concerns. But once a year, they do have to be renewed and at that time things will be checked again.

Vice-Chairman Buhler: My whole thing is fairness and we had a lot of people come in here for permits.

Chairman Sisney: Not for kennel permits.

Vice-Chairman Buhler: Not for kennel permits, right. We have had people come in here.

Member Luchini: What about the foster?

Chairman Sisney: That was a different situation, that was people with a bunch of dogs that later came out that they weren't foster dogs.

City Clerk Torres: So as of right now, we have a motion on the table to not approve it, is there a second on that? If not, the motion will die and then we'll need a new motion on the table.

Chairman Sisney: Would anyone second the motion to deny the permit? Without a second, the motion dies. I'll make a motion to approve the kennel permit. Is there a second?

City Clerk Torres: You guys will have to have a vote either to approve it or to not approve it.

Chairman Sisney: Or the motion dies.

City Clerk Torres: Those are the two options that you guys have on the table to approve it or not approve it. It's just...

Assistant City Manager Alvarez: Is there any other questions that we can answer to help you make a determination one way or another. I mean, as the P&Z board, it is your responsibility to make the recommendation for either approval or denial.

Vice-Chairman Buhler: I wish that Jay Rubin would've been here today. I might have had some questions for him.

City Manager Swingle: What other questions?

Vice-Chairman Buhler: Well, you know, this is a hot potato, that's my feeling on it. I'm not...I have seen some of the newspaper, I've read the newspaper, and I did see it on the Albuquerque news channel, so there are some questions and there's some problems. Now as I've said before, I don't want to judge anyone or say someone was right or wrong because I don't have all of the facts.

Amanda Forrister: That's what the court is for.

Vice-Chairman Buhler: Well you know, I know what it's for. We don't have all the people here who were involved with this either.

Amanda Forrister: It's for a kennel permit.

City Clerk Torres: So right now, what we have to do, we have to go by what was presented. We do have testimony from our code enforcement; we do have our applicants that spoke, your proponents and opponents that spoke, so basically what we need to do is make a motion off of what was presented not what was in the paper or on the radio or what Karen is saying to Alicia. You know like, we have to have...We have a motion to approve it, is there a second? Because you guys could, if you don't want to approve it, you can...

Member Luchini: I make a motion to approve it.

Chairman Sisney: I've made the motion.

City Clerk Torres: So you second?

Member Luchini: I'll second the motion.

City Clerk Torres: Ok, so we'll do a roll call vote and you guys can either vote yay or nay on this.

City Manager Swingle: Would you repeat the question so that they all know.

Chairman Sisney: I make the motion to approve the application as presented. Can I get a second?

Member Luchini: I second the motion.

Chairman Sisney: Thank you.

Deputy Clerk Gabaldon: Chris Sisney – Aye, Susan Buhler – Aye, Esther Luchini – Aye, Eduardo Alicea – Nay

Vice-Chairman Buhler: And I hope that there will be inspections made and that you will have to renew your permit.

City Clerk Torres: And so right now, so the motion carried with a 3-1 vote so now it will be presented to the Commission at a future meeting for the City Commission.

B. Public Hearing/Discussion/Action – Summary Plat 280 W. 2nd and 154 N. Lane

Traci Alvarez, Assistant City Manager

Assistant City Manager Alvarez: Chairman, members of the board, applicants have the property at 280 W. 2nd as well as 154 N. Lane; it's all considered one parcel at this time. They would like to split that parcel to move the lot line between the 280 W. 2nd and 154 N. Lane to the west so that all of 154 N. Lane carport is within that property line. Both lots still meet the minimum required for the district; utility verification was approved by electric and I was able to get a verbal from our water/wastewater director and as stated in the scope that's also in your agenda packet, separate water and sewer is available at both properties. With that, I stand for questions.

Member Luchini: I understand you're selling the property.

Chairman Sisney: We have 2 people signed up as proponents and none as opponents, so we would like to hear from the Claassen's please.

Assistant City Manager Alvarez: And they are the applicants.

Chairman Sisney: Yes, they are the applicants; Ruth and Rich Claassen please.

Ruth Claassen: It will probably just be me, I am Ruth Claassen and this is my husband Rich. We bought these properties in 1997 so we've lived there for over 25 years. The little house above us which is the 280 W. 2nd house has been a rental that entire time and they were actually two separate properties when we bought them but they're just right next to each other. What we're hoping...the renter has always parked up at the dead end of that street, which is 2nd Street on the west side of the water tower hill...on the east side of the water tower hill, sorry. Renter has always parked in front of their home at 280 W. 2nd and we've always parked in front of our home, which is 154 N. Lane on the north end of our house. The line is kind of in the middle of our driveway. We are just requesting to move that property line over to a retaining wall that is actually a wall between the two properties, which makes sense. There

is also, when we had the survey done recently, there was up the hill on that property as well, there's a fence, a chain link fence that was put up prior to us purchasing that place, so it's been there for more than 25 years, and they said that the corner post of that fence is also not right and it's 4 feet that needs to be moved into that 280 W. 2nd property. I mean, it is in the 280 W. 2nd property, that corner post is, so we'd like that to be just become part of how that dividing line is so that no one has to move that fence, which is in a very precarious place up the hill; a very awkward place. If that could just be...if that line could be moved as well. That's basically it.

Chairman Sisney: Please don't leave yet. I'm looking at, this is the picture that I have and it looks like one building. Where is the...

Ruth Claassen: Did you happen to bring the big pictures that we had?

Assistant City Manager Alvarez: I didn't, no.

Ruth Claassen approached the board members to show them exactly what she is referring to with a picture of the property.

Vice-Chairman Buhler: Would the lot, the rest of the property, be able to be sold with what you're wanting to do?

Ruth Claassen: Yes, we have an interested buyer.

Member Luchini: And the corner of the chain link fence belongs to who?

Ruth Claassen: It's on our property.

Chairman Sisney: So what's being fixed is we're moving from here to here, just that right there.

Ruth Claassen: Yes.

Chairman Sisney: So that was the surveyor's mistake or what?

Ruth Claassen: Well, the surveyor that we just had do this is from Las Cruces, I don't know...I mean that's probably where they thought it was originally, but it wasn't exactly on the property line.

Chairman Sisney: But that was on the piece of property that you're trying to sell, and it's all one piece so what does it matter?

Ruth Claassen: Because this piece here is going to someone and then we want to sell our place.

City Clerk Torres: So do we have any more questions for Ms. Claassen or would we like to call to see if we have any other proponents at this time?

Chairman Sisney: There is no one else on the list.

City Clerk Torres: Is there anybody else in the audience that would like to speak as a proponent? How about an opponent just so we can have that on record? Any opponents?

Chairman Sisney: Does the board have any more questions for anyone in the room? Would someone like to make a motion?

Vice-Chairman Buhler made a motion to approve the summary plat.

Member Alicea seconded the motion.

Chris Sisney – Aye

Susan Buhler – Aye

Esther Luchini – Aye

Eduardo Alicea – Aye

City Clerk Torres: Motion carried.

3. COMMENTS FROM THE PUBLIC (3 Minute Rule Applies)

Valerie Otero of 124 N. Pershing asked if signage could be put up on W. 2nd after the arroyo. On the south side of the 200 block of 2nd, there is an arroyo that goes through there and there is a mountain that is there. Semi-trucks have gotten stuck and she is wanting to know if it is possible to put a sign up for semis or buses not to go through there; even some of the City trucks with trailers have run into problems.

4. PUBLIC HEARINGS (5 Minute Rule Applies)

A. Public Hearing/Discussion/Action –Kennel Special Use Permit for 3500-3710 E 3rd
Traci Alvarez, Assistant City Manager

Assistant City Manager Alvarez: Applicant has an application for a Special use Kennel Permit pertaining to seasonal housing or kenneling of dogs. The applicant provides housing for dogs for approximately 5-6 months of the year, roughly May-September. Animal control and code enforcement have been inspected the residence and approved the application request that allows for no more than 14 dogs on site at any one time. Within your agenda packet you have the applicants application; once again, similar to the last meeting for kennel permit, I will refer you guys to Ordinance 725 that's in your packet, section 3.8.1 I, where it states that all animals listed on an application 3 months of age or over must be vaccinated for rabies and possess a City animal license tag. As explained at the P&Z meeting, we are making an amendment to the ordinance; it was never the intent for it to be all applications. The original intent was all animals listed on multi-animals; it does not make sense for kennel permits to license dogs when the dogs don't necessarily belong and may not even live in town; they're only kenneling them for a short period of time. Just reference that. You'll notice on the application, we did not require the rabies or City licensing, so we'll make that amendment. I do believe we're gonna try and have that to the 2nd Commission meeting to amend that ordinance so it'll be corrected. You'll also see within your packet that there is a visual site plan of the property location. I gave a large and a small; the zoomed in section shows the property that the dogs are normally housed on. The zoomed out section shows all of the property that is all owned by the same owner, so everybody surrounding the property where the dogs are at is owned by the same applicant or family. And with that, I stand for any questions.

Member Luchini: A City license or rabies is not required?

Assistant City Manager Alvarez: Not for kennel use. The kennel area is normally, like if you kennel your dogs somewhere, they normally require you to have vaccinations in order to kennel. We will have to have a more internal discussion but from what I can tell from our notes it was the intent for private owners animals for multi-use, would have to have proof of vaccination and City licensing because it would be within the City limits. Kennels, they would have to have their records updated so that if any point in time animal control was to stop by they could show that the animals that are in possession at that time are vaccinated but they wouldn't necessarily need to be licensed for the City because they don't necessarily reside in the City; they're just there for a short period of time. Somebody passing through maybe going out to dinner might need to kennel their dog, we have a local kennel provider; I know I've done that in the past when we've traveled. Kennels are more business or the fostering, the animals going in and out, which is what last week's meeting was about was fostering.

Chairman Sisney: Any other questions from the board?

Vice-Chairman Buhler: I do have a question. The officer will have a right though to ask the individual to show proof of vaccination or a tag or a certificate, is that correct?

Assistant City Manager Alvarez: If that's the way that we structure the ordinance which, from the internal bits and pieces, yes. But the ordinance is not structured that way at the time but that was the intent; was multi-use they had to be at application time, kennel use was going to be if the animal control officer showed and whatever animals were onsite at that time then the kennel use person would have to have proof of vaccination for those animals. With kennel permits, your animals usually rotate, they aren't the same animals.

Vice-Chairman Buhler: Ok, thank you.

Chairman Sisney: Any other questions from the members?

Member Luchini: How much time...what is the length of time that determines short or temporary or short-term, long-term, or permanent?

Assistant City Manager Alvarez: I believe...it's stated within the ordinance, I think it's 30 days for multi, I don't think that it's defined for kennel and those are two things that we have to, upon looking through some of our notes when we were getting ready to come to you guys last meeting, we realized that some of the information that we had pertaining to kennel permitting and fostering, wasn't defined clearly in here. And so fostering is another one; they may have the dogs for a very short period of time or if they get animals that are very young, they are going to have them for more than 30 days.

City Clerk Torres: And it does say 30 days in here.

Assistant City Manager Alvarez: Yah, so I think that's the other one we discussed that we would have to look at amending for the...

Member Luchini: So you're looking at amending?

Assistant City Manager Alvarez: We have to amend the ordinance, yes. All of the information that we intended to have go in the ordinance, didn't quite make it. It got lost via multiple emails back and forth.

Member Luchini: Thank you, that's all I have.

Chairman Sisney: Any other questions?

Amanda Forrister: My name is Amanda Forrister; I live at 4710 E. Third. My husband is the one that is applying for the kennel permit. I just want to bring notice that there are, as you guys probably know, the City does send out letters to interested parties when we are approving these kennel permits. As Ms. Alvarez stated before, we own everything around it and then there is highway and we have no neighbors, so the dogs have been there before, never had any complaints. The kennels are also built with a turnout pen; they're two-stories with a bed up above so they have a two-story. They're on double mats, equipped with misters, a very nice set up. I also, when I have kennel permits on my agenda, I kind of go around and drive and look at different kennel permits and I would say that our kennels are one of the nicer ones in the City at this time, so I just wanted to bring your attention to that when the letters went out to interested parties, it was just our family that they went to. With that being said, that's it.

Chairman Sisney: Thank you. Does the board have any questions? Can we ask questions of the applicants at this time or should we wait to hear both sides?

City Clerk Torres: I think we should do the proponents and then opponents and then you guys could ask any questions afterwards.

Vice-Chairman Buhler: Are the officers going to speak to?

City Clerk Torres: Yes, you can ask them to speak if you'd like.

Vice-Chairman Buhler: Ok, I think I will.

City Clerk Torres: Is there anybody else who's a proponent of this item that would like to come up and speak?

Chairman Sisney: Opponents, Kathleen Sloan.

Kathleen Sloan: Kathleen Sloan, 708 Olivo St., Williamsburg

I ask that you make findings of fact and look at evidence from animal control before ruling on the Forrister's application for a kennel permit. September 6, 2022 animal control officers Digicomo and Knull went to the Forrister's address. November 2, 2022 Digicomo filed a 24 page criminal complaint in Municipal Court. 14 counts of no dog licenses, 14 counts of no rabies shots, animal cruelty for not providing potable water, and lastly, exceeding the 4 animal limit, without a special license. There's nothing to prove; the pictures in the complaint prove the water was deep green with islands of growth. Digicomo said that the texture was slimy. The bodycam captures Lane Forrister stating 'we water them once a week'. The Forrister's didn't produce vaccination or licensing documents, which must be on hand by law. There's evidence the Forrister's are incorrigible and therefore should not be allowed to run a kennel. They plead not guilty to the charges claiming no wrong doing at the arraignment that was in the first week of November; I'm not sure; I don't remember the arraignment date. On the bodycam, the Mayor interrupts Digicomo as she cites the law stating 'I know what it says, I signed it'; referring to her duty as Mayor, to sign into law ordinances. 8 months before she signed into law the amended animal control ordinance, proving that she knew she was flouting the law. On the bodycam, Lane Forrister insists the chief of police meet with them, as if they are entitled to special treatment. Chief of police Victor Rodriguez met with them the next day, but he should've avoided that conflict of interest meeting. He's an at will employee, a subordinate, he could be fired by the City Commission. The government conduct act states it is illegal for a government official, such as the Mayor, to use her power for her own benefit, such as to avoid criminal prosecution. The Forrister's claimed at their arraignment that they made a deal with Rodriguez, but an inspection of public records act request bears out that no such document exists. If there's no document, there's no deal, unless you believe in backroom good ol' boy government. Save these future dogs. Please do not grant the Forrister's a kennel permit. You are the most likely check and balance here; the animal control and planning and zoning administrator are at will employees as well; they could be fired if they go up against the Mayor. Digicomo is gone, probably because it was too hard to do her job and the City Commission; Shelly Harrelson in particular was cracking jokes about green scum at the last City meeting, which got a big laugh all around at the City Commission level; meaning that they probably will grant this kennel permit. Thank you.

Chairman Sisney: Alright.

City Clerk Torres: Are there any other opponents who would like to speak?

Chairman Sisney: Alright, we will now close public comments on this item, the kennel at 3500 3rd Street. Does anybody on the board have any questions?

Vice-Chairman Buhler: Well, I do have a question or two. I have a question about this application, it has a date at the top that's September 15 and then at the bottom it's a different date. At the bottom, it's 11/06; they're different dates.

City Clerk Torres: So this is when, the top date is when they submit their application to the City; the bottom date is when it's signed off on by our Code Enforcement & our Animal Control.

Vice-Chairman Buhler: Ok, who is the Code Enforcement person that signed this?

City Clerk Torres: Jamie

Code Enforcement Officer Sweeney: That's my signature; I'm the one that did the inspection for both code enforcement and animal control at the inspection.

Vice-Chairman Buhler: The dogs were not there when you inspected, correct?

Code Enforcement Officer Sweeney: They were not, no. I think that wrote in there.

Vice-Chairman Buhler: You did, it's kind of a scribbled application.

Code Enforcement Officer Sweeney: I did write on there the reason why the dogs are not there is because from the months of October-April they're working; it varies if they're on the property, it's for a short minute during those selected months because that is the hunting months that they're used for working.

Vice-Chairman Buhler: Were you there for the original finding when this happened?

Code Enforcement Officer Sweeney: I was here for just the inspection. I was not part with animal control in the September incident.

Vice-Chairman Buhler: I have a question too. Is this still in some type of litigation?

City Manager Swingle: Yes, there are charges that are going to be adjudicated through the court system, not through the City. The City has no involvement in that.

Vice-Chairman Buhler: Ok, thank you. Does anyone else have a question?

Chairman Sisney: I do. There's a lot of questions here and information here that needs to be brought up. Let's just get right to what's going on with the lawsuit; I'm ignorant of this and I'd like to know what's going on.

City Manager Swingle: There is no lawsuit.

Chairman Sisney: I'm sorry, let me clarify then. What's going on with the kennel?

City Clerk Torres: Do you want the applicants to come up and answer your question?

Code Enforcement Officer Sweeney: I think you're trying to refer to the incident from September the kennel permit; I just did the inspection on it, that's as far as I...

Vice-Chairman Buhler: I have one other question, have the Forrister's ever applied for another application...a permit to your knowledge?

Assistant City Manager Alvarez: You'd have to verify with the City Clerk's Office, this is a new process.

City Clerk Torres: Off the top of my head, I'm not really sure since I'm not up in the front. I don't check every single one, that would be something...I don't have that in front of me.

Assistant City Manager Alvarez: Let me remind the board that this is a new ordinance and so that's why all of these are coming about with the animal permits, multi-use and everything because we amended and revised the ordinance.

Member Alicea: Are all of the dogs fosters or were they taken away?

Assistant City Manager Alvarez: I would say that if you have questions regarding the charges, your applicant is right there to answer questions.

Chairman Sisney: Ok. Ms. Forrister, so could you fill us in on what is going on and why you are here?

Amanda Forrister: Well, we're here for the kennel permit and that's what this board does is approving the kennel permit. What is happening in court that will be proven in court.

Chairman Sisney: ok, I'd still like to know why it's been brought up.

Amanda Forrister: Why what has been brought up?

Chairman Sisney: What is going on with the dogs? Why is there a problem with dogs?

Lane Forrister: There is not a problem with the dogs...

Amanda Forrister: It was a difference of opinion and that will be proven in court. We have working dogs and we're here to approve a kennel permit.

Chairman Sisney: Could you tell me what's going on? What were people...what was the complaint?

Amanda Forrister: Nobody complained.

Lane Forrister: Nobody complained.

Chairman Sisney: There was no complaint?

Lane & Amanda Forrister: No.

Lane Forrister: The lady come onto our property without permission and come to our place and then of course whatever she read, wrote us tickets for numerous things.

Amanda Forrister: And I will also say that even though this is a court thing, this is not a kennel thing. We do have our vaccinations, we were never asked that.

Chairman Sisney: That part...

Amanda Forrister: And when I said yes, I understand the ordinance because I signed it, yes I do. I signed it and since I have signed it I have been working with Traci because I'm one of the ones that looked at permitting and the application is different from the new ordinance that was signed.

Chairman Sisney: Let me make it clear, I am not challenging you. I don't know what's going on.

Amanda Forrister: I just want to make it clear that this is for a kennel permit and I don't want to get into the lawsuit.

Chairman Sisney: Ok, that's fine, I understand that, but I'd still like to know the extenuating circumstances here. I think that's fair to be...it's been brought up and I'd like to know.

Lane Forrister: What would you like to know about the dogs?

Chairman Sisney: So, somebody came on your property regarding...

Lane Forrister: Animal control

Chairman Sisney: Yes. They called animal control?

Lane Forrister: There was a call saying 3 dogs at large on our 25 acres that we own.

Amanda Forrister: Which there was not.

Lane Forrister: There was not dogs on there and so they drove around our property and then found where we keep our animals at.

Chairman Sisney: Are you saying 'our animals'?

Lane Forrister: Mine and my wife's, yes.

Chairman Sisney: Alright, so is this...these animals, are these the same animals that we're discussing here for this kennel permit?

Lane Forrister: Some of them, like we said, that's why this kennel permit has not happened yet is because we don't own just 14 dogs. We have a business, we own numerous, numerous dogs; 30-40 dogs. Every now and then yes, we bring them here. We have property in Winston; we have property on the other side of Caballo.

Chairman Sisney: Thank you. This is the type of information I want.

Amanda Forrister: And these are working dogs.

Chairman Sisney: What is the nature of the business, the use of the dogs, how many dog, whose dogs they are?

Amanda Forrister: They are owned by a business, which there are different members of that business. Our kennel can hold 14 and that's what they approved us for.

Chairman Sisney: And these are bird dogs, I take it?

Lane Forrister: They are hunting dogs, yes; lion dogs and cow dogs.

Chairman Sisney: Lion dogs and what?

Lane & Amanda Forrister: Lion dogs and cattle dogs.

Chairman Sisney: So you got cow dogs and you got lion hunting dogs?

Lane & Amanda Forrister: Yes sir.

Chairman Sisney: Ok, and these are your dogs and you hire them out to hunters.

Lane Forrister: Yes, to take them hunting, yes; they pay me money.

Chairman Sisney: And to do roundups?

Lane Forrister: Yes. We own cattle, but yes.

Amanda Forrister: We have 2 ranches also in the Gila, Black Range, and Engle as well.

Chairman Sisney: Ok, so the reason why I thought this was a business for kenneling dogs, but it's not really a business for kenneling dogs. You need a kennel because you have a bunch of dogs for your business which is...

Lane Forrister: The City is requiring us to have one, so we're getting one.

Chairman Sisney: Alright, I think that answers my question. Does anyone else have a question?

Assistant City Manager Alvarez: I do have a question. Are the dogs that you have there, do all of them belong to you or do you have other people that the dogs belong to?

Lane & Amanda Forrister: Yes, we have other people that they belong to.

Assistant City Manager Alvarez: That needs to be clarified. They aren't all their dogs; they're dogs that belong to other people that are within their business.

Member Luchini: Is it always the same dogs or just 14 spaces so you can just bring 14 dogs?

Lane Forrister: Yes. When I'm hunting over here, I bring them here; during the summer when they're not hunting either Winston or here.

Member Luchini: So there can be 14 different dogs at any time?

Lane & Amanda Forrister: Yes.

Member Luchini: But they're all vaccinated?

Lane & Amanda Forrister: Yes. And like I said, the lady had never asked us if they were vaccinated, she just wrote us a ticket for it.

Vice-Chairman Buhler: You could've brought that here today.

Lane Forrister: They're here.

Vice-Chairman Buhler: They're here?

Lane Forrister: Oh yah.

City Clerk Torres: And if you live out in Winston, you're not required to have a City permit.

Vice-Chairman Buhler: Right, county is different.

Lane Forrister: I do it anyways. You gotta realize, these are...

Amanda Forrister: We take care of the dogs.

Lane Forrister: They're not pets, they are employees. I mean they make us money. The dogs are taken very well care of. The green slime that they found, yes, there was green slime in there. That was in a pen, a turnout pen, that we leave water in just in case a dog gets out of its whole deal.

Chairman Sisney: Ok. Are the kennels functioning right now?

Lane & Amanda Forrister: Yes.

Vice-Chairman Buhler: So the dogs are here now?

Lane Forrister: They are here right now; some of them are here, yes.

Chairman Sisney: Any other questions for the Forrister's?

Amanda Forrister: Thank you

Chairman Sisney: Officer Sweeney, can I ask you a question? You can check to see if this is proper but, I'd like to ask what your opinion is Officer Sweeney.

Code Enforcement Officer Sweeney: So, I went out there; we do have a checklist, we also check the wellbeing of the dogs. I did ask how many dogs max that they have on that property and they did say 14. The pen that they have, the turnout pen, how that pen is it's massive. And inside that pen they have so many pens. It's kind of like an L shape. And inside those pens, easily could probably fit 2 dogs each. I'm sure they probably don't put 2 dogs each but inside that one, they have 2 layers and it's off the ground and what we look at when we look at kenneling, especially when they don't have free range to run, is if the dog can stand up, turn around, and lay down very comfortably and the kennel size allows that. I even asked them what size it was, he said that they're about a 5x8; it's pretty massive. And then on the outside, they have another area so the dogs can actually, if they manage to get out of their kennel, they're still contained within that. It looked very clean. Again, the animals were not there; we always want to look at the animals, if we don't see them, so I could not see them inside. Inside the kennels, but just given the size of them, I could definitely make out that they are adequate size enough for the dogs, even a very large breed, a massive breed, so that looked to be ok. The containers were cleaned; they were not there, again. I wouldn't expect them to have water and food if the dogs are out working, so I couldn't check to see that. The pens were free from debris; they didn't have things that they could tear up, which we could find out being there. They have misters so during the summer months, they have misters to keep the animals cool and then they also have wood chips or things like that to keep them warm during the winter months if they come. During the winters months is usually when they're gone anyways, but when they are here, they have something in the pens to kind of keep them warm. I mean the pen looks nice. I mean, given just what we're supposed to check, it met all the points on the checklist, as well as on my code enforcement side, there was no debris laying around, something that the animals could get hurt themselves on or get ahold of and kill them. The pen was very clean given the amount of dogs that could be there. There was a little, few piles of poop, but given the amount of dogs, I mean, what I saw was nothing.

Chairman Sisney: So in your, Officer Sweeney, in your professional opinion, there is no reason to disapprove their request?

Code Enforcement Officer Sweeney: Given on my checklist, no there is nothing. They meet all the requirements.

Vice-Chairman Buhler: But you didn't see the dogs.

Code Enforcement Officer Sweeney: I didn't see the dogs, no.

Amanda Forrister: Can I say one more thing. And I will speak on what Ms. Sloan was talking about earlier, because you were asking. The ex-chief of police did come out after we were cited by animal control and he came out because we wanted somebody to mitigate between us and animal control. The difference of opinion on what dogs should look like. He came out the day after, dogs all there and agreed that maybe we just had a difference of opinion on what an active working dog should look like. And that is when we had the agreement with animal control that as long as we moved forward with getting our kennel permit, which we were already in the works of doing so, then she would be fine without filing charges, because she agreed that we showed her our feed room, there's plenty of feed, we explained the situation with the water, everything was fine. So that was that conversation, if that helps you in any situation.

Chairman Sisney: Thank you.

Vice-Chairman Buhler: I do have one last question. How long have you been having the dogs there? How much time have the dogs been out there?

Amanda Forrister: 9 years.

Lane Forrister: We've never gotten one complaint.

Vice-Chairman Buhler: But you've never gotten a permit either.

Amanda Forrister: Because they've never been in town long enough and until I became aware of what the ordinance was is when we were in the process of, when I signed the new ordinance, in the process of getting a kennel because they were not there. We had never had a complaint; we have 25 acres in City limits with no neighbors.

Lane Forrister: Can I add to that? It also states that these dogs don't do business in City limits; they do business in the county and that was something that, you know, we didn't think that we needed one because we are not doing business in the City with these dogs.

City Clerk Torres: It wasn't required under the old ordinance.

Lane Forrister: We did business out of the City limits which is a county issue, that's why we hadn't gotten the kennel license.

Member Luchini: Why do you bring them to town?

Lane Forrister: That's just where we live.

Amanda Forrister: That is where we live and if we're not gonna be hunting for the next couple of days or anyone in the business is not hunting or whatever, then it's easier for us to feed, water, and take care of them when they're there; and then we can split the whoever else has dogs, we can all split the workload basically. And if he's at home, he brings them and if he's gone, which is a lot, then he takes them.

Member Luchini: So the 6 months that they're not here, are they with you?

Lane Forrister: Yes, at one of our other properties. Sometimes the dogs that we're not using we spread them out between different people within the business.

Amanda Forrister: We have other people's cow dogs, it's a midpoint between 2 places where some people live up there and we live down here.

Lane Forrister: Whenever we take clients that come into the City, they stay hotels; they eat the City's food and enjoy the hot springs. We bring revenue to the City.

Amanda Forrister: Any other questions?

Chairman Sisney: I do

Ruth Claassen: Can I make a comment on their behalf?

City Clerk Torres: No, because we already closed the public hearing.

Chairman Sisney: Anymore questions for the board? Would anyone like to make a motion?

Vice-Chairman Buhler: Well I would like to say one thing. I would like to see things resolved and the ordinances the way they're supposed to be maybe before we make a decision because there's some problems. And I don't want to say that you're not good or this isn't right or that's not right because I don't know that. I just don't know that.

Amanda Forrister: Based on the facts that you were given and what the ordinance is, then you should make a decision based off that.

Vice-Chairman Buhler: Well the dogs were not there; she did not get to see the dogs and she's not the original officer that went out there.

Amanda Forrister: As we've already said, the kennel permit is what you're approving, you're not...

City Clerk Torres: At this point you would either make a motion to approve the kennel permit that's presented or to not approve it, for recommendation to the Commission.

Chairman Sisney: Does anyone want to make a motion?

Member Alicea: I will say nay for the time being because there's a lot that's going on for me. They got some legal things going on and something's not approved yet.

City Clerk Torres: So you're making a motion to not approve it?

Member Alicea: Yes.

City Clerk Torres: Ok, is there a second to that motion?

Assistant City Manager Alvarez: Chairman, member of the board, also keep in mind these permits have to be renewed annually and at any point in time during the year our animal control and/or our code enforcement officer can go by at any time and take a look and see if there's any issues or concerns. But once a year, they do have to be renewed and at that time things will be checked again.

Vice-Chairman Buhler: My whole thing is fairness and we had a lot of people come in here for permits.

Chairman Sisney: Not for kennel permits.

Vice-Chairman Buhler: Not for kennel permits, right. We have had people come in here.

Member Luchini: What about the foster?

Chairman Sisney: That was a different situation, that was people with a bunch of dogs that later came out that they weren't foster dogs.

City Clerk Torres: So as of right now, we have a motion on the table to not approve it, is there a second on that? If not, the motion will die and then we'll need a new motion on the table.

Chairman Sisney: Would anyone second the motion to deny the permit? Without a second, the motion dies. I'll make a motion to approve the kennel permit. Is there a second?

City Clerk Torres: You guys will have to have a vote either to approve it or to not approve it.

Chairman Sisney: Or the motion dies.

City Clerk Torres: Those are the two options that you guys have on the table to approve it or not approve it. It's just...

Assistant City Manager Alvarez: Is there any other questions that we can answer to help you make a determination one way or another. I mean, as the P&Z board, it is your responsibility to make the recommendation for either approval or denial.

Vice-Chairman Buhler: I wish that Jay Rubin would've been here today. I might have had some questions for him.

City Manager Swingle: What other questions?

Vice-Chairman Buhler: Well, you know, this is a hot potato, that's my feeling on it. I'm not...I have seen some of the newspaper, I've read the newspaper, and I did see it on the Albuquerque news channel, so there are some questions and there's some problems. Now as I've said before, I don't want to judge anyone or say someone was right or wrong because I don't have all of the facts.

Amanda Forrister: That's what the court is for.

Vice-Chairman Buhler: Well you know, I know what it's for. We don't have all the people here who were involved with this either.

Amanda Forrister: It's for a kennel permit.

City Clerk Torres: So right now, what we have to do, we have to go by what was presented. We do have testimony from our code enforcement; we do have our applicants that spoke, your proponents and opponents that spoke, so basically what we need to do is make a motion off of what was presented not what was in the paper or on the radio or what Karen is saying to Alicia. You know like, we have to have...We have a motion to approve it, is there a second? Because you guys could, if you don't want to approve it, you can...

Member Luchini: I make a motion to approve it.

Chairman Sisney: I've made the motion.

City Clerk Torres: So you second?

Member Luchini: I'll second the motion.

City Clerk Torres: Ok, so we'll do a roll call vote and you guys can either vote yay or nay on this.

City Manager Swingle: Would you repeat the question so that they all know.

Chairman Sisney: I make the motion to approve the application as presented. Can I get a second?

Member Luchini: I second the motion.

Chairman Sisney: Thank you.

Deputy Clerk Gabaldon: Chris Sisney – Aye, Susan Buhler – Aye, Esther Luchini – Aye, Eduardo Alicea – Nay

Vice-Chairman Buhler: And I hope that there will be inspections made and that you will have to renew your permit.

City Clerk Torres: And so right now, so the motion carried with a 3-1 vote so now it will be presented to the Commission at a future meeting for the City Commission.

B. Public Hearing/Discussion/Action – Summary Plat 280 W. 2nd and 154 N. Lane
Traci Alvarez, Assistant City Manager

Assistant City Manager Alvarez: Chairman, members of the board, applicants have the property at 280 W. 2nd as well as 154 N. Lane; it's all considered one parcel at this time. They would like to split that parcel to move the lot line between the 280 W. 2nd and 154 N. Lane to the west so that all of 154 N. Lane carport is within that property line. Both lots still meet the minimum required for the district; utility verification was approved by electric and I was able to get a verbal from our water/wastewater director and as stated in the scope that's also in your agenda packet, separate water and sewer is available at both properties. With that, I stand for questions.

Member Luchini: I understand you're selling the property.

Chairman Sisney: We have 2 people signed up as proponents and none as opponents, so we would like to hear from the Claassen's please.

Assistant City Manager Alvarez: And they are the applicants.

Chairman Sisney: Yes, they are the applicants; Ruth and Rich Claassen please.

Ruth Claassen: It will probably just be me, I am Ruth Claassen and this is my husband Rich. We bought these properties in 1997 so we've lived there for over 25 years. The little house above us which is the 280 W. 2nd house has been a rental that entire time and they were actually two separate properties when we bought them but they're just right next to each other. What we're hoping...the renter has always parked up at the dead end of that street, which is 2nd Street on the west side of the water tower hill...on the east side of the water tower hill, sorry. Renter has always parked in front of their home at 280 W. 2nd and we've always parked in front of our home, which is 154 N. Lane on the north end of our house. The line is kind of in the middle of our driveway. We are just requesting to move that property line over to a retaining wall that is actually a wall between the two properties, which makes sense. There

is also, when we had the survey done recently, there was up the hill on that property as well, there's a fence, a chain link fence that was put up prior to us purchasing that place, so it's been there for more than 25 years, and they said that the corner post of that fence is also not right and it's 4 feet that needs to be moved into that 280 W. 2nd property. I mean, it is in the 280 W. 2nd property, that corner post is, so we'd like that to be just become part of how that dividing line is so that no one has to move that fence, which is in a very precarious place up the hill; a very awkward place. If that could just be...if that line could be moved as well. That's basically it.

Chairman Sisney: Please don't leave yet. I'm looking at, this is the picture that I have and it looks like one building. Where is the...

Ruth Claassen: Did you happen to bring the big pictures that we had?

Assistant City Manager Alvarez: I didn't, no.

Ruth Claassen approached the board members to show them exactly what she is referring to with a picture of the property.

Vice-Chairman Buhler: Would the lot, the rest of the property, be able to be sold with what you're wanting to do?

Ruth Claassen: Yes, we have an interested buyer.

Member Luchini: And the corner of the chain link fence belongs to who?

Ruth Claassen: It's on our property.

Chairman Sisney: So what's being fixed is we're moving from here to here, just that right there.

Ruth Claassen: Yes.

Chairman Sisney: So that was the surveyor's mistake or what?

Ruth Claassen: Well, the surveyor that we just had do this is from Las Cruces, I don't know...I mean that's probably where they thought it was originally, but it wasn't exactly on the property line.

Chairman Sisney: But that was on the piece of property that you're trying to sell, and it's all one piece so what does it matter?

Ruth Claassen: Because this piece here is going to someone and then we want to sell our place.

City Clerk Torres: So do we have any more questions for Ms. Claassen or would we like to call to see if we have any other proponents at this time?

Chairman Sisney: There is no one else on the list.

City Clerk Torres: Is there anybody else in the audience that would like to speak as a proponent? How about an opponent just so we can have that on record? Any opponents?

Chairman Sisney: Does the board have any more questions for anyone in the room? Would someone like to make a motion?

Vice-Chairman Buhler made a motion to approve the summary plat.

Member Alicea seconded the motion.

To Whom it may concern,

11.2.2022

Regarding Property line change at
154 N. Lane Torc & 280 W. 2nd Torc.

We, Rich & Ruth Claassen, purchased our home @ 154 N. Lane in Summer of 1997 and a short time later that year purchased the small house just above us, 280 W. 2nd. We have been renting out that property since its purchase.

In approximately 2010 we built a car port, then revised in 2017, @ 154 N. Lane and had our property re-surveyed in 2011 to reflect a property line change to include the entire carport area with 154 N. Lane. Because we owned both properties we didn't realize that this needed to go before the P&Z Committee to get this changed.

We are now trying to sell our home and 280 W. 2nd and the New survey for 280 includes 1/2 of our carport @ 154 N. Lane.

We have been renting that property out for 25 years and the renter has always parked at the top of the hill in front of their home. It is a dead end street and there is room there for parking.

We are asking that with the New survey being done, that the property line can be moved to the west.

Thanks for your consideration in this matter.

Rich Claassen

Sec. 11-2-2. - The Planning and Zoning Commission.

- A. *Purpose.* A Municipal Planning and Zoning Commission is hereby established for the purpose of interpretation of this Code, approving certain actions, receiving requests for modifications to this Code and re-zoning, and making recommendations to the City Commission concerning matters pertaining to zoning within the City.
- B. *Administrative review and interpretations.*
1. The Planning and Zoning Commission shall review an administrative action of the designated Zoning Administrator when it is alleged that there is an error in the order, requirement, determination, or refusal made by the designated Zoning Administrator and reverse, affirm, or modify the administrative action.
 2. The Commission shall interpret this Code when the designated Zoning Administrator is in doubt as to the exact meaning of the text.
 3. The Commission shall interpret the Official Planning and Zoning District Map in accordance with the standards set forth in the Comprehensive Planning and Zoning Code when the designated Zoning Administrator is uncertain as to the exact boundary of a District shown on the Official Planning and Zoning District Map.
- C. *Powers and duties.*
1. Recommend to the City Commission either approval, denial or modification of a request for annexation, special use permit, variance, subdivision, zoning, amendment of this Code, or any other land use consideration within the planning and zoning jurisdiction of the City.

- D. *Composition of the Planning and Zoning Commission .* The Planning and Zoning Commission shall consist of five (5) members each to be appointed by a simple majority of the City Commission. Eligibility requirements for membership shall be established by the City Commission. Members shall serve staggered terms of two (2) years each. A recording secretary shall be provided to assist the Planning and Zoning Commission by the City. The City's Zoning Administrator shall insure that the corrections are noted on the original filed plat. The fee schedule for administrative amendments shall be as approved by the City of Truth or Consequences.

- C. ***Major amendment of plat:*** Any proposed correction or amendment of a filed plat that affects material aspects of the subdivision shall be considered by the Planning and Zoning Commission, with approval by the City Commission, the Planning and Zoning Commission shall determine if the subdivider may use the alternate summary procedure or if the subdivider shall be required to vacate a portion or all of the filed plat and follow the procedures appropriate for the approval of a new subdivision. The applicant provides housing for dogs for approximately 5-6 months of the year, roughly May-September. Animal control and code enforcement have been inspected the residence and approved the application request that allows for no more than 14 dogs on site at any one time. Within your agenda packet you have the applicants application; once again, similar to the last meeting for kennel permit, I will refer you guys to Ordinance 725 that's in your packet, section 3.8.1 I, where it states that all animals listed on an application 3 months of age or over must be vaccinated for rabies and possess a City animal license tag. As explained at the P&Z meeting, we are making an amendment to the ordinance; it was never the intent for it to be all applications. The original intent was all animals listed on multi-animals; it does not make sense for kennel permits to license dogs when the dogs don't necessarily belong and may not even live in town; they're only kenneling them for a short period of time. Just reference that. You'll notice on the application, we did not require the rabies or City licensing, so we'll make that amendment. I do believe we're gonna try and have that to the 2nd Commission meeting to amend that ordinance so it'll be corrected. You'll also see within your packet that there is a visual site plan of the property location. I gave a large and a small; the zoomed in section shows the property that the dogs are normally housed on. The zoomed out section shows all of the property that is all owned by the same owner, so everybody surrounding the property where the dogs are at is owned by the same applicant or family. And with that, I stand for any questions.

Member Luchini: A City license or rabies is not required?

Assistant City Manager Alvarez: Not for kennel use. The kennel area is normally, like if you kennel your dogs somewhere, they normally require you to have vaccinations in order to kennel. We will have to have a more internal discussion but from what I can tell from our notes it was the intent for private owners animals for multi-use, would have to have proof of vaccination and City licensing because it would be within the City limits. Kennels, they would have to have their records updated so that if any point in time animal control was to stop by they could show that the animals that are in possession at that time are vaccinated but they wouldn't necessarily need to be licensed for the City because they don't necessarily reside in the City; they're just there for a short period of time. Somebody passing through maybe going out to dinner might need to kennel their dog, we have a local kennel provider; I know I've done that in the past when we've traveled. Kennels are more business or the fostering, the animals going in and out, which is what last week's meeting was about was fostering.

Chairman Sisney: Any other questions from the board?

Vice-Chairman Buhler: I do have a question. The officer will have a right though to ask the individual to show proof of vaccination or a tag or a certificate, is that correct?

Assistant City Manager Alvarez: If that's the way that we structure the ordinance which, from the internal bits and pieces, yes. But the ordinance is not structured that way at the time but that was the intent; was multi-use they had to be at application time, kennel use was going to be if the animal control officer showed and whatever animals were onsite at that time then the kennel use person would have to have proof of vaccination for those animals. With kennel permits, your animals usually rotate, they aren't the same animals.

Vice-Chairman Buhler: Ok, thank you.

Chairman Sisney: Any other questions from the members?

Member Luchini: How much time...what is the length of time that determines short or temporary or short-term, long-term, or permanent?

Assistant City Manager Alvarez: I believe...it's stated within the ordinance, I think it's 30 days for multi, I don't think that it's defined for kennel and those are two things that we have to, upon looking through some of our notes when we were getting ready to come to you guys last meeting, we realized that some of the information that we had pertaining to kennel permitting and fostering, wasn't defined clearly in here. And so fostering is another one; they may have the dogs for a very short period of time or if they get animals that are very young, they are going to have them for more than 30 days.

City Clerk Torres: And it does say 30 days in here.

Assistant City Manager Alvarez: Yah, so I think that's the other one we discussed that we would have to look at amending for the...

Member Luchini: So you're looking at amending?

Assistant City Manager Alvarez: We have to amend the ordinance, yes. All of the information that we intended to have go in the ordinance, didn't quite make it. It got lost via multiple emails back and forth.

Member Luchini: Thank you, that's all I have.

Chairman Sisney: Any other questions?

Amanda Forrister: My name is Amanda Forrister; I live at 4710 E. Third. My husband is the one that is applying for the kennel permit. I just want to bring notice that there are, as you guys probably know, the City does send out letters to interested parties when we are approving these kennel permits. As Ms. Alvarez stated before, we own everything around it and then there is highway and we have no neighbors, so the dogs have been there before, never had any complaints. The kennels are also built with a turnout pen; they're two-stories with a bed up above so they have a two-story. They're on double mats, equipped with misters, a very nice set up. I also, when I have kennel permits on my agenda, I kind of go around and drive and look at different kennel permits and I would say that our kennels are one of the nicer ones in the City at this time, so I just wanted to bring your attention to that when the letters went out to interested parties, it was just our family that they went to. With that being said, that's it.

Chairman Sisney: Thank you. Does the board have any questions? Can we ask questions of the applicants at this time or should we wait to hear both sides?

City Clerk Torres: I think we should do the proponents and then opponents and then you guys could ask any questions afterwards.

Vice-Chairman Buhler: Are the officers going to speak to?

City Clerk Torres: Yes, you can ask them to speak if you'd like.

Vice-Chairman Buhler: Ok, I think I will.

City Clerk Torres: Is there anybody else who's a proponent of this item that would like to come up and speak?

Chairman Sisney: Opponents, Kathleen Sloan.

Kathleen Sloan: Kathleen Sloan, 708 Olivo St., Williamsburg

I ask that you make findings of fact and look at evidence from animal control before ruling on the Forrister's application for a kennel permit. September 6, 2022 animal control officers Digicomo and Knoll went to the Forrister's address. November 2, 2022 Digicomo filed a 24 page criminal complaint in Municipal Court. 14 counts of no dog licenses, 14 counts of no rabies shots, animal cruelty for not providing potable water, and lastly, exceeding the 4 animal limit, without a special license. There's nothing to prove; the pictures in the complaint prove the water was deep green with islands of growth. Digicomo said that the texture was slimy. The bodycam captures Lane Forrister stating 'we water them once a week'. The Forrister's didn't produce vaccination or licensing documents, which must be on hand by law. There's evidence the Forrister's are incorrigible and therefore should not be allowed to run a kennel. They plead not guilty to the charges claiming no wrong doing at the arraignment that was in the first week of November; I'm not sure; I don't remember the arraignment date. On the bodycam, the Mayor interrupts Digicomo as she cites the law stating 'I know what it says, I signed it'; referring to her duty as Mayor, to sign into law ordinances. 8 months before she signed into law the amended animal control ordinance, proving that she knew she was flouting the law. On the bodycam, Lane Forrister insists the chief of police meet with them, as if they are entitled to special treatment. Chief of police Victor Rodriguez met with them the next day, but he should've avoided that conflict of interest meeting. He's an at will employee, a subordinate, he could be fired by the City Commission. The government conduct act states it is illegal for a government official, such as the Mayor, to use her power for her own benefit, such as to avoid criminal prosecution. The Forrister's claimed at their arraignment that they made a deal with Rodriguez, but an inspection of public records act request bears out that no such document exists. If there's no document, there's no deal, unless you believe in backroom good ol' boy government. Save these future dogs. Please do not grant the Forrister's a kennel permit. You are the most likely check and balance here; the animal control and planning and zoning administrator are at will employees as well; they could be fired if they go up against the Mayor. Digicomo is gone, probably because it was too hard to do her job and the City Commission; Shelly Harrelson in particular was cracking jokes about green scum at the last City meeting, which got a big laugh all around at the City Commission level; meaning that they probably will grant this kennel permit. Thank you.

Chairman Sisney: Alright.

City Clerk Torres: Are there any other opponents who would like to speak?

Chairman Sisney: Alright, we will now close public comments on this item, the kennel at 3500 3rd Street. Does anybody on the board have any questions?

Vice-Chairman Buhler: Well, I do have a question or two. I have a question about this application, it has a date at the top that's September 15 and then at the bottom it's a different date. At the bottom, it's 11/06; they're different dates.

City Clerk Torres: So this is when, the top date is when they submit their application to the City; the bottom date is when it's signed off on by our Code Enforcement & our Animal Control.

Vice-Chairman Buhler: Ok, who is the Code Enforcement person that signed this?

City Clerk Torres: Jamie

Code Enforcement Officer Sweeney: That's my signature; I'm the one that did the inspection for both code enforcement and animal control at the inspection.

Vice-Chairman Buhler: The dogs were not there when you inspected, correct?

Code Enforcement Officer Sweeney: They were not, no. I think that wrote in there.

Vice-Chairman Buhler: You did, it's kind of a scribbled application.

Code Enforcement Officer Sweeney: I did write on there the reason why the dogs are not there is because from the months of October-April they're working; it varies if they're on the property, it's for a short minute during those selected months because that is the hunting months that they're used for working.

Vice-Chairman Buhler: Were you there for the original finding when this happened?

Code Enforcement Officer Sweeney: I was here for just the inspection. I was not part with animal control in the September incident.

Vice-Chairman Buhler: I have a question too. Is this still in some type of litigation?

City Manager Swingle: Yes, there are charges that are going to be adjudicated through the court system, not through the City. The City has no involvement in that.

Vice-Chairman Buhler: Ok, thank you. Does anyone else have a question?

Chairman Sisney: I do. There's a lot of questions here and information here that needs to be brought up. Let's just get right to what's going on with the lawsuit; I'm ignorant of this and I'd like to know what's going on.

City Manager Swingle: There is no lawsuit.

Chairman Sisney: I'm sorry, let me clarify then. What's going on with the kennel?

City Clerk Torres: Do you want the applicants to come up and answer your question?

Code Enforcement Officer Sweeney: I think you're trying to refer to the incident from September the kennel permit; I just did the inspection on it, that's as far as I...

Vice-Chairman Buhler: I have one other question, have the Forrister's ever applied for another application...a permit to your knowledge?

Assistant City Manager Alvarez: You'd have to verify with the City Clerk's Office, this is a new process.

City Clerk Torres: Off the top of my head, I'm not really sure since I'm not up in the front. I don't check every single one, that would be something...I don't have that in front of me.

Assistant City Manager Alvarez: Let me remind the board that this is a new ordinance and so that's why all of these are coming about with the animal permits, multi-use and everything because we amended and revised the ordinance.

Member Alicea: Are all of the dogs fosters or were they taken away?

Assistant City Manager Alvarez: I would say that if you have questions regarding the charges, your applicant is right there to answer questions.

Chairman Sisney: Ok. Ms. Forrister, so could you fill us in on what is going on and why you are here?

Amanda Forrister: Well, we're here for the kennel permit and that's what this board does is approving the kennel permit. What is happening in court that will be proven in court.

Chairman Sisney: ok, I'd still like to know why it's been brought up.

Amanda Forrister: Why what has been brought up?

Chairman Sisney: What is going on with the dogs? Why is there a problem with dogs?

Lane Forrister: There is not a problem with the dogs...

Amanda Forrister: It was a difference of opinion and that will be proven in court. We have working dogs and we're here to approve a kennel permit.

Chairman Sisney: Could you tell me what's going on? What were people...what was the complaint?

Amanda Forrister: Nobody complained.

Lane Forrister: Nobody complained.

Chairman Sisney: There was no complaint?

Lane & Amanda Forrister: No.

Lane Forrister: The lady come onto our property without permission and come to our place and then of course whatever she read, wrote us tickets for numerous things.

Amanda Forrister: And I will also say that even though this is a court thing, this is not a kennel thing. We do have our vaccinations, we were never asked that.

Chairman Sisney: That part...

Amanda Forrister: And when I said yes, I understand the ordinance because I signed it, yes I do. I signed it and since I have signed it I have been working with Traci because I'm one of the ones that looked at permitting and the application is different from the new ordinance that was signed.

Chairman Sisney: Let me make it clear, I am not challenging you. I don't know what's going on.

Amanda Forrister: I just want to make it clear that this is for a kennel permit and I don't want to get into the lawsuit.

Chairman Sisney: Ok, that's fine, I understand that, but I'd still like to know the extenuating circumstances here. I think that's fair to be...it's been brought up and I'd like to know.

Lane Forrister: What would you like to know about the dogs?

Chairman Sisney: So, somebody came on your property regarding...

Lane Forrister: Animal control

Chairman Sisney: Yes. They called animal control?

Lane Forrister: There was a call saying 3 dogs at large on our 25 acres that we own.

Amanda Forrister: Which there was not.

Lane Forrister: There was not dogs on there and so they drove around our property and then found where we keep our animals at.

Chairman Sisney: Are you saying 'our animals'?

Lane Forrister: Mine and my wife's, yes.

Chairman Sisney: Alright, so is this...these animals, are these the same animals that we're discussing here for this kennel permit?

Lane Forrister: Some of them, like we said, that's why this kennel permit has not happened yet is because we don't own just 14 dogs. We have a business, we own numerous, numerous dogs; 30-40 dogs. Every now and then yes, we bring them here. We have property in Winston; we have property on the other side of Caballo.

Chairman Sisney: Thank you. This is the type of information I want.

Amanda Forrister: And these are working dogs.

Chairman Sisney: What is the nature of the business, the use of the dogs, how many dog, whose dogs they are?

Amanda Forrister: They are owned by a business, which there are different members of that business. Our kennel can hold 14 and that's what they approved us for.

Chairman Sisney: And these are bird dogs, I take it?

Lane Forrister: They are hunting dogs, yes; lion dogs and cow dogs.

Chairman Sisney: Lion dogs and what?

Lane & Amanda Forrister: Lion dogs and cattle dogs.

Chairman Sisney: So you got cow dogs and you got lion hunting dogs?

Lane & Amanda Forrister: Yes sir.

Chairman Sisney: Ok, and these are your dogs and you hire them out to hunters.

Lane Forrister: Yes, to take them hunting, yes; they pay me money.

Chairman Sisney: And to do roundups?

Lane Forrister: Yes. We own cattle, but yes.

Amanda Forrister: We have 2 ranches also in the Gila, Black Range, and Engle as well.

Chairman Sisney: Ok, so the reason why I thought this was a business for kenneling dogs, but it's not really a business for kenneling dogs. You need a kennel because you have a bunch of dogs for your business which is...

Lane Forrister: The City is requiring us to have one, so we're getting one.

Chairman Sisney: Alright, I think that answers my question. Does anyone else have a question?

Assistant City Manager Alvarez: I do have a question. Are the dogs that you have there, do all of them belong to you or do you have other people that the dogs belong to?

Lane & Amanda Forrister: Yes, we have other people that they belong to.

Assistant City Manager Alvarez: That needs to be clarified. They aren't all their dogs; they're dogs that belong to other people that are within their business.

Member Luchini: Is it always the same dogs or just 14 spaces so you can just bring 14 dogs?

Lane Forrister: Yes. When I'm hunting over here, I bring them here; during the summer when they're not hunting either Winston or here.

Member Luchini: So there can be 14 different dogs at any time?

Lane & Amanda Forrister: Yes.

Member Luchini: But they're all vaccinated?

Lane & Amanda Forrister: Yes. And like I said, the lady had never asked us if they were vaccinated, she just wrote us a ticket for it.

Vice-Chairman Buhler: You could've brought that here today.

Lane Forrister: They're here.

Vice-Chairman Buhler: They're here?

Lane Forrister: Oh yah.

City Clerk Torres: And if you live out in Winston, you're not required to have a City permit.

Vice-Chairman Buhler: Right, county is different.

Lane Forrister: I do it anyways. You gotta realize, these are...

Amanda Forrister: We take care of the dogs.

Lane Forrister: They're not pets, they are employees. I mean they make us money. The dogs are taken very well care of. The green slime that they found, yes, there was green slime in there. That was in a pen, a turnout pen, that we leave water in just in case a dog gets out of its whole deal.

Chairman Sisney: Ok. Are the kennels functioning right now?

Lane & Amanda Forrister: Yes.

Vice-Chairman Buhler: So the dogs are here now?

Lane Forrister: They are here right now; some of them are here, yes.

Chairman Sisney: Any other questions for the Forrister's?

Amanda Forrister: Thank you

Chairman Sisney: Officer Sweeney, can I ask you a question? You can check to see if this is proper but, I'd like to ask what your opinion is Officer Sweeney.

Code Enforcement Officer Sweeney: So, I went out there; we do have a checklist, we also check the wellbeing of the dogs. I did ask how many dogs max that they have on that property and they did say 14. The pen that they have, the turnout pen, how that pen is it's massive. And inside that pen they have so many pens. It's kind of like an L shape. And inside those pens, easily could probably fit 2 dogs each. I'm sure they probably don't put 2 dogs each but inside that one, they have 2 layers and it's off the ground and what we look at when we look at kenneling, especially when they don't have free range to run, is if the dog can stand up, turn around, and lay down very comfortably and the kennel size allows that. I even asked them what size it was, he said that they're about a 5x8; it's pretty massive. And then on the outside, they have another area so the dogs can actually, if they manage to get out of their kennel, they're still contained within that. It looked very clean. Again, the animals were not there; we always want to look at the animals, if we don't see them, so I could not see them inside. Inside the kennels, but just given the size of them, I could definitely make out that they are adequate size enough for the dogs, even a very large breed, a massive breed, so that looked to be ok. The containers were cleaned; they were not there, again. I wouldn't expect them to have water and food if the dogs are out working, so I couldn't check to see that. The pens were free from debris; they didn't have things that they could tear up, which we could find out being there. They have misters so during the summer months, they have misters to keep the animals cool and then they also have wood chips or things like that to keep them warm during the winter months if they come. During the winters months is usually when they're gone anyways, but when they are here, they have something in the pens to kind of keep them warm. I mean the pen looks nice. I mean, given just what we're supposed to check, it met all the points on the checklist, as well as on my code enforcement side, there was no debris laying around, something that the animals could get hurt themselves on or get ahold of and kill them. The pen was very clean given the amount of dogs that could be there. There was a little, few piles of poop, but given the amount of dogs, I mean, what I saw was nothing.

Chairman Sisney: So in your, Officer Sweeney, in your professional opinion, there is no reason to disapprove their request?

Code Enforcement Officer Sweeney: Given on my checklist, no there is nothing. They meet all the requirements.

Vice-Chairman Buhler: But you didn't see the dogs.

Code Enforcement Officer Sweeney: I didn't see the dogs, no.

Amanda Forrister: Can I say one more thing. And I will speak on what Ms. Sloan was talking about earlier, because you were asking. The ex-chief of police did come out after we were cited by animal control and he came out because we wanted somebody to mitigate between us and animal control. The difference of opinion on what dogs should look like. He came out the day after, dogs all there and agreed that maybe we just had a difference of opinion on what an active working dog should look like. And that is when we had the agreement with animal control that as long as we moved forward with getting our kennel permit, which we were already in the works of doing so, then she would be fine without filing charges, because she agreed that we showed her our feed room, there's plenty of feed, we explained the situation with the water, everything was fine. So that was that conversation, if that helps you in any situation.

Chairman Sisney: Thank you.

Vice-Chairman Buhler: I do have one last question. How long have you been having the dogs there? How much time have the dogs been out there?

Amanda Forrister: 9 years.

Lane Forrister: We've never gotten one complaint.

Vice-Chairman Buhler: But you've never gotten a permit either.

Amanda Forrister: Because they've never been in town long enough and until I became aware of what the ordinance was is when we were in the process of, when I signed the new ordinance, in the process of getting a kennel because they were not there. We had never had a complaint; we have 25 acres in City limits with no neighbors.

Lane Forrister: Can I add to that? It also states that these dogs don't do business in City limits; they do business in the county and that was something that, you know, we didn't think that we needed one because we are not doing business in the City with these dogs.

City Clerk Torres: It wasn't required under the old ordinance.

Lane Forrister: We did business out of the City limits which is a county issue, that's why we hadn't gotten the kennel license.

Member Luchini: Why do you bring them to town?

Lane Forrister: That's just where we live.

Amanda Forrister: That is where we live and if we're not gonna be hunting for the next couple of days or anyone in the business is not hunting or whatever, then it's easier for us to feed, water, and take care of them when they're there; and then we can split the whoever else has dogs, we can all split the workload basically. And if he's at home, he brings them and if he's gone, which is a lot, then he takes them.

Member Luchini: So the 6 months that they're not here, are they with you?

Lane Forrister: Yes, at one of our other properties. Sometimes the dogs that we're not using we spread them out between different people within the business.

Amanda Forrister: We have other people's cow dogs, it's a midpoint between 2 places where some people live up there and we live down here.

Lane Forrister: Whenever we take clients that come into the City, they stay hotels; they eat the City's food and enjoy the hot springs. We bring revenue to the City.

Amanda Forrister: Any other questions?

Chairman Sisney: I do

Ruth Claassen: Can I make a comment on their behalf?

City Clerk Torres: No, because we already closed the public hearing.

Chairman Sisney: Anymore questions for the board? Would anyone like to make a motion?

Vice-Chairman Buhler: Well I would like to say one thing. I would like to see things resolved and the ordinances the way they're supposed to be maybe before we make a decision because there's some problems. And I don't want to say that you're not good or this isn't right or that's not right because I don't know that. I just don't know that.

Amanda Forrister: Based on the facts that you were given and what the ordinance is, then you should make a decision based off that.

Vice-Chairman Buhler: Well the dogs were not there; she did not get to see the dogs and she's not the original officer that went out there.

Amanda Forrister: As we've already said, the kennel permit is what you're approving, you're not...

City Clerk Torres: At this point you would either make a motion to approve the kennel permit that's presented or to not approve it, for recommendation to the Commission.

Chairman Sisney: Does anyone want to make a motion?

Member Alicea: I will say nay for the time being because there's a lot that's going on for me. They got some legal things going on and something's not approved yet.

City Clerk Torres: So you're making a motion to not approve it?

Member Alicea: Yes.

City Clerk Torres: Ok, is there a second to that motion?

Assistant City Manager Alvarez: Chairman, member of the board, also keep in mind these permits have to be renewed annually and at any point in time during the year our animal control and/or our code enforcement officer can go by at any time and take a look and see if there's any issues or concerns. But once a year, they do have to be renewed and at that time things will be checked again.

Vice-Chairman Buhler: My whole thing is fairness and we had a lot of people come in here for permits.

Chairman Sisney: Not for kennel permits.

Vice-Chairman Buhler: Not for kennel permits, right. We have had people come in here.

Member Luchini: What about the foster?

Chairman Sisney: That was a different situation, that was people with a bunch of dogs that later came out that they weren't foster dogs.

City Clerk Torres: So as of right now, we have a motion on the table to not approve it, is there a second on that? If not, the motion will die and then we'll need a new motion on the table.

Chairman Sisney: Would anyone second the motion to deny the permit? Without a second, the motion dies. I'll make a motion to approve the kennel permit. Is there a second?

City Clerk Torres: You guys will have to have a vote either to approve it or to not approve it.

Chairman Sisney: Or the motion dies.

City Clerk Torres: Those are the two options that you guys have on the table to approve it or not approve it. It's just...

Assistant City Manager Alvarez: Is there any other questions that we can answer to help you make a determination one way or another. I mean, as the P&Z board, it is your responsibility to make the recommendation for either approval or denial.

Vice-Chairman Buhler: I wish that Jay Rubin would've been here today. I might have had some questions for him.

City Manager Swingle: What other questions?

Vice-Chairman Buhler: Well, you know, this is a hot potato, that's my feeling on it. I'm not...I have seen some of the newspaper, I've read the newspaper, and I did see it on the Albuquerque news channel, so there are some questions and there's some problems. Now as I've said before, I don't want to judge anyone or say someone was right or wrong because I don't have all of the facts.

Amanda Forrister: That's what the court is for.

Vice-Chairman Buhler: Well you know, I know what it's for. We don't have all the people here who were involved with this either.

Amanda Forrister: It's for a kennel permit.

City Clerk Torres: So right now, what we have to do, we have to go by what was presented. We do have testimony from our code enforcement; we do have our applicants that spoke, your proponents and opponents that spoke, so basically what we need to do is make a motion off of what was presented not what was in the paper or on the radio or what Karen is saying to Alicia. You know like, we have to have...We have a motion to approve it, is there a second? Because you guys could, if you don't want to approve it, you can...

Member Luchini: I make a motion to approve it.

Chairman Sisney: I've made the motion.

City Clerk Torres: So you second?

Member Luchini: I'll second the motion.

City Clerk Torres: Ok, so we'll do a roll call vote and you guys can either vote yay or nay on this.

City Manager Swingle: Would you repeat the question so that they all know.

Chairman Sisney: I make the motion to approve the application as presented. Can I get a second?

Member Luchini: I second the motion.

Chairman Sisney: Thank you.

Deputy Clerk Gabaldon: Chris Sisney – Aye, Susan Buhler – Aye, Esther Luchini – Aye, Eduardo Alicea – Nay

Vice-Chairman Buhler: And I hope that there will be inspections made and that you will have to renew your permit.

City Clerk Torres: And so right now, so the motion carried with a 3-1 vote so now it will be presented to the Commission at a future meeting for the City Commission.

B. Public Hearing/Discussion/Action – Summary Plat 280 W. 2nd and 154 N. Lane

Traci Alvarez, Assistant City Manager

Assistant City Manager Alvarez: Chairman, members of the board, applicants have the property at 280 W. 2nd as well as 154 N. Lane; it's all considered one parcel at this time. They would like to split that parcel to move the lot line between the 280 W. 2nd and 154 N. Lane to the west so that all of 154 N. Lane carport is within that property line. Both lots still meet the minimum required for the district; utility verification was approved by electric and I was able to get a verbal from our water/wastewater director and as stated in the scope that's also in your agenda packet, separate water and sewer is available at both properties. With that, I stand for questions.

Member Luchini: I understand you're selling the property.

Chairman Sisney: We have 2 people signed up as proponents and none as opponents, so we would like to hear from the Claassen's please.

Assistant City Manager Alvarez: And they are the applicants.

Chairman Sisney: Yes, they are the applicants; Ruth and Rich Claassen please.

Ruth Claassen: It will probably just be me, I am Ruth Claassen and this is my husband Rich. We bought these properties in 1997 so we've lived there for over 25 years. The little house above us which is the 280 W. 2nd house has been a rental that entire time and they were actually two separate properties when we bought them but they're just right next to each other. What we're hoping...the renter has always parked up at the dead end of that street, which is 2nd Street on the west side of the water tower hill...on the east side of the water tower hill, sorry. Renter has always parked in front of their home at 280 W. 2nd and we've always parked in front of our home, which is 154 N. Lane on the north end of our house. The line is kind of in the middle of our driveway. We are just requesting to move that property line over to a retaining wall that is actually a wall between the two properties, which makes sense. There

is also, when we had the survey done recently, there was up the hill on that property as well, there's a fence, a chain link fence that was put up prior to us purchasing that place, so it's been there for more than 25 years, and they said that the corner post of that fence is also not right and it's 4 feet that needs to be moved into that 280 W. 2nd property. I mean, it is in the 280 W. 2nd property, that corner post is, so we'd like that to be just become part of how that dividing line is so that no one has to move that fence, which is in a very precarious place up the hill; a very awkward place. If that could just be...if that line could be moved as well. That's basically it.

Chairman Sisney: Please don't leave yet. I'm looking at, this is the picture that I have and it looks like one building. Where is the...

Ruth Claassen: Did you happen to bring the big pictures that we had?

Assistant City Manager Alvarez: I didn't, no.

Ruth Claassen approached the board members to show them exactly what she is referring to with a picture of the property.

Vice-Chairman Buhler: Would the lot, the rest of the property, be able to be sold with what you're wanting to do?

Ruth Claassen: Yes, we have an interested buyer.

Member Luchini: And the corner of the chain link fence belongs to who?

Ruth Claassen: It's on our property.

Chairman Sisney: So what's being fixed is we're moving from here to here, just that right there.

Ruth Claassen: Yes.

Chairman Sisney: So that was the surveyor's mistake or what?

Ruth Claassen: Well, the surveyor that we just had do this is from Las Cruces, I don't know...I mean that's probably where they thought it was originally, but it wasn't exactly on the property line.

Chairman Sisney: But that was on the piece of property that you're trying to sell, and it's all one piece so what does it matter?

Ruth Claassen: Because this piece here is going to someone and then we want to sell our place.

City Clerk Torres: So do we have any more questions for Ms. Claassen or would we like to call to see if we have any other proponents at this time?

Chairman Sisney: There is no one else on the list.

City Clerk Torres: Is there anybody else in the audience that would like to speak as a proponent? How about an opponent just so we can have that on record? Any opponents?

Chairman Sisney: Does the board have any more questions for anyone in the room? Would someone like to make a motion?

Vice-Chairman Buhler made a motion to approve the summary plat.

Member Alicea seconded the motion.

Chris Sisney – Aye

Susan Buhler – Aye

Esther Luchini – Aye

Eduardo Alicea – Aye

City Clerk Torres: Motion carried.

I. STATEMENT OF PURPOSE

It is the purpose of the City of Truth or Consequences to provide a professional, effective and proficient police agency for service to the community. II. PATROL OFFICERS

Personnel within the Truth or Consequences Police Department will be expected to act with the up- most professionalism and efficiency and to do so with minimal supervision.

III. PATROL VEHICLES

The Department's vehicles are essential to an effective police operation. Carefully selected and maintained vehicles have a positive effect on police operations in general and individual officer performance in particular. Emphasis is placed on preventative maintenance, prompt mechanical repair, application of safety standards and obtaining maximum utilization of the available fleet.

Each patrol unit is conspicuously marked and equipped with items to assist in routine daily occurrences. This may include, but not be limited to,

- A. a first-aid kit/CPR mask
- B. roll-a-tape
- C. hand tools
- D. fire extinguisher
- E. radar

- C. An employee should secure his/her police vehicle while the engine is running. The only exceptions will be if the employee has to exit the vehicle in an emergency situation or on normal traffic violations.

- F. Officers operating police vehicles will not utilize electronic devices which may distract the driver, other than the MDT (Mobile Data Terminal) or the radio.

V. USE OF SEAT BELTS

While operating a police vehicle, members of this department will use the installed seat belts. Circumstances may, however, occur in which officer safety issues may outweigh the use of the seat belt (i.e., removing the seat belt just prior to arriving at the scene of an emergency call).

VI. INSPECTIONS

- A. Officers will be responsible for inspecting the interior of their assigned patrol units for contraband and weapons during the course of their shift. The vehicle will be inspected as follows:

- C. Willful acts or negligence on the part of employees in the care or operation of vehicles or failure to follow the established policies governing the use of vehicles will be cause for disciplinary action.
- D. Problems with the operation or function of the vehicle or vehicle equipment should be reported to the officer's immediate supervisor.
 1. When a department vehicle is in need of service or repair, the requesting employee will complete a Work Order with detailed information describing what deficiency was observed or what service is required.
 2. The work requested will be authorized by a supervisor.
 3. The work order will be left on the dashboard of the vehicle.
 4. The vehicle will be parked at the service center on the "repair line."
 5. The officer will then request a spare vehicle assignment through the Lieutenant. Keys to this vehicle will only be issued by the Lieutenant along with a Vehicle Inspection Sheet for inventory control purposes. The inspection sheet must be completed and returned to the Lieutenant with the keys to the vehicle once the spare vehicle is no

longer needed. In the event a gas card is required, the gas card will also be assigned to the officer and must be returned with the keys.

XVII. PURSUIT POLICY

- A. Definitions

The following definitions apply for the purpose expressed in this policy:

 1. Pursuit: An active attempt by one or more police officers to apprehend a suspect operating a motor vehicle while the suspect is trying to avoid capture by using high speed driving or other evasive tactics such as driving off a highway, making sudden or unexpected movements, or maintaining legal speed but willfully failing to yield to the officer's signal to stop.
 2. Serious Felony: A felony that involves an actual or threatened attack which the officer has reasonable cause to believe could result or has resulted in death or serious bodily injury (e.g., aggravated battery, armed robbery, and murder).
 3. Deterrent: Any method of restriction, or show of force which would likely

- discourage further vehicular pursuit. Allowing a passage of escape.
4. Roadblock: Any method or obstruction utilized or intended for the purpose of preventing free passage of motor vehicles on a roadway in order to affect the apprehension of an actual or suspected violator in a motor vehicle. This should be utilized only in extreme situations when deadly force is warranted.
 5. Primary Pursuing Unit: The police unit that initiates a pursuit, or any unit that assumes control of the pursuit.

B. Policy

All emergency vehicle operations shall be conducted in strict accordance with existing statutes. Officers engaged in emergency vehicle operations shall utilize both audible and visual (emergency lights) emergency warning equipment when engaged in pursuit.

All personnel operating departmental vehicles shall exercise due regard for the safety of all persons. No assignment shall be of such importance, and no task shall be expedited with such emphasis, that the principles of safety become secondary. There are no tasks in the Department of such importance that they justify the reckless disregard of the safety of innocent persons. Departmental personnel will be held strictly accountable for the consequences of their reckless disregard for the safety of others.

C. Procedures

1. Pursuit is justified only when:
 - a. The officer knows or has reasonable grounds to believe the suspect presents a clear and immediate threat to the safety of other motorists and/or pedestrians. The officer must have knowledge of immediate threat to the safety of others that is ongoing and that existed **prior** to the high-speed pursuit.
 - b. has committed or is attempting to commit a serious felony;
 - c. when the necessity of immediate apprehension outweighs the level of danger created by the pursuit, as in the case of a serious traffic violation such as DWI.
2. Initiating/Primary Unit Responsibilities
 - a. The responsibility for the decision to initiate pursuit rests with the individual officer. The officer initiating a pursuit shall, in all cases, notify Central Dispatch as soon as reasonably possible that a pursuit is underway and provide the following information, if known:
 - 1) Police unit identification;
 - 2) Location, speed and direction of travel;

- 3) Vehicle description and license number;
 - 4) The specific reason for the pursuit, including known laws violated;
 - 5) Number of occupants;
 - 6) Traffic and weather conditions.
- b. Failure to provide the above information may be cause for the patrol supervisor to order termination of the pursuit.
 - c. The initiating or primary unit shall be in field command and bears operational responsibilities for the pursuit unless relieved by a supervisor.
 - d. The authority of the primary unit pertains to the immediate field operation and is, at all times, subordinate to the command of the patrol supervisor.
 - e. The primary unit may maintain pursuit as long as it is safe to do so, or until directed to terminate the pursuit by a supervisor, or the suspect is stopped.
 - f. The decision to abandon pursuit may be the most prudent course of action. Officers must continually question whether the seriousness of the crime justifies continuing the pursuit. A pursuit shall be terminated under any of the following circumstances:
 - 1) If, in the opinion of the pursuing officer or the patrol supervisor there is a clear and unreasonable danger to the officer and other users of the highway created by the pursuit that outweighs the necessity for immediate apprehension.
 - 2) The suspect's identity has been established to the point that later apprehension can be accomplished, and there is no longer any need for immediate apprehension.
 - 3) The prevailing traffic, roadway and environmental conditions indicate the futility of continued pursuit.
 - 4) The pursued vehicle's location is no longer known.
 - 5) The pursuing officer knows or is reasonably certain, that the fleeing vehicle is operated by a juvenile and the offense does not constitute an immediate threat to life and the safety factors involved are obviously greater than a juvenile can cope with.
 - 6) The termination of a pursuit does not prohibit the following of a vehicle at a safe speed or remaining in an area to reinstate pursuit, if the opportunity and conditions permit.
3. Assisting Unit Responsibility
 - a. Assistance will be coordinated by the Communications Center under the direction of the patrol supervisor. The patrol supervisor and primary unit will be advised of the identity and location of backup units who can assist.
 - b. The active pursuit will normally involve not more than two units:

- 1) The primary unit
 - 2) One backup unit
 - c. If more assistance is specifically requested, the amount will be determined by:
 - 1) nature of the offense;
 - 2) number of suspects;
 - 3) whether the participating units have more than one officer;
 - 4) other clear and articulated facts that would warrant the increased hazard.
 - d. Only the patrol supervisor or their designee may authorize more than two units to be in active pursuit. All other units will remain aware of the direction and progress of the pursuit but shall not respond or parallel the pursuit on adjacent streets unless specifically authorized to do so.
 - e. The assisting unit, upon joining the pursuit, shall immediately notify the Communications Center of his/her identity. If the primary unit is a one-man unit, the assisting unit may assume radio communications responsibility, allowing the primary unit to devote full attention to driving.
 - f. The assisting unit will maintain a safe distance behind the primary unit, but be close enough to render backup assistance if and when required.
 - g. Assisting units shall, at all costs, avoid intersecting the path of an oncoming high-speed vehicle.
 - h. If the primary unit becomes disabled, the assisting unit will become the primary unit. The next unit to join the pursuit will be designated by the patrol supervisor.
4. Communications Center Responsibilities
- a. Receive and record all incoming information on the pursuit and the pursued vehicle.
 - b. Immediately notify the patrol supervisor when a pursuit is initiated. (Notify the Lieutenant as soon as practical)
 - c. Clear radio channel of any unnecessary traffic.
 - d. Perform relevant record and motor vehicle checks.
 - e. Control all radio communications during the pursuit.
 - f. Coordinate assistance under the direction of the patrol supervisor.
 - g. Continue to monitor the pursuit until it has been terminated.
5. Supervisor Responsibilities
- a. Upon being notified of the pursuit, the patrol supervisor shall verify the following:

- 1) No more than the required or necessary units are involved in the pursuit (2).
 - 2) Proper radio frequency is being utilized
 - 3) Affected allied agencies are being notified.
- b. The patrol supervisor will continue to direct the pursuit, and approve or order alternative tactics, such as the use of spike system, deterrent or a roadblock, and maintain control until the pursuit is terminated. In the absence of adequate information from the primary or backup unit, the patrol supervisor may order termination of the pursuit.

1) Emergency Vehicle Operation and Tactics

a) Offensive Tactics

In the course of pursuit, officers may **NOT** use their vehicles to bump or ram suspect vehicle, to force a vehicle off the road or in a ditch. Department policy on the Use of Deadly Force shall be adhered to during the pursuit.

The officers have spike systems, deterrent and roadblock capabilities.

Reckless or hazardous driving maneuvers shall **NOT** be duplicated by any pursuing vehicle.

b) Caravanning

There shall be **no** caravanning by field units not directly involved in the immediate pursuit.

c) Passing

There shall be **NO** attempt by officers to pass other field units involved in the pursuit unless the passing officer received specific permission from the patrol supervisor.

d) Spacing

All units in pursuit, whether the vehicle in front of the unit is the suspect vehicle or another police vehicle, shall space themselves at a distance that will ensure proper braking and reaction time in the event the lead vehicle stops, slows, or turns.

e) Unmarked Police Vehicles

Officers operating unmarked vehicles (provided the vehicle is equipped with emergency lights and siren) may engage in pursuit only when the fleeing vehicle presents an immediate and direct threat to life or property. Whenever a marked vehicle becomes

available to take over the pursuit, the unmarked vehicle will withdraw from active pursuit and serve in a support role.

f) Controlled Access Roadways

Officer shall **NOT** pursue suspects the wrong way on divided roadways unless specifically authorized by the patrol supervisor.

g) Roadblocks

- i. The use of a roadblock must be authorized by the patrol supervisor.
- ii. Generally, a roadblock will be employed only as a last resort.
- iii. The use of a roadblock must be directly associated with the seriousness of the crime for which the suspect is wanted.
- iv. The roadblock must be clearly visible and provide adequate warning to allow vehicles to come to a safe stop.

h) Traffic Control Devices

Extreme caution must be used whenever officers disregard traffic signs or signals, even though statutes specifically permit such conduct. Officers shall make use of all available warning devices to alert other motorists and pedestrians.

2) Inter-jurisdictional Pursuits

- a) The Communications Center, with the approval of the patrol supervisor, will notify outside agencies if this Department is in pursuit in their jurisdiction.
- b) Officers **SHALL NOT** become involved in another agency's pursuit unless specifically authorized by the patrol supervisor or it is clearly demonstrated that a unit from an outside agency is unable to request assistance, or the emergency nature of the situation dictates the need for assistance. In these instances, all departmental pursuit policies are in effect.

3) Overtaking/Pursuit of violators

The responsibility for the decision to overtake rests with the individual officer. In arriving at this decision, he/she must carefully consider all factors involved, including the seriousness of the offense, the possible consequences and most importantly, the safety of the general public. In order to diminish the likelihood of a pursuit, officers intending to stop a vehicle should, when practical, be within a close proximity to the vehicle prior to activating the emergency lights and siren. During the course of enforcement activities, specific incidents may

escalate from routine overtaking situations if the suspect attempts to evade apprehension. If this occurs, applicable pursuit policy and procedures apply.

D. Crashes during pursuits

1. Generally, if an officer is involved in a traffic crash during the course of a pursuit, the officer will terminate his/her part in the pursuit.
2. The patrol supervisor will make the determination, as to whether the pursuit is terminated or continued with the backup officer moving up to primary officer.
3. The patrol supervisor will ensure that the crash involving the primary unit is investigated.

E. Aggravated Fleeing a Law Enforcement Officer

1. Aggravated fleeing a law enforcement officer consists of a person willfully and carelessly driving his vehicle in a manner that endangers the life of another person after being given a visual or audible signal to stop, whether by hand, voice, emergency light, flashing light, siren or other signal, by a uniformed law enforcement officer in an appropriately marked law enforcement vehicle in pursuit in accordance with the provisions of the Law Enforcement Safe Pursuit Act.

F. Pursuits outside City limits

1. No pursuit shall be continued outside the city limits unless authorized by the patrol supervisor.
2. If an officer of the Department is in pursuit and the pursuit crosses a state line, the officer will have Central Dispatch notify those authorities. Once those responding authorities join the pursuit, the pursuit will be handled by them. Department officers will only assist if needed, abiding by our guidelines.
3. Outside authorities may arrest the felon, based on probable cause supplied by the Truth or Consequences Officer, and hold the felon for twenty-four (24) hours pending issuance of a warrant from New Mexico. Once the warrant has been issued, formal extradition proceeding can begin.
4. Under no circumstances will a Truth or Consequences Police Officer transport any person apprehended in another state back across the state line without the proper extradition proceedings being completed.

G. Follow-up Requirements

1. The on-duty supervisor shall ensure that all participating officers document their involvement in the pursuit. The supervisor shall prepare a summary report which includes:

- a) the names of participating officers;
- b) a narrative description of where the pursuit began and under what circumstances, where it ended and under what circumstances, and the duration of the pursuit;
- c) a description of the tactics used to stop the suspect's vehicle and an evaluation of their effectiveness;
- d) any observations on the behavior or actions of the fleeing driver that may support additional criminal charges;
- e) a description of how the suspect was apprehended, and the force-measures employed;
- f) a description of property damaged or an account of injuries sustained during the pursuit or death, or the use of deadly force is initiated, all involved officers will submit applicable reports to the Chief of Police through the chain of command;
- g) the offenses for which the suspect was charged; and
- h) A review of any pursuit will be conducted by the division commander as soon as possible. The review will be completed by analyzing all available information. The purpose of such review is to determine any additional or supplemental training needs or policy review.

XVIII. BIAS BASED PROFILING

A. PURPOSE/POLICY

The purpose of this policy is to unequivocally state that racial and ethnic profiling in law enforcement is totally unacceptable, to provide guidelines for officers to prevent such occurrences, and to protect our officers when they act within the dictates of the law and policy from unwarranted accusations.

In order to ensure that traffic law enforcement actions are in accordance with applicable laws and that they take into account the degree and severity of the violation, guidelines have been established to govern enforcement activities. The primary objective of traffic law enforcement is the promotion of traffic safety. All officers are expected to have a working knowledge of traffic laws and their proper application. All officers share the responsibility of traffic law enforcement.

A fundamental right guaranteed by the Constitution of the United States to all who live in this nation is equal protection under the law. Along with this right to equal protection is the fundamental right to be free from unreasonable searches and seizures by government agents. Citizens are free to walk and drive our streets, highways, and other public places without police interference so long as they obey the law. They also are entitled to be free from crime, and from the depredations of criminals, and to drive and walk our public ways safe from the actions of reckless and careless drivers.

The Truth or Consequences Police Department is charged with protecting these

rights, for all, regardless of race, color, ethnicity, sex, sexual orientation, physical handicap, age, religion or other belief system. Because of the nature of law enforcement, officers are required to be observant, to identify unusual occurrences and law violations, and to act upon them. It is this proactive enforcement that keeps our citizens free from crime, our streets and highways safe to drive upon and that detects and apprehends criminals.

This policy is intended to assist officers in accomplishing this total mission in a way that respects the dignity of all persons and yet sends a strong deterrent message to actual and potential lawbreakers that if they break the law, they are likely to encounter the police. It is the policy of this department to patrol in a proactive manner, to actively investigate suspicious persons and circumstances and to actively enforce the motor vehicle laws, while insisting that citizens will only be stopped or detained when there exists reasonable suspicion to believe they have committed, are committing, or are about to commit, an infraction of the law.

B. DEFINITIONS

1. Racial profiling: The detention, interdiction, or other disparate treatment of any person on the sole basis of their racial, color, national origin, language, gender, sexual orientation, political affiliation, religion, or ethnic status or characteristics.
2. Reasonable suspicion: Absent probable cause for arrest, an officer must have a specific and articulable basis in fact for suspecting criminal activity has occurred or is about to take place. The intrusion must be reasonable when viewed objectively in light of the circumstances, and the scope and character of the intrusion must be reasonably related to its purpose.

C. REPORTING/COMPLAINTS

1. The receiving supervisor should handle complaints as promptly as possible.
2. When a complaint is received, it is the responsibility of the receiving supervisor to determine the merit of the complaint.
3. Complaining parties wishing to lodge a complaint on an employee should be advised of the procedure for filing the complaint. The complainant shall have the definitions of “formal” and “informal” complaint given and explained to them. This information is available in written form.
4. At their request the complaining party will be given a Complaint Form to complete.
5. After completing the form, the complainant should be asked to sign it. The receiving supervisor will witness signature. If the complainant refuses to sign the complaint it should be noted on the form “Refused to Sign” and initialed by the receiving supervisor.
6. The complainant will be given a copy of the form and the original shall be maintained by the Department.

7. The complaint will be forwarded to the employees' supervisor within 24 hours after the complaint is received.
8. Upon receipt of the complaint, the supervisor may notify the involved officer of the complaint. The officer may be requested to submit a memorandum to the investigating supervisor detailing the incident.
9. Any statements taken by the investigating supervisor should be taped.
10. At the conclusion of the investigation the investigating supervisor should submit a report within 30 days and the report should include the following:
 - a. Summary of allegation;
 - b. Statements of parties involved and witnesses;
 - c. Findings—if specific violation in policy or statute has been violated these will be listed;
 - d. Corrective Action/Disciplinary Recommendation (if applicable);
 - e. The taped statement (tape)

13. An Internal Affairs Investigation can be conducted at the discretion of the Chief of Police.

I. STATEMENT OF PURPOSE

The Criminal Investigation Division's goal is to thoroughly investigate reported criminal offenses and arrest persons responsible for the commission of these crimes. Officers assigned to the Criminal Investigation Division are non-uniformed personnel who investigate, case reports, arrest warrants, search warrants, make arrests of defendants, and prepare other documents which are required for completion of assignments and presentation to the proper prosecuting authority.

II. PRELIMINARY/FOLLOW-UP INVESTIGATIONS:

- A. During an investigation the officer should observe all conditions, events and remarks as well as locate and identify suspects, victims, witnesses, identify and protect crime scenes and arrange for collection of evidence.
- B. The investigator will gather facts and evidence at the scene by the use of department equipment through interviews and interrogations in an effort to establish circumstances and perpetrator of the crime.
- C. Investigators will interview witnesses, complainants, suspects, and victims and others who could have knowledge of a crime. These persons can be re-contacted and re-interviewed if it is believed to be necessary and advantageous to the investigation.
- D. Once a crime has been reported to the Truth or Consequences Police Department a preliminary investigation will begin. A preliminary investigation is the initial report of an offense.
 1. Most preliminary investigations are conducted by Patrol Officer, unless conditions exist to warrant the involvement of Criminal Investigation Division personnel in the initial investigation.
 2. During the investigation, the officer should observe all conditions, events and remarks, as well as locate and identify any witnesses and any potential evidence related to the crime being investigated.
 3. Investigations and information obtained will follow guidelines set forth in New Mexico State statutes and/or City of Truth or Consequences Municipal

Code dealing with criminal law, criminal procedure and accessibility to various records keeping systems. Case laws established by New Mexico and Federal courts apply to all investigations.

4. When questions arise on legal procedures, investigators should consult with supervisors and the District Attorney's Office for appropriate guidance.

III. CASE SCREENING

- A. Cases, except those closed by the original investigating officer, are classified as "pending further investigation." Cases pending investigation remain in this status until such time that an alternate classification has been assigned.
- B. The designated supervisor, who is assigned responsibility to screen cases, shall issue cases to investigators based upon solvability factors.
 1. A decision shall be made by the supervisor whether to assign a case for investigation or change the status to "not assigned." This decision is generally based on minimum solvability factors.
 2. Solvability factors should assist supervisors in maximizing available resources in the investigation of potentially solvable cases and cases of more serious nature.

C. Solvability factors

Solvability factors are considered based upon the following criteria:

1. Complainant does not wish to prosecute.
2. Suspect arrested.
3. Suspect named/identified/location known.
4. Suspect vehicle information known/described.
5. Persons or major crime(s) against person/property having substantial loss.
6. Traceable property taken.
7. Witness to the offense.
8. Evaluation of evidence.

IV. ON SCENE INVESTIGATIONS

Once an investigator has been called to the location for a preliminary investigation, he/she is responsible for the following:

- A. The investigator will take responsibility of the scene when asked to respond to a location. The first arriving investigator will take into consideration their safety and the safety of others when arriving at a crime scene. Once established that there is no danger to themselves or others, the scene may be secured with no additional officers, investigators or supervisors passing beyond the established perimeter of the scene, unless absolutely necessary. A log, started by initial officer, will be kept on record of personnel entering the crime scene.

- B. The investigator will gather facts and evidence at the scene by use of department equipment and interview or interrogation, in an effort to establish the circumstances and perpetrator of the crime.
- C. All evidence collected will be properly tagged and placed into evidence before completion of duty that day. If an arrest is made, the primary officer or the investigator will file an affidavit and/or criminal complaint to be attached to all arrest reports of the defendant. Supplemental reports will be completed and turned in for review.
- D. The investigator will review and analyze all reports and complaints prepared by other officers involved in the investigation of the case during the preliminary investigation.

V. FOLLOW UP INVESTIGATIONS

Follow-up investigations are those which go beyond the scope of preliminary and usually apply to those cases which are assigned. Included are following-up information that may lead to the identification and arrest of a suspect, property recovery and/or clearance of a reported offense. In most cases follow-up investigations are conducted by an investigator. These investigations should be conducted in accordance with applicable department procedures:

- A. Cases will be assigned to the investigator by the Lieutenant responsible for distribution. This distribution will be made as equitably as possible.
- B. Once assigned a case, the investigator will analyze all reports prepared in the preliminary investigation.
- C. The investigator will seek additional information by contacting uniformed officers, and re-contacting victims, witnesses, complainants or informants and prepare case files.

- F. Fingerprint cards on suspects who have a criminal history may be obtained through the Records Section. When possible, the original card should be sent to the laboratory along with a latent for comparison. Upon return, if the comparison was negative, the card should be returned to the Records Section. If it was positive, the card should be treated as evidence, tagged and packaged accordingly.
- G. Once a latent print has been positively identified, the information should be documented in a supplemental report and the latent print returned to evidence.

- 3. Items of evidence containing wet blood are air dried and packaged separately to avoid cross contamination. These items are packaged according to Evidence packaging guidelines.
- 4. Evidence from a known source is collected for comparison purposes along with crime scene collected evidence.
- 5. Comparison materials should be properly stored and submitted along with evidence from the known source.
- 6. If evidence is not accepted by the lab, the assigned Detective indicates the reason in a supplemental report.

C. Known Standards

- 1. Anytime a patrol officer or Detective collects an unidentified item or substance or an item or substance believed to be foreign to the scene, all available comparable substances and materials from known sources are collected for identification and/or elimination purposes.

2. It is possible that evidence in the form of trace materials and substances may have been transferred to the suspect during the commission of an offense and taken from the scene. Such evidence may be recovered at a later date; therefore, known standard samples of such materials and substances should be collected from crime scenes.
3. The location from which known standard samples are taken can be critical, especially in cases where fracturing or tearing has occurred.

The Chief of Police or his designee will make the determination as to whether or not officers will remain present at the scene of a strike or whether a close patrol will be maintained.

A. General Policy

The police will not take sides in a strike; they will enforce the laws impartially and be ever conscious of their personal conduct, courtesy and bearing. The officers protect both parties from personal injury, property damage or the disturbance of public peace, and insure free passage of all citizens on the sidewalk and street. Picketers enjoy the right of free speech and expression. They may carry banners and voice what they wish so long as they do not violate the rights of others, violate state statute or city ordinance. <input type="checkbox"/> Sworn Personnel <input type="checkbox"/> Civilian Personnel <input checked="" type="checkbox"/> All Personnel		Authorizing Signature:  Chief of Police Luis A. Tavizon

I. PURPOSE

The purpose of this order is to outline and describe the departmental evaluation process.

II. POLICY:

The department bears an obligation to the public and its own personnel to hire and maintain the best qualified employees. To that end, the department regularly and formally evaluates the performance of officers and other employees. The evaluation system discussed herein serves both the interests of management and the department's employees. The purposes of the evaluation system are to (1) allow fair and impartial personnel decisions; (2) maintain and improve performance; (3) provide a basis and a medium for personnel counseling; (4) assist decisions about the tenure of probationary employees; and (5) identify training needs.

III. PROCEDURES:

A. General

1. All employees shall be evaluated using the form located in the appendix to this order.
2. Evaluations reflect observations and perceptions by rating personnel, and are, therefore, inherently subjective. Nevertheless, personnel shall be rated according to unacceptable, acceptable or superior behavior. Specific guidelines for rating behavior are found in the appendix to this order.
3. At the discretion of the Chief of Police, each officer shall be evaluated either every six months or annually. To constitute a satisfactory score, an officer must receive an overall satisfactory. Officers who fail to receive an overall satisfactory shall be placed on probation for a period determined by the Chief of Police. Within the re-evaluation period, an officer shall receive remedial training in deficient areas, demonstrate proficiency (or satisfactory improvement) in deficient

areas, the training and improved behavior documented on the evaluation form. During a probationary period for remedial training, an officer shall receive evaluations weekly or bi-weekly, at the Chief's discretion. This process may also be referred to as a "Performance Improvement Plan."

4. All evaluations shall be placed in employees' personnel files.
5. All newly hired officers in their probationary year shall receive a 90 day and 11 month written evaluations if no significant deficiencies are observed.
6. Officers promoted or transferred to new assignments shall receive evaluations at 90 days and 11 months for the first year of assignment or promotion, or more often at the Chief's discretion.
7. All department personnel shall be evaluated as per their chain of command. In every case, the employee being evaluated will be evaluated by a supervisor of at least one rank higher. Civilian staff will be evaluated by the Lieutenant or designee.
8. An officer who receives an unsatisfactory mark he or she perceives unjust may protest same to the Chief of Police. The officer concerned must rebut the comments or marks in writing, submitted through the chain of command to the Chief of Police. In any case, final appeal extends as per the City of Truth or Consequences Employee Policy Manual in writing, through the Chief of Police.

B. Scale Value Application:

1. The most difficult task facing the person doing the rating is applying the numerical scale which accompanies categories of behavior. Two persons might not apply the same numerical values to the person under evaluation. To reduce such differences, the appendix to this instruction clearly defines what constitutes unacceptable, acceptable, and superior behavior.
2. The philosophy of the evaluation form focuses on observations of demonstrated proficiency in behavior relevant to the job. Proficiency may be demonstrated in a variety of ways:
 - a. Performing the behavior in the field.
 - b. Performing the behavior in a practical exercise or simulation, accompanied by written or oral testing.
 - c. Written or oral testing (for subjects not amenable to field demonstration).
3. Any rating below satisfactory must be documented. Deficiencies in behavior must receive precise documentation. For example, an officer might receive an (unacceptable) under officer safety. In the comments section, the person rating personnel would write, "Officer consistently presents his gun to traffic violators and approaches stopped vehicles with objects in both hands."
4. The categories of behavior represent key areas of police behavior. The categories are aligned in four subjects: critical performance tasks, knowledge, attitude/relations, and appearance.

I. PURPOSE

It is the policy of the Truth or Consequences Police Department to foster a program of discipline which defines the word "discipline" as "training or development through instruction," in order to provide a framework for the fair and consistent administration of discipline. This will enable the department to retain its discretionary authority for the "individualized" imposition of disciplinary action while ensuring a systematic and consistent administration of discipline to all personnel of the Truth or Consequences Police Department.

II. OBSERVATION OF DEPARTMENT RULES

The Truth or Consequences Police Department maintains a set of rules to encourage professional standards. Knowledge of the rules is imperative to produce an ethic in which all personnel of the department follow a code of conduct. All personnel shall observe rules, regulations, policies and procedures which have been set forth in the both the City of Truth or Consequences Personnel Manual and the Department Rules and Regulations. The fair and impartial enforcement of the rules shall serve as a cornerstone for a professional police department.

The disciplinary and grievance systems are designed to provide fairness in resolving personnel problems. Personnel shall familiarize themselves with the procedures as outlined in the City of Truth or Consequences Personnel Manual and the Department Rules and Regulations.

III. RESPONSIBILITY

- A. Support of the disciplinary system is a responsibility shared by all department personnel.
- B. Supervisor(s) are responsible to motivate, counsel, and train individuals toward self-discipline. Supervisors are charged with the responsibility of initiating corrective action when violations are committed within the guidelines of the Department policies.

- C. Failure of a supervisor to immediately initiate corrective and/or disciplinary action against an employee for a violation of the rules and regulations shall constitute dereliction of duty on the part of that supervisor.
- D. Sergeants/Supervisors have the authority to initiate disciplinary action on employees through the chain of command. All requests for disciplinary action must be made in writing with all documentation attached.
- E. Sergeants/Supervisors have the authority to relieve an employee from duty status pending review through the chain of command.

- C. In addition, any employee who is promoted, demoted or otherwise transferred from one position to another position shall be on probation for a period of twelve months.

VI. PERFORMANCE COUNSELING FOR LESS SERIOUS INFRACTIONS OF RULES

- A. Performance Counseling provides immediate disciplinary action against employees who fail to conform to certain departmental standards of conduct and appearance. This procedure does not require a subsequent investigation. Performance Counseling may be imposed within the employee's chain of command by an oral reprimand or performance counseling.
 - 1. Oral reprimands will be documented by the supervisor.
 - 2. A copy of performance counseling will be sent to the employee's Division Commander.
- B. Action under this section will not bar a recommendation for a more severe penalty by higher authority when it is felt that performance counseling is being used to cover a transgression warranting a more severe penalty.

VII. LETTERS OF REPRIMAND

When the recommended disciplinary action is a written reprimand, the employee's immediate Supervisor will prepare a request and send it up the chain of command to the Division Commander. The Division Commander will have the opportunity to write the letter or reprimand or refer it back to the Supervisor for informal review. If a letter of reprimand is written it will be addressed to the employee and contain the following information:

1. A brief description of the incident involving the employee.
 2. The specific rules violated.
- A. Written reprimands issued to sworn personnel will close with the following statement:
- A COPY OF THIS REPRIMAND WILL BE PLACED IN YOUR PERSONNEL FILE. ANY FUTURE VIOLATION BY YOU OF THE CITY PERSONNEL RULES, OR DEPARTMENTAL RULES OR REGULATIONS ISSUED BY THE CHIEF OF POLICE WILL RESULT IN THE APPROPRIATE PENALTY FOR SUCH VIOLATION AND MAY RESULT IN MORE SEVERE DISCIPLINARY ACTION. A LETTER OF REPRIMAND IS NOT GRIEVABLE UNLESS PAY OR BENEFITS ARE AFFECTED.
- B. Upon receiving a written reprimand, the employee will acknowledge receipt by signing the document. The original of the letter will be given to the employee and a copy will be put in the officer's personnel file.

IX. SUSPENSIONS

- A. If the situation warrants and for cause, the Chief of Police, in consultation with the City Manager, may suspend without pay.

Reduction in rank may be used with other disciplinary action.

XV. INFRACTIONS AND PUNISHMENTS

- A. Except for gross breaches of discipline, supervisors shall attempt to begin employee discipline with the least punitive measures. If these do not work, then increasingly more severe measures may be required. While this process may take some time, it is important that each employee be dealt with justly, and in a manner which clearly indicates that positive, constructive measures to change behavior or performance preceded the imposition of more negative sanctions.
- B. Employees are reminded that all appeals are governed by law, as specified under the Law Enforcement Officers' "Bill of Rights" and "Garrity."
- C. Unacceptable conduct is divided into three categories according to severity of misbehavior.

Because of work in environments that provide inherently unpredictable risks of exposures, general infection control procedures shall be applicable to all work situations. Exposures are unpredictable; therefore, protective measures often may be used in situations that do not appear to present risk.

II. POLICY

These general infection control procedures have been developed to minimize the risk of patient acquisition of infection from contact with contaminated devices, objects or surfaces and of transmission of an infectious agent from health-care workers to patients. These procedures also should protect health-care workers from the risk of becoming infected. These procedures are designed to prevent transmission of a wide range of microbiological agents and to provide a wide margin of safety in the varied situations encountered in the health-care environment.

Should a booster dose(s) be recommended at a future date under the same conditions listed above, such booster dose(s) shall be provided free of charge according to standard recommendations for medical practice.
- 3. Following a report of an exposure incident, the employer will make available a confidential medical evaluation and follow-up, including at least the following elements:

*****SPECIAL GUIDELINES FOR LAW ENFORCEMENT PERSONNEL*****

Law enforcement officers may face the risk of exposure to blood during the conduct of their duties. For example, at the crime scene or during processing of suspects, law enforcement officers may encounter blood-contaminated hypodermic needles or weapons or be called upon to assist with body removal. Officers similarly may be required to search prisoners or their cells for hypodermic needles or weapons or subdue violent and combative inmates.

The following section presents information for reducing the risk of acquiring HIV and HBV infection by law enforcement officers as a consequence of carrying out their duties. However, there is an extremely diverse range of potential situations which may occur in the control of persons with unpredictable, violent or psychotic behavior. Therefore, informed judgment of the individual officer is paramount when unusual circumstances or events arise. These recommendations should serve as an adjunct to rational decision making in those situations where specific guidelines do not exist, particularly where immediate action is required to preserve life or prevent significant injury.

The following guidelines are arranged into three sections: a section addressing concerns shared by both law enforcement and detention facility officers, and two sections dealing separately with law enforcement officers and detention facility officers, respectively.

X. LAW ENFORCEMENT CONSIDERATIONS

A. FIGHTS AND ASSAULTS

Law enforcement officers are exposed to a range of assaults and disruptive behavior through which they potentially may become exposed to blood or other body fluids containing blood. Behaviors of particular concern are biting, attacks resulting in blood exposure, and attacks with sharp objects. Such behaviors may occur in a range of law enforcement situations including arrests, routine interrogations, domestic disputes and lockup operations, as well as in detention facility activities. Hand-to-hand combat may result in bleeding and thus may incur a greater chance for blood-to-blood exposures, which increases the chance for blood-borne disease transmission.

Whenever the possibility for exposure to blood or blood-contaminated body fluids exists, appropriate protection should be worn, if feasible under the circumstances. In all cases, extreme caution must be used in dealing with the suspect or prisoner if there is any indication of assaults or combative behavior. When blood is present and a suspect or an inmate is combative or threatening to staff, gloves should always be put on as soon as conditions permit. In case of blood contamination of clothing, an extra change of clothing should be available at all times.

B. CARDIOPULMONARY RESUSCITATION

Law enforcement personnel also are concerned about infection with HIV and HBV through administration of cardiopulmonary resuscitation (CPR). Although there have been no documented cases of HIV transmission through this mechanism, the possibility of transmission of other infectious diseases exists. Therefore, agencies should make protective masks or airways available to officers and provide training in their proper use. Devices with one-way valves to prevent the patients' saliva or vomitus from entering the care giver's mouth are preferable.

XI. LAW ENFORCEMENT CONSIDERATIONS

A. SEARCHES AND EVIDENCE HANDLING

Criminal justice personnel have potential risks of acquiring HBV or HIV infection through exposures which occur during searches and evidence handling. Penetrating injuries are known to occur, and puncture wounds or needle sticks in particular pose a hazard during searches of persons, vehicles or cells, and during evidence handling. The following precautionary measures will help to reduce the risk of infection:

1. An Officer should use great caution in searching the clothing of suspects. Individual discretion, based on the circumstances at hand, should determine if a suspect or prisoner should empty his own pockets or if the officer should use his own skills in determining the contents of a subject's clothing.
2. A safe distance should always be maintained between the officer and the suspect.
3. Wear protective gloves if exposure to blood is likely to be encountered.
4. Wear protective gloves for all body cavity searches.
5. If cotton gloves are to be worn when working with evidence of potential latent fingerprint value at the crime scene, they can be worn over protective disposable gloves when exposure to blood may occur.
6. Always carry a flashlight, even during the daylight shifts, to search hidden areas. Whenever possible, use long-handled mirrors and flashlights to search such areas (e.g., under car seats).
7. If searching a purse, carefully empty contents directly from purse by turning it upside down over a table.
8. Use puncture-proof containers to store sharp instruments and clearly marked plastic bags to store other possibly contaminated items.
9. To avoid tearing gloves, use evidence tape instead of metal staples to seal evidence.
10. Local procedures for evidence handling should be followed. In general, items should be air dried before sealing in plastic.

Officers and crime scene technicians may confront unusual hazards, especially when the crime scene involves violent behavior, such as a homicide where large amounts of blood are present. Protective gloves should be available and worn in this setting. In addition, for very large spills, consideration should be given to other protective clothing, such as overalls, aprons, boots, or protective shoe covers. They should be changed if torn or soiled, and always removed prior to

leaving the scene. While wearing gloves, avoid handling personal items such as combs and pens that could become soiled or contaminated.

Face masks and eye protection or a face shield are required for laboratory and evidence technicians whose jobs entail potential exposures to blood via a splash to the face, mouth, nose or eyes.

Airborne particles of dried blood may be generated when a stain is scraped. It is recommended that protective masks and eye wear or face shields be worn by laboratory or evidence technicians when removing the blood stain for laboratory analyses.

While processing the crime scene, personnel should be alert for the presence of sharp objects such as hypodermic needles, knives, razors, broken glass, nails or other sharp objects.

B. HANDLING DECEASED PERSON AND BODY REMOVAL

For detectives, investigators, evidence technicians and others who may have to touch or remove a body, the response should be the same as for situations requiring CPR or first aid: wear gloves and cover all cuts and abrasions to create a barrier and carefully wash all exposed areas after any contact with blood or other body fluids. The precautions to be used with blood and deceased person also should be used when handling amputated limbs, hand or other body parts. Such procedures should be followed after contact with the blood of anyone, regardless of whether they are known or suspected to be infected with HIV or HBV.

XII. DETENTION FACILITY CONSIDERATIONS

- A. **SEARCHES:** Penetrating injuries are known to occur in the detention facility setting, and puncture wounds or needle sticks in particular pose a hazard during searches of prisoners or their cells. The following precautionary measures will help to reduce the risk of infection:
- B. A detention facility officer should use great caution in searching the clothing of prisoners. Individual discretion, based on the circumstances at hand, should determine if a prisoner should use his own skills in determining the contents of a prisoner's clothing.
 - 1. A safe distance should always be maintained between the officer and the prisoner.
 - 2. Always carry a flashlight, even during daylight shifts, to search hidden areas. Whenever possible, use long-handled mirrors and flashlights to search such areas (e.g., under commodes, bunks, and in vents in jail cells).
 - 3. Wear protective gloves if exposure to blood is likely to be encountered.
 - 4. Wear protective gloves for all body cavity searches.

****NOTE:** Not all types of gloves are suitable for conducting searches. Vinyl or latex rubber gloves can provide little, if any, protection against sharp instruments, and they are not puncture-proof. There is a direct trade-off between level of protection and manipulability. In other words, the thicker the gloves, the more protection they provide, but the less effective they are in locating objects. Thus, there is no single type or thickness of glove appropriate for protection in all situations. Officers should select the type and thickness of glove which provides the best balance of protection and search efficiency.

B. DECONTAMINATION AND DISPOSAL

Prisoners may spit at officers and throw feces; sometimes these substances have been purposefully contaminated with blood. Although there are no documentation of cases of HIV or HBV transmission in this manner and transmission by this route would not be expected to occur, other diseases could be transmitted. These materials should be removed with a paper towel after donning gloves, and the area then decontaminated with an appropriate germicide. Following clean-up, soiled towels and gloves should be disposed of properly.

*****SPECIAL CONDITIONS FOR OFFICERS*****

XIII. INTRODUCTION

Blood is the single most important source of HIV, HBV and other blood-borne pathogens in the occupational setting, and preventing transmission must focus on blood and other body fluids containing visible blood. Precautions apply to semen, pleural, peritoneal, pericardial, urine, feces and amniotic fluid.

XIV. GENERAL PROCEDURES

- A. When working in an environment in which body fluids are known to be present, the measure of protection will be barriers of protective clothing and universal precautions.
- B. Protective clothing consists of gloves, boots, goggles and face masks. Goggles and face masks are to be used only in environments in which body fluids become aerosolized or splattering is likely to occur.
- C. Work environments include but are not limited to sewers, open sewers, bathrooms, rendering first aid and CPR, and assisting the public.
- D. Whenever possible, one must not come in contact with any body fluids
- E. Hands and other skin surfaces shall be washed immediately and thoroughly if contaminated with blood or other body fluids or after having been in contaminated areas.
- F. Body fluid spills should be hosed down a drain or wiped up and cleaned with a disinfectant solution when wearing the proper protective equipment.
- G. Needles and sharp instruments should not be recapped. Do not remove used needles from syringes. Do not bend, break or otherwise manipulate any needle.

Place syringe and needle combinations and other sharp items in puncture-resistant containers for proper disposal.

XV. PROTECTIVE CLOTHING

After working in an environment in which body fluids are known to be present, the protective barriers (gloves and galoshes) should be cleaned and disinfected prior to removal, if possible. Other barriers may be removed prior to cleaning and disinfecting.

In the event that uniform clothing does come into contact with any infected material the officer will be responsible for the safe transport of these items to the Sierra Vista Hospital. There the items will be appropriately cleaned and returned to the officer. If the items cannot be cleaned safely the items will be disposed of properly and a memo will be sent as directed for lost/damaged property. All articles of clothing to be disposed of will be done so by utilizing the large "Biohazard" canister located by the back door. No other exceptions of disposal will be accepted due to possible cross contamination and/or re-contamination.

The Lieutenant will be responsible for the coordination of all training on the communicable disease program. He will work with City Hall and the Safety Officer for the City in obtaining training programs.

All employees will be advised of any health fairs offered by the city.

All new hires will be offered inoculations for communicable diseases at the time of hire.

III. PRINCIPLES

The Employee Assistance Program offers referral to individual counseling and other providers of services for employees who need assistance dealing with problems in their personal life, that in turn, affect their job performance. Employee problems remain personal until they begin to affect the employees' work, the morale of other employees, and/or the overall effectiveness of the organization. This program is designed to help prevent problems from escalating.

IV. SERVICES

A. *Employee Assistance Program provider and city services may include:*

1. confidential assessment, counseling, additional referral, and follow-up;
2. access to counselors;
3. training seminars and workshops for senior-level management, supervisors, and employees;
4. consultation with supervisors to assist with employees "at risk";
5. critical Incident Stress Debriefings that respond to traumatic events in the workplace such as robberies, sudden deaths, violence in the workplace, or natural disasters;

6. orientations that introduce EAP services to employees; and confidentiality and security of information.
7. The terms and conditions of the EAP, including services offered may change depending upon the EAP provider.

V. SELF-REFERRAL

- A. Employees and their dependents may confidentially refer themselves to the EAP for assessment and in some instances referral to treatment.
- B. Supervisors may suggest self-referral if an employee approaches them with a personal problem and no work performance problem is involved. In this instance, whether the employee utilizes the EAP will remain completely confidential unless the employee chooses to disclose this information.
- C. Employees who refer themselves to the EAP will not be penalized for utilizing the EAP, nor will EAP records be made part of the City's Personnel records.
NOTE: The City of Truth or Consequences has a zero tolerance Drug and Alcohol Policy. Situations involving possession, use or being under the influence of alcohol or drugs while on duty, and/or a confirmed positive drug/alcohol test result are covered under the City of Truth or Consequences Administrative Regulation (AR) DM09-10. Any provisions of AR DM09-10, above and beyond this policy, not specifically stated or covered, remain in effect for all employees. Discipline, up to and including termination will be taken, and relevant documentation in this regard, will be made a part of the employee's official personnel record.
- D. Self-referral to the EAP does not excuse an employee from disciplinary measures associated with poor performance or violations of policies, procedures, or safety rules.
- E. If employees refer themselves and have an appointment with the EAP during working hours, they must take leave as defined in Policy on Leave. If employees utilize Sick Leave for this purpose, they may be asked to provide documentation as defined in Procedure on Sick Leave.

VI. SUPERVISORY REFERRAL

- A. Supervisors are responsible for detecting and attempting to correct unsatisfactory job performance.
- B. A supervisory referral to the EAP may be used as an effective tool when chronic employee problems show no consistent improvement, particularly when other supervisory attempts have failed.
 1. Supervisory referrals will utilize the chain of command and will notify their supervisor for direction to continue.
 2. The Chief or his designee will make the ultimate decision for referral.

- C. When supervisors are going to refer an employee formally to the EAP, they must contact the Director of Personnel and Human Resources, contact will then be made to inform the EAP staff in advance of the specific performance problem. With this formal referral supervisors will receive information regarding the date, time, and duration of the appointment only.
- D. The EAP is an additional resource for supervisors to assist employees and improve job performance and not designed to replace any normal supervisory or disciplinary procedure.
- E. Employees who have been referred by their supervisor to the EAP may be placed on Official Leave for their initial visit. After the initial visit leave must be taken in accordance with the Leave Policy.
- F. The City reserves the sole discretion in evaluating situations on a case-by-case basis.

- D. Curriculum provided to new recruits is based on requirements of the New Mexico Law Enforcement Academy and developed around the most frequent assignments of officers. A variety of evaluation techniques have been designed to measure competency in the required skills, knowledge, and abilities. These guidelines are set forth in the New Mexico Law Enforcement Academy Handbook

VIII. FIELD TRAINING PROGRAM

In keeping with the strictest levels of performance requirements, the Department strives to train professional police officers. The guidelines set by the Field Training and Evaluation Program serve as standards for the acceptance of a recruit as a permanent officer at the end of the field training process.

- A. A non-certified recruit will not be assigned to a Field Training Officer program.
- B. Recruit officers are not allowed to act on their own until they have completed a prescribed Field Training Program. Recruits do not work overtime alone or at off-duty jobs without prior approval of the Chief of Police.
- C. The Training Section has the ultimate responsibility for the training received by a recruit from the time of hire through the Field Training Program.
 - 1. The Lieutenant is responsible for maintaining a liaison with the academy staff.
 - 2. Truth or Consequences Police Department FTO program consist of three phases. An evaluation is forwarded to the Lieutenant at the completion of each phase.
- D. During the Field Training Program, a recruit will remain in the FTO program or be assigned an officer to ride with until satisfactory completion and released or entry into the Law Enforcement Academy.
 - 1. The Field Training Program is based upon sufficient training necessary to accomplish the training requirement of the department.
 - 2. At the completion of each phase, a recruit is normally rotated to another FTO, if practical.
- E. During each phase of training the recruits will follow the Training Manual which is designed to provide a guide in which the recruit will be trained. In theory each recruit should be receiving the same training at the same time. The recruit and the FTO will both be responsible for signing off on the training manual. This will help ensure that the recruit is receiving and understanding the information that is being presented to him/her and establishes accountability for the training.

- F. At the completion of each work day, the FTO shall complete a Daily Observation Report (DOR). This evaluation is completed using the standardized evaluation guidelines found in the Field Training Manual. This evaluation is designed to measure competency in the required skills, knowledge and abilities. Once this evaluation is complete, it shall be reviewed by the recruit and then by the on-duty shift supervisor. A copy is forwarded to the Lieutenant and Lieutenant, the original is retained in the recruit's training file.
- G. At the end of each phase, an evaluation is completed by the assigned FTO. This evaluation should cover the following:
1. The progress of the recruit-whether ahead of, behind of, or on schedule;
 2. Any significant strengths displayed;
 3. Any significant weakness;
 4. Any remedial training received and outcome; and
 5. Recommendation from the FTO on progressing to the next phase.
- H. At the end of the Last phase, an evaluation is completed by the assigned FTO. This evaluation should cover, in addition to the above information, a recommendation from the FTO on the probability of the recruit's success and if he should be released from the program.
- I. At the conclusion of second phase if there is a high probability of success, the recruit will be placed into third phase. Movement from the second phase into the third phase is not automatic. This decision will be made and recommended by the FTO's and the Shift Supervisors and approved by the Lieutenant.
- J. The third phase consists of one week. This is a time provided to the recruit to review with the FTO any training issues that have occurred during the first two phases and clarify any questions/problems that might exist (this is also a shadow phase). At the conclusion of phase three the recruit will be recommended for assignment to a shift at the discretion of the Lieutenant.
- K. If at any time in the three phases of training the FTO recognizes a problem area that he/she is unable to correct through remedial training, it may become necessary to remove the recruit from the FTO program for additional training in specified area. If this occurs and the recruit is removed, a certified instructor in the problem area and the Lieutenant will provide remedial training and then forward the results of that training to the FTO supervisors
1. If the recruit completes the training satisfactorily, the recruit will be placed back into the field training program and continue the process, where he/she left.
 2. If the recruit cannot complete the training at a proficient level, a determination will be made regarding the status of the recruit by the Lieutenant, Lieutenant and the Chief of Police.
- L. At the conclusion of each phase of training, the Field Training Officers and the Lieutenant will have a meeting to discuss the following:

1. Any problem areas that have been encountered;
 2. A recruits strong and weak points; and
 3. Any suggestions that might assist the next FTO in his/her phase of training.
- M. A training file on each recruit is maintained by the Field Training Officer the recruit is assigned to. The file follows the recruit to his/her next shift. The training file consists of the following originals:
1. Daily Observation Reports;

I. STATEMENT OF PURPOSE

In order to ensure that traffic law enforcement actions are in accordance with applicable laws and that they consider the degree and severity of the violation, guidelines have been established to govern enforcement activities. The primary objective of traffic law enforcement is the promotion of traffic safety. All officers are expected to have a working knowledge of traffic laws and their proper application. All officers share the responsibility of traffic law enforcement.

A fundamental right guaranteed by the Constitution of the United States to all who live in this nation is equal protection under the law. Along with this right to equal protection is the fundamental right to be free from unreasonable searches and seizures by government agents. Citizens are free to walk and drive our streets, highways, and other public places without police interference so long as they obey the law. They also are entitled to be free from crime, and from the depredations of criminals, and to drive and walk our public ways safe from the actions of reckless and careless drivers.

The Truth or Consequences Police Department is charged with protecting these rights, for all, regardless of race, color, ethnicity, sex, sexual orientation, physical handicap, religion or other belief system. Because of the nature of law enforcement, officers are required to be observant, to identify unusual occurrences and law violations, and to act upon them. It is this proactive enforcement that keeps our citizens free from crime, our streets and highways safe to drive upon and that detects and apprehends criminals.

The purpose of this policy is to unequivocally state that racial and ethnic profiling in law enforcement is totally unacceptable, to provide guidelines for officers to prevent such occurrences, and to protect our officers when they act within the dictates of the law and policy from unwarranted accusations.

This policy is intended to assist officers in accomplishing this total mission in a way that respects the dignity of all persons and yet sends a strong deterrent message to actual and potential lawbreakers that if they break the law, they are likely to encounter the police. It is the policy of this department to patrol in a proactive manner, to aggressively **investigate**

suspicious persons and circumstances and to actively enforce the motor vehicle laws, while insisting that citizens will only be stopped or detained when there exists reasonable suspicion to believe they have committed, are committing, or are about to commit, an infraction of the law.

II. STATEMENT OF PURPOSE

It is the intended purpose of the Department to ensure compliance with regulations set forth by the New Mexico traffic code. The directives in this order are intended to provide guidance in achieving these objectives.

III. ARREST

Anytime that the free movement of a civilian is stopped by a law enforcement officer it is technically an arrest. This holds true to a violator of a traffic law also; State Law requires that an officer be in uniform at time of arrest for any traffic violation. This department intends that each stop be done in accordance with Constitution, New Mexico State Law and Truth or Consequences Police Policies and Procedures. With the safety of the violator, the officer and the community in mind the following is established:

- A. An officer of this Department, after observing an infraction of the traffic laws of this state shall follow these set guidelines:
 - 1. Conduct a stop of the vehicle, bicyclist or pedestrian in an area that is safe to do so, this may require the officer to follow the subject further, however, the safety of others should not be put at risk.
 - 2. Approaching a violator will be done respectfully, courteously and in a manner that provides the officer with a safe corridor and the potential for further investigation.
 - 3. Identify the person.
 - 4. Validate the insurance and registration of the vehicle if required.

 - a. Citations will be issued on New Mexico traffic citations issued and assigned to the Truth or Consequences Police Department only. Officers with the Truth or Consequences Police Department will not issue a citation to any motorist utilizing an outside agencies traffic citation.

- d. Other information may be needed; the officer will give this information professionally and accurately.
 - e. One citation will be issued per infraction; a copy of each citation will be disseminated to the appropriate court prior to the end of the officer's shift.
 - f. In the circumstance that a subject refuse to sign a citation and an arrest is made the subject is charged on a Criminal Complaint for the violation observed.
 - g. If a subject is arrested for any offense, other than a warrant, the officer will place the traffic violations observed on the criminal complaint. This along with a copy of a New Mexico citation will be given to the appropriate court.
7. Investigate any further criminal actions of the person and handle accordingly.
- a. During the course of a traffic stop it may be determined that the subject which is contacted is wanted for another offense, is intoxicated or simply refuses to sign a citation as required by New Mexico State Law. In this circumstance the officer is obligated to conduct a full and accurate investigation and arrest the subject in accordance with New Mexico State Law, City of Truth or Consequences Ordinances and Truth or Consequences Police Department rules and regulations.
 - b. Nothing in this standard should be understood to mean that officer discretion has been removed. If it is determined that the officer can deter further violations of the traffic laws by one of the following the officer may:

VI. STATEMENT OF PURPOSE

The Department encourages officers to enforce Driving While Under the Influence of Intoxicating Liquor or Drug Statutes and related City Ordinances. Through enforcement we intend to prevent injury or death to innocent members of the public, costly and unnecessary damage to property and to fairly and responsively maintain control of public roadways. The following procedures are intended to serve as guidelines in D.W.I. Enforcement.

VII. CONTACTS

Officers suspecting that the driver of a motor vehicle is under the influence of alcohol or other substance may take the following actions:

A. Traffic

1. Observe the suspect's driving behavior for a safe distance to determine reasonable suspicion or probable cause to stop the vehicle.
2. Stop the vehicle at a safe location for the protection of the suspect, officer, and any vehicular traffic.
3. Observe the suspect to determine if he might be under the influence. Once this is determined, request that the suspect take sobriety tests, which are described in the next section.

4. When it is determined that the person may be intoxicated, the suspect should be placed under arrest.
5. The suspect's vehicle shall be towed, following the department policy.
6. Transport the suspect to the Truth or Consequences Police Department for booking and a breath test. If the person has indicated that he will submit to a breath test and the arresting officer is not certified to perform the breath test, a certified operator will be requested to perform the test.
7. Advise the suspect of the Implied Consent Act, and request him/her to give a sample of his breath, blood, or both. If the suspect refuses, inform him of the consequences of refusing. If a substance other than alcohol is suspected, a blood test should be requested.
8. If a blood test is requested, the person will be transported to Sierra Vista Hospital and a blood kit approved by the New Mexico Department of Health shall be used. The process of withdrawing blood will be conducted in accordance with New Mexico statutes.

B. Crash Investigations (with DWI)

If there is probable cause that a driver involved in a crash is intoxicated, the same procedures apply as above with the following exceptions:

1. If injuries sustained in the crash are fatal, life-threatening or may result in great bodily harm, the Detective and the ADA on call will be contacted via telephone prior to any charges being filed.
2. If the driver sustained injuries which require hospitalization, the subject will be placed under arrest, if possible, a blood kit will be requested, any associated paperwork completed and arrangements made to release the subject on their Own Recognizance,
3. If the driver left the scene of a crash and is later located, recent case law applies (*City of Santa Fe V. Marcos Martinez*):
 - a. Misdemeanor arrest rule requires that an officer witness the offense, this does not always apply to DWI.
 - b. Officers will conduct a thorough and intense investigation.
 - c. If the officer is able to infer from direct and circumstantial evidence that the driver was intoxicated and was in "physical control" of the vehicle at the time of the crash, the Misdemeanor Rule is satisfied.
 - d. An arrest, with the appropriate Probable Cause, may be indicated.

C. Municipal Considerations

1. Municipal Courts may not hear a DWI case with certain exceptions.
 - a. Private Property- If an officer does not have prior; written permission from a land owner the Municipal Court may not hear a DWI/City Ordinance case. It would be appropriate to arrest through State Statute and charge through Magistrate Court.

- b. Felony- Certain DWI's may result in the charge being a felony. There should be an understanding by the officers and it should be filed through the appropriate court.
- c. Juveniles- A charge of DWI on a Juvenile may not be heard in Municipal Court or Magistrate Court. Charges shall be filed through District Court by submitting the juvenile arrest paperwork through the JPPO and DA. In the event a juvenile is facing a felony delinquent act the ADA shall be called for approval prior to determine if authorization for detention will be granted.

VIII. SOBRIETY TEST:

Standard Field Sobriety Tests (SFSTs) shall be administered unless medical/age impairment exists. Alternative sobriety tests will be administered if SFSTs are not appropriate. Alternative tests will be preliminary breath sample, or finger dexterity.

IX. REQUIRED PAPERWORK FOR DWI ARRESTS

- A. Arrest Report: An arrest report will be completed on each DWI arrest. The narrative section of the report should provide in detail the series of events that lead to the subject's arrest for DWI.
- B. DWI Citation: A DWI Citation and Officer's Statement, on a form approved by the State, will be completed on each DWI arrest.
- C. Traffic Citation(s): At a minimum a traffic citation shall be issued in any DWI arrest for the probable cause for which the traffic stop was initiated. Any additional traffic violations observed may also be enforced with issuance of a traffic citation, which is recommended. Any traffic violations in which a citation is going to be issued during the arrest for DWI must also be included on the Criminal Complaint in every case.
- D. Criminal Complaint: A Criminal Complaint, District (Juvenile), Municipal or Magistrate, depending on the appropriate jurisdiction, will be completed on each DWI arrest. If this is a second or subsequent arrest, it must be annotated on the Criminal Complaint.
- E. Intoxilyzer Report: A copy is attached to the MVD paperwork and a copy is attached to the arrest report and forwarded to Records division.
- F. Blood Kit Report: A Blood Kit Report, on a form approved by the State, will be completed on any DWI arrest where a sample of blood is drawn in addition to, or instead of, a breath sample.
- G. If the subject has a valid, current New Mexico Driver's License in their possession, and the BAC was over .08 for drivers 21 years of age or older (.02 for drivers under the age of 21), or if the test is refused, the driver's license will be confiscated. The 'Notice of Revocation' will be provided to the offender.

X. BREATH TESTING INSTRUMENT OPERATION

- A. Only officers that are certified to operate the breath testing instrument will perform any tests on subjects arrested for DWI.
- B. The subjects will be informed of the Implied Consent Act and a 20-minute deprivation period will be observed with no substances in their mouth.

- C. After the deprivation period time has expired, the subject will be requested to provide a sample of their breath. If the subject refuses, he will be advised of the consequences for refusing to submit to chemical testing of his breath.

- b. If the subject sustained injuries as a result of the crash and in all likelihood will not be able to perform a breath test, consent for a blood test will be requested.
- c. If consent for a blood test is requested, the person will be transported to Sierra Vista Hospital and a blood kit approved by the New Mexico Department of Health shall be used. The process of withdrawing blood will be conducted in accordance with New Mexico statutes.
- d. When a blood test is used, the Notice of Revocation will not be forwarded to MVD but will be maintained in the approved location until the results are returned from the blood test. Once they have been received, the arresting officer should place a copy of the Notice of Revocation and the original test results in the Record's basket to be filed in the subject's arrest file.
- e. Once the subject has submitted to a test(s) of our choosing, they may request a test of their own for independent testing. If a blood test is requested, the following procedures will be used:
 - 1. The subject will either be transported to Sierra Vista Hospital Emergency room for the blood withdrawal using the standard procedure or the subject will be allowed to contact his personal physician by phone to decide to meet at Sierra Vista Hospital to draw the blood.
 - 2. A standard blood kit approved by the state will be used regardless of whom draws the blood.
 - 3. Once the blood is collected, the arresting officer will complete the evidence form and a letter to the independent laboratory (kept in the same location as blood kits) attach them to the blood sample and place in an evidence locker.

 - a. If there has been a conviction and sentence has been imposed, the blood sample will be maintained for another 30 days following the sentencing date. Following this 30-day period, if an appeal has not been filed the blood sample will be

destroyed. If an appeal has been filed, the sample will be maintained until a final disposition is determined.

XXXV. SOBRIETY CHECKPOINTS

Sobriety checkpoints are an established means of deterrence and public education and have withstood constitutional scrutiny when properly implemented. The effectiveness of a checkpoint should be measured by the reduction of alcohol related crashes and not simply by the number of persons arrested as a result of a checkpoint.

A. Site Selection and Safety Concerns

1. In order to conduct a Sobriety Checkpoint, the approval of the Lieutenant, or his designee, must be obtained prior to each occasion.
2. Selection of sobriety checkpoint sites must consider the safety of the public and all law enforcement personnel involved in the operation. Locations selected must have maximum visibility to traffic from both directions with adequate safety lighting. In addition, sufficient adjoining space must be available to pull the suspect's vehicle off the roadway for further inquiry and testing if reasonable suspicion of DWI (or other crime) is developed.
3. Site selection is based upon selective enforcement criteria, considering the time of day, day of week, location, number of fatal and other alcohol related crashes, and DWI arrests. The data which will determine the site selection is available from: New Mexico Highway & Transportation Department Transportation Planning Division Traffic Safety Bureau Alternate sites may be selected in the event that primary sites are unavailable.
4. To ensure maximum safety for the public and enforcement personnel, a sufficient number of warning signs, portable lights, traffic cones, flares, and police vehicles with flashing warning lights should be utilized. A combination of these items is to be strategically placed as to alert motorists who are approaching the checkpoint. The checkpoint supervisor will determine which warning devices will be utilized based on location and time of day. Additionally, law enforcement personnel are to be equipped with flashlights at night and dress in a manner which will readily identify them as law enforcement personnel including department issued traffic vests. The area designated for further investigation of suspects must be well lit and of relatively level ground to conduct field sobriety tests.

B. Notice to Public/Media

The publicity that precedes this operation serves to educate and inform the public of our enforcement efforts. The media attention is aimed at deterring the potential DWI offender. Advance notice to the public must be made. The inclusive dates of the intended checkpoints are to be announced without disclosing the precise location. The specific media utilized should depend on local availability.

C. Personnel and Equipment

1. An appropriate number of law enforcement personnel must be assigned to the checkpoint to control traffic, address motorists, conduct sobriety tests and transport individuals. Consideration should be given to anticipate the volume of traffic at the proposed checkpoint location and the number of officers to be utilized should be chosen accordingly. Minimally, one certified checkpoint supervisor must be present at the checkpoint at all times to make supervisory decisions and keep a "checkpoint activity record"
2. The officer who first detects the suspected DWI offender should complete all aspects of the field testing and arrest. Transporting of the individual, booking, and further processing may be completed by other uniformed officers as necessary and at the discretion of the checkpoint supervisor.
3. Assistance from other law enforcement agencies may be solicited with the approval of the Lieutenant; however, all participating officers shall be thoroughly briefed on these procedures as well as the specifics of the operation. All other law enforcement officials must adhere to these directives while assisting the Truth or Consequences Police Department during an authorized checkpoint.
4. All necessary equipment should be readily available at the checkpoint site. All law enforcement personnel assigned to a checkpoint will be in full uniform. Officers will wear a reflective vest while at the site.

D. Operational Procedure

1. Every vehicle is to be stopped, except as provided in this section.
2. The occupants are to be told the purpose of the stop. The driver, primarily, is to be questioned, since driving while under the influence of intoxicating alcohol or drugs is the purpose for this checkpoint.
3. Vehicles should be detained for no more than approximately 2 minutes, unless reasonable suspicion exists that the driver is DWI or that another crime or violation has been committed by any occupant of the vehicle.
4. Sufficient adjoining space must be available to pull vehicles off the roadway for further inquiry when reasonable suspicion of DWI or other criminal activity is developed.
5. If traffic begins to back up creating traffic congestion, all stopped vehicles are to be waved through at the discretion of the checkpoint supervisor. The duration of a checkpoint should not extend past five hours.
6. Upon completion of a checkpoint operation, or soon thereafter, the checkpoint supervisor shall complete a "Sobriety Checkpoint Activity Report".

XXXVI. DUTIES OF THE ACCIDENT RECONSTRUCTIONIST

Accident Reconstruction is a specialized position that may be utilized by Patrol or Criminal Investigations to assist with crashes involving felonious acts, Serious Bodily Injury, or Death. Serious Bodily Injury consists of the permanent impairment or loss of a function or part of the body, or an injury that may result in death any time after the subject being transported by

Emergency Medical Services, **UPON APPROVAL OF THE LIEUTENANT**. The duties of an Accident Reconstructionist are as follows:

1. On call 24 hours, seven days a week, 365 days a year.
2. Investigate traffic collisions involving felonious acts, Serious Bodily Injury, or Death.
3. If the crash results in a fatality, the Accident Reconstructionist, along with the Criminal investigations Division, will take sole responsibility in completing the Uniform Crash Report, along with the full investigation.
4. Complete a To Scale diagram of the crash, necessary for Reconstruction.
5. Complete a Speed and Time/Distance analysis where the crash results in a fatality.
6. Work closely with the Criminal Investigations Division and District Attorney's Office in the effective prosecution of criminal acts that may have led up to a fatal crash.
7. The Accident Reconstructionist will have a maximum of 10 working days to complete the full crash investigation of a felonious act, Serious Bodily Injury, or Death. If more time is needed for evidentiary purposes or other investigative action that is delayed, the Lieutenant will be notified.

If an Accident Reconstructionist is not available to respond, all Occupants, Witnesses, Measurements, Photographs, and other pertinent information will be collected. The Uniform Crash Report will be completed by the on-scene Officer or Criminal Investigations Division, and the report with all other information will be given to the Accident Reconstructionist for further investigation once they are available. The Accident Reconstructionist has 10 working days to complete a full investigation of a crash once it has been received by the Accident Reconstructionist on a regular work day.

 - ii. Any injury which requires admission to a hospital (as opposed to first-aid treatment);
 - iii. Any injury which causes permanent damage (loss of hearing, sight, etc.)
 - iv. Any intentionally inflicted burns.

B. The police officer(s) should not consider the following factors when determining whether an arrest should be made:

1. The marital status of the parties;
2. The disposition of previous calls involving the same victim and offender;
3. The victim's unwillingness to prosecute the case;
4. The police officer's belief that the victim will not prosecute;
5. Verbal assurances by either party that the violence will stop;
6. Denial by either party that the violence occurred when there is evidence of domestic violence;
7. The race, ethnic background, sexual preference, social class, or occupation of the victim and/or the offender.

C. Citations/Summons will not be issued in lieu of arrest in domestic violence situations.

D. As mandated in NMSA 40-1 3-6C, an arrest SHALL be made where the peace officer has probable cause to believe that a person has violated or is in violation of an order of protection.

V. DUAL-ARREST SITUATIONS

A. At times there are situations in which both parties have been violent toward one another. It will be necessary to determine who the primary aggressor is. Consider the following in your investigation:

1. Consider the law's intent to protect victims of domestic violence.
2. Look at the relative degree of injury or fear inflicted on both individuals.

VI. NON-ARREST SITUATIONS

A. Alleged Assailant Present:

1. Where the alleged assailant is present at the scene and no arrest is made, the investigating officer(s) will carefully document their reasons for not making an arrest.

B. Alleged Assailant Not Present:

1. In accordance with current case law, if officers are called to a domestic assault/battery which does not rise above the level of a misdemeanor and the suspect (primary aggressor) is not at the scene, officers will file a criminal summons or a warrant for the suspect's arrest, when probable cause exists.
2. Other considerations should be to evaluate the situation and assist in movement of the victim to a safer location and the implementation of an emergency Temporary Order of Protection.

VII. REPORTING REQUIREMENTS

- A. An Offense/Incident Report **WILL BE** completed on every domestic violence investigation where at least one (1) of the following criteria exists:
 1. An act of violence is committed, attempted, or threatened either in the presence of the officers) or reported to the officer(s);
 2. An involved person reports to the responding officer(s) that they fear for their safety after the officer leaves;
 3. There is probable cause for the officer(s) to believe an assault and battery or more serious offense has occurred prior to his/her arrival;
 4. An arrest is made for any crime committed as a result of a domestic situation;
 5. At any time, the investigating officer(s) or supervisory personnel believe that a report is appropriate or necessary.
- B. The Offense/Incident Report should contain a complete description of the case and information on all parties involved, including witnesses. The following should be included but is not limited to:
 1. A detailed description of the scene as you found it upon arrival;
 2. The circumstances leading up to the incident, as recounted by all the parties;
 3. A detailed description of the assault;
 4. A description of the victim's physical injuries and any complaints of pain;
 5. Names, phone numbers and statements of all parties at the scene, including the victim, suspect and witnesses;
 6. Any weapons used or other instruments of assault;
 7. Include any evidence of property damage incurred in the incident;
 8. Document the marital or relationship status of the parties involved;
 9. Record the frequency and severity of past assaults, if any, with a brief summary of history of the violence;
 10. Any unusual circumstances
 - a. For example: Did the victim change the statement when interviewed away from the suspect.
- C. Officer(s) will provide the victim with a case number to the report made.

VIII. ADVICE OF REMEDIES

- A. In all domestic violence situations, the responding officer(s) shall advise the victim of remedies available under the Family Violence Protection Act, NMSA 40-13-7, and of the availability of domestic violence shelters, medical care, counseling and other services.
- B. Officer(s) shall give the victim a copy of the Domestic Violence Information Sheet and

any packet which may be available from a local agency and explain the various resources.

1. Officer(s) will provide a copy to the victim and have him/her sign it and date it. One copy will be given to the victim and the other will be turned in to the Records Division and attached to the report.

IX. ORDERS OF PROTECTION

A. Enforcement

1. When an officer receives information that an Order of Protection has been issued, and that the order has been violated, the officer will make an appropriate investigation and take such action as may be necessary in its enforcement.
 - a. Upon notice that an Order of Protection is in effect, the officer will verify its existence by contacting Dispatch by radio, telephone or in person. The officer will not rely on any purported copy of the Order of Protection that may be supplied by the Petitioner, Respondent, or other persons. The officer will rely only on information supplied by the Police Department, Sheriff's Office, or issuing court.
 - b. The officer will first confirm the existence of the Order of Protection. In the case of an Ex-Parte Order of Protection, the officer will ensure that it has been "served" on the Respondent or that the Respondent has otherwise acquired actual knowledge of its existence before taking further action.
 - i. If the Respondent does not have actual knowledge of the Ex-Parte Order of Protection, the officer will inform him/her of its existence, the substance of its contents, and the consequences of violating that Ex-Parte Order of Protection.
 - ii. The officer will then notify the Police or Sheriff's Department that he/she has notified the Respondent of the order and give his/her name, employee number, and the date and time of the notification so that this information may be logged onto the order for further reference.
 - iii. In making a determination of whether the Respondent does, in fact, have actual knowledge of an Ex-Parte Order, the officer may rely on a notation of the order itself showing that another officer has made the notification, an admission by the Respondent that he/she is aware of the order, or any information supplied by the Petitioner or other party which may be reasonably believed.
 - c. If there is an Order of Protection in existence or an Ex-Parte Order of Protection in existence which has been served or the Respondent has acquired actual knowledge of its existence, the investigating officer will make inquiry as to its contents.
 - i. If there is probable cause to believe that the Respondent or Petitioner has violated the terms of the Order of Protection and that the violation occurred within the jurisdiction, the officer **WILL**, as required by NMSA 40-13-6C, arrest the violator. The violator needs to be in willful violation of the order.
 - ii. Officers) will obtain a copy of the Order of Protection and attach it to the arrest report as well as stating the probable cause for the arrest, just as in a criminal proceeding.
 - d. If a valid Order of Protection is in effect but the violator is no longer present, the officer(s) must complete and Offense/Incident Report and give a copy of the report

number to the complainant for further follow-up.

X. POLICE OFFICER DOMESTICS

A. Police Officers as Alleged Offender or Victim:

When a Truth or Consequences Police Department police officer responds to a call of domestic violence and finds that the alleged offender/victim is another law enforcement officer, the responding officer will, as soon as reasonably possible, call his/her immediate supervisor to the scene. Should the alleged offender/victim officer be of equal or higher rank than that of the responding supervisor, the responding supervisor will then contact someone of higher rank than that of the alleged offender/victim. If the responding officer has not yet effected an arrest, it will be the responsibility of the responding supervisor to order the arrest of the alleged offender if appropriate and if probable cause exists. That supervisor will also become responsible for ensuring that the alleged offender is processed, booked and incarcerated per state law guidelines.

B. Failure to Arrest/Privilege/Special Consideration

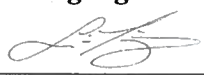

In any situation where an arrest is warranted, officers **SHALL NOT** fail to arrest, when probable cause exists and **SHALL NOT** give privilege or special consideration to other law enforcement officers when such officers are alleged to have committed acts of domestic violence.

C. Solicitation of Privilege/Special Consideration

Officers who are being investigated for any allegation of domestic violence shall not solicit privilege or special consideration from other law enforcement officers.

XI. COMPLIANCE

All officers shall strictly adhere to this policy in its entirety on all domestic violence calls including those in which a member of any law enforcement agency is involved. This will ensure that this policy is applied to all members of the community in an equitable manner. Failure to do so will result in disciplinary action.

	Policy Name: RECORDING OF POLICE ACTIVITIES Policy#-TCPD 15 NMMLESPSC Standard OPR.15.01	
Effective Date:	Reviewed Date: 12/21/2022 Revision Date: 12/13/2022	
<input checked="" type="checkbox"/> Sworn Personnel <input type="checkbox"/> Civilian Personnel <input checked="" type="checkbox"/> All Personnel	Authorizing Signature:  <hr/> Chief of Police Luis A. Tavizon	

I. PURPOSE

This policy provides officers with guidance for dealing with situations in which they are being recorded, to include photographing, videotaping, audiotaping, or both, by members of the public or the press.

II. POLICY

Members of the public, including media representatives, have an unambiguous First Amendment right to record officers in public places, as long as their actions do not interfere with the officer's duties or the safety of officers or others. Officers should assume that they are being recorded at all times when on duty in a public space.

III. DEFINITIONS

Recording: Capturing of images, audio, or both, by means of a camera, cell phone, audio recorder, or other device.

Media: The storage source for visual or audio recordings, whether by film, analog, or digital means.

IV. PROCEDURES

Persons who are lawfully in public spaces or locations where they have a legal right to be present—such as their home, place of business, or the common areas of public and private facilities and buildings—have a First Amendment right to record things in plain

sight or hearing, to include police activity. Police may not threaten, intimidate, or otherwise discourage or interfere with the recording of police activities. However, the right to record is not absolute and is subject to legitimate and reasonable legal restrictions, as follows:

1. A reasonable distance must be maintained from the officer(s) engaged in enforcement or related police duties.
2. Persons engaged in recording activities may not obstruct police actions. For example, individuals may not interfere through direct physical intervention, tampering with a witness, or by persistently engaging an officer with questions or interruptions. The fact that recording and/or overt verbal criticism, insults, or name-calling may be annoying, does not of itself justify an officer taking corrective or enforcement action or ordering that recording be stopped, as this is an infringement on an individual's constitutional right to protected speech.
3. Recording must be conducted in a manner that does not unreasonably impede the movement of emergency equipment and personnel or the flow of vehicular or pedestrian traffic.
4. The safety of officers, victims, witnesses, and third parties cannot be jeopardized by the recording party.

V. ARREST

1. Persons who violate the foregoing restrictions should be informed that they are engaged in prohibited activity and given information on acceptable alternatives, where appropriate, prior to making an arrest.
2. Arrest of a person who is recording officers in public shall be related to an objective, articulable violation of the law unrelated to the act of recording. The act of recording does not, in itself, provide grounds for detention or arrest.
3. Arrest of an individual does not provide an exception to the warrant requirement justifying search of the individual's recording equipment or media. While equipment may be seized incident to an arrest, downloading, viewing, or otherwise accessing files requires a search warrant. Files and media shall not be altered or erased under any circumstances.

VI. SEIZURE OF RECORDING DEVICES AND MEDIA

1. Absent arrest of the recording party, recording equipment may not be seized. Additionally, officers may not order an individual to show recordings that have been made of enforcement actions or other police operations.

2. If there is probable cause to believe that evidence of a serious crime has been recorded, an officer should

- a. advise and receive instructions from a supervisor;
- b. ask the person in possession of the recording if he or she will consent to voluntarily and temporarily relinquish the recording device or media so that it may be viewed and/or copied as evidence; and
- c. in exigent circumstances, in which it is reasonable to believe that the recording will be destroyed, lost, tampered with or otherwise rendered useless as evidence before a warrant can be obtained, the recording device or media may be seized under a temporary restraint. A warrant must be obtained in order to examine and copy the recording and the chain of custody must be clearly documented per department policy.

3. In exigent situations where it is objectively reasonable to believe that immediate viewing of recordings is necessary to prevent death or serious bodily harm of another before a warrant can be authorized, the recording device or media may be seized and viewed.

4. Whenever a recording device or media is seized without a warrant or obtained by voluntary consent, the seized item shall be held in police custody no longer than reasonably necessary for the police, acting with due diligence, to obtain a warrant. The device must be returned at the earliest possible time and its owner/operator given instruction on how it can be retrieved. In all cases property receipts shall be provided to the owner.

VII. SUPERVISORY RESPONSIBILITIES

A supervisor should be summoned to any incident in which an individual recording police activity is going to be, or will most likely be, arrested or when recording equipment may be seized without a warrant or lawful consent.

	Policy Name: NALOXONE (NARCAN) Policy#-TCPD 16 NMMLEPSC Standard OPR.16.01

<input checked="" type="checkbox"/> Sworn Personnel <input type="checkbox"/> Civilian Personnel <input type="checkbox"/> All Personnel		Authorizing Signature:  Chief of Police Luis A. Tavizon

I. PURPOSE

The purpose of this policy is to establish broad guidelines and regulations governing the utilization of naloxone by trained officers within the Truth or Consequences Police Department. The objective is to treat and reduce the severity of injuries and fatalities due to opioid-involved overdoses when officers are the first to arrive at the scene of a suspected overdose.

II. POLICY

It is the policy of the Truth or Consequences Police Department that officers shall assist any person(s) who may be suffering from an apparent opioid overdose, if at least two officers are on-scene prior to administration of Naloxone. Included in this policy are officers and/or employees of the Truth or Consequences Police Department should officers/employees be exposed to opioids and display signs of overdosing. Officers are required to complete a Department of Health-approved training on naloxone for law enforcement and maintain current record of training completion.

III. APPLICABILITY

This General Order applies to all employees. This General Order supersedes all previous versions.

IV. REFERENCES

- A. Legal Background: In 2001 the New Mexico State Legislature provided authority and release from liability for persons "other than a licensed health care professional" to administer an opioid antagonist to an individual whom they believe to be experiencing a drug overdose (New Mexico State Law, NM Stat § 24-23-1). Law enforcement officers can serve as "trained targeted first responders" as outlined in New Mexico Department of Health Rules

describing opioid antagonist programs (NMAC 7.32.7.1).

V. DEFINITIONS

A. **Opioid:** A medication or drug that is derived from the opium poppy or that mimics the effect of an opiate. Opiate drugs are narcotic sedatives that depress the activity of the central nervous system; these will reduce pain, induce sleep, and in overdose, will cause people to stop breathing. First responders often encounter opioids and opiates in the form of morphine, methadone, codeine, heroin, fentanyl, oxycodone (OxyContin®, Percocet®), and hydrocodone (Vicodin®).

B. **Naloxone:** A prescription medication that can be used to reverse the effects of an opiate overdose. Specifically, it displaces opioids from the receptors in the brain that control the central nervous system and respiratory system. It is marketed under various trademarks, including Narcan®.

C. **Naloxone HCl, USP:** Should include the following:

Two (2) 4 mg nasal spray applicators

Instructions of overdose response and naloxone administration

VI. PROCEDURES

A. Overdose Response and Use of Naloxone

1. Ensure scene safety for yourself and other first responders.
2. When using the nasal naloxone kit officers shall adhere to universal precautions and follow the overdose response procedure as directed by this policy and the Department of Health Law Enforcement Naloxone Training:
3. Determine non-responsiveness, absence or difficulty breathing
4. Update dispatcher on potential overdose (Dispatcher will activate Emergency Medical Services)
5. If after 3-5 minutes of administering first injection of naloxone, there is no improvement (victim remains unconscious, no independent breathing) administer second injection of naloxone.
6. If the individual remains non-responsive following administration of second injection of naloxone, consider initiating CPR.

7. All subjects who are given naloxone will require assessment by Emergency Medical Services (EMS) regardless of mental status.

8. The naloxone device shall be properly disposed of following administration.

VII. ISSUANCE

1. Officers will attend initial one-hour training prior to issuance of kits. It is recommended that refresher training be conducted bi-annually.
2. Naloxone kits will be issued to officers.
3. Naloxone will be provided in a clearly marked kit for injectable and/or nasal spray administration.
4. Each injectable naloxone kit shall include:
Two (2) 4 mg nasal applicators
Instructions of overdose response and naloxone administration
5. The Truth or Consequences Police Department will deploy its injectable naloxone kits in the following primary locations:
All officers are required to maintain the Naloxone kit in their assigned cruiser or on their person at all times while on duty.

VIII. REPORTING

1. Initiate a report in the Records Management System for documentation purposes to include a description of the individual's condition, behavior, deployment of naloxone, deployment results, details of call, and any other details the reporting officer feels are relative to the incident and provide a copy of that report to the Deputy Chief for reporting purposes.
2. The above reports shall be reviewed and approved according to standard operating procedures.

IX. STORAGE AND REPLACEMENT

- A. 1. Inspection of the naloxone kit shall be the responsibility of each officer and shall be conducted each **month** by:

Checking the expiration date found on either box or applicator;

Observe applicator for any signs of damage or weathering from being stored inside patrol unit.

2. Missing, damaged or expired naloxone kit(s) will be reported directly to the on-duty commander. The on-duty commander will then report issue to the program coordinator.

3. Requests for replacement naloxone kit(s) will be submitted to the Lieutenant.

4. Supervisors shall conduct inspection of the naloxone kits on a **quarterly** basis and denote the equipment's condition in the vehicle inspection report.

5. If one (1) dose in a kit is administered during the normal course of duty a replacement kit will be requested.

	Policy Name: TOURNIQUET Policy#-TCPD 17 NMMLEPSC Standard OPR.17.01

<input checked="" type="checkbox"/> Sworn Personnel <input type="checkbox"/> Civilian Personnel <input type="checkbox"/> All Personnel	Authorizing Signature:  Chief of Police Luis A. Tavizon	

I. POLICY:

All officers shall be equipped with and carry a tourniquet device and trauma kit while on duty.

II. INDICATIONS

1. Nearly all external bleeding can be controlled by direct pressure with a dressing. However, in certain situations, the direct use of a tourniquet should be considered. Responding officers must consider both the tactical situation and the injury severity when deciding which hemorrhage control technique to employ. A tourniquet device should immediately be considered in the following instances:
 - a. Hemorrhagic wounds that have not responded adequately to direct pressure.
 - b. Significant extremity bleeding with the need for additional interventions, such as airway management.
 - c. Bleeding from an entrapped limb not accessible to rescuers.
 - d. Multiple wounds, and/or multiple victims: not enough resources to provide direct pressure.
 - e. Active threat consideration: Officer needs to protect self and public with firearm, and therefore is not able to hold direct pressure.

III. PROCEDURES FOR TOURNIQUET USE

1. Always follow universal precautions for blood-borne pathogens and follow training guidelines and manufacturer's instructions when applying a tourniquet.
2. Two-Handed Application

3. Route the band around the limb, pass the red tip through the slit of the buckle, and position the tourniquet 2-3" above the bleeding site directly to the skin.
4. Pull band tightly and fasten it back on itself all the way around the limb, but not over the rod clips. Band should be tight enough that tips of three (3) fingers cannot be slid between the band and the limb. If the tips of three (3) fingers slide under band, retighten and re-secure.
5. Twist the rod until bleeding has stopped.
6. Secure the rod inside a clip to lock it in place. Check for bleeding and distal pulse. If bleeding is not controlled, or distal pulse is present, consider additional tightening or applying a second tourniquet above and side-by-side to the first. Reassess
7. Route the band between the clips and over the rod. Secure rod and band with TIME strap. Record time of application.

A. One-Handed Application

1. Insert the injured limb through the loop in the band and position the tourniquet 2-3" above the bleeding site directly to the skin.
 2. Follow steps outlined in OPR 5-08-2 (B.2-5).
- B.** If an officer cannot be sure or cannot take the additional time to examine where the bleeding is coming from based on the situation, the tourniquet can be effectively applied over clothing as high on the arm or leg as possible. The tourniquet must not be applied over solid objects within the clothing. As soon as the situation permits, the injured limb should be evaluated, and the tourniquet re-positioned 2"-3" above the injury directly to the skin.
- C.** Once a tourniquet has been applied it should only be removed by emergency medical personnel.
- D.** Tourniquets should never be covered up by patient clothing or packaging.
- E.** The treating officer should notify dispatch of the tourniquet application time and ensure emergency medical service personnel receiving the patient are aware of the tourniquet placement.

IV. REPORTING REQUIREMENTS

1. A written report shall be completed by the treating officer prior to the end of his or her shift.

V. EQUIPMENT AND MAINTENANCE

1. It shall be the responsibility of officers to inspect their issued tourniquet and trauma kit prior to the start of each shift to ensure each is intact.
2. Damaged or used equipment shall be reported to a supervisor immediately.

VI. TRAINING

- A. Officers shall complete tourniquet and trauma kit training annually in accordance with approved law enforcement academy curriculum.**

II. PURPOSE:

The questions of the authority and responsibility of Police Officers is one that must be considered in light of the following factors: whether the Officer is on duty or off duty and whether the incident takes place within the jurisdiction of the Officer's Department. The statutory provisions and the recent judicial determination have established an amorphous outline, of which Officers should be aware. In addition, Officers are expected to exercise a certain degree of discretion in their enforcement activities. Such discretion appears to run contrary to law, yet is necessary due to the limited resources available to the Police.

III. PROCEDURE:

A. ON DUTY AUTHORITY

1. While on duty, within the city limits, Officers have the full authority granted peace Officers by New Mexico Statute. (Refer to NMSA 3-13-2)
2. An officer of the City of Truth or Consequences who goes outside of the city limits for authorized and official duties is limited to action directly related to the reason he is out of his jurisdiction.

B. ON DUTY RESPONSIBILITY

1. Officers, while on duty within the city limits, after consideration of the situation at hand, are expected to take all necessary steps consistent with their assignment.
 - a. To protect life and property.
 - b. To enforce the laws of the United States and the State of New Mexico, and the ordinances of the City of Truth or Consequences.
 - c. To adhere to 3-13-2 NMSA 1978.

C. The police officer of a municipality shall:

1. execute and return all writs and process as directed by the municipal judge of the municipality employing the police officer or any other presiding entity where we have jurisdiction;
2. execute and return all criminal process as directed by the municipal judge of any incorporated municipality in the state if the criminal process arises out of a charge of violation of a municipal ordinance prohibiting driving while under the influence of intoxicating liquor or drugs;
3. serve criminal writs and process specified in Paragraphs (1) and (2) of this subsection in any part of the county wherein the municipality is situated; and within the municipality:
 - a. suppress all riots, disturbances and breaches of the peace;
 - b. apprehend all disorderly persons;
 - c. pursue and arrest any person fleeing from justice; and
 - d. apprehend any person in the act of violating the laws of the state or the ordinances of the municipality and bring him before competent authority for examination and trial.
4. In the discharge of his proper duties, a police officer shall have the same powers and be subject to the same responsibilities as sheriffs in similar cases.
 - a. On duty Officers outside the city limits should avoid overzealous involvement in Police situations.
 - b. If an incident arises in which the Officer reasonably believes his or another person's safety is jeopardized, he should make every effort practicable to cause appropriate action to be affected by the responsible law enforcement agency.
 - c. Action, beyond notifying the appropriate agency, should be taken only after careful consideration of the tactical situation, and of possible liability for themselves and for the city.

IV. OFF DUTY AUTHORITY

- A. Police action by off duty personnel is discouraged, and should be taken only after careful consideration of the tactical situation, the safety of themselves and the public and possible civil liability.
- B. While off duty, within the city limits, Officers have the same authority granted as on duty peace Officers under New Mexico Statute.
- C. Due to recent court rulings, and ambiguity within the New Mexico Statutes, off duty Officers observing a criminal act should not attempt to affect an arrest. They should observe and report to the local authority.

V. OFF DUTY RESPONSIBILITY

- A. While off duty Officers observing a situation indicating a need for Police action, both inside and outside the city limits, should first give consideration to contacting and allowing the appropriate action to be affected:
 - 1. By on duty personnel (within the city limits).
 - 2. By the responsible law enforcement agency (outside the city limits).
- B. While off duty Officers should consider immediate action if they observe a criminal act which threatens the life of another or themselves. Limitations on actions should be considered:
 - 1. The danger to the public if there is no action taken.
 - 2. If the Officer has a means of protection for himself that is applicable to the danger that is faced.
 - 3. If the Officer is under the influence of an intoxicating alcohol or prescription narcotic.

VI. DISCRETION

A. GENERAL GUIDELINES

- 1. Officers are expected to use discretion and authority only in compliance with law, in furtherance of Departmental goals and objectives, and in compliance with the Police Code of Ethics.
- 2. When confronted with situations involving traffic and ordinance violations Officers should examine all possible alternatives to arrest and confinement. This is not meant to discourage the writing of traffic citations or ordinance citations.

B. SPECIFIC RESPONSIBILITIES

- 1. Discretion in criminal violations will be subject to approval of a supervisor.
- 2. Officer enforcement action, inaction, or degree of severity, must not be influenced by malice, vengeance, or prejudice based upon race, sex, ethnic background, religious belief, or political affiliation.
- 3. Enforcement action must not be more severe than can reasonably and objectively be justified to further Departmental goals and objectives. Enforcement action or contact may not be extended unnecessarily for the purpose of delaying the release of, or inhibiting the free movement of, any person.

VII. ALTERNATIVE TO PRE-TRIAL CONFINEMENT (“Incarceration”)

- A. Officers are reminded that bond placed upon a defendant in the vast majority of cases, is only to insure that defendant's appearance in court.

B. ALTERNATIVES

The use of OR-bonds (Own Recognizance bonds) is encouraged in minor criminal arrests, as well as criminal summons (non-traffic citations) in accordance with New Mexico Supreme Court rule

- 1. Bond hearing, when applicable, or contact with a judge to set bonds lower than determined by New Mexico Statute, are encouraged when a defendant is determined not a threat to flee jurisdiction prior to trial

VIII. POLICY

Officers of the Truth or Consequences Police Department will not threaten, coerce, physically abuse or question after a request for an attorney.

IX. PURPOSE

- A. To ensure compliance with all applicable constitutional and state law requirements.
 - 1. Interviews and interrogations will be conducted in compliance with the requirements of Miranda and state statute when applicable.
 - 2. All persons' access to counsel will be conducted in compliance with the requirements of Miranda when applicable.
 - 3. All persons or property subject to search and seizure will be in compliance with the United States Constitution.
 - 4. Terry vs. Ohio, (Supreme Court of the United States 392 U.S. 1, 88 S.Ct. 1868) as defined by New Mexico Supreme Court, will govern all stop and frisk contacts conducted by the Truth or Consequences Police Department.
 - 5. The Truth or Consequences Police Department will provide all safeguards in assuring that non-English speaking and hearing-impaired persons are protected in a manner that is clearly understood whenever constitutional issues become apparent through the use of qualified interpreters.

X. POLICY- Search and Seizure

A. Definition:

- 1. Police action is termed a search when (1) there is a prying action into hidden places by the officer or his agent: or (2) the person whose premises or person is being searched has a reasonable expectation to privacy.

2. A seizure is the collection of property, arrest of a person or in some cases deadly force.
3. The Fourth Amendment guarantees the right for people to be free from unreasonable searches and seizures of their homes, persons and property. The Supreme Court is continuously interpreting the Fourth Amendment as it applies to police conduct. Illegally seized items of evidence will not be admitted in court and may be cause for a lost criminal case. Additionally, an illegally conducted search invites civil suits under Civil Rights Act. In order to ensure that the Fourth Amendment rights are protected, officers will obtain search warrants upon probable cause in all appropriate criminal cases.

XI. PURPOSE

- A. In order to uphold our oath to the constitution and our obligation as an officer in the State of New Mexico and the United States of America, officers will not intentionally or knowingly violate the constitutional rights of our citizens.

XII. EXCEPTIONS- (May require warrant to remove evidence located)

- A. Consent Searches (signature forms available)
 1. An officer may conduct a search without a warrant and with reasonable suspicion if the person to be searched gives consent to the search.
 2. A person having legal interest or common authority in the property may give consent to search a structure or vehicle.
 3. Consent searches are limited in scope by the request of the officer and the permission given by the person granting the consent to search.
 4. The officer may not legally search beyond the extent of the permission, which has been given. The consent to search lasts only as long as the person granting consent allows it
 5. The person granting the consent also may limit the area covered by the consent; i.e., giving consent to search only one room or one area.
 6. Because there is a legal presumption against a waiver of a constitutional right, the officer has the burden of proving that the consent to search was made voluntarily.
 7. Officers will record the request for consent and the consent to search in writing by completing the Consent to Search Form. If the individual indicates they will verbally consent to a search but not sign the Consent to Search form, the form will be completed anyway noting the individual's refusal to sign and shall be signed by a witness.
 8. If there is a question as to the validity of the consent or the scope of the search, officers should contact their supervisor.
 9. All officers must complete a written search report anytime a consent search is completed documenting the legal basis for the search and the results thereof. The original Consent to Search form will be will be attached to the report.

10. Any recording of request for consent and the subsequent searches if consent is granted shall be placed into evidence and maintained for 120 days. If criminal charges are filed as a result of evidence seized as a result of the search; the tape will be maintained in evidence until the final disposition of the criminal case.

B. Emergency Searches

1. Officers, who have legally entered a residence or other place when they are conducting a lawful arrest, may conduct a protective sweep or search of the interior of the premises when the officers have a reasonable belief that the area to be searched harbors an individual posing a danger to officers or others.
2. Such a search is not a full search of the premises and may extend only to a cursory inspection of those spaces where a person may be found.
3. Their protective sweep may last no longer than is necessary to dispel the suspicion of danger to the officers.

C. Stop and Frisk

1. Terry v. Ohio, 392 U.S. 1 (1968), gave officers the right to conduct a limited pat down of a person they have lawfully stopped when they have reason to believe that the person is armed and /or presently a threat.
2. The key to the “stop and frisk” situation is that the initial stop of the person must be legal and that the reason for a “stop and frisk” is for weapons and not contraband.
3. Factors to consider include:
 - a. The subject’s movements
 - b. The reputation for being armed
 - c. Visual clues as to the presence of weapons
 - d. The type of criminal activity in question
4. The pat down may include the person’s outer clothing, baggage and the immediate area surrounding the person from which they may obtain a weapon when there is a reasonable fear that the area may contain a weapon.
5. Items that feel as if they may be weapons may be removed to determine what they are.
6. When practical, an officer of the same sex will conduct a pat down.
7. When a vehicle is lawfully stopped and an officer has a reasonable suspicion that it contains weapons, which may be dangerous to the officers, a limited search of the passenger compartment for weapons is permitted.
8. Officers must indicate in their report anytime a pat down is conducted.

C. Fresh Pursuit

1. To apply this exception, an officer must have probable cause to believe that a serious crime has been committed; that the person they are pursuing committed the crime and that the person is in/at the location to be searched.
2. The time period involved should be short and there should be some semblance of continued pursuit throughout the period.
3. The key question to be answered in this matter is whether police would risk losing a suspect if time were taken to obtain a warrant.
4. The scope of the search must be limited to areas where the suspect reasonably could be found.
5. If it is believed that evidence may have been placed or hidden in the residence by the suspect and it is not found during a search incident to arrest, a search warrant must be obtained before there is a further search of the property.

D. Plain/Open View

1. If an officer is legally in an area or at a location, he may seize any item in plain view which is evidence of a crime, contraband or an item that otherwise is able to be seized by the police. When dealing with structures or vehicles, once the plain/open view contraband or evidence is seized, no further searching can be continued without consent or a search warrant.
2. The “two-prong test” which assists in ensuring the legality of this exception is:
 - a. The officer is legally present at the location
 - b. The items seized must be immediately recognizable as evidence or contraband.

E. Automobiles

1. Gomez v. New Mexico (1997) changed law in New Mexico when dealing with vehicle stops and searches. Under Gomez, if probable cause exists for the stop and search of the vehicle, a search warrant is necessary prior to a search being initiated unless other exigent circumstances exist, **if you cause the exigency (i.e., tow) this applies**. This will not preclude an owner or driver of a vehicle from giving consent to the search. (Refer to DPD 2A.XII.G.5)
2. When dealing with automobiles, a search incident to an arrest is still permissible to remove any weapons that might be used to harm officers or to aid in the arrestee’s escape and to seize any evidence, which might be destroyed.

F. Crime Scene Searches

1. The U.S. Supreme Court in Thompson v. Louisiana 469 J.S. 17 (1984) made it clear that there is no exception to the search warrant requirement because a place to be searched is a crime scene.

2. It is always safer to obtain a search warrant than it is to proceed on the assumption that an unknown suspect has no reasonable expectation of privacy in the residence, which contains the crime scene.
3. As there is no reasonable expectation of privacy in public places, the scene may be searched and processed as necessary.

G. Exigent Circumstances

1. When an officer lawfully obtains custody of a vehicle (i.e., **drunk driver, stolen vehicle**) an **inventory** of the impounded vehicle is conducted.
2. The purpose of the inventory is to protect both the owner of the vehicle and the department in the event of a loss.
3. Officers are only to inventory places where someone might logically put something.
4. If an item is discovered that provides probable cause for a more extensive and intrusive search or law enforcement creates the exigency, a search warrant will be sought.
5. Prior to obtaining the search warrant it may become necessary to transport the vehicle to a secure location. Prior to movement the doors will be secured by "red evidence tape."
6. The tape will be initialed by officer securing it, the date and time will also be noted on the tape.
7. The seal will be photographed prior to service of the search warrant.

H. Intrusive Searches

1. For the purpose of this policy an Intrusive Search is defined as any search that includes the dismantling or potential destruction of a building, dwelling, automobile or the search of a body orifice or cavity.
2. Any Intrusive Search shall only be pursuant to the finding of **independent probable cause**. Upon establishing independent probable cause, a District Court search warrant will be sought. For the purpose of this policy any member of this department will not apply for a search warrant through Magistrate Court.
3. When an officer establishes independent probable cause, they will secure the property or person to be searched and contact a patrol supervisor immediately. If a person is to be searched, the person will be secured and transported to the police department.
4. When probable cause exists, the patrol supervisor shall notify the Patrol Lieutenant. The Patrol Lieutenant shall then notify the Chief of Police. The Investigator shall also be contacted for assistance during these searches.
5. After notifications are made a search warrant will be prepared for application before an authorizing district attorney. Once reviewed and approved by the district attorney the district court judge shall then be contacted for their review and authorization of the warrant. If the search

has the potential to extend beyond normal warrant execution hours, the affiant shall request the "Nighttime Authorization" by the district court judge.

6. At all times the property or person to be searched shall be under continuous observation until the contraband or evidence is retrieved or the incident is terminated due to the lack of continuing probable cause.
7. After a district court judge signs, the search warrant authorizing the search warrant, for the purpose of an intrusive search of property, only the minimum amount of dismantling necessary to locate and seize any contraband or evidence shall be authorized. A supervisor shall remain on scene during this search to ensure continuing probable cause exists.
8. For the purpose of an intrusive search of a person, no member of this department shall conduct the search. The person shall be transported to a licensed medical facility for the execution of this search. A supervisor shall remain on scene during these searches to ensure continuing probable cause exists. Only male officers/detectives will be present during the search of a male subject and only female officers/detectives will be present during the search of a female subject.
9. Only non-intrusive scanning devices such as X-rays or ultrasound equipment will be used initially to determine if continuing probable cause exists. If these measures do not produce continuing probable cause, the search will be terminated immediately and the date, time and reasons for termination will be documented through central dispatch for record log.
10. If a scanning device detects the presence of contraband or evidence, the Patrol Lieutenant and Chief of Police will be notified before the search continues. The date, time, and description of the contraband or evidence detected shall also be documented through central dispatch for record and tracking purposes on the dispatch log.
11. When it is determined that the search is necessary to be continued, only medically-approved procedures by a licensed medical professional will be utilized to retrieve the contraband or evidence by using the minimum amount of intrusiveness possible.
12. Any contraband or evidence retrieved will be secured and properly processed as prescribed under ADM 17 of this policy.
13. At the completion of any Intrusive Search, all members of this department shall complete a full and detailed Offense/Incident report and include any photographs, videos, documents, etc. that were obtained during the incident. These reports will be completed prior to the end of the shift and reviewed by the supervisor and assigned detective.
14. All Intrusive Searches of property will be recorded throughout the entirety of the search. Intrusive Searches of persons will only be recorded as allowable under federal and/or state laws. Medical procedures have a high degree of protected confidential information that must be adhered to by law.

XIII. POLICY- With Search Warrant

- A. When an officer obtains a search warrant that is verified and signed by a judge, the officer shall have ten (10) days in which to serve the warrant. The officer will notify a supervisor of the warrant. If the probable cause vanishes within those (10) days, the warrant may not be served. Recognize that each search warrant will be designated by daytime and/or nighttime. Hours for allowed service will be listed on warrant.
- B. Upon Execution of the warrant, the officer will:
 - 1. Fill out the return and inventory pages
 - 2. When possible, have the subject sign and date the inventory to acknowledge seizure of any items taken.
 - 3. Provide the subject named in the search warrant with a copy of the affidavit for search, a copy of the inventory and a copy of the search warrant. When no one is at the location, the paperwork will be left in a conspicuous place.
 - 4. Ensure that the original warrant and a copy of the inventory are returned to the court within three (3) working days of its execution.
 - 5. Complete a supplemental report including the following information:
 - a. Date of receipt of the search warrant
 - b. Date of service
 - c. Location of service
 - d. Name of person on whom the warrant was served
 - e. Name of the judge and court who issued the warrant
 - f. Names of those persons present when the warrant was served
 - g. Items seized in the search
 - h. Any arrest and/or pending charges

XIV. POLICY-Arrests

- A. Short of the application of force, an arrest is the most serious action an officer can undertake. An arrest can cause repercussions throughout a person's life, even if he or she is eventually found not guilty or never brought to trial. The most important legal question facing an officer at the moment of an arrest is the existence of probable cause. Without probable cause the arrest is illegal and the evidence of criminality that was obtained because of the arrest is inadmissible. Officers shall accordingly exercise critical judgment in making arrests. Critical judgment includes consideration for bystanders, the time, place, and location of offenses, and the use of force in making the arrests. Officers shall consider alternatives to arrest consistent with their law enforcement mission.

XV. PURPOSE

- A. To define the authority of officers to arrest and the mechanism for making arrest with and without a warrant.

XVI. DEFINITIONS

- A. Arrest: An arrest is a seizure of a person. An arrest is supported by probable cause. Generally, according to Fourth Amendment cases, the test of whether an arrest has taken place is whether a reasonable person under the circumstances would have felt free to leave.
- B. Probable cause: According to the Supreme Court, “probable cause exists where the facts and circumstances within their [the arresting officer’s] knowledge and of which they had reasonable trustworthy information are sufficient in themselves to warrant a person of reasonable caution in the belief that an offense has been or is being committed” and that the person to be arrested committed it.
 - 1. An officer must have probable cause to make an arrest.
 - 2. The aim of probable cause is to make a formal charge. When an officer has probable cause, he or she may undertake a complete body search; record the suspect’s fingerprints, take the suspect’s photograph, and jail him.
- C. Custody (Investigative Detention): a state of being confined usually for a short period of time. Until probable cause is determined or not.

XVII. DISCRETION

- A. Officers shall continuously demonstrate discretionary judgment. Discretion shall be applied reasonably and shall be guided by the oath of office, the limits of authority as established by law, the decisions and interpretations of the courts, the written orders of our department, and the oral instruction provided by field supervisors.
- B. Officers shall not make arrests based on or affected by a person’s sex, race, creed, color, general attitude, ethnicity or natural origin.
- C. Officers have six forms of discretionary authority when making arrests: no arrest at all, an informal resolution of the incident or problem, issuance of a summons, request for a warrant, a full-custody arrest or issuance of a criminal citation.
 - 1. Informal resolutions take the form of referrals to other agencies, mediating agreements between two or more parties, or issuance of a warning. Informal resolutions are the least coercive of all enforcement measures and shall be applied when stronger enforcement methods are unnecessary or inappropriate under the circumstances.
 - 2. Issuance of a summons may be requested of the court or decided by the judge upon review of complaint.
 - 3. Criminal Citations may be issued for violations in accordance with NMSA 31-1-6.

- D. The decision to apply one or more enforcement methods must account for the totality of the circumstances and must be consistently applied.
- E. Supervisors shall review each arrest report to ensure that proper action was taken under the circumstances.

XVIII. ARRESTS WITH A WARRANT

- A. Who may issue: any municipal, magistrate, or district judge who has jurisdiction for the case may issue an arrest warrant.
- B. When the court may issue; what to recite: Court rules provide that the Judge having authority to issue an arrest warrant shall first examine on oath any complainant or other witnesses and, if probable cause exists, issue the warrant. (Rule 5-208, 6-204, 8-203)
- C. What the warrant contains: a warrant commands the accused to appear before a judge or magistrate at a stated time and place. The warrant names the accused or gives a description if his or her name is not known, describes the offense and names the violation, and displays a judge's signature. The warrant contains the complaint and sworn statements from witnesses.
- D. Issuance of a summons instead of warrant: Court Rule 5-208 provides for issuance of a summons instead of a warrant. Summonses impose the same requirements as with a warrant including an order for the defendant to appear at an appointed place and time.
- E. Issuance and service of summons in place of warrants in misdemeanor cases.
 - 1. Officers may request that the court issue summonses for offenses committed in their presence when the offenses violate local ordinances.
 - 2. Persons to whom summonses have been issued shall not be held in custody until after an adjudication of guilty. Booking procedures at the time of a physical arrest, however, allow and at times require the taking of fingerprints and/or photographs.
 - 3. Any person refusing to give a written promise to appear under the provisions of this section shall be taken as immediately as possible by the arresting or other officer before a magistrate or other appropriate issuing authority.
- F. Copy of process to be left with accused:
 - 1. Criminal procedures require that in most circumstances the officer shall leave a copy of the criminal process with the person charged.
- G. Execution of arrest warrants:
 - 1. NMSA 31-1-4 authorizes a law enforcement officer to execute within his jurisdiction a District or Magistrate warrant, or summons issued anywhere in New Mexico. Municipal court actions may be served within the court's jurisdiction, except for DWI actions which may be served anywhere in New Mexico.

2. NMSA 31-1-5 requires an officer who arrests a person on a warrant from another jurisdiction to take the arrestee without unnecessary delay to an appropriate judicial officer serving our locality.

H. Escape, flight, and pursuit: Arrest anywhere in the state:

1. NMSA 29-1-4 allows an officer, with or without a warrant, to pursue within his jurisdiction an escapee from custody. If the officer is in close pursuit, he or she may arrest the suspect wherever he is found.
2. If the arrest is made in an adjacent county or city than the one from which the suspect fled, then the officer shall deliver the suspect to the judicial authority of the local jurisdiction.
3. NMSA 31-2-1 authorizes a law enforcement officer from any other state or the District of Columbia to pursue a fleeing felon into New Mexico and take the suspect into custody as if the suspect had committed a felony in New Mexico. Foreign officers shall immediately take the arrestee to a local magistrate judge to determine the lawfulness of the arrest as required in NMSA 31-2-2.
4. NMSA 31-2-8 authorizes a Truth or Consequences Police Officer whose jurisdictional boundary while in fresh pursuit of a misdemeanor whom he would otherwise have authority to arrest shall have the authority to arrest that misdemeanor anywhere within the state and return him to the jurisdiction in which the fresh pursuit began without further judicial process. (See TCPD 1B)

I. Arrest of warrant suspect inside a residence:

1. If an officer wishes to arrest a suspect inside his residence, he must first obtain an arrest warrant. If the residence belongs to the suspect, only an arrest warrant is required. If the dwelling belongs to someone else, the officer must obtain a search warrant as well.
2. A search warrant is not required if the officer is in fresh pursuit or the owner of a residence consents to the officer's search for the suspect.

J. Return of warrant:

1. Upon executing the warrant, the arresting officer shall note the date of execution on it then return it to the court less copies given to the arrested person.

XIX. ARREST WITHOUT A WARRANT

A. Authority:

1. As noted earlier, the search and seizure provision of the Fourth Amendment protects citizens from the arbitrary and oppressive interference by law enforcement officials with regard to privacy. Further, officers must have

probable cause that a crime has been committed, and that the person to be arrested has committed the crime.

B. When warrantless arrests may be made:

1. when a person commits any crime in the officer's presence;
2. when the officer has reasonable grounds or probable cause to suspect any person of having committed a felony not in his presence when exigent circumstances exist;
3. at the scene of any motor vehicle crash when the officer has reasonable grounds to believe, upon personal investigation, that a crime was committed by any person in their presence (66-8-125 NMSA);
4. at any hospital or medical facility to which any person involved in a motor vehicle crash has been transported, provided the officer has reasonable grounds to believe, based upon personal investigation, that a crime has been committed by that person;
5. on a highway when charged with a theft of a motor vehicle; (66-8-125 NMSA)
6. when any person is charged with a crime in another jurisdiction and the officer has received:
 - a. a photocopy of a warrant;
 - b. a telegram;
 - c. a computer or facsimile printout; or
 - d. a radio, telephone or teletype message which gives the name or a reasonably accurate description of the wanted person and the crime alleged;
7. when the officer investigates the crimes of assault, battery, public affray, or criminal damage in a licensed liquor establishment and has probable cause to believe a crime was committed (30-3-6 NMSA);
8. when the officer has probable cause based upon a reasonable complaint of a misdemeanor not committed in the officer's presence involving shoplifting, or falsely obtaining services or accommodations, (30-16-23, 30-16-16 NMSA).
9. Under NMSA 31-1-7, officers shall arrest without a warrant in cases of assault and battery against a family or household member and NMSA 40- 13-6 for violations of protective orders, regardless of whether the violation occurred in the officer's presence, provided the officer has probable cause. See TCPD13B domestic violence.

C. Actions upon arrest from charges filed in another jurisdiction:

1. Upon arrest based on a photocopy of the warrant, telegram, computer or facsimile printout, or teletype message, the arresting officer shall serve a copy of the document on the accused.

2. The arresting officer shall bring the accused before the magistrate for arraignment. 35-5-1 NMSA.
3. The magistrate shall conduct a bail hearing and set bail, or secure bond, if appropriate just as if the accused had been arrested on the warrant. The officer shall not request the issuance of any arrest process such as duplicate warrants or fugitive warrants based on the charge in the other jurisdiction within New Mexico.
4. NMSA 31-4-14 Fugitive from Justice – Arrest of a person may be made without a warrant upon reasonable information that the accused stands charged in the courts of a state with a crime punishable by death or imprisonment for a term exceeding one year, but when so arrested the accused must be taken before a judge or magistrate with all practicable speed. A complaint must be made against the accused under oath setting forth the grounds for arrest.

E. Juveniles: Refer to TCPD04B concerning handling of juveniles.

F. Criminal Citations:

1. Per NMSA 31-1-6, an arresting officer may issue a citation to appear at a time and place specified in such situation any person is detained by or in the custody of an arresting officer for:
 - a. Any offense committed in the officer's presence which is a violation of any county, city ordinance, or for any petty misdemeanor offense.
2. If after issuing a citation for above, the suspect continues the unlawful act, then the officer shall immediately take him or her before the appropriate judge.
3. If the officer believes that the suspect is likely to disregard a citation, or may cause harm to himself or another person, then the officer shall immediately take him or her before the appropriate judge.
4. An NCIC check on any person to whom a citation will be issued will be completed before releasing him or her. In the event the NCIC check reveals a valid extraditable warrant the criminal citation shall not be issued and a physical arrest will be made on all charges.

XX. POST-ARREST PROCEDURES

- A. Constitutional considerations: Refer to above paragraphs for a discussion of search guidelines and searches incident to arrest.
- B. Releases on citations and mandatory arrest: If the arrested person is not released on a citation or is charged with a felony, officers shall observe the following procedures:

1. Transport the suspect to the Sierra County Detention Center and begin booking process. Obtain case number from communications operator to be placed on the offense/incident report.
 2. Complete a criminal complaint and probable cause statement for each adult charge or obtain copy of appropriate arrest warrant. (Multiple charges may be on same form)
 - a. Magistrate Court requires the following paperwork:
 1. Criminal Complaint, Probable Cause statement and/or copy of the warrant and citation if arrest is traffic related.
 - b. Municipal Court requires the following paperwork:
 1. Criminal Complaint, Probable Cause statement and/or copy of the warrant and citation if arrest is traffic related.
 - c. Records will send one copy to the appropriate court and the final copy will be placed in a permanent file.
 3. The officer needs to provide defendant with a copy of the criminal complaint, warrant and any citations entered then inform him of his bond amount, which shall be set by the bond schedule provided by the appropriate court.
 4. Subject will then be released to the appropriate Detention Facility.
 5. The subject may be transported to the appropriate court for arraignment in the event the subject does not post the required bond.
- C. Injury before or during arrest:
1. If a person receives an injury before or during an arrest and either requests medical attention or, in the officer's judgment, medical attention is needed, officers shall transport the suspect or arrange for his or her transportation to the hospital for an examination before booking.
- D. Processing of paperwork:
1. Offense/Incident reports
 - a. Must be completed in report management system by officer prior to conclusion of shift unless approved by supervisor.
 - b. Report will be reviewed and approved by supervisor.
 - c. A copy of the report will be sent to the appropriate prosecutor with accompanying paperwork.
 - d. All reports will then be approved by the Patrol Lieutenant.

- e. Supervisors will approve and turn into records division in a timely manner.
 - f. Reports become a permanent record of the Truth or Consequences Police Department.
2. Arrest/booking forms
- a. Must be completed by the arresting officer before the defendant is transported to the detention center.
 - b. Officer should print two copies of the arrest/booking and disseminate one copy to the detention facility and one to the prosecutor
3. Fingerprint cards
- a. The records division will obtain completed fingerprint cards from the Sierra County Detention Center monthly, at a minimum.
 - b. The records division is required to keep one in the permanent file.
4. Photographs
- a. Officers must ensure that TWO digital photographs (one forward facing and one profile) of the defendant are taken and attached to the "Person Master" in RMS as well as photographs of scars, marks and tattoos upon each arrest.
5. Copies of warrant
- a. The officer shall provide the detention facility a copy of the warrant.
 - b. The officer shall scan in a copy of the warrant to RMS.
 - c. The officer shall return the signed original warrant to the appropriate court.
 - d. In the case of juvenile offenders see TCPD04B.

E. Further processing:

- 1. Items seized as evidence/property shall be properly tagged and turned in to the departmental evidence locker.

XXI. INVESTIGATIVE DETENTION

A. Legal background:

- 1. Officers may encounter a circumstance where probable cause appears to exist in order to detain a person for an offense, only to find out shortly thereafter that the person detained did not commit a crime, or that the act was not a crime. It is imperative, then, that the officer ends the detainment process immediately to avoid becoming liable for false imprisonment. Case law

considers a “reasonable amount of time,” as a basis for detainment and further investigation. (*Terry v. Ohio*, *State v. Werner*)

2. An investigative detention is a temporary seizure of a suspect for the purpose of determining:
 - a. Whether there is probable cause to arrest him/her
 - b. Whether further investigation is necessary
 - c. Whether the officer’s suspicions were unfounded.

B. Procedure:

1. Detention is determined as custody of any type, i.e., handcuffs, transport or detainment. Officer may handcuff the detainee if reasonably necessary i.e., if the subject is combative, detained for a violent crime or multiple detainees. Handcuffs must be removed after a reasonable amount of time.
2. After detainment as soon as practical investigating officers shall read the suspect, their Miranda rights. This **will** be recorded, via an audio/video device, and documented in the report. **NO** investigative questions will be asked of persons in custody prior to Miranda.
3. Investigating officers will make every attempt to immediately determine whether the person in custody is suspect in a criminal act or whether a criminal act occurred. Officers must promptly terminate the detention when they have completed their investigation.
4. To protect him/herself and the department, the officer shall document in an incident report all of the following:
 - a. the date and time of detainment;
 - b. the person detained (name, address, date of birth, race);
 - c. the location of detainment;
 - d. the location and time of release from detainment and how the person was transported;
 - e. the reasons or discovery of information which led the officer to release from detainment;
 - f. any witnesses to the alleged offense, or to the fact the person detained was allegedly involved.

XXII. DISMISSAL OF CHARGES

- A. If the officer makes an arrest based on probable cause, the arrest is lawful. Probable cause must continue to exist through the appearance of the officer and arrested person before the appropriate judge. If not, the charges should be dismissed as soon as practical, by DA’s office if charges are approved through their office.

1. Should the defendant be in detention after determining there is no probable cause he will be released on his Own Recognizance only with the authority of the judge.
2. If the defendant is not being held and it is determined that probable cause does not continue to exist the prosecutor (i.e., Officer, District Attorney or Municipal Attorney) will file the appropriate dismissal.

XXIII. POLICY

- A. It is the policy of this Department to utilize the Criminal Citation in lieu of arrest whenever applicable, thereby reducing the time consumption involved with physical arrests while still taking enforcement action. In most cases, the officer will make the decision of whether a citation will be issued or a physical arrest made for the offense.

XXIV. PURPOSE

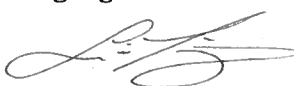

- A. Criminal citations may be used for offenses, which are classified petty misdemeanors.
- B. In order for the court to have the necessary information to process the complaint, the victim and witness or witness's name, DOB, address and telephone number shall be listed in the offense/incident report and the court intake sheet. The criminal citation must be completed properly to include property shoplifted and total dollar amount.
- C. The officer will be sure that the correct violation and ordinance or statute number is used.
- D. Complete details of the incident should be placed in the offense/incident report.
- E. If any evidence is taken, the case number will be listed on the evidence form.

XXV. IMMUNITY FROM ARREST

- A. Legislative immunity
 1. Members of the United States Congress are exempt from arrest when Congress is in session, or when they are in route to or from congressional business, except for traffic summonses. {Article I, Section 6, U.S. Constitution}
 2. Members of the New Mexico Legislature are exempt from arrest during a legislative session except in cases of treason, a felony, or a breach of the peace. {Article IV Section 13, Constitution of New Mexico}
- B. Diplomatic immunity:
 1. Upon exhibiting proof of diplomatic immunity, persons shall be released upon being stopped for a misdemeanor traffic violation. If questions arise about this procedure, or if an arrest for a felony is necessary, call and advise

the U.S. State Department Office of Security {202-673-3881, days, or 202-647-2412, nights and weekends}.

2. While a person claiming diplomatic immunity may present any number of identification papers, the only one that is indicative of the level of privilege and immunity is a card issued by the U.S. State Department. The holder's level of immunity will be indicated on the card. If a person claiming immunity does not possess this card and the incident involves a criminal offense, officers may detain the person either at the scene or at the department long enough to verify official status.
3. When encountering a criminal suspect who claims diplomatic immunity, officers shall first take reasonable measures—including pat-downs or other legal searches—to ensure safety to the public or other officers. Verification of the diplomatic claim shall take place after a danger has been neutralized. A criminal investigation shall proceed as if no valid diplomatic immunity claim has been made. Interviews, interrogations, seizures of evidence, or issuance of warrants shall proceed per departmental procedure. In a criminal investigation, the chief shall remain in contact with the State Department.
4. Regardless of the claim of immunity, in any case where officers arrest or detain foreign nationals, the suspects shall be advised of their right to have their consular officials notified. In some cases, this notification is mandatory. Note: the list of countries which require mandatory notification of consular officials in the event that one of their citizens has been arrested is extensive. The State Department shall be contacted for guidance.
5. Upon detaining any foreign national with diplomatic immunity, the State Department will be notified. This includes death of a minor or adult, or a foreign national who is incompetent, or a foreign national who required assistance

I. STATEMENT OF PURPOSE

The purpose of this order is to identify the organizational philosophy of the Department which emphasizes a positive working relationship between the public and the police. This concept involves a community-oriented approach to policing. Each unit's goals and objectives will be focused to achieve this philosophy.

II. POLICY STATEMENT

It is the desire of the Truth or Consequences Police Department to provide guidance in those circumstances wherein the Rules and Regulations and Standard Operating Procedures or stated procedures cannot be followed. When employees encounter circumstances in which department policy or stated procedures cannot be followed, officers adopt alternative procedures to accomplish police objectives. When the use of alternative procedures becomes necessary, employees adopt those alternative procedures which will accomplish policy objectives in the most expedient manner with the least inconvenience to the public. Alternative procedures are those which tend to accomplish stated policy objectives in a manner which best insures the safety and welfare of the employee and the general public.

III. GOALS AND OBJECTIVES

- A. The Police Department in serving the people of Truth or Consequences, strives to reduce crime and provide a safe city by:
1. Recognizing that our goal is to help people and provide assistance at every opportunity.
 2. Provide preventive, investigative and enforcement services.
 3. Increase citizen satisfaction with public safety and obtain community cooperation through the Department's training, skills and efforts.
 4. Realize that the Police Department alone cannot control crime, but must act in concert with the community and the rest of the Criminal Justice System.

B. In achieving this mission, the men and women of the Truth or Consequences Police Department will conduct themselves in an ethical manner. We will:

- 1. Respect and protect the rights of citizens as determined by the law.**

I. STATEMENT OF PURPOSE

The use of force by a police officer is an extremely sensitive issue and requires careful study and understanding by every officer. This is especially true since the definitions of the use of force by police are based on the determination of reasonableness under the circumstances. Although the careful use of force is authorized by law, the use of unnecessary or unreasonable force is strictly prohibited and will not be tolerated. While clear boundaries of reasonableness can be defined for certain police situations, others must be interpreted for the particular set of circumstances involved. The purpose of this section is to provide each officer with policy guidance and direction with respect to the use of force in carrying out his duties.

III. DEFINITIONS

A. **Chemical Agents-** Chemical agents designed and manufactured for law enforcement purposes, as approved and issued by the Truth or Consequences Police Department.

B. **CIT – Crisis Intervention Trained Officers (CIT)** are composed of uniformed and plainclothes officers who function within their respective shifts, units, or teams as specialists, trained in handling calls involving the mentally ill, as well as other calls of crisis not related to mental illness.

- C. **Deadly Force**- Force that is intended or known by the person using the force to cause or in the manner of its use or its intended use, is capable of causing death or serious bodily injury.
- D. **Imminent**- An event, absent intervention, that is likely to occur at some point in the near future. Used synonymous with immediate.
- E. **Less-Lethal Force**- Measures or equipment such as bean-bag rounds or other propelled impact devices designed to incapacitate without causing death or serious physical injury. However, these measures, even when deployed properly, still possess the potential to cause death or serious physical injury.
- F. **Less-Lethal Munitions** - Munitions designed to incapacitate hostile individuals without causing death or great bodily harm, but that possibility always exists even though the munitions are deployed properly. Department approved less-lethal munitions are:
- Conducted Electrical Weapon (CEW)
 - Bean Bag Rounds
 - Foam Projectile Rounds
 - Department approved chemical agents
- G. **Objectively Reasonable**- This term means that in determining the necessity for force and the appropriate level of force, officers shall evaluate each situation in light of the known circumstances, including, but not limited to, the seriousness of the crime, the level of the threat or resistance presented by the subject, and the level of threat to the community.
- H. **Physical Injury**- Any injury to a person that is not likely to cause death or great bodily injury to the person, but does cause painful temporary disfigurement or temporary loss or impairment of the functions of any member or organ of the person's body.
- I. **Ready Position** – is a position of preparedness. The muzzle of the firearm should be in the “low ready” position as taught in firearms course. A weapon at the ready position is not a show of force, as further action is required by the officer before he or she may immediately use the weapon.
- J. **Reasonable Belief**- Facts and circumstances known to the officer at the time, which would cause another reasonable and prudent officer to act or think in a similar way under similar circumstances.
- K. **Serious Bodily Injury**- Injury that creates a substantial risk of death, serious permanent disfigurement, or protracted loss or impairment of a bodily member or organ.
- L. **Show of Force** – Show of force is an officer drawing and displaying any weapon system at a high risk or unknown risk situation. Pointing a weapon towards or at

a subject showing the intent to use the weapon to gain compliance, command, or stop the actions of a subject.

- M. **Totality of Circumstances-** The facts and circumstances of an incident, including the severity of the crime at issue, and whether the suspect posed an immediate threat to the safety of the officers, or others, by actively resisting arrest or by flight
- N. **Use of Force-** The amount of effort required to compel compliance by an unwilling subject resulting in a potential for injury, excluding compliance holds that require no more than a firm grip.
- O. **Weapon System –** Lethal, Less-Lethal, and Impact weapons (e.g., telescoping batons).

IV. USE OF FORCE CASE LAW

- A. The United States Supreme Court, in a case entitled *Graham v. Connor*, sets forth the analytical model by which all use of force cases is reviewed. As required by *Graham*, an officer's use of force is assessed by examining the facts and circumstances known to the officer including a review of the following:
 - 1. **The severity of the suspect's crime;**
 - 2. **The immediacy of the threat posed by the suspect to the safety of the officers or others; and**
 - 3. **Whether the suspect is actively resisting arrest or attempting to evade arrest by flight.**
- B. As used by *Graham*, "**objectively reasonable**" is much like the related concepts of reasonable suspicion and probable cause. Objective reasonableness requires more than an officer's *subjective* beliefs about a suspect and the level of threat that the suspect poses. Indeed, an officer cannot base a decision to use force on a "hunch," a "feeling," or some other unquantifiable belief. This is an *objective* test which means that the officer's good faith beliefs, for taking certain action, are irrelevant.
- C. Instead, an officer must be able to identify specific and articulable facts. Essentially, an officer must list the information that he or she observed, heard, or otherwise collected through reliable police channels and the source of that information. Sometimes just as important, an officer must identify unknowns and why this lack of information is important to an assessment of the suspect's threat level.
- D. Based on those specific and articulable facts, an officer can then use his or her training and experience to interpret the known information and reach a reasonable conclusion as to the level of threat posed by the suspect. Stated another way, the conclusion an officer draws about a suspect must be based on the known facts.
- E. This process does not deal with hard certainties, but with probabilities. The use of the 20/20 vision of hindsight to analyze an officer's use of force decision is prohibited. This is why the *Graham* test is called objective *reasonableness*, not

objective *certainty*.

V. GENERAL POLICY

- A. Officers shall first use de-escalation techniques when feasible to gain the voluntary compliance of an individual to reduce or eliminate the need to use force. Among these techniques are the use of advisements, warnings, and verbal persuasion.
- B. When feasible, officers shall allow an individual a reasonable amount of time to submit to arrest or a lawful order before using force.
- C. Reasonable force may be used by an officer in the performance of duties when:
 - 1. It is necessary to preserve the peace, to prevent the commission of an offense or to prevent suicide or self-inflicted injury.
 - 2. Officer is making lawful arrests and searches, overcoming resistance to such arrests and searches, and preventing escapes from custody.
 - 3. It is in self-defense or defense of another against unlawful violence to a person or property.
 - 4. Preventing or interrupting an intrusion on or interference with the lawful possession of property.
- D. An officer may use reasonable force to overcome resistance in the lawful performance of his duties, even though there is no immediate or apparent danger calling for self-defense. However, the officer must be acting within the scope of official authority. Every reasonable opportunity to comply must be given to the person being arrested. Force should be used only after all other means have failed to produce compliance.
- E. Before the application of reasonable force, officers should identify themselves as police officers and state their purpose to the offender and others present. This identification is not necessary if the officer reasonably believes his purpose and identity are already known or conditions exist which render it unfeasible to identify.
- F. There is no specific rule fitting all cases as to how much force and means may be used, each case must be decided in the light of its own facts and circumstances. Under no circumstances, will the force used to be greater than necessary and in no instance will deadly force be used except as stated in the Deadly Force section of this chapter.
- G. Officers will use only the force necessary to accomplish lawful objectives. Officers must exhaust every reasonable means of employing the least amount of force appropriate to the situation.
- H. Choke/choke holds, Vascular Neck Restraint (VNR), Lateral Vascular Neck Restraint (LVNR), or any technique that restricts the air or blood flow to the neck is prohibited and subject to disciplinary action up to and including termination.

1. The exception to the neck prohibition is during a deadly force encounter.

VI. DE-ESCALATION

A. De-escalation

1. The Truth or Consequences Police Department recognizes that an officer must exercise control of an individual displaying resistance and its need to protect the public and others from an immediate threat.
2. Officers should look for opportunities for de-escalation when and where it may be accomplished without increasing the risk of harm to the officers or others.

B. De-escalation techniques are proactive actions and approaches that an officer uses to gain voluntary compliance of the individual(s) to reduce or eliminate the need to use force. When force is necessary the application of force should be reasonable and consistent with department policy, training, and established law.

1. The following list of de-escalation techniques is not intended to establish an order of priority in their use by officers. De-escalation techniques include, but may not be limited to:
 - a. Using distance, cover, concealment, and/or time. These techniques allow an officer to: assess the situation and their options; bring additional resources to the scene; and develop a plan for resolving the incident without using force;
 - b. Utilizing intermediate barriers;
 - c. When feasible, requesting additional personnel and waiting for their arrival;
 - d. Using active listening skills by an officer to indicate engagement in conversation with an individual;
 - e. Employing verbal de-escalation, which may include:
 - i. Communicating with the individual(s) in a conversational tone of voice while considering additional resources.
 - ii. Beginning by asking questions rather than immediately issuing orders;
 - iii. Advising the individual(s) of the actions that officers may take to end their crisis without the need to use force; and
 - iv. Warning the individual that disobeying orders and posing an immediate threat to officers or others may result in the need to use force.

C. When reasonable, given the facts and circumstances known to the officer at the time, the officer shall attempt to de-escalate and slow down the situations without increasing the risk of harm to the officer or others.

1. Exceptions to de-escalation can include:

- a. Being attacked
- b. Personal safety or the safety of another
- c. The safety or security of evidence or a crime scene
- d. A suspect fleeing from an officer

2. When feasible, the officer should:

- a. Gather information about the incident;
- b. Assess the potential risk to the individual(s), the officer(s), and others;
- c. Coordinate resources; and
- d. Communicate and coordinate a response.

D. Should an individual fail to comply with lawful directions or commands, an officer shall attempt to consider whether an individual's lack of compliance may be based upon an inability to comprehend in order to comply.

1. Where an officer identifies the presence of one of the following factors, they shall use de-escalation techniques to reduce or eliminate the need to use force:

- a. The influence of drugs and/or alcohol;
- b. A known or reasonably apparent mental illness or developmental disability;
- c. The individual is experiencing a crisis incident;
- d. A known or reasonably apparent physical disability or other medical or physical condition, including visual or hearing impairment; and
- e. A language barrier.

E. An officer's approach to an individual can influence whether a situation escalates, resulting in the use of force.

- 1. An officer shall avoid taking unnecessary actions that may lead to the need to use force.
- 2. An officer shall recognize that their elevated stress levels can have an adverse impact on the interaction.

- F. In their interaction with individuals, an officer **should** use advisements, warnings, verbal persuasion, and other tactics before using force **whenever feasible**.
- G. Supervisors will become involved as soon as practicable in managing an overall response to potentially violent encounters by coordinating resources and officers' tactical actions.
- H. If the individual is or appears to be, in a mental or behavioral health crisis, an officer should attempt to de-escalate and shall otherwise follow the following:
 - 1. Follow procedures outlined in biennium training HB93 interacting with the mentally ill. If available determine whether CIT response is necessary, however use of force encounters will be viewed under the totality of the circumstances as stated in Graham v. Conner.
- I. When the Truth or Consequences Police Department's interest in making a seizure outweighs the risk to the officers, public, and suspect(s) (balancing test); all reasonable force options should be considered to stop the action or seize the suspect(s) (i.e., active shooter situation).

VII. REPORTING PROCEDURES

- A. A written use of force report will be submitted whenever an officer:
 - 1. Discharges a firearm, for any reason other than training or recreational purposes;
 - 2. Takes an action that results in, or is alleged to have resulted in injury or death of another;
 - 3. Applies force through the use of lethal or less-lethal weapons;
 - 4. Has used any equipment in applying force (Taser, baton, pepper spray, spike system, fire equipment etc.)
 - 5. Utilizes any leveraged takedowns, escort positions, distraction techniques, compliance holds or impact takedowns.

In any incident where a use of force is used, officer(s) shall document the incident in a use of force report. The report will include a detailed description of the events leading to the necessity for the use of force; the amount and type of force used; the nature and extent of injuries, if any, and treatment rendered; the identity of all person(s) involved and any other pertinent information. **It will be turned into the immediate supervisor, who will review it and then submit it to the Chief of Police or designee through the proper chain of command.**

- B. Parameters for reporting a Show of Force
 - 1. A show of force event is when an officer points any weapon system at a subject. Show of force is an officer drawing and displaying any weapon system in potentially high risk or unknown risk situation. Pointing a weapon system towards or at a subject showing intent to use the weapon to gain compliance, command, or stop the actions of a subject.
 - a. Drawing from a duty belt, retrieving a weapon from a department

vehicle, or displaying a weapon at the ready position does not require a show of force report.

- b. Drawing a weapon for a building search or clearing does not require that you document a show of force report unless contact is made with a subject and police action is taken.
 2. A show of force shall be done only as objectively reasonable to accomplish a lawful police action.
- C. Parameters for Officers Intervention of Excessive force “duty to intercede” – Jones v. City of Hartford, (2003)
 1. Police officers have an affirmative duty to intercede on behalf of a citizen whose Constitutional Rights are being violated in their presence by other officers.
 - a. Officers who fail to intervene may be subject to disciplinary actions up to and including termination.
 2. If an officer observes a colleague (no matter the rank) commit an act of unreasonable force in his or her presence, the officer must intervene.
 3. All concerns or intercessions on the behalf of a citizen or officer will be reported through the chain of command, reviewed by the Lieutenant, and forwarded for a use of force review if necessary.
 4. Supervisors must intervene in an officer’s conduct when excessive force is present and report it through their chain of command.
 - a. Including any violations observed in a video or evidentiary review.
 5. If the report of excessive force is a colleague of greater rank than the officer, it will be reported to the rank above the chain.

VIII. LESS THAN LETHAL

A. Requirements to Carry and Qualify

1. An officer shall carry only intermediate weapons that are issued by the Department.
2. An officer shall not be issued nor carry any intermediate weapon unless the officer has been trained and is certified on the weapon.
3. A uniformed officer shall carry the Electronic Control Weapon (ECW) and Oleoresin Capsicum (OC) spray on their duty belts.
4. The expandable baton is an optional force tool.
5. Officers and supervisors assigned to specialized units may carry intermediate weapons as dictated by their responsibilities. The commander of each unit will ensure that officers carry intermediate weapons according to the unit’s standard operating procedures.

B. Use Guidelines

1. Intermediate weapons shall be used in accordance with the Department's Use of Force policies.
2. The use of an intermediate weapon must be reasonable, necessary, proportional, and shall be used only to bring about a lawful objective.
3. An officer shall issue a verbal warning to an individual and allow that individual a reasonable time to comply with the warning prior to deploying any intermediate weapon, unless doing so would place an officer or other person at increased risk. An example of a verbal warning is: "Stop or you will be Tased!"
4. An officer shall give a verbal announcement in order to notify officers on-scene that an intermediate weapon is about to be used, e.g., "Taser, taser!", "Beanbag, beanbag!" The purpose of the verbal announcement is to avoid the possibility of firearms discharge by other officers due to a sympathetic or startle reaction from other officers on scene.
5. An officer shall consider that there are individuals who are more susceptible to injury as a result of using an intermediate weapon. These high-risk individuals include visibly pregnant women, young children, elderly persons, frail persons, individuals exhibiting signs of excited delirium, and individuals with low body mass.

C. USE OF OC (Pepper Spray)

1. OC spray may be used on a suspect who is non-cooperative and is actively resisting the efforts to control him by the following, though not fully inclusive, actions:
 - a. Suspect not responsive to directions;
 - b. Verbal resistance or body posture;
 - c. Pulling/moving, running away or closing distance;
 - d. Aggressive movements and/or a response to resistance.
2. Decontamination
 - a. Decontamination begins after the suspect has been restrained with handcuffs or by other means and the suspect's resistance has ceased.
 - b. Decontamination should begin in a reasonable time frame and officer safety concerns should be taken into consideration.
 - c. Expose suspect to fresh air and attempt to flush affected area with water.
 - d. Call medical personnel (EMS) to perform a cursory check of the suspect, to remove any contact lenses, if necessary, and to begin or continue flushing the suspect with water. In the event EMS personnel are not

- able to assist with decontamination efforts, the suspect will be transported to the emergency room to begin or continue these.
- e. Once the suspect has been transported to the detention facility, the on-duty detention facility personnel shall be notified that the suspect has been sprayed with OC.
 - f. Under no circumstances will any creams, salves, or oils be applied to the affected area.

3. Reporting

- a. As with any use of force or application of force, a written report will be submitted detailing the use of the OC spray, decontamination procedures and the events leading to the use of the OC spray.
- b. Anytime the OC spray is used, the approving supervisor will be responsible for ensuring that a copy of the use of force report is forwarded up the chain of command.

D. 12 GAUGE BEAN-BAG

1. Bean-bags are considered to be extended range impact weapons that allow officers to deliver a similar amount of force comparable to batons.
2. The bean-bag may be used when other less-lethal force options have been ineffective or when it reasonably appears that such options will be ineffective in subduing the subject. Examples of situations in which the bean-bag may be used include, but are not limited to, the following:
 - a. Dealing with a subject who is perceived to be violent;
 - b. Armed subjects;
 - c. Warrant service where the subject is perceived to be violent.
 - d. Violent persons under the influence of drugs and/or alcohol;
 - e. Persons expressing the intent and having the means to commit suicide;
 - f. When deemed the reasonable alternative of lesser force options are likely to be ineffective or greater force options may be inappropriate given objective circumstances.
3. Where possible, the bean-bag operator should consult with a supervisor prior to the use.
4. The bean-bag should not be pointed at any individual unless the officer involved reasonably believes it will be necessary to use the device.
5. The bean-bag will not be used:
 - a. When the operator cannot, for safety or other reasons, approach the subject within effective range of the device;
 - b. When it is reasonable to believe that incapacitation of the subject may result in serious injury or death.

6. In less-lethal force situation, when possible, officers should avoid using the

bean-bag on:

- a. Persons in wheelchairs or in control of a vehicle;
 - b. Pregnant women;
 - c. People with known heart problems;
 - d. People with apparent debilitation illness or the elderly;
 - e. Children or those under 80 pounds;
 - f. Individuals with known neuromuscular disorders such as muscular sclerosis or muscular dystrophy.
7. Only officers who have successfully completed the agency's approved course of instruction on the bean-bag are authorized to use it in any situation.
 8. Officers of this agency shall receive refresher training in the use of the bean-bag on an annual basis during firearms instruction.

E. CONDUCTED ELECTRONIC WEAPON– TASER

TASER Modes

1. An officer has three options for TASER deployment. The choice of mode used shall depend upon the articulable facts and circumstances at the time of deployment and the guidelines and restrictions set forth below. These are the three operational modes:
 - a. Show of Force Mode
 - i. Pointing a TASER at an individual or using a TASER to “paint an individual with the laser sight or utilizing a warning arc.
 - b. Drive Stun Mode
 - i. Pressing and holding the device against the individual as it is cycled. This can be done in two configurations:
 - Drive Stun Only – This technique involves pressing the TASER against the individual while it is energized without probe deployment, causing pain but minimal or no neuro-muscular incapacitation. This technique is solely a pain compliance technique and Graham factors should be considered.
 - Follow-up Drive Stun – This technique is used as a follow-up to a probe deployment. It can increase the effectiveness of the Taser by increasing the spread between the connections in the event of a close-quarter probe deployment, completing the circuit in the event of a clothing disconnect or when only one probe has made a connection with the individual.
 - c. Standoff Mode
 - i. Discharging the TASER with a cartridge on the device, which propels the probes towards the individual and,

upon effective contact, is intended to cause neuromuscular incapacitation.

F. USE OF A TASER ON PERSONS

1. An officer shall issue a verbal warning to an individual, and allow that person a reasonable time to comply with the warning prior to deploying any TASER, unless doing so would place an officer or other person at increased risk. An example of a verbal warning is: "Stop or you will be Tased!"
2. Upon using the device, the officer shall apply the TASER no longer than reasonably necessary, to accomplish a lawful objective. Upon applying the device, back-up officers should attempt to handcuff the individual during the cycle (i.e., handcuffing under power) to reduce the risk of injury to the individual and officers.
3. An officer shall independently justify the reasonableness of each standard TASER cycle (five seconds) or continuous cycle exceeding five seconds. After one standard TASER cycle, the officer shall re-evaluate the situation to determine if subsequent cycles are necessary.
 - a. Continuous cycling of TASER is permitted only under exceptional circumstances, such as, where it is necessary to handcuff an individual under power (e.g., where the individual is armed and it would be unsafe to evaluate a subsequent cycle). Back-up officers should attempt hands-on control tactics during TASER applications, including handcuffing the individual during a TASER application (i.e., handcuffing under power).
4. An officer shall consider other available force options before deploying a TASER on potentially at-risk individuals. TASER should not generally be used against visibly pregnant women, elderly persons, young children, or visibly frail persons. In some cases, other control techniques may be more appropriate as determined by the individual's threat level to themselves or others.
5. In standoff mode, center mass of the individual's back should be the primary target area when possible. If feasible, in situations where a frontal deployment is the only available option, low center mass and/or the legs should be the targeted area.
 - a. An officer shall not intentionally target an individual's head, neck, chest, or genitalia, except where lethal force would be permitted.

TASER Restrictions

6. Using the TASER is considered a less-lethal level of force unless other variables are present (as described below), which may increase the likelihood of serious physical injury to the individual because of a

secondary impact. Decisions to use a TASER must be reasonable, necessary, and proportional given the totality of the circumstances. The following restrictions, considerations, and conditions apply to the use of a TASER:

- a. An officer must never use the TASER in a punitive or coercive manner.
- b. Exposure to the TASER for longer than fifteen (15) seconds (whether due to multiple applications or continuous cycling) may increase the risk of death or serious physical injury. An officer shall also weigh the risks of subsequent or continuous cycles against other force options.
- c. An officer shall not use the TASER on a passively resistant individual.
- d. An officer shall not use the TASER on handcuffed, restrained, or subdued individuals unless doing so is necessary to prevent them from causing serious physical injury to themselves or others, and if lesser attempts to control have been ineffective.
- e. As a result of the incapacitating effects of the TASER, individuals may lose the ability to protect themselves from injury in a fall. This increases the potential for serious physical injury from a secondary impact.
- f. TASER shall not be used in any environment where an officer knows or reasonably should know that potentially flammable, volatile, or explosive materials are present (including but not limited to OC spray with volatile propellant, gasoline, natural gas, drug lab flammables, or propane).
- g. Using the TASER based solely on the fact that an individual is fleeing an officer making a lawful detention or arrest is generally not authorized. However, the totality of the circumstances, including the severity of the offense, whether the individual is actively resisting or attempting to evade arrest and whether the individual poses an immediate threat to officers, others, or themselves, may justify TASER use under these conditions. An officer shall consider all such factors before using a TASER on a fleeing individual.
- h. TASER shall not be used where such deployment poses a substantial risk of serious physical injury or death from situational hazards, except where lethal force would be permitted. Situational hazards include falling from an elevated position, drowning, and losing control of a moving motor vehicle or bicycle.
- i. An officer shall not simultaneously point both a TASER and a firearm at an individual.
- j. Authorized devices shall consist only of those devices issued and approved by the Department. Personally, owned TASER's are not

authorized for duty carry.

7. Under no circumstances shall the TASER holster be located on the duty belt next to, or on the same side as, an officer's firearm. The TASER shall be carried on the support side, also known as the "weak side," to reduce the chance of accidentally drawing and/or firing a firearm.
8. All authorized sworn, uniformed officers, unless specifically exempted by the Chief of Police, shall carry the TASER in the holster on their person at all times while on duty.
9. The TASER has an effective range of 3 to 12 feet with a 25-foot cartridge. Ranges under 3 feet may not provide adequate distribution of the probes to allow the unit to function to its full effectiveness.

G. DUTIES AFTER DEPLOYMENT

1. Immediate action should be taken to care for the injured, to apprehend any suspects, and to protect the scene.
2. Once the subject has been restrained or has complied, the TASER should be immediately turned off.
3. A TASER will not be left unattended except in exigent circumstances as when an officer is forced to act alone in taking custody of an immediate threat.
4. Medical personnel can be summoned to the scene to assess the subject. If the exam or other circumstances dictate the subject needs further medical treatment; the subject will be transported to the nearest medical facility. Medical treatment will not be refused for anyone who requests it.
5. Medical personnel should remove probes located in sensitive areas such as the face, neck, groin or breast.
6. Removal of probes in other areas may be done by Officers; at the discretion of the on-scene supervisor. Officers will provide first aid following removal of the probes by applying iodine or alcohol wipes, and band-aids to the probe sites as needed. Officers should inspect the probes after removal to ensure that the entire probe and probe barb has been removed. In the event that a probe or probe barb has broken off is still embedded in a subject's skin; the subject should be provided appropriate medical attention to facilitate the removal of the object.
7. Photographs will be taken of probe impact sites and any other related injuries.
8. Probes that have been removed from skin will be treated as biohazard sharps.
9. Involved personnel will attempt to locate and identify any witnesses to the incident.
10. **Officers shall refrain from discussing the incident until the arrival of an on-scene supervisor or other administrator.** The involved person will brief them of the circumstances surrounding the incident and what action has taken place.
11. After deployment the used cartridge will be placed safely and responsibly into evidence. This will be documented accordingly in all reports.
12. Each trigger pull of the Taser constitutes a separate use of force and must be

documented in the use of force report.

13. Arrangements for replacement will be made through the Lieutenant via a memo.
14. All members are required to have two cartridges while on duty.

H. USE OF A TASER ON VICIOUS ANIMALS

1. The full effect of a TASER on animals is not yet proven. However; field deployments have shown positive results and the TASER has been an effective tool against vicious animals.
 - a. Using the TASER against vicious animals may reduce the need for greater, more injurious force against such animals.
 - b. Personnel should deploy a TASER on an animal when other conventional means to control the animal have been exhausted, or may be unreasonable.
 - c. The use of a TASER on an animal should be based on the attempt to provide a safer, more humane and less traumatic conclusion to the incident.
2. Officers should be prepared to use other means of justified force if necessary, and should use conventional means of animal control if feasible. Conventional means of controlling the animal (e.g.: control sticks, collars, cages) should be on hand, at the scene, if possible, prior to the use of the TASER. Personnel should be prepared to apply conventional controls once the TASER subdues the animal. A TASER may be deployed on an animal when:
 - a. A vicious animal is threatening or attacking a citizen, an Officer, or other animal and the use of other force is not reasonable, or may not be desired given the situation.
 - b. A vicious animal has threatened or attacked a citizen, an Officer, another animal, or has caused a continuing public nuisance and the vicious animal needs to be controlled for reason of public peace or safety, preservation of property, or other legitimate purpose; and the animal poses an active threat to Officers in their efforts to perform their duty.
3. Other sections of this policy that apply to issuance, training/certification, deployment procedures, precautions and duties also apply to this section.
4. Procedures for probe removal should take place as outlined in this policy. Personnel will take reasonable measures to ensure the animal's welfare is provided for, in the event that probes impact a sensitive area, or it appears the animal's health is in jeopardy. It is generally understood that as long as personnel acted appropriately, the animal's owner will be responsible for any medical attention needed by the animal.

I. BATONS (Expandable/Straight)

1. An officer is authorized to deploy the baton when such force is reasonable,

necessary, and proportional in order to protect the officer or another individual from an immediate threat.

2. Preferred target areas are the extremities (arms and legs).
3. An officer shall not intentionally strike the head, neck, throat, torso, or groin of an individual with a baton, except where deadly force is justified
4. Impact weapons other than the baton (expandable/straight) are prohibited by the Department unless exigent circumstances exist
5. An officer shall not use their firearm as an impact weapon due to the possibility of unintentional discharge and/or the possibility that it could result in the serious physical injury or death to the officer, the individual, or others

Medical Attention After the Use of the Baton (Expandable/Straight)

6. Following the use of an expandable/straight baton, an officer shall first restrain the individual and then, once it is safe to do so, immediately call EMS to the scene to provide medical attention.
7. If medical personnel determine that the individual requires medical transport, a supervisor shall ensure that an officer accompanies the person to the medical facility.
8. Photographs will be taken of the impact sites and any other related injuries, and included in the use of force report.

IX. DEADLY FORCE – Tennessee v. Garner, 471 U.S. 1 (1985)

WARNING SHOTS ARE PROHIBITED!

A. Authorized Use of Deadly Force

1. After weighing the respective interests of law enforcement and the suspect, the United States Supreme Court, in a case entitled Tennessee v. Garner, held that the Fourth Amendment authorized a police officer's use of deadly force in the following circumstance:
 - a. Where the officer has probable cause to believe that the suspect poses a threat of serious physical harm, either to the officer or others, it is not constitutionally unreasonable to prevent escape by using deadly force. Thus, if the suspect threatens the officer with a weapon or there is probable cause to believe that he has committed a crime involving the infliction or threatened infliction of serious physical harm, deadly force may be used if necessary to prevent escape, and if, where feasible, some warning has been given.
2. The Supreme Court, in Garner, also prohibited the use of deadly force in the following circumstance:
 - a. The use of deadly force to prevent the escape of all felony suspects,

whatever the circumstances, is constitutionally unreasonable. It is not better that all felony suspects die than that they escape. Where the suspect poses no immediate threat to the officer and no threat to others, the harm resulting from failing to apprehend him does not justify the use of deadly force to do so. It is no doubt unfortunate when a suspect who is in sight escapes, but the fact that the police arrive a little late or are slower afoot does not always justify killing the suspect. A police officer may not seize an unarmed, non-dangerous suspect by shooting him dead.

Accordingly, police officers are authorized to use deadly force, by any means, to:

- a. Protect themselves or others from an immediate threat of serious physical harm;
- b. Prevent the escape of a felony suspect who the officer has probable cause to believe that the suspect poses an immediate threat of serious physical harm to the officers or others if allowed to escape;
- c. Where feasible, some verbal warning should be given prior to engaging in the use of lethal force.

B. Prohibited uses of deadly force:

1. Officers shall not unreasonably or unnecessarily endanger themselves or the public in the application of deadly force pursuant to this policy or state law. Officers shall not place themselves in a position (in the path of a fleeing vehicle) in order to justify the use of deadly force.
 - a. An officer shall not rely solely on third party reports as a basis for use of Deadly Force, without firsthand knowledge of an alleged offense.
 - b. An officer shall not use deadly force in situations that would not be in accordance with New Mexico State Statutes.
 - c. In an attempt to apprehend fleeing felons or escapees whom are not placing the officer or another person in immediate danger of death or immediate serious bodily injury.
2. All officers will be familiar with all provisions of the New Mexico State Statutes and this directive governing the legal use of Deadly Force.

C. Section 30-2-6. Justifiable homicide by public officer or public employee.

1. Homicide is justifiable when committed by a public officer or public employee or those acting by their command and in their aid and assistance:
 - a. in obedience to any judgment of a competent court;
 - b. when necessarily committed in overcoming actual resistance to the execution of some legal process or to the discharge of any other legal

duty;

- c. when necessarily committed in retaking felons who have been rescued or who have escaped or when necessarily committed in arresting felons fleeing from justice; or
- d. when necessarily committed in order to prevent the escape of a felon from any place of lawful custody or confinement.

- 2. For the purposes of this section, homicide is necessarily committed when a public officer or public employee has probable cause to believe he or another is threatened with serious harm or deadly force while performing those lawful duties described in this section. Whenever feasible, a public officer or employee should give warning prior to using deadly force.

History: 1953 Comp., 40A-2-7, enacted by Laws 1963, Ch. 303, 2-7; 1989, Ch. 222, 1.

D. Section 30-2-8. When homicide is excusable or justifiable defendant to be acquitted.

- 1. Whenever any person is prosecuted for a homicide, and upon his trial the killing shall be found to have been excusable or justifiable, the jury shall find such person not guilty and he shall be discharged.

History: 1953 Comp., 40A-2-9, enacted by Laws 1963, Ch. 303, 2-9.

I. STATEMENT OF PURPOSE

A police officer's firearm is perhaps the most commonly perceived symbol of his authority and role. In the interest of public safety and police professionalism, the department sets herein high standards of performance for its personnel who use weapons. The department's policy ensures that members are properly trained not only in the use of appropriate firearms, but also in their maintenance. In addition, the department believes that off-duty use of weapons, plus the selection and wearing of on-and off-duty holsters must follow standards enforced by supervisors and the department armorer.

The purpose of this directive is to establish policies and procedures regarding training, approved weapons, and related equipment. Officers are not permitted to routinely switch back and forth between different handguns and types of handguns. During a shooting incident, it is imperative that an officer be able to instinctively operate an assigned or authorized weapon proficiently. Routinely switching weapons puts an officer at a distinct disadvantage which could be fatal. No officer shall be permitted to carry a weapon until proper training has been received and the officer has qualified with the weapon. Each officer will be provided with a copy of the Department's Use of Force policy prior to being allowed to carry a weapon. All officers, while on duty and within their jurisdiction, must have a department authorized handgun immediately accessible. Uniform officers must carry authorized handgun while on duty.

II. POLICY

It is the policy of the Truth or Consequences Police Department that all officers will be properly trained in the use of the weapons supplied and approved by the Chief. This includes the appropriate usage, care of the weapons and recognition of damage if it should occur. The Truth or Consequences Police Department also requires that

officers appropriately give assistance to any person(s) on which the weapons are used. (TCPD 5A)

- B. While in an on-duty status, all officers will be armed with the department issued GLOCK 22, 23 or M&P 2.0 semi-automatics, chambered in .40 S&W, and carried in an issued holster. Only magazines and pouches issued or authorized by the department will be carried. The department shall issue ammunition for the weapon.
- C. Any modifications must be approved by the Chief of Police.
- D. All department issued firearms will be inspected once a year by the Range instructor and the Department Armorer. Unsafe weapons will be removed from service until repaired.

 2. During range practice or competitive sporting events
 3. For ballistics and scientific testing
 4. In defense of a life
 5. Under appropriate circumstances as described in ADM 5, Use of Force.
- B. Firing a weapon should be for the intent of rendering the person at whom the weapon is discharged incapable of continuing the activity prompting the officer to shoot.
- C. Warning shots are prohibited.
- D. Firing a weapon at or from a moving vehicle should not be considered except as the ultimate measure of self-defense or defense of another when the suspect

is using deadly force.

Under no circumstances will an officer fire at a moving motor vehicle with the sole intent of rendering the motor vehicle incapable of being operated.

E. When an officer discharges a firearm accidentally or in the line of duty, except at firearms qualifications, his immediate supervisor will be notified as soon as possible, but never later than the conclusion of his tour-of-duty.

XII. FIREARMS QUALIFICATIONS

A. Firearms qualification courses are mandatory for all officers, and courses will be scheduled throughout the year. The Firearms Instructor or Training Coordinator will post the dates and times for officers to qualify.

Firearms qualifications will include a minimum of two (2) pistol qualifications and one (1) shotgun qualifications for all officers. There will be one (1) off-duty qualification for officers authorized to carry off-duty weapons other than their duty weapon. There will be two (2) qualifications for other department issued firearms; long rifle. These courses will be offered throughout a calendar year.

If it is necessary for an officer to miss a qualification, a written request will be submitted and approved by the Lieutenant. At the discretion of the Lieutenant, those officers who have missed a scheduled qualification during the year will be scheduled for makeup shoot by the end of the year.

Every commissioned officer must maintain a minimum shooting score as stipulated by the Firearms Instructor/New Mexico Law Enforcement Academy (80%).

Officers must shoot approved courses with their issued and/or approved personal duty weapons and approved off-duty weapon prior to carry.

- E. All firearms training will be conducted by certified firearm instructor(s).
- F. All training and proficiency demonstrations will be documented and maintained with the training coordinator and Firearms Instructor. The firearms Instructor will inspect all firearms records once every four months.

XIII. FIRING RANGE PROCEDURES

It is the officer's responsibility to conduct themselves in a mature manner and use common sense in safe handling procedures with handguns, shotguns, and rifles. The following range rules and firearms safety standards will be followed by everyone engaged in firearms training. Infractions of, or disregard for, firearms safety will be dealt with promptly and firmly by the firearm's staff and may be subject to disciplinary action:

A. Safety Rules and Regulations

1. Each time a weapon is picked up for any purpose, point the weapon in a safe direction, open the action and make a visual and physical inspection

- to ensure that it is unloaded. Never trust your memory, and consider every weapon as loaded until you have personally proven otherwise. Never turn in or accept a weapon unless the action is open.

This does not imply a disregard for the rights or abilities of the individual, but rather a structuring of the human efforts concerned with carrying out the everyday activities of the Department. As part of the overall training process, written direction must be provided to all personnel to guide and direct them in the performance of their duties. Standard operating procedures should therefore be considered only one part of the policy of the Department.

The department manual is compiled, adopted, and published on the authority of the Chief of Police for the information, guidance, government, discipline, and administration of the Police Department and its personnel. This department manual is in accordance and is intended to supplement New Mexico State Statutes, New Mexico common law and United States Supreme Court precedents. Department policy rules and procedures may be updated by special orders or formal training, which may not be currently reflected in these manuals. Any violations of the provision or intent of these manuals may result in disciplinary charges against personnel responsible for such violations. The Department recognizes the fact that situations will occasionally arise which may mitigate such violation. Evidence of such mitigating circumstances may be considered on an individual basis when assessing the conduct of personnel of this Department.

This manual is intended only to regulate the conduct of personnel of this department and is not intended to create any higher standard of care than that required by State Law for purposes of establishing civil liability on the part of the City, the Department, or personnel of this Department.

6. All employees are obligated to appear for interviews and to answer questions. Failure to do so will lead to discipline up to, and including, termination. Employees are compelled to answer questions during an internal investigation, however are protected by Miranda in a criminal investigation. Truthfulness and candor are required during these interviews. Employees who are the subject of an IA investigation will be informed of their rights and obligations under *Garrity v. New Jersey*, 385 U.S. 493 (1967), and applicable laws. Investigations and interviews will be conducted in accordance with Chapter 29, Article 14, (NMSA 1978) and Loudermill.
7. Supervisors on the scene of incidents that result in an investigation will also be interviewed. Supervisors are required to detail their handling of the situation during and after the alleged incident and their observations of the complainant (if any) and officer(s).
8. The investigating officer will canvass the scene of an incident for witnesses as soon as possible after receiving a complaint of misconduct or any other referral. Where possible, a canvass will be completed at the same time of day and/or day of the week on which the incident was alleged to have occurred.
9. The investigating officer will collect all appropriate evidence (except that which cannot be obtained from an uncooperative complainant or other witness) to document each incident of potential misconduct, or any injury of a complainant, including but not limited to photographs of injuries and medical records (by requesting a medical record release and/or the assistance of the injured person to obtain the medical records.)
10. The investigating officer will assess the propriety of all officer conduct during an incident that is investigated. If, during the course of an investigation, there is reason to believe that misconduct other than that alleged by a complainant (or indicated by a triggering report) has occurred, the conduct will be investigated and findings with respect to such misconduct will be made.
11. All complaints will be investigated in a timely manner. Under normal conditions, the investigation will be completed within 30 days of receipt, except in the case of an especially complex or time-consuming investigation, where the particulars are explained in detail.

E. Closing the investigation

1. The investigating officer will not close any investigation without rendering a disposition as noted under Definitions. The investigating officer will investigate such complaints to the fullest extent possible to reasonably determine whether the complaint can be corroborated.
2. There is no automatic preference of an officer's statement over a complainant's Statement. In making credibility determinations, the investigating officer should consider the officer's history (including those with dispositions other than 'sustained'), disciplinary records, and the complainant's criminal history for crimes involving untruthfulness. Any credibility determinations should be explained fully in writing.
3. At the conclusion of any investigation, the investigating officer will issue a report describing the alleged misconduct, other misconduct identified during the course of the investigation, a summary of all evidence gathered during the investigation (including an explanation for any absence of evidence), documentation of all credibility determinations, the accused employee's complaint history, the findings with respect to all potential misconduct, and the analysis supporting the findings along with the disposition.
4. At the completion of any Supervisory investigation, the original copy of the complaint and the final investigative report will be forwarded to the Lieutenant for review. This step ensures that all investigations are completed in a consistent manner. If the Lieutenant determines any changes are necessary, it will be returned to the investigating supervisor for amendments. Once the changes are made, it will be forwarded back to the Lieutenant.
5. If no changes are required, the report will then be forwarded to the Chief of Police.
6. Those investigations which are Administrative in nature will be forwarded to the Chief of Police through the appropriate Division Commander, who will evaluate the investigation, recommend additional investigative steps, or approve the investigation.
7. If the Chief, or any senior staff with whom he consults, do not agree with the disposition, they will not attempt to influence the findings of the investigator, but will detail his or her rationale, in writing, and the Chief will render express findings and a final disposition.
8. Upon completion of any recommended discipline, the report and documentation of discipline will be forwarded back to the Chief of Police for filing.

XIV. DISCIPLINE

- A. At the conclusion of an investigation, and after the disposition has been made, appropriate discipline will be recommended using the department Discipline policy.

These may include, but not be limited to, remedial training, assignment to a field training officer, transfer or reassignment. The punitive steps will follow the City of Truth or Consequences disciplinary policy. The City Administrator shall be notified of any action taken by the Police Department.

In the event that the Police Department cannot or should not perform the Internal Investigation, the Chief may request the assistance of an independent agency keeping the best interest of the Department and City of Truth or Consequences in mind.

- A. All Department personnel, upon becoming aware that they or another employee are the subject of or witness in an investigation by an outside law enforcement agency, will notify their immediate supervisor before making any statements to representatives of the outside agency as soon as possible.
- B. This procedure will ensure that all personnel are fully informed of their applicable legal rights, which may include, but not be limited to:
 - 1. Talking with an attorney of their choice, if personnel are the subject of a criminal investigation.
 - 2. Being fully advised of their rights.

I. STATEMENT OF PURPOSE

Positive press relations are an integral part of the operation of any public service agency; the Truth or Consequences Police Department is no exception. Most citizens have little contact with law enforcement officers and their opinion of the police is often formed by the mass media's portrayal of its functions. The maintenance of good press relations is therefore a crucial element of public relations. Officers and employees must maintain good rapport with the media and deal with them in a courteous and impartial manner. It must be remembered that the media has a legitimate function in our society and the public trust of the police can be enhanced through proper dealings with the media.

- C. Department personnel shall not compel prisoners to pose for photographs or film footage. However, officers are not to interfere with photographers or cameramen photographing or filming prisoners from public access areas.
- D. Members of the media are not exempt from any federal law, state law, or any local ordinance. They are dealt with in the same manner as any other violator if arrested.
- E. No member of the media shall have any property confiscated, nor be threatened with confiscation, without due process of law. This includes camera, film, notes, etc.
- F. Because most of the media maintain a police scanner and are aware of our calls, they shall be allowed to call the Communications Dispatch Center and calls will be transferred to the Administrative Secretary during normal business hours. After normal business hours the calls will be transferred to the Public Information Officer's voice mail.
 - 1. The Department will not initiate calls to the media except official news releases.
 - 2. If media persons arrive on a scene which is being actively worked, it will be the responsibility of the Incident Commander to provide a central and safe location for media personnel. The public information officer (PIO) will deliver pertinent and accurate information when able.
- G. Any employee who experiences difficulties in dealing with individual member of the media at the scenes of incidents or during telephone contact should report such by memorandum to the Public Information Officer or the Chief of Police.

When requests for records are received by a designated custodian of records maintained by the Truth or Consequences Police Department, the provisions of the Freedom of Information Act and/or the Inspection of Public Records Act are to be complied with in determining the release of such records.

B. RELEASE OF RECORDS:

In determining whether the release of information contained in criminal justice record is contrary to the public interest, the custodian will weigh the legitimate privacy interest of any individual named in such record against the public's right to know and in accordance with New Mexico's Inspection of Public Records Act (IPRA) 14-2-1 NMSA. In deciding this issue, the custodian will consider the following:

1. Whether disclosure of the information would unduly interfere with the individual's privacy interest.

Both the officer and the victim will be required under oath to disclose information in both the police report and the victim's statement. At this time, the District Court Judge will make a ruling as to whether the emergency protective order is issued. The emergency protective order is designed to protect human life.
- D. Officers who are responding to victims/witnesses will make arrangements for victims/witnesses to go to safe places and/or medical facilities.

4. In order to reduce fright and promote victim communication, victims should be informed as soon as appropriate that they are no longer in immediate danger.
5. Recognizing that victims often suffer physical and/or emotional shock, officers shall assist them in making decisions and keep them informed of law enforcement actions and requirements.
6. Whenever possible, law enforcement officers should not leave a distraught victim alone. Arrangements should be made to have a relative, friend, or family or departmental clergyman join the victim for emotional support and comfort, or arrange for transportation of the victim to a friend, family member or other appropriate service provider.

B. Providing Emotional Support

1. In order to calm and assist the victim in regaining composure, officers shall:

 - b. the arrest and detention of suspects, and their pretrial release status;
 - c. the victim's possible eligibility for victim compensation;

2. Questions from the media will be handled by the Department's Public Information Officer or other designee.

II. POLICY AND PROCEDURE

State statute (29-11A5.1. A-C) regulates the following criteria for the Municipality Chief Law Enforcement Officer:

 1. Receive, from the Sheriff, the registration information for said sex offender.
 2. Shall provide, within seven days, that information to any person requesting registration information.
 - a. This will exclude the Social Security Number and DNA information of the registered person.
- B. The personnel of the Truth or Consequences Police Department will make every attempt to comply; however, to benefit the efficiency of the program. Our initial response to such requests will be to formally inform the requestor that the Sierra County Sheriff's Department is the Local Register and maintain more inclusive records. Also available, for public view is the New Mexico Department of Public Safety web site which is the Central Registry. Therefore, it may be more viable to utilize these resources.

1. If for any reason the requestor is unable to utilize these resources, the Truth or Consequences Police Department **will** obtain the appropriate information and provide this to the requestor.

Re: Truth or Consequences Landfill
Proposal for 2022 Environmental Monitoring/Reporting Services

Dear Mr. Swingle:

Parkhill is pleased to provide the City of Truth or Consequences (the City) with this Proposal for 2022 Environmental Monitoring/Reporting Services for the closed City of Truth or Consequences Landfill (the Landfill) in order to comply with NMED requirements. The Scope of Work for this project is summarized below, and includes conducting the following activities, as required by the NMED-approved 2009 Closure/Post-closure (C/PC) Plan prepared by Parkhill.

TASK 01: QUARTERLY LANDFILL GAS AND VADOSE ZONE MONITORING

Consistent with our current practice, we will perform quarterly landfill gas (LFG) and vadose zone monitoring. The first quarterly event is scheduled for either February or March 2022. Within 45 days of each monitoring event, unless an extension is requested, we will submit to the City and NMED a brief Letter Report summarizing the results of each monitoring event prepared consistent with previous Reports.

TASK 02: SEMI-ANNUAL SITE INSPECTIONS

Now that final cover construction and formal closure for the Landfill is complete, the site is subject to post-closure maintenance and inspection requirements provided in the 2009 C/PC Plan and New Mexico Solid Waste Rules (the Rules), specifically 20.9.6.9 NMAC, for the 30-year post-closure care period. In order to minimize project costs, concurrent with two of the quarterly LFG/vadose zone monitoring events, we propose to inspect the Landfill for potential evidence of differential settlement or surface ponding due to settlement, wind and/or water erosion, and vegetative stress. We will also inspect the integrity and function of site infrastructure, including drainage, fencing, gates, monitoring wells, etc.

We will utilize the Post-Closure Care Site Inspection Checklist provided as Attachment G.3 of the 2009 C/PC Plan to record our observations, and will provide the City with a copy of the executed Checklist for inclusion in Annual Reports. Any observed deficiencies will be discussed with the City such that corrective measures may be implemented as soon as practical after inspection and documented accordingly on the Checklist.

We propose to complete this project for a Lump Sum fee of \$8,100 (excluding NMGR), with monthly invoicing. This fee includes costs for mobilization, on-site labor, and required regulatory reporting, and is based on the following assumptions:

1. Monitoring/inspections can be performed within a one-day timeframe.
2. Responding to NMED Solid Waste Bureau requests for additional information (RAIs) is not required.

Mr. Bruce Swingle
City of Truth or Consequences

Page 2

January 17, 2022

Should additional monitoring, testing, inspections or RAI responses be required, we would be pleased to provide the City with a separate scope of work and associated cost estimate for these additional services. Consistent with historical practices, we will coordinate field activities and scheduling with the City prior to mobilization.

Should you find this Proposal acceptable, please indicate your Authorization to Proceed by signing the Acceptance Sheet for Task Order TorC 2022.1 provided as Exhibit A; and e-mailing a copy to us.

We appreciate this opportunity of providing ongoing Environmental Monitoring/Reporting Services to the City for the closed City of Truth or Consequences Landfill. Please contact us if you have any questions or if we can be of additional assistance.

Sincerely,

PARKHILL

⁴⁹ The AIPP amount is "an amount of money equal to one percent or two hundred thousand dollars (\$200,000), whichever is less, of the amount of money appropriated for new construction or any major renovation exceeding one hundred thousand dollars (\$100,000)." Section 13-4A-4 NMSA 1978.

⁵⁰ "Reimburse" as used throughout this Agreement includes Department payments to the Grantee for invoices received, but not yet paid, by the Grantee from a third party contractor or vendor, if the invoices comply with the provisions of this Agreement and are a valid liability of the Grantee.

- b. if no oversight entity is required to approve the transaction, the Department must approve the transaction as complying with law.
- Prior to the sale, lease, license, or operating agreement being approved pursuant to Articles II(A)(v)(a) and II(A)(v)(b) herein, the Department may, in its sole and absolute discretion and unless inconsistent with State Board of Finance imposed conditions, reimburse the Grantee for necessary expenditures incurred to develop the Project sufficiently to make the sale, lease, license, or operating agreement commercially feasible, such as plan and design expenditures; and
- (vi) The Grantee's submission of documentation of all Third Party Obligations and amendments thereto (including terminations) to the Department and the Department's issuance and the Grantee's receiving of a Notice of Obligation for a particular amount in accordance with the terms of this Agreement shall be governed by the following:
- a. The Grantee shall submit to the Department one copy of all Third Party Obligations and amendments thereto (including terminations) as soon as possible after execution by the Third Party but prior to execution by the Grantee.
 - b. Grantee acknowledges and agrees that if it chooses to enter into a Third Party Obligation prior to receiving a Notice of Obligation that covers the expenditure, it is solely responsible for such obligations.
 - c. The Department may, in its sole and absolute discretion, issue to Grantee a Notice of Obligation for the particular amount of that Third Party Obligation that only obligates the Department to reimburse Grantee's expenditures made on or before the Reversion Date or an Early Termination Date. The current Notice of Obligation form is attached to this Agreement as Exhibit 2.
 - d. The date the Department signs the Notice of Obligation is the date that the Department's Notice of Obligation is effective. After that date, the Grantee is authorized to budget the particular amount set forth in the Notice of Obligation, execute the Third Party Obligation and request the Third Party to begin work. Payment for any work performed or goods received prior to the effective date of the Notice of Obligation is wholly and solely the obligation of the Grantee.

B. The Grantee shall implement, in all respects, the Project. The Grantee shall provide all necessary qualified personnel, material, and facilities to implement the Project. The Grantee shall finance its share (if any) of the costs of the Project, including all Project overruns.

C. Project funds shall not be used for purposes other than those specified in the Project Description.

D. Unless specifically allowed by law, Project funds cannot be used to reimburse Grantee for indirect Project costs.

ARTICLE IV. REVERSION DATE, TERM, DEADLINE TO EXPEND FUNDS

A. As referenced in Article I(A), the applicable law establishes a date by which Project funds must be expended by Grantee, which is referred to throughout the remainder of this Agreement as the "Reversion Date." Upon being duly executed by both parties, this Agreement shall be effective as of the date of execution by the Department. It shall terminate on June 30, 2026, the Reversion Date unless Terminated Before Reversion Date ("Early Termination") pursuant to Article V herein.

B. The Project's funds must be expended on or before the Reversion Date and, if applicable, Early Termination Date of this Agreement. For purposes of this Agreement, it is not sufficient for the Grantee to encumber the Project funds on its books on or before the Project's Reversion Date or Early Termination Date. Funds are expended and an expenditure has occurred as of the date that a particular quantity of goods are delivered to and received by the Grantee or title to the goods is transferred to the Grantee and/or as of the date particular services are rendered for the Grantee. Funds are *not* expended and an expenditure has *not* occurred as of the date they are encumbered by the Grantee pursuant to a contract or purchase order with a third party.

ARTICLE V. EARLY TERMINATION

A. Early Termination Before Reversion Date Due to Completion of the Project or Complete Expenditure of the Adjusted Appropriation or Violation of this Agreement

Early Termination includes:

- (i) Termination due to completion of the Project before the Reversion Date; or
- (ii) Termination due to complete expenditure of the Adjusted Appropriation Amount before the Reversion Date; or
- (iii) Termination for violation of the terms of this Agreement; or
- (iv) Termination for suspected mishandling of public funds, including but not limited to, fraud, waste, abuse, and conflicts of interest.

Either the Department or the Grantee may early terminate this Agreement prior to the Reversion Date by providing the other party with a minimum of fifteen (15) days' advance, written notice of early termination. Grantee hereby waives any rights to assert an impairment of contract claim against the Department or the State of New Mexico in the event of Early Termination of this Agreement by the Department pursuant to Article V(A).

B. Early Termination Before Reversion Date Due to Non-appropriation

The terms of this Agreement are expressly made contingent upon sufficient appropriations and authorization being made by the Legislature of New Mexico for the performance of this Agreement. Throughout this Agreement the term "non-appropriate" or "non-appropriation" includes the following actions by the New Mexico Legislature: deauthorization, reauthorization or revocation of a prior authorization. The Legislature may choose to non-appropriate the Appropriation referred to in Article I and, if that occurs, the Department shall early terminate this Agreement for non-appropriation by giving the Grantee written notice of such termination, and such termination shall be effective as of the effective date of the law making the non-appropriation. The Department's decision as to whether sufficient appropriations or authorizations are available shall be accepted by the Grantee and shall be final. Grantee hereby waives any rights to assert an impairment of contract claim against the Department or the State of New Mexico in the event of Early Termination of this Agreement by the Department pursuant to Article V(B).

C. Limitation on Department's Obligation to Make Grant Disbursements to Grantee in the Event of Early Termination

In the event of Early Termination of this Agreement by either party, the Department's sole and absolute obligation to reimburse the Grantee is expressly conditioned upon the limitations set forth Article II.

ARTICLE VI. SUSPENSION OF NEW OR FURTHER OBLIGATIONS

A. The Department may choose, in its sole and absolute discretion, to provide written notice to the Grantee to suspend entering into new and further obligations. Upon the receipt of such written notice by the Grantee:

- (i) The Grantee shall immediately suspend entering into new or further written obligations with third parties; and
- (ii) The Department will suspend the issuance of any new or further Notice of Obligation under this Agreement; and
- (iii) The Department may direct the Grantee to implement a corrective action plan in accordance with Article VI(D) herein.

B. In the event of Suspension of this Agreement, the Department's sole and absolute obligation to reimburse the Grantee is expressly conditioned upon the limitations set forth in Article II herein.

C. A suspension of new or further obligations under this Agreement shall remain in effect unless or until the date the Grantee receives written notice given by the Department informing the Grantee that the Suspension has been lifted or that the Agreement has been Early Terminated in accordance with Article V herein. If the Suspension is lifted, the Department will consider further requests for Notice of Obligation.

D. Corrective Action Plan in the Event of Suspension

In the event that the Department chooses, in its sole and absolute discretion to direct the Grantee to suspend entering into new or further written obligations with third parties pursuant to Article VI(A), the Department may, but is not obligated to, require the Grantee to develop and implement a written corrective action plan to remedy the grounds for the Suspension. Such corrective action plan must be approved by the Department and be signed by the Grantee. Failure to sign a corrective action plan or meet the terms and deadlines set forth in the signed corrective action plan, is hereby deemed a violation of the terms of this Agreement for purposes of Early Termination, Article V(A)(iii). The corrective action plan is in addition to, and not in lieu of, any other equitable or legal remedy, including but not limited to Early Termination.

ARTICLE VII. AMENDMENT

This Agreement shall not be altered, changed, or amended except by instrument in writing duly executed by both the parties hereto.

ARTICLE VIII. REPORTS

A. Database Reporting

The Grantee shall report monthly Project activity by entering such Project information as the Department and the Department of Finance and Administration may require, such information entered directly into a database maintained by the Department of Finance and Administration (<http://cpms.dfa.state.nm.us>). Additionally, the Grantee shall certify on the Request for Payment form (Exhibit 1) that updates have been maintained and are current in the database. The Grantee hereby acknowledges that failure to perform and/or certify updates into the database will delay or potentially jeopardize the reimbursement of funds. The Department shall give Grantee a minimum of thirty (30) days' advance written notice of any changes to the information the Grantee is required to report.

Monthly reports shall be due on the last day of each month, beginning with the first full month following execution of this Agreement by the Department and ending upon the submission of the final request for reimbursement for the Project.

B. Requests for Additional Information/Project Inspection

During the term of this Agreement and during the period of time during which the Grantee must maintain records pursuant to Article VIII, the Department may:

- (i) request such additional information regarding the Project as it deems necessary; and
- (ii) conduct, at reasonable times and upon reasonable notice, onsite inspections of the Project.

Grantee shall respond to such requests for additional information within a reasonable period of time, as established by the Department.

ARTICLE IX. REQUEST FOR PAYMENT PROCEDURES AND DEADLINES

A. The Grantee shall request payment by submitting a Request for Payment, in the form attached hereto as Exhibit 1. Payment requests are subject to the following procedures:

- (i) The Grantee must submit a Request for Payment; and
- (ii) Each Request for Payment must contain proof of payment by the Grantee or liabilities incurred by the Grantee showing that the expenditures are valid or are liabilities incurred by the Grantee in the form of actual unpaid invoices received by the Grantee for services rendered by a third party or items of tangible personal property received by the Grantee for the implementation of the Project; provided, however, that the Grantee may be reimbursed for unpaid liabilities only if the Department, in its sole and absolute discretion, agrees to do so and in accordance with any special conditions imposed by the Department.
- (iii) In cases where the Grantee is submitting a Request for Payment to the Department based upon invoices received, but not yet paid, by the Grantee from a third party contractor or vendor, if the invoices comply with the provisions of this Agreement and are a valid liability of the Grantee, the Grantee shall make payment to those contractors or vendors within five (5) business days from the date of receiving reimbursement from the Department or such shorter period of time as the Department may prescribe in writing. The Grantee is required to certify to the Department proof of payment to the third party contractor or vendor within ten (10) business days from the date of receiving reimbursement from the Department.

B. The Grantee must obligate 5% of the Adjusted Appropriation Amount within six months of acceptance of the grant agreement and must have expended no less than 85% of the Adjusted Appropriation Amount six months prior to the reversion date.

C. Deadlines

Requests for Payments shall be submitted by Grantee to the Department on the earlier of:

- (i) Immediately as they are received by the Grantee but at a minimum thirty (30) days from when the expenditure was incurred or liability of the Grantee was approved as evidenced by an unpaid invoice received by the Grantee from a third party contractor or vendor; or
- (ii) Twenty (20) days from date of Early Termination; or
- (iii) Twenty (20) days from the Reversion Date.

D. The Grantee's failure to abide by the requirements set forth in Article II and Article IX herein will result in the denial of its Request for Payment or will delay the processing of Requests for Payment. The Department has the right to reject a payment request for the Project unless and until it is satisfied that the expenditures in the Request for Payment are for permissible purposes within the meaning of the Project Description and that the expenditures and the Grantee are otherwise in compliance with this Agreement, including but not limited to, compliance with the reporting requirements and the requirements set forth in Article II herein to provide Third Party Obligations and the Deadlines set forth in Article IX herein. The Department's ability to reject any Request for Payment is in addition to, and not in lieu of, any other legal or equitable remedy available to the Department due to Grantee's violation of this Agreement.

ARTICLE X. PROJECT CONDITIONS AND RESTRICTIONS; REPRESENTATIONS AND WARRANTIES

- A. The following general conditions and restrictions are applicable to the Project:
- (i) The Project's funds must be spent in accordance with all applicable state laws, regulations, policies, and guidelines, including, but not limited to, the State Procurement Code (or local procurement ordinance, where applicable).
 - (ii) The Project must be implemented in accordance with the New Mexico Public Works Minimum Wage Act, Section 13-4-10 through 13-4-17 NMSA 1978, as applicable. Every contract or project in excess of sixty thousand dollars (\$60,000) that the Grantee is a party to for construction, alteration, demolition or repair or any combination of these, including painting and decorating, of public buildings, public works or public roads and that requires or involves the employment of mechanics, laborers or both shall contain a provision stating the minimum wages and fringe benefits to be paid to various classes of laborers and mechanics, shall be based upon the wages and benefits that will be determined by the New Mexico Department of Workforce Solutions to be prevailing for the corresponding classes of laborers and mechanics employed on contract work of a similar nature in the locality. Further, every contract or project shall contain a stipulation that the contractor, subcontractor, employer or a person acting as a contractor shall pay all mechanics and laborers employed on the site of the project, unconditionally and not less often than once a week and without subsequent unlawful deduction or rebate on any account, the full amounts accrued at time of payment computed at wage rates and fringe benefit rates not less than those determined pursuant to Section 13-4-11 (B) NMSA 1978 to be the prevailing wage rates and prevailing fringe benefit rates issued for the project.
 - (iii) The Project may only benefit private entities in accordance with applicable law, including, but not limited to, Article IX, Section 14 of the Constitution of the State of New Mexico, the "Anti-Donation Clause."
 - (iv) The Grantee shall not for a period of 10 years from the date of this agreement convert any property acquired, built, renovated, repaired, designed or developed with the Project's funds to uses other than those specified in the Project Description without the Department's and the Board of Finance's express, advance, written approval, which may include a requirement to reimburse the State for the cost of the project, transfer proceeds from the disposition of property to the State, or otherwise provide consideration to the State.
 - (v) The Grantee shall comply with all federal and state laws, rules and regulations pertaining to equal employment opportunity. In accordance with all such laws, rules and regulations the Grantee agrees to assure that no person shall, on the grounds of race, color, national origin, sex, sexual preference, age or handicap, be excluded from employment with Grantee, be excluded

from participation in the Project, be denied benefits or otherwise be subject to discrimination under, any activity performed under this Agreement. If Grantee is found to be not in compliance with these requirements during the life of this Agreement, Grantee agrees to take appropriate steps to correct any deficiencies. The Grantee's failure to implement such appropriate steps within a reasonable time constitutes grounds for terminating this Agreement.

- B. The Grantee hereby represents and warrants the following:
- (i) The Grantee has the legal authority to receive and expend the Project's funds.
 - (ii) This Agreement has been duly authorized by the Grantee, the person executing this Agreement has authority to do so, and, once executed by the Grantee, this Agreement shall constitute a binding obligation of the Grantee, enforceable according to its terms.
 - (iii) This Agreement and the Grantee's obligations hereunder do not conflict with any law or ordinance or resolution applicable to the Grantee, the Grantee's charter (if applicable), or any judgment or decree to which the Grantee is subject.
 - (iv) The Grantee has independently confirmed that the Project Description, including, but not limited to, the amount and Reversion Date, is consistent with the underlying appropriation in law.
 - (v) The Grantee's governing body has duly adopted or passed as an official act a resolution, motion, or similar action authorizing the person identified as the official representative of the Grantee to sign the Agreement and to sign Requests for Payment.
 - (vi) The Grantee shall abide by New Mexico laws regarding conflicts of interest, governmental conduct and whistleblower protection. The Grantee specifically agrees that no officer or employee of the local jurisdiction or its designees or agents, no member of the governing body, and no other public official of the locality who exercises any function or responsibility with respect to this Grant, during their tenure or for one year thereafter, shall have any interest, direct or indirect, in any contract or subcontract, or the proceeds thereof, for work to be performed or goods to be received, pursuant to this Grant. Further, Grantee shall require all of its contractors to incorporate in all subcontracts the language set forth in this paragraph prohibiting conflicts of interest.
 - (vii) No funds have been paid or will be paid, by or on behalf of the Grantee, to any person for influencing or attempting to influence an officer or employee of this or any agency or body in connection with the awarding of any Third Party Obligation and that the Grantee shall require certifying language prohibiting lobbying to be included in the award documents for all subawards, including subcontracts, loans and cooperative agreements. All subrecipients shall be required to certify accordingly.

ARTICLE XI. STRICT ACCOUNTABILITY OF RECEIPTS AND DISBURSEMENTS; PROJECT RECORDS

A. The Grantee shall be strictly accountable for receipts and disbursements relating to the Project's funds. The Grantee shall follow generally accepted accounting principles, and, if feasible, maintain a separate bank account or fund with a separate organizational code, for the funds to assure separate budgeting and accounting of the funds.

B. For a period of six (6) years following the Project's completion, the Grantee shall maintain all Project related records, including, but not limited to, all financial records, requests for proposals, invitations to bid, selection and award criteria, contracts and subcontracts, advertisements, minutes of pertinent meetings, as well

as records sufficient to fully account for the amount and disposition of the total funds from all sources budgeted for the Project, the purpose for which such funds were used, and such other records as the Department shall prescribe.

C. The Grantee shall make all Project records available to the Department, the Department of Finance and Administration, and the New Mexico State Auditor upon request. With respect to the funds that are the subject of this Agreement, if the State Auditor or the Department of Finance and Administration finds that any or all of these funds were improperly expended, the Grantee may be required to reimburse to the State of New Mexico, to the originating fund, any and all amounts found to be improperly expended.

ARTICLE XII. IMPROPERLY REIMBURSED FUNDS

If the Department determines that part or all of the Appropriation Amount was improperly reimbursed to Grantee, including but not limited to, Project funds reimbursed to Grantee based upon fraud, mismanagement, misrepresentation, misuse, violation of law by the Grantee, or violation of this Agreement, the Grantee shall return such funds to the Department for disposition in accordance with law.

ARTICLE XIII. LIABILITY

Neither party shall be responsible for liability incurred as a result of the other party's acts or omissions in connection with this Agreement. Any liability incurred in connection with this Agreement is subject to immunities and limitations of the New Mexico Tort Claims Act.

ARTICLE XIV. SCOPE OF AGREEMENT

This Agreement constitutes the entire and exclusive agreement between the Grantee and Department concerning the subject matter hereof. The Agreement supersedes any and all prior or contemporaneous agreements, understandings, discussions, communications, and representations, written or verbal.

ARTICLE XV. REQUIRED NON-APPROPRIATIONS CLAUSE IN CONTRACTS FUNDED IN WHOLE OR PART BY FUNDS MADE AVAILABLE UNDER THIS AGREEMENT

The Grantee acknowledges, warrants, and agrees that Grantee shall include a "non-appropriations" clause in all contracts between it and other parties that are (i) funded in whole or part by funds made available under this Agreement and (ii) entered into after the effective date of this Agreement that states:

"The terms of this Agreement are contingent upon sufficient appropriations and authorization being made by the Legislature of New Mexico for the performance of this Agreement. If sufficient appropriations and authorization are not made by the Legislature, the City of Truth or Consequences may immediately terminate this Agreement by giving Contractor written notice of such termination. The City of Truth or Consequences's decision as to whether sufficient appropriations are available shall be accepted by the Contractor and shall be final. Contractor hereby waives any rights to assert an impairment of contract claim against the City of Truth or Consequences or the Department of Finance and Administration, Local Government Division (DFA/LGD) or the State of New Mexico in the event of immediate or Early Termination of this Agreement by the City of Truth or Consequences or the Department."

ARTICLE XVI. REQUIRED TERMINATION CLAUSE IN CONTRACTS FUNDED IN WHOLE OR PART BY FUNDS MADE AVAILABLE UNDER THIS AGREEMENT

Grantee acknowledges, warrants, and agrees that Grantee shall include the following termination clause in all contracts that are (i) funded in whole or part by funds made available under this Agreement and (ii) entered into after the effective date of this Agreement:

"This contract is funded in whole or in part by funds made available under a DFA/LGD Grant Agreement. Should the DFA/LGD early terminate the grant agreement, the City of Truth or Consequences may early terminate this contract by providing Contractor written notice of such termination. In the event of termination pursuant to this paragraph, the City of Truth or Consequences only liability shall be to pay Contractor for acceptable goods delivered and services rendered before the termination date."

Grantee hereby waives any rights to assert an impairment of contract claim against the Department or the State of New Mexico in the event of Early Termination of this Agreement by the Department.

XVII. COMPLIANCE WITH UNIFORM FUNDING CRITERIA.

A. Throughout the term of this Agreement, Grantee shall:

1. submit all reports of annual audits and agreed upon procedures required by Section 12-6-3(A)-(B) NMSA 1978 by the due dates established in 2.2.2 NMAC, reports of which must be a public record pursuant to Section 12-6-5(A) NMSA 1978 within forty-five days of delivery to the State Auditor;
2. have a duly adopted budget for the current fiscal year approved by its budgetary oversight agency (if any);
3. timely submit all required financial reports to its budgetary oversight agency (if any); and
4. have adequate accounting methods and procedures to expend grant funds in accordance with applicable law and account for and safeguard grant funds and assets acquired by grant funds.

B. In the event Grantee fails to comply with the requirements of Paragraph A of this Article XVII, the Department may take one or more of the following actions:

1. suspend new or further obligations pursuant to Article VI(A) of this Agreement;
2. require the Grantee to develop and implement a written corrective action plan pursuant to Article VI(D) of this Agreement to remedy the non-compliance;
3. impose special grant conditions to address the non-compliance by giving the Grantee notice of such special conditions in accordance with Article III of this Agreement; the special conditions shall be binding and effective on the date that notice is deemed to have been given pursuant to Article III; or
4. terminate this Agreement pursuant to Article V(A) of this Agreement.

ARTICLE XVIII. SEVERANCE TAX BOND AND GENERAL OBLIGATION BOND PROJECT CLAUSES

A. Grantee acknowledges and agrees that the underlying appropriation for the Project is a severance tax bond or general obligation bond appropriation, and that the associated bond proceeds are administered by the New Mexico State Board of Finance (SBOF), an entity separate and distinct from the Department. Grantee acknowledges and agrees that (i) it is Grantee's sole and absolute responsibility to determine through SBOF staff what (if any) conditions are currently imposed on the Project; (ii) the Department's failure to inform Grantee of a SBOF imposed condition does not affect the validity or enforceability of the condition; (iii) the

SBOF may in the future impose further or different conditions upon the Project; (iv) all SBOF conditions are effective without amendment of this Agreement; (v) all applicable SBOF conditions must be satisfied before the SBOF will release to the Department funds subject to the condition(s); and (vi) the Department's obligation to reimburse Grantee from the Project is contingent upon the then current SBOF conditions being satisfied.

B. Grantee acknowledges and agrees that the SBOF may in its sole and absolute discretion remove a project's assigned bond proceeds if the project doesn't proceed sufficiently. Entities must comply with the requirement to encumber five percent (5%) of Project funds within six months of bond issuance as certified by the grantee in the Bond Questionnaire and Certification documents submitted to the SBOF. Failure to comply may result in the bond proceeds reassignment to a new ready project. If this should occur this grant agreement will be suspended until the entity has demonstrated readiness as determined by the SBOF and the Department.

C. Grantee acknowledges and agrees that this Agreement is subject to the SBOF's Bond Project Disbursements rule, NMAC 2.61.6, as may be amended or re-codified. The rule provides definitions and interpretations of grant language for the purpose of determining whether a particular activity is allowable under the authorizing language of the agreement.

[THIS SPACE LEFT BLANK INTENTIONALLY]

IN WITNESS WHEREOF, the parties have duly executed this Agreement as of the date of execution by the Department.

ARTICLE II. LIMITATION ON DEPARTMENT'S OBLIGATION TO MAKE GRANT DISBURSEMENT TO GRANTEE

A. Upon the Effective Date of this Agreement, for permissible purposes within the scope of the Project Description, the Grantee shall only be reimbursed monies for which the Department has issued and the Grantee has received a Notice of Department's Obligation to Reimburse⁵⁰ Grantee (hereinafter referred to as "Notice of Obligation"). This Grant Agreement and the disbursement of any and all amounts of the above referenced Adjusted Appropriation Amount are expressly conditioned upon the following:

- (iv) The Grantee's submittal of timely Requests for Payment in accordance with the procedures set forth in Article IX of this Agreement; and
- (v) In the event that capital assets acquired with Project funds are to be sold, leased, or licensed to or operated by a private entity, the sale, lease, license, or operating agreement:
 - a. must be approved by the applicable oversight entity (if any) in accordance with law; or

⁴⁹ The AIPP amount is "an amount of money equal to one percent or two hundred thousand dollars (\$200,000), whichever is less, of the amount of money appropriated for new construction or any major renovation exceeding one hundred thousand dollars (\$100,000)." Section 13-4A-4 NMSA 1978.

⁵⁰ "Reimburse" as used throughout this Agreement includes Department payments to the Grantee for invoices received, but not yet paid, by the Grantee from a third party contractor or vendor, if the invoices comply with the provisions of this Agreement and are a valid liability of the Grantee.

- b. if no oversight entity is required to approve the transaction, the Department must approve the transaction as complying with law.

Prior to the sale, lease, license, or operating agreement being approved pursuant to Articles II(A)(v)(a) and II(A)(v)(b) herein, the Department may, in its sole and absolute discretion and unless inconsistent with State Board of Finance imposed conditions, reimburse the Grantee for necessary expenditures incurred to develop the Project sufficiently to make the sale, lease, license, or operating agreement commercially feasible, such as plan and design expenditures; and

- (vi) The Grantee's submission of documentation of all Third Party Obligations and amendments thereto (including terminations) to the Department and the Department's issuance and the Grantee's receiving of a Notice of Obligation for a particular amount in accordance with the terms of this Agreement shall be governed by the following:

- a. The Grantee shall submit to the Department one copy of all Third Party Obligations and amendments thereto (including terminations) as soon as possible after execution by the Third Party but prior to execution by the Grantee.
- b. Grantee acknowledges and agrees that if it chooses to enter into a Third Party Obligation prior to receiving a Notice of Obligation that covers the expenditure, it is solely responsible for such obligations.
- c. The Department may, in its sole and absolute discretion, issue to Grantee a Notice of Obligation for the particular amount of that Third Party Obligation that only obligates the Department to reimburse Grantee's expenditures made on or before the Reversion Date or an Early Termination Date. The current Notice of Obligation form is attached to this Agreement as Exhibit 2.
- d. The date the Department signs the Notice of Obligation is the date that the Department's Notice of Obligation is effective. After that date, the Grantee is authorized to budget the particular amount set forth in the Notice of Obligation, execute the Third Party Obligation and request the Third Party to begin work. Payment for any work performed or goods received prior to the effective date of the Notice of Obligation is wholly and solely the obligation of the Grantee.

B. The Grantee shall implement, in all respects, the Project. The Grantee shall provide all necessary qualified personnel, material, and facilities to implement the Project. The Grantee shall finance its share (if any) of the costs of the Project, including all Project overruns.

Upon being duly executed by both parties, this Agreement shall be effective as of the date of execution by the Department. It shall terminate on June 30, 2026, the Reversion Date unless Terminated Before Reversion Date ("Early Termination") pursuant to Article V herein.

B. The Project's funds must be expended on or before the Reversion Date and, if applicable, Early Termination Date of this Agreement. For purposes of this Agreement, it is not sufficient for the Grantee to encumber the Project funds on its books on or before the Project's Reversion Date or Early Termination Date. Funds are expended and an expenditure has occurred as of the date that a particular quantity of goods are delivered to and received by the Grantee or title to the goods is transferred to the Grantee and/or as of the date particular services are rendered for the Grantee. Funds are *not* expended and an expenditure has *not* occurred as of the date they are encumbered by the Grantee pursuant to a contract or purchase order with a third party.

ARTICLE V. EARLY TERMINATION

A. Early Termination Before Reversion Date Due to Completion of the Project or Complete Expenditure of the Adjusted Appropriation or Violation of this Agreement

Early Termination includes:

- (i) Termination due to completion of the Project before the Reversion Date; or
- (ii) Termination due to complete expenditure of the Adjusted Appropriation Amount before the Reversion Date; or
- (iii) Termination for violation of the terms of this Agreement; or
- (iv) Termination for suspected mishandling of public funds, including but not limited to, fraud, waste, abuse, and conflicts of interest.

Either the Department or the Grantee may early terminate this Agreement prior to the Reversion Date by providing the other party with a minimum of fifteen (15) days' advance, written notice of early termination. Grantee hereby waives any rights to assert an impairment of contract claim against the Department or the State of New Mexico in the event of Early Termination of this Agreement by the Department pursuant to Article V(A).

B. Early Termination Before Reversion Date Due to Non-appropriation

The terms of this Agreement are expressly made contingent upon sufficient appropriations and authorization being made by the Legislature of New Mexico for the performance of this Agreement. Throughout this Agreement the term "non-appropriate" or "non-appropriation" includes the following actions by the New Mexico Legislature: deauthorization, reauthorization or revocation of a prior authorization. The Legislature may choose to non-appropriate the Appropriation referred to in Article I and, if that occurs, the Department shall early terminate this Agreement for non-appropriation by giving the Grantee written notice of such termination, and such termination shall be effective as of the effective date of the law making the non-appropriation. The Department's decision as to whether sufficient appropriations or authorizations are available shall be accepted by the Grantee and shall be final. Grantee hereby waives any rights to assert an impairment of contract claim against the Department or the State of New Mexico in the event of Early Termination of this Agreement by the Department pursuant to Article V(B).

C. Limitation on Department's Obligation to Make Grant Disbursements to Grantee in the Event of Early Termination

In the event of Early Termination of this Agreement by either party, the Department's sole and absolute obligation to reimburse the Grantee is expressly conditioned upon the limitations set forth Article II.

ARTICLE VI. SUSPENSION OF NEW OR FURTHER OBLIGATIONS

A. The Department may choose, in its sole and absolute discretion, to provide written notice to the Grantee to suspend entering into new and further obligations. Upon the receipt of such written notice by the Grantee:

- (i) The Grantee shall immediately suspend entering into new or further written obligations with third parties; and
- (ii) The Department will suspend the issuance of any new or further Notice of Obligation under this Agreement; and
- (iii) The Department may direct the Grantee to implement a corrective action plan in accordance with Article VI(D) herein.

B. In the event of Suspension of this Agreement, the Department's sole and absolute obligation to reimburse the Grantee is expressly conditioned upon the limitations set forth in Article II herein.

C. A suspension of new or further obligations under this Agreement shall remain in effect unless or until the date the Grantee receives written notice given by the Department informing the Grantee that the Suspension has been lifted or that the Agreement has been Early Terminated in accordance with Article V herein. If the Suspension is lifted, the Department will consider further requests for Notice of Obligation.

D. Corrective Action Plan in the Event of Suspension

In the event that the Department chooses, in its sole and absolute discretion to direct the Grantee to suspend entering into new or further written obligations with third parties pursuant to Article VI(A), the Department may, but is not obligated to, require the Grantee to develop and implement a written corrective action plan to remedy the grounds for the Suspension. Such corrective action plan must be approved by the Department and be signed by the Grantee. Failure to sign a corrective action plan or meet the terms and deadlines set forth in the signed corrective action plan, is hereby deemed a violation of the terms of this Agreement for purposes of Early Termination, Article V(A)(iii). The corrective action plan is in addition to, and not in lieu of, any other equitable or legal remedy, including but not limited to Early Termination.

ARTICLE VII. AMENDMENT

This Agreement shall not be altered, changed, or amended except by instrument in writing duly executed by both the parties hereto.

ARTICLE VIII. REPORTS

A. Database Reporting

The Grantee shall report monthly Project activity by entering such Project information as the Department and the Department of Finance and Administration may require, such information entered directly into a database maintained by the Department of Finance and Administration (<http://cpms.dfa.state.nm.us>). Additionally, the Grantee shall certify on the Request for Payment form (Exhibit 1) that updates have been maintained and are current in the database. The Grantee hereby acknowledges that failure to perform and/or certify updates into the database will delay or potentially jeopardize the reimbursement of funds. The Department shall give Grantee a minimum of thirty (30) days' advance written notice of any changes to the information the Grantee is required to report.

Monthly reports shall be due on the last day of each month, beginning with the first full month following execution of this Agreement by the Department and ending upon the submission of the final request for reimbursement for the Project.

B. Requests for Additional Information/Project Inspection

During the term of this Agreement and during the period of time during which the Grantee must maintain records pursuant to Article VIII, the Department may:

- (i) request such additional information regarding the Project as it deems necessary; and
- (ii) conduct, at reasonable times and upon reasonable notice, onsite inspections of the Project.

Grantee shall respond to such requests for additional information within a reasonable period of time, as established by the Department.

ARTICLE IX. REQUEST FOR PAYMENT PROCEDURES AND DEADLINES

A. The Grantee shall request payment by submitting a Request for Payment, in the form attached hereto as Exhibit I. Payment requests are subject to the following procedures:

- (i) The Grantee must submit a Request for Payment; and
- (ii) Each Request for Payment must contain proof of payment by the Grantee or liabilities incurred by the Grantee showing that the expenditures are valid or are liabilities incurred by the Grantee in the form of actual unpaid invoices received by the Grantee for services rendered by a third party or items of tangible personal property received by the Grantee for the implementation of the Project; provided, however, that the Grantee may be reimbursed for unpaid liabilities only if the Department, in its sole and absolute discretion, agrees to do so and in accordance with any special conditions imposed by the Department.
- (iii) In cases where the Grantee is submitting a Request for Payment to the Department based upon invoices received, but not yet paid, by the Grantee from a third party contractor or vendor, if the invoices comply with the provisions of this Agreement and are a valid liability of the Grantee, the Grantee shall make payment to those contractors or vendors within five (5) business days from the date of receiving reimbursement from the Department or such shorter period of time as the Department may prescribe in writing. The Grantee is required to certify to the Department proof of payment to the third party contractor or vendor within ten (10) business days from the date of receiving reimbursement from the Department.

B. The Grantee must obligate 5% of the Adjusted Appropriation Amount within six months of acceptance of the grant agreement and must have expended no less than 85% of the Adjusted Appropriation Amount six months prior to the reversion date.

C. Deadlines

Requests for Payments shall be submitted by Grantee to the Department on the earlier of:

- (i) Immediately as they are received by the Grantee but at a minimum thirty (30) days from when the expenditure was incurred or liability of the Grantee was approved as evidenced by an unpaid invoice received by the Grantee from a third party contractor or vendor; or
- (ii) Twenty (20) days from date of Early Termination; or
- (iii) Twenty (20) days from the Reversion Date.

D. The Grantee's failure to abide by the requirements set forth in Article II and Article IX herein will result in the denial of its Request for Payment or will delay the processing of Requests for Payment. The Department has the right to reject a payment request for the Project unless and until it is satisfied that the expenditures in the Request for Payment are for permissible purposes within the meaning of the Project Description and that the expenditures and the Grantee are otherwise in compliance with this Agreement, including but not limited to, compliance with the reporting requirements and the requirements set forth in Article II herein to provide Third Party Obligations and the Deadlines set forth in Article IX herein. The Department's ability to reject any Request for Payment is in addition to, and not in lieu of, any other legal or equitable remedy available to the Department due to Grantee's violation of this Agreement.

ARTICLE X. PROJECT CONDITIONS AND RESTRICTIONS; REPRESENTATIONS AND WARRANTIES

A. The following general conditions and restrictions are applicable to the Project:

- (i) The Project's funds must be spent in accordance with all applicable state laws, regulations, policies, and guidelines, including, but not limited to, the State Procurement Code (or local procurement ordinance, where applicable).
- (ii) The Project must be implemented in accordance with the New Mexico Public Works Minimum Wage Act, Section 13-4-10 through 13-4-17 NMSA 1978, as applicable. Every contract or project in excess of sixty thousand dollars (\$60,000) that the Grantee is a party to for construction, alteration, demolition or repair or any combination of these, including painting and decorating, of public buildings, public works or public roads and that requires or involves the employment of mechanics, laborers or both shall contain a provision stating the minimum wages and fringe benefits to be paid to various classes of laborers and mechanics, shall be based upon the wages and benefits that will be determined by the New Mexico Department of Workforce Solutions to be prevailing for the corresponding classes of laborers and mechanics employed on contract work of a similar nature in the locality. Further, every contract or project shall contain a stipulation that the contractor, subcontractor, employer or a person acting as a contractor shall pay all mechanics and laborers employed on the site of the project, unconditionally and not less often than once a week and without subsequent unlawful deduction or rebate on any account, the full amounts accrued at time of payment computed at wage rates and fringe benefit rates not less than those determined pursuant to Section 13-4-11 (B) NMSA 1978 to be the prevailing wage rates and prevailing fringe benefit rates issued for the project.
- (iii) The Project may only benefit private entities in accordance with applicable law, including, but not limited to, Article IX, Section 14 of the Constitution of the State of New Mexico, the "Anti-Donation Clause."
- (iv) The Grantee shall not for a period of 10 years from the date of this agreement convert any property acquired, built, renovated, repaired, designed or developed with the Project's funds to uses other than those specified in the Project Description without the Department's and the Board of Finance's express, advance, written approval, which may include a requirement to reimburse the State for the cost of the project, transfer proceeds from the disposition of property to the State, or otherwise provide consideration to the State.
- (v) The Grantee shall comply with all federal and state laws, rules and regulations pertaining to equal employment opportunity. In accordance with all such laws, rules and regulations the Grantee agrees to assure that no person shall, on the grounds of race, color, national origin, sex, sexual preference, age or handicap, be excluded from employment with Grantee, be excluded

from participation in the Project, be denied benefits or otherwise be subject to discrimination under, any activity performed under this Agreement. If Grantee is found to be not in compliance with these requirements during the life of this Agreement, Grantee agrees to take appropriate steps to correct any deficiencies. The Grantee's failure to implement such appropriate steps within a reasonable time constitutes grounds for terminating this Agreement.

- B. The Grantee hereby represents and warrants the following:
- (i) The Grantee has the legal authority to receive and expend the Project's funds.
 - (ii) This Agreement has been duly authorized by the Grantee, the person executing this Agreement has authority to do so, and, once executed by the Grantee, this Agreement shall constitute a binding obligation of the Grantee, enforceable according to its terms.
 - (iii) This Agreement and the Grantee's obligations hereunder do not conflict with any law or ordinance or resolution applicable to the Grantee, the Grantee's charter (if applicable), or any judgment or decree to which the Grantee is subject.
 - (iv) The Grantee has independently confirmed that the Project Description, including, but not limited to, the amount and Reversion Date, is consistent with the underlying appropriation in law.
 - (v) The Grantee's governing body has duly adopted or passed as an official act a resolution, motion, or similar action authorizing the person identified as the official representative of the Grantee to sign the Agreement and to sign Requests for Payment.
 - (vi) The Grantee shall abide by New Mexico laws regarding conflicts of interest, governmental conduct and whistleblower protection. The Grantee specifically agrees that no officer or employee of the local jurisdiction or its designees or agents, no member of the governing body, and no other public official of the locality who exercises any function or responsibility with respect to this Grant, during their tenure or for one year thereafter, shall have any interest, direct or indirect, in any contract or subcontract, or the proceeds thereof, for work to be performed or goods to be received, pursuant to this Grant. Further, Grantee shall require all of its contractors to incorporate in all subcontracts the language set forth in this paragraph prohibiting conflicts of interest.
 - (vii) No funds have been paid or will be paid, by or on behalf of the Grantee, to any person for influencing or attempting to influence an officer or employee of this or any agency or body in connection with the awarding of any Third Party Obligation and that the Grantee shall require certifying language prohibiting lobbying to be included in the award documents for all subawards, including subcontracts, loans and cooperative agreements. All subrecipients shall be required to certify accordingly.

ARTICLE XI. STRICT ACCOUNTABILITY OF RECEIPTS AND DISBURSEMENTS; PROJECT RECORDS

A. The Grantee shall be strictly accountable for receipts and disbursements relating to the Project's funds. The Grantee shall follow generally accepted accounting principles, and, if feasible, maintain a separate bank account or fund with a separate organizational code, for the funds to assure separate budgeting and accounting of the funds.

B. For a period of six (6) years following the Project's completion, the Grantee shall maintain all Project related records, including, but not limited to, all financial records, requests for proposals, invitations to bid, selection and award criteria, contracts and subcontracts, advertisements, minutes of pertinent meetings, as well

as records sufficient to fully account for the amount and disposition of the total funds from all sources budgeted for the Project, the purpose for which such funds were used, and such other records as the Department shall prescribe.

C. The Grantee shall make all Project records available to the Department, the Department of Finance and Administration, and the New Mexico State Auditor upon request. With respect to the funds that are the subject of this Agreement, if the State Auditor or the Department of Finance and Administration finds that any or all of these funds were improperly expended, the Grantee may be required to reimburse to the State of New Mexico, to the originating fund, any and all amounts found to be improperly expended.

ARTICLE XII. IMPROPERLY REIMBURSED FUNDS

If the Department determines that part or all of the Appropriation Amount was improperly reimbursed to Grantee, including but not limited to, Project funds reimbursed to Grantee based upon fraud, mismanagement, misrepresentation, misuse, violation of law by the Grantee, or violation of this Agreement, the Grantee shall return such funds to the Department for disposition in accordance with law.

ARTICLE XIII. LIABILITY

Neither party shall be responsible for liability incurred as a result of the other party's acts or omissions in connection with this Agreement. Any liability incurred in connection with this Agreement is subject to immunities and limitations of the New Mexico Tort Claims Act.

ARTICLE XIV. SCOPE OF AGREEMENT

This Agreement constitutes the entire and exclusive agreement between the Grantee and Department concerning the subject matter hereof. The Agreement supersedes any and all prior or contemporaneous agreements, understandings, discussions, communications, and representations, written or verbal.

ARTICLE XV. REQUIRED NON-APPROPRIATIONS CLAUSE IN CONTRACTS FUNDED IN WHOLE OR PART BY FUNDS MADE AVAILABLE UNDER THIS AGREEMENT

The Grantee acknowledges, warrants, and agrees that Grantee shall include a "non-appropriations" clause in all contracts between it and other parties that are (i) funded in whole or part by funds made available under this Agreement and (ii) entered into after the effective date of this Agreement that states:

"The terms of this Agreement are contingent upon sufficient appropriations and authorization being made by the Legislature of New Mexico for the performance of this Agreement. If sufficient appropriations and authorization are not made by the Legislature, the City of Truth or Consequences may immediately terminate this Agreement by giving Contractor written notice of such termination. The City of Truth or Consequences's decision as to whether sufficient appropriations are available shall be accepted by the Contractor and shall be final. Contractor hereby waives any rights to assert an impairment of contract claim against the City of Truth or Consequences or the Department of Finance and Administration, Local Government Division (DFA/LGD) or the State of New Mexico in the event of immediate or Early Termination of this Agreement by the City of Truth or Consequences or the Department."

ARTICLE XVI. REQUIRED TERMINATION CLAUSE IN CONTRACTS FUNDED IN WHOLE OR PART BY FUNDS MADE AVAILABLE UNDER THIS AGREEMENT

Grantee acknowledges, warrants, and agrees that Grantee shall include the following termination clause in all contracts that are (i) funded in whole or part by funds made available under this Agreement and (ii) entered into after the effective date of this Agreement:

"This contract is funded in whole or in part by funds made available under a DFA/LGD Grant Agreement. Should the DFA/LGD early terminate the grant agreement, the City of Truth or Consequences may early terminate this contract by providing Contractor written notice of such termination. In the event of termination pursuant to this paragraph, the City of Truth or Consequences only liability shall be to pay Contractor for acceptable goods delivered and services rendered before the termination date."

Grantee hereby waives any rights to assert an impairment of contract claim against the Department or the State of New Mexico in the event of Early Termination of this Agreement by the Department.

XVII. COMPLIANCE WITH UNIFORM FUNDING CRITERIA.

A. Throughout the term of this Agreement, Grantee shall:

1. submit all reports of annual audits and agreed upon procedures required by Section 12-6-3(A)-(B) NMSA 1978 by the due dates established in 2.2.2 NMAC, reports of which must be a public record pursuant to Section 12-6-5(A) NMSA 1978 within forty-five days of delivery to the State Auditor;
2. have a duly adopted budget for the current fiscal year approved by its budgetary oversight agency (if any);
3. timely submit all required financial reports to its budgetary oversight agency (if any); and
4. have adequate accounting methods and procedures to expend grant funds in accordance with applicable law and account for and safeguard grant funds and assets acquired by grant funds.

B. In the event Grantee fails to comply with the requirements of Paragraph A of this Article XVII, the Department may take one or more of the following actions:

1. suspend new or further obligations pursuant to Article VI(A) of this Agreement;
2. require the Grantee to develop and implement a written corrective action plan pursuant to Article VI(D) of this Agreement to remedy the non-compliance;
3. impose special grant conditions to address the non-compliance by giving the Grantee notice of such special conditions in accordance with Article III of this Agreement; the special conditions shall be binding and effective on the date that notice is deemed to have been given pursuant to Article III; or
4. terminate this Agreement pursuant to Article V(A) of this Agreement.

ARTICLE XVIII. SEVERANCE TAX BOND AND GENERAL OBLIGATION BOND PROJECT CLAUSES

A. Grantee acknowledges and agrees that the underlying appropriation for the Project is a severance tax bond or general obligation bond appropriation, and that the associated bond proceeds are administered by the New Mexico State Board of Finance (SBOF), an entity separate and distinct from the Department. Grantee acknowledges and agrees that (i) it is Grantee's sole and absolute responsibility to determine through SBOF staff what (if any) conditions are currently imposed on the Project; (ii) the Department's failure to inform Grantee of a SBOF imposed condition does not affect the validity or enforceability of the condition; (iii) the

SBOF may in the future impose further or different conditions upon the Project; (iv) all SBOF conditions are effective without amendment of this Agreement; (v) all applicable SBOF conditions must be satisfied before the SBOF will release to the Department funds subject to the condition(s); and (vi) the Department's obligation to reimburse Grantee from the Project is contingent upon the then current SBOF conditions being satisfied.

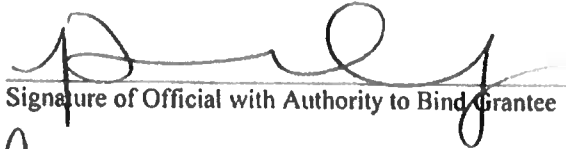

B. Grantee acknowledges and agrees that the SBOF may in its sole and absolute discretion remove a project's assigned bond proceeds if the project doesn't proceed sufficiently. Entities must comply with the requirement to encumber five percent (5%) of Project funds within six months of bond issuance as certified by the grantee in the Bond Questionnaire and Certification documents submitted to the SBOF. Failure to comply may result in the bond proceeds reassignment to a new ready project. If this should occur this grant agreement will be suspended until the entity has demonstrated readiness as determined by the SBOF and the Department.

C. Grantee acknowledges and agrees that this Agreement is subject to the SBOF's Bond Project Disbursements rule, NMAC 2.61.6, as may be amended or re-codified. The rule provides definitions and interpretations of grant language for the purpose of determining whether a particular activity is allowable under the authorizing language of the agreement.

**SUBMITTER MERCHANT
PAYMENT PROCESSING INSTRUCTIONS AND GUIDELINES**

These terms and conditions, the application, forms, and other documents provided by you herewith constitute the Agreement between Paymentech, LLC, JPMorgan Chase Bank, NA, and Merchant

Paymentech, LLC, also known as Chase Merchant Services ("CMS", "we", or "us"), for itself and on behalf of JPMorgan Chase Bank, N.A. ("Chase"), is excited about the opportunity to join **Tyler Technologies, Inc** (referred to herein as "Submitter") in providing you, the Merchant signing below (hereinafter referred to as "you" or "Merchant") with state-of-the-art payment processing services.

When you use the services of Submitter to receive payments for Transactions initiated by Card or by ECP, those Transactions are processed by us through systems and networks owned by the Networks, each of which maintains its own set of Network Rules governing Transactions processed over such Network.

The Network Rules, generally require that we have a direct contract with each merchant for which we process payment transactions through the Network, and this agreement (this "Agreement") contains certain contractual commitments required by the Network Rules to be contained in each such contract.

1. Compliance with Network Rules, Applicable Law and User Guide; Network Liabilities.

You agree to comply with the Network Rules (including the Security Standards) of each Network, as they pertain to the Transactions you submit to us (directly or via Submitter) for processing through Submitter. You shall not, through act or omission, cause CMS or Chase to violate any Network Rules. You shall perform your obligations under this Agreement in compliance with all applicable federal, state and local laws and regulations and shall not submit any Transaction that it knows to be illegal. CMS reserves the right to temporarily suspend funding or refuse to process any Transaction if we reasonably suspect that it was prepared in violation of any provision of this Agreement, applicable law, or the Network Rules. You agree to pay any and all fines, fees, penalties, liabilities, charges and other amounts which may be imposed or assessed by the Networks on you, Chase or CMS as a result of your actions, omissions, Transactions, Chargebacks or Returns, including without limitation, your failure to comply with the Network Rules, this Agreement or any Security Standards (the "Network Liabilities").

2. Your Transactions; Chargebacks and Returns.

You represent and warrant that you will only use our services and submit Transactions for processing which represent the sale or lease of goods or the provision of services by you to a Customer and not on behalf of any third-party seller. You shall have full liability for all Chargebacks (with respect to Card Transactions) and all Returns (with respect to ECP Transactions), as may be assessed in accordance with the applicable Network Rules, provided, however, that in the event that any Chargeback or Return is ultimately reversed by the applicable Network in your favor, CMS shall refund you for the amount thereof.

3. Settlement and Funding.

(a) CMS will submit your Transactions to the applicable Network for processing, and thereafter will provisionally fund the Settlement Account (as defined below).

(b) You must designate at least one bank account for the deposit and settlement of funds and the debit of any fees and costs associated with CMS's processing of the Transactions (all such designated bank accounts shall be collectively referred to herein as the "Settlement Account"). You authorize CMS to initiate electronic credit entries, debit entries, and adjustments to your Settlement Account for amounts due to or from you in connection with this Agreement. CMS will not be liable for any delays in receipt of funds or errors in Settlement Account entries caused by third parties, including but not limited to delays or errors by Submitter, the Networks, or your bank.

(c) Unless otherwise agreed, the dollar amount payable to you for your Transactions will be equal to the amount submitted by you in connection with your sale Transactions, minus the sum of amounts due from you, including Refunds, Chargebacks, Returns, Network Liabilities, and all applicable charges and adjustments; provided, however, that in the event we fail to withhold any such amounts from

your Transaction proceeds, we may debit your Settlement Account for such amounts ;

(d) If we fail to withhold any Refunds, Returns, Chargebacks, Network Liabilities or other charges or amounts due from the proceeds payable to the Settlement Account (including where such proceeds are insufficient to cover such obligations), or if the Settlement Account does not have a sufficient balance to pay amounts due from you under these guidelines, we may pursue one or more of the following options: (i) demand and receive immediate payment for such amounts; (ii) debit the Settlement Account for the amount of the negative balance; (iii) withhold settlement payments to the Settlement Account until all amounts are paid, (iv) delay presentation of refunds until a payment is made to us of a sufficient amount to cover the negative balance; and (v) pursue any remedies we may have at law or in equity.

4. Specific Requirements, Representations and Warranties Relating to ACH Transactions.

(a) The NACHA Operating Rules ("NACHA Rules") are the applicable Network Rules governing your ECP Transactions that utilize the ACH network, including, without limitation, ACH, ARC, TEL and WEB Transactions ("ACH Transactions"). You are responsible for complying with the NACHA Rules as set forth in Section 1 of this Agreement. The originating depository financial institution which CMS uses (currently Chase) to originate and process your ACH Transactions (the "ODFI", as that term is further defined in the NACHA Rules) retains the right to reject or delay any ACH Transaction, to execute an ACH Transaction through any clearing house or channel it deems appropriate, to terminate or suspend your right to originate ACH Transactions, or to audit your compliance with the NACHA Rules.

(b) Any credit made to your Customer's account as a result of an ACH Transaction originated by you (e.g., an issuance of a refund) is provisional until your Customer's receiving depository financial institution (the "RDFI", as further defined in the NACHA Rules) receives final settlement for such entry through a Federal Reserve Bank. If final settlement is not received by the RDFI, the RDFI will receive a refund from your Customer, and your Customer will not be deemed to have been paid by you.

(c) You represent and warrant that: (i) each ACH Transaction you originate will comply with all applicable laws and NACHA Rules; (ii) you will not originate any ACH Transaction as a Third Party Sender (as that term is defined in the NACHA Rules) and will not allow any third party to originate an ACH Transaction through your account under this Agreement; (iii) all ACH Transactions resulting in a debit to the Customer will be authorized by the Customer in writing and signed or similarly authenticated in a manner that complies with the NACHA Rules; (iv) you will obtain and retain proper authorization, in accordance with all applicable laws and the NACHA Rules, for each initiation of an ACH debit or credit to a Customer's account, and will make copies thereof available to us upon request; and (v) you hereby make to us, and certify compliance with, all warranties that we or the ODFI make, or are deemed to make, under the NACHA Rules, in connection with any ACH Transaction you originate.

5. Safeguarding Account Information; Security Standards.

(a) By accepting Card and ECP payments from your Customers, you acknowledge and understand the importance of protecting Transactions and Account Information and complying with the applicable Network Rules, Security Standards, and applicable law. You also acknowledges the heightened risk associated with access to Transactions and Account Information, and, to the extent you do have access to Transactions and Account Information, you must establish policies and procedures to protect such information in conformity with the Network Rules, Security Standards, and applicable law, including the storage and disclosure of such information. You shall exercise reasonable care to prevent use or disclosure of Transactions, Account Information, other than as necessary to complete a Transaction or as otherwise specifically permitted by the Network Rules or required by applicable law. If at any time you determine or suspect that Transactions or Account Information have been compromised, you must notify CMS immediately and assist in providing notification to such parties as may be required by law or Network Rules, or as CMS otherwise reasonably deems necessary. You further agree to provide CMS, upon its request, with information related to your compliance with the Network Rules and Security Standards as may from time to time be required by the Networks or reasonably requested by us.

(b) You acknowledge that failure to comply with the Network Rules, including the Security Standards, or the occurrence of a Data Compromise Event, may result in assessments, fines and/or penalties by the Networks. In the event CMS or Chase incurs any damage, loss, liability or expense as a result of any such failure or occurrence, including, without limitation, any Network Liability, you shall reimburse CMS and Chase, as applicable, immediately for all such amounts. Furthermore, if any Network requires a forensic examination of you or any of your agents, business partners, contractors, or subcontractors due to a Data Compromise Event, you agree to cooperate with such forensic examination until it is completed, including, without limitation, the engagement of an examiner acceptable to the relevant Network. Notwithstanding the foregoing, the Networks may directly, or demand that CMS, engage an examiner on your behalf in order to expedite the investigation of the Data Compromise Event.

6. Merchant Taxpayer Certification and CMS Reporting Obligations.

Upon request from time to time, Merchant shall provide CMS with the appropriate taxpayer certification documentation, via Internal Revenue Service (IRS) Form W-9 (or the appropriate versions of Form W-8, if applicable). Merchant shall promptly notify CMS if there are any changes in this information. CMS may deduct withholding taxes, if any, from proceeds payable to Merchant or any entity that is a party to this agreement where required under applicable law. CMS may, in accordance with applicable law and from time to time during the term of this Agreement, request Merchant to recertify its taxpayer certification hereunder. Furthermore, Merchant shall be responsible for any penalties related to the reporting obligations of CMS hereunder to the extent such penalties accrue based on the actions or inactions of Merchant despite reasonable notice from CMS.

7. Amendments and Updates.

We reserve the right to update or amend this Agreement from time to time, including as may be required to ensure compliance with the Network Rules, applicable law, or the policies, procedures or requirements of the ODFI. In such event, we will provide you with the changes, or with an updated copy of this Agreement, and your continued use of our processing services after your receipt of such changes shall constitute your agreement to comply with the Agreement as so amended.

8. Data Security and Privacy

By signing below, you represent to us that you do not have access to any Account Information (such as the Customer's primary account number, expiration date, security code or personal identification number) and you will not request access to such Account Information from Submitter. In the event that you do happen to receive Account Information in connection with the processing services provided by Submitter or CMS under these guidelines, you agree that you will not use it for any fraudulent purpose or in violation of any Network or applicable law and you will comply with all applicable Network Rules and Security Standards. If at any time you believe that Account Information has been compromised, you must notify us promptly and assist in providing notification to the proper parties. You must insure compliance with all Security Standards that are applicable to you and which may be published from time to time by the Network. If any Network requires an audit of you due to a Data Compromise Event or suspected event, you agree to cooperate with such audit. You may not use Account Information other than for the sole purpose of completing the Transaction authorized by the Customer for which the information as provided to you, or as specifically allowed by Network Rules, or required by law.
